Tilton Parks Commission hosts unique Earth Day celebration

BY DONNA RHODES

drhodes@salmonpress.news

TILTON — With sunshine and warmer temperatures abounding, boys and girls gathered at Riverfront Park in Tilton last Sunday morning for an Earth Day Egg Hunt, where hundreds of plastic eggs, lots of treats and a special visitor once again provided a lot of fun for families this year.

Bob Hardy of the Tilton Parks Commission said the event changed from Easter to Earth Day a few years ago when it became difficult

to schedule an egg hunt that did not conflict with those held in neighboring communities.

"We thought, hey, Earth Day's coming up, so why not make it then?" he said.

The added bonus, commissioners said, was better weather, especially with an early Easter this year.

As families gathered at the park's pavilion, children looked eagerly out on the lawn where 1,500 colorful plastic eggs were scattered. The area was divided into three sections, one for each age group, so that every child had an ample opportunity to collect as many eggs as they wished. Inside each were all sorts of sweet treats

Impairment suspected in collision that left Belmont motorcyclist injured

BY DONNA RHODES

drhodes@salmonpress.news

BELMONT — A Belmont man was injured and a woman from Laconia arrested last Saturday evening when she turned her car directly into the path of an oncoming motorcycle while attempting to pull into Penguin Mart on Route 106 in Belmont.

When police arrived at the scene, witnesses said the driver of a 2013 Hyundai sedan failed to yield to the motorcycle, and he collided with the passenger side of the car. After the accident occurred, the driver of car simply got out of the vehicle and went into the store. A clerk on duty at Penguin Mart also told police she believed the woman was impaired, and video from the business's outside security camera later showed the

Local police departments hosting collections for National Drug Take-Back Day Saturday

BY DONNA RHODES

drhodes@salmonpress.news

REGION — National Drug Take-Back Day is slated for Saturday, April 28, and residents are encouraged to take a look in their medicine cabinets and sort out any medications they are no longer using or that have passed their expiration date, then take them to one of many disposal sites available throughout the state on that day.

Police officials can accept any pills, capsules or dry packet medications; however, they cannot take liquids, needles or syringes at the drop-off sites. People do not need to be a resident of a town to utilize any of the drop-off locations and all items are collected unanimously then sent to an incinerator where they are destroyed.

While the Drug Enforcement Agency recommends that people take advantage of the national drug take-back days, locally police departments in Belmont, Bristol, Gilford, Franklin and Laconia also have secure year-round drop boxes available for public use at their headquarters.

The DEA offers a few tips for those who cannot access one of those locations though. One tip is to pour unwanted medication into a sealable plastic bag then add water to dissolve tablets and capsules, or add coffee grounds, kitty litter or a similar substance to any liquids. Once the

bag is resealed, it can then be thrown safely in the trash. Medications should never be poured down a sink or flushed as they could contaminate the local water system.

Next Saturday medications will be accepted from 10 a.m. until 2 p.m. at any of the following police departments in central New Hampshire: Ashland, Belmont, Bristol, Gilmanton, Holderness, Laconia, Meredith, Moultonborough, New Hampton, Plymouth, Sanbornton, Thornton and Waterville Valley. In addition, officers from Franklin and Tilton will host a drop-off site at the CVS parking lot, located on Central St. by the Franklin/Tilton town line, and Gilford will accept medications outside the CVS on Lakeshore Rd. in their community. In Sandwich collections will also take place at the town transfer station.

For more information or to check for other locations in the area, please visit www.des.nh.gov.

Volunteers Emily Laplante and Joe Jesseman were busy serving up plates of spaghetti and homemade sauce for a dinner at Tilton Senior Center last weekend that raised funds for Meals on Wheels in Belknap and Merrimack counties.

Tilton Senior Center residents host fundraiser for Meals on Wheels program

BY DONNA RHODES
dhrhodes@salmonpress.news

TILTON — The Tilton Senior Center hosted a spaghetti dinner at their facility on Grange Road last Saturday evening to raise money for the local Meals on Wheels program, servicing residents of Belknap and Merrimack counties.

Cindy Clarenbach, manager of the Tilton Senior Center, said that while the center offers lunches throughout the week for a \$2 donation, there are some seniors who are homebound

and unable to cook for themselves. Through the Belknap-Merrimack Community Action Program however, Meals on Wheels helps provide those residents with the hearty and nutritious meals they need.

The cost for each meal to be prepared and delivered is approximately \$7.75 so to help fund the program, senior centers in both counties each pitch in to help by hosting events like last week's spaghetti dinner in Tilton.

While volunteers for the center prepared the

dinner out back in the kitchen last weekend, students from the Youth Assistance Program and local schools were out front collecting donations and making sure guests had everything they needed to enjoy a nice evening out. There was also a 50/50 raffle to help boost contributions for Meals on Wheels.

"We couldn't function without the great volunteers of all ages that we have here. There is always a great team effort put forth by a lot of good people," said Clarenbach.

A Meals on Wheels Walkathon will also take place at 10 a.m. on Sat. May 19, in Concord and the public is encouraged to join them at NHTI to participate in the annual fundraiser. To find an online registration form for the walk, search "Elder Service, Meals on Wheels Walkathon" on the computer then follow the instructions on how to sign up for the event. STRATEGIES FOR LIVING

The other side of Christianity

BY LARRY SCOTT

Maggie Gobran, sometimes known as the “Mother Teresa of Egypt,” was invited to speak at the 2011 internationally televised Global Leadership Summit, sponsored by the Willow Creek Community Church, Chicago, Ill.

In concluding her remarks, Mama Gobran, as she is affectionally known, made this comment:

“Silence your words so that you may listen to your thoughts; silence your thoughts so that you may listen to your heart; silence your heart so that you may listen to God.”

And then, resplendent in her all-white habit, she said, “I would like to end my presentation by thanking and blessing you.”

Kneeling to the carpet, face in her hands against the floor, Mama Gobran spent the next five minutes in silent prayer. There was not a dry eye in the house as several hundred Pastors and church leaders watched in awe, profoundly moved as the benevolent “Mother of Cairo” prayed for us. It was a moment I will never forget.

The moment was typical Maggie Gobran, for, beginning with a personal effort to express love and concern for the nearly 50,000 “garbage kids” in Cairo, the organization she eventually founded, Steven’s Children, has so far blessed over 30,000 families with God’s love and with practical help. She has opened a new world to children who had no hope, many never living past five years of age, children who had no clue as to how to break the chains of poverty, disease, and hopelessness by which they were bound.

I make a point of this, for many of us in the Evangelical Church have been indicted for being intolerant, homophobic, anti-abortion, arrogant, and out of step with society. Here we have “the other side of Christianity.” Yes, we have a message to share, and we do so without apology, but we aren’t all talk!

Mama Gobran is just one case in point, but she is an apt example of what I am writing about. She was raised in wealth and already successful in the business world, she made a personal visit to the garbage slums servicing the city of Cairo, and that changed everything. She soon sold everything she owned, and together with an army of men and women who shared her vision and followed her example, she founded Steven’s Children and initiated a process that led to primary and elementary schools, a manufacturing center that gave many of her kids a marketable skill, medical clinics, and a home for boys and one for girls who had been abandoned by their families.

We have silenced our words, we have quieted our hearts, and we have listened to God. Jesus put it this way, “Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.”

Ours is a divine mandate; we are not looking for credit or applause but I am pleased to see that many organizations like Franklin Graham’s Samaritan’s Purse, the Salvation Army, World Vision and countless others like Steven’s Children, are on the frontlines of poverty and suffering, working one-on-one with the most disadvantaged, and spreading the message: God loves you, we care and, and we are prepared to do something about it.

You want to talk about it? Hit me up at r.larry-scott@gmail.com.

PET OF THE WEEK

DUKE

Considering Duke has endured much upheaval in his life, it’s a wonder he’s even interested in the comings and goings of humans, but he still carries himself with noble poise and dignity, exuding a quiet confidence not often seen in a shelter environment. As long as he can carry a soft toy or two in his mouth, he meets each day with optimism, thinking “maybe today I’ll find my permanent home?”

He was a ‘free dog’ on Craig’s List who was surrendered to our shelter in August 2017. We placed him in a terrific home but his newest owners had health issues that meant looking after such a big dog was too difficult; So Duke returned to us in February. He was adopted to a lovely fam-

ily in March, truly a match made in heaven, but horrible allergy issues not evident at the shelter meant he had to be returned, again, through nobody’s fault: least of all Duke’s.

Now he waits again. This big shepherd/massif/malamute mix takes life one day at a time as he navigates the fickle ways of the universe.

Really a large box of soft toys and being the one and only pet in the household is Duke’s wish. Stalwart and true, a more refined companion you will not find anywhere else.

Come and visit him and see what we mean

NH Humane Society will host the third Community Rabies & Microchip clinic Saturday May 5 9-12 noon. Check www.nhhumane.org for more details.

LETTERS TO THE EDITOR

Our children need you to be their voice

To the Editor:

Our most vulnerable citizens – New Hampshire’s abused and neglected children – need you. They need your caring, your time and attention, your love. They need you to speak for them in family court as their Court Appointed Special Advocate (CASA) guardian ad litem.

By virtually every measure, New Hampshire is a great place to be a kid and to raise a family. In survey after survey, we rank high for overall child well-being. But for some New Hampshire children, life is hard and full of uncertainties. Every year, hundreds of Granite State children end up in family court, the victims of child abuse and neglect. This is where you can step up and step in to help them.

Court can be a scary, confusing place even for adults. For children, the experience can be overwhelming. To help support children in court and give them a voice in the proceedings, CASA of New Hampshire provides guardians ad litem (GAL), advocates who help make sure that every abused and neglected child can be safe, have a permanent home, and the chance to thrive.

Our state CASA organization trains and supports volunteers who are appointed as the GAL by the District or Family Court judge to represent a child victimized by abuse or neglect. I’ve been a CASA GAL for three years. I volunteered after hearing an ad on the radio specifically asking for men to get involved.

In five cases so far, I’ve helped guide children through a complex process, providing the emotional support and stability they so badly need during a dark period in their lives. It’s not been easy, but I can’t imagine a more fulfilling way to give back to my community.

For too many kids, life isn’t just hard, it’s dangerous. And the world beyond childhood is a place where the odds are stacked against their health and happiness. You can help even the odds and make a life-long difference in a child’s life. Please consider becoming a CASA guardian ad litem. There is a training in Laconia beginning May 16. MARK ON THE MARKETS

I hate annuities too!

BY MARK PATTERSON

I really don’t hate all annuities, but that statement “I hate annuities,” is used by people to get your attention and divert you to what they are

selling. Most people that I meet with regarding their portfolios have an opinion regarding annuities. But it is a common mistake to think that all annuities are the same, because they’re not.

It was common some time ago to receive a pension upon retirement from their employer, whereas the retiree had to make choices about the distribution of their retirement. That retirement choice was in fact an annuity. Today that style of annuity is called a “single premium immediate annui-

ty.” The problem with these annuities, that are still offered, is that the insurance company has control of the money and you must make choices for the distribution if you want to include spouse or beneficiary in return for a lower amount paid to the annuitant. The only reason I can see to use the style annuity today is in the person receiving the annuity payments had no beneficiaries or heirs.

Then you have an annuity that is really the subject of most people’s disdain for annuities known as the “variable annuity.” These are typically mutual funds wrapped with an insurance product that does not protect the principal from market losses and potentially carries high fees. They are complicated, and many times not fully explained by the broker selling the product. The broker typically points out the guarantees but does not explain that the guarantee is not towards the principal amount, but only to the income feature or benefit base. They are called

“variable” for a reason. Then there is the “fixed annuity” that likely has an attractive first year rate, but all too often reverts to the minimum rate of return.

There is a “multi-year guaranteed annuity” that typically has a fixed rate guaranteed for a period that are attractive to savers. These are often alternative to CDs.

The “fixed indexed annuity” is structured totally different than a variable annuity. The fixed indexed annuity does not put your money at market risk and is typically guaranteeing your principal. When I use the term “guarantee” speaking about insurance product understand that the guarantee is provided by the insurance carrier and backed by their creditworthiness, so it is important to make sure that it is a very solid insurance company.

The fixed indexed annuity can be a useful tool for those who want “market like” gains and principal protection. The gains are muted, but that trade-off for principal protection. SEE MARKETS, PAGE A11

North Country Notebook

In the White House, my Millie would never have had a chance

By JOHN HARRIGAN
COLUMNIST

Finding a local angle to a fast-breaking regional or national story is one of the oldest newsroom tricks in the books. Editors, being a relatively dimwitted and unimaginative lot to begin with, will grab a BBC report on the Loch Ness monster, or perhaps an Associated Press story about a tornado in Missouri, and growl at a hapless reporter, "Get me a local angle on this."

(Caveat: For many years, I was one of those editors, although I swear I never told a reporter to get a local angle.)

Here, then, is a local angle on the passing last week of former First Lady Barbara Bush. And it's not even a stretch.

+++++

Because of my parents' friendship with former Governor Hugh Gregg and family, and because the Greggs and Bushes have long been such good friends, I was privileged to spend a little time with Mrs. Bush, events that are crystal

clear to this day.

Her dog of the time was named Millie, same as mine is today. During those times everyone around the White House knew that Millie, like her mistress, was not to be trifled with.

Mrs. Bush had a ready wit and a warm heart, but suffered no fools and would brook no obscurity in conversation. If she didn't understand something, you had better be ready to state your case, pronto.

As for Millie, I had been warned about her by Ron Kaufman, a Bush aide who'd gotten me into this running thing with the Vice President in the first place. It all began in a place far, far away, and a long, long time ago (some harp music here).

+++++

I'd only owned the Coös County Democrat for a year or so when New Hampshire once again found itself playing a key role in who might occupy the White House. This time around, the Republican nomination seemed to be a showdown between Ronald Reagan and George Herbert Walker Bush.

The Bush team was anxious to point out the age difference between the two men, and indeed the media portrayed Bush sailing, playing tennis, golfing and running. The Reagan team's best effort seemed to

their candidate working up a pile of firewood, which the Press Corps invariably described as "chopping wood."

Former New Hampshire Governor Hugh Gregg and family were thick with the Bushes, and the Bush entourage happened to be staying at the Gregg family's summer place in Jefferson during a campaign swing around the North Country.

And then one day along came Ron Kaufman, skipping up the stairs to the Democrat's newsroom. "How would you like to come out to Jefferson to go running with Bush and maybe do an interview with him?" he asked.

The ploy was plain enough—it would project the Bush campaign's image of youth and vigor, opposed to a seemingly old and stodgy Reagan campaign.

So out I went to the Gregg summer cottage, up the ridge and across the road from the Waumbek Golf Course. And after pleasantries, the former head of the CIA and I set off for a three and a half-mile run, visiting all the while as we made the big loop back to town. At some point, political pundit Bob Novak's wife rode by and took some photos, one of which wound up in the New York Times.

It was a pleasant run, with small-talk touching on everything from treacherous politics to

the relative abundance of moose. I more or less chalked it up as just one more strange but fun campaign experience, one out of many, and forgot about it.

Except for this: "You'll have to come down to run with me in Washington," Bush said as we shook hands goodbye.

I soon forgot this somewhat fuzzy invitation, but Barbara Bush didn't.

+++++

Several years later, I was down in Florida visiting friends and relations when my ancient Aunt Hattie answered the phone, and then, peering up at me through glasses as thick as Coke bottles, handed it to me and said "It's the White House!"

It was Ron Kaufman, who was still working with the Bush team. He knew I was in Florida,

A formidable duo: Millie, who taught visitors to respect the White House and not be draping their arms all over the place, and mistress Barbara Bush, who taught Millie.

and wanted to know when I was flying back.

"Why don't you rebook your flight and stop in D.C.," he said. "The Boss is in the air over Libya right now and he always feels like loosening up when he gets home. He wants to know if you want to go for a run."

A limousine half a block long with flags on its fenders was waiting for me at Washington's National Airport. By then it was Vice President Bush, and in no time the two of us were trying to sneak into Blair House to change, to avoid getting caught up in some sort of social event.

Mission accomplished, we rode in an extremely long limo—Bush is a tall man, and stretching out takes some room—and, after being waved through dozens of police-barricaded intersections, arrived at an Episcopal boys' school—St. Swithen's, or something. Bush and other senior government officials took their runs at a or so such schools for the extra security they offered.

The school was having a track meet when we arrived, and Bush waved at the coach, who waved back and said "Going for a run, Mr. Vice President?" Bush suggested that his runners yell "Track!" whenever they caught up with us, so we could hop aside.

A baseball game was underway in the track's center, and Bush stopped to visit with that coach as well. "You'll give us a heads up if someone

hits one our way, right?" Bush said with a grin, getting a wave in reply. I remember thinking that in some countries they'd have simply shot the coaches and teams.

We stretched a bit on the nearby bleachers, and were off. But this was nothing like going for a run in Jefferson. Two guys trotted along ahead of us, and two more behind, all carrying what looked like Uzis.

After our half-hour run around the cinder track, George suggested a beer and some cheese and crackers, so into the living room we traipsed.

Barbara Bush was sitting over in a corner chair, reading. "Just don't hang your arm down over the side of your chair," she warned, "because Millie will bite."

Millie, however, seemed content to lurk around, hoping for stray bits of crackers and cheese. She didn't look like a biter to me, but her reputation proceeded her.

So I didn't drape my arm, and Millie didn't get a piece of it. And I left the Vice Presidential Mansion with a box of monogrammed golf balls, instead of souvenir teeth-marks from Millie.

Thornton Wilder's classic "Our Town" comes to life on LRPA this weekend

LACONIA—Join Lakes Region Public Access Television at 10:30 p.m. this Friday and Saturday night (April 27 & 28) for our "LRPA After Dark" presentation of 1940's film adaptation of Thornton Wilder's beloved play "Our Town," starring William Holden, Martha Scott and Frank Craven.

Set in the fictional town of Grover's Corners, New Hampshire, "Our Town" uses a narrator (Mr. Morgan, played by Frank Craven) to introduce us to the people living in this small New England town. Life has not changed much here throughout the years: people are born and grow up, fall in love, marry, raise families and die. In that way, Grover's Corners is like any other place in the world. We meet Dr. and Mrs. Gibbs (Thomas Mitchell and Fay Bainter), who live next door to their friends Mr. and Mrs. Webb (Guy Kibbee and Beulah Bondi). Their oldest children, George Gibbs (Holden) and Emily Webb (Scott) fall in love and marry. Through the magic of the narrator, the viewer is able to examine the characters' most intimate thoughts, fears, hopes and regrets. Will George and Emily live happily ever after?

Thornton Wilder was awarded the 1938 Pulitzer Prize in Drama for "Our Town," and often called it the favorite of his works. The play de-

buted to rave reviews on Broadway that same year, featuring both Craven and Scott debuting the very roles that they would play in this film two years later. Both critics and moviegoers had much praise for the movie "Our Town," which went on to receive six Academy Award nominations: Best Picture, Best Actress (Scott), Best B&W Art Direction, Best Original Score (written by Aaron Copeland) and Best Sound Recording. Bosley Crowther of the New York Times lavished the film with praise -- something he rarely did -- stating "We hesitate to employ superlatives, but of 'Our Town' the least we can say is that it captures on film the simple beauties and truths of humble folks as very few pictures ever do: it is rich and ennobling in its plain philosophy -- and it gives one a passionate desire to enjoy the fullness of life even in these good old days of today." What else do you need to know? Grab your popcorn and meet us after dark for this simple, dramatic and stunning

film adaptation of this most beautiful and tender story. You can't find television like this it anywhere but LRPA TV, MetroCast Channel 25. Not a subscriber? Then log onto Live Stream through our Web site (www.lrpa.org) where you can catch all the fun.

Frank N. Hurt

GILFORD — Frank N. Hurt, late of Gilford, passed on March 15, 2018 with his family by his side.

Frank was raised in Sanbornton, the eldest of three children of Adelbert and Virginia (Forbes) Hurt.

Frank attended Laconia High School where he was both Class President of his graduating class, and captain of the Ski Team, which he led to many championships. Among his many accomplishments in ski racing, were his individual first place finishes in National ski racing events in Vail, Colo., and Jackson Hole, Wyo. His natural ability in Ski racing, earned him many medals and trophies in the Alpine and cross country disciplines.

These achievements, along with his academics, qualified his acceptance to Middlebury College, Vt. While at Middlebury, he continued to excel in Alpine ski racing earning top placement on the college ski team gaining much recognition. Because of his accomplishments in his four years of college ski racing, Frank earned a spot on the 1960 Olympic team as an alternate for the Men's Alpine events. A staunchly devoted competitor, Frank continued alpine Ski Racing, and continued to dominate his age bracket, well into his thirties.

Graduating Middlebury in 1958, with a degree in Business and a commission in the Army as a Second Lieutenant, he was assigned to a Reserve unit from Ft. Devens, MA. Subsequent to his Army obligation and an Honorable Discharge, he became a Ski representative of Lund Ski Company based in Laconia, NH and from

there moved on to the Dynamic Ski & Head Ski companies. Frank's business acumen and ski industry knowledge, along with his tenacity, earned him a position as Executive Vice President of Atomic Ski USA, located in Bedford, position he held for 20 years.

In retirement, Frank took up competitive running as a way to "train" for his Cross Country ski racing... Or, was it the other way around? He was frequently found in the top finishers of whatever age bracket in which he was competing. The family remembers his undaunting spirit when competing in the annual Mt. Washington road race, where he would annually compete against his own previous year's time. Frank's name can be found on plaques all over the US, and he left behind an impressive trophy collection that spanned over 60 years. In 2014, He earned a spot in the Masters World Championship X-country races in Austria. He is honored in both the New England Ski Museum, and the New England Runner's Hall of Fame.

Frank will be remembered by many, for his determination, competitiveness, generosity, one-speed work ethic (high gear), and for being a mentor. He was focused on excelling and

rarely acknowledged what others would consider obstacles in the paths of life. Even in these last two years, he felt certain he could outrun and beat the cancer which eventually took his life.

Frank's family is grateful for the loving care that his son Joshua and Joshua's partner Cat gave him in his final months.

He is survived by his former wife, Darcy Wolf of Missouri; son Demian of Medford, Ore.; son Joshua and grandchildren Isabella, Sophia, and Zander of Asheville, N.C.; brother George of Gilford; nephew K. Peter Hurt and his wife Michelle of Hampton; sister Nancy Sigafus and her husband Bill of Montrose, Colo. and their children and grandchildren; his four cousins: Ellie, Susan, Conni, and Kathi and their families in Massachusetts, with whom he shared many humorous and helpful times in his formative years.

Advanced Directives event with Franklin VNA & Hospice informative and inspiring

FRANKLIN — To bring awareness to the importance of developing advanced directives Franklin VNA & Hospice held an informational session on April 16, National Healthcare Decisions Day. They met with the public to educate about the importance of advance directives and were available to help in the process of completing them. Advance Directives are documents that put in writing what our wishes are for medical treatment. This conversation is one of the most important and possibly difficult conversations we have with our loved ones where we discuss what our wishes are for medical treatment if we were unable to speak for ourselves.

The discussion was led by Sherry Wilcox, Medical Social Worker for Franklin VNA & Hospice. She has extensive experience working with patients and families and she knows firsthand the importance of letting your wishes be known and getting these decisions in writing. Many times people are entering the final stages of their life and have never had a conversation

Hospice Director Elaine Cartier and social worker Sharon Wilcox.

with their loved ones or physician on what their choices are for life sustaining treatments.

Elaine Cartier, MHA, RN CPHN their Hospice Administrator at Franklin VNA & Hospice reinforced, "It's so important for families to not be left wondering what would mom want?"

She goes on to say that although the process can seem daunting and frightening when we think of our own end of life journey, it's much more frightening to not have this discussion with our loved ones.

"If we don't wish to be kept alive by tubes and machines or if we

want everything done, we need to tell someone; we need to put it in writing," Cartier added.

In approachable and informal style, Wilcox educated the group on the language of these documents, how important it is to talk with your physician as well as your family, how to

select a person who can speak for you, (a health care proxy) if you are unable to speak for yourself and what to do with these documents once they are completed.

Wilcox notes, "It's so easy to put it off but with some guidance and an explanation of the process and the definitions

of these documents it's really not that difficult."

She also provided resources of wording, common questions and a list of websites to learn more. Everyone present got a packet with which to develop their Advanced Directives and Wilcox, a notary, was available to notarize them if anyone was ready.

If you missed this educational session and would like to learn more, please call Franklin VNA & Hospice at 934-3454 and ask to speak with Sherry or Elaine.

You have a choice in your homecare provider. Choose local, choose Franklin VNA & Hospice. Central NH VNA honors Bush's decision

REGION — Once again, Barbara Bush's courage, determination and leadership has come to the fore. In an announcement Sunday the Bush family announced that the former first lady had chosen "comfort care" for her final days.

Bush had been suffering from congestive heart failure and chronic obstructive pulmonary disease at the time of her decision.

Shining a light on problems was something Bush did well,

and often. Today, and for the last time, she took a prominent and vocal position, this time on end-of-life care. "Comfort care" or palliative care focuses on managing patients' symptoms to keep them comfortable and retain their dignity. This specialty care is available to all patients, whether in end-life stages or fighting a disease or illness.

Particularly at the end, when heroics will no longer change the outcome, and may in fact exacerbate and

prolong the suffering, palliative care is a good option. Palliative care services relieve pain and stress and treat the patient in a holistic manner by examining many areas of his or her life. Symptoms such as pain, shortness of breath, fatigue, constipation, nausea, loss of appetite, difficulty sleeping and depression can be relieved, allowing for a better quality of life. Patients with cardiac disease like Bush, or Alzheimers, Parkinson's, stroke, cancer or other

diseases feel immediate relief, and with that stress reduction, often live longer than expected. And perhaps better.

For more information, feel free to contact Central New Hampshire VNA & Hospice at 800-244-8549 or at www.centralvna.org. Knowing that patients are happier and do better at home, Central VNA provides health-care and hospice where people live. Offices are in Laconia and Wolfeboro, and they serve 45 communities around the lake.

Leadership change at AutoServ

TILTON — The AutoServ Dealership Group is pleased to announce the first leadership change in its 29-year history.

Effective immediately, Dennis Gaudet is stepping down as the Chief Operations Officer of AutoServ, a position he has held since 1989 when both Dennis and his father Paul Gaudet, Sr. arrived in Tilton to rescue the failing Franklin Ford/Tilton Chrysler. Over the years, Dennis has led AutoServ's growth and is now looking forward to dedicating more time to the Gaudet/Hosmer family partnership at both PAK Solutions, LLC in Lancaster, and Pop Fusions in Mount Dora, Fla. At the same time, Dennis will be pursuing a more significant role at the National Automobile Association (NADA) in Washington, D.C. Dennis will

remain the Chief Executive Officer of the AutoServ Dealerships, but all day to day operations have been handed over to Rockwell "Rocky" Cleborne.

Rocky Cleborne started in the automobile business in 1998 as a finance manager for a Lincoln, Mercury, Nissan dealership. In 2002, Cleborne left that dealership to work for Berlin City Kia in Williston, Vt. With the great team of people at Berlin City, the store became the number one KIA dealership in New England. The dealership was known as "a used car dealership that happened to sell KIAs." That all changed and the store became one of the most successful stores in the Berlin City Group of dealerships. From Berlin City, Rocky headed south to Massachusetts to run Boch Honda, the 10th largest

Honda dealership in the country. Cleborne is not new to the Lakes Region of New Hampshire. Cleborne spent his summers on Lake Winnepesaukee and always knew that he wanted to retire in the Lakes Region. In 2016, he and his wife Diana bought a home on "the lake." One of Cleborne's mentors in the car business introduced him to Dennis Gaudet. Having the same beliefs about customers, employees and the community, they immediately built a bond together. Rocky is extremely honored and proud to be the new COO of AutoServ, and looks forward to continuing to provide exceptional service to the AutoServ community.

AutoServ is also pleased to announce that it has also retained Stephen "Steve" Roach as an active member of the AutoServ Family

Advisory Board. Roach has more than 45 years experience in the retail automotive business. He most recently served as Chief Operating Officer of DCD Automotive Holdings with multiple operations in various locations before retiring from that position at the end of last year. Through his career, Roach served in many leadership positions in dealership operations. His emphasis on process as well as customer care and employee satisfaction has earned numerous awards throughout his career for those companies under his control. Roach is looking forward to bringing his skill set AutoServ, a dealership group that already exceeds in both customer and employee satisfaction. He is currently principal of Strategic Automotive Management and lives in New Castle.

AutoServ is one of the largest family owned dealership in New Hampshire and this leadership change will just aid AutoServ's growth. Dennis' sister, Donna Gaudet-Hosmer, will maintain her role as Chief General Counsel and Dennis' brother, Paul Gaudet, Jr will maintain his role as the Chief Operations Manager. Dennis & Paul Sr., though not daily on the showroom floor, will still be guiding the path for AutoServ as it continues to grow in the future.

About AutoServ

AutoServ, a multi-line franchise automotive dealership in the NH's Lakes Region, is one of the largest retail dealerships north of Boston. AutoServ consistently delivers over 400 new and pre-owned vehicles per month and has proudly been serv-

ing customers for nearly 30 years. With its deep roots in the community, exceptional customer satisfaction and loyalty ratings, and family members always on-site; AutoServ's reach continues to grow. AutoServ offers 8 new vehicle lines: Ford, Nissan, VW, Chrysler, Dodge, Jeep, Ram, and Kia; as well as a Used Vehicle and Commercial Truck Center, Quicklane and Collision Service Centers. AutoServ sells and services every make and model and offers AutoServ for Life customer guarantees. AutoServ was honored to be named 'Time Magazine Dealer of the Year for New Hampshire,' a national honor, as well as voted 'Best of the Lakes Region for Used Vehicle Sales.' Northfield man sentenced on drug and weapon charges

LACONIA — Belknap County Attorney Andrew Livernois announces that Jeremy Roy, 27, of Northfield was sentenced today on two counts of Possession of a Controlled Drug with Intent to Distribute and one count of Felon in Possession of a Deadly Weapon.

According to court documents and statements made in court, on June 11, 2015, the police received information that the Defendant was dealing drugs from a hotel room at the Hampton Inn and Suites, in Tilton. Following the execution of a search warrant on

the defendant's hotel room, officers from the Tilton Police Department seized large quantities of a variety of controlled drugs belonging to the defendant. Also seized were multiple scales, cell phones, a ledger documenting sales, and a large quantity of small baggies for the packaging of the drugs.

The total weight of the methamphetamine seized was approximately six (6) ounces. The total weight of the fentanyl seized was approximately one ounce. Approximately a half ounce of suboxone (buprenorphine) pills were also found.

Subsequently, while that case was pending the defendant was again arrested for Operating After Suspension on Oct. 4, 2017. At that time, officers found the defendant in possession of metallic knuckles and over five grams of methamphetamine. The defendant was prohibited from possessing the metallic knuckles due to a past conviction of First Degree Assault, resulting in the charge for Felon in Possession of a Deadly Weapon.

After a capped plea hearing on all charges, the Court (J. O'Neill III) adopted the State's recommended sentence:

- Possession of a Controlled Drug with Intent to Distribute (methamphetamine): two and a half to years at the New Hampshire State Prison, stand committed

- Possession of a Controlled Drug with Intent to Distribute (fentanyl): three and a half to seven years at New Hampshire State Prison, all suspended for seven years good behavior and conditioned on completing the FOCUS drug treatment program at the prison

- Felon in Possession of a Deadly Weapon (metallic knuckles): two and a half to five years at New Hampshire State Prison, all suspended

for 7 years, consecutive to suspended sentence above

In agreeing with the State's sentencing recommendation, the Court recognized that the danger to the community posed by the defendant's intent to distribute large amount of drugs in his possession warranted a lengthier prison sentence.

"I am very pleased that the judge in this case agreed with the State's sentencing recommendation," said County Attorney Livernois. "The opioid epidemic continues to be the most serious threat to the health and safety

of our community, and my office is committed to working with the police departments to target and prosecute drug dealers who are bringing drugs into our community. Interrupting the flow of drugs into Belknap County is one of the key pieces of our overall strategy of dealing with this crisis. The message we want to send is clear — if you seek to profit from trafficking in these deadly drugs, you will be sent to prison."

This case was investigated by members of the Tilton Police Department, and prosecuted by Deputy County Attorney Adam Woods.

but there were also 24 special eggs that had a ticket inside. Those tickets could then be turned in for prizes.

Helping count down the start of the hunt was a very special guest this year as well. Boys and girls were delighted to see that the Easter Bunny had made a return trip to town just for Earth Day. He was greet-

ed by cheers and high fives before everyone made their way out into the park to gather their eggs.

"This was a really nice thing to do," said Jan Jurta as she watched the joy on her young grandson's face as he filled his basket.

Next on the agenda for the Park Commission will be a Nature Hike through Buffalo Park at 10 a.m. on May 19th. Registration is re-

quested for the hike and can be done through the town's Web site.

On June 2, Wildlife Encounters will return to Riverfront Park at 11 a.m. with some interesting animal friends for families to see, while a fun and exciting Knocker Ball game day is also being planned for late June or early July. Details on the date and time will be announced in the near future.

accident as it unfolded.

As one officer spoke with the driver of the 2010 Harley Davidson that was hit, another located the driver of the automobile inside the store. She was identified as 47-year-old Stacy Converse of Laconia and escorted back to the parking lot for a series of field sobriety tests.

While undergoing the tests, though, Converse suddenly walked away from police and headed out onto Route 106.

"After ignoring police, a brief struggle

ensued on Route 106," reported Capt. Richard Mann. "A family member of Converse who had arrived on the scene unlawfully attempted to pull Converse away from police and actively interfered in the arrest process."

He said that all officers who responded to the incident worked together to get the situation under control and Converse was then taken into custody for DWI and Resisting Arrest, both misdemeanors. She is set to appear in court on Monday, May 10, to answer to those charges.

The motorcycle op-

erator, no name provided, was transported by ambulance to LRGH for possible head/neck injuries and other minor wounds sustained from the accident. Mann said one police officer also had some minor "road rash" on his leg(s) from his struggle with the two women.

The family member who interfered with the arrest managed to flee the scene before she could be detained, but Mann said she is known to police, and a warrant for her arrest was being sought on Monday.

CONTEST

was then left to conservation commissioners Doug Sarette and Dick Ayers, and local professional photographer Jackie Bonafide.

This year's winner in the four-to-eight year-old category was seven-year-old Cole Ringer. Cole's winning entry was a classic shot of sap buckets on hanging maple trees.

"I like those trees and thought they looked cool with the sap buckets hanging on them. When I saw them, I decided I really wanted to take that picture," he said.

Nine-year-old Carl Edwardson won in his age group for a photo of

a brook with ice hanging along the banking. Carl said that while he liked the photo, it was one of many he took for the contest and he had actually considered entering a different shot of that scene.

"My dad sent the wrong one in," he said with a smile. "I picked one that had ripples you could see on the water, but I guess it's okay because this picture won anyway."

In the oldest category, it was 13-year-old Savannah Seavey's photo of tree branches laden with snow that earned her first place.

"I took this and a bunch of others on the way to school one day, before I even knew

about the contest," Savannah said.

When she did hear about it though, she was happy to enter.

"I like photography a lot, so I knew this was a contest I'd be interested in," she said.

Among the gifts they received for their entries were a wildlife track and mold kit, a kit to build a birdhouse, a book on photography and a subscription to New Hampshire Wildlife Journal magazine.

Following the awards, Karen Boudreau of New Hampshire Fish and Game presented a slide show and discussion on turkey vultures, courtesy of the conservation commission.

As an asset manager that works for their client, I see potential value with fixed indexed annuities and the multi-year guaranteed annuity for a portion of a client's money

that fits the criteria for these annuities to be used as a good tool to meet the client's objectives. The fixed indexed annuity has also had controversy around it but not because the product is not good, but the agent selling the product may have not placed the clients interest first or maybe used the wrong product for the client's objectives.

I'm not suggesting that you buy or hate annuities. I'm just suggesting that annuities are not all bad if used in the correct amounts

and for the right reasons. And that anyone making a broad statement about hating annuities is likely attempting to divert your attention to what they are selling.

As I have said in previous writings, if you don't understand a products benefits, cost and fees, don't buy it! These are my opinions, and yes, I am biased.

Bears rally for win over Raymond

BY BOB MARTIN
Bob@salmonpress.news

ALTON — The Winnisquam baseball team started the season 0-2 in a bleak opening week of the season, but Bears bounced back with a 12-11 win over Raymond in its only game last week.

After two consecutive games where the Bears were shut out by opposing teams, the bats woke up and Winnisquam managed to squeak by with the win. The Bears had 12 hits in the game, in what was by far the best offensive output of the season.

Winnisquam started the game trailing 2-0 until the third inning when Winnisquam put eight runs on the board. The surge was led by Matt Ivester, Andrew McKinnon and Noah Smith, who each had two-run singles in the inning.

However, Raymond came back and took an 11-10 lead into the seventh inning. Winnisquam used aggressive baserunning and took advantage of poor fielding to manufacture runs in the final frame to come away with the win.

BOB MARTIN

Michael Allard had a big day against Raymond to help the Bears win the first game of the season.

Winnisquam searching for soccer coach

TILTON — Winnisquam Regional School District is looking for a varsity boys' soccer coach for the upcoming fall season. Please send letter of interest, coaching resume, and WRSD application form (the form can be found at <https://drive.google.com/file/d/0BzjI2U9aoGMOtKltN1E4cEhsLWM/view> to Brian Contorchick, Athletic Director, Winnisquam Regional High School, 435 West Main Street, Tilton, NH 03276 or e-mail bcontorchick@wrdsau59.org.

Smith reached on a dropped third strike and took advantage of the opportunity. He stole second and went to third on a bad throw. Jack Beaulieu then hit a deep sacrifice fly to centerfield to score Smith and tie up the game. Michael Allard then

walked and stole second, and thanks to another errant throw he made it to third base. Allard scored the winning run on a wild pitch. He then secured the win on the mound with a 1-2-3 seventh inning for his first varsity save. Picking up his first varsity win on the mound was freshman Philip Nichols, who came in and pitched 3

2/3 innings of relief. Leading the offense with four hits and three RBIs was Ivester. Beaulieu also had a solid day, going two for two with two walks and a pair of RBIs. Alex Mango, Bryce Corey, Smith and Allard all scored twice. The Bears hope to use the momentum from the win and stay in the win column with two games during vacation week

due to postponements from inclement weather.

After deadline the Bears hosted Conant on April 23 and the next game for Winnisquam takes place at Bishop Brady for a 10 a.m. matchup on April 26. The next home game for Winnisquam is against rival Franklin High School on April 30 at 4 p.m.

Griffin Embree took a loss in a game against Gilford last week despite winning praise for his pitching by Coach Matt Leblanc.

Belmont baseball falls to Gilford, bests Newfound

BY BOB MARTIN

Bob@Salmonpress.news

BRISTOL — The Belmont baseball team suffered a 4-0 loss to Gilford last week, but followed up with a solid 7-2 win over Newfound to improve to 3-1 on the season.

The Golden Eagles were led by sophomore Adrian Siravo, who threw another gem on the mound for the mound for Gilford in the win. Siravo allowed only three hits, all by Cam Magerer who went three for three on the day. While it was tough for

anyone to get anything going against Siravo, who struck out eight batters, Magerer was making solid contact all day as he had a single, double and a triple.

It was a scoreless game until the third inning until Tyler McKinney led off with a single and was eventually knocked in by a single by Chandler Mead. In the fourth inning Isaac Wallace had a single and T.J. Camilia walked. Alex Muthersbaugh reached on a fielder's choice Wallace and Muthersbaugh eventually scored

thanks to costly errors by Belmont's defense. Jack McLean scored in the fifth inning for the final insurance run.

Griffin Embree took the loss for Belmont, in a game where he gave up four runs on five hits and six walks. Despite taking the first loss of the season, coach Matt Leblanc had high praise for his number one starter.

"Embree pitched like the ace that he is and we let him down with some costly two out errors," said Leblanc.

Leblanc commended the play of Magerer, who

was the only source of offense for Belmont on the day. He also spoke highly of Siravo after the game.

"Siravo pitches very well," said Leblanc. "He challenged us all day and just got to tip your cap to a player of his caliber."

Two days later Belmont hosted Newfound and came away with a win in Brett Lima's second start of the season despite challenging weather conditions. He gave up three of his four hits, and each of his two runs in the fourth inning. Lima struck out

seven batters in the win.

Matt Pluskis went two for three to pace the offense for the Red Raiders. Kyle Minery went one for three with a double and made solid contact each time he was at the plate. Kolby Brown went one for three with a double and two runs scored.

"It was nice to see Nate Sottak get his first varsity hit and RBI," said Leblanc.

Belmont hosted Raymond after deadline on April 25 and on April 30 the team hosts Somersworth for a 4 p.m. game.

Softball Red Raiders knock off Gilford and Newfound

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT — The Belmont softball team improved to 3-1 with a pair of wins last week against Gilford and Newfound.

On April 18 Belmont beat rival Gilford 3-1 in what was a tight battle between a couple of young pitchers. It was a scoreless ballgame until the third inning when Gilford struck first for a 1-0 lead. Brooke Beaudet led off the inning with a single, which was followed by a sacrifice bunt by Randi Byers to advance Beaudet to second base. Lexi Boisvert then had a fielder's choice that sent Beaudet to third base. Jillian Lachapelle then put the Golden Eagles on the board with an RBI single to right field that scored Beaudet.

Belmont coach Bill Clary commended the work by his squad for escaping the third inning while giving up only one run on the three Gilford hits. He said it was thanks to Makenzie Donovan, who assisted on the third out off the inning with a throw home to Jordan Sargent who laid down a nice tag at the plate.

The Red Raiders answered back quickly with two runs to take a 2-1 lead. Both of these runs were scored on bases led walks. Belmont put an insurance run on the board in the bottom of the sixth inning with a single and an RBI double by Donovan to solidify the win. Donovan was the offensive leader of the day with a three for four showing, while Lizzie Fleming also shined with a two for three day.

It was a tight pitcher's duel between Gilford's Colby Butterfield and Morgan Hall of Belmont, who picked up her first varsity win after pitching out of the first inning jam.

Hall had four strikeouts, three walks and a hit batter in the win.

Butterfield took the loss in a game where she struck out four, gave up three hits and walked four batters. Ella Harris came in for relief for Gil-

ford, striking out five, walking one and giving up six hits.

Gilford had five hits by five different players which included Beaudet, Byers, Boisvert, Lachapelle and Harris.

On April 20 Belmont hosted Newfound and came away with a big 15-0 win in a mercy rule shortened, five-inning game. The game was broken open in the third inning when the Red Raiders piled on seven

runs.

Lizzie Fleming took the win for Belmont and pitched four strong innings with six strikeouts, a walk and two hits.

Fleming also went one for one with three runs scored. Raven Gates had a two for three showing while Julianna Estremera went three for four.

Belmont hosts Somersworth on April 30 for a 4 p.m. game.

Belmont lax girls making progress in early season

BY BOB MARTIN

Bob@Salmonpress.news

MEREDITH — The Belmont girls' lacrosse team has had a tough start to the season, beginning with an 0-3 record.

Last week Belmont fell 14-4 to Inter-Lakes/Moultonborough Academy on April 18. Katie Gagnon scored three goals while fellow sophomore Haley Treamer also scored.

On April 20 Inter-Lakes had another tough loss to Derryfield by a score of 16-3. Goals were scored by Gagnon, Sydney Shepherd and Hannah LeClair.

The girls have started off the season 0-3, but coach Meya Minor said the scores haven't reflected the outstanding effort her team has put forward.

"With this last week the scores really didn't reflect the progress we made," said Minor. "We were without six girls and at Inter-Lakes without four starters. Being a program still building that is huge and there were girls who really stepped up and made themselves be seen by both me and coach Berry.

"We are working really hard breaking every-

thing down and building a solid base for most of these girls," Minor said. "I think that with patience we will finally start to see that work reflect in future scores. The girls are just barely finding their place. We have been throwing girls

that have always played offense to defense and vice versa, and they are getting the chance to find their fit on the field. It really shows when they do."

Belmont hosts Gilford on April 30 for a 4 p.m. game.

Softball Bears win close one with Rams

BY BOB MARTIN

Bob@Salmonpress.news

RAYMOND — After taking a tough opening day loss to Gilford, the Winnisquam softball team had improved to 2-1 including last week's win on the road against Raymond.

The Bears won 7-6 in what was a tight game throughout. Winnisquam scored a run in the first inning, but Raymond quickly went on top 2-1. The teams traded leads again in the second inning by both scoring runs, but then Raymond distanced itself with three runs in the fourth inning.

With two outs and nobody on base in the seventh inning, Carly Catty stepped up to the plate and ripped a single. Hannah Max then reached on a hard hit error by the shortstop and

Chloe Colarusso drive in a run on an RBI single. Aubrey St. Onge worked a walk and then Natalie Deshaies hit a bases clearing double.

Raina Matthes came up and won the game with an RBI triple to cap off the solid win for Winnisquam.

Catty went two for three with a run and a walk. Colarusso was two for four with a double and an RBI. Deshaies was two for three with three RBIs and Matthes was two for four with the game winning RBI.

"It was a crazy comeback win and I'm proud of different girls for stepping up and making big plays with the bat late," said coach Kevin Dame.

Next up for Winnisquam is a game at home against Franklin at 4 p.m. on April 30.

Underage drinking

Think underage drinking doesn't affect a teen's brain? Think again.

ITSA FACT. New research shows alcohol affects a teenager's developing brain differently than an adult's. Memory, learning and impulse control can be impaired seriously. The risk of addiction goes up dramatically. So talk to your kids about the dangers of alcohol and set clear rules about no alcohol use.
