## GHS senior named Presidential Scholar

BY ERIN PLUMMER  
eplummer@salmonpress.com

The hard work, knowledge, and talents of a Gilford High School senior have earned him recognition as a Presidential Scholar.

Connor Craigie is one of three New Hampshire students to receive this honor from the US Department of Education for 2017, and one of only 20 in the country to receive the award on the Career and Technical Education Tract.

GHS Principal Anthony Sperazzo said out of 3.5 million high school students, 5,100 of those qualify for the program. Students are nominated and their SAT and ACT scores also make them eligible. Ken Martin Instruct-

said 160 students will be nominated for the award from across the country. Craigie is the

first ever Presidential Scholar to have attended the Huot Technical Center.

Craigie developed an interest in robotics when he was a kid after seeing a robot that kicked a soccer ball. In middle school he designed a Lego robot for competition.

"I really, really wanted to see how the others worked," Craigie said. "I was really intrigued with how it functioned."

He has extensively studied robotics and engineering in high school, including as a member of the Robotics Team.

"Two words that would best describe him would be the problem solver," said Craigie's AP Calculus teacher, Gene Duquette. "He's got an engineer's mindset without a doubt, he's got a willingness to learn."

Last summer, Craigie attended St. Paul's Advanced Summer Program studying Ar-

tificial Intelligence and also helped teach a class.

Martin said he can throw a project out to the class and Craigie immediately picks it up and teams up with other students.

"He immediately takes the lead in these things, but he doesn't take over the entire thing," Martin said. "He's good at delegating and keeping things moving through the project."

Craigie designed his own fan, sketching out the concept and doing the design with computer software. He used scrap metal to put much of it together and the blade and guards were printed from his own 3D printer.

Craigie has used his knowledge in other projects as well. Laurie Belanger, who coaches

## Magazine ranks GHS 13th best high school in NH

BY ERIN PLUMMER  
eplummer@salmonpress.com

Gilford High School has received some high marks from a national publication. US News and World Report ranked GHS as the 13th Best High School in New Hampshire.

The magazine recently released its list of top high schools in the country, ranking schools in each state. According to the US News and World Report website the awards are determined through four steps looking at numerous figures

and factors. They examine if "students perform better than expected in their state," if "disadvantaged students perform better than state average," if "graduation rates meet or exceed the national standard," and "students are prepared

for college level coursework." Factors examined include test scores, graduation rates, and other factors.

GHS was ranked 13th, receiving a bronze medal. Principal Anthony Sperazzo credited numerous factors for this success.

Sperazzo said SAT scores have gone up this year, going from a combined average of 1,038 to 1,080.

Of the class of 2016, 83 percent attended a two or four-year college or university, four percent went into the military, and 11 percent went into the workforce.

"We're hoping those set of data points will continue for the class of 2017," Sperazzo said.

So far, a number of seniors are planning to attend schools like Ithaca, Colby Sawyer, and other

## Notes from the Gilford Public Library

BY MARK THOMAS  
Library Correspondent

Let's get back to basics. By 'basics,' I mean 'books' of course, so let's get back to books. Those who watched "A Dog's Purpose" can get back to the author's books by reading "A Dog's Way Home" by Bruce Cameron. This sequel tells the story of a dog that finds himself as attached to an incidental owner as the owner is to him. As their bond grows, they cannot catch a break, from a 'No-pets' apartment to an animal control officer that hates happiness. Eventually, the dog makes a wilderness trek home that is wrought with danger and adventure. A warning: Only read "A Dog's Way Home" if you love your pet dog, comfy stories, and hearts so warm they could heat a neighborhood, otherwise the warm fuzzies will be too much to take.

If you want something real, then look no further than Jeffrey Lent's epic "Before We Sleep." Families went through a great deal in the three decades following World War II, and Lent captures aspects of that struggle in his story about one family and the ties that help them cope. His writing is crisp and satisfying.

Another family epic is "Salt Houses" by Hala Alyan. A Palestinian family is uprooted time and again following political and military conflicts. Diaspora wears on the family as they gradually come to terms with the idea that they will never be able to go 'home.' Each time they are pushed out of their new house, the family finds attachments in different locations, from Kuwait, to Beirut, to Boston. Alyan's debut novel gives life to historical conflicts,

displaced families, and the lifestyles that unite or divide us.

Fredrik Backman's newest book, "Beartown," is a story of community and human spirit. A diminished town in the deep woods is downtrodden except for one shining possibility. Their junior ice hockey team made nationals, but a horrifying event divides the town and its grizzled but emotionally fragile residents. Backman makes his characters believable and chillingly easy to empathize with. Besides, everyone loves an unlikely hero.

If you like your fiction far from reality, Lidia Yuknavitch's "The Book of Joan" is a science fiction like few others. It's the future and Earth is in shambles, humanity

has taken to living in an orbital platform. The protagonist tells the story of what happened on earth-political and ecological devastation that is just feasible enough. What makes the writing unique is the non-stop references to historical characters like Joan of Arc and literary characters like Trinculo of Shakespeare's "The Tempest." I enjoyed the hypotheticals and the references in equal parts.

Big name authors have been prolific too, so don't miss these: David Baldacci's "The Fix," Mary Higgins Clark's "All by Myself, Alone," Jeffery Deaver's "The Burial Hour," Lisa Jackson's "Ominous," Iris Johansen's "No Easy Target," Alexander McCall Smith's "My Italian

Bulldozer," James Patterson's "16th Seduction," and Danielle Steel's "Against All Odds."

There is something for everyone, so stop by for a summer read or ask for a recommendation!

## Pet of the Week: Jayro

This adorable fellow hails from an animal sanctuary operating in Puerto Rico. Jayro was abandoned at the sanctuary about five years ago. Luckily, he came to New Hampshire Humane Society where, in spite of the fact he is at the very least bilingual, he has acclimated well to an English speaking North American lifestyle.

He is, frankly, the sweetest dog calling our shelter home, with a pudgy little body and his one blue eye, gentle demeanor and a tail that circles like a helicopter blade. He's enjoyed overnight stays with staff and volunteers, and taken hikes

to local parks where he has met other dogs with interest and diplomacy.

Very fond of treats, we have put him on a diet for his own health and well-being. He doesn't seem to be concerned about cats, but he might guard his food dish, those old survival habits from the streets are still on his mind. A more lovable, companionable dog you will not find; ideal for an older family with teens.

Please come and visit Jayro. You will be smitten!

Check [www.nhhumane.org](http://www.nhhumane.org) for more details.

## NORTH COUNTRY NOTEBOOK

*Toss the watch, unfurrow the brow, grab a good map, and hit the road*

By JOHN HARRIGAN  
COLUMNIST

America has, for a host of reasons, become a nation of A-to-B travelers. By this, I mean people obsessed with getting from point A to point B without savoring the trip in any fashion, whether there's a need for hurry or not. These are the people who ask me, when I'm getting back from a train trip, or a truck-tour down Old Route 3 or along winding Route 113, or a Jeep ride along equally winding Route 145, "Didn't it take a long time? Weren't you bored?" The answers are yes, and no—that last as in, "Not ever."

When it came past-due time to visit family on the West Coast, I took one of Amtrak's great trains, the California Zephyr, out and back instead of flying, which I used to love but have grown to loathe. This was anathema to anyone with no clue about trains then and now, or even any notion that trains still exist. "Didn't it take a long time?" No, just four days and three nights, which didn't matter at all, because the trip

itself was such a pleasure. "Didn't it cost a lot?" No, not when you figure that on a train, you get your meals and your hotel room on wheels, not to mention an ever-changing scene out the window.

On trips south, especially to destinations down below the notches, I'll use Interstate 93 or its across-the-river companion I-91 to get to where I'm going as quickly as possible, usually a speaking event or a medical appointment. But on the way home, I'll take the slowest and most interesting route possible, often adding hours to the trip. And I never come home without a renewal of the sheer love of travel for travel's sake.

The other day, Nancee and I piled into the truck to go down to Littleton on some errand or other, and wound up, as usual, taking the slow way home, actually one of several possible slow ways home. This time we went up one of our favorite roads, Route 135, which follows the Connecticut River northward from Woodsville all the way to Lancaster.

It was a beautiful spring day. Signs of the season, and people's frantic efforts to catch up with it, were all around. Across the state line and up the river a bit, the four-lane highways beckoned, but there was a whole other world along the road there, running west of Dalton Mountain. And at the Mt.

Orne covered bridge in South Lancaster, we crossed the river and went up Vermont's ancient and winding Route 102 all the way to Colebrook. If we had stopped everywhere we could have stopped along these fine old byways, we'd never have got home.

A trip like this always makes me wonder how many people have never changed gears, stopped looking at their watches, taken a deep breath, consulted a map, slowed down, and taken the road—as Frost put it so well—less traveled. There's a whole world out there to see, beyond the interstates and interchanges and other things that begin with "inter" except interesting.

Leaving for a long and wandering trip during a divorce is not the best way to go, but William Least Heat Moon did it, and generated a revival of spirit and a great book, *Blue Highways*, the name stemming from the color of the lesser highways and byways on the maps he used across the country. And later, as described in his equally enjoyable book *River Horse*, he did the same thing by boat.

One of the few material things I've ever wanted in life, other than a remote, hike-in camp (which I have), was a Jeep born the same year I was, 1947 (which I also have). It's just a basic Jeep, no top, restored to good running condition and used for farm

work (mainly building and maintaining fences) and the occasional pleasure jaunt around the back roads of the Upper Cohass (the Coashaukee name for northern Coös County).

I also have a neat, solid little World War II trailer, made for this very type of Jeep, courtesy of Fred King, who restored it and kept it in good shape until he was through with it, and then sold it to me for a pittance.

Wouldn't it be fun, I sometimes muse, to pack up the trailer with a few necessities, like lawn chairs and a tent and a bicycle or two, and fishing stuff, and the wangan that contains all of my outdoor cooking gear, and a few good books, and a journal and a camera, of course, and hit the road.

Both the Jeep and I are 65 years old, and there'd be inevitable breakdowns and repairs and aches and groans, not to mention a few missed turns and no doubt many a waterlogged day, but what stories we'd have to tell—if we ever turned around, and came home to tell them.

## Strategies for Living

BY LARRY SCOTT

Lee Strobel, in his book, "The Case for Faith," tells the story of a remarkable man by the name of William Neal Moore. When Strobel met him in Rome, Georgia, he was a well-respected ordained minister, dedicated to helping the hurting. But such had not always been the case.

Few people outside of his congregation were aware that in May of 1984, William Moore was just hours from being electrocuted for a murder he had committed some 16 years before. Breaking into the home of 77-year-old Fredger Stapleton in search

of cash Stapleton was known to keep in his bedroom, he was caught "red-and was sentenced to death.

But now ... the rest of the story.

Shortly after his imprisonment two Christian gentlemen, at the behest of Bill Moore's mother, visited him in prison and told him about a loving God Who was more than willing to forgive him and give him a dramatic, new direction in life. He had never heard of a God who loved him unconditionally – even in view of what he had done – and soon he made a life-changing decision: he invited Jesus Christ to be the Lord of

his life.

That decision changed everything! From a wasted life of self-centered living, William Moore became a witness to God's love and mercy, sharing his story, counseling his fellow-inmates, and leading Bible studies and prayer sessions within the Georgia State Penitentiary. So dramatic was the change in his life that it caught the attention of the Ga. Board of Parole and Pardon, and surprisingly, within hours of his execution Moore's death sentence was commuted to life in prison. And then, in November 1991, in an action unprecedented in the history of the Board, he was released.

As Lee Strobel sat in his home reflecting on the remarkable change of direction Bill Moore's life had taken, Lee asked him "about the source of his amazing metamorphosis. ... [W]hat was responsible for the transformation of Billy Moore?" 'Plain and simple, it was Jesus Christ,' he declared adamantly. 'He changed me in

ways I could never have changed on my own. ... He helped me do the right thing. ... He saved my soul' ("The Case for Faith," page 259)."

To the skeptic, I know this sounds like just so much religious spin on the life of a man who was caught. The truth, however, is that in some cases the consequences of a life lived independent of God catches up with us. And then there are times when circumstances lead us to an opportunity to experience what God has to offer and we discover what is, in fact, a new lease on life. Living by our drives and selfish interests may seem to be a path to happiness for a while but sooner or later we must "pay the piper." Those who have had a chance to invite God into the mix will tell you without regret that it is the best decision they have ever made; they can't imagine why they waited so long. What an honor, indeed, it is to know the Living God!

a new place to walk around and get fresh air thanks to community support.

On Thursday night, Humane Society staff,

board members, and supporters gathered for a ribbon cutting ceremony on the newly built "Catio." The ceremony preceded the Hu-

mane Society's annual meeting.

The Catio will allow cats an expanded place to move around safely and get into the

sunlight. The Catio is a thin hallway with many different posts, small steps, and other structures for cats to play on. Cats can access the Catio through a pet door by the main cat play room.

The idea for the Catio came up around 2014 or 2015. Marylee Gorham, Executive Director of the New Hampshire Humane Society, said they wanted to build a space that would be safe for cats to walk around and get fresh air. Catiogs are especially popular in places like California.

The Humane Society raised money for the project. Paul Fleming & Sons Construction of Hebron successfully bid on the project and constructed the Catio.

The project extended the footprint of the building to around the eaves of the roof.

Gorham said the cold winter provided some challenges to the project. They wanted to finish the project in March, but were unable due to the temperatures. There were concerns the floor wouldn't set properly.

The project was finally finished the week before the ribbon cutting.

"It's a team effort to pull it all together," Gorham said.

Cats will be able to walk from the cat room through a door and then walk through the Catio to get to the gazebo. Gorham said they plan to move the gazebo closer.

With the Catio built, the volunteers worked

to get its first users through the door.

The Catio's first user was a large, gray cat named Ferbie. Gorham said they tried to first entice Ferbie through with treats hoping that if the other cats saw one cat go through the door more would follow. It was reported during the annual meeting that Ferbie did indeed go through the door to explore the Catio.

"It's nice because this is a nice place for animals to be," Gorham said. "Let's make it as inviting as possible."

Gorham said they have been seeing changes in the number of cats at the society. The average length of stay for cats at the Humane Society is 40 days, which is significantly shorter than it was in years past. Gorham said they have had a few cats who are adopted within days of coming to the shelter.

"The Catio really is going to have a huge impact," Gorham said during the annual meeting.

Board president Chris Walkley said the project was "beautiful."

"To have a space where cats can play and be outside and not be in a shelter, it's amazing," Walkley said. "When people come together for a cause the things we can get done, it's amazing...the people who have animals in their hearts who support us each and every day."

# Seventh Annual Bow Wow Fest features Animal Planet stars

LACONIA — The Seventh Annual Bow Wow Fest to benefit the New Hampshire Humane Society will take place on Saturday, June 3 at the Opechee Inn, 62 Doris Court, Lakeport, featuring a special appearance by Officer Robert Mancini and his K9 Ruger, stars of the new Animal Planet show, “North Woods Law: New Hampshire.” Pre-registration for only \$10 is now available at [nhhumane.org](http://nhhumane.org); registration the day of the event will be \$15.

“We are really excited this year to welcome Officer Mancini and Ruger to share the wonderful work that NH Fish & Game does,” says Marylee Gorham, Executive Director of the NH Humane Society. “We love to have community events that celebrate not only pet ownership,

Lauren Carmella and Cyndl Von Steensburg, our “dalmation girls” from last year’s festival.

but stewardship and protection of the entire animal kingdom, including New Hampshire’s wild life.”

The festivities, which are rain or

shine, will kick off at 9am with registration and a dog costume contest, prizes, generously donated by Laconia Pet Center, awarded at 9:45am. Ca-

nine demonstrations begin at 10am, featuring Officer Mancini and Ruger, along with a canine agility course for your pet, hosted by Kelly Arbogast of

Doggonit Training. The event, sponsored by Homeward Bound, The Four Paws Inn, and Laconia Pet Center, will also feature a Pet Blessing, doggy “kissing” booth, face painting and other activities, before the dog “parade” sets off down the Wow Trail at 10:45 a.m. Stick around for shopping at a variety of vendors, including HerbaLife, Miss Ellen’s Cupcakes, The Four Paws Inn, Doggonit Training, Homeward Bound, Off Leash K9 Training. Food and drink will be available from 9am to noon by My Coffee House, Sharkey’s Grill, and hot dogs provided by T-Bones and Cactus Jacks, along with popcorn, and water donated by the Ninety-Nine.

The Bow Wow Fest was the brainchild of Claire Hebert, who in 2010 was on the Board

of Directors for the newly-opened WOW Trail, while working as a marketing representative for Melcher & Prescott Insurance. A front-page photo entitled “Bow Wow Walk,” of a dog and its owner on the Library end of the Trail, prompted Ms. Hebert to ask permission of the Board to coordinate a parade of canines as a community event, as well as a means to acquaint community members with the WOW Trail. Local police K-9’s were the beneficiaries of the monies raised at the original event and in subsequent years, until Ms. Hebert’s retirement in 2016, at which point the New Hampshire Humane Society took up the event as community outreach and a fundraiser for the shelter.

The New Hampshire Humane Society is a privately funded 501(c)3 non-profit whose mission is to provide shelter for the lost, abandoned and unwanted animals; find responsible and caring forever homes for them, and; advocate and be the voice for the voiceless. The Society works hard to prevent cruelty to animals and offers education and outreach programs, pet therapy, and many community programs and initiatives to help responsible pet owners and their animals.

To view adoptable pets, make a donation or check out other upcoming events, please visit [www.nhhumane.org](http://www.nhhumane.org).

## Peter Makris Memorial Run celebrates 11th anniversary June 10

Kick off to Laconia Motorcycle Week supports fire department, veterans, emergency responders and more

LACONIA — Spring in Laconia means dusting off your bike, changing the oil and making your reservation for the Peter Makris Memorial Run. For 11 years, friends, family and even those who never knew him, gather to honor the life of Peter Makris, patriarch of The NASWA Resort and community leader. The run has become the Official Kick Off for Laconia Motorcycle Week and The

Peter Makris Memorial Fund has brought ongoing benefits for the Laconia community. Over \$340,000 has been raised to fund the Laconia Fire Department’s Water Rescue Team, to support the Easter Seals NH “Veterans Count” program, the area CERT Emergency Response Team and other local charities—including a 2016, \$4,500 donation to the family of firefighter Kyle Jameson, who lost his

battle to cancer just a year ago.

This year’s run has elements of tradition, like the bountiful breakfast buffet at the NAZBAR & Grill, followed by an opening performance by Sgt. Dan Clark, the singing trooper, thanks to the generous support of Marc Abare and his company, Plastic Distributors. Sgt. Clark’s heart-pumping patriotic songs start the run off in high gear and

are followed by a blessing of the bikes by Fr. Mark Drouin and Fr. John Routos.

But this year, the Peter Makris Memorial Run also has a new and intriguing route, which includes a ride to the New Hampshire Motor Speedway AND two memorial laps around the track and a lap around the road course.

“The euphoric feeling of riding a NASCAR racecourse is not to be missed,” says Cynthia

Makris, Peter’s daughter and President of the NASWA Resort and the Laconia Motorcycle Week Board. “We are so grateful to GM Dave McGrath for providing this opportunity to our riders—it is a ‘bucket list’ check for many and we know Peter will be smiling as he watches us do these laps in his memory!”

The ride will then continue on a scenic “feet up” Lake Winnepesaukee route, courtesy of the New Hampshire State Police who donate their time to lead this run, with no stops—a privileged riding experience. Arriving back at the NASWA, hungry and ready to celebrate, riders can park their bikes near their rooms, or across the street at the newly renovated parking lot, and then saunter over to the NAZBAR & Grill for a bountiful

## Catch Bette Davis in her breakthrough role on LRPA this weekend

LACONIA — Join Lakes Region Public Access Television at 10:30 p.m. this Friday and Saturday night (May 26 & 27) for our “LRPA After Dark” presentation of 1934’s melodrama “Of Human Bondage,” starring Bette Davis and Leslie Howard.

In “Of Human Bondage,” we meet Philip Carey (Howard), socially awkward and painfully self-conscious due to a club-foot. He has dreams of becoming an artist, but is advised by his teach-

er to give up on those dreams due to limited talent. Philip returns home to London to enroll in medical school. Joining a fellow student at a tearoom, Philip meets Mildred Rogers (Davis), a vulgar Cockney waitress who attracts many of her male customers with her wanton ways. Philip tries to flirt with Mildred, but she rudely rebuffs him. Undaunted, he persuades her to go on a dinner date, where she continues to mistreat him. Philip becomes

obsessed with Mildred, daydreaming of her instead of studying for his exams. He proposes marriage, but she rejects him for another man, taunting him for loving her, and leaving Philip brokenhearted. Just as Philip is getting back on his feet and finding contentment with another woman, Mildred returns — with

another man’s child. Will Philip learn from his mistakes, or will the bond that he feels for Mildred draw him back under her spell?

Bette Davis was so convinced that “Of Human Bondage” would be her breakthrough film that for six straight months, she begged Jack L. War-

On Memorial Day, we pause to reflect on the service and sacrifice of the men and women of our Armed Forces. We honor the memory of those who lost their lives protecting our nation's freedom, and we salute all those who have served in our military past and present. Their selfless dedication reminds us that freedom is not free, and we will never forget their courage and extraordinary contribution to our country.

cer, said she gave the students a project of making around 50 dozen cookies for a bake sale. She said she saw Craigie working out an algorithm on the white board with other students taking photos of his formula.

“He brings that brain to everything, but he does it in a way that doesn’t intimidate people,” Belanger said.

Sperazzo said they aim for students to be 21st Century learners and they ask students to think outside the box.

“He is the epitome of a 21st Century learner,” Sperazzo said.

Craigie said a lot of what he has learned in school has greatly helped his work. He had applied calculus and machining to his work and learned a little coding through robotics. He had also learned about wiring and electrical systems.

“All my techniques from machining have really cascaded through robotics,” Craigie said. “There’s always projects out of school I’m constantly working with.”

This fall, Craigie will attend Worcester

Polytechnic Institute in Worcester, Mass., and study Robotics Engineering.

Craigie is already receiving interest from companies. Martin said they visited Eptam Plastics for a company tour and internship discussion.

“His face the entire time, it was ear to ear grin,” Martin said. “He just absolutely loves (it), and they immediately pick up on things like that. They can’t wait to get a hold of him.”

Those who have worked with him also described him as humble and down to earth.

“He does think differently than other kids, but he’s so humble and balanced and grounded,” Belanger said.

School counselor Lori Jewett said Craigie emailed her about the award. She said he wrote, “I think this means I have won,” and said this seemed hard to fathom.

“He just does what he loves he’s not striving for any recognition whatsoever,” Jewett said.

Craigie will receive an all-expenses paid

trip to Washington, D.C., from June 18-20, joining people from all over the country. He will attend a medalion ceremony where he will likely meet the president.

Craigie said this honor will greatly help in his career.

“This will definitely work well on resumes, I’ll definitely talk about it,” Craigie said. “WPI will be happy to understand I’ve received this honor.”

prestigious schools as well as may other respected colleges and universities.

Sperazzo said another factor might have been the number of Running Start classes GHS offers. Running Start classes offer college credits that students can use towards their future education. Sperazzo said they are now offering the most number of Running Start courses they ever have.

“Students are able to

defray the cost of college and take a college level course,” Sperazzo said.

Another factor is the number of AP courses the school offers and how students score. A total of 50 students took 62 exams for AP courses; 82 percent of the tests had scores of three or better, which is the goal.

“That’s a testament to what our students do here, of being a 21st century thinker, and what our staff does to continue to challenge

our students and allow for hands on thinking,” Sperazzo said. “We have some room to grow and we need to continuously work diligently in making sure our students are challenged in every facet of education.”

The highest ranked high school in the country according to US News and World Report is BASIS Scottsdale in Scottsdale, Ariz. The top school in New Hampshire is Hollis-Brookline High School in Hollis.

though the center closed this year. WOW Trail Executive Director Gretchen Gandini said they looked for a new venue that could hold the usual number of ball attendees. She said Gunstock "rose to the top" as a possibility and the decision to move the event there paid off.

"They've been amazing, super welcoming," Gandini said. "The staff at Gunstock have been all hands on deck."

Guests congregated around the Main Lodge, including the outside patio where a band played. Inside guests danced to a DJ as numbers were called. Centerplate, Gunstock's resident food service, provided the food for the event.

Beetle and Gandini said the guests seemed

to really enjoy the new space.

Gandini said as the WOW Trail is a big opportunity for outdoor recreation it was appropriate to have the fundraising event at Gunstock, another major area for outdoor recreation.

The WOW Ball's new sponsor this year was Daniels Electric Corporation of Gilford and many people from the company came to the ball.

People could bid on silent auction items and take part in a live auction with auctioneer Jesse Thompson. Starting around 8:30 p.m. numbers were drawn for the major prizes. At the end of the last 10 numbers won cash prizes, including the grand prize of \$10,000. The grand prizewin-

ner was Bradley Miles, who had the last number left on the board and won \$10,000. Megan McKenna was the second place winner, receiving \$5,000.

Ben Davis received \$500 and \$300 went to David Houghton. Prizes of \$200 went to Ilona Dunfee, Winnann Milligan, Marie Baker, Brenda Mar-

tel, Kate Tourville, and Margo Weeks.

WOW Trail principals are now planning phase three of the trail from Lakeport to the

Weirs. Plans are being submitted to the Laconia Planning Board for review awaiting approval, which will involve numerous public hearings.

The planned route on the railroad tracks behind residences has been met with opposition by some area homeowners associations, who have indicated they will litigate if the project remains as planned. Beetle said if the current project receives planning board approval it is likely a lawsuit will follow. The WOW Trail organization has met with attorneys.

"We expect to prevail in court," Beetle said.

Beetle said the proposed area of the trail is all on state owned land and most people think this trail is the best use for it.

# Laconia contractor wins CAMO® Screw Off!™ at Gilford Home Center

Brad Jenkins of Expedient Custom Contracting in Laconia took first place in the action-packed CAMO® Screw Off!™ held at The Gilford Home Center on May 18. In the timed deck fastening contest using the CAMO® Edge Deck Fastening and CAMO face screws, Jenkins bested nearly one dozen fellow participants in a festive event attended by contractors, landscapers, and deck builders.

As the winner of CAMO® Screw Off!™ qualifying event, Jenkins also earned the right to compete for a 2017 Harley-Davidson® Roadster™ motorcycle and other cash prizes at the CAMO® Screw Off!™ finals to be held at the NRLA LBM Expo in Providence, Rhode

Island in February 2018. Other honorees on the day included Robert A White, also of Expedient Custom Contracting, who took second place. Jenkins, White's supervisor, beat him by just under six seconds. Eric Rochelia of Gilford Lawn & Landscape came in third.

"Everyone had a great time," says Mike Watson of Gilford Home Center. "What a wonderful way to launch the CAMO® line of products at our store. The competition clearly displayed the systems' ease-of-use in an environment that had everyone cheering and enjoying themselves throughout the night."

The CAMO® Screw Off!™ is designed to introduce contractors to the full array of CAMO® deck fastening products.

## MARK ON THE MARKETS Strategies

BY MARK PATTERSON

Whether you use a financial planner, advisor or do it yourself; planning your financial future involves a plan, strategy

and tactics to get you where you need to go. So let's take a moment to think about the difference between these strategies and tactics to maybe reflect on what you have or have not done with your personal finances. To me a "plan" is the most macro or broad big idea regarding (in this example), your financial picture. But then we must create a strategy for your plan. The strategy represents a subjective

time frame; for example, five years. The strategy identifies the objectives you want to accomplish and attaches a loose time-frame to achieve your goal.

My strategy may read like this; Accu-

mulate and grow my assets reducing the risk to the overall portfolio as I approach retirement at age 70. Using good Social Security planning, some "A" rated fixed indexed annuities for

# Merrimack County Savings Bank and Meredith Village Savings Bank Photo Contest enters final week

MEREDITH — The photo contest for Merrimack County Savings Bank (the Merrimack) and Meredith Village Savings Bank (MVSb) ends on Saturday, May 27. All submissions must be mailed or dropped off at any MVSb or Merrimack branch on that date. Winning full color photographs will be featured on four websites: the two banks, New Hampshire Mutual Bancorp (NHMB) and MillRiver Wealth Management; as well as in desktop and wall versions of printed calendars for both Banks. Winning photos may also be included in desk calendars, holiday cards and note cards.

Winning images will focus on people enjoying local events, such as the Merrimack County Savings Bank Rock N' Race, the Hampton Beach Master Sand Sculpting Classic, the Nashua Rotary Rock n' Ribfest or the Sandwich Fair. Other popular choices include people enjoy-

ing local New Hampshire venues, attractions and businesses such as the Sculpture Walk in Meredith, Canterbury Shaker Village or Granite State Candy in Concord.

Different formats are needed for use on the website versus the print calendars, so there are two separate contests. Participants may enter one or both contests, but will need to complete a separate entry form for both contests, with a maximum of five full-color entries each.

All photos and entry forms must be submitted before close of business on Saturday, May 27. A \$50 cash prize is awarded for each winning photo selected. Winners are responsible for the payment of any federal, state and local taxes on their prizes.

Photos must be submitted as colored prints with a corresponding disc containing high resolution full-color images in .tiff, .eps or .jpg formats. For the calendar contest, the

"Balloons," by Linda S. Murphy of Northfield - July's photo from the 2017 calendar. This year's contest period ends on May 27 for the 2018 calendar.

prints should be 10 inches wide by eight inches high, and the associated digital files should be a minimum of 300 DPI. For the Web site contest, the prints should be 10 inches wide by 4.25 inches high, and the associated digital files should be a minimum of 72 dpi (though higher is preferred) at a size of at least 1,920 pixels wide by 5,300 pixels high.

The names of the photographers will

be unknown to the panel evaluating the work, and selections will be based solely on the suitability of the subject; quality of the photograph; and adherence to the purpose of the contest, which is a celebration of New Hampshire year round.

For photo contest rules and the official entry form, visit [merrimack.com/photocontest](http://merrimack.com/photocontest) or [mvsb.com/photocontest](http://mvsb.com/photocontest).

New Hampshire Mu-

tual Bancorp, a mutual holding company, was formed in 2013 when two New Hampshire-based community banks, Meredith Village Savings Bank and Merrimack County Savings Bank, formally affiliated — the first relationship of its kind in New Hampshire. This strategic partnership has positioned the Banks to leverage each other's strengths as they work together to advance a shared vision of maintaining and enhancing their community banking standards and values. MillRiver Wealth Management joined as a third subsidiary of NHMB in 2015, combining the financial advisory divisions of MVSb and the Merrimack. NHMB combined assets total more than \$1.6 billion.

Merrimack County Savings Bank is celebrating its 150th year anniversary of serving the people, businesses, non-profits and municipalities of the greater Concord and Nashua

ner, the head of Warner Brothers, to lend her out to RKO to make this picture. Warner felt that the terribly unglamorous and indecent part would ruin her career, but he eventually gave in. It was the right decision, as both critics and movie goers alike found her spellbinding in this sadistic, heartless role. Davis had made 21 films before "Of Human Bondage," but Mildred the waitress was the character that catapulted her to Hollywood superstardom. "Of Human Bondage" was adapted from the W. Somerset Maugham novel and made into a movie two more times, once in 1946 with Paul Henreid and Eleanor Parker, and again in 1964, with Kim Novak and Laurence Harvey.

Neither film was the critical success that is our original. The New York Times critic Mordaunt Hall wrote that Davis's portrayal of Mildred was "enormously effective" and said this of Leslie Howard's performance: "One might be tempted to say that his portrait of Philip Carey excels any performance he has given before the camera." This movie truly is a classic. Grab your popcorn and meet us after dark for the movie that made la Davis a star.

a small portion of income and a good fixed income bond ladder, I want to create a sustainable income that is not subject to market risks. Then with the remaining assets I want to continue to grow these assets with equities or stocks acquiring some mitigated market risks to keep me ahead of inflation and grow my legacy. I also want to fund Long term care insurance (asset based), and life insurance.

Now that I have outlined a basic strategy, I need to make "tactical" moves to get my strategy in motion. While I am still in the "accumulation" phase, a tactical move may be; with a portion of my assets I will sell cash covered "puts" to create income or accumulate stock in companies I want to own.

Once I own this stock, I may sell covered "calls" for income. This is a buy/write tactic that aids in the overall "accumulation" strategy.

The point is that your plan and strategy should be well defined. Not that changes should not be made, but a general idea of what you want to accomplish and how. The tactics that you or your advisor employ are more defined or maybe represent shorter periods of time. Tactics are just tools to help you reach your strategic goals which are a just a part of the overall plan.

Reading this may seem simplistic to you, but I know sometimes very basic concepts can be a valuable tool for solving problems that may have seemed very complex. Buying

mutual funds until you retire and taking the money out of them when you need it would be a strategy and plan. But that plan does not include enough detail to ensure that you won't run out of money in retirement.

A very good exercise would be to write out your plan and objectives, then create a strategy to work towards your goals. If you are comfortable with the details or tactics to fulfill your plan, then write those down as well. If you are not comfortable with any or all of this then, call a planner or you can call my office.

# School records fall at Wilderness League Meet

BY BOB MARTIN

Bob@salmonpress.news

GILFORD — Gilford High School hosted the Wilderness League Championship track meet on May 20, and many of their athletes shined on their home turf, notably senior Marina Baer who shattered her own school record by more than 10 feet in the javelin with a throw of 133 feet, nine inches.

The throw by Baer was also a record at the Wilderness Meet. Closest throw behind her was Sarah Shannon of Moultonborough who had a toss of 94 feet, eight inches.

Coach Joe Wernig said that setting this record was a huge deal for Baer, and he was very proud of the hard work that she put in and ultimately paid off.

"She broke the record a few times last year and hasn't been able to come close this year," said Wernig. "She was pretty excited to break that and she crushed it."

Also setting a school record was the girls' 4X100 relay team of Natalie Fraser, Brianna Fraser, Laurel Gingrich and Lauren

Dean. They had a time of 52.69 seconds.

The girls' 4X400 relay team also lowered their Division 3 leading time to 4:17.44. This puts both relay teams in first place in Division 3.

Kaitlyn Callahan, a member of the 4X400 meter relay team, said the team is proud of their performance on Saturday. She said as a fairly new relay team, they have been working hard to mesh.

"Overall I think we did very well," Callahan said.

Dean added, "We've been working hard to improve our times."

Dean was dubbed the "track star of the day" by Wernig. She was third in the long jump at 15 feet, two inches. The winning jump was only a half-an-inch further. Dean was also first in the 400 meters with a time of 1:02 beating out Natalie Fraser with a time of 1:02.43. Dean had a total of 22 points on the day.

The Gilford girls' team had an overall fourth place finish, which was the highest they have been at the Wilderness Meet

# Butterfield throws no-hitter for Gilford

BY BOB MARTIN

Bob@salmonpress.news

GILFORD — It was a historic day for Gilford softball on May 15, with freshman pitcher Colby Butterfield throwing her first career no-hitter in a 21-0 win over Hanover High School that was ended after five innings due to the mercy rule.

Butterfield faced only 18 batters, which is three over the minimum. She had two strikeouts, two walks and three assists.

Gilford wasted no time getting out in front by putting up seven runs in the first inning. This included a three-run double by

Jillian Lachapelle and an RBI single by Stevie Orton. The Golden Eagles scored seven more runs on five hits in the second inning.

With the team up 14-0 after two innings, Gilford never looked back and kept the offensive surge going with six more runs in the third inning. This was thanks to two-run doubles by Lexi Boisvert and Lachapelle, as well as a two-run single by Taryn Breton.

They added another run in the fourth inning on a sacrifice fly by Stevie Orton.

Gilford had a huge offensive output throughout the day with 15 hits,

including five doubles. Lachapelle had three doubles on the day in a 3 for 5 showing. She also had four RBIs and a couple of runs scored. Orton went 3 for 4 with three RBIs and three runs. Broke Beaudet went 2 for 3 with a double, an RBI and two runs. Boisvert had a double, two RBIs and three runs. Tricia Jarry had an RBI and a run scored. Breton had a couple of RBIs and Karly Sanborn had an RBI and two runs scored.

Butterfield was on fire both on the hill and at the plate, as she also went 3 for 4 with a couple of RBIs. She nearly hit a home run in the game, as the ball hit the fence for a long single.

On May 17 the Golden Eagles fell to then-undefeated White Mountains 9-5. White Mountains took an early 3-0 lead but Gilford tied it up 3-3 in the bottom of the third inning. Boisvert reached on an error and Lachapelle hit a single, which was followed by Orton walking to load the bases with two outs. Samantha Knowles singled, knocking in Boisvert. Lou Lacroix then singled to score Lachapelle and Karly Sanborn reached first on an error that allowed Orton to score to tie the game.

White Mountains then took the lead in the fourth inning on a passed ball. However Gilford battled back in the bottom of the fourth and took the lead thanks to a two-run homer by Boisvert.

Gilford's defense has been solid for much of the season, but the team derailed in the sixth inning by committing four errors. This led to White Mountains scoring four runs on only two hits to give them an 8-5 lead. They loaded the bases in the seventh inning but only managed one run thanks to a nice double play by Knowles.

Gilford had six hits on the day with Lachapelle and Boisvert having two hits apiece. Butterfield took the loss in a game where she allowed nine hits, walked seven and struck out three batters.

Prior to the game Orton was recognized in what was the final home game for the softball team this season. There was a brief ceremony for Orton held by the teammates and coaches, honoring her or her 12th varsity in the sports of softball, soccer, volleyball and basketball.

As of press time the Golden Eagles softball team had an 8-6 record.

## Gilford battles as playoffs approach

BY BOB MARTIN

Bob@salmonpress.news

GILFORD — The Golden Eagles baseball boys have been hovering around the .500 mark for much of the season, and last week they went 2-1 in hopes of earning a playoff spot.

On May 15 Gilford had Tyler Sargent on the hill who once again dazzled in a three-hit shut-out where Gilford beat Fall Mountain 3-0. Sargent surrendered only two walks while striking out 15 batters. Coach Vint Choiniere called Sargent's performance "dominant," which was needed in a pitcher's duel like this.

"We battled to score our three runs against a very good pitcher," Choiniere said. "Getting two, two-RBI hits, the first by TJ Carmilia and the second by Tyler McKinney, was very

clutch."

Two days later Gilford hosted White Mountains and lost 8-5 in what Choiniere called "a very disappointing loss."

"We played poorly in the field, which led to five unearned runs for White Mountains," Choiniere said, adding that they also made key base running mistakes.

Freshman Adrian Siravo pitched for Gilford and took the loss, but pitched well. He gave up only two earned runs in four innings, striking out four batters and walking none. Braeden Lacroix pitched three solid innings in relief where he allowed only one earned run. Leading the offense was Sargent with a pair of singles and a two RBIs, and Alex Muthersbaugh who had a double and two RBIs.

Gilford bounced back

with an 8-1 win over Franklin High School on May 18. Branden Lemay pitched a complete game for his second win of the season. He struck out seven batters, allowed four hits and no earned runs. He also issued no walks on the day.

McKinney had two singles, Lacroix had two singles and two RBIs, Carmilia had a double and an RBI, Lemay had a double and an RBI and Bryan Chilvers had a pair of singles. Gilford banged out 11 hits on the day and had runners in scoring position in every inning.

"A very important win as we fight to earn a playoff spot," Choiniere said.

As the season winds down, Choiniere said he has felt the Golden Eagles have done a good job battling a "very difficult and challenging" sched-

ule, playing 11 games in 14 days.

Choiniere has been pleased with the pitching led by Sargent, Siravo and Lemay. However, he said the team's defense could use some improving. He said when the team plays well in the field they tend to do well.

He said his group of freshmen consisting of Siravo, Carmilia and Cody Boucher, as well as sophomore Alex Muthersbaugh, have been solid contributors throughout the season.

"All have played significant roles all season and each has contributed to our success," Choiniere said.

Choiniere added, "We will continue to work hard in practice as we close out the season, and we hope to secure a playoff spot come tournament time."

# Sailboat sharing program returns this summer

WOLFEBORO — In partnership with the NH Boat Museum and Brewster Academy, Wolfeboro Parks and Recreation is again offering the sailboat sharing program that allows community members to share a 24-foot sailboat for the summer season. This community partnership won the “Best of NH 2014” award for innovative programming. The vast majority of boats sit idle when their owners are not using them, so the concept of this program is to more fully utilize a boat by offering “shares” to multiple members, reducing the overall cost of sailing for all involved.

Members of the program buy a “share” or “membership” into a J-24 keelboat and then enjoy free use of the boat during the season (June 10 through Sept. 24) without having to worry about the many costs of ownership (insurance, mooring, registration, maintenance, transportation, etc.) They’ll take care of all of that for you and you just get to enjoy

sailing on Wolfeboro Bay and beyond. It’s a perfect way for those without the means to own their own boat (or just don’t want the headaches) to get out and enjoy the beauty of the lake and the sport of sailing.

There will be a limited number of memberships available (14).

Each captain will need to pass a hands-on sailing test (or take one of the adult sailing classes), both administered by Wolfeboro Parks and Rec.

The season will run from June 10 through Sept. 24.

Each day of the operating season is divided up into three time slots: 8 a.m.-12 p.m., 12:30-4:30 p.m. and 5-9 p.m. As the days become shorter in late summer, this schedule may be adjusted slightly.

Each member is guaranteed 10 time slots that can be reserved as far in advance as they would like, four weekend slots and six weekday slots.

Each member can make an unlimited number of “spontaneous”

reservations within 96 hours (four days) of boat use, as available.

Reservation calendar will be available to view online 24 hours a day.

All reservation requests may be made 24/7 using an online reservation system.

Each member must pass a test administered by Parks and Recreation sailing staff in order to be certified to use the boat.

All members must abide by program rules which include, but are not limited to: No alcohol on board, members may bring up to four guests on board, all minors on board must wear a personal flotation device at all times. Adults must have a personal flotation device on board, members must respect the boat and Brewster Academy property. Damages will be deducted from the security deposit.

Members of the sailboat sharing program will pay a seasonal fee (\$400 for residents, \$600 for non-residents) plus a \$100 refundable security deposit.

The rate includes mooring fees, maintenance, insurance and boat use.

Details and registration can be found on the Parks and Recreation page of the town web site [www.wolfeboronh.us/parks-recreation](http://www.wolfeboronh.us/parks-recreation) or you can call the department at 569-5639.

New adult keelboat introductory cruise

Date choices for this are May 30, June 1, 20,

22, 27 and 29 and July 6 from 4 to 6:30 p.m. at Brewster Academy. Fee is \$20 for residents, \$25 for non-residents.

Participants will join a US Sailing instructor aboard a keelboat on Lake Winnepesaukee for a 2.5-hour cruise. Meant to satisfy any curiosity about what is involved in managing a keelboat, this may be of special interest to anyone considering the sailboat share program or adult sailing

classes. Fees are refundable for anyone signing up for any of the sailing programs. This is also just a really good deal for anyone who wants to spend a couple of hours on the lake on a really nice boat.

The department also have adult learn to sail sunfish and learn to sail keelboat classes. Check out information and register at [www.wolfeboronh.us/parks-recreation](http://www.wolfeboronh.us/parks-recreation).

## Trail races coming to Wolfeboro this summer

WOLFEBORO — In July the Wolfeboro Free Masons will be hosting a family friendly running series at Abenaki ski area. There will be a three-mile trail race for all abilities, a short one-mile course and a popsicle dash for toddlers. The trails used are maintained by the Lakes Region Conservation Trust. The three-mile race will be timed, the one-mile race will not be timed as they would like it to be stress free and fun for all abilities. The dates for the races will be July 13, 20 and 27. It will be called the Wolfeboro Masonic Summer Cross Country Series. The toddler dash will start at 6 p.m., the one-mile fun run at 6:05 p.m. and the three-mile race at 6:30 p.m. All races will start on time.

This summer race series is for first time

runners and seasoned runners. The goal is to create a non-intimidating environment that brings adults, children, families, new runners and fast runners together. Track teams are encouraged to come out and run too. With three different race options on well-marked courses there is something for everyone who wants to get out in the woods and make new friends. Socialization before, during and after the races will be encouraged and the last race will offer an awards ceremony for series winners as well as a potluck barbecue.

The proceeds from the race will benefit the Wolfeboro Masons and \$2 from every race entry fee will be donated to the Lakes Region Conservation Trust.

Entry for each race will be \$15 for adults racing the three-mile

course and \$10 for students. If you choose to register in advance for the series it will be \$30 for each adult and \$20 for students. The one-mile course and toddler race will be free but donations are encouraged.

Organizers are looking for a photographer to take pictures of the runners and if anyone is willing to donate food for the barbecue, Gatorade for during the race, timing equipment to be used during the race, survey flagging, raffle prizes or money to offset the cost of race insurance, bib numbers and trophies for the winners, please e-mail [kfolcik2@gmail.com](mailto:kfolcik2@gmail.com).

You can register the day of the race or save some money by preregistering for the entire series at [www.runreg.com/summerxc](http://www.runreg.com/summerxc). Races will happen rain or shine.

## The week that seemingly never ends

Some weeks just don’t want to end. That seems to be the case this week. It’s 11:30 p.m. on Sunday night as this gets written and I still have at least an hour or so of work to do before heading home. And with eight deadlines on Monday, I’ll be back in at 7:30 in the morning.

Sunday used to be a day of rest in some ways. I used to sleep until 8 a.m. or so and then watch television for a few hours before heading to work at noon or so.

With the new diet and exercise program, I now have to get up at 6 a.m. just to get in the workout and spend hours cooking my food for the week. So, the sleeping in is gone. I might get an hour of television in on Sunday morning but then it’s off to work by noon.

Thrown in the mix now is the production of The 25th Annual Putnam County Spelling Bee and we have rehearsals on Sunday night, so I have to leave the office for a few hours to try to learn to dance or sing or act. I haven’t had a real onstage role in a production since my senior year in high school and this is quite different, since there’s singing and dancing involved. This is going to take a lot of my time in the coming months.

### SPORTING CHANCE

By JOSHUA SPAULDING

And probably a lot of my patience as well.

So this week, is still not over despite the fact that by the time I head out of the office, a new week will have started.

On the good news side of things, the Smith River Canoe Race was Saturday and this is one of my favorite events to cover every spring. I enjoy spending an hour or so in the waters of the Smith River getting some great pictures of the paddlers as they make their way through the whitewater. This race traditionally brings me some of my best pictures of the year and is always a good way to fill pages in the Granite State News.

Of course, that leads to making the week longer, since I had to sort hundreds of pictures on Saturday afternoon after the race. That came after I spent a few hours at the Wilderness Track Championships at Gilford High School.

People in many jobs enjoy weekends off, but in this job, weekends are just an extension of the week and I’ve known this for a long time. But some-

times, you just want to relax for a day but it just isn’t possible.

This week is really just like any other week, but it just seems a bit longer. Last Sunday I had more than 15 stories to write and still got out of the office before 11 p.m. This week I had less than 10 stories to write and I’m still here at 11:30 p.m. You just don’t know.

Between the weekly trips to the grocery store (which I absolutely hate), the time spent cooking and portioning food, the three nights of rehearsals and this thing called a job, it’s a pretty busy time of year. My hope is that in the next few weeks, as the high school season winds down, things will take a turn for the better. At least, that’s the hope.

Finally, have a good day Christian Boudman.

## On “529 Day,” Think About College Savings Plans

You probably won’t see it on your calendar, but May 29 (5/29) is 529 College Savings Day, or 529 Day for short. This day, named after the 529 plan, a popular college-savings vehicle, is designed to promote people’s awareness of the need to save and invest for the high costs of higher education. And that need has never been greater. Consider the following:

- **College prices keep moving up.** College costs just keep rising. For the 2016-2017 school year, the average cost (tuition, fees, room and board) was about \$20,000 for in-state students at public universities and more than \$45,000 for private schools, according to the College Board. These costs are likely to continue climbing.
- **Student debt is at record levels.** Of the Class of 2016 graduates who received loans – about 70% of the total student population – the average individual debt was \$37,172, a record high, according to a study cited by CBS News.

What can you do to help your children

graduate from college without having to provide a big “IOU” in exchange for a diploma? In the spirit of 529 Day, you might want to consider investing in a 529 plan. It’s certainly not the only means of saving for college, but it does offer some attractive benefits.

For starters, contribution limits are quite high – you can accumulate more than \$200,000 per beneficiary in many state plans. And you can typically invest in the 529 plan offered by any state, even if you don’t reside there. If you do invest in your own state’s plan, you may be eligible for state income tax incentives.

Also, all withdrawals from 529 plans will be free from federal income taxes, as long as the money is used for a qualified college or graduate school expense of the beneficiary you’ve named – typically, your child or grandchild. (Withdrawals for expenses other than qualified education expenditures may be subject to federal and state taxes and a 10% penalty on the earnings portion of the distribution.)

Furthermore, you have complete control of your 529 plan assets. You decide who will get the money and when he or she will get it. You can even change the beneficiary to another family member.

Keep in mind, though, that your 529 plan will be counted on the Free Application for Federal Student Aid (FAFSA), although schools typically only consider up to 5.6% of parental assets when calculating financial aid. And distributions from a parent-owned 529 account used for one year’s college expenses will not usually reduce next year’s financial aid eligibility. (For more information on how a 529 plan might affect your child’s financial assistance, you may want to consult with a college’s financial aid office.)

If you can find a 529 Day event in your area, you may want to attend so that you can learn more about the many aspects of saving for college. But even if you can’t personally take part in 529 Day, give some thought to a 529 plan – it might be part of the solution for helping your children earn a relatively debt-free degree.
