BHS Valedictorian & Salutatorian lead by example inside and outside the classroom

BY DONNA RHODES

dirhodes@salmonpress.news

BELMONT – Belmont High School Principal David Williams was proud to present the Valedictorian and Salutatorian for the Class of 2018 last week, saying they are not just at the top of the class in numbers (grade point averages) but are also “real leaders of the school.”

Nick Randos of Belmont holds this year’s honor as Valedictorian who, as Williams stated, has led the way in many aspects.

(Right) Kaleb Brown (left) and (Nick Randos right) have been selected as Salutatorian and Valedictorian for Belmont High School’s Class of 2018.

It would be fair to say that Randos was off and running right from the start of his four years in high school as a member of the Cross Country, Indoor Track and Outdoor Track teams. His teammates, he said, were more like a family that supported one another in their efforts.

“That’s my biggest take away...the community we had and all the cheering for one another. It’s something you want to replicate in life,” said Randos.

Among his biggest accomplishments in high school, he added, was being invited to take part in the New England Track and Field Championships

Young anglers reel in fun at 41st Annual Rotary Fishing Derby

BY DONNA RHODES

dirhodes@salmonpress.news

TILTON – At 9 a.m., the first fishing lines were cast and the Tilton-Northfield Rotary’s 41st annual Children’s Fishing Derby officially got underway. The event began with little ones from one- to six-years old fishing first, joined 20 minutes later by the seven- to 11-year-olds, then those 12 to 15 were invited to drop their hooks in the Tilton School pond at 9:40 a.m.

Last Friday, the pond was stocked with 500 trout, 250 of which were purchased by the Rotary Club with the other 250 donated from N.H. Fish and Game, all giving

the derby.

“At 8:30, the fish were already jumping so we knew it would be a good morning for the kids,” said Bob Cormier, the current Rotary president.

It was good indeed, with many boys and girls hitting their limit of five fish in just a short time.

Chuck Drew, vice-president of the organization, emceed the day and throughout the morning he announced the names of 50 boys and girls whose names were pulled for a raffle. The winners each received a new fishing rod and reel provided by Health First Family Care Center.

All eyes were on the Catch Board though whenever another youngster raced a fish over to be measured because at the end of the day, the top three fish caught in each of the age groups awarded some lucky fisherman a trophy. There was also a trophy for the largest “non-trout” reeled in and the participant with the largest catch of the day took home the prestigious Harry and

Frank Trophy, named in memory of derby founders and former Rotarians Harry Laughy and Frank Tibbetts.

One of those vying for a trophy catch was nine-year-old Max of Belmont who had three fish caught by 11 a.m. He said it was his first time participating in the Rotary derby and he was having a lot of fun.

“They’re biting really good. I like this because you can catch a lot of fish and I won a new pole, too,” Max said.

Farther along the shoreline, five-year-old Riley of Northfield was having a great day too, with her family. She said she’s been fishing ever

Veterans Home residents salute comrades during Armed Forces Day

BY DONNA RHODES

dirhodes@salmonpress.news

TILTON – The men and women of New Hampshire Veterans Home gathered in their Town Hall last Saturday morning to salute all branches of the military at their Armed Forces Day ceremonies.

Speaker for the event was LTC. Gregory Heilshorn, the Public Affairs Officer for the New Hampshire National Guard. In his address he began with a review of the history of Armed Forces Day, conceived by Pres. Harry S. Truman who wanted to see one special day for the citizenry to come together to thank all uniformed men and women for their patriotic service to the country.

As a result of the unification of the military under the Department of Defense, on Aug. 31, 1949 Secretary of Defense Louis Johnson announced the establishment of Armed Forces Day.

DONNA RHODES

Members of the Residents Council at New Hampshire Veterans Home listened from the stage as LTC. Gregory Heilshorn of the New Hampshire National Guard spoke to the residents during their Armed Forces Day recognition ceremony last Saturday morning.

The first official Armed Forces Day was held on the third Saturday in May of 1950. It became an annual event filled with parades, concerts and airshows in communities all across the nation as the nation celebrated all five branches of the military—the United States Army,

Navy, Air Force, Coast Guard and Marines.

“Today, though, we don’t celebrate Armed Forces Day with the same hutzpah we did back then,” Heilshorn said.

He voiced his displeasure over the controversy that erupted when President Donald

Trump proposed holding a large military parade this year to honor all the men and women who protect the country. Due to a political outcry about the cost of such an event, though, it was eventually called off.

“Rest assured, they have earned a parade, SEE VETERANS, PAGE A15

Refreshments served - this class runs approximately two

hours and is free to all.

Nathan Searles has been studying herbal medicine since around 2007 and received his certification as a Master Herbalist in 2011. In 2013, while attending the International Herb Symposium in Norton, Mass he was bit by two nymph ticks and began experiencing lime like symptoms. After some consideration he opted out of conventional medical treatment to explore the possibilities for herbal treatment with traditional methods. It was during this time that native medicinal mushrooms and their potential caught his attention, and in the five years since he has dedicated his work to studying and researching these native wonders.

a young Canadian woman who spent her early childhood in Botswana requests the agency's help in recalling her life there. Precious and Grace set out to locate the house that the woman lived in and the caretaker who looked after her many years ago. But when the journey takes an unexpected turn, they are forced to consider whether some things are better left in the past. (Amazon)

Wednesday the 27th at 4 p.m.

YaH Book Group - "The Princess Bride" by William Goldman - Anyone who lived through the 1980s may find it impossible—inconceivable, even—to equate "The Princess Bride" with anything other than the sweet, celluloid romance of Westley and Buttercup, but the film is only a fraction of the ingenious storytelling you'll find in these pages. Rich in character and satire, the novel is set in 1941 and framed cleverly as an "abridged" retelling of a centuries-old tale set in the fabled country of Florin that's home to "Beasts of all natures and descriptions. Pain. Death. Brave men. Coward men. Strongest men. Chases. Escapes. Lies. Truths. Passions." (Amazon)

STRATEGIES FOR LIVING

On religion and government

BY LARRY SCOTT

"I recently learned," writes political commentator Glenn Beck, "that the United States government was actually trying to strip God out of a homeless shelter for previously incarcerated women struggling in Colorado. ...Marilyn Vyzourek, the woman who runs an organization called Gospel Shelters for Women, was told that she could no longer offer Bible studies at her shelter. ... Our government ... decided that the shelter's acceptance of two \$25,000 federal grants made them subservient to their wills" (From David Barton, "The Jefferson Lies," Location 62).

Marilyn Vyzourek, to her credit, refused to back down from the government's demand and lost the grant. Why? In the government's view, to preserve the separation of church and state.

Many people believe that this concept goes back to the First Amendment to our Constitution. It does not! The First Amendment was never intended to be understood this way. To the contrary, the Amendment should have protected Ms. Vyzourek from governmental interference.

The Amendment simply states, "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof ..." Ms. Vyzourek should never have had a problem; the Constitution was on her side!

The "separation clause" is, actually, a recent concept. In 1947, the Supreme Court, in *Everson v. Board of Education*, made this statement:

"The First Amendment has erected a wall between church and state. That wall must be kept high and impregnable. We could not approve the slightest breach."

"Following this declaration, the Supreme Court – and numerous lower courts – began striking down religious activities and expressions which had been constitutional for the previous 150 years" (David Barton, "Original Intent," p. 13).

The First Amendment was never meant to be used this way. Our Founding Fathers were open to the influence of the Church. The Bible was used as a textbook in many of their early schools. What our early leaders did not want was for the government to have control over church affairs. But the secularization of our society has reversed the Amendment's original intent. To the Christian community, the results have been devastating.

The Bible has been removed from our classrooms and God has become a four-letter word. A new generation of children is emerging with little understanding of God and no familiarity with His Word. Without an objective standard of morality, our children have been left to determine their own standards of right and wrong.

Perhaps the reason the Christian message has generated so much antagonism is that we claim an exclusive understanding of truth. We have little choice if we are to be true to our faith. Jesus said, "I am the way and the truth and the life. No one comes to the Father except through me." Jesus was quite clear: He is our only access to God.

But the drive to share our faith is more than theological; it is personal. We have found our relationship with God to be immensely rewarding. Our intent is not to berate others when they are wrong, or conversely, proudly proclaiming that we are right. That is not our attitude. We are simply grateful to God that we have found a better way -- His Name is Jesus Christ -- and we are driven to share the good news.

You want to talk about it? Hit me up at rlarry-scott@gmail.com.

PET OF THE WEEK

This sweet little black and white domestic shorthaired cat has a slightly startled look, big green eyes widened, ears perked forward in anticipation... of... what exactly? Mittens is a shy girl, even up close and personal she wasn't quite sure what to think of shelter life, and who can blame her, dogs barking, people bustling, phone ringing, lots of humans coming and going all the time – it's a lot for a feline with a delicate disposition to get used to; hence we placed her in a volunteer foster home to add some

calmer enrichment to her life- we know that permanent home is just around the corner!

Mittens arrived in June 2017, she's a 'long-stayer' in shelter parlance, but that should not deter you: prospective adopter, from considering her for your next pet if at the top of your Wants List is 'must be affectionate, sweet and one that purrs, constantly'.

Please come and visit her at the NH Humane Society, OR we can facilitate a meet & greet in her foster home.

LETTERS TO THE EDITOR

Time for sausage making in the legislature

To the Editor:

This is the 43rd of my periodic reports on the Legislature in Concord. I'm a little late with this report, mainly because the end of the legislative session gets confusing. We dealt with all of the bills by voting them up or down, however the real sausage making begins now. The Senate begins attaching amendments or legislation (bills that failed in the House) to bills of a similar nature. Then, each body can agree or not with the changes, or the bill can be sent to a Committee of Conference. The C of C is comprised of an equal number of each house to come to a unanimous compromise. Did you know these meetings are on the Calendar and open to the public? The lobbyists attend and offer comments when asked. You could too. The modified bill then returns to both houses for another vote. The importance of the C of C cannot be overstressed. Let's look at a few of these modified bills.

HB 1636 began as a bill to seek a death benefit for a teacher killed at school. It returned to the House with amendments for teacher prep, allowance for charter schools to use unused facilities, and HB 193, the educational savings accounts for school choice. The strategy is that the member has a favorite in this grouping and will vote to pass the overall bill (HB1636), then send it to a Committee of Conference for a second chance. I did like HB 193 but it still failed. Another attempt will need to be made in the future.

HB 1538 was originally a bill to fix a band stand but morphed into an asbestos liability bill! The

House killed this bill by not concurring.

HB 1565 addressed people with such severe psychiatric disorders that they pose a threat to the public and required segregation. It was sent to a Committee of Conference. New Hampshire has a Secure Psychiatric Unit inside the prison. This facility is capable of performing the task but these people should not be treated as convicted felons. There is no question that they are a danger to themselves and others. This has been an ongoing issue and we have delayed building a separate facility. Maybe it's time to spend some of the money being used for drug treatment to address this problem. We will vote on the results that the C of C produces and vote on it on the 23rd.

HB 1372 was amended by the Senate, and the House concurred. Did you know that some employers are requiring a subcutaneous (under the skin) chip for employees? This allows easy identification and entry into closed areas. Sorry! We do this to dogs and cats, not people. We voted against employers requiring an implantation as a condition of employment.

The House reconvenes on May 23 to vote on reports from the C of C. I am in the process of reviewing the very interesting Calendar. I am available for discussions so call me at 320-9524 or email me at dave@sanborhall.net.

Cheers!

Rain, ducks, and fish just begging

By JOHN HARRIGAN
COLUMNIST

We needed the rain, but when it comes people complain. You know

this when you go into a store and another customer asks how you are, and you say, sort of brightly, "Good day for ducks," and get a disgusted grunt in return.

But I can't help it--I like rain, and positively love it when one of those low-pressure systems gets slowed down by the mountains and ridges of northern New Hampshire and just decides to stick around for a day or two, and glower.

Which makes me think of "lowery," which you hardly ever

hear any more. It's old English, meaning dark and somehow threatening, although I never heard it used in a threatening way. Jimmy Rick-er used to say it when he was deciding it was not a good idea to cut hay on his farm in Clarksville. My grandfather White, who had roots in a saltmarsh farm in Jonesport, Maine, once in a while used it as an excuse not to go fishing. As in "Oh, I dunno, looks kinda lowery."

He was a man who in private times liked to whistle, and I guess he figured that taking his

grandson fishing was a private time, because he was always whistling, almost enough to keep the black flies at bay.

And they were always these long, repetitious and somehow mournful tunes. He said his father had got them from men who had been to sea. They were somehow without beginning and end.

In Clarksville, when I was living and working at Rudy's Camps, Gramp White and his wife Nana, as all of us called her, sometimes came to fish, and a cousin

A.C.O.E. offering loaner life jackets at popular boating areas

BY DONNA RHODES
dhrhodes@salmonpress.news

FRANKLIN — The New England District of the U.S. Army Corps of Engineers, with offices at Franklin Falls Dam, is once again this year offering loaner life jackets for visitors to their boating recreation areas at Profile Falls and Coolidge Woods in Bristol, as well as at another kiosk that is being installed at the Shaw Cove boat launch in Sanbornton.

“The life jacket loaner stations provide the public with free use of life jackets on a first-come, first-serve basis while recreating on the Franklin Falls property,” said Park Ranger Karen Hoey of the U.S. Army Corps of Engineers. “The goal

DONNA RHODES

Thanks to grants from the U.S. Army Corps of Engineers and local business partnerships, Life Jacket Loaner Stations have been installed for day trips along the Pemigewasset River. The stations are currently located at the Franklin Falls Dam boat launch facilities in Coolidge Woods and Profile Falls in Bristol and a new station is being built at Shaw Cove in Sanbornton.

of the life jacket loaner board is to increase life jacket wear during wa-

ter-based activities here at Franklin Falls, as well as educating the visiting public on the importance of proper use and fit.”

When properly worn, Hoey said, life jackets can increase the chance of survival for those involved in boating or swimming accidents

“Statistically, we know that 90-percent of our drowning victims were not wearing life jackets,” Hoey said.

With those statistics in mind the Army Corps of Engineers in Franklin was able to obtain initial grant funding through their headquarters, then reached out to establish partnerships with area

businesses as well. With that backing they were able to obtain several child and adult life jackets for the loaner program and are now seeking more youth sizes to meet all family needs.

As the fishing, boating and swimming season gets underway, Hoey stressed that residents and visitors alike need to remain aware of the power of water. Flow rates on the Pemigewasset River, which encompasses the local USACE oversight area, are higher than people may realize.

“A fun filled day can turn tragic in just a moment,” she said. “Near-drownings have

occurred here more often than people think.”

While the water may look passive on the surface as it winds its way downstream, there are often strong undercurrents and even obstacles in the water that can be quite dangerous.

“That’s why none of our recreation areas have designated swimming. It can look calm out there but it’s really not,” Hoey cautioned.

Over the years, there have been several accidental drownings along the river, making US-ACE’s life jacket loaner

program an important safety measure, but it also comes with one other caution.

Hoey said, “The life jacket loaner program is a supplement program for those visitors who forgot their life jacket. Visitors should not rely on this program as a sole source for the life jackets.”

In an effort to also provide for as many people as possible, when a life jacket is borrowed from the loaner board it should be returned the same day it is borrowed, she added.

Hall Memorial Library to host dedication for Kelly Finemore Memorial Garden

TILTON/NORTHFIELD — Please join us on Saturday, June 9 at 10:30 a.m. for the dedication of the Kelly Finemore Memorial Garden and Bench.

Finemore held the position of Children’s Librarian at Hall Memorial Library for more than 10 years. This wonderful woman was the perfect fit for the position as she truly loved the children. Nothing pleased her more than to spend time reading to kids. Perhaps you were lucky enough to have joined her at one of her story times and added your voice to the chorus of kids reciting a variety of poems while “Kelly’s Critters,” a collection of knitted animals made by Finemore, enhanced the activity. She also affected many adults who passed through the doors of Hall Memorial Library over the years. With her quiet wisdom and non-judgment of others, she remains dear to all of those fortunate enough to have known her.

After a small dedication ceremony and speech there will be a tea and an unveiling of Kelly’s Critters Case in the juvenile section of the library. Please come and share your favorite Kelly story during this time.

Hall Memorial Library is located at 18 Park St., Northfield. Phone 286-8971 if you have questions.

David J. Gammon III, 67

LACONIA — David J. Gammon III, 67, of Laconia passed away unexpectedly on Monday, May 14, 2018.

David was born in Laconia on Jan. 31, 1951, the son of David Gammon II and Gloria Champagne Gammon-Rall. He grew up in Laconia, attending Sacred Heart Catholic School and graduated with the Laconia High School Class of 1969.

He was self-employed as a carpenter for over 40 years, and developed many long-term relationships both personally and professionally through his craftsmanship and love for life. His work will remain his legacy in many of the residences around the Lakes Region.

A social person by nature, he put other people first; volunteering and passing along his knowledge and skill to those around him. He served as a Laconia councilman in the late '80's and continued his social activism by bringing attention to things he believed were unjust through editorials and his involvement in local causes.

David enjoyed nature and the outdoors.

He taught his daughter Kelly and granddaughter Ashley to ski, and their shared love of skiing will be a continual bond. He was a talented gardener, homebrewer, photographer (always with a camera in tow), and historical collector - from rare items to genealogy - he loved learning and sharing with others. Sentimental and kind, David will be missed by many.

ple of times rented a cabin. Either way, I was the guy who got to row them around the pond. Gramp could cast, but not so much, his background consisting of catching sea-run trout in Jonesport. Nana couldn’t cast at all, so we trolled, even when a terrific hatch was on and fish were jumping all around, begging for a cast.

“Mertie,” she’d say (Gramp’s name was Merton), “I think I have a fish,” the sign of this being that her rod had been yanked into the back of the boat, and I’d take the rod from her, take the slack out of the line and get the tip of the rod into the air,

and hand it to Gramp. They’d keep just a few. They loved them for breakfast, dredged in a little seasoned flour and fried up in bacon fat.

Rudy called me “Bub,” but my grandfather called me “Bucko.” When they came to Colebrook for a visit, and the preliminary visiting was done, he’d say “Let’s go fishing, Bucko,” and off we’d go.

This was back in my worm days, before I discovered fly fishing. To get worms we went up to the Ted Hughes farm on Hughes Road, where on the site of an old manure pile there were plenty. We always asked first, of course, and Ted, a gentle and soft-spoken man, always took time out from his chores to visit.

And then we’d fish, oh, the Mohawk, a river by my standards, and I’d get lost in thought the way you sometimes do at a deep pool, and I’d lose track of my grandfather, and then he’d come along and pass me by, in the hopscotch way that is the courtesy of stream fishing, and say with a wink, “You never know, Bucko—maybe a big one in the next hole.”

LRPA's May Murder Madness concludes with "D.O.A."

L A C O N I A — Throughout May, Lakes Region Public Access Television will highlight some of the most dark and gritty movies ever to come out of Hollywood! Join us each Friday and Saturday night at 10:30 p.m. for "May Murder Madness," a tribute to vintage film noir. This weekend (May 18 & 19), we finish out the month with 1950's relentlessly dark and complex "D.O.A.," starring Edmond O'Brien and Pamela Britton.

Told in flashback, "D.O.A." introduces us to Frank Bigelow (O'Brien), a businessman visiting San Francisco for a carefree week

of bachelor fun before he weds his fiancée Paula Gibson (Britton). O'Brien meets up with a group of salesmen and winds up in a wild, waterfront jazz bar, only to have a mysterious stranger switch his drink. O'Brien wakes up in the morning with the hangover of his life. Feeling worse and worse, he visits a hospital, where doctors give him tragic news: he has been poisoned with "luminous toxin" – and there's no antidote. The poisoning must have been deliberate, but who could have done it, and why? With nothing to lose, Bigelow spends his next frantic days attempting to solve

the mystery of this heinous act.

"D.O.A." was based on the 1931 German film "Der Mann, Der Seinen Morder Sucht," a black comedy about a man who arranges for his own death but then regrets his hasty decision. When it was adapted for American audiences, director Rudolph Mate created a much darker and more chaotic world, filled with dive bars and dangerous people. "D.O.A." features the talented (and under-appreciated) Edmond O'Brien in one of his most memorable roles. The film was remade in 1988 starring Dennis Quaid and Meg Ryan.

Critics and audiences heartily agreed: the original "D.O.A." was definitely the best. Jeff Stafford of Turner Classic Movies described it as "one of the most imaginative and frenetic entries in the film noir genre ... " and pointed out that it "... works as both a detective thriller and as a bleak, nihilistic melodrama." Judge "D.O.A." for yourself! Grab your popcorn and join LRPA after dark for this unflinching thriller from the past.

SMALL BUSINESS The Backbone Of America

Franklin VNA & Hospice hosts caregiver support workshop with ServiceLink

FRANKLIN — Caregivers work hard and too often put the needs of others before their own. The National Alliance for Caregiving and AARP determined in their 2015 “Caring in the US” that approximately 43.5 million caregivers have provided unpaid care to an adult or child in the last 12 months. But this caregiving and selflessness can come at a high cost.

Many studies have shown caregivers often

neglect their own doctor’s appointments and health needs, substitute fast, easy food in place of more healthy eating for their own meals; and can suffer from depression and stress.

Even knowing this, many caregivers feel powerless to stop it because they aren’t in a position to simply stop being a caregiver.

The Powerful Tools for Caregivers is a program developed to answer that problem and

put the power back in the hands of those caregivers.

The program will take place every Thursday, June 21-July 26 from 2-3:30 p.m. at the Franklin VNA & Hospice, 75 Chestnut St. in Franklin, in partnership with ServiceLink and Merrimack County Elder Services. A free series of classes led by specially trained Class Leaders, Powerful Tools for Caregivers is designed to help family caregivers take better care of themselves while caring for a family member or friend.

In the six weekly classes, caregivers develop a wealth of self-care tools to: reduce personal stress, change negative self-talk, communicate their needs to family members and healthcare or service providers, communicate more effectively in challenging situations, recognize the messages in their emotions, deal with difficult feelings, and make tough caregiving decisions. Class participants also receive a copy of The Caregiver Helpbook, developed specifically for the class.

Jane Cote, of ServiceLink and the Class Leader for the upcoming sessions, stresses, “The workshop gives you exactly what its title suggests - a toolbox full of ways caregivers can take better care of themselves, and become better, healthier caregivers in the process.”

To register for the series, call Jane or Amy at 228-6625 by Wednesday, June 13.

Franklin VNA & Hospice is an independent, non-profit organization established in 1945 to serve the Home Health

care needs of the community. They provide home care, Hospice, clinic and community education services to Andover, Belmont, Boscawen, Canterbury, Franklin, Hill, Northfield, Sanbornton, Salisbury, Tilton, Webster and surrounding towns, as requested. For more information on sponsoring a Memorial Brick or partnering with them for a stronger level of support for the Teuscher-Wilson Hospice Garden, call Franklin VNA & Hospice at 934-3454 or visit www.FranklinVNA.org.

Edward Jones: Financial Focus

You Can Still Gain Tax Benefits from Charitable Donations

Like most people, you probably know several organizations worthy of your philanthropy, and you may well have contributed to them, perhaps on an annual basis. In the past, when you’ve made charitable donations, it’s been a win-win: You were able to provide support to a worthy organization and you received some valuable tax benefits. But with the passage of the new tax laws, things may have changed considerably for many people. Are there still tax benefits to making a charitable donation?

Here’s some background: Previously, you may have been able to deduct your charitable donations if you itemized deductions on your income tax return. So, for example, if you were in the 25 percent tax bracket and you gave \$1,000 to a qualified charity, you may have been able to deduct \$250.

But under the new tax laws, the standard deduction is almost doubled for 2018, to \$24,000 for joint filers, and \$12,000 for single filers. As a result, far fewer people are likely to itemize their deductions.

If you’re in this group, you may find that you have less incentive, at least for tax reasons, to make charitable gifts.

However, receiving a tax deduction is not the only tax benefit of making a charitable gift. If you own an IRA and you’re 70 ½ or older, you generally must start taking withdrawals – technically called required minimum distributions, or RMDs – from your traditional IRA. (Roth IRAs are not subject to RMDs until after the death of the owner.) If instead of withdrawing

the money, the IRA owner decides to transfer the funds directly to a qualified charity, the distributed amount can be excluded from the IRA owner’s income. So, in effect, you can get a sizable tax benefit from your generosity. In fact, you may be able to move up to \$100,000 from your IRA per year to an eligible charity and have it count as your RMDs, even if the amount donated is more than the required minimum withdrawal.

Even if you aren’t 70 ½ yet, you might still gain some tax benefits from

certain types of charitable donations. When you itemize, and you donated appreciated stocks, you were generally allowed a charitable deduction for the full fair market value of the stocks on the date of the transfer, even if your original cost was only a fraction of that value. Now, if you don’t itemize, that charitable contribution is not deductible, but you can still avoid the capital gains taxes you’d have to pay if you sold the securities, rather than donating them.

Finally, you could name

a qualified charity as a beneficiary of your IRA or 401(k). This can allow the assets to pass free of income tax to the charitable group.

Given the increased standard deduction resulting from the new tax laws, many charitable groups are worried about the potential loss of contributions. Nonetheless, as we’ve seen, you can still find ways to get some tax benefits from your own charitable gifts. And you’ll still get the same satisfaction from supporting a good cause.

Five-year-old Riley of Northfield not only had fun fishing at the Tilton School Pond last Sunday morning during the Tilton-Northfield Rotary Children's Fishing Derby; she also won a new fishing pole in a raffle from Health First Family Care.

since she was big enough to hold a fishing pole and her family heads for the lakes and streams every chance they get. She didn't reel in any trout during the derby, but she did catch a hornpout (catfish) for the "Most Unusual" competition and took home a new

fishing pole from the raffle as well. Not a bad day, she had to admit.

It turned out to be a great day for others though when the winners were announced at high noon. To paraphrase Dr. Seuss, a winner's a winner no matter how small, even if the trophy is just as tall as she is. Just ask three-year-old Claudia Foss of

Belmont who managed to reel in a 13-and-a-half-inch trout that won not only her age group, but the Harry and Frank Trophy as well.

"I got two," she said as she held up two fingers and smiled at her trophies.

Other winners in the One to Six age group were Logan Welcome of Northfield, second place

with a 12-inch trout and Jordan Hill of Tilton who caught an 11-inch trout for the third place trophy. In the closely contested Seven to 11 group, seven-year-old Danny Powell of Sanbornton won first place with his 11-and-a-half-inch, Paige Allard of Northfield took second with her 11-and-a-quarter-inch catch,

and Matthew Hibbard of Northfield received the third place trophy for catching the first of several 11-inch trout registered that day. In the 12 to 15 age group, Tyler Carson of Franklin took top honors with his 11-and-a-half-inch trout, Chaz Hibbert of Northfield was second with his 10-and-three-quarter-inch trout and Shyanne Williams of Belmont came in third place with a 10-and-a-half-inch catch. Win-

ning the Most Unusual category was Aidan Evans from Tilton who reeled in an eight-inch hornpout.

In all, derby organizers said 94 fish were caught during this derby and more than 80 children registered for the event.

"We want to thank everyone who came out today, and we hope you'll come back again next year and tell all your friends about it too," Drew said.

BHS

where he placed third in the 1,000-meter race.

Randos has been president of his class all four years as well. During that time he said he enjoyed organizing fundraisers, especially when they helped benefit students who might otherwise not have been financially able to participate in school sports and activities. He was pleased that events such as those also brought his class closer together and they were thrilled to be the winners of this year's Winter Carnival.

He was inducted into both the National Honor Society and the National English Honor Society at BHS where he again served as president. Through the NHES he also organized the Poetry Out Loud competition where he came to appreciate poetry and the ways students used it to express themselves.

Randos was a member of the Student Athletic Leadership Team for four years and was a student representative for the school's hiring committee for new teachers. To earn a Diploma of Distinction project he organized a 5K race to benefit the Shaker Care Closet, which provides

personal hygiene and other toiletry items for students who need them, and spent last summer at St. Paul's School in Concord where he studied Law and Governance.

In the fall, he will be heading to Yale University where he hopes to major in political science. His interest in politics began at a young age when his mother was a volunteer for the 2008 Hillary Clinton campaign. Since then he has found a passion for justice and equality and is "super-passionate," he said, in his desire to fight against prejudice, oppression and systemic injustices.

"I'll have to see how undergraduate school goes first but I would love to go on to law school to become a Civil Rights attorney," Randos said. His mom is "hands down" the biggest influence in his life, teaching him to fight for things he believes in, to always strive for greatness and, most of all, to be kind.

Salutatorian Kaleb Brown of Belmont is another strong representative for the Class of 2018. Brown has also been a four-year member of the BHS cross-country and track teams, and joined the indoor track team in his senior year. Like Randos, he said that

his teammates are like one big extended family and he was happy to see the cross-country team "blossom" this year with even more participants. Before moving to indoor track this past winter, Brown was a member of the Ski Team for three years.

"I started in middle school, where I wasn't really good at all, but it allowed me to challenge myself and gave me the chance to improve in a sport," he said.

Brown, like Randos, is a member of the National English Honor Society while serving as president of the National Honor Society. He is also Class Secretary and enjoyed the fundraising projects where he said his class was able to develop their own identity and become a showcase for the entire school.

Last summer, Brown attended St. Paul's School as well where he studied engineering, and for his senior project, he organized and obtained the necessary licensing to host a TEDx Talk for the community this coming Saturday.

Among his passions are flying, or gliding to be more specific. In the summer before his sophomore year, Brown received his Glider's License at Franconia Air-

port, New Hampshire's only glider port, where he is now a member of the Franconia Gliders Association.

"Gliding is cheaper than flying an airplane, but there's a real community aspect to it, too, amongst all the members," said Brown. "I think it's really an interesting thing to not just fly but to use the air currents and wind factors while you're doing it."

A love for flying comes naturally to Brown, whose father is a pilot and works for the FAA. From him, Brown said he also developed an interest in math and science, while his mother influenced him in other ways.

"She's creative and has always pushed me to help others," he said.

Reconciling those two influences, Brown will head to Rensselaer Polytechnic Institute in September where he will study aerospace engineering. His future goal is to bring his mom's creative and caring side into play by developing aircraft that can one day benefit others.

Belmont High School's Class of 2018 Graduation Ceremonies will take place on Sunday, June 17, at 2 p.m. in the Bank of New Hampshire Pavilion.

Franklin man pleads guilty to methamphetamine trafficking

CONCORD – United States Attorney Scott W. Murray announced today that Brian Sanborn, 53, of Franklin, pleaded guilty to methamphetamine trafficking.

According to court documents and statements in court, on Dec. 8, 2017, the New Hampshire State Police executed search warrants at Sanborn's residence in Franklin and located approximately 17 grams of nearly pure methamphetamine in the basement of the house. On the same day Sanborn, who previously had been convicted of felonies, possessed seven firearms, including four revolvers, two shotguns, and an SKS rifle.

Sanborn pleaded guilty to possession of methamphetamine with intent to distribute. He will be sentenced on Sept. 4.

"Methamphetamine trafficking continues to pose a serious threat to the health of our citizens and the safety of our community," said U.S. Attorney Murray. "We will continue to work closely with our law enforcement partners to stop the distribution of this dangerous drug and to protect our neighborhoods. I want to thank the law enforcement officers whose work shut down and disarmed this drug trafficker."

This matter was investigated by the New Hampshire State Police, the Franklin Police Department, the Drug Enforcement Agency, and ATF. The case is being prosecuted by Assistant U.S. Attorney John S. Davis.

but you won't hear them gripe about it," said Heilshorn.

He took a moment to give the veterans his own thanks for all of their service then discussed his background as a third generation military man. He told them that while his father and grandfather served the country, he "just didn't get it" after graduating school. Instead he set out for a year to roam the country, picking up odd jobs along the way and experiencing life on his own.

"I finally realized being in the military wasn't so bad after all," Heilshorn recalled with a wry grin.

He came back home to New Hampshire where he not only enlisted but

grew to really appreciate all that it means to serve your country.

"Hopefully, we are making you (the veterans) proud and hopefully we are good role models for others," he said.

As he finished his speech, Heilshorn introduced his daughter Sophie, a sixth grade student who asked if she could join him that day to play her trombone for the veterans. Her performance of "The Army Goes Rolling Along," a musical celebration of all military branches, brought a loud round of applause from the appreciative audience.

The ceremony then concluded with a short video, "Here's to the Heroes: A Tribute to the U.S. Military," followed by a closing prayer and the playing of "Taps."

Embree tosses no-hitter against Bishop Brady

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT — Griffin Embree has had a spectacular season as the ace of the Belmont baseball team's pitching staff, and he showed just why coach Matt Leblanc has been saying he is one of the top pitchers in Division 3 by no-hitting Bishop Brady last week in 13-0 win on May 14.

Embree was close to perfection in the game, allowing only one hit and striking out 10 batters in the five-inning mercy rule shortened game.

After the game Embree said that he has felt great this season, but he also was humble and said much of this has to do with the game plan put together by his coach and help from catcher Cam Magerer. He also said credit needs to go to the excellent play in the field from his fielders.

"I knew it was going pretty well and in between innings I was thinking about how I

Griffin Embree tossed a no-hitter against Bishop Brady last week in a game where he struck out 10 and walked only one batter.

would pitch who was coming up," said Embree. "It turned out successful. Part of being a good pitcher is having all my pitches working. My curve and slider were hitting spots and keep people off balance. I was hitting my spots and felt good."

Embree said that after the loss in the championship last season, he spent plenty of time fine tuning his game in the offseason.

"I wanted to be better and be more of an impact this year," said Embree.

The offense was also outstanding for Belmont, which knocked out 14 hits and four triples in the game. Austin Didsbury was three for three with two singles and a triple, as well as an RBI and a run. Kyle Minery was two for three with two triples and three RBIs. Magerer was two for three with a double, two RBIs and two runs. Freshman Nate Sottak was two for three with an RBI.

Leblanc spoke very highly of the team, and Embree in particular following the game.

"He is throwing harder but he's a pitcher in every sense of the word," said Leblanc. "He mixes so well and doesn't get

predictable. There have been games where the opponent tries to call the pitch. They'll yell curve and he's throwing a fastball. They'll yell fastball and he's throwing a slider. He knows his strengths and he pitches to them. He figures out batters' tendencies and keeps them off balance. He is an ace. He really is."

Two days later Belmont faced Bishop Brady again, but this time the Red Raiders took a 7-3 loss. Leblanc said the team just couldn't get the offense going, as the team left the bases loaded in the first two in-

nings.

Embree had a good day at the plate going one for two, while also being hit by two pitches. He had two RBIs, a steal and a run.

On May 17, Belmont bounced back with a 12-1 win over Inter-Lakes. Matt Pluskis, who is usually the regular second baseman for Belmont had his starting pitching debut and pitched well. He allowed four hits, three walks and three strikeouts in the win.

Brett Auclair hit what Leblanc said was "the hardest ball that we've seen in a long time" for a "bomb" of a homerun.

He was two for three and led the offense with three RBIs. Didsbury had a double and an RBI and has really turned it on lately. Magerer reached base three times, with an RBI and two runs.

The Red Raiders capped off the week with a 6-4 win on the road over White Mountains, who was undefeated at the beginning of the week but suffered this loss as well as one to undefeated Gilford earlier.

Embree pitched seven and two thirds innings allowing only four hits and striking out 10 batters. He did struggle with control with six walks.

White Mountains were threatening in the seventh inning after tying things up, but Colby Brown made a great diving catch to save the game.

Brown has had an outstanding season in the field, as well as at the plate and on the base paths. He had four steals which brings him to 16 for 16 on the season.

Offensively, Minery led the way with two doubles, four RBIs and a run. The first double was in the top of the first and got the Red Raiders on the board. The last double was the eventual game winning hit.

"A big, big win for us," said Leblanc. "Embree continues to show that he is the class of D-3 on the mound and unfortunately he was let down defensively, otherwise he would have had a gem of a win, allowing just 1 earned run. As it stands though we were able to go through some in game adversity and come out with the win. Definitely a confidence builder as we head into the playoff season."

Belmont was 11-3 and tied with Somersworth for fourth place heading into the final week of the season. The Red Raiders faced Laconia and Franklin after deadline and on May 25 the team travels to Prospect Mountain for the final game of the regular season. The game is at 4 p.m.

TILTON — After a 3-1 start for the Winnisquam softball team, the season has had its peaks and volleys. Last week the Bears broke a four-game losing streak with a 7-6 win over Conant, but the team enters the final week of the season with a 5-8 record and only two wins in the last nine games.

On May 18, Winnisquam and Conant traded runs in the first inning. Emily Decormier led off with a double, stole third and then scored when a dropped third strike was thrown to first base. It was a 1-1 game until the sixth inning and Winnisquam scored three runs.

Meghan Cote had a leadoff walk, which was followed by an RBI double by Decormier. Carly Catty hit a one-out double to drive in Decormier, which was followed by a single roped by Hannah Max down the line to bring home Catty. Conant then scored

five runs in the top of the seventh inning with two outs, as the team put together a rally of five hits in a row. Cailey Clogston tied the game for Winnisquam in the bottom of the seventh with an RBI double.

In the eighth inning, the Bears held Conant scoreless. In the bottom half of the inning Aubrey St. Onge walked, followed by a bloop single to right by Natalie Deshaies. Cote laid down a great bunt for a hit. A late throw went over the Conant third baseman and St. Onge scored the winning run in extra innings.

Earlier in the week,

on May 15, the Bears lost 5-4 in extra innings to Laconia. The offense played well with 10 hits led by Catty's three for three showing including a solo homer. Chloe Colarusso was two for three with a triple and Ashley Deshaies was two for three with a walk.

On May 17, Winnisquam was blown out 15-3 in Berlin. Catty had a two-run homerun and Cailey Clogston had a double. Colarusso had a two for two day with a double. The Bears couldn't keep up with the 13 hits by Berlin, but coach Kevin Dame added that allowing six unearned runs cannot

happen against a top tier team like Berlin.

"Friday was a big win against a Conant team that came in with an 8-4 record," said Dame. "We are now 5-8, tied with four other teams for the 13 to 17 spots in the standings. We have proven that we can play with any team, but we need to try to avoid the other team having that one big inning."

Winnisquam played Bishop Brady on Tuesday and Somersworth on Wednesday after deadline. The final game of the regular season is against Franklin on Thursday at 7 p.m. under the lights.

Bears head to final week of baseball season

BY BOB MARTIN

Bob@Salmonpress.news

LACONIA — The Winnisquam baseball team had three games on the road and lost two of three last week, putting the Bears at 5-10 record going into the final week of the season.

This has been the story of the Bears all season, as the team has not been able to get into a groove. The Bears have only had back-to-back wins once this season, which came in games three and four of the season.

On May 15, Laconia topped Winnisquam 10-3 as the Bears didn't do themselves any favors by allowing 11 walks and seven errors. Winnisquam left the bases loaded in the first inning, as well.

After leaving the bases loaded, the Sachems answered with a pair of runs scored. Laconia then scored five unearned runs in the second inning to take a 7-0 lead.

Freshman Philip Nichols continued his strong play with two hits and an RBI. Nick Snyder had an RBI single, as well. Alex Mango played a solid game with a hit and reaching base three times, whole also playing well in left field. Coach Fred Caruso was also happy with the relief pitching of Tyler Portigue.

On May 16, Winnisquam was in what Caruso called an "almost must-win game" at Berlin. Winnisquam responded to the challenge by coming away with a 10-5 win.

The Bears took an early 6-0 lead after one inning and went on to beat Berlin. The first six batters reached base and all of them scored. The big play was a three-run homerun by Michael Allard. Allard has had a good season for the Bears, and this was his second homer.

Winnisquam had a total of 15 hits, a season

high and a bright spot in what has been a stagnant offense at times. Jack Beaulieu led the way with three hits including a double. Mango, Snyder, Portigue and Andrew McKinnon all had two hits.

Nichols was the starting pitcher and allowed only one run while picking up his third win.

Winnisquam couldn't keep the momentum going and were blanked by Stevens on May 18 by a score of 10-5. The first four batters for Stevens had base hits and the Cardinals scored three runs in the first inning.

Mango had the only hit for Winnisquam.

"The Bears are still in the playoff hunt with two regular season games remaining," said Caruso.

Winnisquam hosted Somersworth on May 23 after deadline. The regular season finale is today, May 24, at 4 p.m. at rival Franklin High School.

Raider lacrosse girls get first win

BY BOB MARTIN
Bob@Salmonpress.news

BELMONT — The Belmont girls' lacrosse team was coming off its first win of the season, which was 15-6 over Trinity on May 14, and hoped to continue this momentum in a game against ConVal and St. Thomas Aquinas.

However, the Red Raiders dropped the next two games to ConVal and St. Thomas Aquinas by scores of 15-8 and 16-9.

The Red Raiders played well against St. Thomas Aquinas on May 18 in the first half and looked like the team might be able to come away with a win. However, the second half was a tough one for Belmont, with the team looking tired.

In the first half, Belmont was down 2-0 until Katie Gagnon scored a nice goal to give the Red

Raiders life. St. Thomas scored another goal to make it 3-1 but Sydney Shephard scored about two minutes later to make it 3-2.

There was back-and-forth action between both teams with a couple nice saves by each goalie, but St. Thomas struck again to make it 4-2.

Goalie Keagan Berry fended off a couple of tough shots to keep the game tight, but couldn't control the onslaught of shots any longer and allowed a goal to bring it to 5-2 in favor of St. Thomas.

Belmont then went on a surge with Gagnon scoring two straight goals, with one on a direct shot following a penalty. After some nice ball movement, Emeli Reed scored to tie up the game at 5-5. Reed has been out with a rib fracture but has made an impact

since returning to the team.

Belmont and St. Thomas traded goals to make it a 6-6 game, with Gagnon providing the goal for the Red Raiders. After another St. Thomas goal, Meagan Wong got a nice pass over to Gagnon to make it a 7-7 game. St. Thomas scored right before half to make it 8-7, but it was anyone's game.

The second half was all St. Thomas, with three straight goals in the opening minutes. Hannah LeClair ended the run with a goal about two minutes after a Belmont timeout, which was followed by a goal by Gagnon.

While there was a

spark of life, St. Thomas dominated the rest of the way and cruised to the win.

Despite a tough season, the win makes for an improvement over last year's 0-14 season.

"Looking over the season compared to last our average points lost by has gone down and our average points scored each game has gone up both by just about five points," said coach Meya Minor. "The scores still are a little hard for the girls but the little progress and wins like overall averages are really starting to show."

Belmont travels to Campbell on May 25 at 4 p.m. for the last game of the season.

Softball Raiders fall in two of three contests

BY BOB MARTIN

Bob@Salmonpress.news

BELMONT — It has been good season for the Belmont softball team, but last week was a bit of a speed bump with the Red Raiders dropping two of three games.

On May 14, Belmont lost 9-3 on the road to Bishop Brady in a game under the lights. It was a tie ballgame in the

fourth inning thanks to three hits and a couple of walks for Belmont, but the team let up five runs in the sixth inning.

“Again errors cost us in this game,” said coach Bill Clary. “We still have some players learning new positions as well as three freshmen starting any given game.”

Belmont bounced back with a 15-0 shutout

win over a struggling Inter-Lakes squad that has managed to play tough against Belmont this season. Belmont scored eight runs on seven hits in the fourth inning. Eleven out of 12 girls had a hit, with Julianna Estremera, Jordan Sargent, Morgan Hall and Noel Murphy having two hits apiece. Lizzie Fleming went three for

four.

Morgan Hall was the winning pitcher with six strikeouts, four hits and no walks.

On May 18, Belmont lost a tough one to top ranked White Mountains by a score of 5-1. The Red Raiders fell behind 2-0 but in the third inning the team put two runners on with two outs. Jordan Lavallee was robbed of a three-run homer by the White Mountains center field-

er, who crashed through a temporary fence and make the incredible catch.

Estremera was on the mound and pitched well with four strikeouts, three walks and seven hits allowed. Clary said costly errors were the key to the game.

Estremera had three hits and Kara Stephens added the only other hit for Belmont.

“As we head into the playoffs, we have been

playing some good teams really well and we hope to build on that as the last week doesn't change,” said Clary. “Both Bishop Brady and Prospect get up to play us as we do them. Division 3 is full of some strong teams, the middle of the division is only divided by a win or two from the top.”

The Red Raiders had a 10-4 record and were in seventh place entering the final week of the season.
