# Harmony Grange spreads the gift of warmth through Scarf Tree campaign

BY DONNA RHODES  
dhrhodes@salmonpress.news

TILTON — Harmony Grange members continued to spread the warmth this year with their Scarf Tree campaign in downtown Tilton, draping scarves in the trees along Main Street for anyone who needs one to stay warm through the winter weeks ahead.

Harmony Grange now has members in Sanbornton, Northfield and Tilton, and together, they accumulated more than 60 scarves this year, along with 50 hats that were also strategically placed in downtown Tilton.

“We started this last year and it’s really grown. This year we doubled the amount of scarves that were made, donated or purchased,” said Harmony Grange member Faith Tobin.

Tobin, her family and friends took on the task of hanging many of

From soft pastels to bright colors, stripes to plaids, there was something for everyone’s taste and the cloth accessories also served to brighten Main Street as they each awaited a new owner.

Priscilla Bodwell of Sanbornton introduced the idea of Scarf Trees to

the grange last year after hearing about similar programs in the news. She said she read where large cities across the country had groups who draped scarves along the streets for people who needed them and thought it was a wonderful gesture.

# Sanbornton Central students bring historical figures to life

BY DONNA RHODES  
dhrhodes@salmonpress.news

SANBORNTON — The New Hampshire Living Person Museum returned to Sanbornton Central School last Friday, as boys and girls in the fourth grade impersonated renowned people from the state who have made a difference in their area of expertise over the years.

Faculty member Jackie Blake said the project began in early December, when the students were asked to research a New Hampshire resident, past or present, who inspires them. They were then instructed to research that person and write a brief first person biography to

recite. Students also had to create props or scenes for their presentations when they impersonated their subjects in last week’s museum.

Whenever possible, Blake said, some of the students were even able to interview the person they selected.

One such student was Ryan, whose love of music and videography led him to choose Ryan Vezina of the performance group “Recycled Percussion” out of Merrimack Valley.

Ryan said he chose Vezina for several reasons, one of which was that they share the same first name.

# Community Night Out helps Winnisquam students shake off the winter blues

TILTON — It was literally wall-to-wall fun and excitement at the Tilton Sports Center on Wednesday, Jan. 11, when the Winnisquam Regional School District teamed up with the athletic facility to break the doldrums of winter cabin fever through an evening of indoor soccer, basketball, batting cage practice, obstacle courses and much more.

## Filing period for local town and school district offices opens Jan. 25

BY DONNA RHODES  
dhrhodes@salmonpress.news

REGION — As the momentous and memorable election year that was 2016 fades into memory, it is now time to look toward town elections in 2017 and filing periods for candidates in local government will begin on Wednesday, Jan. 25, and close on Friday, Feb. 3 this year. Filing for all of the municipal openings will take place at each municipality’s town clerk’s office.

Belmont has several positions up for grabs in 2017. Among them are one, three-year term each, for the Board of Selectmen, Trustee of the Trust Funds, Cemetery Trustee and Library Trustee. For the Budget Committee there are four three-year vacancies, while the Planning Board and Zoning Boards each have two three-year positions up for election in 2017.

Rather than the traditional town meetings, Belmont has an SB2 format for elections and all business before the town each year. Therefore, the First Deliberative Session for discussions and any amendment proposals the public wishes to make to the Town Warrant will take place at 10

a.m. on Saturday, Feb. 4, in the Belmont High School cafeteria. The voting public is encouraged to attend this meeting where town officials, department heads, safety personnel and civic leaders will be available to answer any questions.

The final vote at the polls, also known as the Second Deliberative Session, will then take place at BHS on Tuesday, March 14.

The Shaker Regional School District voted last year to also change to an SB2 format. There are two openings for school board members up for election this year, one in the Town of Belmont and one in the Town of Canterbury. Filing periods for these positions are the same

# Northfield resident wins \$2 million 'Granite Giveaway' top prize

*Stacey Partridge bought her \$2 million winning scratch ticket at the Park-N-Go Market in Northfield*

CONCORD — Northfield resident Stacey Partridge is the New Hampshire Lottery's newest millionaire, as she claimed the last \$2 million instant top prize in the "\$30 Million Granite Giveaway" scratch game on Wednesday, Jan. 11.

Partridge, who bought her ticket at the Park-N-Go Market at 135 Park St. in Northfield, had the option of taking home \$66,666 per year for 30 years or a one-time cash payout of \$1.35 million. (Prize amounts are

estimated before taxes.) The \$30 Million Granite Giveaway game costs \$25 per ticket.

After seeking legal and financial advice, Partridge selected the one-time cash option. A long-time player, Partridge, 44, has a 16-year-old son and has lived in the Northfield area her entire life. She works for the family construction business and intends to continue working. Her routine is to buy a few scratch tickets and scratch them in her truck in the parking lot.

As she scratched that ticket earlier this week, she had to go back inside Park-N-Go Market to make sure she was reading her prize correctly, she said.

"This is what it is all about, seeing a player who enjoys our scratch tickets rewarded with a huge \$2 million win," said Charlie McIntyre, executive director of the New Hampshire Lottery. "This is an exciting moment for the New Hampshire Lottery and we are thrilled to congratulate Stacey Partridge as New

Hampshire's newest millionaire. We wish her all the best!"

"It feels like it's not quite real yet," Partridge said. "It probably will not seem real until I check my bank account balance on my phone after the prize money arrives. It's still so surreal."

Partridge indicated she has no immediate plans for the prize money, though she mentioned perhaps getting a new dog and paying for training for her horse.

The \$30 Million Granite Giveaway game,

which boasts more than \$30 million in cash prizes, features four chances to win up to \$2 million. Players can win three of the four top prizes of \$2 million instantly. Partridge won the third and last instant \$2 million top prize.

The fourth \$2 million winner will be selected through a second-chance drawing open to \$30 Million Granite Giveaway players who win and claim the \$1,000 or \$2,500 prizes from the game. During the second-chance drawing,

which will take place during the summer of 2018, players will hope to get lucky and win that final \$2 million prize, along with four \$10,000 prizes to be awarded during the drawing.

Partridge told New Hampshire Lottery officials she has been successful with the \$30 Million Granite Giveaway game. In fact, she collected a \$1,000 prize in the Granite Giveaway game just last week at New Hampshire Lottery headquarters. As a \$1,000 winner, Partridge will be among the players at the second-chance drawing hoping to be a finalist for a second chance to win the final \$2 million top prize.

When the last top prize in a game is claimed, the New Hampshire Lottery removes the game from sale. The New Hampshire Lottery will continue selling \$30 Million Granite Giveaway through April 2017, as there are still considerable opportunities to win. As of this week, there were 79 chances to win prizes of \$1,000 and \$2,500 remaining, 30 more chances to win \$10,000, and two more chances to win \$50,000 still available—coupled with the \$2 million second-chance drawing opportunity. When the game launched, there were a total of 85 prizes of \$2,500 and 950 prizes of \$1,000.

"This is a unique situation," McIntyre said. "With \$2 million at stake and almost 80 chances still to win \$1,000 or \$2,500 and to be entered into the second-chance drawing for \$2 million, we want to give as many players as possible a chance to win!"

The \$30 Million Granite Giveaway game launched in October 2015. The two previous \$2 million top prize winners were Thomas Mix of Union in November 2015 and Mark Washburn of Ossipee in April 2016.

Tickets for the dinner dance are \$25 per person and are on sale now

## PERSPECTIVES ON LIVING

BY LARRY SCOTT

If I were to tell you I am a Muslim ... or into Buddhism or Transcendental Meditation, or if I claimed to be an atheist, you would probably say, "That's OK! I accept you as you are," and I would enjoy your respect. If, however, I were to tell you I am an evangelical Christian and that I believe the Bible to be God's written revelation of truth, red flags go up all over the place. Indeed, I would more than likely be branded by what you think I'm against rather than what I'm for. You most likely would be convinced I am judgmental rather than tolerant, narrow-minded rather than understanding, convinced I have little of interest to say to your world. Wrong! And if you'll stay with me, it is an image I hope to correct.

For one thing, I have a suspicion there is much about which we agree. I believe, as a case in point, that there is something good and admirable in every religion. Even though our respective theologies may be incompatible – in some cases we can't both be right – I nevertheless have given my respect and interest to every religious faith.

I believe that every one of us has been created, to quote the Bible, "in the image of God." There is, indeed, a spark of the divine in each one of us. And, yes, that includes pedophiles, prostitutes, and perverts. The Bible may not sanction every life-style but God's Himself has granted each one of us the freedom of will to choose our path through life.

I believe in life after death. Eternity, in my view, is but an extension of life. If we choose to live without a personal relationship with God through Jesus Christ, we are going into eternity without God – and that is hell – whatever that means. Conversely, however, if we walk with God here on earth we are going to spend eternity in His presence and that is heaven – whatever that means. I don't propose to understand all I would like about life after death, but of this I am convinced: God is as good as His Word! I expect to spend eternity in His presence!

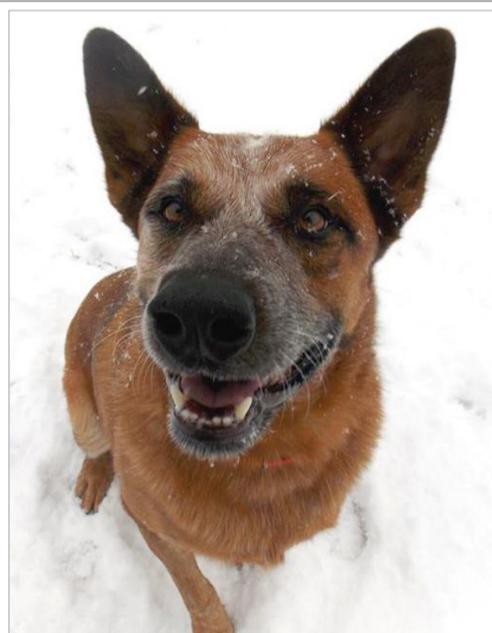

I also believe that each of us is on a spiritual journey and have been given the opportunity to model character, honesty, and integrity before our respective families. We each cast a long shadow and the life we live is going to have a significant impact on those who know us and are influenced by our example. In truth, our family is, to a significant extent, a reflection of who we are. And to our credit or to our shame, the life we live and the principles we live by will be exemplified in the generations to follow.

This column, then, is dedicated to encouraging a serious consideration of those principles that will enable us to be the men and women God created us to be. Many of these principles come to us from the Bible, the book that is not so much about eternity as it is about life. We will explore them together and it promises to be an exciting journey.

You want to talk about it? Hit me up at rlarryscott@gmail.com.

## PET OF THE WEEK

## JAKE

2017 starts off smartly with our first dog of the New Year looking for his permanent forever home, the very handsome, ever so slightly cross-eyed, Australian Cattle dog, Jake.

On the one hand, he is active and a bit of a canine go-getter but on the other, loves to sit in your lap as if he were of much smaller stature and thoroughly enjoys being brushed and groomed. Perhaps that activity appeals to his vanity, knowing that a well-kept, gleaming visage will

undoubtedly help in his quest for a new home.

Originally hailing from the warmth of the gulf state of Mississippi, our Jake has adapted well to the northern climes of New Hampshire, and actually seems to enjoy the crisp outdoors here. So, a home with folks who enjoy a good hike in the woods, and one where he can really be part of the human pack is Jake's New Year's Wish.

## LETTERS TO THE EDITOR

### All VNA's are not the same

To the Editor:

I often find myself answering these questions from friends and neighbors all over the Lakes Region:

"What is a VNA?" What does the VNA do? Aren't all Visiting Nurse Associations part of the same organization?

As the Executive Director of the Lakes Region Visiting Nurse Association, I'm writing today to answer these great questions so that the people in our community will understand the valuable services that the LRVNA provides. When people use the acronym VNA, it most often means Visiting Nurse Association or Visiting Nurse Agency. It is not affiliated with the Veteran's Administration or any government service. There are thousands of Visiting Nurse Association's throughout the country, and there are quite a few right here in the Lakes Region. They can be non-profit, for profit, stand alone or hospital based.

This type of organization provides a variety of nursing, physical, occupational and speech therapies, licensed nursing assistance, and medical social work in the comfort of your home. However, VNA's are not all alike, and they are most definitely not all related or part of the same organization.

For example, my organization is the Lakes Region Visiting Nurse Association (LRVNA). We are a non-profit, local standalone organization that was founded in 1923. The LRVNA was formed from the Moultonborough Visiting Nurse Service and the Meredith Public Health Nursing Association. Over the years, our growth now provides services to Gil-

ford, Laconia, Tuftonborough, Sandwich, Belmont and Tilton, along with our original towns, Meredith, Center Harbor, and Moultonborough. The LRVNA assists patients based on need, not on the ability to pay. We are a local organization that is invested in our community and run by a volunteer local board of directors. Our goal is to be integrated in our community, making decisions based on local community needs. We have our annual meeting in the local community center and spend your money wisely, knowing where every dollar comes from. We don't have any high paid owners or investors. We're right here in the community and are here when you need us, within 24 hours. Our focus is the wellness of our community...not selling services for a profit driven company. There is a big difference!

With the increase of large, for profit agencies making their way into our area, I felt it my duty to help people understand that when it comes to home care, you can make your own decision who you bring into your home. I hope that you will choose Lakes Region Visiting Nurse Association. Our non-profit continuing mission is to provide compassionate care right here in the Lakes Region as we have done since 1923. If you or your family members are ever in need of in-home care, please ask for the care of the Lakes Region Visiting Nurse Association.

Sincerely,  
Cheryl Gonzalo  
Executive Director

Lakes Region Visiting Nurse Association

## Monthly free art drawings held at Lakes Region Art Gallery

TILTON — Over the last few months, Lakes Region Artists have been encouraging a greater appreciation of the arts by offering an opportunity for individuals to register for a monthly free art drawing.

Recently, Justin Wheeler, a self-taught, local photographer from Hill who donated his framed photograph print titled "Grey Rocks-Newfound Lake, NH," presented it to this month's winner, Anne Normandin of New Hampton. Wheeler specializes in unique and expressive landscape photography, including limited edition nature photographs, which create new and captivating visions of the natural beauty of New Hampshire. More examples of his photographs and prints are

on display at the LRAA Gallery as well as on his Web site, [www.natural-lynh.com/home.html](http://www.natural-lynh.com/home.html).

Normandin was quite surprised when she was notified that she had won the drawing for the photographic print and indicated that she didn't recall having signed up for the drawing. Soon, however she realized that her daughter had submitted her name. She was pleased that she had won the photograph and she and daughter, along with two grandchildren came to Lakes Region Art for the presentation from the artist.

Currently on display at the gallery store is this month's free art piece, a work by Marian Feder-spiel of Meredith. Feder-spiel is a digital painter of landscapes and lake scenes in the mountain

North Country Notebook

# Maine, and New Hampshire too, were once the haunt of the caribou

By JOHN HARRIGAN  
COLUMNIST

COURTESY — AROOSTOOK COUNTY HISTORICAL AND ART MUSEUM  
The caption for this 1895 photo reads “Four caribou were taken on a successful hunt in the Aroostook woods.”

Woodland caribou were part of the northern New England scene for centuries after the last Ice Age, when the earliest known people hunted them along edge of the melting glaciers.

The glaciers began melting about 14,000 years ago. Evidence so far points to the first people arriving here about 5,000 years later. This coincides with archeological finds of the earliest known fire

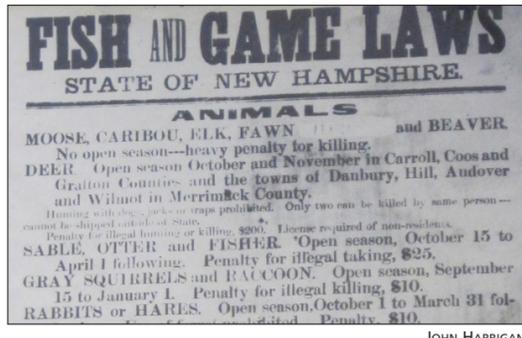

pits, flint points, and bones of hunted species.

Woodland caribou flourished in the region for centuries thereafter, dwindling only in recent times as habitat changed. And they hung on even in the face of European settlement, logging and farming.

New Hampshire's last caribou were seen in Pittsburg around 1905. In Maine they hung on for another ten years, where two attempts to restore them in mod-

ern times failed. And because they are even more susceptible to brainworm than moose, and because of changes in habitat and climate, it is highly unlikely they'll ever be seen here again.

I've had a great interest in caribou ever since longtime Fish and Game wildlife biologist Dave Patrick gave me a copy of Helenette Silver's classic "History of New Hampshire Game and Furbearers" when I was a kid. Here is part of

JOHN HARRIGAN

A section of this old New Hampshire Fish and Game poster, ca. 1900, implies that caribou were still numerous enough to be protected.

what the author had to say about caribou when the book was published, in 1957:

“Because of their rarity, it is doubtful that hunting in New Hampshire had a very serious effect on the species. (Pittsburg) Conservation Officer Fred Scott perhaps quite accurately describes the situation: ‘They were not extirpated, though some were killed. They migrated.’ Frank Huggins (veteran Pittsburg hunt-

er and guide) echoes Scott's opinion: ‘They were not killed off, or at least not completely. They went away.’

That is a haunting echo of similar popular sentiment only a couple of generations earlier, by people who simply could not fathom the disappearance of so many millions of buffalo. Surely there were hidden herds of thousands, somewhere over the next hill.

This book opened my

young eyes to the rich history and legacy of New Hampshire's wildlife. In this way I learned about wolves, cougars, caribou and other creatures past and present, resulting in a lifelong curiosity about what this place was like in post-glacial times.

On trips to the Far North, I've seen the tracks (and worn the fur) of wolverines, and seen circled herds of muskox. In the past, perhaps as little as 10,000 years ago, northern New England probably had both.

During what is often referred to as the Big Cut in the 1880s, when loggers, logging camps and logging railroads pushed fast and far into the old-growth forests of northern New Hampshire and Maine, locals and visiting “sports” alike hunted woodland caribou. In fact, caribou were numerous enough in northern Maine that commercial hunters shipped carcasses to urban markets.

It was the era of the demise of the passenger pigeon and the bison. In all three cases, people thought these species were too numerous ever to end.

In a short time, at around the turn of the century, the nation's first conservation efforts took hold, and quickly grew into the great movement that saved so much of the continent's wild land and wildlife. But for the woodland caribou, which once roamed in all of the states along the Canadian border, it came too late.

Today, only a small population of 50 or so hangs on in northeastern Washington and northern Idaho, eking out its existence mostly, a wildlife biologist recently noted, in British Columbia.

## LRPA presents Hitchcock's classic “Sabotage” as this weekend's After Dark feature

LACONIA—Join Lakes Region Public Access Television at 10:30 p.m. this Friday and Saturday night (Jan. 20 & 21) for our “LRPA After Dark” presentation of Alfred Hitchcock's 1946 espionage thriller “Sabotage,” starring Sylvia Sidney, Oscar Homolka and John Loder.

All of London goes dark, and people at a cinema are angry, demanding their money back. Just as the blackout occurs, the cinema's owner, Karl Verloc (Homolka), secretly comes home to his upstairs residence through the back entrance, pretending that has been asleep. When his much younger wife (Sidney) comes to get him, Verloc tells her to refund the customers' money, much to Mrs. Verloc's surprise, as they are short of cash. Verloc reassures her, stating that her that he

will be “coming into money soon.” Shortly thereafter, the electricity is restored, and it is revealed that the blackout was an act of sabotage on the city's power grid. Verloc is a member of a secret European terrorist group and took part in the thwarted blackout. As such, he gets a new, more serious and dangerous assignment – to place explosives at the Piccadilly Circus train station, a job that he makes him uncomfortable. Unbeknownst to Verloc, he has aroused the suspicions of Scotland Yard. Detective Ted Spencer (Loder) has been assigned to investigate Verloc. Spencer goes undercover as a greengrocer and befriends Mrs. Verloc's younger brother Stevie, using his friendship with the boy to get closer to the family, as Scotland Yard is unsure as to

whether or not Mrs. Verloc is part of the terrorist plot. Spencer grows fonder of both Stevie and his sister as Verloc becomes more suspicious. The detective begins to create doubt in Mrs. Verloc's mind: what is her husband really doing when he leaves the house? She starts to pay closer attention to her husband and question his actions. Verloc realizes that he's being watched so his contacts come up with a devious plan to get the bomb to Piccadilly Circus, which includes getting Stevie to unknowingly deliver the package. Will Spencer be able to intervene in time? And what will happen to those who engage in sabotage?

The subject matter of “Sabotage” – organized terrorist activities – may have felt outrageous to pre-WWII audiences,

but will seem very up-to-date to today's viewer. The film includes one of Hitchcock's most infamous scenes, one that shocked audiences in 1936 and is still quite powerful more than 70 years later. “Sabotage” features outstanding performances from both Oscar Homolka and Sylvia Sidney, as well as first-rate production values and cinematography. Four years completing this film, Hitchcock moved to Hollywood and directed “Rebecca” for David O. Selznick, beginning his long and illustrious U.S. career. If you've never seen “Sabotage,” then grab your popcorn and meet us after dark for this thrilling movie from the past.

as style! Organized in Concord last year, the 18-member band has its roots in Texas with music collected over seven decades by the late Houston bandleader Johnny Dyson. The

Dyson band's early repertoire included classics from Glenn Miller, Count Basie, Perez Prado, Duke Ellington, Harry James, and other greats. But Dyson also worked closely with

THE TALL GRANITE BIG BAND

Texas arrangers including Don Elam and Fred Baetge, and over time his bands acquired unique material reflecting the vital "Third Coast" culture and its Blues and Latin influences,

which help distinguish Tall Granite today. Today, our members are drawn from around the Granite State and our focus - as it was in Dyson's day - remains on dancing! Our Pitman's

Dance Nights typically are prefaced with a complimentary Swing dance lesson from area instructors to help everyone acquire or brush up their moves! So if you're done with dueling banjos or screaming guitars, grab your two-tone shoes, slick back that hair, join us at the excellent Pitman's Freight Room and swing and sway or just relax to the Tall Granite Big Band's smokey horns and unique sound!

## Investment Tips for "Millennials"

If you are a "millennial" - a member of the age cohort born anywhere from the early 1980s to the late 1990s - then you're still in the early chapters of your career, so it may be a stretch for you to envision the end of it. But since you do have so many years until you retire, you've got the luxury of putting time on your side as you save and plan for retirement.

Here are some suggestions for making the best use of that time:

- Invest early - and often. Even if you are at the very beginning of your career, make investing a priority. At first, you might only be able to contribute a small amount each month, but something is far better than nothing - and after a year or so, you might be surprised at how much you've actually put away.
- Take advantage of your employer's retirement plan. If your employer offers a 401(k) or similar plan, contribute as much as you can afford. At the least, put in enough to earn your employer's match, if one is offered. Your contributions can lower your taxable income, and your earnings can grow on

a tax-deferred basis.

- Invest more as your earnings increase. As your career advances, and your earnings rise, you'll want to increase your contributions to your 401(k) or similar plan. And if you ever "max out" on your annual 401(k) contributions (the limits change over time), you can probably still contribute to another tax-advantaged retirement plan, such as a traditional or Roth IRA.

Thus far, we've only discussed, in general terms, how much and how often you should invest. But it's obviously just as important to think about the type of investments you own. And at this stage of your life, you need an investment mix that provides you with ample opportunities for growth. Historically, stocks and stock-based vehicles provide greater growth potential than other investments, such as government securities, corporate bonds and certificates of deposit (CDs). Of course, stocks will rise and fall in price, sometimes dramatically. But with decades ahead of you, you do have time to overcome short-term losses. And you

may be able to reduce the effects of market volatility by spreading your dollars among many different stock-based investments, along with a reasonable percentage of bonds and other, more conservative securities.

Here's something else to consider: Many millennials want more from their investments than just good performance - they also want their money to make a difference in the world. This interest in "impact" investing (also known as "socially responsible" investing) has led some of your peers to screen out companies or industries they believe have a negative impact on society in favor of other businesses that are viewed as contributing to a more sustainable world. If this viewpoint resonates with you, then you may want to explore these types of investment opportunities with a financial professional.

But most importantly, keep on investing throughout your life. As a millennial, you've got plenty of the one asset that can never be replaced: time. Use it wisely.

They worked closely with fellow Leadership Lakes alumni Kirk Beitler, Steve Tucker and David Warrrender.

## Franklin VNA nurse earns hospice certification

FRANKLIN – Franklin VNA & Hospice is pleased to announce that Elaine Cartier, RN, has passed the Hospice & Palliative Credentialing Examination and is now certified as a Hospice and Palliative Care Nurse (CHPN).

Cartier has been a staff nurse at Franklin VNA since February of this year. She has had a special interest in Hospice from the start of her employment.

"I believe that Hospice is an essential component of end-of-life care. Hospice can help people remain in control and allows them to choose in which environment they would like to spend their

final days," Cartier said.

Franklin VNA's Hospice program was Medicare certified in April of 2005, and since then has made more than 16,000 visits to Hospice patients and their families in Franklin, Tilton, Northfield and surrounding towns. Hospice is a specialized program that provides end-of-life care to patients and families who receive individualized support from an interdisciplinary team. This support includes pain management, spiritual care, volunteer support, respite care, education and bereavement/grief support groups.

Cartier says, "My main responsibility as a

Hospice nurse is to help people live as comfortably and independently as possible and with the least amount of pain, in their final days. One of the largest parts of being a Hospice nurse involves helping patients, and their families, during advanced illness and providing them with the emotional support they need. Hospice care focuses on comfort and quality of life with the goal to help patients live each day as fully as possible. The Hospice and Palliative Care Nursing Certification is an important part of providing those services through Franklin VNA & Hospice."

Barbara Normandin, Franklin VNA's Executive Director, is pleased to have another Hospice certified nurse on staff.

"Elaine is the second one of our nursing staff to be certified and we congratulate her on this achievement," Normandin said. "We know she

will put this knowledge to great use for the agency and our community."

Franklin VNA & Hospice is an independent, non-profit organization established in 1945 to serve the Home Health care needs of the community. The list of services offered includes: skilled nursing, physical/occupational/speech therapies, home health aides, homemakers, Hospice care by an interdisciplinary team, Medical Social Worker, foot care clinics, immunization clinics, community education and health screening and disease care management. ## Pat Kelly hosts elder care discussion with Meg Miller

FRANKLIN — Pat Kelly of WEMJ invited Meg Miller, Executive Director of Peabody Home in Franklin, to his weekly Open Mic on Dec. 30 to discuss how elder transition does not have to be overwhelming with early discussions, planning and family support. Miller, spoke about the fears and apprehensions most seniors have about the future of their care and place of residence.

As a nurse and senior care provider for more than 30 years, Miller encouraged listeners to talk amongst their family in casual conversation about their aging needs. Her experience has indicated that people of age are already thinking and worrying about their future care. These early conversations can

allow opportunity for all those involved to become empowered with information. The conversation with Kelly and Miller closed with the message to take the steps to acquire information through trusted resources before a time of crisis. Local entities, such as ServiceLink here in Laconia and Leading Age Maine & New Hampshire are excellent resources to ask questions.

Aging does not mean you are sick; it can be an exciting time with new experiences, new friends, and new beginnings. Miller encourages people to call her directly if they are uncertain on how to begin. Tune in Jan. 20 at 9 a.m. for more of the conversation discussing the benefits of Long Term Health Insur-

ance, Private Pay versus Medicaid options. For more information, visit [peabodyhome.org](http://peabodyhome.org) or call Miller at 934-3718.

Peabody is a not-for-profit, private pay organization. The caring staff provides guidance in the financial planning of continuum of care; where no resident pays an entrance fee. A unique senior living community nestled in the heart of a cozy New Hampshire town, Peabody Home offers personalized living space, rewarding activities and experiences to every resident. Steve's warm tenor. Vibrant lyrics and compelling melodies nestle in inviting arrangements with a laid-back feel of guitars, bass, and harmonies; telling us stories rich in detail. Steve is an award-winning guitar player who can play just about anything with strings; from his first gig at age thirteen, to his ten-year association with Holly, he's played all kinds of music including rock, country, jazz, funk, blues, and, of course, folk.

Neptune's Car shared the stage with Bill Staines, Anne Hills, Archie Fisher, and many others. Their songs have charted on the Folk-DJ list – in 2015, "The 45th Parallel" was number twenty on the CD chart; quite impressive when you realize DJs receive hundreds of CDs a year. Public radio's popular "CarTalk" has featured their songs three times.

If you're looking for tight harmonies, tasty guitar, and solid songs, look no further than Neptune's Car. For more information and a sampling of their music go to [www.neptunescar.com](http://www.neptunescar.com)

## NIGHT OUT

CONTINUED FROM PAGE A1

their parents had a great time, too.

"This is our first time here, and I never knew they had all of this. It's great," said one mom.

Winnisquam Regional Middle School Principal Rob Seaward said brainstorming for such an event began in the fall when district administrators and teachers tried to think of something exciting that families could enjoy together over the winter. After learning more about Tilton Sports Center, they found it was the perfect spot for a night out in mid-January.

"We were really looking to give kids something to do. There's not a heck of a lot going on in

the winter to help beat the cabin fever that sets in," said Seaward.

It wasn't long before plans for their first Community Night got underway. Besides the opportunity to offer a few hours of fun-filled activities, Seaward said it became a two-fold event that allowed the school district the chance to develop and promote community partnerships with the athletic center and other local children and family organizations.

Several groups were on hand last week to provide information to families and students of all ages, such as 4-H clubs, Highland Mountain Bike Park and the newly

opened Outdoor New England sporting business in Franklin.

Greater Tilton-Northfield Family Resource Center, the Youth Assistance Program and the Tilton and Northfield Police, Police Explorers Organization and fire departments became involved as well.

"This is a lot of fun. I just finished shooting some hoops with a few of the kids," said one officer in attendance.

While some enjoyed the basketball room, many others raced along the large indoor soccer/lacrosse field in a totally unorganized but highly enthusiastic pick-up game of soccer. Upstairs, The Loft fitness center

was equally busy as families tried out all the fitness challenges, like the ropes and wall climbs, aerial hoops and their famed obstacle course.

In addition to all the fun, food was in abundance as well with coffee for the adults from Aroma Joe's along with pizza and other treats for the kids provided by the WRMS PTO.

Fred Caruso of Mix 94.1 FM stopped by to broadcast live music. While there, he also gave away a set of tickets to the upcoming Disney on Ice performance of "Passport to Adventure" at the SNHU Arena.

The middle school's PTO also held a 50/50 raffle, which sent one

person home with nearly \$90 as the other half of the proceeds then benefited after school programs.

One mom, Amy Burke of Northfield, was impressed by how many families came out to enjoy the event and said she thought the night was a great opportunity for local youth to burn off some stored up winter energy.

"I loved seeing my daughter watch the older kids attempt obstacles and then challenge herself to do the same. The atmosphere is very positive here and we will definitely come back," said Burke.

Tilton Sports Center owner Bob Callahan was

all smiles as he watched families have a great time making their way from one activity to another.

"This has been a terrific way to not only let people know we're here but to actually show families all that goes on at Tilton Sports Center. The kids have been having a blast so it's been a real win-win night for everyone," he said.

Tilton Sports Center is located at 100 Autumn Drive in Tilton. For more information on their sporting events, fitness classes, birthday parties and even meeting space facilities, visit them online at [www.tiltonsportscenter.com](http://www.tiltonsportscenter.com) or call 528-7600.

as the town elections. Forms for candidacy are available through the District Clerk Stacey Kruger at Belmont Middle School or from the district's office next door at 58 School Street in Belmont. The school district's First Deliberative Session will then take place at 6 p.m. on Wednesday, Feb. 8, when their warrant will be reviewed. The session will be open for discussion and any amendments to the warrant will be approved by voters present that evening. Final elections for the district will also take place at the polls on March 14.

In the Town of North-

field, there are just three vacancies for candidates this time around; one opening is for a Selectman's seat, one for Town Clerk/Tax Collector and one for a position as a Trustee of the Trust Funds. Each opening is for a three-year term. Elections for those positions will take place on Tuesday, March 14, followed by the annual Town Meeting, which will be held at 9 a.m. on Saturday, March 18, in the Pines Community Center.

Last fall the Town of Sanbornton had a selectman step down from his position due to new job requirements. As a result Katy North was

selected by the board to fill the remainder of that term, which is now up for election as a full three-year position beginning in March. Besides that seat on the board, there are also two three-year openings for a seat on the Budget Committee, as well as one other two-year position on the same committee. The Town Clerk/Tax Collector position is once again up for a three-year term along with the Town Moderator. Trustees of the Trust Fund also have a three-year seat up for election and there are two three-year seats available for the town's Library Trustees.

Following the March

14 elections, Sanbornton's Town Meeting will take place the following evening at Sanbornton Central School where voters will address other matters presented on their 2017 Town Warrant.

In Tilton, there are also several openings this year. Their Town Clerk/Tax Collector position is up for election along with two three-year terms on the Board of Selectmen. The Budget Committee has three three-year openings as well as a one one-year seat available this election cycle. There are also three-year terms, one each, open for Trustee of the Trust Funds and

the Sewer Commission. A two-year position as Library Trustee is the final opening on their list for 2017.

Like all other communities, the filing period for these candidacies is Jan. 25 - Feb. 3 at the Tilton Town Hall. Elections will also be held on March 14 and the annual Town Meeting will take place on Saturday, March 18, in the Winnisquam Regional High School's cafeterium.

Winnisquam Regional School District, comprised of the communities of Northfield, Sanbornton and Tilton, also has one opening in each of those towns for participation on both

their school board and budget committee. Filing for those six seats may be done at the district offices, located through the rear entrance to Winnisquam Regional High School at 435 West Main Street in Tilton.

A public budget hearing for the school district will be held on Feb. 22 at 7 p.m. in the middle school cafeteria and the annual district meeting will take place on March 25. At that time voters of the three communities will be asked to publicly discuss, consider and vote on all matters presented to them on the 2017-18 school district warrant.

forget his name at least," he joked.

But, he also liked learning that Vezina not only performed with the sensational music group but he was also their video editor.

"I play drums, too, but I think I really want to be something like a video editor one day so that's why I picked him," the fourth grader said.

Learning that the group was performing at the Flying Monkey in Plymouth last week, Ryan's dad didn't stop at buying tickets for the performance. On a whim he also reached out to Vezina through social media and was amazed to hear back from him. His son Ryan was then

able to ask questions about his life and profession and get a close up look at the life of a famous person from New Hampshire.

"He (Vezina) said he doesn't generally respond to messages like that but he was so flattered that he was going to be the subject of a school project that he couldn't resist," Ryan's dad said.

After the concert, Ryan also received an autographed poster and drumsticks from all the members of the group.

Olympic skier Penny Pitou was another local who was spotlighted in the project along with an interview with Irish Dance instructor Tara Little who choreo-

graphed "River Dance" before moving to Gilford.

At each presentation site, located all around the school gymnasium, and an orange sticker served as a Start Button that, once touched by visitors, set them all into action with their biographical presentations.

Athletes were a popular topic in the presentations, including famous names such as Concord's own professional basketball star Matt Bonner, baseball standouts Carleton Fiske and Bob Tewksbury, and Olympians Jenny Thompson and Sarah True.

"Sarah True is from Hanover, and she was in the 2012 Olympics. I chose her when I found out she was a runner because I really like to run, too," said Brianna.

Astronauts hold their place in New Hampshire's history as well, leading other students to select Christa McAuliffe and pioneer Alan Shepard as their subjects for the project.

Logan spoke about Shepard's trip on the first manned Mercury flight into space in 1961 and his Apollo 14 flight to the moon in 1971. As

part of his presentation he also created a large foil covered replica of Apollo 14, including a helmet and space suit to complete the setting.

"I chose Alan Shepard because he was from Derry and I thought it would be cool to build a space ship," Logan said.

Stars outside of NASA were also featured, such as famed comedian/actor Adam Sandler of Manchester and Dancing with the Stars host Tom Bergeron who began his broadcast career with radio shows in the seacoast area. Bergeron also had a stint as host

of the local television program, Granite State Challenge.

Authors Tomie DePaolo and Elizabeth Orton Jones, musician Tasha Tudor, Pres. Franklin Pierce and even Niels Nielson, the former preservationist

of the Old Man in the Mountain, were also highlighted.

"There was a lot to chose from and the students did a great job in discovering people from New Hampshire who are a part of our state's history," said Blake.

here, and I just thought it was a great way to reach out and help others," Bodwell said.

Each fall they have now begun collecting, purchasing or accepting donations of the winter accessories and this year they added hats to their winter warmth initiative. In January they then bring them to Tilton, where they can reach out to the greatest amount of people.

Tobin brought friends and family members to hang up the initial batch of scarves on Sunday morning and by noon residents noted that more than half were already "re-homed."

On Monday, Bodwell returned with another

small supply of scarves and an additional 50 hats that were displayed on a rack with the same tags asking people to help themselves to any hat they liked.

"We had a local organization donate some hats along with a woman who makes hats for a hobby and they were all really nice. Some even had pompoms and other decorations that added a special touch," said Bodwell.

A few members of the grange had the opportunity to observe people taking advantage of their free offerings and that, they said, made it all worthwhile.

"It looked so nice to see everyone so happy," Bodwell said.

# Bears finish seventh at Winnisquam Winter Classic

BY JEFF LAJOIE

TILTON – It was another successful day on the mats for the Winnisquam Regional High School wrestling team. The Bears hosted the Winnisquam Winter Classic on Saturday, welcoming some top teams from throughout New Hampshire for the event that has grown in stature considerably from a year ago.

Plymouth was the runaway winner on Saturday, compiling 314.5 points to capture the team title. Concord High School's JV team was

second with 178.5 points, followed by Keene (160), Goffstown (140.5) and White Mountains (124). Winnisquam was seventh as a team out of 15 squads, scoring 98 points in total.

Caleb Mulleavey was the top finisher for Winnisquam, as he nabbed a runner-up finish at 126 pounds. Mulleavey won his quarterfinal match against White Mountains' Dakota Wiers via pinfall (42 seconds), and added a wild 17-15 decision victory in the semifinals against Concord's Gagan Darjee. That set up a finals match against

Plymouth's Hunter Lesard, but Mulleavey was forced to forfeit and Lesard took the 126 title.

Hunter Finemore had a busy day at 106 pounds, where he opened with a major decision loss in the quarterfinals, only to win three straight matches in the consolation round to ultimately end up fourth overall. Finemore beat Plymouth's Jason Macalister, Winnisquam teammate Michael Mitchell, and Concord's Sebastian Pardo, to earn a spot in

the third place match. There, he was defeated by Souhegan's James Raiser for the second time on the day, also by major decision.

Also finishing fourth in his division was Mason Lacasse at 170 pounds. Lacasse opened with a quarterfinal win over Kearsarge's Morganne Flinkstrom via pinfall before falling in the semifinals. He rebounded with a pinfall victory over Pinkerton's Gannon Fast that propelled him to fourth in

the division.

In the 285-pound class, Winnisquam's Tyler Moran nabbed sixth place thanks to a pair of consolation round wins over two wrestlers from White Mountains (both pinfall victories). Kobe Briand won three matches at 145 pounds to finish sixth in his division, while teammate Damian Donahou went 3-2 overall at 182 pounds to also take home sixth place.

Michael Mitchell (1-2 record, 106 pounds),

Gabby Isabelle (1-2, 138 pounds), Andrew McKinnon (1-2, 152 pounds), and Tyler Langill (2-2, 160 pounds) all picked up wins during the Winter Classic.

The busy day of competition, which featured three mats running simultaneously (two on the gymnasium floor, one on the stage), served as a good dry run for the NHIAA Division III state championship, which will also be held at Winnisquam on Feb. 18 (9 a.m.).

# Alpine Raiders continue hot start at Bretton Woods

BY JEFF LAJOIE

jlajoie@salmonpress.com

CARROLL – Mild temperatures were the name of the game last week, when the Gilford High School and Belmont High School alpine ski teams took their talents up north to Bretton Woods Mountain Resort on Jan. 12.

The Belmont boys'

team swept the slalom and giant slalom races on the team side, using a deep and balanced scoring load to stand atop the field. In the GS, the Red Raiders dominated with 383 points, 10 points clear of runner-up Gilford. Sophomore Nolan Gagnon led the way with a runner-up finish, as his two-

run combined time was 1:07.76. Gagnon was one of five Belmont skiers to earn top 10 showings, as Nick Galambos was fifth overall (1:11.55), Lars Major was sixth (1:12.00), Jake Deware finished eighth (1:12.37) and Adam Sojka nabbed 10th place (1:13.07).

In the slalom, Gagnon was again the first Raider down the slopes in third place overall with a time of 1:00.44. Deware (1:02.75) and Sojka (1:05.24) were fifth and sixth respectively, with Kaleb Brown rounding out the scorers in 11th place (1:11.16).

Galambos was right behind in 12th position (1:12.7), with Major taking 23rd overall (1:24.00).

Freshman Katie Gagnon continued the out-

standing start to her rookie season at Bretton Woods. Gagnon won the slalom, leading the Raiders to a team win in the event with 386 points.

Gagnon's time of 1:04.91 led the way as the top finisher, while teammates Abby Camire (fourth, 1:17.27), Rebecca Camire (sixth, 1:18.89) and Keagan Berry (seventh, 1:21.68) made it all four Belmont scorers in the top 10. Julie Valengavich rounded out the competitors for the Raiders with a 17th place performance (1:32.22).

In the GS, Gagnon was just off the pace set by Gilford's Jenny Hancock in settling for a runner-up finish with a

# Bears outmatched by unbeaten Monadnock

BY JEFF LAJOIE

jlajoie@salmonpress.com

TILTON – With one of the top teams in Division III in town, the task was especially daunting for the Winnisquam Regional High School girls' basketball team on Friday night. The Bears played a better second half, but a poor second quarter that saw them outscored by a 22-2 margin spelled doom en route to a 50-15 loss to visiting Monadnock.

"The second quarter completely killed us," said Winnisquam head coach Bob McNutt, whose team fell to 1-8 on the season. "They're a tough team and we were certainly up against it. Definitely a top four team in our division."

Winnisquam trailed 14-3 after one quarter against a Monadnock team that stood alone atop Division III with a perfect 10-0 record after the win. The Huskies were everywhere defensively, forcing turnovers and turning them into easy baskets on the other end. Winnisquam's first quarter points came thanks to a Laura Harmon free throw and a Molly Tinker layup.

The second quarter put things out of reach for the rest of the contest. Monadnock, buoyed by Julia Tindell, the team's lone double figure scorer on the night, outscored the Bears by a 22-2 margin, with the lone bucket coming on a Shannon Goodwin jumper with 3:55 left before intermission. The Huskies took a commanding 36-5 lead at the break.

McNutt challenged his team to try and win the second half, and Winnisquam nearly did just that. Tinker had a pair of free throws, Meghan Cote drilled a three-pointer and added a free throw, Sam Goodridge notched a putback off an offensive rebound, and Harmon sank a jumper as the Bears were outscored by just a 14-10 margin after the break en route to the 50-15 final.

"Our last three games, we're playing quarters where we look really good and we're playing quarters where we look completely lost," offered McNutt. "It's a matter going forward of can we put four quarters together? We're not quitting, we're still invested as a team."

The early season schedule makers were not kind to Winnisquam, as the Bears played games against the likes of Monadnock, Newfound, Berlin, and Pros-

pect Mountain (three of which were undefeated heading into this week). The lone win came against Somersworth, though there is hope moving forward that Winnisquam can right the ship.

"We have a stretch coming up where I think we can turn the corner and make a run at getting into the (post-season)," McNutt said. "We're 1-8 but I still feel like we can do some really good things."

Winnisquam's schedule featured games against Sanborn and Stevens this week before seeing Mascoma Valley and Franklin next week.

"We're playing very well in spurts," said McNutt. "Offensively we've struggled but defensively we've played very well at times. As a team, our record and the scorers for the most part haven't been indicative of what I've seen from us."

## Wolfpack hang tough early, fall to Moultonborough/Inter-Lakes

BY JEFF LAJOIE

jlajoie@salmonpress.com

LACONIA – For over a full period, the Laconia/Winnisquam hockey team gave rink-mate Moultonborough/Inter-Lakes everything it could handle on Jan. 11. The Wolfpack moved the puck, put some shots on MAIL goalkeeper Nick Spicuzza and limited chances at their own end. But once the Renegades broke through, there was no stopping them.

Freshman Blake Dunlap scored his first two career goals, getting MAIL on the right track and off and running en route to a 6-1 victory over L/W in an NHIAA Division III contest held at Merrill Fay Arena.

The teams traded zeroes in the opening period, with L/W earning a 5 on 3 power play with 1:03 left in the first. The Wolfpack had numerous scoring chances, but the Renegades were able to kill the two-man advantage.

Just 1:40 into the second period, MAIL got the game's first tally. Blake Dunlap took a feed from Drew Dunlap in the slot and buried a

shot to the upper corner that gave the Renegades a 1-0 advantage. It was the first career goal for the freshman forward.

Less than five minutes later, Blake Dunlap tallied his second of the night. Drew Dunlap's initial shot rang off the post, but the rebound fell to Blake Dunlap where he deposited a shot past L/W keeper Derek Derynioski to make it 2-0.

That set the wheels in motion for the Renegades, as Mike Dalzell made it 3-0 with a goal off a bad angle some 1:12 later, and Brett Burns increased the advantage to 4-0 with 5:01 left in the second on a nicely-placed shot with a feed from Garrett McCarthy.

Dalzell and McCarthy added third period goals for MAIL, while Spicuzza recorded 24 saves in the victory between the pipes.

Laconia/Winnisquam got on the board

with a Nick Luther goal in the third period to break up the shut-out. Josh Shevlin and Noah Smith earned helpers on the play. Derynioski notched 35 saves in a busy night in net, though the Wolfpack (0-4) played one of their better games of the season in defeat.

The two teams will meet one more time this season, when they tangle on Feb. 18 back at Fay Arena.

## Hoop Raiders sweep St. Thomas

BY JEFF LAJOIE

jlajoie@salmonpress.com

DOVER – On the road facing a tricky test, the Belmont High School boys' basketball team did just enough to keep rolling on Friday night.

The visiting Red Raiders survived a wild final minute, as host St. Thomas Aquinas charged back with nine minutes in the final 60 seconds of play. But in the end, Belmont held tough, securing a 51-50 victory to improve to 6-1 overall on the season entering this week.

Matt Pluskis led Belmont with 20 points, while Doug Price added 11 points and eight rebounds in the win. Trevor Hunt notched a double-double with 10 points and 14 boards.

The girls' team made it a clean sweep over St. Thomas on Friday, as the Raiders got back to the .500 mark with a 40-31 win at home that evened their record at 4-4.

Belmont led 16-7 after one quarter and 22-16 at halftime. The lead grew to 32-23 after three and

the final margin stayed at nine points.

Julianna Estremera led Belmont with 20 points, including three three-pointers, while Sarah Chase tossed in nine points and seven rebounds in another steady outing from the senior.

"Overall a very good defensive game," offered BHS coach Mark Dwaliga. "Taylor (Yelle), Mariah (Watson), Nicole (Antonucci) and Makenzie (Donovan) all played great defense. Overall it was a good team win."

# Muthersbaugh scores twice as B-G settles for 3-3 tie

BY JEFF LAJOIE

jlajoie@salmonpress.com

ROCHESTER – On the road against a top-tier opponent, the deck was stacked against the Belmont-Gilford hockey team on Jan. 11. But the late night trip to Rochester Ice Arena yielded some form of positive result, as the Bulldogs managed to grab a 3-3 tie against host Somersworth/Coe-Brown in a key NHIAA Division III contest.

The tie stopped a four-game winning streak for the Bulldogs, which saw its record stand at 4-1-1 with a full week off between

this week's matchup against top-ranked Kennett (Jan. 18).

Sophomore Alex Muthersbaugh scored a first period goal that tied the game 1-1, and Muthersbaugh notched his second of the night in the second period that put the Bulldogs up 2-1.

That lead carried into the third period, when Somersworth/Coe-Brown (4-1-1) tied the game during a four-on-four situation. But B-G again had an answer, as this time Miles Defosses regained the lead for his team on a goal with assists from

Ethan Becker and James Buckley to make it 3-2.

But the Bearcats would force overtime thanks to an equalizer in regulation, as Joel Boulanger scored his second of the night to make it 3-3.

The teams traded chances on the extra session, with B-G goalkeeper Bailey Defosie making some big saves to preserve the point for the visitors. The senior keeper finished with 28 saves in the outing, with B-G holding a 35-31 edge in shots on the night.

JEFF LAJOIE

Senior defenseman James Buckley had two assists in the visiting Bulldogs' 3-3 tie against Somersworth/Coe-Brown on Jan. 11 at Rochester Ice Arena.

## John Stow takes over as Lakes Region United President

REGION — The inauguration in Washington D.C. isn't the only presidential transition taking place this year. After several years as president of the non-profit Lakes Region United Soccer Club (LRU), Christian Zimmermann is stepping down. His two children, Zane and Zoe, have moved on from LRU, and as Zimmermann puts it, "It's now time to pass the club on to the next generation of parents."

One of the leaders of that next generation is Gilford resident John Stow, who took over as president of LRU in December. Having lived the first 13 years of his life in Essex, England, Stow certainly knows his way around the soccer pitch. He grew up an ardent supporter of Arsenal, while his older brother pulled for rival Liverpool (both are top clubs in the English Premier League).

Stow attended high school in Londonderry, where he excelled in track and cross country. He eventually settled in Gilford with his wife Michelle, who teaches kindergarten at Gilford Elementary School.

Stow's children, Henry (10) and Catherine (13), have played soccer with LRU for the past six years and Stow has helped coach their

teams. He joined LRU's board of directors in early 2016. Last spring, club treasurer Chris McDonough persuaded Stow to apply his skills as a software engineer to help the club, and Stow developed a web-based, automated registration system for LRU players.

As president, Stow hopes to do whatever he can to continue to take administrative burdens off of LRU coaches, allowing them to focus en-

tirely on their athletes. Part of that plan will be encouraging parents to get more involved with their teams and with club management. As Stow puts it, "Our biggest asset is our coaches, they donate enormous amounts of time to LRU. We want them to focus on what they're good at – developing skills and inspiring young players."

Zimmerman was enthusiastic about the transition, saying,

"John is an excellent fit for this position, and I'm excited to see where he'll take the club in the future."

LRU is in its ninth season with more than 120 players from a variety of local towns, including Laconia, Gilford, Belmont, Gilman, Meredith, Alton, Moultonborough, Sanborton, Canterbury, and New Hampton. Parents and athletes can learn more about LRU at lrusoccer.com.
