## Marine Corps veteran prepares for swim across Winnisquam

BY DONNA RHODES

drhodes@salmonpress.news

**SANBORTON** — Mike Welsch of Shirley, Mass. was testing the waters of Lake Winnisquam last week for a planned seven-mile swim along the lake on Aug. 17. While that may seem like a simple challenge that other endurance swimmers have done in the past, Welsch has only one leg, making his athletic venture all the more amazing.

Welsch lost his leg in 1980 when he was in the U.S. Marine Corps, stationed at Camp Lejeune. A night on the town while out driving a motorcycle ended in a crash that resulted in the loss

of his right leg, but that one night of bad judgment didn't slow Welsch down for very long.

"It's something I'll always regret, and I really want to bring attention to the dangers of drinking and driving," Welsch said last summer when he swam Newfound Lake in Bristol.

After his accident he went through a period of depression but finally decided that he could actually become an example for other amputees and set out to get physical pnce again.

Since 1980, Welsch has run, on his prosthetic leg, in the Boston Marathon 11 times and

Mike Welsch is an amputee whose goal is to swim all of New Hampshire's major lakes and last Friday he did a test-swim in preparation for this seven-mile challenge on Lake Winnisquam, scheduled for Aug. 17. From left to right are his training buddy Bruce Zimmerman, Welsch, and local support team members Cliff King and Tom O'Brien.

### Cooling off

Warm temperatures and an abundance of sunshine found people gathering along the shores of Lake Winnisquam last weekend to stay cool and relax with family and friends.

### Sanbornton Board of Selectmen to hold public hearing on proposed PILOT agreement

**SANBORNTON** — The Sanbornton Board of Selectmen will hold a public hearing on Wednesday, Aug. 23 at 5:30 p.m. in the Sanborn-

ton Town Office Meeting Room at 573 Sanborn Rd. with the purpose of discussing a proposal for a Payment In Lieu Of Taxes (PILOT) Agreement

between the Town of Sanbornton and NhSolarGarden.Com, LLC pursuant to NH RSA 72:74. In the event attendance exceeds the 33-per-

son capacity of the Town Office Meeting Room, the meeting will be relocated to the Old Town Hall, located at 19 Meeting House Hill Rd.

NhSolarGarden.com, LLC is proposing installation of multiple solar energy electrical generation sites on property at Quinta Drive (off of Tower Hill Road). The proposed PILOT agreement is available for inspection at the Sanbornton Town Offices at 573 Sanborn Road, Sanbornton or on the Town of Sanbornton's Web site at [www.sanborntonnh.org](http://www.sanborntonnh.org).

Review and approval of this project involves multiple steps:

Step 1: PILOT Agreement

Step 2: Pre-application review with Planning Board

Step 3a: Site Plan Review with Planning Board

Step 3b: Variances/Special Exceptions (if necessary)

Step 4: Final Planning Board Review & Approval

Step 5: Construction & Zoning Compliance Permits

This hearing concerns the PILOT Agreement only: Site Plans are not available for SEE **HEARING**, PAGE A11

Winnisquam Fire Chief Chester Brickett and his men responded to a "small fire" in Laconia. While returning from the fire, Chief Brickett was "stricken behind the wheel" and ultimately passed away while being taken to the "Laconia Hospital." Winnisquam Fire Captain Richard Rusk was in the passenger seat, and was able to apply the brakes and steer the vehicle safely to a stop. Chief Chester Brickett's cause of death was ruled a heart attack. Chief Brickett was 51 at the time of his passing, and had served as the Winnisquam Fire Chief for six years.

Lakes Region Mutual Fire Aid Association was established in March of 1953, with Winnisquam Chief Chester Brickett presiding as the first President of the Mutual Aid Association, up until the time of his death.

LRMFA Chief Coordinator Jonathan Goldman, who is also a Team Leader with the Granite State Fire Service Support Team came upon mention of Chief Brickett's death via a "New England Fire

### Spend a summer Sunday at the Belmont Farmers' Market

BY DONNA RHODES

drhodes@salmonpress.news

**BELMONT** — The Belmont Farmers' Market Days are back once again this summer at their new location in the town's Park and Ride facility on Route 106, and it's become a popular place to shop over for both residents and visitors alike.

Last Sunday, Belmont's Events Coordinator Gretta Olson-Wilder said that the move from the Tioga Pavilion in the heart of the village to busy Route 106 has been most beneficial this summer.

"There's been a lot of foot traffic from people driving by who see the signs and stop in," she said. "This has been a great, convenient new location for both customers and our vendors alike."

Ripe tomatoes and other fresh produce from Warner River Farm are just a sample of the produce items that can be found at the monthly Belmont Farmers Market Days in August and September.

And when customers do stop they are finding all types of locally made products as well as an increasing amount of fresh fruits, vegetables and other foods items.

As crops are ripen-

ing, there is now a great selection of fruits, vegetables and herbs available from Warner River Produce in Webster. The farm is selling their own peaches, blueberries, and plums at this time as

well. They are also well stocked with vegetables such as cabbage, peas, tomatoes, cucumbers, beets, potatoes, onions, squash and broccoli. In addition to all of that, SEE **MARKET**, PAGE A11

on Saturday, July 29, Belmont police and Belmont Fire/Rescue was called to the Belmont Firearms and Range on Route 106 in that town, for the report of an adult male who had sustained a gunshot wound while visiting the range.

Belmont's rescue personnel immediately transported the victim to Lakes Region General Hospital for emergency medical treatment, but further investigation by officials determined that the wound to the man's head was self-inflicted and of no fault of the fa-

cility where it occurred.

"Belmont Firearms and Range followed all safety regulations and protocols, and first aid was rendered," said Belmont Police Captain Evan Boulanger.

The victim's name and the status of his medical condition were being withheld over the weekend, pending notification of his family.

Boulanger said that while the case remains under investigation by his department, it appears to be what he termed, "an isolated and tragic incident."

# "Summertime Fun" in Belmont Saturday, Aug. 12

BELMONT — Belmont Old Home Day is coming up fast, and we've got an exciting line up of entertainment for you! With the theme of "Summertime Fun," this would be a fantastic time to organize family reunions and show your creativity by entering a float in the parade. Saturday, Aug. 12, will feature the live music of the Tyler Road Band on the bandstand mid-day and the B Street Bombers up at Bryant Field before the fireworks.

The First Baptist Church will host a delicious Pancake Breakfast starting at 7:30 a.m. under the Tioga Pavilion on Mill St. This will be our 49th running of the Belmont 10-Mile Road Race. If getting in a quick walk, jog or run around town is more appealing, then have the family lace up their sneakers for the Tioga Fun Run, which we refer to as a "country mile" in length. Registrations for both races will be available at 7:30 a.m. in the parking lot of the Belmont Middle School on School Street, with the larger race starting at 8:30 a.m. and the Fun Run shortly thereafter. It's a great way to

start your day! As with any of the day's activities, more information and registration forms can be found on the town's website at [www.belmontnh.org](http://www.belmontnh.org) under Community Events, Old Home Day or by calling Gretta Olson-Wilder at 998-3525.

Children's activities will include the Pedal Tractor Pull for kids between the ages of three and eight. This fun event for participants, as well as spectators, starts at 10 a.m. Cheer on the young "farmers" as they pull their load across the parking lot near the bandstand. All participants get a free sno-cone and the top finisher for each age group will receive a cool tractor trophy. There will also be a free rock climbing wall and other games to keep the kids entertained. Our parade kicks off at 1:00 pm, and our theme of "Summertime Fun" should make it easy for any family, civic group or business that would like to enter a float in the parade. The parade registration form also can be found at [www.belmontnh.org](http://www.belmontnh.org).

Some say the best part of Old Home Day is treating yourself to a

variety of yummy food. This year will be no exception! Quesadillas, hot dogs, French fries, fried dough, ice cream, and Italian sausage are merely a sampling of what we'll have available to tempt your taste buds. Along with our food booths, make sure you bring some extra cash to partake in a lit-

tle shopping amongst our numerous vendors that will be offering everything from specialty jellies to clothing and novelties.

The Belmont Fire Department will be offering a delicious chicken BBQ at the Fire Station starting at 5 p.m. It's a chance to unwind and catch up with old friends. Chil-

dren will enjoy taking a tour of the station and speaking with the firefighters. The fun continues up on Bryant Field on Route 106 for our evening activities. Bring the family and enjoy a free rock climbing wall and the wonderful sounds of the B Street Bombers before the spectacular fireworks. Food

concessions will also be available for that special treat to end the day.

Questions about our Aug. 12 celebration? Contact Gretta Olson-Wilder, Special Events Coordinator, at 998-3525 or [events@belmontnh.org](mailto:events@belmontnh.org). Looking forward to seeing you there!

## Summer of stories at the Belmont Library

BELMONT — The Belmont Library is has been a busy place the past two months. And summer's not over yet!

Jo Radner, oral historian and storyteller, will bring her New Hampshire Humanities program "Family Stories: how and why to remember and tell them" to the Belmont Senior Center in the Mill building Aug. 8 at 10 a.m. All are welcome.

Belmont Old Home Day is Aug. 12. The Library will feature the Belmont High School yearbooks back to 1952 and our collection of Old Home Day programs from years past. Our building will be celebrating its 90th birthday next year. The Craft & Laugh Group will be out front with small craft items to sell and a 50/50 raffle to raise money for a new button maker. Tickets are \$1 apiece or six for \$5.

Get your youngest pre-readers involved at the library! Preschool-age storytime offers some longer stories and a craft, with playtime afterwards, Wednesdays at 10:30 a.m. Cool off with new and popular kids' movie Thursdays in August at

## Family stories: How and why to remember and tell them with oral historian and storyteller Jo Radner

BELMONT — Do you have a memory of your family or a family member that you want to preserve so it can be passed down to future generations? Jo Radner, a published author, educator, and oral historian, says, "Storytelling connects strangers, strengthens links between generations, and gives children the self-knowledge to carry them through hard times. Knowledge of family history has even been linked to better teen behavior and mental health."

Thanks to a grant from the New Hampshire Humanities Council, Belmont Public Library will host Jo Radner and her Family Stories workshop where she will share "foolproof ways to mine memories and interview relatives for meaningful stories," and where participants will learn how to capture and preserve family stories.

Jo Radner received her Ph.D. from Harvard University. Before returning to her family home in western Maine as a freelance storyteller and oral historian, she spent 31 years as professor at American University in Washington, D.C., teaching literature, folklore, American studies, Celtic studies, and storytelling. She has published books and articles in all those fields, and is now writing a book titled *Performing the Paper: Rural Self-Improvement in Northern New England*, about a 19th-century village tradition of creating and performing handwritten literary newspapers. She is past president of the American Folklore Society and the National

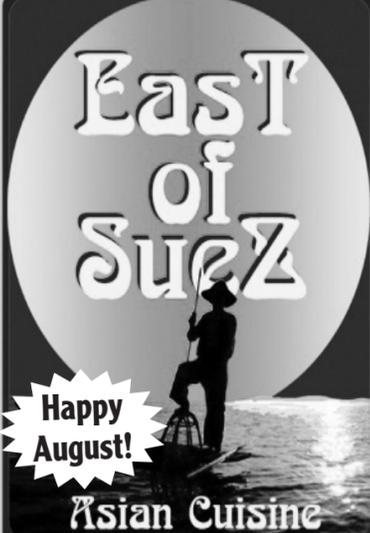

Jo Radner

Storytelling Network."

Jo Radner will be coming to the Senior Center at the Belmont Mill on Tuesday August 8 at 10:00 am to present her workshop.

## STRATEGIES FOR LIVING

### Created to be One

BY LARRY SCOTT

In the book of Genesis, chapter 2, we are told that God took one of Adam's ribs and from that created Eve as a much-needed helpmate and companion. Commenting on this event in The New American Commentary, Vol. 1, page 216, Kenneth Matthews notes that,

"The building block for constructing the woman is a portion of the man's essential skeletal frame. ... The woman was taken from the man's side to show that she was of the same substance as the man and to underscore the unity of the human family, having one source."

The two were, indeed, one. She was created out of his very body, and, in intimate union, the two became "one flesh." Although each of us is a unique individual, a reflection of our parents, we are nevertheless a part of the human family that dates back to Adam himself. There is a "oneness" to the human family that, despite our individual differences, has much in common with that very first man.

The Apostle Paul picks up on this when, in the New Testament letter he wrote to the Corinthian church, he needed to address a moral issue that demanded attention. "Do you not know," he writes in chapter 6, verse 16, "that one who joins himself to a prostitute is one body with her? For He says, 'The two shall become one flesh.'"

The problem, as Paul saw it, was much greater than the rampant immorality for which the city of Corinth was well known. The "oneness" and harmony within the family was at stake. Beyond the moral implications, Paul's concern was that illicit activity led to union in a way God never intended. In dealing with immoral activity, the issue here was far broader than its devastating effect on all involved.

This was just the point of I Corinthians 6. Specifically naming prostitution, homosexuality and adultery, these issues destroy the oneness God meant to be inherent in the human family from the very beginning. Man, we are told in Genesis 1, was created "in the image of God" and the human family was meant to reflect the harmony and the unity that existed in the Godhead between the Father, the Son and the Holy Spirit.

Sorry for a bit of theology there, but there was a divine purpose in the creation of man. The human family, in a very different way from the animal kingdom, was to reflect the love, the mutual respect, and the peace of God. The Apostle Paul saw this; aside from being counter-productive, immoral activity destroyed the very purpose for which man had been created.

One need not look far to discover the tragedy of what rebellion against the divine pattern has brought about. Sin has marred the "product," and conflict, disharmony and rebellion has followed as a result. In marriage and in parenting, how different reality is from the dream. The state of the American family gives testimony to the tragedy that often follows when the divine pattern is ignored. Far from the disharmony, the divisiveness, and the conflict to be seen in so many families today, God meant for us to be one – together, in love.

## PET OF THE WEEK

Two fast feline friends finding themselves at a loose end at NH Humane Society, now seek a permanent home – not separated.

They've always lived together, hence we do not want to split them up. Sadly surrendered by a family no longer able to care for the duo, we promised that Marley aged seven and Kiki, just five years young, would not be parted.

These two cats are an amiable, friendly couple who will assimilate well, after a settling in phase, into practically any home.

Neither is fazed by usual family life and are wonderful feline companions in the making. Kiki,

## MARLEY BOY & KIKI

gorgeous tabby and Marley spiffy and all black have been waiting since June for a new home.

Would it make them even more appealing if we told you that Marley has some musical ability- its true. In his former home, he had been known to strum and pluck a guitar string or two, so if you have such an instrument and actively play it, this is indeed a special and fun trait. We don't know if he's named after Reggae Icon Bob Marley, but he obviously has similar talents!

Join us for the Antique & Classic Car Show in Bridgewater, NH Saturday August 5!

## LETTERS TO THE EDITOR

### "We the People" need to hold our elected officials accountable

To the Editor:

It's time for the American people to hold our elected officials from both parties at the Federal, State and city levels accountable.

Like many of you, I am sick and tired of the lies and broken promises our elected officials have given us over the last 50-plus years. It's time we asked the hard questions of our elected officials and demand answers.

How is it a member of Congress making \$160,000 to over \$200,000-plus a year becomes multi millionaires during their terms in office? How do you justify pensions for members of Congress? Congress was never meant to be a career! Members of Congress should not be paid more than our military, who put their life on the line every day to defend America!

Why is it Congress doesn't have to live by the laws they pass for us? Why is it Congress doesn't have the same Health Care they require the rest of us to have? Why are you trying to destroying our Constitution? Why do you allow invaders who want to destroy America cross our borders illegally and then, give them benefits that American's have to work years for? Who gave you the right to give non-citizens the right to vote? Why are you funding sanctuary cities that hide illegal aliens? Why do you give millions of

dollars to countries who hate us while our veterans, who have served our country, are denied Health Care and are homeless?

I'm sure you have many questions of your own that need to be asked, and now is the time for all of us to Stand Up For America! The time for talk is over. We have been talking about what we can do to take back our Country, well it's time we stop talking the talk and start walking the walk. It is time "We the People" take action. I am asking every American, regardless of party, to Stand up for America and take our country back.

One way we can make a change is for all American's in every State to organize a national rally on Monday, Sept. 25 at noon, and have a peaceful march in every State Capital and demand answers to the above questions and any others you may have. Let our elected officials know we are sick of their lies and we are not going to take it anymore!

If you agree with me, please forward this to Facebook, Twitter, Instagram, e-mail or in your local paper. We need to make this happen in a big way!!

God Bless America,

Harry Accornero

## North Country Notebook

## The Bath Bridge, hummingbirds, porcupines, and Northern Pass

By JOHN HARRIGAN  
COLUMNIST

Readers send me photos every now and then, mostly of landscapes and structures from long ago, or various wild creatures caught on camera by determination or good luck.

Mark Belisle of Shelburne, Vt. recently sent me a fine old photograph of the covered bridge over the Ammonoosuc falls in the little town of Bath. It was made from an old glass-plate negative, probably just after the Civil War.

In the days during and after daguerreotypes, making a photograph was an elaborate affair. The photographer, in total dark, brushed a liquid mixture of silver halide crystals onto a piece of tin or a glass plate, left the tent-like darkroom covering the camera, tried to get any people in

the frame to sit still long enough for what was often an exposure time of four or five seconds, and rushed back into the tent to open the lens for the required time.

The fact that the man and his bateau below the falls are not blurred indicates that things had come a long way since daguerreotypes--wars have a way of fostering invention--and the silver halide solution had been much improved, cutting the exposure time to perhaps a second.

When this photograph was made, Bath's famed Brick Store had been long in place, and its distinct shape can be seen at far right. Built between 1780 and 1804, it was for a time hailed as the nation's oldest continuously operated general store. After a foreclosure auction last year, it has new owners and is back in operation.

+++++

My hummingbirds showed up week after last, just about on time. I use the possessive because they seem to come back to the same places. They are no doubt back at camp, too, half a thousand feet higher than my house and 20 miles fur-

The Bath covered bridge, built in 1833 and raised and lengthened in the 1920s, is 390 feet long. It already was high enough to have escaped the worst of the long-log drives and floods of almost a century. Note the man idling away in a bateau in the whirlpool below.

ther north, inaccessible by road and in the middle of nowhere.

There is no feeder at camp, yet these little helicopters seem to find enough flowering wild plants to make a living. It's that way with many camp-owners I know--they look for their hummingbirds, and wonder that they arrive, and get by.

My hummingbirds scrutinize me whenever I happen to be sitting in the porch rocker, reading and looking out over the land.

They put off feeding until they've hovered behind my head for a second or two, and then come around directly in front of my face, and I say something just to get them used to my voice, something really inventive, like "Hello, hum-

mingbirds."

And they zoom away to come right back, take a second look, and then visit the feeder above. In a day or two, they become accustomed to me and there is no delay between the "Hello" and feeding.

+++++

This column goes far afield, into papers I seldom see except online, but it's always good to get mail, no matter whence.

A Carroll County Independent reader wondered about what might be chewing at the red-cedar corners of their camp in Wakefield. I figured it had to be porcupines, and she wrote back to say that they'd figured that too.

If there's any steady

guest that can make a mess of a camp, it's porcupines. If they take up temporary residence under the floor and find or chew a way to get in, "Ugh" doesn't begin to describe it.

After I put big sliding doors across the yawning bays of the hay barn, a roving gang of porcupines chewed away at the chemically treated siding, even standing on their hind legs to do so. I got ready for drastic measures, but fortunately I have no rocky areas where quill-pigs like to den, and so like the occasional skunk that finds temporary and meager fare, they moved on

Thanks to over-the-mountain neighbor Brad Thompson, I got a seat on the bus carrying

site Evaluation Committee members around the upper North Country to view the proposed Northern Pass transmission line route.

I hope they thought what so many people who first see the beautiful, pastoral landscape with its narrow ox-cart roads invariably seem to think: They're actually talking about putting 40 miles of totally new right-of-way, whether buried or above ground, through such an incredible place as this?

## MARK ON THE MARKETS

## Unintended consequences

BY MARK PATTERSON

In 1934, the Roosevelt administration put forth the "New Deal" which included the entitlement we know as Social Security. Originally Social security was not accessible until the age of 65. Now SS can be started at the age of 62 or even younger if disabled. When we started SS there were 42 people paying into the system for every one person taking from the system, making it very solvent.

A generation of people born in the 1920's and '30's, some who fought in World War II and were later referred to as the Henry Ford generation

but named the greatest generation by Tom Brokaw. Those soldiers who returned from WWII created the "Baby boom" generation that is defined from 1946 through 1964. During that 18 year span there were 78 million people born in this country. After this generation we have had Generation X and Gen Y blending in with the Millennials, all who have not had nearly as many children as that Baby Boomer generation.

The Baby Boomers are now retiring at the rate of 10,000 per day driving the ratio from 42 contributors to 1 recipient of SS entitlements and Medicare/ Medicaid to only 3 contributors to 1 recipient. Within the next ten years the ratio will be 1 to 1.

Let's estimate an individual's annual SS and Medicare entitlements at age 66, which is full retirement age currently. Maybe 24,000 in SS and 15,000 in Medicare, not to mention any additional Veterans benefits. My

high powered calculator tells me that in 10 years, every working person will have to support roughly \$40,000 worth of entitlements annually that we Baby Boomers are collecting.

Our national debt is nearing \$20 trillion and will accelerate exponentially in order to just service the existing debt. Why do you think the Federal Reserve Bank continues a very low interest rate policy? Because the Fed and our complicit politicians that we have and had elected have painted us into a corner!

David Walker was comptroller of the US until 2008, has stated that we must double tax rates just to stay solvent. Cutting spending would obviously help, but Washington cannot seem to accomplish this. Just after WWII

our highest tax rate was 94 percent, in the 1970's we had a top tax rate of 70 percent. In 2012 our highest rate went from 35 to 39.5 percent. So we are close to historic lows for our tax rates, yet we still defer taxes until a later date. Tax diversification is extremely important and if you are not taking advantage of some methods for paying taxes now at these low rates for tax free money in the future, I believe you will regret this.

## Victoria Hartwell follows in her grandmother's footsteps at Memorial Bandstand

TILTON — A special place with extra special meaning to one local girl is The Alan & Savina Hartwell Memorial Bandstand on Tilton Island.

Savina (for whom the Bandstand was built as a memorial) was a Jazz singer. She performed for some of the biggest names in show business, including Duke Ellington (who endorsed her album in 1974) and Frank Sinatra. In 1958, her single "How come You Do Me Like You Do" made the top 10 on Billboard.

She and her husband, Alan Hartwell (from Northfield) made their musical mark with the hit song "Topsy" featuring Cozy Cole which held the #1 Spot in Billboard for 11 consecutive weeks in Nov. 1958.

Sunday, July 30, Vic-

torina Hartwell took the stage with East Bay Jazz Ensemble in a loving tribute to her Grandparents for whom the bandstand is named after and the Free Summer Concert Series got its start 25 years ago. As part of the 25th Anniversary, and by popular demand, Victoria performed one of her Grandmother's songs "It Don't Mean A Thing" in a soulful in a loving tribute-which wowed the crowd she was accompanied by Gerri Grimo on piano.

Although she had never met her grandmother, she has listened to her recordings since from a very young age and wanted to do something special to commemorate the 25th Anniversary of the Bandstand & Concert Series on Tilton Island. So she chose a

song from Savina's last album.

Victoria (from Tilton) has been singing professionally for the past five years both in New Hampshire as well as in Florida, where she attends college. And is a local favorite, she has developed quite a following here and was the featured vocalist with Gerry Grimo and the East Bay Jazz Ensemble's 10 piece band. They performed a great mix of modern, contemporary and big band music covering a seventy year journey through American Music.

Victoria has made several appearances this summer, including at the Special Olympics, & Make A Wish Rafting for Wishes events. Last Sunday at the Alan & Savina Hartwell Memorial Bandstand on Tilton Island over 300 people attended making it a truly enchanted evening.

The Free Summer Concert will runs every Sunday through the end of August. On the schedule to perform are Karen Morgan Aug.6, Mill City Revival 80s Brass with Free Cake for all attendees on Aug. 13, Rocking Daddios Aug 20, and Annie & The Orphans Wrap Up Party Aug. 30.

## Freese Brothers Big Band at the Belknap Mill

LACONIA — The Belknap Mill is excited to present the Freese Brothers Big Band Concert on Friday, Aug. 11 from 6:3-8 p.m. in Rotary Riverside Park and Gazebo located behind the Mill. This concert series is generously sponsored by the Putnam Fund to provide the citizens of the greater Laconia area the opportunity to gather and enjoy musical talents in the heart of downtown Laconia.

The Band was formed in 1982 by the four Freese Brothers: Jack, Bill, George, and Courtland, who began playing music together in a family performing troupe in the 1930's. The purposes of the Band are to support and encourage the development of the musical talents of the public (especially young musicians) and its members, and to foster an appreci-

ation of music of all eras. The men and women of the Freese Brothers Big Band live and work throughout Central and Southern New Hampshire. Band members come from diverse professional and musical backgrounds and include talented local high school students. They blend their years of experience to produce the distinctive sound of the Freese Brothers Big Band.

The Band has awarded nearly \$60,000 in scholarships help area high school musicians improve their musical abilities.

This is a free event that is open to the public.

"We encourage you to bring the family, a picnic dinner and your lawn chairs and enjoy the music and relax," says Events and Program Coordinator, Jen-

nifer McLean. Should there be inclement weather the show will be held on the third floor of the Belknap Mill at 25 Beacon Street East in Laconia. For a listing of the artists, visit the Belknap Mill website at [www.belknapmill.org](http://www.belknapmill.org), or find them on Facebook.

The Belknap Mill Society is a 501(c)(3) nonprofit organization whose mission is to preserve the Belknap Mill as the Lakes Region's unique historic gathering place and to celebrate the Lakes Region's cultural heritage through the arts, education and civic engagement.

### Edward Jones: Financial Focus Diversify Your Investments But Consolidate Your Providers

You have probably heard that diversification is a key to investment success. So, you might think that if diversifying your investments is a good idea, it might also be wise to diversify your investment providers – after all, aren't two (or more) heads better than one? Before we look at that issue, let's consider the first half of the "diversification" question – namely, how does diversifying your investment portfolio help you?

Consider the two broadest categories of investments: stocks and bonds. Stock prices will move up and down in response to many different factors, including good or bad corporate earnings, corporate management issues, political developments and even natural disasters. Bond prices are not immune to these dynamics, but they are usually more strongly driven by changes in interest rates. To illustrate: If your existing bond pays 2 percent interest, and new bonds are being issued at 3 percent, the value of your bond will fall, because no one will pay you full price for it. (Of course, it may not matter to you anyway, especially if you planned to hold your bond until maturity, at which point you can expect to get your full investment back, providing the bond issuer doesn't default.)

Here's the key point: Stocks and bonds often move in different directions. If you only own U.S. stocks, you could take a big hit during a market downturn, but if you own domestic and international stocks, bonds, government securities, certificates of deposit and other types of investments, your portfolio may be better protected against market volatility, and you'll have more opportunities for positive results. (Keep in mind, though, that

even a diversified portfolio can't prevent all losses or guarantee profits.)

So, it clearly is a good idea to diversify your investment portfolio. Now, let's move on to diversifying financial service providers. Why shouldn't you have one IRA here and another one there, or enlist one advisor to help you with some types of investments and a different advisor assisting you with others?

Actually, some good reasons exist to consider consolidating all your investment accounts with one provider. For one thing, you'll keep better track of your assets. Many people do misplace or forget about some of their savings and investments, but this will be far less likely to happen to you if you hold all your accounts in one place.

Also, if you have accounts with several different financial service providers, you might be incurring a lot of paperwork – and many fees. You can cut down on clutter and expense by consolidating your accounts.

But most important, by placing all your accounts with a single provider, possibly under the supervision of a single financial advisor, you will find it much easier to follow a single, unified investment strategy, based on your goals, risk tolerance and time horizon. You won't get conflicting advice and you'll receive clear guidance on important issues, such as the amounts you can afford to withdraw each year from your retirement accounts once you do retire.

Diversification and consolidation – one is good for building an investment portfolio, while the other can help you invest more efficiently and effectively. Put the two concepts together, and make them work for you.

# American Red Cross Receives Donations from NHMB

MEREDITH —The employees of Merrimack County Savings Bank, Meredith Village Savings Bank (MVS), MillRiver Wealth Management (MillRiver) and New Hampshire Mutual Bancorp (NHMB) pledged \$2,374 to American Red Cross New Hampshire and Vermont Region. This is one of 20 awards given to non-profit agencies, in addition to the money donated directly to the Granite United Way.

NHMB made a dollar-for-dollar match to its employee contribution of more than \$47,000 to Granite United Way, and distributed the funds evenly among 20 non-profit agencies selected by employee vote.

“The Merrimack is proud to support the American Red Cross and we stand behind the valuable work they perform in our communities,” said Philip Emma, President of Merrimack County Savings Bank. “This was an excellent choice by our employees for a recipient organization. Disaster can strike at any time, and it’s important that we support the local Red Cross, as those local volunteers

help our neighbors.” This gift will help to ensure that Red Cross volunteers can continue to respond when the call for help goes out,” said Maria Devlin, CEO of the American Red Cross in New Hampshire and Vermont. “When a company like Associated Grocers of New England shows support for disaster

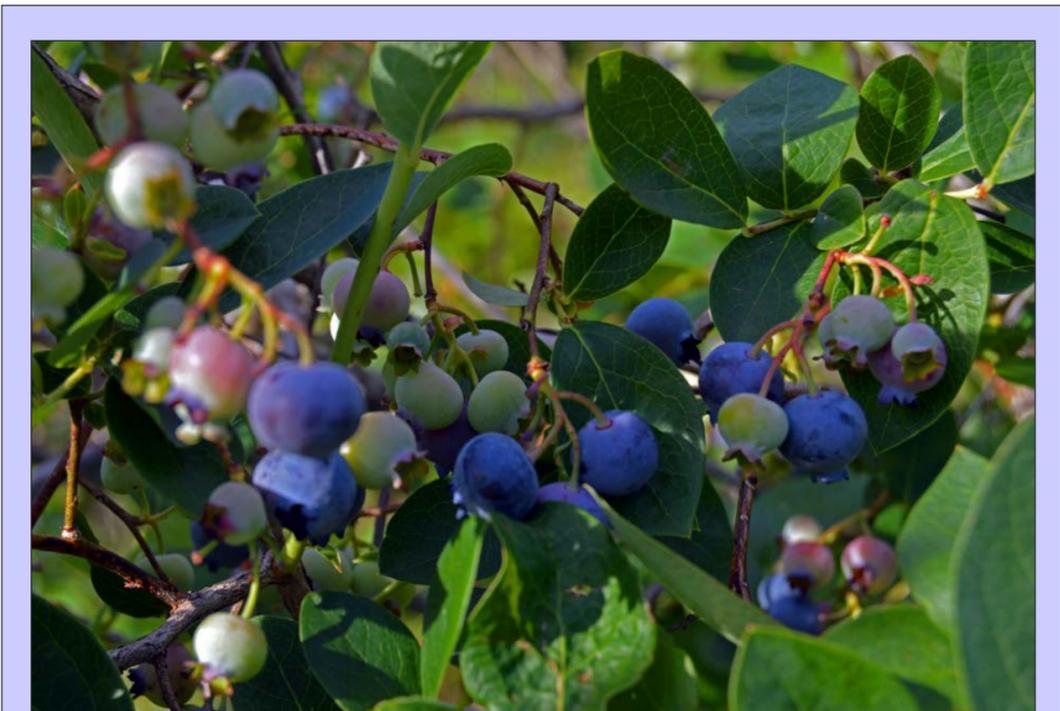

preparedness and recovery, it sends a signal to the community that they care about them.” Nineteen other non-profits also received donations including the Boys & Girls Club of Central NH, Central NH VNA & Hospice, the Circle Program, the Concord Coalition to End Homelessness, the

Concord Family YMCA, David’s House, the Friendly Kitchen, Genesis Behavioral Health, Habitat for Humanity, Laconia Area Community Land Trust, Lakes Region Child Care Services, the Nashua Soup Kitchen & Shelter, New Beginnings, the NH Food Bank, the NH Humane Society, the Pope

Memorial SPCA, Riverbend Community Mental Health, the Salvation Army and Second Start. The American Red Cross provides compassionate care to those in need. Its network of donors, volunteers and employees share a mission of preventing and relieving suffering locally and around the world

through disaster relief, military family support, blood donations, health and safety services and international humanitarian work. Headquartered in Concord, the American Red Cross of New Hampshire & Vermont has several offices across both states. For more information, visit [www.redcross.org/nhvt](http://www.redcross.org/nhvt).

New Hampshire Mutual Bancorp, a mutual holding company, was formed in 2013 when two New Hampshire-based community banks, Meredith Village Savings Bank and Merrimack County Savings Bank, formally affiliated – the first relationship of its kind in New Hampshire. This strategic partnership has positioned the Banks to leverage each other’s strengths as they work together to advance a shared vision of maintaining and enhancing their community banking standards and values. MillRiver Wealth Management joined as a third subsidiary of NHMB in 2015, combining the financial advisory divisions of MVS and The Merrimack.

## It’s the time of the season...for blueberries

It’s the sweetest time of the year, with blueberries continuing to ripen on farms throughout central New Hampshire. This year’s crop, growers say, is destined to be especially abundant. Locally, people can now find pick-your-own blueberries at Kemah’s Blueberry Farm on Mt. Cardigan Road in Alexandria, Aqua Tree Farm on Brad Chase Road in Danbury, Bean Hill Farm in Northfield, Brox Blueberry Farm on Quincy Road in Rumney and Surowiec Farm on Perley Hill Road in Sanbornton. Farm stands such as those at Krebs Farm on Upper Bay Road in Sanbornton and Longview Farm on Quincy Road in Plymouth, along with most area farmers’ markets, also have fresh-picked supplies of the berries for sale.

Rescue History On This Date” Facebook page that is managed by John Bolduc of Londonderry, on the anniversary of Chief Bricketts death. Chief Goldman, realized that Chief Brickett was not recognized as dying in the line of duty at the NH State Firefighters Memorial in Concord.

Chief Goldman, along with LRMFA Lt. Kevin Nugent, who is also a former Winnisquam

Fire Chief began to research the circumstances of Chief Bricketts passing. Utilizing internet web site archives, 1950’s era town reports, handwritten Lakes Region Mutual Fire Aid meeting minutes, and family interviews they slowly began to piece together Chief Bricketts life, and the circumstances surrounding his death. After several months of research, and tracking down family members descending over sixty years ago,

they had a lot of circumstantial evidence that clearly showed Chester Brickett was the Fire Chief of the Winnisquam Fire Department when he died, but were having a hard time finding official documentation. Eventually, Lt. Nugent came across a torn, leather bound book of meeting minutes from the Winnisquam Fire Department. Within that musty, old, leather bound book was a handwritten page on which was written “This page

to be left blank in memory of our Chief, Chester Brickett. Passed away at the wheel of the F.M.C in the line of duty returning from the home of <unreadable>, South Main Street, Laconia Jan 14, 1954.”

The State Fire Marshall is responsible to officially rule a firefighter’s death, as a “Line Of Duty Death,” the highest honor that can be bestowed upon a firefighter. A label which although solemn, demonstrates a fire-

fighter’s last selfless act to his community.

Chief Goldman, with the help of Lieutenant Nugent submitted all of the documentation they could to NH State Fire Marshall J. William Degan for review.

Marshall Degan has advised Chief Goldman that Winnisquam Fire Chief Chester Brickett’s death has been ruled a Line of Duty Death. Chief Bricketts name will be engraved on a panel, at the NH State Firefighrrers’s Memori-

al in September of 2017 as part of the annual memorial service.

The NH Fire Service Committee of Merit, will also honor Chief Chester Brickett with the “Paul Sypek Medal of Valor” award at their annual awards ceremony on September 25, 2017. The Sypek Medal of Valor is the highest award that can be bestowed upon any NH Firefighter, and is automatically awarded to any NH Firefighter killed in the line of duty.

they also raise their own shiitake mushrooms, produce their own honey, and sell their own farm fresh eggs along with a selection of herbs that can help make any meal special.

DeNutters Delights of Belmont has a wide array of their homemade candles, soaps, body butters and incense to meet all fragrance preferences; all of which make ideal gifts for those shopping early for Christmas. Cherry, Apple and Coconut Lime candles are among the selections popular with women, while shoppers can also find some fun scents like "Puppy Breath" candles along with masculine scents like "Motor Oil" and "Buck Fever" for the men in their lives.

Sweets By Jenny has joined the market in 2017, bringing delicious cupcakes, brownies,

scones and other treats to the table and, for August, Catherine Goodman of Miss Catherine's Threads in Franklin stopped in to not only sell her handmade woolen goods but to give a live demonstration on how she spins the yarn she sells and uses in her crafts.

Redneck Pottery also brought a large selection of handmade plates, dishes, cups and vases to the market from potter Jen Brook's studio in Laconia. In addition to all of that, there were maple products from Todd's Sugar Works in Belmont, wine jellies from Fen Ridge Farm in Loudon, and a booth filled with great used books.

"We have our regulars and then we have guest vendors each month. August and September are a prime time for produce, too, so you never know what you'll find here each month,"

said Olson-Wilder.

Each market day a guest musician entertains the crowd and last weekend everyone was treated to the guitar talents of Gilford High School senior Luke Harding. For the children there are always a few games, some hoola hoops and sidewalk chalk to entertain them as well while the grown-ups shop or visit with their friends and neighbors.

Olson-Wilder said the market also holds a contest where people can enter their best guess on the number of items found in a jar she fills with unique objects each month. The closest entry then wins a special prize.

Belmont's Farmers Market Days will next be held on Sunday, Aug. 27, from 9:30 a.m. until 12:30 p.m., and the final day of this year's market will take place on Sunday, Sept. 17.

wears a tattoo of Fenway Park's famed Citgo sign on his shoulder to celebrate those distinguished accomplishments. He has also participated in triathlons, endurance bike challenges and numerous other sporting events, including a 2002 race to the summit of Mt. Washington.

Welsch even returned to his lifelong passion for swimming. He drew widespread attention with a challenging swim around New York City's Manhattan Island in 1990, then eventually set a goal to swim all of the major lakes in New Hampshire.

Welsch has been an enthusiastic swimmer all of his life and is grateful it is a sport he cannot only continue to enjoy for himself, but encourage others with similar disabilities to take part in as well. Swimming, he said, is his way of showing others that a handicap doesn't mean an end to a lifestyle.

Beginning with the Connecticut Lakes in Pittsburg, Welsch went on to swim the 20-mile length of Lake Winnepesaukee, then conquered Lake Sunapee, Squam Lake and Newfound Lake. The next place to

cross off on his list of New Hampshire waters was Lake Winnisquam.

After training in local pools and ponds in Massachusetts over the winter, he arrived for his second swim on Lake Winnisquam last Friday morning.

Assisting him on the three-and-a-half mile trial run was boat-owner Cliff King of the newly formed Winnisquam Watershed Network and Tom O'Brien of the New Hampshire Lakes Association. The Winnisquam Watershed Network will also provide services for his full swim in just a few weeks.

"This is a real challenge," Welsch said from King's waterfront home in Sanbornton. "Last October, I had rotator cuff surgery and that's something I have to take into consideration this time, but swimming has really helped in my recovery. The most natural thing I can do with my shoulder is to go back to the crawl and freestyle swimming so we'll see how this goes."

Bringing his shoulders back to the swimming motion they have been so accustomed to over the years has made him feel his strength return though and he feels quite confident about the challenge.

"I always get a little nervous when I set out on a swim now, but this isn't like it's the big one in August; it's only half the distance," said Welsch last week.

His good friend Bruce Zimmerman swam along with him however to provide support and encouragement along the way.

"Bruce did really well and stuck with me the whole time on his longest swim ever," he added.

Following that lengthy swim with his friend, Welsch reported that he now looks forward to swimming the entire northern end of the lake later this month.

His swim will begin somewhere between 7-7:30 a.m. on Aug. 17, and he hopes to reach Mosquito Bridge on the Tilton/Belmont town line approximately three and a half to four hours later.

"I hope I can get a tailwind, like the one I had on Newfound Lake that pushed me way ahead of schedule," said Welsch.

The public is invited to join his daughters and friends who will be cheering him on at the bridge that day when he swims his final strokes and crosses yet another lake off his impressive bucket list.

review at this time. If the PILOT Agreement is approved, site plans will be developed and made available to the public for review prior to site plan review with the Planning Board.

The PILOT Agreement is enabled by NH RSA 72:74. The spirit of the statute encourages

and allows municipalities to offer alternative solutions to renewable energy generation facilities regarding taxes. The proposed PILOT agreement is a twenty year agreement and bases the tax revenue on projected net earnings from the sale of electrical energy for the first ten years of the project. The Selectmen and NhSolarGarden.Com, LLC will

review the PILOT after ten years and recalculate the agreement, substituting the actual net earnings for the sale of electrical energy for the projected sales. Analysis will be conducted to see if the PILOT is fair to the Town and NhSolarGarden.Com, LLC. Following the analysis, the PILOT will be adjusted for the final 10 years of the life of the project.

## Mann a shining star Down Under

BY BOB MARTIN

Bob@Salmonpress.news

TILTON — Kyle Mann, a Winnisquam Regional High School junior track star, showed that his athletic ability spans far beyond the Lakes Region by winning the silver medal at the Down Under Track and Field Meet in Australia, a competition where he faced top high school runners from around the globe.

While the competition was fierce, Mann stepped up and beat out roughly 70 other runners from around the world in the 800 meters, and nearly took the gold medal. Mann said he was second in his first heat in the pre-qualifying race on the first day, and then in the finals he barely took second after coming back from being behind.

"I was in fourth for a bit and in the last 200 meters I really sprinted hard and barely took second," said Mann. "I'm very happy."

Mann traveled to Australia with his family and said it was an experience of a lifetime that he will never forget. He was amazed at how nice the locals were and said they were very welcoming. He also said it was interesting that many of them didn't even know

where his home state of New Hampshire was. If the opportunity arises, Mann said he would go back in a second.

Mann was selected to represent the state of New Hampshire on the East Conference Track and Field Team in the 17th annual Down Under Track and Field Meet. Mann left on July 2 and was in Australia for a week at Griffith University. He was one of only two selected from New Hampshire.

His selection and invitation was based on his volunteer actions in the community, high school achievements and athletics, according to a Gofundme page he set up in November to prepare for the trip. Mann wanted to personally thank all who have supported him and allowed him to get to the Down Under.

Mann explained that recruiters contacted him to be a part of the team after seeing him compete. Mann was excited to represent his school and community in a global setting.

Mann ran the 800 meters, 1,500 meters and 4X100 and 4X400 relay races. He said his goal was to get in the low two minutes for the 800 meters and to place in the top 10 for any events. He

ended up with a time of 2:05 in the 800 meters.

His mother called him a "humble young man" who is a high honor student and an excellent athlete.

Humble he is, as Mann said he was very surprised that he was chosen for the team.

"I was really excited," Mann said prior to the event. "At first I wasn't sure, but I found out it was legitimate. So I am super excited and can't wait to go."

This was the first time Mann went to Australia, and he said he not only looked forward to racing but also to seeing koala bears and kangaroos. Julie Mann said Kyle was able to hold a koala bear, something that she said was one of the most memorable parts of their three-week trip to Australia.

Julie Mann said it was amazing how Australia was, calling it a "beautiful place" and that she would go back in a heartbeat. They were along the coast and got to do whale watching, seeing whales coming from Antarctica.

"It was simply amazing," she said.

The preparation for the event was rigorous. Mann was working hard, running every day and pushing himself as

hard as possible. He said he had been running long distance and also sprinting.

"I've been running so much," said Mann prior to the event. "Just trying to keep in shape."

Going into the event, Mann had a mixture of excitement and nerves. He said it was a strange feeling not knowing exactly what he is going into and how he will stack up against some of the athletes around the globe, but he is confident he will do well.

"I think most of these kids will be really good, but I'm excited to go out there and compete," said Mann.

Compete he did, and now Mann looks forward to his junior year at Winnisquam Regional High School where he hopes to continue setting personal records

## Belmont gearing up for annual 10-mile race

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT — For nearly a half-century, residents of Belmont and beyond have been participating in the 10-mile road race during Old Home Day. This

year the town celebrates the 49th anniversary of the event on Aug. 12, and around 80 runners are expected to hit the streets amidst cheering townsfolk.

The race, which event planner Gretta Olson-Wilder said is quite challenging at points, begins on Concord Street and finishes near town hall on Main Street. It is a USA Track and Field sanctioned event that is timed by Yankee Timing Company and 3C Race Productions.

Olson-Wilder said the race tends to attract runners ranging from high school to up-

wards of 70-years-old. She said some people do this to qualify for other races, as it is sanctioned, but there are others who are just trying to knock something off their bucket list.

While she hasn't run the race herself, she has walked the route and can understand why people like it so much. It is not only challenging, but provides for good scenery with a tough hill at the end of the race.

"Bean Hill Road is a tough part of the race," said Olson-Wilder. "This connects Union

# Nor'Easters continue to make progress

BY BOB MARTIN  
Bob@Salmonpress.news

CONCORD — The Nor'Easters 14U softball team may not have been big time winners throughout the summer, but coach Bill Clary said he was happy with the effort of his team.

"The last thing I left them was that I hope they all learned more things coming into the season than they did coming in," said Clary. "That's all we can ask for. I saw a lot of progress with them and hopefully they all continue to play."

The team went 1-1-1 in the Nor'Easter Classic that took place from July 21-23, which Clary

said was good for them as they played some great teams.

The Nor'Easter Classic had 55 teams and all three Nor'Easter teams played in front of a home crowd in Laconia on the opening night. Clary said per usual there was incredible talent displayed in the huge tournament, and he was pleased with his team's play.

The first game wasn't their best against the Lady Cannons, Clary said, as they came away a loss. Kelley Allen of Belmont was on the hill and she let up six runs on eight hits in a 6-1 loss. That game Emma Cochran of Canterbury

went 2-3 with a run to lead the offense.

The Nor'Easters bounced back in the second game against the Vermont Chaos. They were losing 3-0 in the fourth inning until scoring five runs. Nora Dunleavy of Laconia, Kara Stephens of Belmont and Hannah Max of Winnisquam provided hits in the onslaught. The Chaos then came back and scored three runs to go ahead by a run, but in the fifth inning the Nor'Easters tied up the game. Stephens led off the inning with a double and was later knocked in by Allen on a fielder's choice. The game ended in a 6-6

tie. Nyla Dame was on the mound and let up six runs on 12 hits while striking out five.

The third game was a 6-2 win against the Legends. Morgan Hall of Belmont was on the mound and let up four hits, two runs and six strikeouts. Offensively they were led by Rebecca Fleming who went 2 for 3 with three runs scored. Max was also 2 for 4 with a double.

Gwen O'Keefe also had a great putout from the outfield.

The final game was against the Westford Waves and they lost 7-0.

"Overall was a very successful weekend for

us," said Clary. "They played well. I'm happy about how they played. I think their hard work is paying off. They are starting to get their fundamentals down. They played some competitive games."

Clary said the great thing about his team is that everyone seems to be chipping in every week.

"Every week it is someone different getting a hit or making a nice defensive play," said Clary. "They play well together."

In last weekend's Caroline Farley Tournament in Concord, the Nor'Easters had a good start, rough middle and

finished strong. They went 1-3 on the weekend, which included an 8-2 win the first night, a blowout 16-0 loss on the second day and a close 7-4 loss to wrap things up.

The star of the tournament for the Nor'Easters was Cochran, who hit .350 on the weekend.

"She had a heck of a weekend," said Clary.

He added that Hall and Dame pitched the bulk of the innings and had quality time on the hill.

"This is a young team here, with only three qualifying for 16 U," said Clary. "I hope they all come back out for tryouts on Saturday."

BOB MARTIN

Shawn Garrett is coaching his final season with the Nor'Easters this summer and said he was very pleased with the effort and sportsmanship of his squad.

# Garrett pleased with effort from Nor'Easter squad

BY BOB MARTIN  
Bob@Salmonpress.news

CONCORD — The Nor'Easters 16U softball team had its ups and downs this summer, but coach Shawn Garrett said he has been pleased with the progression of the team and that there was steady improvement throughout the

short season.

The team had a tough going in the Nor'Easter Classic that took place July 21-23, only winning one game in pool play, but Garrett said it has been a great summer for his softball squad, which included several girls from Lakes Region high schools.

This year's squad consists of players from seven different high schools, coming from as far away as Vermont. Coming from Lakes Region Schools included Taylor Morrell of Laconia and Liz Fleming of Belmont. Garrett was the coach of the junior varsity softball team at Gilford High School, and attracted a number of players from his school including Tricia Jarry, Emily Smith, Randi Byars, Nicole Daigneault and Karly Sanborn. Jade LaSalle represents Inter-Lakes High School, and Garrett said she has done an outstanding job on the mound.

Garrett said the Nor'Easter Classic was great for the team to play in front of the

home crowd, but he had wished the team had fared better as they went 1-3.

Garrett said on Friday night the team came out cold, but on Saturday they came out with more energy and beat the New England Legacy 5-3 for their only win.

"We played some good ball after Friday night," said Garrett.

Friday's loss was 5-0 to the Barrington Blaze. They won 5-3 on Saturday in the first game against the Legacy, but then lost to the Xplosion 9-3.

In a bizarre incident, the team lost a game against the New England Storm that they technically should have won due to a scorekeeping snafu. Garrett explained that on Sunday

the normal parents that do the book were selling t-shirts and working fields, so he had a player doing the book.

He said in the bottom of the seventh inning the game should have been 4-3 in favor of the Nor'Easters, but the player who was doing the book went up to bat and never marked a runner that scored. So instead, the game stayed at 3-3.

This led to a 4-3 loss for the Nor'Easters in extra innings, and it cut the tournament short for the Nor'Easters.

"I take responsibility for that," said Garrett. "It was just a strange thing. Definitely a first."

In last weekend's Caroline Farley Tournament, the Nor'Easters didn't fare well by going 0-4. He said they played the Comets, a 14U team that has been playing beyond belief. They beat the Nor'Easters 16-0 and Garrett said they scored 7 runs in three games. The Comets were defeated this summer.

"They are really something else," said Garrett. "I've never

seen anything like it playing at a level two years higher."

The Saturday games were 8-7 and 4-3 losses, and Garrett said the team played well but just not well enough to win. The final game was a 9-4 loss, and again, Garrett said they had a good game but couldn't come away with a win.

"They hit well," said Garrett. "It wasn't like we fell apart. They just got their base hits and capitalized."

Garrett said the team has had an up and down summer. They have had great pitching but there have been some errors in the field. However, he said he was happy with the overall effort put in by his squad, and most of all he was happy about their sportsmanship.

"Every single game, but one, we had players and coaches from other teams pulling us aside to tell us how great the sportsmanship was," said Garrett. "I even had a grandma tell me. You just don't get that all the time. That is something that makes a coach proud."

Lars Major breaks for second during his team's game last week in Manchester.

## Post 72's season ends in state tournament

BY JOSHUA SPAULDING  
Sports Editor

MANCHESTER — After dropping the opening game of the Junior Legion state tournament on Thursday, July 27, the Alton Post 72 squad faced elimination against Dover on Friday morning at Gill Stadium in Manchester.

Dover pushed across one run in the second and three more in the third to open up a bit of a lead before blowing things open in the fourth on the way to a 10-2 win, ending Alton's season.

Garrett Smart got the start on the hill for Alton and worked around an error in the first inning, thanks in part to Austin Garrett's great grab of a high throw at first base.

Alton went in order in the bottom of the inning and Dover was able to put together a couple of hits to plate a run in the top of the second inning,

though good defense kept Dover from scoring any more. Austin Didsbury made a nice grab in center field and catcher Ryan Dube threw a strike to Noah Sanville at third to cut down a Dover running stealing third base.

Dube reached on an error to open the bottom of the second inning, but he was eliminated on a 1-6-3 double play and Alton remained scoreless through two innings.

Dover put up three more runs on the board in the top of the third inning. After a lead-off double, Smart got a strikeout and a pop up to Garrett at first base but a walk, a base hit and an error allowed two runs to score and then another walk and a wild pitch made it 4-0. Dube helped get his team out of the inning, as he caught a runner stealing second to end the frame.

Lars Major worked a walk to open the bottom of the third inning and he stole second base, but he was stranded there as Alton still kept looking for its first hit of the game.

The top of the fourth inning saw a walk and a base hit get things started and then a homer to the deep fence in right field plated three more runs for a 7-0 lead. Coach Gary Noyes summoned Disbury to the mound and he retired the next three batters to get out of the inning.

Alton got on the board in the bottom of the fourth inning. Colby Brown hit a pop up to open the inning but the Dover shortstop lost it in the sun and it fell behind the mound for the first hit. He then stole second and third and scored when Dube ripped a shot to the hole at shortstop and the throw went wide

of first. Didsbury was hit by a pitch to keep the inning going but Alton could not get another run home and trailed 7-1 after four.

Dover continued to open the lead in the top of the fifth inning. A walk, wild pitch, stolen base and base hit plated another run and then another error allowed the ninth run to score. Didsbury hit a pair of batters but got out of the inning without any more runs scoring.

Alton went in order in the bottom of the fifth inning and Brown took over on the mound in the top of the sixth inning. He surrendered a double and a base hit to plate another run, while Ryker Burke made a nice grab at second, going back into right field to snag a pop fly.

Brown led off the bottom of the sixth inning with an infield hit

and Garrett was hit by a pitch. One out later, Smart had a base hit to plate another run and Didsbury was hit by a pitch again to keep the inning going. However, Alton could not get anyone else across the plate.

Brown worked around a one-out walk in the top of the seventh inning but Alton went down in order in the bottom of the seventh and Dover took the 10-2 win.

While the end came sooner than he would've liked, Noyes praised his team's growth.

"They've progressed

and that's what we look for," Noyes said. "We have some good ball players and they played some good baseball.

"I'm proud of them overall," the Alton coach continued. "With all the leagues out there, it can be tough, it's a commitment to play here for six weeks."

He also noted the new pitching rules allowed him to get a lot of people action on the mound during the season.

## Dragons hosting tryouts on Aug. 13 in Laconia

LACONIA — The Dragons USA Softball open tryouts are being held on Sunday, Aug. 13, at Woodland Heights Elementary School, located at 225 Winter St. in Laconia. A parent or guardian must be present to fill out the tryout packet. Tryouts are free.

Tryouts for 10U players will be from 9 to

10:30 a.m., 12U will try out from 10:30 a.m. to 12 p.m. and 14U will try out from 12 to 1:30 p.m. Any 16U player should e-mail to schedule a tryout.

USA Softball, formerly ASA, gives players that love the game on opportunity to play longer in the summer and at a higher caliber of play on a travel team.

USA also only allows certified coaches and patched umpires so it is the next level of play.

The Dragons believe at the 10U and 12U level, girls shouldn't have to choose between playing for their local leagues or USA. They went them on the field as much as possible to foster competitive future high school teams.

Therefore, these teams will have tournaments after the closing of the local league season. They will have practices, however, will work closely with local leagues to avoid conflicts.

If you have any questions, e-mail dragonsasasoftball@gmail.com or kellisargent@outlook.com.

Road to Seavey Road by the high school. It is a long hill up and a long hill down."

She also said it is popular due to its lengthy history, and the fact that it ties in with Old Home Day.

Olson-Wilder said it is a great event to kick off the Old Home Day, which normally attracts a large crowd of local residents. There is a parade that is always well attended, and people can kick back and relax while listening to music or getting a bite to eat from the midway. Local organizations and school groups take care of the majority of the food vending, and there are others selling souvenirs, clothing, jewelry and more.

There will also be the annual Belmont Fire Department chicken barbeque, which is always a hit among the residents, as well as the fireworks and music by the B Street Bombers.

Runners are asked to arrive by 8 a.m. for final registration and number at Belmont Middle School. Those racing will get a com-

memorative t-shirt. The race starts at 8:30 a.m. sharp.

Following the race there will be prizes for each division, race results and other awards once the last runner

finishes. The ceremony will be near town hall at the finish line.

**Campton, NH** - Imagine yourself relaxing at the end of a long day on your deck looking out at the most beautiful sunsets coloring the sky pink, orange & red. Whether it's on the full length mahogany deck or sitting around the fire pit in the fenced in yard, there are not too many places that you'd rather be at sunset. The interior of the house has recently been updated with new flooring, new baths and a new kitchen. As you walk into the home there is a laundry room/ mud room to left and an open, flowing kitchen to the right. Large west facing windows fill the house with natural light and create a warm and inviting feel. The dining area and living room are open to the kitchen and there is a TV room/den off of the living room. A wood burning stove crackles in the corner on those cold winter days filling the house with a wonderful radiant heat. There are two bedrooms, a totally redesigned full bath and a loft office on the upper level. The office looks out through a gorgeous picture window out to the mountains to the west. The walkout lower level has a third bedroom, currently set up as a great workout space. The house has central air for those warm summer days, on demand hot water with a marathon back up, a new forced hot air furnace, a roof that was replaced in 2014 and a setting that simply can't be beat.

 Public Hearings Notice  
 Community Development Block Grant Project

The Ashland Board of Selectmen will hold three consecutive Public Hearings on Monday, August 21, 2017 at 6:30 p.m. at the Ashland Fire Station, 9 Main St, Ashland, NH. Community Development Block Grant funds are available to municipalities through the NH Community Development Finance Authority. Up to \$500,000 annually is available on a competitive basis for public facility and housing projects, up to \$500,000 for economic development projects, and up to \$350,000 annually is available for emergency activities. Up to \$12,000 is available per planning study. All projects must primarily benefit low and moderate income persons. The public hearings will hear public comment on the following:

1. A proposed application to the Community Development Finance Authority for up to \$500,000 in Community Development Block Grant funds. The town will retain some of the CDBG funds to cover administrative expenses and sub-grant the bulk of the funds to Laconia Area Community Land Trust, Inc. for rehabilitation of 40 existing units of affordable housing at Harvey Heights (also known as Ledgewood Estates Apartments), Ledgewood Lane(off Avery Street) in Ashland, New Hampshire. The rehabilitation project will improve health and safety conditions on the property, provide energy efficiency and renewable energy upgrades to enhance long-term affordability, and improve the exterior appearance of the property. The apartments will remain affordable for low and moderate income individuals for a minimum of 20 years.
2. The Housing and Community Development Plan, and
3. The Residential Antidisplacement and Relocation Assistance Plan.

For persons with special needs, provisions can be made by contacting the Town Administrator's office, via telephone (968-4432) or mail, at least five days prior to the public hearing.
