Families could meet with firefighters, police officers, rescue vehicles, and many others that secure the safety of people in Belknap County and beyond during the annual Belknap County Public Safety Day.

Cruisers, fire trucks, police dogs, rescue

demonstrations and more could be found at Gunstock on Saturday. This was the second Public Safety day after a long period of dormancy and a resurgence last year.

Sgt. Rob Nedeau of the Belknap County Sheriff's Office said this was a good opportunity for different departments to come out in one place

and interact with members of the community.

Nedeau said many of the police departments interact on a regular basis.

"We don't talk to the fire side a lot, so it's a good chance to talk with them," Nedeau said. The event saw participation by 14 different departments, including

local police and fire departments as well as the Sheriff's Office, Belknap County Regional Special Operations Program, NH State Police, New Hampshire Marine Patrol, Lakes Region Mutual Fire Aid, LRGHealthcare, and others.

Each department had vehicles on display that people could take a look at. Kids could also climb in the seats. Some departments also had goodies like Frisbees, hats, stickers, and other items. Departments also passed along safety tips

and information.

The Gilford Fire Department did a demonstration on auto extrication with a simulated accident with help from Rusty's Towing.

Belmont Officer Evan Boulanger and Alton Off. Chris Johnson did a demonstration with their respective K-9 partners Vito and Syren. They showed their respective dogs' skills in discipline and commands, tracking items, and finished with a bite demonstration. During the demonstration they

explained the work and abilities of their K-9 partners and answered questions.

Officer Steve Marsh of the Center Harbor Police Department talked with visitors, letting kids see the inside of his cruiser, and passing out Frisbees and stickers.

"It's a good opportunity to meet people," Marsh said.

Marsh said this is an opportunity to see a lot of people they would not normally see.

## School district submits CIP plan

BY ERIN PLUMMER  
eplummer@salmonpress.com

Classroom locks will be addressed earlier and the district will look into setting aside money for locker room renovations as part of discussions on capital projects in the school district.

On Tuesday, Finance Director Scott Isabelle presented the list of projects on the district's Capital Improvements Program to the Gilford School Board. After approval by the board, the list will be presented to the town.

The list of items for next year includes \$75,000 to resurface the track. The track is 14-years-old, Isabelle said that surface is in "pretty good shape" and has been well maintained. The rubber surface, however, is starting to peel off and will need to be redone.

Another project will be to replace the older lighting in the auditorium with LED lights. The lighting was installed in 1974 and they have been having problems replacing bulbs.

Phase two of the project will replace the stage curtains, which were installed in 1980.

Another project for this year will be to replace projectors and Smartboards.

The total cost of the capital items for next year's budget will be \$206,200. Isabelle said it has been a goal of the board is to keep year-

ly capital costs close to \$200,000 to not have big budget spikes.

Installing a new roof at Gilford Middle School is scheduled for the 2018-2019 school year. The roof was installed in 2003 and had a 15-year guarantee, though the roof was made with PVC material that is now shrinking and pulling away from the walls.

In the 2019-2020 school year is the proposal to repoint the masonry at Gilford Elementary School and replace windows with more energy efficient ones. The bricks were last repointed in 1956 and Isabelle said they are showing cracks. That year the district is also aiming to upgrade the wireless system and access points.

Replacing the fire alarm system at GMS has been scheduled for 2020-2021, as the district has been having trouble finding replacement parts for the system.

Replacing the classroom door locks at GES was scheduled for the 2021-2022 school year. Because of the different ages of the building there are different locksets on the classroom doors. A review by the Department of Homeland Security recommended that all the locks be changed to have one type of key so a teacher could close and lock the door in a second in the event of a lockdown.

Gilmanton school

board member Adam Mini said the Gilmanton School installed a separate lock mechanism in the classrooms, avoiding a big project to change all the locks. The system activates from inside and the only way it can be opened from outside is by first responders, who would have a key.

Board member Sue Allen said that project should be moved forward, asking if the wireless project could be moved back to 2021 so the locks could be addressed SEE CIP PLAN PAGE A14

Homecoming, the pumpkin decorating contest, and a new school wide motto are just a few activities Gilford High School's Student Council has been working on for

the first few months of school.

On Tuesday, student representatives and student council co-presidents Jack Harding and Kayla Zarella updated the Gilford School Board on what the Student

Council is doing at the beginning of school year.

Gilford area families enjoyed a movie night under the stars thanks to the PTA and some friends.

On Friday night, families gathered at the Gilford Village Field for the PTA's movie night.

The event was held with support from the Parks and Recreation Department and the Gilford Youth Center. The GYC offered use of its big inflatable movie screen for the event.

Members of the PTA served free popcorn for attendees. There were also games out on the field.

Notes from the Gilford Public Library

BY MARK THOMAS  
Library Correspondent

We have some heavy art on display at the library. It's mostly wood, some granite, and as much meaning as you can wrap your head around. Wood and stone are serious mediums to sculpt, but T. Sammie Wakefield has a natural gift and compulsion to turn them into something wondrous. Her sculptures are here throughout September and they have been marveled at by most patrons visiting the library.

As she explains, she has "sawdust in [her] gene pool." Her ancestors have worked with wood for much of their lives. Her grandfather had a white oak bourbon barrel stave mill and her parents lived on a tree-farm. Wood has natural defects and qualities unique to each cut which she uses a part of the design. Leveraging the natural beauty of the wood, she is able to make art that wouldn't have been possible with other mediums. She says

that she sculpts as a "way of responding to the beauty and lushness of the natural world." Sculpture lets her convey complex ideas without words. One of the most breathtaking pieces even has a sign 'Please Touch' to encourage us to experience the art.

Many of the pieces have a natural motif, depicting animals and insects in lifelike poses. The styles vary to emulate the impression that each scene suggests. The down bird resting in a stone nest looks supernaturally soft as wood in contrast. The flowing, curvy knots of another piece of wood support the harsh and speckled lines of a granite slab. Some of the polished wood appears to flow, suggesting movement, even away from the same wood hunk. The variety speaks to Sammie's talent.

Sammie has worked as an occupational therapist for much of her life and is still volunteering her time to seating-clinic work with children in

Peru. Most of sculptures have been created over the last 36 years. The art on display are in personal or private collections, many of which usually reside in Sammie's home in Moultonborough. The art will only be on display until the end of September, so be certain to come by and witness the exhibit while it's still here!

## Pet of the Week: Hoagie

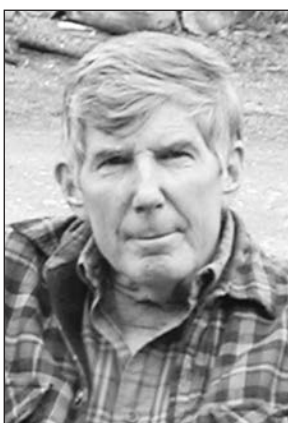

Hoagie arrived at New Hampshire Humane Society in May. There really is nothing about this extremely handsome cat you could not be totally enamored with. He's resplendent in his lovely luminous white coat, and those spectacular yellow eyes will pierce your heart. Look down at his paws and see he has that special feline gene that created extra toes, his paws look ever so much like oven mitts!

Hoagie wasn't in the best of shape when we first took him in – but we've fatten him up, brought his vaccines

up to date, freed him of the parasites that were living off his body, and generally given him hope that a new forever home awaits. Hoagie of course, rests blissfully at our animal shelter, he may be hard of hearing making a firm pre-requisite, we want him to be an indoor cat- assured of safety at all times. Perhaps about four years young, Hoagie and his new family will enjoy many years of cozy companionship. Visit this majestic boy – you be glad you did.

My garden is like a weekend guest--it arrives all of a sudden, we get to know each other again, and then it's gone.

I put it in just yesterday, over Memorial Day weekend, in the usual manner: corn to the rear, then beans, then beets and carrots and radishes and lettuce, and finally three round mounds of cucumbers. It all has a seasonal cadence, near the end a foxtrot with frost.

And now most of it has seen its day, ready to be pulled, gone to seed.

I remember riding in a car with my mother and her mother, when I was very small, driving down the Vermont side of the Connecticut Riv-

I heard it as "Gone to sea," and in the wonders of childhood imagined thousands of flowers floating down the river, floating all the way to the sea.

No, gone to seed, as in "Job done, time to die." There is my Black-Seeded Simpson, for instance, bolting for the sky, too late to reach, its leaves long since too bitter to eat.

My Grandfather Carl Harrigan was one of the best gardeners in Lisbon, 70 or so miles and ten days' growing season down the valley from where I live now, and every spring he would compete with a

gardener across town, on the other side of the Ammonoosuc, for the first peas. When I was five or so he bought me a little kid's gardening set, and sectioned off a little square of his garden nearest the house for me, and taught me how to plant it.

And there is was in the good soil and bright sun along the road to Landaff, my own little garden, and as I spent SEE **NOTEBOOK** PAGE A15

## MARK ON THE MARKETS

### Commission to fee?

BY MARK PATTERSON

This spring, a new law goes into effect de-

signed by the Department of Labor known as the fiduciary rule. While there are many lawsuits in the making attempting to overturn parts of this rule, no one knows if there will be any changes. But as of now what the broker community knows is that soon, they can no longer use commissioned, or loaded funds with 12 b1 fees

in a retirement account. What that really means is that all the IRAs and 401(k)s that were set up by brokers with A, B or C shares are now being converted to advisor class funds in a fee based account. The problem with this from the client's perspective is that they have been paying commission for fund shares in lieu of advisor class funds in a fee-based account for many years. Now those funds are being shifted into a fee-based account anyway. Brokers who sell products like loaded mutual funds in retirement accounts received an upfront commission for the sale of the shares and then a trail commission on assets in those funds. Because this new ruling requires that your broker, advisor or anyone

else who works with your retirement money act in a fiduciary capacity, in other words, doing what's best for the client, not the broker. Investment advisors like myself are obligated to treat our clients with fiduciary care and that retirement money be placed in an account that uses low-cost mutual funds, exchange traded funds or individual stocks and bonds. Products like indexed annuities, if used must be well justified and fee transparent. Asset management fees charged to manage those assets should be very fair and transparent to the client, along with any fees or cost charged by the fund itself.

If you are one of those clients that has been told that you are going SEE **MARKETS** PAGE A15

# Annual Turkey Plunge approaching

LACONIA — The 12th Annual Turkey Plunge for the local Salvation Army will take place on Saturday, Oct. 29 at Opechee Cove Beach in Laconia. This fun-filled family oriented event allows daring souls to run into the water at Opechee Beach while raising money through pledges for the work of our local Salvation Army.

Scott Frazier Wolff, 68

Scott Frazier Wolff, 68, of Morrill Street, unexpectedly passed away at home on Friday, Sept. 9, 2016.

Scott was born on Oct. 9, 1947 in Yonkers, N.Y., the son of the late Kurt G. and Anita (Phillips) Wolff. He had been a resident of the Lakes Region for more than 50 years.

Scott was well known to many in the community for his years in law enforcement, achieving the rank of Sergeant for the Laconia Police Department prior to his departure. He then had a second career in real estate, retiring in December 2015. His passions were the care and maintenance of his beautiful home but most importantly, golf. He would golf every day if he could and he will be

missed very much by George, Joe and Ray.

He was a devoted husband, son-in-law to Dave, father, grandfather and friend. If anyone ever needed help with anything, he was there for them.

Scott is survived by his beloved wife of 18 years, Ellen (DeVeber) Wolff of Gilford; two sons, Craig Wolff and his wife Sara, of Yarmouth Maine and Kyle Wolff and his wife, Jackie Henke, of Swampscott, Mass.; four grandchildren (Conor, Robert,

Graeme and Theodore); and two brothers, Kurt Wolff, of Wayzata, Minn., and Richard Wolff, of Truckee, Calif.

There will be no calling hours or funeral services, per Scott's wishes.

Fall prevention begins at home

Free balance class from LRVNA

Each year, more than two million older adults are treated for fall-related emergencies in the United States, according to the U.S. Centers for Disease and Prevention. Nearly half of those patients wind up hospitalized and for some, the resulting injuries can be permanently life-altering. Even more troubling: experts estimate one in three adults aged 65 or older will fall each year, but less than half of them will report it to a physician.

With wet leaves that make steps and sidewalks slippery during these months, autumn

can be an especially treacherous time for the elderly population. The good news is that regardless of the weather conditions outside, nearly all falls can be prevented. At Lakes Region Visiting Nurse Association, the staff is not only experts in treating seniors recovering from fall-related injuries; they can help them avoid falling in the first place! Executive Director Cheryl Gonzalo noted that a variety of factors can lead to falls, including side-effects of medications, diminished vision, changes in muscle mass and slower reflexes.

For many older adults, the constant fear of falling can prevent them from leading an active and healthy lifestyle. Aimed at encouraging local seniors to get out and enjoy life while reducing their risk of falling, a free, eight-week class, A Matter of Balance, a fall-prevention program tailored especially for older adults, at the Meredith Community Center that is hosted by Lakes Region Visiting Nurse Association will begin Oct. 5 and run through Nov. 23. All classes will take place on Wednesday mornings from 9:30-11:30 a.m. Though the program is free for any interested adult aged 60

or older, donations to the LRVNA are gratefully accepted.

"Often, your best weapon against falls can be as simple as getting regular exercise," Gonzalo said.

"Improving your balance can also make a world of difference." Gonzalo and other members of the LRVNA team are certified coaches for A Matter of Balance. LRVNA began offering free classes at its Meredith office in 2015 and feedback has been positive. "Since we launched this program, we're hearing some great things from our clients," Gonzalo said. "But the truth is, if we can prevent even just one person from falling, it will be worth all our efforts."

The LRVNA recommends several other simple steps for preventing future falls. A quick inventory of the home or yard can be an important first-step in reducing fall hazards, while a healthy diet can keep patients feeling fitter and stay firmly on their feet. Those who enjoy walking may also consider slip-proof soles and walking sticks.

For more information or to register for an upcoming program, visit [www.lrvna.org](http://www.lrvna.org) or call 279-6611.

past of New Hampshire as well as modern day attractions. The Workman brothers' interest in blacksmithing began several years ago, when Colton's fourth grade class studied colonial trades with Mrs. Bryant. Since that time, the brothers, along with their cousin Bryce Workman have been honing their skills. Their craft has grown as they built a coal fired brake drum forge, a paint can gas forge, and a homemade smelter. Tools of the trade

have been forged with their own hands or found at yard sales and old barns. Their raw materials are equally unique, salvaged relics of earlier times given new lives and purpose like old railroad spikes, truck leaf/springs, and tire irons. While most of their skills have developed through trial and error and "YouTube University," Christian attended a

blade smithing course at the New England School of Metalwork last spring to learn the finer points of metal work. They also learn from mentors in the community who pass along tips of the trade. Their work includes forged hooks, knives, railroad spike bottle openers, drawer pulls, hair pins, bracelets, napkin holders and custom works.

Use "Open Enrollment" to Help Improve Your Financial Outlook

It's Open Enrollment Season, so if you work for a medium- or large-sized company, you will need to make some choices regarding your employee benefits — and these choices can have a big impact on your financial situation. Depending on your employer, your benefits package may include various types of insurance, plus access to a 401(k) or similar retirement plan. Here are some suggestions for getting the most out of these benefits:

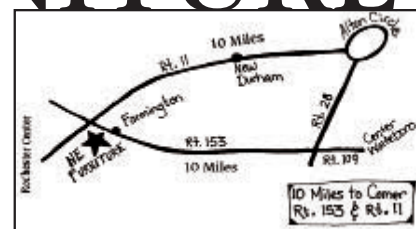

- Health insurance – Companies regularly change plans and providers, so the coverage and premiums you had last year may not be the same this year. In any case, look at all aspects of your coverage options – premiums, deductibles, co-pays and total out-of-pocket limits. A lower premium may seem attractive, but you could end up paying even more if the coverage is not as good. So, choose wisely.
- Life insurance – You may want to take whatever life insurance your employer offers, but it still might not be enough. To determine how much life insurance you need, consider a variety of factors – your age, income, family size, spouse's income, and so on. If your employer's coverage is insufficient, you may want to supplement it with a separate policy.
- Disability insurance – This could be a valuable employee benefit – but, as is the case with life insurance, your employer's disability coverage may not be enough for your needs, especially if you'd like to protect yourself against an illness or injury that could sideline you from work for a long time. Consequently, you might want to consider purchasing your own disability policy.

Apart from reviewing your insurance options, you may want to examine your 401(k) or similar retirement plan. Of course, your employer may allow you to change your 401(k) throughout the year, but you've got a particularly good opportunity to do so during open enrollment, when you're already looking at all your employee benefits. So look at your contribution level. Are you putting in as much as you can afford? Your 401(k)'s earnings can grow tax deferred, and you typically contribute pretax dollars, so the more you put in, the lower your taxable income for the year. (Taxes are due upon withdrawal, and withdrawals made before age 59½ may be subject to a 10% IRS penalty.) At a minimum, invest enough to earn your employer's matching contribution, if one is offered. And increase your own contributions whenever you get a raise. As far as your investment choices, you'll want to spread your dollars among the different investments within your 401(k) in a way that reflects your risk tolerance and time horizon. During the early stages of your career, when you have many years to go until you retire, you can probably afford to invest more heavily in growth-oriented accounts. These will fluctuate more in value, but you have time to potentially overcome the downturns. When you're nearing retirement, you may want to shift some of your assets into more conservative vehicles – but even at this point, you still need some growth opportunities. After all, you may spend two or three decades in retirement, so you'll need to draw on as many resources as possible. Open enrollment isn't just a time to fill out a bunch of papers. It's also a chance to reconsider – and maybe even upgrade – many areas of your financial outlook.

# LRSO announces 2016-2017 season

MEREDITH —The Meredith-based Lakes Region Symphony Orchestra (LRSO) is proud to announce its upcoming 2016-2017 season. Celebrating our 41st year, the LRSO begins another fabulous concert season on Saturday, Nov. 5 at 7:30 p.m. Due to auditorium seating renovations at Inter-Lakes High School (for which we are very excited!) this November concert will be held at Moultonborough Academy. We thank them for welcoming us to their facility.

The November concert features the winner of our 2016 Student Concerto Competition Nanako Shirai, an amazing violinist from Hanover High School. Nanako will be performing Mendelssohn’s “Violin Concerto in E Minor.” Also on the November program, the “Overture to Don Giovanni” by Mozart, and Beethoven’s magnificent “Symphony No. 7.”

We return to the newly-renovated Inter-Lakes Auditorium for our glorious holiday concerts on Saturday, Dec. 10 at 7:30 p.m., and Sunday, Dec. 11 at 3 p.m. These holiday concerts are perennial family favorites for young and old alike. This year we feature local soprano Karen Jordan performing a variety of holiday classics. Snuggle in to the delightfully comfortable new seats at Inter-Lakes and enjoy this holiday spectacular.

On March 18, 2017,

we present an original composition by local composer and former New Hampshire resident Ken Piotrowski. LRSO will be performing Ken’s “Anishinaabeg Rhapsody,” conjuring images of rippling grasslands and crashing waterfalls of nature. Also on the program are “Nimrod from the Enigma Variations” by Elgar, “Sinfonia Concertante for Violin and Viola” by Mozart, and the incomparable Symphony No. 9 “New World” by Dvorak.

April 9, 2017 is our family-friendly and activity-filled Family Concert. We will feature a local student performance, along with Benjamin Britten’s famous “Young Person’s Guide to the Orchestra”. This special family concert is free for students, and only \$5 for adults.

We end the season on May 13, 2017 with “The Sounds of Sinatra!” Returning for a second appearance with the LRSO is sensational crooner Michael Gallagan with our tribute to Frank Sinatra. Those who attended our Holiday concerts in December 2015 recall Michael’s incomparable showmanship and outstanding vocal facility. This will be a sold out concert. Please purchase your tickets early.

Tickets are \$15 for adults and \$8 for students college-age and under and are available online now at [www.LRSO.org/tickets](http://www.LRSO.org/tickets), or by mail using the order form on that

## Discover the secret of “The Red House” on LRPA

L A C O N I A —Join Lakes Region Public Access Television at 10:30 p.m. this Friday and Saturday night (Sept. 16 & 17) for our “LRPA After Dark” presentation of 1947’s psychological film noir “The Red House,” starring Edward G. Robinson, Judith Anderson, Allene Roberts and Lon McCallister.

“The Red House” introduces us to Pete Morgan (Robinson), a disabled farmer who lives on an isolated farm with his sister Ellen (Anderson) and Meg (Roberts), a teen that they adopted as an infant when her parents died. Pete is having trouble keeping up with the farm, so Meg’s classmate Nath Storm (McCallister) comes as a hired hand to help with the chores. Meg is delighted, as she has a crush on Nath, even though he has a girlfriend. The Morgan farm is surrounded by Ox Head Woods. Pete forbids the teens to enter the woods, and warns them

of an abandoned building there known as The Red House. One night, Nath takes a shortcut through the woods, where someone knocks him out cold. As more strange events unfold, Nath and Meg become suspicious of Pete’s obsession with the woods and the Red House. They begin to ask questions and explore on their own, which fills Pete with unspeakable rage – and slowly drives him mad. Meg and Nath feel that their lives may be in danger; what might have happened at The Red House to turn Pete into such a jealous, unstable person?

“The Red House” has all the makings of a film noir classic: great stars (Robinson and Anderson), along with fantastic performances from the supporting cast (including a young Rory Calhoun and a gorgeous Julie London); a cool plot with psychological surprises; creepy music that sets the film’s tone, etc. So why hasn’t it become a cinematic

classic? Complete information is available at [www.LRSO.org](http://www.LRSO.org), and find us on Facebook at /LRSO1.

LRSO wishes to thank its sponsors for their generous support of our upcoming season: Bank of New Hampshire, E.M. Heath, Foley Oil & Propane, Fay’s Boat Yard, Bellwether Credit Union, and Sharon Satnick.

As always we appreciate your patronage and look forward to seeing

you this season.

CIP PLAN

in 2019.

"This is a safety issue for our kids," Allen said. "I don't want to wait until 2021 to address the doors in our schools."

Another project scheduled for that year is lighting upgrades at the middle and high schools.

In the 2022-2023 school year the district is aiming to renovate the locker rooms at GHS. The backs of the tiles and the mortar in the boys and girls locker rooms

have asbestos. The concrete would all have to be torn out and the asbestos entirely removed. Isabelle said they looked into doing the project in phases, but there is shared piping between the walls that would all have to be replaced.

Isabelle said this does not pose any risks to students now.

The project is estimated to cost \$870,000. Isabelle said they could look into options for setting money aside for this

project, including setting up capital reserve fund and putting aside money from the end of the year fund balance.

Around 2023 the district is aiming to replace the roof at GES.

Allen made the motion to move the 2019-2020 projects to 2021-2022 and do the lock project two years sooner. The motion was approved unanimously.

The school board then approved the overall CIP plan as presented.

STUDENT

(Continued from Page A1)

bers of the student council went to freshman advisories and talked to students. Zarella spoke at the freshmen assembly about getting involved with their class.

"As a freshman, I ran for student council," Zarella said. "It was a great way to meet the upperclassmen; it's a great way to have a say. I really wanted to help them get involved. I think some of them were really excited about it."

Homecoming is scheduled for the weekend of Sept. 24. Earlier that week, the classes will work on their own spirit wallways. Zarella said everyone will have a say in the theme.

"Although it is a competition, it's a really great way for the classes to bond," Zarella said.

Harding said they did

cancel the Homecoming dance due to low participation.

Around Halloween each of the advisories will take part in the pumpkin decorating contest. In the middle of October each advisory will get their own pumpkin to decorate. Zarella said there is usually not a theme for the whole competition, but each class puts its own spin on it.

Harding said the council will be talking about collecting pumpkins. Usually they get pumpkins from places like Shaw's and Walmart. Sometimes they will go to local farms, but Harding said they learned the growing season wasn't that good this year.

"We'll try to get as many as we can," Harding said.

Harding said this year

the Student Council is trying to hone in on its new motto LEAD, which means "Learn, Excel, Achieve, Dream."

The motto was voted on last year by the student body.

"It's basically just trying to get kids to focus on learning and making it more accessible to learn and excel in the school system," Harding said.

Zarella said the Student Council promotes school spirit.

"That's something we'd like to see a little more," Zarella said.

She said they had a spirit week last year, but it didn't get as much of a response as they were hoping for.

"You guys have done tremendous in a short period of time," said board Chair Karen Thurston.

MOVIE NIGHT

(Continued from Page A1)

ifornia there was a big outdoor movie night and she wanted to have the same in Gilford.

"Just want to bring everyone together, and make everyone aware the PTA is a part of the school," Sasserson said.

Desruisseaux said she was happy to see so many people at the event. The start time was listed at 6:30 p.m., and by 6:45 p.m. the field was covered in lawn chairs with a lot of people around.

"It's pretty exciting just to see how many people have showed up," Sasserson said.

Sasserson said Gilford has had a working PTA for a long time, though it has not been as active. Last year the PTA held a large fundraiser, which reignited the group. Now

they have a new group of parents happy to volunteer.

"It's kind of rejuvenated us to reach for bigger and better things," Sasserson said.

The PTA gives back to the school district through the year in many ways. Some of its projects are school events, the "Reflections" national litera-

ture contest, Valentines Day Bingo at GES, the spring poetry contest, information nights for parents, and many more. They are also working to promote drug and alcohol awareness for parents.

The Gilford PTA will be hosting another big fundraiser on Oct. 15 at Bank of New Hampshire Pavilion. The event will feature music by Paul Warnick and the Eric Grant Band, a live and silent auction, a 50/50 raffle, and food from Rubbin Butts Bar-B-Q. Tickets are \$100 a person, all proceeds go to the PTA and go back through the schools.

Sasserson said the PTA is always looking for members and parents of children in any of the three Gilford schools are welcome to join. Prospective members can get an application at all three school offices or on the website at <https://sites.google.com/a/sau73.org/pta/home>. The application can be turned into any teacher. Membership costs \$10 per person per year or \$20 a couple.

Desruisseaux said she loves being part of the PTA. She said she joined last year as soon as her daughter entered kindergarten.

"I think Gilford's awesome," Desruisseaux said. "It's my daughter's school, and I feel like I'm making it better for her."

another happy summer there, given up by my parents for the season, up it grew, with me. So the other day I went out to the garden for a cuke, and contemplated the havoc of what just yesterday was straight and neat. It is a disheveled mess, awaiting the heap that will begin its transition back to soil. If

you want an example of something holistic, contemplate a garden. But pulling up a garden planted just a moment ago is not a sad thing for me, any more than thinking about when to start dragging trees for the outdoor furnace or splitting up a little more kindling. It is all about loving the life.

to be moved to a fee account, maybe it is time to ask yourself, should I re-evaluate my retirement plan and asset mix to make sure that I am not paying too much in fees and my needs and objectives are aligned with the current portfolio make up. If your financial advisor did not treat you in a fiduciary manner before the new fiduciary rule, what makes you think that advisor has suddenly learn to manage client money with the client's best interest

in mind? There is a big difference between a sales organization concerned with product placement versus asset management and or allocation. Selling product requires sales skills. Managing money requires knowledge and training that typically takes many years to acquire. The long-term effect of this new fiduciary rule, I believe will be positive. But there is a time we are entering where salespeople are expected to view their clients with a whole other set of eyes and

skill set they may not possess. To re-evaluate your current retirement plan, a good place to start is at my website [www.MHP-asset.com](http://www.MHP-asset.com). Then go to "tools", in the drop-down choose risk analysis to evaluate your current risk tolerance and potentially match up the portfolio that is more suited for you now.

Gilford-Belmont quarterback Braedon Lacroix tries escape the grasp of a John Stark player during Saturday's 42-0 loss to the visiting Generals at the Meadows.

## John Stark thumps Eagles in home opener, 42-0

BY JEFF LAJOIE

jlajoie@salmonpress.com

GILFORD – After a solid road performance in Week 1, the Gilford-Belmont football team certainly had its work cut out for it on Saturday in the home opener. Facing a John Stark team that many expect to be amongst the top squads in Division II this fall, the Golden Eagles were overmatched in a 42-0 thumping at the Meadows.

“(John Stark is) a program that is playing at a high level right now and we're working hard to become a pro-

gram like that in the future,” said G-B head coach Josh Marzahl, whose team fell to 0-2 on the young season after a season-opening loss to Kennett. “(Stark) hasn't always been a top flight program, but the last few years they've been very solid.”

The visiting Generals (2-0), which beat Souhegan in the opener before coming to town on Saturday, scored on all five of their offensive possessions in the first half, and added a sixth score on an interception return for a touchdown to lead

42-0 at intermission. That triggered running time in the second half, and the teams matched zeroes for the final 24 minutes of play.

“(Against Kennett), I thought our execution was a lot better than it was (on Saturday),” said Marzahl. “We didn't execute the way we need to in order to be successful. We're going to have to go back to practice and ramp up our preparation in order to get better next week.”

John Stark senior quarterback Drew McQuarrie, who has college scholarship offers

from several schools, threw two touchdowns and ran for two more. The 6-foot-5 signal caller was 7-of-10 through the air for 95 yards, and he added 49 yards on eight carries in just under a half of work. He guided the General to a 7-0 lead just 2:26 into the game with a 26-yard TD toss, and he threw a second to Leif Mailloux just over three minutes later to make it 14-0.

Gilford-Belmont's offense was unable to match the Stark attack, as the Eagles were held to just 11 yards of offense in the opening

half. It was 21-0 after one quarter before Stark put up 21 more points in the second period to take the 42-0 halftime advantage.

G-B did have two drives move into Stark territory on the day, though the Eagles did not take a trip into the red zone. The best drive came in the third quarter, when quarterback Braedon Lacroix guided his team from

their own 18 yard line to the Stark 32. Lacroix connected with Dom Troiano on back-to-back completions of 23 and 13 yards during the march, and Lacroix added a 12-yard carry of his own while Dylan Gansert scampered for nine yards two plays later. But two sacks stalled things and moved the ball all the way back towards mid-

# Offense held in check as Eagles fall to Inter-Lakes, 2-0

BY JEFF LAJOIE  
jlajoie@salmonpress.com

GILFORD – In a game where goals proved hard to come by, visiting Inter-Lakes High School made big plays in crunch time on Sept. 7.

The Lakers got goals from a pair of freshmen in the final 13 minutes of the second half, breaking through in a scoreless game to earn a 2-0 victory over host Gilford High School in Division III action.

The win enabled I-L to surpass last year's win total, as the Lakers nabbed their second victory of 2016 on the road against a Lakes Region foe.

With the teams trading zeroes for the first 67 minutes of regulation, I-L freshman Makenna Edgar put the visitors on the board. After the ball deflected around between several players near the edge of the penalty area, Edgar gathered control, spun and fired a left-footed shot into the corner of the net that beat a diving Hannah Perkins in the Gilford net for a 1-0 lead.

While the Eagles pressed for the equalizer over the final 10

minutes, the Lakers managed to tack on the clincher with just 2:49 remaining. Senior sweeper Kailee Bennett took a free kick from distance, and her blast on net clanked off

the crossbar. The rebound was taken down by freshman Molly Kernen, who blasted home the rebound to give I-L a 2-0 lead with little time remaining.

It was the second

win of the season for an Inter-Lakes team that is much improved from a year ago. Thanks to an influx of freshmen, the Lakers have played competitive games during the early going, and they were rewarded with another victory.

Gilford's offensive woes continued in the loss. Through their first three games of the regular season slate, the Eagles scored just

one goal in dropping games to Berlin, Fall Mountain and I-L.

The first half of the Lakes Region showdown saw both defenses hold firm. The squads are solid in the back, with Gilford's Olivia Trindade and I-L's Bennett keying things as the last line of defense.

Gilford nearly got on the board with 33:30 left in the second half, as Samantha Knowles'

shot on a cross was turned away by I-L freshman goalkeeper Taylor Ambrose at point blank range.

Midway through the second half, the Eagles again brought the pressure that nearly brought the go-ahead tally. This time it was Sarah Currier, who floated a free kick to the upper corner before being snatched away by Ambrose just in time.

I-L's Olivia Pendergast, who had a solid game in the midfield, had a scoring chance just one minute later, as her shot inside the box was turned away by Perkins. The rookie tandem of Pendergast and Edgar made things happen throughout the contest for the Lakers.

Gilford got strong play in the back from Trindade, along with offensive work out of Lauren Dean and Sarah Fillion.

Ambrose and senior Makenzie Giroux combined for the shutout in goal for the Lakers, their second of the season. With Bennett pacing the defense, the unit that also featured Margaux Dickinson and Gabriele Nedeau was stout.

The teams will meet one more time late in the regular season, when the Eagles travel to Meredith to play Inter-Lakes on the turf of Charles Burrows Memorial Field on Oct. 18.

## Madison Relf captures top spot in Sanbornton

SANBORNTON – It was an impressive performance for the Gilford High School cross country teams on Sept. 8. Both teams took the top spots in a quad meet hosted by Winisquam at the Sanbornton Town Park.

In the girls' race, Madison Relf nabbed the top spot overall with a time of 23 minutes, 16 seconds; 21 seconds clear of the next-fastest finisher

on the 2.8-mile course.

Twin sister Elizabeth Relf was next for Gilford in third place overall with a time of 23:38, while the Eagles had the next two finishers in Natalie Fraser (fourth, 23:42) and Kaitlyn Callahan (fifth, 24:45).

In the boys' race, Gilford's Josh Valentine was his team's top performer as the overall runner-up behind Winnisquam's

Kyle Mann. Valentine's time of 17:58 put him 27 seconds back of Mann, while senior Mark Young was third overall in 18:19.

Steven MacDonald was next for the Eagles in seventh place overall (19:29), while Matthew McDonough (eighth, 19:45) and Eddie Demers (11th, 20:22) also contributed in the scoring on the afternoon.

## Newfound hands Eagles first loss, 2-0

BY JEFF LAJOIE  
jlajoie@salmonpress.com

BRISTOL – For the first time this season, the Gilford High School field hockey team found itself on the losing end of things on Friday.

The Golden Eagles battled with fellow unbeaten Newfound Regional High School, and

the host Bears managed to keep Gilford off the scoreboard for the first time all year en route to a 2-0 victory in Division III action. The loss dropped the Eagles to 3-1 on the season entering this week.

Kylee McDonald and Caroline Marchand scored for Newfound (4-

0), which led midway through the first half and added an insurance marker late in the second.

The loss came on the heels of a 5-0 shutout of Mascoma earlier in the week, also on the road in Canaan.

Junior Kellie Ryan recorded three goals and added two assists in the win, including a penalty stroke in the first half. All three of her tallies came before intermission, where Gilford led 3-0 at the break.

In the second half, Cloe Boucher and freshman Sydnie Lehr found the back of the net with feeds from Ryan. Nicole Berube recorded an assist in the first half, while goalkeeper Jenna Delucca turned away two shots in net for the team's third shutout of the season.
