*Sanbornton's Bill Whalen mounts successful write-in challenge for County Commissioner*

BY DONNA RHODES

dhodes@salmonpress.news

**SANBORNTON** — When the dust settled for the New Hampshire Primary on Sept. 11, there was one man who was left out of the equation when votes were tallied, and that was Sanbornton resident Bill Whalen, who had mounted a write-in campaign for Belknap County Commissioner in District 1.

"When I saw there was no one running for commissioner on the Democrat ballot, I thought we should have choices. It was too late to sign up, so I started a write-in campaign," Whalen said.

District 1 in Belknap County is comprised of the towns of Sanbornton, Tilton, New Hampshire, and part of Lacoonia. Once he made up his mind to run, Whalen

## New Assistant Pastor at Praise Assembly already making an impact

BY DONNA RHODES

dhodes@salmonpress.news

**TILTON** — Pastor Bill Williams is excited to introduce Jordan Cummings to the Winnisquam community as he settles into his new role as Assistant Pastor for the Praise Assembly of God Church on School Street in Tilton.

"Jordan's such a blessing to our church. We'd been looking for an assistant pastor for about two years, and finally found him. He's a man of integrity, a hard worker, and he's doing an awesome job," said Williams.

Cummings began his new position with Praise Assembly of God in August, and said he already

len assembled supporters and set out to make his intent known. Through that effort, he gathered a winning 141 Democrat votes in the Primary, with some lesser write-in votes recorded for Republican candidates. As a result of his victory, Whalen registered his intention to be on the ballot with the New Hampshire Secretary of State's office last week and will next face off against incumbent Republican candidate David Devoy. There are currently no Libertarian candidates slated for the November 6th General Election, according to the Secretary of State's Web site.

His wise words helped her in unique ways that she hasn't seen anywhere else until today. "With Brain Science exploding only within the past ten years, today we can see that at the core of our problems lies how we think and how we believe what we think. Let me show you how you can change all that to save a loved one, a family, or a community. I use what is called the 'Three Principles,' a health realization method for recovery from life's most difficult situations such as trauma, drug and alcohol addiction, suicide, and the daily stressors that can put us over the edge."

Ms. Merriman actually prefers to be called a Transformational Trauma Angel. She is in training to become a CSRW, a state-certified recovery coach and a certified teacher of the Three Principles.

## STRATEGIES FOR LIVING

# From my heart to your heart

BY LARRY SCOTT

It's time for a heart-to-heart, and I begin with this question: where am I going, or perhaps more importantly, why do I write?

As yesterday's preacher, I am, for one thing, a shepherd that's been put out to pasture. The world, I am told, has passed me by. I still believe the Bible to be God's Word – every word of it. I still believe Jesus was divine, that He truly died and truly arose from the dead. I still believe that unless you have consciously invited Jesus Christ to forgive you of sin and invited Him to be the Lord of your life, heaven is out of the question.

So where does all of this leave me? I get the feeling it threatens to leave me without an audience! Let's face it: the typical American has little interest in anything I have to say and the Christian community has heard it all before. Unless I am novel, controversial, powerful or popular, few are those who care what I have to say!

My discovery has been that I generate little interest unless I especially brilliant ... or I do something stupid! I am unable to do the one, and certainly have no interest in doing the latter. So how do I create an audience; how do I get your attention?

I have been around for eighty years, and during those years, there's been "a whole lot of livin' going on!" I have founded a church, been a real estate counselor, sold insurance, lived in a big truck for fourteen years, and retired with both my sanity and my health! Life has been tough. I have hit rock bottom and I have climbed the mountain.

In the process, I have developed a positive outlook on life, recaptured my drive to do something significant, rekindled the fire in my marriage, and fallen in love with Jesus Christ all over again. Surely that gives me the right to sound off.

But if no one is listening, I am left with only two alternatives. Either I must learn my audience – and address their needs and interests – or fold the operation. If this is only a feel-good exercise, an ego-trip to satisfy my pride, then it deserves a quiet demise.

If, however, we can learn from our mistakes, discover the power to change, and rise to respectability and success, perhaps I deserve your attention. If there is such a thing as truth; if there is life after death; if there is a God Who has designed a plan to make eternity a reality for each of us ... then I must not surrender to defeat!

So that's it. From my heart to your heart, I have shared my thoughts ... and, frankly, must decide where I go from here. I will promise you this: I will address the issues you face. I will journey with you ... through marriage, parenting, and surviving in our dog-eat-dog society. I shall share insights on building a sound character and becoming a person deserving respect. We shall journey through the valley ... but we shall also sit in the sunshine ... and see that life can be great, no matter what the circumstances.

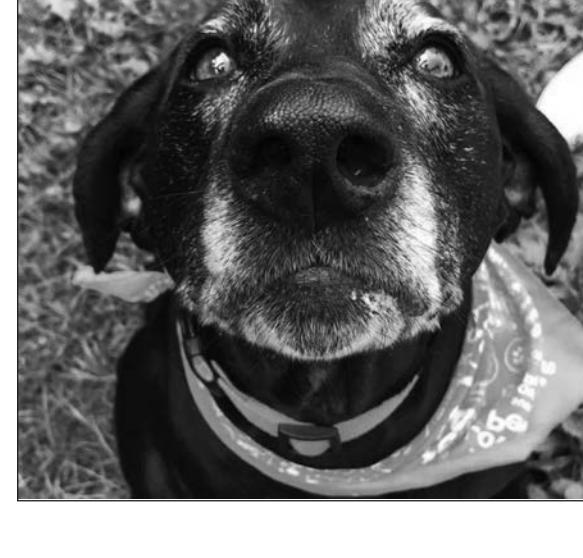

That's my heart to heart. You have my heart ... I trust in time, I will have yours as well.

You want to talk about it? Hit me up at [rlarry-scott@gmail.com](mailto:rlarry-scott@gmail.com).

## PET OF THE WEEK

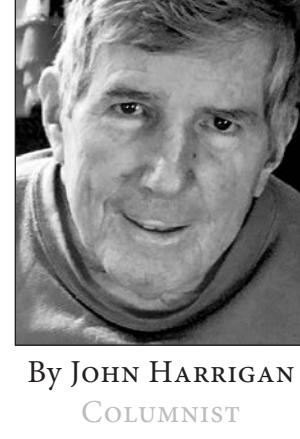

Vanessa Mae, our pet of the week, is an 8 year old Weimeraner-greyhound lab mix who came to us a couple of months ago because her family, although very loving, could not provide her with the medical care she needed. She is now healed and ready for her next adventure with her forever family, could it be yours? Greying around the jowls gives her that extra expression of the deep wisdom and soulfulness that emanates from her deep chocolate brown eyes. Vanessa is very smart and communicative as she has a lot of stories to tell you when you do visit with her and is still very energetic and extremely loving to the right family who has children over 12. Her nose does lead her adventurous exploratory spirit and she does enjoy the company of other dogs and enjoys a good game of chase with cats. Like a lot of labs, she is very food motivated making her additional training a tasty good time. For more information visit [nhhumane.org](http://nhhumane.org) or call 524-3252.

### Once again, dear readers, to the desktop piles we go

By JOHN HARRIGAN  
COLUMNIST

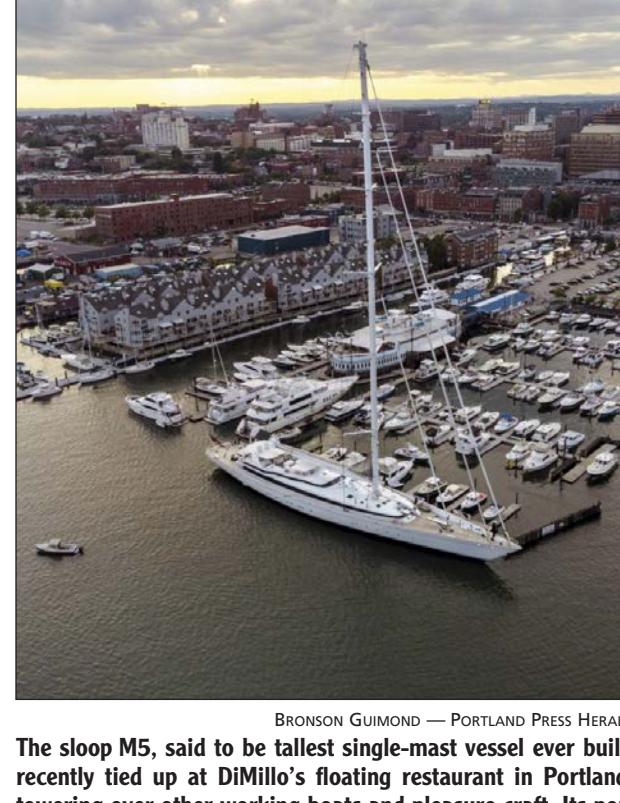

Every now and then, I get the chance to delve into various piles of clippings and Notes to Self, the contents of which sometimes startle even me. Ergo:

While recuperating from surgery (six operations, no less, on the same leg), I reached for a pair of scissors to cut some items out of the Aug. 17 issue of the Union Leader, to no avail. They were Pilot G-2-07 Nurse's safety scissors. This label did not explain whether the scissors were meant to keep the nurses safe, or from what.

Anyway, the clippings were meant to illustrate the old French saying, "The more things change, the more they stay the same" (it sounds much better in French). The items reported fights in and around Manchester's Victory Park, and various problems in what have long been known as the Tree Streets--the same kind of stuff I was reporting on so very long ago for the New Hampshire Sunday News.

One evening, it was there, the next morning it was gone. At some point while I had

visitors at the nursing home, my address and telephone book, containing contact information from over the last 40 years was somehow scooped up with stray newspapers and gone, its absence discovered too late to do anything about it.

It's difficult to describe what a hole in your life such a thing leaves. No, I hadn't yet transferred its contents to my Smartphone, and probably never would have. It was a joy to use as is, an old friend with an absolute wealth of information, even if I'd had to cross out too many names of people near and dear.

I use a round toothpick to spear cut-up citrus in the morning, and upon reaching for one the other day could not remember whether it was the last

toothpick factory in Maine closing down that I saw featured in the news recently, or one making wooden matches. Whatever the case, my Note to Self said, "From the Rule of Law to environmental chaos," meaning not just jobs but at least a few basic regulations protecting the environment.

(Okay, okay--I did some research and found out that the last toothpick factory, the Forster factory in Maine, closed several years ago. And the nation's last wooden match factory, in Cloquet, Minn., is shutting down this year with the loss of 85 jobs (down from a high of 600).

Most of today's toothpicks and wooden matches are made in South America, Southeast Asia, and (of course) China.

What is billed as the largest single-masted sailing ship ever built, the 277-foot vessel currently known by the decidedly unremarkable name "M5," showed up one recent morning in Portland, Maine, where it tied up at a dock near the well-known DiMillo's floating restaurant. Its

estimated original cost 15 years ago was \$50 million.

The hull (of unreported origin) was fitted out at a British shipyard and launched in 2004 as the Joseph Vittoria, named for the former Chairman and CEO of Avis. The ship, now owned by a Texas oil and gas tycoon, requires a crew of more than a dozen.

I try my best to be careful with messages, but one got by me when I came home from the hospital and nursing home that I'm eager to recover.

I mistakenly deleted a message that was one of dozens upon dozens on my home telephone message recorder, and the speaker, whose name I for some reason (but probably mistakenly) recall as "Jill," said she had been trying and trying to reach me, but was giving up on the assumption that I was deliberately hard to reach and reclusive.

I am (I hope) neither. I'm in the Colebrook-Berlin area phone book, and my other contact information appears at the end of anything and everything I write.

Headline writers tend to be a madcap bunch, and the especially good ones are paid big bucks. But even the lowliest editor finds a good pun hard to resist.

Above an Associated Press article about how moose and other wildlife pass on migration tips, the St. Johnsbury (Vermont) Caledonian-Record headline read "Herd the Latest?"

## MARK ON THE MARKETS

### *Black swans*

BY MARK PATTERSON

I suppose we have all heard the phrase "black swan event," which is a metaphor to describe an event that comes as a surprise and has a major effect. Black Swan is derived from the Latin expression coined in the 16th-century when the thinking was that there were no black swans, only white. But in 1697, Dutch explorers first saw a black swan in western Australia. The sighting opened the door to the theories of statistical outliers happening when it was thought they could not. We tend to remember black Swan events as surprises that are typically negative such as the attacks on the World Trade Center's twin towers in 2001.

While this is certainly a black swan event, so is the discovery of the Internet which I think, most people would perceive as very positive. So how does all this relate to the management of your assets and investments? You cannot manage or should not manage for black Swan events, but your portfolio of investments should be managed per modern portfolio theory.

Harry Markowitz wrote an essay in 1952 on modern portfolio theory. Markowitz, an economist, wrote about mean-variance analysis. These phrases are straight out of the statistics textbook and I'm sure many of you are familiar with. But it is how they are applied regarding your investment portfolio what makes them significant and extremely relevant. In the event of a black swan event you will likely see world debt and equity markets react in an extreme manner. In 1987, black Monday saw the Dow Jones industrials lose significant amounts of value. Those who were using margin or sold near the bottom did not recover. But if you remember the bell curve, as things move away from the statistical mean or average they will in fact revert to the average.

Markowitz believed having a variety of non-correlated assets you would enhance the yield of your portfolio and reduce the risk. This is very true today if you can obtain real asset diversification.

Unfortunately, what I see all too often, are mutual funds with different names which would you lead you to believe that they are diversified but often have very similar holdings in very similar asset classes. I personally have not seen an occasion where one family of mutual funds can provide true asset diversification.

In a truly diversified asset mix, not all your investments will be doing great at the same time

and conversely, they will not all do poorly at the same. Bull markets in equities often give us a false sense of security and tend to make us chase

the winners and shun the laggards. Things change and go through their various cycles. Rebalancing a diverse portfolio is necessary other-

wise you no longer have properly diversified asset mix. Risk and your portfolios objective will also determine the asset mix. Is growth your ob-

jective? Income? Capital preservation? All these objectives can be managed in a properly diversified mix of low fee, high value investments.

## Magical gatherings at the Belmont Public Library

BELMONT — The Belmont Public Library is thinking of the Boy who Lived in October. Middle School Madness (grades 5-8) means making wizard wands. The date is Monday, Oct. 15 at 6 p.m. Remember, the wand chooses the wizard!

Preschool-age storytime features stories, movement, music, and crafts to encourage early literacy skills Wednesdays at 10:30 a.m. In October, a special Halloween storytime will take place on Saturday, Oct. 27 at 10:30 a.m. The Library will hand out candy to all in costume—especially book-related costumes—on Wednesday, Oct. 31. LEGO Build is Saturday, Oct. 6, from 10 a.m.-noon.

Our new non-fiction book group meets on Thursday, Oct. 11 at 1pm to discuss "Stranger in the Woods: the extraordi-

nary story of the last true hermit" by Michael Finkel. "For readers of Jon Krakauer and 'The Lost City of Z,' a remarkable tale of survival and solitude—the true story of a man who lived alone in a tent in the Maine woods, never talking to another person and surviving by stealing supplies from nearby cabins for twenty-seven years. A riveting story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded." Pick up your copy at the desk.

The Senior Center book group is reading "Girl Waits with Gun" by Amy Stewart on Oct. 16 at 10:30 a.m. "In 1914, collisions between motor cars and horse-drawn carriages are an

everyday occurrence on the streets of Paterson, New Jersey. But when an out-of-control driver smashes into a buggy driven by Constance, Norma, and Fleurette Kopp, their lives change forever. Before the collision, Constance was just a bored thirty-five year-old woman living at home with her sisters in the New Jersey countryside, stuck in a life she didn't want but couldn't escape. But the minute Constance is issued a gun, she finds her calling ... "Copies are available at the Belmont Senior Center.

On Wednesday, Oct. 17, at 5:30 p.m., the adult craft group will try out some pumpkin carving and decorating techniques. Supplies are provided and sign-up is requested, as we are limited to eight participants.

Our Friday Fiction

Book Group reads "The Magpie Murders" by Anthony Horowitz on Oct. 19 at 10:30 a.m. After working with bestselling crime writer Alan Conway for years, editor Susan Ryeland is intimately familiar with his detective, Atticus Pünd, who solves mysteries in sleepy English villages. His traditional formula has proved hugely successful, so successful that Susan must continue to put up with his troubling behavior if she wants to keep her job. Conway's latest tale involves a murder at Pye Hall, with dead bodies and a host of intriguing suspects. But the more Susan reads, the more she's convinced that there is another story hidden in the pages of the manuscript: one of real-life jealousy, greed, ruthless ambition, and murder.

The Friends of the Li-

brary are selling raffle tickets at the library for a raffle to be held in November. Prizes are still being solicited but will definitely include a 50/50 raffle, a Nook, a Marqart box, and Christmas decorations.

The Belmont Public Library is open six days a week and any time at [www.belmontpubliclibrary.org](http://www.belmontpubliclibrary.org), serving the community with books, digital resources, and cultural programming. In 2018, the library celebrates 90 years in the same building and 125 as Belmont's community library.

## Franklin VNA & Hospice holds Fall Grief Group

FRANKLIN — Starting Wednesdays Oct. 10 through Nov. 14, Franklin VNA & Hospice is beginning its Fall Grief Support Group in partnership with the Peabody Home. The facilitated sessions will focus on not only the trauma of the death of a loved one, but how to start to move past that and back into living again.

The group is set in a caring environment with other people who are in the grieving process and is facilitated by Franklin VNA & Hospice Chaplain Tobias Nyatsambo and Hospice Volunteer, Beatrice Gove.

Different from the Drop-In Grief Support

Group they host the second Tuesday of every month at 2 p.m., the Fall and Spring Grief Groups are a more focused journey through the grieving process and so require pre-registration.

Rev. Tobias Nyatsambo notes, "What many people who've lost someone they love want, is the opportunity to be able to talk about their loved one without the uncomfortable grimace of friends and family. For the grieving person, once their loved one's services have been concluded their grief doesn't just shut off. We are here

# Lakes Region Scholarship Foundation looking to "spell" success with this year's Community Bee

**LACONIA** — The Lakes Region Scholarship Foundation office has been "buzzing" with activity again this year, preparing for the upcoming Annual LRSF Community Spelling Bee. Spelling word lists have been finalized and team sponsors contacted. The Bee, which benefits the LRSF Friends of the Foundation operating fund, will be held on Thursday, Oct. 25, at 6:30 p.m. in the Laconia High School Auditorium.

The Foundation plans a fun evening for all who are present. In addition to possibility of prizes for the teams who compete, everyone in attendance has a chance of winning prizes between each of the five rounds. Prizes range from gift certificates for area

Finale of last year's Bee with the 2017 winners in the center, the LHS National Honor Society team "We Put a Spell On You" (left to right: Amber Patten, Isabella Lovering and Dakota Cross) surrounded by the members of the Lakes Region Scholarship Foundation Board and staff as well as the evening's volunteer judges (Marilyn Lynch and Karen Bianco), pronouncers (Rick Crockford and Rhett Colon) and emcee (Pat Kelly from WEMJ).

restaurants and supermarkets to hair salon appointments and gift certificates for Squam Lakes Science Center and the Capitol Center for the Arts. There is also a 50/50 raffle. Ad-

mission for those who come to watch the Bee is free.

Each year, teams from various area businesses, community organizations and schools come together for an eve-

ning of competition and fun, all to benefit a good cause. Teams are asked to dress in costume and many blend humor with their efforts to flabbergast the audience with their skills in orthog-

raphy (spelling). Each has the goal to make it to the final round and add their name to the list of winners of the much sought after Bee Trophy.

Each Bee team is

sponsored by area businesses or benefactors. The competition is lively and provides the audience with a unique evening's entertainment. This year's emcee will be WEMJ's own Pat Kelly and our pronouncers will Rick Crockford and Rhett Colon. Manning the gavels will be judges Karen Bianco and Marilyn Lynch. All of this has been accomplished thanks to the generosity of about 561 donors over the years, not including the thousands who have contributed to specific memorial funds or special fundraisers.

The Spelling Bee is the Foundation's major funding event. The goal is to raise much-needed revenue for the administrative costs of the foundation. While the primary focus of the scholarship foundation is to generate more dollars for scholarships to benefit area students in their quest for continuing education; the operating costs to run the office continue to be an annual challenge. Support for the LRSF Community Spelling Bee, allows the board and staff to continue their work.

For more information, or to donate to the scholarship foundation, you may call the office at 527-3533 or email them at scholarship@lrscholarship.org or send mail to PO Box 7312, Gilford, NH 03247.

## The hilarious "Frost Heaves" comes to Franklin Opera House

**F R A N K L I N** — "Frost Heaves," the award-winning comedy show from "The Most Under-Appreciated Town in New Hampshire," comes to Franklin Opera House, Saturday, Oct. 20 at 7:30 p.m.

"We're thrilled to bring our show to Franklin," says Fred Marple, spokesman for the mythical town of Frost Heaves. "Of course, it does mean passing up the bean supper at the Frost Heaves Community Church that night, but we're used to suffering for our art. Or maybe it's the audience that suffers."

"Frost Heaves," winner of a Best of NH award, combines come-

dy, music and assorted New England nonsense in an evening that has been called "hilarious," "absolutely brilliant," and "more fun than cleaning wet leaves out of the gutters."

The show is hosted by Fred Marple, star of the recent viral video hit "Yoga for Yankees." Marple (also known as Ken Sheldon, creator of "Frost Heaves") is joined by the acclaimed Speed Bumps band, playing favorite oldies "as good as the folks on the records," says Marple. "Maybe better, if you haven't replaced the needle in a while."

The band will also join Fred in such Yankee comedy as the Foliage Help Line (for those desperate to find

the perfect tree), Real Yankee Paints (like "Rusted Fender Red"), Big Dog Car Alarms, and A Brief History of Rock and Roll that condenses several decades of popular music into a few minutes.

"Even that may be too long for real music lovers," says Fred.

At every performance of "Frost Heaves," Fred and the band compose an original "Song on the Spot" based on audience suggestions.

"People are always amazed that we can write a song in that fast, but we do," says Fred Marple. "I hear Beethoven worked the same way."

Frost Heaves is guaranteed to be fam-

ily friendly, as well as blended-family, extended-family and unintended-family friendly.

"It's also gluten-free, non-GMO, all-natural, and kosher, for those who are particular about their musical diet," says Fred.

The performance takes place Saturday, Oct. 20, 7:30 p.m. at Franklin Opera House, located in historic Franklin City Hall at 316 Central St. Tickets are \$14 and \$16, available online at www.FranklinOperaHouse.org, or by calling 934-1901 during office hours. For more information contact Dan Darling, Executive Director of Franklin Opera House.

"This church is very loving, very welcoming. It's been an easy adjustment," he said.

Raised in Presque Isle, Maine, Cummings is a recent graduate of Faith Bible College in Charleston, Maine, and that is where he first met Pastor Williams.

"He came to school looking for an assistant and stopped in to my last class before graduation," Cummings recalled. "We talked for a while, and he

said I was everything he was looking for; we hit it off right away and here I am!"

From Faith Bible College, he received a Bachelor's degree in Theological Studies, with a minor in Worship and Music.

"I'm looking to develop a worship team here now, but we only have a few musicians who are interested so we hope a couple more will come forward to join us," he said.

Besides assisting Williams with those duties and others, Cummings said, "Kids in first through

Another of his responsibilities is to oversee the youth group.

"Our youth group is in a growing period right now. We've have some awesome activities for the kids and we're hoping to branch out to other kids in the community," said Cummings. "Kids in first through

Providing his own special DJ services for the festival was none other than Principal Michael Bryant. Bryant said some popular features were back again this year, like the Dunk Tank and a bicycle course provided by Highland Mountain Bike Park.

"There's some new things this year as well. Tilton AutoServ has some Chrysler Pacificas lined up in front of the school and for every person who takes a test drive, up to 99 people, the PTO will get \$10. From 100 to 150 test drives, they'll get \$20, which is a great way to help them raise money," he said.

Also new this time around was an obstacle course, courtesy of American Legion Post 49, where children were challenged to make their way across balance equipment, climbing walls and more.

"It's a nice way to bring the communities of Tilton, Northfield and Sanbornton together, and we keep adding things each year. My goal is to bring people through the doors of the Middle School to see all that goes on here," Bryant said.

The PTO sold hot dogs, chips and drinks to families while for dessert Fogarty Ice Cream and Candy of Tilton had plenty of great treats available. Adding to the food selections, the student council and athletic teams from both the middle school and high school also held bake sales, sold snacks, drinks and even spun up cones of cotton candy.

Besides the busy bike and obstacle courses, there was a bounce house for little ones and the ball field was filled with families enjoying picnic dinners or playing corn hole, football, soccer and basketball.

"It's a lot of fun hanging out with friends, eating lots of food and playing games," said sixth grader Asha.

Parents agreed.

"This is wonderful. It's a great night out," said Holly O'Connell, who has students in both the middle and high school.

Everyone was also invited to visit several information booths set up by local community outreach organizations, each providing a variety of opportunities for families and youth. Among them were Cub Scouts, Tilton Police Explorers, Pines Community Center, Youth Assistance Program,

"We have a lot of great groups here tonight that people can learn more about," Bryant said.

Another popular attraction for the night was the Tilton-North-

field Fire Department, which not only brought an engine for children and adults to explore, but lit a bonfire on the ball diamond where people gathered as the festival drew to a close.

"We wanted to let people see some of the equipment we have and just be part of some fun with the community," said Capt. Tim Ames.

Among the activities he leads them in during the youth gatherings are practice sessions for Bible Quiz competitions that take place between several Assembly of God groups.

The Wednesday night youth program runs from 6-8 p.m., and to give parents a break from driving their children to and from nighttime activities, they even have a bus to provide rides for those in surrounding communities.

Cummings' interest in working with the

young members of the community doesn't stop there however.

"I'd also like to reach out and partner with some of the other youth organizations in the area," he said.

For the next few weeks, Cummings will be working on the final details and set up for the church's Family Fun Fest, an annual event

that was unfortunately placed on hiatus as they searched for a new assistant pastor. With Cummings now on board, the festival is back on though and will take place on Saturday, Oct. 20, from 10 a.m. until 2 p.m. at Pines Communi-

ty Center in Northfield. At the festival, there will be great games and activities for boys and girls, along with prizes, food, and a dunking booth that Cummings has already volunteered for, despite the fall temperatures. Best of all, he added, it's all free.

# Edward Jones celebrates new office in Belmont

BELMONT — Lakes Region Chamber held a Ribbon Cutting last week to promote the opening of new Edward Jones office, Christopher D. Stevenson, 171 Daniel Webster Highway, Suite Unit 7, Belmont, NH 03220.

"There is no better time than the present to take stock of your

financial life and I would be happy to be of service in helping you create a financial strategy and stay on track toward your objectives," offers Chris Stevenson. "I am grateful for the opportunity to be a partner in your financial life and I am looking forward to connecting with you."

Stevenson can be reached at 524-3501 to help individuals and small businesses meet their long-term financial goals. The Edward Jones approach in determining your goals, and developing tailored financial strategies, has been helping nearly seven million clients for more than

90 years.

In fact, we like to think we became one of the largest financial services firms in the country by not acting that way. If you're ready to work with a different kind of investment firm — one that cares as much about why you're investing as what you in-

vest in — you're ready to work with Edward Jones.

The Lakes Region Chamber of Commerce is a private, non-profit organization striving to create and promote a more engaged community and thriving economy for the businesses in the Lakes Region. For more in-

formation about the Lakes Region Chamber of Commerce and other resources that they provide, contact Joanne Haight, Membership Manager at 524-5531. For a directory of local businesses or a list of community events, visit LakesRegionChamber.org.

## Silent September continues with a suspenseful double feature on LRPA

LACONIA — Actions speak louder than words during the month of September on LRPA After Dark! Join us each Friday and Saturday night at 10:30 p.m. for "Silent September," as we pay homage to Hollywood's great silent film era.

Almost every genre of film -- action, comedy, romance, western, horror, sci-fi -- can be traced back to the silent era that began nearly 125 years ago and ran until the introduction of "talkies" in the late 1920s. Many technical and artistic elements that modern moviegoers take for granted, such as scene continuity, close up shots, enhanced lighting and feature-length films, were developed during this important time in the history of cinema. Lakes Region Public Access Television is proud to highlight some of the most interesting films of this period.

We wrap up our month-long tribute to silent films this weekend (Sept. 28 & 29) with two wonderful entries. First up is 1913's short

"Suspense," written and directed by Lois Weber, recognized as one of America's first female directors. Clocking in at a brisk ten minutes, "Suspense" tells a simple, yet nerve-wracking story. A family lives in a remote country home.

Their maid is unhappy at her lonely job, and so sneaks away, leaving only a note and the key to the house under the back door mat. In the meantime, a vagrant is watching the house, and realizes that the young wife and baby are vulnerable, as they are now home alone. He attempts to get in, so the wife calls her husband — only to realize that the telephone wires have been cut. It becomes a desperate race against time: will the husband get home fast enough to save his family? More than 100 years after its release, "Suspense" remains a well-edited, very effective thriller.

Lois Weber was an innovator in her field, directing more than 100 movies and pioneering techniques such as split screen, an

effect used wonderfully in this short. Weber's movies, along with those of other early female filmmakers, were recently the subject of a retrospective at New York City's Brooklyn Academy of Music.

Our second film is 1920's "Dr. Jekyll and Mr. Hyde," starring John Barrymore in the role that catapulted him from the stage to the silver screen. In this adaptation of Robert Louis Stevenson's gothic tale, Dr. Henry Jekyll (Barrymore) is a well-respected man of medicine, a philanthropist and pillar of society. He is engaged to the lovely Millicent Carew (Martha Mansfield). One night at dinner with colleagues, including Millicent's father, Jekyll is criticized for being too good, and is challenged to "live" — yield to temptation so that he may rid himself of any bad impulses. Jekyll becomes obsessed with the idea of separating the good and evil impulses within each man. He begins experimenting in his laboratory, and devel-

ops a potion that isolates pure evil. Jekyll tests the formula on himself, turns into the hideous Mr. Hyde, and chaos erupts. As Hyde, the doctor frequents London's seedier spots. Over time, Hyde begins to overtake Jekyll, putting family and friends in danger. What will happen to the fair Millicent, and to the respectable Dr. Jekyll?

Barrymore's performance in "Dr. Jekyll and Mr. Hyde" was a revelation to audiences and critics alike. Up until this point of his career, he had been known primarily as a stage actor, and a handsome one at that. The dual roles of Jekyll and Hyde allowed moviegoers to experience Barrymore as they had never before. The first transformation of Jekyll into Hyde is done without any makeup or prosthetic devices. Barrymore turns away from the camera, and when he turns back, he has become Hyde through facial expressions and mannerisms. The New York Times described Barrymore's performance as "...one of pure motion-picture pantomime on as high a level as has ever been

attained by anyone." So grab your popcorn and join LRPA after dark for a night of thrilling suspense and gothic horror!

Mark your calendars for the remainder of LRPA's entire Silent September lineup:

Sept. 28 & 29: 1913's short "Suspense," followed by 1920's "Dr. Jekyll and Mr. Hyde"

Coming in October: LRPA's 3rd Annual "Shocktober" Filmfest:

Oct. 5 & 6: 1964's "The Last Man on Earth"

Oct. 12 & 13: 1953's animated short "The Tell-Tale Heart," followed by 1959's

"A Bucket of Blood"

Oct. 19 & 20: 1968's "Night of the Living Dead"

Oct. 26 & 27: 1964's "Spider Baby"

Consistent with one of the original goals of the Winnipesaukee River Trail, the event is a great way to bring the Franklin, Northfield and Tilton Communities together and to socialize with your friends and neighbors and/or meet other people who support the Winnipesaukee River Trail. All proceeds go toward maintaining the Winnipesaukee River Trail as well as supporting fu-

ture expansion efforts.

The Winnipesaukee River Trail is a multi-use pedestrian trail that follows the river and connects the downtown areas of Franklin and Tilton/Northfield with Route 140/Exit 20 on I-93. The Winnipesaukee River Trail Association has begun planning for Phase III to go from Route 140 to Silver Lake in Lochmere. A regional trail system, The Winnipesaukee River trail will eventually connect with trails in Laconia and Belmont to the east. The Winnipesau-

kee River trail provides easy access to the Northern Line trail which runs from Penacook to Lebanon. We look forward to seeing you out on the trail, or come to our monthly meeting the second Tuesday of the month 6:30 pm at Health First in Franklin. You can purchase tickets at Northfield and Tilton Town Halls and Franklin City Hall. # Edward Jones: Financial Focus

## Understanding Risk Tolerance Is Essential for Investment Success

To succeed as an investor, you might think you need to know about the economy, interest rates and the fundamentals of companies in which you'd like to invest. And all these things are indeed important. But it's most essential to know yourself. Specifically, you need to know how much risk you are willing to tolerate to achieve your goals.

Of course, you've lived with yourself your entire life, so you probably have a pretty good idea of your likes and dislikes and what makes you comfortable or uncomfortable. But investing can be a different story.

This article was written by Edward Jones for use by your local Edward Jones Financial Advisor. For more information or to sign up for their monthly newsletter, contact your local Financial Advisor.

Initially, you may believe you have a high tolerance for risk, but if the financial markets drop sharply, and you see that you've sustained some sizable losses (at least on paper — you haven't really "lost" anything until you sell investments for less than what you paid for them), how will you feel? If you find yourself constantly fretting over these losses, perhaps even losing sleep over them, you might realize your risk tolerance is not as high as you thought. In this case, you may need to scale back the part of your portfolio devoted to growth in favor of a more balanced approach.

On the other hand, if you believe yourself to have a low risk tolerance, and you start off investing in a conservative manner, you may indeed minimize short-term losses — but you also might find yourself frustrated over the slow growth of your portfolio. So you may decide that being highly risk-averse carries its own risk — the risk of not making enough progress to achieve your long-term financial goals. To reduce this risk, you may need to tilt your portfolio somewhat toward more growth opportunities.

In short, you may have to invest for a while before you truly understand your response to risk. But even then, don't get too locked in to one approach — because your risk tolerance may evolve over time. When you are first starting out in your career, and for many years after, you are probably investing primarily to accumulate assets for retirement. Consequently, you may need to include a relatively high proportion of growth-oriented vehicles, such as stocks, in your portfolio. While stock prices will always fluctuate, you

will have many years, perhaps decades, to overcome short-term losses, so you can possibly afford to take on a greater risk level in exchange for the potentially higher returns offered by stocks and stock-based investments.

However, things can change once you reach retirement. At this stage of your life, your overall investment focus may shift from accumulation to income. This means you will need to start selling some investments to boost your cash flow — and you won't want to sell when prices are down. (Remember

the first rule of investing: "Buy low and sell high.") To help avoid these "fire sales," you may want to adjust your investment mix by adding more income-producing vehicles and reducing your holdings in growth-oriented ones. By doing so, you will be lowering your overall risk level. Keep in mind, though, that even in retirement, you will need some exposure to growth investments to help you stay ahead of inflation.

Become familiar with your own risk tolerance — it can play a big role in your investment decisions.

## Winnisquam takes the battle of the Bears

BY JOE SOUZA

Contributing Writer

TILTON — Two weeks into the season, the buzz centered around Newfound's high-powered hurry up offense that averaged 58.5 points in their first two contests.

That quickly changed during Saturday's early season clash of Division IV unbeatens.

Angelo Glover scored four touchdowns, and the Winnisquam defense made the adjustments needed and bottled up Newfound's potent ground game enroute to an impressive 34-18 victory in a battle between the Bears. Winnisquam is now on top of Division IV, along with rival Franklin, at 3-0.

Newfound slips to 2-1.

"Yeah it's an early game in the regular season but we treated it like a playoff game," Winnisquam coach Pat Riberdy said. "It's the kind of game we expected between two good teams so we treated it that way this week."

While all the talk was about the Newfound offense and its talented backs, Glover and the Winnisquam defense would have none of that on their turf Saturday. Glover rushed for 226

"They do have a po-

tent offense," Riberdy said. "I think defensively we turned the corner today. We made an ad-

justment. We came out in a five-man front and we went back to our base four-man front.

We put ourselves in the right places to make plays.

# Belmont soccer boys remain undefeated

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT — The Belmont boys' soccer team faced a couple of the top teams in Division 3 this past week, with games against undefeated Campbell and the always tough Gilford High School at their Homecoming. Belmont came away with a tie against Campbell and a win over Gilford to remain at the top of the division.

On Sept. 19, Belmont hosted the tough Campbell squad and tied 1-1 in a hard fought battle that could have gone either way at any time. Campbell struck first with a goal by senior Matthew Rollend, who put in a header off a corner kick less than four minutes into the game. This was the first goal given up by Belmont High School all season.

Campbell had several other close opportunities, but goalie Jake Deware did a nice job making stops and cutting off lanes to keep the Campbell squad in check.

The teams were very evenly matched and it was players were hungry to win, evident by the chippiness on both sides. About halfway through the first half, Belmont spent plenty of time in the Campbell zone, but the Campbell defense was on top of things and cleared out the ball countless times. With 2:45 left in the half, Belmont had a close opportunity where a shot went just wide of the goal. The half ended with a 1-0 lead for Campbell.

The second half saw plenty of scrappy play by both teams, with emotions running high and Belmont pushing hard to get their first score. After close chances on several corner kicks, and some offside calls that killed momentum, Belmont finally found the back of the net with a close shot by Zach Ennis with 4:34 remaining to make it 1-1.

The game went into overtime and both teams' defenses were solid and eliminated scoring chances to end

the game in a tie.

"We had a couple of really nice opportunities in the game and we just couldn't finish," said Coach Mike Foley. "But with about 10 minutes left I changed our formation and that allowed us to throw an extra guy up front. That generated the play where Griffin was able to split the defense and give the ball to Zach, who was just not going to miss."

Foley said he would have liked to have seen the team come away with a win, but he gave credit to Campbell for keeping Belmont's scorers at bay.

"The game opened our eyes to some things we need to pay attention to," said Foley. "No offense to anyone we have played so far, but we really hadn't played against a team that could match Campbell's speed. I played the first 10 minutes of that game almost on our heels. Once we settled in we saw that we were in a game and were able to create opportunities."

Foley said Campbell

was very good and the team has a strong defense. He didn't expect them to be as fast as they were, he admitted.

"They cranked it up an extra speed," said Foley. "It was a good matchup."

The Red Raiders then traveled to Gilford and came away with a 3-1

win. Belmont carried the play for much of the game, but it was a 0-0 tie at the half. About six minutes into the second half Lucas Mathieu scored the team's first goal, with an assist by Colby Brown.

Foley said for the next 15 minutes Gilford carried the play and

were able to tie things up. However, Belmont found its strength and were able to put a couple of goals home in the second half. Foley put Brendan Kelley into the game at the 73rd minute, and made a run up the side of the field. Nate Sottak saw him and fed him the ball,

and Kelley knocked it home for the leading goal. The third goal was by Zack Duclos for an insurance goal.

Belmont faced Derryfield and Somersworth this week after deadline, and on Saturday the Red Raiders take on Gilford for homecoming at 3 p.m.

## Red Raider girls pick up a pair of wins

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT — The Belmont girls' soccer team had a successful week with big wins over Hillsboro-Deering and also at Gilford at the Homecoming of the Golden Eagles.

On Sept. 18, the Red Raiders hosted Hillsboro-Deering and came away with a 4-0 win thanks to a huge game by Julianna Estremera.

Estremera finished the night with three goals and an assist to lead the Belmont offense.

Rebecca Fleming scored a goal as well. Coach Mark Dawalga said it was a case where the team was firing on all cylinders,

with strong performances by Morgan Rule, Lizzie Fleming, Kaitlynn Delisle and Sana Syed.

"Due to sickness and injuries, the kids really stepped up today," said Dawalga. "Very proud of the overall team effort."

Dawalga said the team has been playing well, with only one loss and a tie this season to go along with six wins. He said the team has been playing terrific defense, which in turn helps the offensive surge for the Red Raiders. Dawalga

said since he took over the team several years ago, it has been his mindset to attack the goal and put the ball in the back of the net early and often.

"Nice to see things we have been working on in practice come together," said Dawalga. "We've been working on finishing and getting the ball forward. There's a lot we have been working on."

Belmont beat Gilford 2-1 on Sept. 22 in front of a big Homecoming crowd at Gilford High School.

Scoring for Belmont was Deanna Bourque, with an assist by Estremera at the 12 minute mark. The second goal was by Sierra Bourque with an assist by Lizzie Fleming. Emma Cochran had seven saves in goal.

## Belmont golfers drop pair at Canterbury Woods

BY BOB MARTIN

Bob@Salmonpress.news

CANTERBURY —

The Belmont High School golf team lost a couple of matches last week, as the team continues to look for the winning touch.

Belmont lost 76-29 to Pelham and 65-29 on Fall Mountain at Canterbury Woods on Sept. 20. Leading the way for the Red Raiders was Will Robarge

who shot a 50 and posted 13 points. Michael Marrone had a 52 and had 10 points. Jon Phillips had a 59 and four points. Paige Irving shot a 61 and had two points. Eamon Kelley shot a 63 on the day.

"After a couple wins last week we struggled finding points this week," said coach Kevin Charleston. "Freshman Jon Phillips

scored decent points and hopefully we will get back on track next week with our two matches."

Belmont had two matches this week, taking on Pelham, Monadnock, Bow and Bishop Brady. The final match of the season is on Oct. 2 at Canterbury Woods against Laconia and Lebanon.

# Bear field hockey earns split of two

BY BOB MARTIN

Bob@Salmonpress.news

TILTON — The Winnisquam field hockey team went 1-1 last week, which included a shutout win over Littleton and a close loss to Gilford.

On Sept. 20, Winnisquam beat Littleton at home by a score of 8-0. The star of the day was Meghan Cote, who had three goals and two assists in the win. Maddie House also had a big day with two goals and two assists. Emma Griffin had two goals and Hannah Max also scored. Eveline Auger, who was playing a new position at defense, had four assists in the game.

Kaitlyn Carey, Lexi Poole and Cote were praised by coach Erin Cayer for their strong play in the win, with Cayer saying that they did a fantastic job keeping the ball on the Littleton defensive end.

"WRHS field hockey continues to prove to Division III they are new team with a new attitude and incredible ability to play a great game of field hockey together," said Cayer.

Winnisquam had 19 shots on goal and 18 offensive corner plays. The Bears only allowed two defensive corners by Littleton, and they were quickly denied by Auger and Carey. Kalyse Allar-Foote, a freshman, was in goal for the Bears and had a great game stopping shots.

"I am so incredibly proud of this team today," Cayer said. "We played the best game of field hockey we have all season. Communication, moving the ball and empowering each other to try just a little hard while dominating

Littleton's defensive end further confirms that we are moving in the right direction as we build this program back up."

On Sept. 22, Winnisquam had a hard fought battle with Gilford in the Homecoming game for the Golden Eagles, but Winnisquam lost as time was winding down when Gilford's Randi Byars scored off of a corner play. The final score was 2-1 in favor of Gilford.

Cote had the team's only goal. Cayer commended Griffin for her work on both offense and defense, saying she played a great all-around game. Senior Jess Lee was in goal for Winnisquam and had a strong performance going up the tough Gilford team that shut out Winnisquam 5-0 in the previous matchup. House and Auger continued their strong play, as well.

"Maddie House and Eveline Auger continue to be a force to be reckoned with supporting both offense and defense," said Cayer.

It was a back-and-forth game for much of the time, but the Gilford squad had the ball in Winnisquam territory near the goal for ex-

tended periods. Cayer said that while the score wasn't what the team wanted, the girls put forth great effort and a lot of heart in the performance.

"The girls continue to rise above in moments with frustrations and even considering wanting to be taken off the

field, but when coach Maggie Lupo and I remind them of why we are here, you can see them channeling those emotions and powering through," Cayer said. "Although Gilford scored with only 12 seconds left in the game, anyone would have guessed the girls were

that much more driven to answer back."

Winnisquam made the decision to move the entire lineup up field in an attempt to score back quickly, but time was not in the team's favor.

"The girls walked off the field with feelings of excitement, joy and eager to play again," said

Cayer. "That's when you know your coaching and program is changing for the better."

Winnisquam played Mascoma Valley after deadline and next up for the Bears is a game against White Mountains on Sept. 28 at 3:30 at home.

## FOOTBALL

**CONTINUED FROM PAGE B1** came out flying as they exchanged touchdowns early on, leaving the blue Winnisquam Bears with a slim 14-12 edge over the green Newfound Bears early in the second quarter.

After leaning heavily on bruising running back Glover, Winnisquam got a huge play from quarterback Philip Nichols and receiver Gunnar Horman. Nichols put the ball up high where only his receiver could get the ball on a crossing route. In the middle of double coverage, Horman came down with the ball and raced 87-yards for a touchdown as the Newfound defenders collided on the play. Nichols connected with Horman again on the PAT, giving Winnisquam a 22-12 edge with 5:46 remaining in the second quarter.

Newfound appeared to come up with a momentum changing defensive stand at the end of the first half, stopping Nichols a yard short of the goal line on a fourth-and-goal play from the five-yard line.

Glover took care of that though.

Winnisquam took the second half kickoff and marched 60 yards in nine plays, all but one coming on the ground. The 6-foot,

Glover carried the pigskin six times on the drive, capping it by barreling in from three-yards out to give Winnisquam a 28-12 edge.

The Winnisquam defense -- led by Kobe Briand, Caden Remillard, Anthony Montalto, Cameron Roberts and Koren Powell -- came up with a big defensive stop. Winnisquam stopped Newfound on a fourth down play, giving its offense the ball at the Newfound 48.

Glover rambled 24 yards on the next play. A 12-yard face mask penalty on the play put Winnisquam at the Newfound 12. Two plays later, Glover went in from three-yards out again for a commanding 34-12 edge with 4:06 remaining in the third quarter.

"Angelo is a big back. He wears you down," said Riberdy. "He was our utility guy. We had him at tight end and on the line. We moved him everywhere, but he al-

ways wanted to carry the ball. We told him that if he wanted to run the football he had to come and run hard every day."

"He's done that so this is his reward," the veteran coach added.

That score was Glover's fourth trip into the endzone. He also scored from a yard out and on a 19-yard scamper in the opening quarter.

Newfound came out firing though. Quarterback Logan Rouille hit Mason Dalphonse for 31-yards on the first place from scrimmage. From there, they went to the ground and moved the ball inside

the Winnisquam 10. The ball was knocked loose though near the five and Winnisquam's Roberts jumped on the loose ball at the 21.

Winnisquam would go 79 yards in 10 plays, getting a one-yard TD run from Glover who would also take the PAT in for an 8-0 lead. Newfound responded with a six-play, 65-yard scoring drive. Aidyn Robins took it in from 20 yards out, but the PAT was stopped -- leaving Winnisquam up 8-6.

Glover would make it 14-6 Winnisquam with a 19-yard TD run for a 14-6 lead only to have Newfound come back with
