Tilton voters overwhelmingly support land purchase

BY DONNA RHODES

drhodes@salmonpress.news

TILTON – Last Saturday's town meeting saw less than five percent of all registered voters in attendance but they engaged in lengthy discussions as they deliberated the seven articles on the 2019 town warrant.

The proposal to

buy 4.586 acres of land on Sanborn Road for \$350,000 was the first of the discussions held, and after hearing a presentation from the committee that spent 18 months searching for the right piece of property, it eventually just came down to dollars and "sense."

An amendment to

buy the property outright came from resident Scott Davis when voters learned it would save

\$6,500 in interest fees should they agree to take out a five-year bond note.

Dick Olson of the Bud-

get Committee agreed, saying, "If we're going to vote for it, let's pay for it."

The amended article passed with near unanimous approval from the

Belmont voters reject bond request iron and manganese treatment plant

BY DONNA RHODES

drhodes@salmonpress.news

BELMONT – Voters in Belmont were quite agreeable about their 2019 warrant this year, with only one exception, the request for a \$3.1 million bond to build an iron and manganese treatment facility. Since the First Deliberative Session held in February, many residents felt there was a better solution to the water treatment issues, and by a vote of 287 in favor and 342 opposed, the article failed to meet a required three

fifths majority. A second three fifths majority vote did pass however when voters said yes to rescinding a March 11, 2014 bond authorization that was never issued, with a 447-170 vote tally. The bond for \$76,145.46 was intended at that time for town-wide water meter replacement.

An amendment to the Special Revenue fund, known as the Fire/Ambulance Equipment and Apparatus Fund, was approved by a more than two thirds majority.

NORTHFIELD – Residents in Northfield

gathered last Saturday morning to hold their annual town meeting, where they approved

all 12 articles presented with just two amendments made, one to a request establish a new

trust fund and another to a petitioned article looking to help prevent the possibility of voter fraud through absentee ballots.

In a meeting that lasted just a couple of hours, voters said yes to conveying their half-ownership of Island Park to the Town of Tilton, placed \$350,000 in the Road and Bridge Reconstruction Capital Reserve Fund, then discontinued the Sandogardy Pond Road SAR Capital Reserve Fund and transferred money in that account to the town's general fund. They also approved placing \$75,000 in the Highway Equipment Capital Reserve Fund, \$9,000 in the Facility Emergency Repair Capital Reserves and \$10,000 in the Computer Replacement Capital Reserve Fund. Voters then approved a request to withdraw \$25,892 from

During the Sanbornton Town Meeting last week, Budget Committee members held up their voter cards to vote against a \$50,000 increase amendment to their recommended 2019 budget.

Town office bond proposal rejected by Sanbornton residents

BY DONNA RHODES

drhodes@salmonpress.news

SANBORNTON – The Sanbornton Town Meeting lasted four and a half hours this year, as voters discussed many topics, including a request for a \$4,998,120 bond issuance for the construction and reconstruction of the town offices, police and fire station.

Selectman Katy North started the meeting by reminding the overflow crowd in attendance that the design they received for the buildings was only a conceptual design and that the cost given to them by Bonnette, Page & Stone contracting company was a capped price. Following a presentation of the design

by architect Evan Moulton of Port One Architects and Keith McBey of BPS, longtime residents spoke on the many options that various committees and boards have weighed over the years. Many felt the time was right to move forward with this plan. Others begged to differ though. While acknowledging

that the police department in particular had some major safety concerns with their shared office space in the Life Safety Building, they said they could not see bonding that amount of money for the projects proposed.

Budget Committee chairman Craig Weisman said his committee

did not support the plan either, for many reasons.

"There will be an estimated \$2.1 million in interest payments over 20 years, a period longer than any previous town debt," he read from a handout sheet his committee gave to voters. "Another cost not included in Article 1

Tilton/Northfield

Coming in May**

Cooking Matters - Free Six-Week Cooking Course for Families

Class Dates: May 2, 9, 16, and 23 and June 6 & 13 Time: 5-7 p.m.

Do you spend too much time worrying what's for dinner? We can help. You want the best for your family, but time, money, and picky eaters can make it hard. Join us for this 6-week cooking course and learn how to make easy, healthy and affordable meals. All participants will prepare and enjoy a full meal each week AND receive a take-home grocery bag with all ingredients to recreate the meal. Registration is required and weekly attendance is expected. Contact the library for more information or to register.

This program is partially funded by USDA's Supplemental Nutrition Program as part of SNAP-Ed, brought to you by Cooking Matters®.

April is National Poetry Month and we have a month-load of activities planned for poetry lovers of all ages. See below for more information on how you can participate in group and individual poetry happenings.

April 8 through the 13 is National Library Week

Libraries = Stronger Communities and we have a couple of activities planned with community connections in mind. First, show your

pletely Fine" by Gail Honeyman - Meet Eleanor Oliphant: She struggles with appropriate social skills and tends to say exactly what she's thinking. Nothing is missing in her carefully timetabled life of avoiding social interactions, where weekends are punctuated by frozen pizza, vodka, and phone chats with Mummy. But everything changes when Eleanor meets Raymond, the bumbling and deeply unhygienic IT guy from her office.

When she and Raymond together save Sammy, an elderly gentleman who has fallen on the sidewalk, the three become the kinds of friends who rescue one another from the lives of isolation they have each been living. And it is Raymond's big heart that will ultimately help Eleanor find the way to repair her own profoundly damaged one. (Amazon)

by Christina Baker Kline Penobscot Indian Molly Ayer is close to "aging out" of the foster care system. A community service position helping an elderly woman clean out her home is the only thing keeping Molly out of juvie and worse... As she helps Vivian sort through her possessions and memories, Molly learns that she and Vivian aren't as different as they seem to be. A young Irish immigrant orphaned in New York City, Vivian was put on a train to the Midwest with hundreds of other children whose destinies would be determined by luck and chance. Molly discovers that she has the power to help Vivian find answers to mysteries that have haunted her for her entire life—answers that will ultimately free them both.

Rich in detail and epic in scope, "Orphan Train" is a powerful novel of upheaval and resilience, of unexpected friendship, and of the secrets we carry that keep us from finding out who we are. (Amazon)

Compass Classical students put the "fun" in fundraising

BY DONNA RHODES
drhodes@salmonpress.news

FRANKLIN — Boys and girls participating in the Live Action Role Play program at Compass Classical Academy Charter School in Franklin held an action-packed fundraiser last weekend where children and adults alike teamed up in a safe and light-hearted game of Nerf Gun Wars.

Beverly Learned, who co-chairs the school's LARP program with Toni Booth, said money raised by the event would help students earn money for their upcoming role play event, scheduled this year to

take place at Clark's Trading Post.

As a substitute for drama, the young boys and girls work throughout the school year to develop a character suitable for that year's role-play theme. They then research how their particular character should be portrayed, come up with an appropriate name, buy

"Under the Influence" by Joyce Maynard - Drinking cost Helen her marriage and custody of her seven-year-old son, Ollie. Once an aspiring art photographer, she now makes ends meet taking portraits of school children and working for a caterer. Recovering from her addiction, she spends lonely evenings checking out profiles on an online dating site. Then Helen meets Ava and Swift Havilland: wealthy, connected philanthropists. Their home is filled with fabulous friends, edgy art, and dazzling parties. Helen increasingly falls under the Havilland's influence—running errands, doing random chores, questioning her relationship with Elliot, a kind, quiet accountant who offers loyalty and love with none of her newfound friends' fireworks. To Swift and Ava, he's boring. But even worse than that, he's unimpressed by them. Eventually Ava and Swift hold out the most seductive gift: their influence and help to regain custody of her son. But the debt Helen owes

WINNISQUAM ECHO

Welcome to Winterspring

There are certain "holidays" that seem to have grown in scope and popularity in the last decade, and all of them take place in the long, cold, unpleasant stretch of time between December and Memorial Day. This is certainly not a coincidence. We need incentives. We need parties. We need themed food. Whatever it takes to get us to the finish line of this chilly season, we seem prepared to embrace with enthusiasm.

Valentine's Day is obviously very long-standing, and has been celebrated in February for centuries. Countless kids have depended on this mid-winter candy infusion, thanks to the tradition of handing out cards and sweets in school. But there has also been a recent advertising push to celebrate not just romantic relationships but also friendships, opening up the holiday (and purchasing power) of all people everywhere.

But what to make of the astonishing popularity of Groundhog Day? Across the country, people wake up wondering if the groundhog saw his shadow and then spend the rest of the day trying to work out whether it's a good or a bad thing. Thankfully, the "holiday" aspect of this one stops there. (Would anyone really want to experience a groundhog-themed dinner?)

Also, for mathematically-minded folks, there is Pi Day – March 14. The ratio of a circle's circumference to its diameter is approximated by the number 3.14 – also known as Pi. And on Pi Day, one must obviously eat pie. This will be mentioned and marketed for days preceding the actual date and bakeries and pizza places will likely enjoy an uptick in sales. As far as food theming goes, Pi Day is a clear winner.

St. Patrick's Day on March 17 provides a much-needed reason to celebrate in a month that might meteorologically be "spring" but we Granite Staters know to really be the 4th month of winter. The North American celebration of the feast day bears little resemblance to the religious holiday in Ireland, but it's a true oasis of green amid the browns and grays of March.

March also brings one of the longest-running and most time-consuming "celebrations": NCAA basketball March Madness. Brackets, seeds, play-in games and picks are the talk of offices, dinner tables and sports bars everywhere. And just when this reaches its thrilling conclusion, April is upon us and the end is finally in sight. Next up: Kentucky Derby and Cinco de Mayo – and then finally...summer. We shake our heads and marvel that we made it through another winter and wonder how in the world we survived. One glance back at the calendar – and our grocery lists - will remind us.

PET OF THE WEEK

MINKY

Since October this utterly precious 7-year-old beauty has been staying with us, waiting ever so patiently for you to come and take her to her forever home. Minky came to us when her previous caretakers could no longer care for her and her two sisters due to a move. This girl has been through a lot of ups and downs in her relatively short life and deserves a stable home to get her groove on and show just how cool it is to be a cat. Sweet, timid and shy, or like any good cat, discerning. Once Minky warms to that right human you will find that she's got the perfect cat class and cat style with her sassy proud walkin' jingle in the midnight sun attitude. Minky's deep soulful green eyes are the kind you'd like to melt into for a thousand years and still want to share more life with this sweet feline.

LETTERS TO THE EDITOR

Sanbornton's elderly and handicapped are being passed over

To the Editor:

The Sanbornton Select Board proposed an operating budget of \$4,198,516 for the upcoming fiscal year at Wednesday night's Town Meeting. Following a short discussion, the proposed budget was voted on and passed by approximately 100 voters.

We have a full time Police Department, full time Fire and Life Safety Department and a full time Highway Department. There have been billions of dollars spent by towns, states and Federal governments, not to include the private sector, to conform to all of the Civil Disabilities Acts requirements enacted by Congress. We hear all kinds of media rhetoric in regards to folks being discouraged and/or even prevented from voting. Now think about that or a minute. OK, time's up! Wouldn't you think that

with all the Sanbornton tax dollars spent in the form of salaries, at least one Department Head would have thought through the need to shovel, salt and sand the walkway and handicapped parking area at the Town Hall on Voting Day this past Tuesday? So much for safety!

The good news is, if some elderly or handicapped person slipped, fell and was injured on the ice and snow, one of our two ambulances was only a quarter of a mile away. So much for safety! The sad thing is that this is only a symptom of a much greater problem in the upper management of the Town of Sanbornton.

Life's defining moments

BY LARRY SCOTT

I had just resigned as Pastor of Trinity Temple. It had been a long and difficult ten years, and I was burned out. It seemed so right at the time, but it was a disaster — for my family, for my congregation, and for me.

A week later, just prior to the beginning of our next worship service, I was approached by one of the leading men of our church.

"Pastor," he said, "would you consider a sabbatical? Would you consider taking some time off and thinking this through?"

The offer took me completely by surprise. It was an alternative I had not considered. Without giving it the thought it deserved, I rejected the offer. It was the first of three defining moments I would encounter in the next two years, each of which changed the course of my life.

The second defining moment came some months later.

A friend, the owner of a real estate firm, invited me to become their sales manager. The job suited me well, and it would have been ideal. I went to their office, unannounced and without an appointment, to discuss the matter. But they were in conference. Instead of waiting and setting up an appointment, I walked out. I never returned, and they never renewed the offer. It was my second defining moment, another decision that also might have changed the course of my life.

What do you do when you face a defining moment and do not take advantage? It happens to us all. If we could only live this life over again, how different it would be! But we can't. The past is past; we must live with the consequences.

You would think that, having made such a mess of things, God would have left me to my folly. But not so. When I had learned the lessons I needed, God intervened, and I encountered a new, equally life-changing, defining moment.

In 2004, after several short-term jobs and fourteen years of living on the road as a long-haul trucker, I remarried the sweetheart of my youth. We retired, settled down near our family, and I am finally able to fulfill a long held-dream of mine: I have become a writer.

It is telling that, as difficult as the last thirty years have been, they have not been wasted. Out of the chaos of my life, something good has emerged. My writing reflects a perspective I did not have prior to that first, fateful, defining moment.

I am not sure how to advise those for whom God is not an active force in their lives. It is not possible to become the person we were created to be without the strength and direction that comes with knowing God. We can all learn from our mistakes, but fundamental changes to our basic nature come only through Jesus Christ.

The Bible says, "We know that in all things God works for the good of those who love him, who have been called according to his purpose." In the words of Mark Batterson, "It's never too late to become what you might have been."

We serve a God of second chances. If we are prepared to walk with him, he will stay by us. God is able, and willing, to take us from where we are, as we are, and of our lives, bring about something good. Hang in there... hold steady... the best is still to come.

Some great wisdom is found in a letter from Mr. Hardwick

By JOHN HARRIGAN
COLUMNIST

Dear Rueben,

This is one of my favorite times of year, as I know it is for you. You have been gone a pretty long time now, so I may well sneak a

few seasonal reminders into this letter along with the usual news about family and friends.

You know how at some point in the first couple of weeks of March you can almost feel the snowpack go "whump!" and you lose some elevation and then you're standing on a couple of feet of cement? The fluff is gone and you've got two or three feet of corn snow. At least that's what we called it back in our skiing days. Corn snow, you know--skiing in bathing suits.

Remember those days, Rube, when my

brother helped clear the trails at Wilderness and my Mom had one of the first season lift tickets and she used to pack a big picnic lunch for us so we could scrounge up the money to ski? We ate it up there in the rafters, earning a certain temporary loss of social status but to us the best seats in the house.

How could they afford it--the big families that drove all the way up from towns around Boston because they loved the Wilderness so, for its smallness and friendliness and even just for its being so far away? And we wondered,

with a certain horror, what the ride home was like.

Those were the days. We had legs like hard rubber and could ski down the mountain in ten minutes flat and ski right up to the lift line and practically get onto the lift by sheer momentum. And remember how in the early years if there was ever anything even approaching a long line the Lodge crew felt bad about it and brought out trays of hot chocolate?

Whenever I'm down below, people ask me about the Balsams. How would I know? I'm just a syndicated col-

umnist these days, not involved in news, so I have no idea whether a shovel will ever turn there. Oh, I could find out, if I ever turned my sleuths loose.

But really, is it ever going to open again? Where's the smart money on that one, Rueben? Well I certainly don't have a clue, but it's been what, seven years now, and empty and unheated buildings don't age so very gracefully.

On the other hand, they've kept everything mowed, the golf course too. Go figure.

That golf course. What a killer. Got my first real job there, caddying. Oh, Ron Lawton and I formed a little company and used a scoop and shovels to earn our first real money, but that didn't count, because we were just kids, maybe ten, eleven. He lived on Merrill Street, I lived on Park. We just bumped into each other one day and formed a snow removal company.

We got 25 cents for a front walk and a dollar for a driveway. People like Andrew George and Claude Linnell were our best customers, good tipplers and always taking the time to talk.

It is worth pointing out here, I guess, that on school days we got up and did half our walks and driveways early, before breakfast, and then

ran home (literally) for breakfast, and finished up the rest on the way to school, or with more tolerant customers, on the way home. I only include this information because Uncle Fudd, who had a distinctly dim view of current younger generations' work ethic, said I should.

Anyway, hey, speaking of corn snow I saw the very second snow spider of my life, right there on a snowbank near the mailbox. I managed to lean down so I could see it silhouetted against the trees, and I rummaged around for my glasses so I could see its little tiny heart beating and the clear fluid going around in its transparent frame. An incredible thing.

You know, Rueben, some people don't think snow fleas and snow spiders exist. Probably don't know about ice worms, either, or the eastern cougars that refuse to become officially extinct.

But hey, it's the last day of winter, so let the mud fly! I'm ready, my truck too!

Fenton Hardwick

although it's a smaller role, Gingy has a big personality."

Ryan Witham, a Senior at Gilford High School, has been accepted to PSU this Fall, majoring in music education. He will be portraying the wooden boy Pinocchio. He has loved creating the voice for this character.

"It is fun to play a not so confident person," he says.

Pinocchio starts off as a meek character, but as the show progresses he becomes more strong and takes initiative to stand up for himself.

Tackling the role of Dragon is Kristi Laurrendeau, a software tester for the Department of Health and Human Services, State of New Hampshire. She loves her character and feels that the musical gives

the characters a little more depth and more to their backstories than the film.

"This show has lots of throwback moments to musicals of years past," says Laurendeau.

When asking the cast what audiences will take away from the show, their answers were very similar. Alward remarked, "they'll expect a good time, some entertainment and a bit of off color humor, which the show has, but I think it has a greater message than the movie. The musical teaches that it's okay to be yourself, no matter who you are."

"Shrek: The Musical" brings the characters you know and love from the film to life on the stage, proving that like onions and ogres, there are "layers" to every story. It's a "Big

Bright Beautiful World" in Far Far Away and this show is sure to entertain the entire family.

Join us, April 26-28 at the Inter-Lakes Community Auditorium, tickets are available online at www.streetcarcompany.com.

"Shrek: The Musical" is presented through special arrangement with Music Theatre International (MTI). All authorized performance materials are also supplied by MTI. www.MTI-Shows.com

Ray Harris Bacon, 85

FRANKLIN — Ray H. Bacon, 85, a long-time resident of Franklin, died on Saturday, March 9, 2019 at Concord Hospital with his family by his side.

He was born in Dummer on March 8, 1934, the son of Edgar and Mildred (Silver) Bacon. Ray was a U.S. Army Veteran serving during the Korean Conflict from March 18, 1952 to March 15, 1955, earning the rank of Private First Class. Ray owned his own flooring business, Ray's Carpet, for many years in Franklin. He was a lifetime member of the VFW Post #1698 in Franklin, and a long-time member of the American Legion Post #49 in Northfield. Ray was an avid collector of many things including antiques, guns and swords. He also en-

joyed woodworking and building birdhouses.

Ray was predeceased by his wife, Beverly Mae (Hart) Bacon, who died on April 2, 1993.

His family includes his two daughters, Deborah J. Flanders and Susan I. Woods, both of Northfield; a son, Gary F. Bacon of Hill; his seven grandchildren and six greatgrandchildren. He is also survived by his two brothers, Carl

Bacon of Stark and Donald Bacon of Dummer, and his many nieces and nephews.

According to Ray's wishes, there will be no calling hours planned. A funeral service with military honors was held on Wednesday, March 20, 2019 at 11 a.m. in the chapel of the New Hampshire State Veterans Cemetery in Boscawen. Burial for both

Ray and his wife Beverly was held following the service.

Memorial donations in memory of Ray, may be made to the American Heart Association, P.O. Box 417005, Boston, MA 02241-7005.

The William F. Smart Sr. Memorial Home is assisting the family with arrangements.

Stephen Robert Smith, 71

SANBORNTON — Stephen R. Smith, 71, a longtime resident of Sanbornton, died at his home on Friday, March 8, 2019.

He was born on May 25, 1947 in Melrose, Mass., the son of Arthur and Esther (Phipps) Smith. Steve was employed as a meter reader for the former PSNH and now Eversource, retiring after 27 years of service. He was an avid gun collector. As a dog lover, Steve made friends with dogs before most people. He was known for having dog treats in every pocket.

His family includes his daughter, Nicole Polish, and her husband Scott and their daughter Natalie of Northfield; his two

sons, Kyle and his wife Diane Smith and their children, Macayla and Corbin of Washington, Corey and his wife Sarah Smith and their sons Owen and Arthur of Alexandria; his former wife, Mona L. Smith of Sanbornton; his three stepsons (Jesse and his wife Sarah Chase and their son Brayden of Boscawen, Tristan Chase of Alex-

andria, Beau and his wife Jacqueline Chase and their sons Hunter and Silas of Sanbornton); his two brothers, Dave and his wife Kathy Smith and their son Dan E. of Coppell, Texas and Phillip and his wife Sharon Smith of Howard, Kan.

According to Stephen's wishes, there will be no calling hours planned. A celebration of his life will be held on Saturday, March 23, 2019 at 2 p.m. at the William F. Smart Sr. Memorial Home, 584 West Main St. (Franklin-Tilton Road) in Tilton. Burial will be held at a later date.

In lieu of flowers, memorial donations in memory of Steve may be made to the Franklin Animal Shelter, P.O. Box 265, Franklin, NH 03235.

Gilda's Club 101: Because no one should go through cancer alone!

Learn more about this community where support, workshops, education and social activities empower those living with cancer

LACONIA — Gilda's Clubs, named after comedian and original "Saturday Night Live" cast member Gilda Radner, offer a homelike setting for people, who have cancer and their families, to join for support groups, education, socializing or just to sit and read.

Radner, who died from ovarian cancer

in 1989 at the age of 42, said the disease gave her "membership into an elite club I'd rather not belong to." The first Gilda's Club opened in New York City in 1991. It is now part of the international Cancer Support Community, which has more than 170 locations in four countries. Pat Anderson, Cancer Survivor

and Gilda's Club New Hampshire President, is well on her way to bringing one to Laconia — the next nearest one is in Montreal.

Anderson says, "We will create a welcoming community, a place to go for free support for everyone living with cancer—men, women, teens, and children—along with their families

and friends. An essential complement to medical care, our innovative program will provide networking and support groups, workshops, education and social activities."

Join the founding group for an evening of education, conversation and excitement

around the inception of a local Gilda's Club. Gilda's Club 101 will offer individuals and families the opportunity to learn how the project is progressing. You, will not be asked for a donation at the meeting. Learn how Gilda's Club will help you and your family

navigate through the challenges of life with cancer. Hear about Gilda's Club New Hampshire in Laconia Library's Rotary Room on March 25 at 6:30 p.m. For more information, contact 387-6775 or email info@gildasclubnh.org.

Laconia Christian Academy prepares to send team of students to Africa for service learning experience

LACONIA — In April, Laconia Christian Academy will send a team of students and chaperones to the country of Rwanda, located in central-east Africa.

There are two international organizations that are already working with Rwandans to build a brighter future, and the LCA team is excited to share in their vision: Rwandan Children's Education Foundation (RCEF), which raises funds in the US and abroad to help underprivileged children attend school and receive much needed medical care through child sponsorship and direct giving, and Global Benefit, founded in 2000, which works to provide a pathway out of extreme poverty for people in Rwanda and other countries. The LCA team is hard at work raising funds to purchase livestock and contribute to the microfinance initiative that Global Benefit has started.

To help underwrite the costs associated with this trip, the following fundraising event has been planned. This event is open to everyone and the monies raised will fund our service initiatives.

Friday, March 22, escape the cold and warm up to a great cause.

Starting at 3 p.m., the Laconia Christian Academy gymnasium will be transformed into a fabulous winter carnival for all ages. Sponsored by Laconia's very own The Escape Room Experience, the featured event will be an "Escape Room" from which teams of six will work together to solve riddles, decipher clues and ultimately beat the clock to get out of the "lockup!" A basketball shootout, bouncy house, photo booth, duck toss and other exciting events will round out the fun. Food, desserts, drinks and everything you need to roast hot dogs and s'mores outside at the fire will also be available. Registration for the Winter Carnival is \$10 per person and includes the Escape Room. For a chance to register early and pick your time slot for the Escape Room, call or text Stace at 998-0503, or stop by the school office. More information can be found at laconiachristian.org/rwanda2019. This is a great family event, and is fun for everyone, no matter your age or size. Laconia Christian Academy is located at 1386 Meredith Center Rd. in Laconia, just past the New Hampshire Humane Society entrance.

Leadership Lakes studies political issues

CONCORD — The non-profit group Leadership Lakes Region held its annual Political Issues Day in advance of the municipal elections. The day enabled the group to hear from a variety of speakers plus take an informative tour of the State House, led by Visitor Center Director Virginia Drew.

Prior to arriving at the State House, the group of 25 area professionals heard about the relationships, cooperation and challenges of County, City and Town governments. Guest panelists included County commissioner Hunter Taylor, Laconia Mayor

Ed Engler and Gilford Town Administrator Scott Dunn.

The panel was followed by current Gilford Board of Selectmen Chairman Gus Benavides. He shared with the group his philosophy of "giving back to one's community," as instilled in him and his siblings by his parents. It was an easy decision, then, for him to become involved as an elected official in his adopted hometown of Gilford several years ago. Benavides spoke to the challenges of serving as a selectman as well as the satisfaction derived from helping fellow citizens.

The group then headed to Concord for the tour of the State House, where Ms. Drew, a veritable encyclopedia of historical New Hampshire facts, regaled her audience with unique information about our State. She included a tour of the House Chamber which had an added benefit of a private meeting with the Speaker of the New Hampshire House, Stephen Shurtleff of Penacook. SEE LEADERSHIP, PAGE A12

Easterseals NH Camp Sno-Mo: Unifying Kids of All Abilities at Summer Camp

Easterseals Camp Sno-Mo, located in Gilmanton Iron Works, NH, has served campers, ages 11-21, with special needs at a residential camp since the early 1970s. Over the course of a fun-filled summer, our campers are joined by 500-600 Boy Scouts on the space we share at Hidden Valley Campground. The co-location of these two programs provides the opportunity for an atmosphere of acceptance, diversity, and education for all.

Children of all abilities love and thrive during a summer camp experience. Summer camp allows for time away from home, meeting new people, creating lasting friendships, sleeping under the stars, and the endless opportunities to try something new! For some children this can be a challenge. Children with special needs are not always

able to attend camp because their unique needs make it difficult. However, at Easterseals Camp Sno-Mo, campers with special needs are able to have a truly amazing experience as a

safe, adaptive, and caring environment.

Additionally, our campers participate in activities offered by the Boy Scouts. These activities are those you

will find at many traditional summer camp programs throughout the country and include aquatics (swimming and boating), riflery, archery, hiking, ecology, first aid, high and low ropes courses with a zip line, camp crafts, and more.

Sno-Mo Campers participate alongside Scout campers to complete requirements to earn their badges. They form friendships and memories while working together. This partnership allows our

campers to enjoy a traditional camping experience where the possibilities are endless.

Our caring staff receive extensive training on therapeutic crisis intervention, medical/water safety and first aid/CPR ensuring our campers enjoy a safe and meaningful camp experience.

Sno-Mo staff hail from many countries and bring their culture and experiences with them. By providing a safe environment, we enable our campers to challenge themselves to learn and grow, develop confidence, and discover how much they can achieve.

A perfect example of this is embodied in Alex's story. Alex is a long-time Sno-Mo

camper who uses a wheelchair and walks with a crutch. He is also living proof that you are only limited by the limits you place on yourself.

Once summer Alex has a conversation with his one-on-one camp staff Jessica. Alex had indicated that he wanted to hike Mt. Shannon while at camp. Given his mobility limitations, we knew this would require some creative thinking but brainstormed the possibilities because Alex was adamant about doing the hike with his crutches! Mt. Shannon is 1,400 feet above sea level and, at certain points, can be a little tricky to navigate especially near the summit.

After much discussion

who they are instead of limiting what they can do. Why put a limit on it? As we have seen on many occasions, if a Sno-Mo camper feels they want to try an activity that has been out of their reach, we will find a way to make it happen! We believe the only disability is a bad attitude!

sion, we determined that if we could come up with a plan that would allow Alex to safely do this then we would make this dream come true.

Within a matter of hours, we devised a well-thought-out and concise plan for Alex to tackle the climb. Not only did Alex climb up and down Mt. Shannon unaided, he has repeated the feat each summer thereafter with staff nearby for support. When we recognized Alex's accomplishment at the dining hall during our next meal, his fellow Camp Sno-Mo and Boy Scout campers, gave Alex a very well deserved

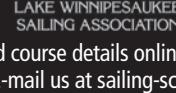

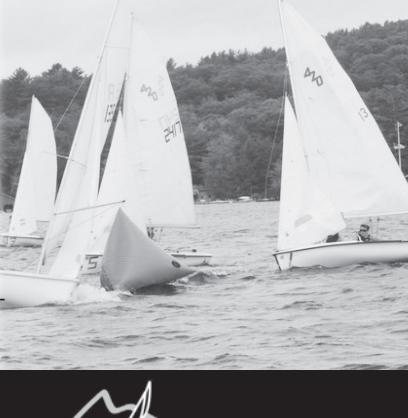

standing ovation. It was one of those moments in time where you remember where you were when it happened. It was simply inspirational.

Since our beginning, Camp Sno-Mo has been a special place where our campers have achieved countless accomplishments and milestones. The level of character, dedication, and potential we see in our campers is unmeasurable. Gone are the days where people would say "are you sure he or she should be doing that?" Instead we would rather the individuality of our campers define

is maintenance of these buildings."

It wasn't until 9 p.m. that the polls opened after nearly two hours of debate. When the polls closed at 10 p.m., moderator Tim Lang announced that the article, which required a two-thirds vote for approval, had failed, 107-179. With 286 ballots cast, it fell 82 votes short of the necessary 189 votes needed to pass.

When time came to discuss the operating budget, North made a request to amend the Budget Committee's \$4,163,516 figure by adding an additional \$50,000 toward the town employee medical insurance and Healthcare Reimbursement Fund, which she said is currently underfunded. Several people took to the microphone to defend the amendment, many of whom are town employees. Fire Chief Paul Dexter said that if the HRA was taken away from his family plan, it would be equivalent to getting a \$3,000/year cut in pay.

Ralph Rathjen of the Budget Committee defended their position not to include that amount in their budget proposal though.

"The Budget Committee has no power to change the Town's generous medical benefits. However, by funding a lower provision of \$436,951, we hope to encourage the Board of Selectmen to consider measures to address these runaway costs," their committee statement read, and Rathjen added, "We're taking it out to force the selectmen to look at this policy."

North argued that they are in the process of considering other options but it was not fair to just reduce the plan by \$50,000 until another is found.

In the end, that amendment passed and the legislative body of voters present at the meeting agreed to the budget increase.

There was further discussion on the \$600,000 for town road improvements under Article 4, which addressed Capital Outlay for the town. Rathjen argued that in 2017, the town approved funding for "repair and evaluation of existing roads" but no one has seen the evaluation yet.

Highway Department Director Johnny Van Tassel said that since he came back to head the department, the eval-

uation has been started but early snow and bad weather since November has put it on hold for the time being. Once again, voters listened to his explanations and approved the article as written.

In other actions, \$35,000 was set aside for the purchase and outfitting of a new police cruiser. Chief Stephen Hankard said he anticipates he will not need the money but, as he found out in the past, something unexpected can happen to any of the vehicles they now have and he would like to be able to replace a cruiser should it become necessary.

The fire department also got support for their request to authorize selectmen to enter into a five-year lease/purchase agreement of \$260,000 for 22 new Self-Contained Breathing Apparatus, three Rapid Intervention Packs and 22 SCBA cylinders. All are used when entering a burning or smoke filled building. The first year's payment of \$52,000 for that purchase was approved.

In Article 6, \$285,000 was placed in seven capital reserve funds and in the next article residents authorized selectmen to enter into a \$175,000 five-year lease/purchase agree for the purchase of a new truck for the highway department; the first payment due would be for \$38,702. The article was amended however to stipulate that the truck being replaced should be used for a trade-in to offset the cost of the new vehicle.

An amendment to the Solar Energy Property Tax Exemption stirred another round of debate, as did the following article that addressed tax exemptions for wood heating systems. The current solar energy exemption allows for 100-percent of a homeowner's solar system's assessed value to be deducted from property taxes owed to the town. Town Administrator Katie Ambrose explained that the state's Department of Revenue Administration made a recommendation to lower that amount to a 10-percent exemption. Voters wholeheartedly disagreed, saying the exemption encouraged property owners to move to cleaner, alternative means of energy.

As for the next article that addressed the same issue with wood heating systems, Ambrose was immediately asked to address an amendment that would change the wording from "amend"

to keep the business of the State functioning. He also displayed a typical stack of contracts and position papers each Councilor must review in preparation for the Council meetings.

Deputy secretary of State David Scanlon then spoke about our State's rich history

the ordinance to "adopt." She explained that after the town warrant was written, the town discovered that that particular exemption had been rescinded in 1998. Therefore, the town needed to first change the wording to "adopt," then vote on the topic. Once it was made clear what needed to be done, voters approved the amendment then voted against the article as amended, resulting in there being no tax exemption for wood heating systems on the town.

As for the March 12 elections, there was only one contested race for two positions on the Library Board of Trustees for a three-year term. Results of that vote were 368 for Carol Raymond, 228 for Donna Schimming and 226 votes for Ana Gourlay. Raymond and Schimming were awarded the positions. In an unopposed race, John Olmstead won re-election to his seat on the Board of Selectmen, Robert Presby was returned to the Budget Committee, David Adams took the one-year term for Library Trustee, Courtney Plamondon was elected as Town Clerk/Tax Collector and Karen Cobb will continue on as Town Treasurer. Melanie Van Tassel was re-elected as Overseer of Public Welfare, Megan Farkas was voted to a spot on Trustee of the trust Finds and both Kary Caldwell and Phil Turner were approved as Cemetery Trustees in the town. Bob Lambert and current chair Craig Weisman were selected to fill two three-year seats on the Budget Committee, Robert Presby took the two-year position unopposed, and while a one-year opening had no candidates listed on the ballot, David Nickerson won and accepted a write-in campaign after receiving 121 votes.

In the matter of the March 12 petition to change Sanbornton's voting process from town meeting to an SB2 format, it failed to meet a two thirds majority at the polls. With 628 voted cast that day, a yes vote of 375 was necessary. While 297 people approved the proposal, 310 others said "no," and the measure failed.

Estremera earns First Team All-State nod

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT – Julianna Estremera wrapped up her senior basketball season as one of the best players in Division 3 and one of the best in Belmont girls' basketball team history, and this year she was recognized for her fantastic play with a first team All-State nod.

The first team selection makes her one of the top five players in Division 3, according to votes by coaches in the New Hampshire Basketball Coaches Association. Estremera was regularly double covered and was by far the leading scorer for Belmont night in and night out.

This season she scored 410 points, and over the past two years she scored 791 points. Estremera became a member of the 1,000-point club on senior night in front of family, friends and peers. She averaged 19 ppg in her senior year and kept the Belmont squad in any game by often taking over and getting to the hoop while

Mann makes Second Team All-State

BY BOB MARTIN

Bob@Salmonpress.news

TILTON – Kyle Mann finished off his senior basketball season in impressive fashion, becoming a 1,000-point scorer during a 44-point showing in his final home game and leading the Winnisquam Bears to the quarterfinals of the state tournament.

Mann has consistently been one of the top players on the Bears during his career at Winnisquam, and this season he was recognized for his hard work with a second team All-State selection.

This season, Mann averaged 17 points, four assists and six boards per game. He was the team's leader in what was a sprint style of offense, where the Bears worked to stretch the court and keep opponents on their toes. For someone like Mann, this seemed natural as he is also known for his running through cross country and track.

Coach Kevin Dame said Mann was a huge part of the team's success this season, and helped the Bears turn things around compared to the previous year where Winnisquam struggled and missed the playoffs.

"Even in the pre-season I said what we were looking to do was improve and get better every game, and by the end of the season wanted to be in contention," said Dame. "I think we did that in wins and losses, and the way we were playing. Going on the road and beating a good Masconic team in the playoffs was a heck of a way to kick off the post-season."

BOB MARTIN
(Left) Kyle Mann had quite the senior season on the basketball court, and his most recent accolade was being named second team All-State.

Despite the loss in the next round to Campbell, Dame said this season was absolutely a success. He said Mann and his teammates were all hard workers and he said the success they found only had them persevere more in both practice and games.

Mann, Angelo Glover, Derek DeSousa and Brady Ellsworth are all graduating this year and Dame knows that it will

Top mogul skiers compete in US Freestyle National Championships

BY JOSHUA SPAULDING

Sports Editor

WATERVILLE VALLEY — The Birthplace of Freestyle Skiing was once again the host of the US Freestyle National Championships over the past weekend.

The best mogul skiers from around the country descended on Waterville Valley Resort for five days of action, including three days of competition.

After training on Thursday and Friday morning, the competition began on Friday afternoon with the ladies' mogul qualifications, narrowing the field from 50 down to 16. The men's mogul qualifications took place on Saturday morning, with the field of 62 being whittled down to 16.

The finals took place on Saturday afternoon with 16 men and 16 women taking to the course on Bobby's Run. From that, the top six completed one more run to get on to the super finals later in the afternoon.

In the end, Jaelin Kauf of Alta, Wyo. And Jesse Andringa of Boulder, Colo. took top honors, each winning their first US Freestyle Championship individual mogul titles.

"It's awesome," Kauf said as she stood on the podium following Saturday's finals. "The course got a little icier and firmer today, but the course was awesome. Thanks to everyone who put this on."

"I feel like I've been trying for quite a few years and haven't been able to get there yet, so I'm really stoked with (the US title)," Kauf said. "There is so much talent on the U.S. women's mogul team ... to be able to walk away with a win and stand on top of the podium today means a lot."

Kauf and Andringa made it back-to-back victories at the 2019 Toyota U.S. Freestyle Championship dual moguls Sunday at Waterville Valley Resort.

After picking up their first individual U.S. moguls titles Saturday, the pair carried that championship momentum into Sunday's dual moguls where Kauf picked up her second duals national title, and Andringa won his first duals title.

"The competition was pretty tough today," Kauf said. "Starting in the first round... I was nervous for every dual. In duals, the fun thing is that anything can happen at any point, so I was really focusing I just keeping it together."

In the finals, Kauf defeated Ali Kariotis (Tiburon, Calif.), the 2014 FIS Junior World Champion in dual moguls, for the victory.

Johnson is the defending US champion on the dual moguls and the third place finish was her best championship finish in the individual event.

Kauf finished with 83.19 points, followed by Soar with 80.82 points and Johnson with 78.55 points. Ali Kariotis was fourth with 74.26 points, Olivia Giaccio was fifth with 33.59 points and Nessa Dziedman also qualified for the finals but did not finish her run. Alex Jenson, Kasey Hogg, Alli Macuga and Kai Owens rounded out the top 10.

Andringa, who finished second last year in the same event at Waterville Valley, noted it was nice to take the next step this year.

"That event last year put me on the US team," he said. "It feels good to be back here and have a decent result."

"It means a lot (to win the title)," Andringa said. "There is so much good talent out here, so much young talent out here, that just to be on the podium is an accomplishment in its own. To lay down a good run today, I've been struggling all week, it feels really good."

Nick Page of Salt Lake City, Utah finished in second place and George McQuinn of Winter Park, Colo. placed third.

Andringa finished with 87.36 points, with Page at 85.13 points and McQuinn at 84.21 points. Bruce Perry finished with 83.05 points, Jack Kariotis finished with 82.31 points and Thomas Rowley finished with 80.54 points to round out the field of athletes qualifying for the super-finals. Kalman Heims, Cole McDonald, Dylan Walczak and Trevor Reilly rounded out the top 10.

Ducks Unlimited annual dinner and auction March 30 in Tilton

TILTON — The Daniel Webster Chapter of Ducks Unlimited will hold its 31st annual dinner banquet auction on Saturday, March, 30, at 5 p.m. at La Piece ~ The Room in Riverfront Place, the award winning renovated mill building at 322 Main St. in Tilton. James Cropsey is area chairman this year. Nearly 6,200 local Ducks Unlimited fund-raising events throughout the country last year

contributed towards Ducks Unlimited's national fundraising effort of almost \$175 million. Last year Ducks Unlimited achieved 84 percent efficiency, resulting in 84 cents of each dollar raised being spent on wetland acquisition or improvement.

Each year the United States loses some 140,000 acres of wetland habitat. Since its inception, Ducks Unlimited has raised more than

one billion dollars and enhanced and restored over 14 million habitat acres, encompassing over 15,000 wetland projects, in an effort to reverse this destructive trend. About 0.39 metric tons of carbon is sequestered each year on average on each acre of prime wetlands helping to alleviate the effects of global warming. DU's projects provide habitat for over 600 wildlife species, including ducks,

geese, and endangered or threatened species like the whooping crane and bald eagle.

While Ducks Unlimited has accomplished a great deal since its founding in 1937, the rapid draining of wetlands demands that the organization continue to accelerate its work. Efforts like those of the Daniel Webster Chapter are a vital part of Ducks Unlimited's efforts.

Order your tickets by

March 23. All attending youths (discounted dinner price) will be entered to win a new Rossi single shot 410 shotgun donated by Brad Marshall of Marshall Firearms. Sponsor tickets are available as well. Sponsors will have a one in five chance of winning a gun of their choice from a vast selection. Legacy Greenwing Sponsors, youths under 21, has a ticket price that also includes the dinner. Legacies will have a one

in five chance of winning a single shot .410 or 20-gauge shotgun. Sponsors need not be present to win. New this year is the table captain, buy any eight dinner tickets and receive a raffle package free. To purchase tickets or for information on how you can support Ducks Unlimited's program of wetlands conservation, contact Pete Spear at 729-0214, Steve Saulten at 289-2109 or Cropsey at 286-9633.

MANN

CONTINUED FROM PAGE B1
be difficult to replace them next season. He was proud of his senior group, led by Mann's All-State season.

Dame explained that Mann is also the guy that is guarding the other team's best player, and that he is normally either double covered or heavily guarded. Somehow, he managed to get to the hoop and pull off some nice finishes for scores.

"He has a motor that doesn't stop," Dame said, adding that he is always out on the court playing at least 30 minutes per game. "He does all the little things."

Overall season wrapup

While Mann got a lot of the fanfare and attention due to his milestones and accolades, the Bears were a well-grounded group this season that Dame hopes can build off this year's success.

Phil Nichols put together a strong sophomore season with 14 points and four boards per game. He was often at the point, finding a cutting Mann or someone on the perimeter for an open look. However, later in the season he became much more of a

scoring threat and had some great moves to the basket.

Angelo Glover and Gunnar Horman each had eight points and four boards per game. This duo came up with timely baskets all season long and provided size and shooting ability down low. Glover was also able to find a hot hand from behind the arc in key moments.

Dame was happy with the team's persistence and improvement, and he said if the team continues this type of intensity they could be a force next season despite losing some top scorers. He said the key will be if others can chip in and make up for the 25 ppg that Glover and Mann contributed. He also said the senior group were good influences off the court,

and he said their drive will hopefully carry over to the rest of the team.

"They're a bunch of hard working guys, and when you find success it is easier to work hard," said Dame. "We start winning some ball games and I can coach the way I want and they respond effectively."

Dame said he liked that there were many games with different top leading scorers, which he hopes bodes well for next season.

"Kyle was the go to guy, but Gunnar or Angelo, of Phil, would step up so you couldn't just key in on one guy," said Dame. "That is something I was proud of. I thought as the season progressed the hard work paid off and it showed in the results."

BOB MARTIN

Kyle Mann was named second team All-State after a successful senior season.

BOB MARTIN

Julianna Estremera had a nifty move to the hoop that she used to be the top scorer for Belmont the past two seasons.

Estremera broke her hand five games into her freshman season, but over the last three years she has been incredible for the Red Raiders.

"She has had a phenomenal career here and I've been fortunate to coach her in two of her sports," said coach Mark Dawalga, who also coaches Estremera in soccer where she was also an All-Stater. "She has the uncanny ability to get to the hoop past defenders with that little 'Euro-step' move she does. I thought she had an amazing four years."

When seeing Estremera play she won't wow with size, but she is quick and has great

court vision. Estremera knows how to find an open teammate when needed, but also when to take the shot. She often hit clutch games that kept the Red Raiders in games this season.

"She plays much bigger than her size," said Dawalga. "Whether it is soccer or basketball,

CONSTRUCTION SUPERINTENDENT

R.M. Piper, Inc. is one of NH's leading construction companies for heavy/highway/bridge construction. We value our small business nature, safety-minded operations and thrive with our leading-edge attitude when it comes to advancing in the construction industry.

We are interested in adding an experienced Project Superintendent to our team who shall be responsible for overseeing and prioritizing a variety of assignments to facilitate successful completion of heavy/highway/bridge and/or earthwork projects throughout New Hampshire.

As our project superintendent, you will be directly responsible for the day-to-day construction operations of assigned project and are directly responsible for production goals and quality requirements. Specific duties will include: scheduling, resource planning, daily reporting of activity/production, personnel management (supervision, time recordkeeping, performance evaluation) and safety management (OSHA compliance, hazard identification and rectification, tool-box-talks, investigations). Considerable independent judgment is used to make decisions in carrying out assignments that have significant impact on the project.

Candidates must be detail oriented with a minimum of five years of supervisory experience. Strong communication skills are essential. Experience with NHDOT, FHWA and/or municipal projects is favored. Salary commensurate with experience. Post-offer physical and drug screen is required.

We will offer the right person a full-time position with a rich benefit package. Please reach us at jobs.rmpiper.com or P.O. Box 490 Plymouth, NH 03264 and provide your resume. All responses will be kept confidential. We are an equal opportunity employer.

Gallagher, Parent earn All-State nods

BY BOB MARTIN

Bob@Salmonpress.news

LACONIA – The Belmont/Gilford hockey team had a great season this past winter, with the team going 14-6 and a semifinals appearance in the Division 3 state tournament. While there were many on the team who stepped up and made big plays, two stood out to coaches around the league and were named to the All-State team for Division 3.

Troy Gallagher was named first team All-State, putting him among the best defensemen in the state. While Gallagher protects the goal and helped always keep the Bulldogs in games, he was also a viable force on offense with seven goals and 11 assists.

Gallagher showed time and time again this season that he has a nose for the puck, solid skating skills and ice awareness. He said that he worked hard to get to the point he is at by working in the offseason and studying what opposing teams do in games to prepare himself. This also helped prepare the team for what was to come.

"I'm very excited to see that I got first team because it was a goal of mine that I reached after being second team," said Gallagher.

Troy Gallagher was named first team All-State in his senior season.

BOB MARTIN

Hayden Parent was selected second team All-State after being fourth in the Division 3 in points.

BOB MARTIN

This past season Gallagher said his most memorable game was senior night against Berlin. It was a huge game for the Bulldogs, with the win helping secure the third seed.

"We spent a lot of time preparing for it and I went out and scored a goal on senior night,"

said Gallagher. "We did what we needed to do, worked hard and got the win. It is definitely something I will never forget."

Gallagher was a four-year player for Belmont/Gilford and he said

while there are plenty of big memories, he enjoyed the dramatic wins for his team. In another game against Berlin last year in the state tournament, the Bulldogs went to the Mountaineers' house and took the first win there in Belmont/Gilford history.

"To make history in that kind way is something that definitely stands out."

Coach Jason Parent had nothing but praise for the senior captain, who will be going to school for engineering next year but has not decided his school. He brought knowledge and skill to the team, leading both on and off the ice.

"Troy was the captain of the team and the leader who kept the players motivated all season," said Parent, adding that he led by example showing hard work and dedication pays off leading to success. "He logged a lot of minutes all season and was a key to slowing down other teams top players all season long. Troy will be very hard to replace next season for B/G."

Gallagher was the team's defensive leader, but at the offensive end Hayden Parent was a beast and got recognized with a second team All-State nod.

Parent had a fantastic junior season, posting nine goals and 28 assists for 37 total points, which ranked him fourth in

Division 3. Week in and week out Parent was disrupting defenses and putting shots on goal, while also finding open forwards to strike.

Some of his top games include a four assist game against Sanborn last month; a night with two goals and three assists against Pembroke/Campbell and a two goal and two assist game against Sanborn in January.

However, with Parent it wasn't about statistics. Simply having him on the ice made the team tough to beat.

He was chosen by the team to be the team's assistant captain and coach Parent praised him for leading by example.

"Hayden is a positive influence on the team even when times are tough he always provides sound advice and always looked for the light when the times were darkest," said coach Parent. "He lifts his teammates throughout the year even though it is often times easier to put them down. Hayden is a very hard working forward who protects the puck well and distributes passes to line mates, which leads to scoring opportunities. He will be back for his senior campaign in 2019-20 with many of his teammates who will be looking to challenge for the D-3 state title."

March is Colorectal Cancer Awareness Month

**Colorectal cancer is the 2nd leading cancer killer in the US
– BUT IT DOESN'T HAVE TO BE.**

This is a cancer that **you can prevent**. Screening by age 45* can find precancerous polyps so they can be removed **before** they turn into cancer. If colorectal cancer is found early, treatment is most effective.

If you haven't been screened or you are due for a re-screening, please call your Primary Care Provider to learn about the screening options available and to schedule today.

Screening Saves Lives!

*Not all insurance companies pay for screening starting at age 45 years. Please check with your insurance company if you are less than 50 years old and want a colon cancer screening test.
