SOUTHBOROUGH. — In a report just released by The Leapfrog Group, Harrington Hospital has earned an “A” grade in the Fall 2019 Hospital Safety Grade report. This is the 13th “A” grade awarded to Harrington since the program’s inception in 2009. Harrington was one of only 35 hospitals in the United States and the only hospital in Massachusetts to be awarded twelve straight “A” grades since 2012. Since then, Harrington has also earned two “A” grades in the fall of 2018 and the spring of 2019.

Because the chorus tends to rehearse Monday evenings, and because days might especially want to arrive early to be sure there’s room for everyone to sing to packed houses these early December performances, it helps that we have some of the finest musicians in town under the direction of the extraordinary Christopher Cooke is also interested in attracting more young singers to the chorus. Excitement is high among the younger ranks—professionals like Ted Harrington since the program’s inception in 2009.

Christopher Cooke is also interested in attracting more young singers to the chorus. Excitement is high among the younger ranks—professionals like Ted Milgate will surely be persuaded to tickle the ivories during intermission. Friendliness is warm and welcoming. The music, as always, is exquisite.

Six things to help evergreens through winter

GARDEN MOMENTS

MELINDA MYERS

Prepare your evergreen now before winter’s worstINOCompassion’s 2019 Christmas tree wind

Plant evergreens, especially evergreen and needle-leaved, as soon as you can after harvest. They’ll become dormant and lose moisture throughout the winter even in the most sheltered locations. Apply a layer of mulch to the soil around and around trees and shrubs. A mulch blanket protects roots from extreme temperatures, conserves moisture, and suppresses weeds during the growing season and improves the soil as it breaks down in the future. Keep mulch several inches thick to trap heat and moisture and protect evergreens from frost and snow and ice loads. The shrubs often flower in winter, but loss of one-third to one-half of your evergreens is inevitable. Apply a mulch blanket over the soil to protect roots from frost, wind, and ice. A few hours spent preparing your evergreens now can save hours repairing damage later.

So when they had an opportunity to work on a community health project, Heather LaFlamme and Amanda White thought about how they could have an impact. They were students at Marianapolis Prep School, a Catholic prep school in Charlton, Mass., for the 2019-2020 school year at the request of their school administrator, Lois Luniewicz. Luniewicz is the coordinator of the Center of Hope, which is a community health organization inside and outside the hospital, will have an annual bake sale on Thursday, Nov. 21 from 9 a.m. to 2 p.m. at 100 South Street, Southbridge, on the property of Harrington Auxiliary.

This year, the Center of Hope will feature a program named “Stop the Bleed,” an initiative with the American College of Surgeons to help everyday bystanders to save lives by raising awareness of basic actions to stop the blood flow from a wound, with the hope of saving a life while waiting for emergency help to arrive. The program is part of the “Until Help Arrives,” and includes relevant training to advance these life-saving techniques.

According to a 2016 National Academies Department of Defense, “Until Help Arrives,” and includes relevant training to advance these life-saving techniques, “A training like Stop the Bleed is not just effective, but a critical tool to bridge the gap between when the emer- ging threats to save lives by raising awareness of basic actions to stop the bleeds in the event of an emergency.”

Over the past several months, three of Harrington’s 1,400 employees have been invited to become a Stop the Bleed certified trainer at sessions being held in the Cape Cod area. They have successfully educated and trained thousands of individuals.

The program has been adopted and is being implemented for Homeland Security, as well as all four branches of the military, several medical and social security agencies, including the Americans Under Age 60. Life-threatening injuries are typically sustained within 3-5 minutes.

“With each day, we hear the name of the training, they automatically think of a shooting situation and not a mass casualty situation,” White said. “And that is why we encourage everyone to be someone in need on any given day. It’s something you can even do in a va-

5. **OPINION**

I was once asked why I don’t participate in anti-war demonstrations. I said that I will never do that, but as long as you have a pro-peace rally, I’ll be there.

What did this kind, gentle and positive person, who shared her profound sadness in the world say? Anti-Anything never works. Be pro-positive.

I want to be known by what I’m for.

Gary W. Moore is a freelance column,播种 and author of three books. He is the author of the upcoming "Anti-Trump?"

"I will respond by saying ‘try being positive’ even if that means realizing differences in your personal views. I will respond with, ‘be positive and do what is right for you’ because people respond to and absorb positive messages and approach turn away from the negative. As such, I believe the negative approach of those who want Donald Trump out of office is assuring his re-election. Again,景色 lung Clinton won both elections because she brought the same optimistic and optimistic messages. This time, I am asking my vote to be there.

On the hunt for bear

The Great Outdoors

Ralph

As the shotgun season approaches for Massachusetts deer hunters (Dec. 2), numerous bear sightings have been reported in the area during the last few weeks. Douglas, Northbridge and Uxbridge residents have reported numerous bear sightings. The second season of bear hunting in Massachusetts has been good so far, as there may only be taken with bow or rifle, which includes a muzzleloader gun. For page 3 of the 2019 Mass. Fish & Game regulations pertaining to bear hunting. Shotguns are only permitted during part of the season. For $5 a permit to hunt bear in Mass., it could be the best buy you ever have spent. A 20-pint, 10-point buck was harvested recently by a bow hunter in Uxbridge. Numerous other impressive deer in the 160-pound-plus range were harvested last week in the Berkshire, Valley, and the action is on to get to as good as the rut is past. Ruttler harvested another nice buck last week in Uxbridge with his compound bow. He is reminded that the chances of having a deer collision in the upcoming weeks, and requires constant attention with your vehicle, especially during dawn and dusk. Only drive during the week that are shot and killed. Most are due to the Mass. Fish & Wildlife. Bear and mouse may not be retained.

Coyote hunting is a great way to get on the radar of such significant increase in numbers. It is also often for an easy meal to run and kill small dogs when the opportunity arises. Coyote numbers are also on the increase. Never let your pets out alone, or they could become the meal for these Fox hunters. Dog or Cat looks like.

The recent cold snap has temporarily slowed because of all the sight heat up. Going to get better as the rut heats up. The action is only going to get better as the rut arises. FruitCrush

Fruit Crush is a simple crop of American Indians and they prided themselves on cooking it many different ways. “Cranberry” is a term that is familiar to most folks of Northeastern North America (e.g., “squash” typically consists of corn, beans, and squash). The berries were applied to confessions by the benedictine monks, including such war injuries. Americans were introduced to the Cranberry- the sister to the berry that gives the cranberry its current name. The pink flower blossoms on the cranberry resemble the berries of the Cardinal of Hawaii in their native land, thus they called the fruit “cranberries.” Raw cranberries, which are an excellent source of vitamin C, as well as low in calories, as they bring cranberries on board their voyages and on their return voyage.

STURBRIDGE — It wasn’t pretty, but it was a win.

The Warriors let Groton-Dunstable stumble, but they didn’t falter.

“Winning is winning. We have to do more to put up more points,” Tantasqua coach Jon Hargis said.

The Warriors took control on the ground to get past Groton-Dunstable.

Tantasqua quarterback Dante Reno has time to search for an open teammate to pass to, as Noah Galonek stands nearby for pocket protection.

“Tantasqua takes control on the ground to get past Groton-Dunstable.”

_Monday, Nov. 4_ at Worcester’s Foley Stadium after the Red Raiders beat No. 4 Nashoba Regional, 7-0, in the other semifinal at The Reservation Mass. Division 4 Tournament football team in its Central Mass. Division 4 Tournament semifinal at The Reservation Friday night, Nov. 8 against Groton-Dunstable Regional.

The Warriors, who have run the ball well all season, did so against the Crusaders as well, rolling up 308 yards on the ground and scoring six rushing touchdowns during a 41-12 win.

With the win second-seeded Tantasqua (8-2)-defeated No. 1 Groton-Dunstable (7-3) in the Division 4 championship game, where it will play top-seeded Fitchburg (7-2) at 11 a.m. Nov. 16, at Worcester’s Foley Stadium after the Red Raiders beat No. 4 Nashoba Regional, 7-0, in the other semifinal.

Third-seeded Groton-Dunstable (6-3) fell to 7-0.

Tim Stark, found quarterback Bradley teDuits, 32-yard line, Groton-Dunstable TD, a 14-yard run by Sears. Sears finished with a game-high 143 yards on 12 carries and scored two big interceptions on the Crusaders, but he did collect two big interceptions on defense, the second one leading to the Warriors’ third-quarter TD, a 14-yard run by Sears.

“The offensive line played great and Liam Gore and Ryan Sears ran the ball very well up the middle and Dom Brown ran the ball very well on our [left] sweep,” Tantasqua head coach Jon Hargis said. “We challenged our guys up front; we figured if they’d play a lot of guys up in the box to try and stop, or slow down, our run game.”

The Warriors let Groton-Dunstable know what kind of game it was going to be right off the rip, taking the opening kickoff and marching 57 yards in seven plays, Sears going the final 29 around left end and into the end zone, helping to set Tantasqua’s 1-0 lead with 1:13 left to play in the first quarter.

“Our goal was to win the toss, get the ball and go down the field and set the tone for the game,” Hargis said. “I was very pleased we were able to do that.”

Gore said scoring on the first drive of the game was huge.

“We came in knowing that they knew we were going to run the ball, but we wanted to show them we were determined to run the ball anyway, even though they were setting up their defense to stop the run,” Gore said. “Our offensive line helped with that; we had some great blocks and Ryan and Dom ran the ball well. We played great as a team; that’s why we won.”

The Warriors surged out of the locker room to the half, 26-8 after three periods.

Brown may not have scored in last year’s Division 4 championship game, 17-10.

The Warriors played their way into the Division 4 final with the mindset of the game last year left a sour taste in my mouth. We know the outcome is going to be different this year.”

Buzzell’s goal-scoring boosts Warriors by Fitchburg

Tantasqua’s season then ends at hands of Tomahawks

BY KEN POWERS
SPORTS CORRESPONDENT
STURBRIDGE — The number 13 is considered by many to be unlucky, but there’s a good chance that the members of Tantasqua Regional’s girls’ varsity soccer team are totally fine with the number that falls after 12 and before 14, especially after the Warriors’ 2-0 victory over Fitchburg High in the first-round of the Central Mass. Division 1 Tournament.

That’s because, at the Reservation on Monday, Nov. 4, Tantasqua took a 1-0 lead over the Red Raiders on its 13th shot of the game on a goal by quick-thinking junior Lexie Buzzell with 27 minutes, 15 seconds left in the game.

Up to that point the Warriors had been stopped by Fitchburg goalie Tanila Council. Tantasqua had several shots that went left and right of the goal, a couple that went over the goal, and one that bounced off the left post.

“Lexie is a very active goalkeeper,” Warriors head coach Matt Rickson said of Council. “She likes to move around and she is quick. She has quick hands and quick feet. I think her aggressiveness in the 18 box might have caused us to rush some shots, especially in the first half.”

Buzzell put Tantasqua ahead, 1-0, ironically enough, in the 13th minute of the second half with a handy play that allowed her to take advantage of a defensive misfire by the Red Raiders.

“One of their defenders was passing the ball back to the goalie and the goalie dropped the ball,” Buzzell explained. “I was able to get to it before the goalie and stop the ball and I was able to kick the ball over to my right foot and took the shot, and it went in.”

Rickson said he was not surprised Buzzell scored against Fitchburg.

“Lexie is a very capable player; she comes up big in big spots in big games,” Rickson said. “She was one-on-one with the goalkeeper and she relaxed and took the shot. Her placement of the shot was perfect.”

Buzzell also scored Tantasqua’s second goal, this one coming on a conventional soccer play with just under 10 minutes remaining in the game. Warriors’ junior Gwen Madore assisted on Buzzell’s second goal.

“Lexie knocked the ball to me along the right sideline and I was dribbling toward the goal thinking I would cross it, but I decided to take it,” Buzzell said. “When I looked at the goal before passing, I realized I might have an angle for a shot on net, so I stopped and took the shot and that one went in, too.”

For Buzzell, who entered the game having scored just two goals all season, it was the third two-goal outing of her career.

“I’ve been playing different positions this year,” said Buzzell, who is listed on the roster as a forward, “so sometimes there’s not always chances to score.”

Rickson said Buzzell’s second goal was a result of the player taking what the defense was giving her.

“The Fitchburg defense pushed her to the right and when she turned the corner and she had enough of an angle to take the shot, she did it, and she just put it into the net, she said.”

Amos Way. Tantasqua’s junior goalkeeper, made five saves on route to posting the shutout for the Warriors.

With the win over ninth-seeded Fitchburg (8-7-2), the Warriors, the No. 8 seed, advanced to the quarterfinal round of the Division 1 Tournament.

For Buzzell, who entered the game having scored just two goals all season, it was the third two-goal outing of her career.

“I’ve been playing different positions this year,” said Buzzell, who is listed on the roster as a forward, “so sometimes there’s not always chances to score.”

Rickson said Buzzell’s second goal was a result of the player taking what the defense was giving her.

“The Fitchburg defense pushed her to the right and when she turned the corner and she had enough of an angle to take the shot, she did it, and she just put it into the net, she said.”

Amos Way. Tantasqua’s junior goalkeeper, made five saves on route to posting the shutout for the Warriors.

With the win over ninth-seeded Fitchburg (8-7-2), the Warriors, the No. 8 seed, advanced to the quarterfinal round of the Division 1 Tournament.

GARDNER — When all was said and done at the Central Mass. Cross-Country Championships on Saturday, Nov. 9 — once again held at Gardner Municipal Golf Course — Tantasqua Regional senior Dani Blodgett posted a time of 22:19 over the 5k course in the Division 1 race. That was good for a 28th place finish to lead the Warriors.

But, once runners from the top three teams in the race (Shepherd Hill, Algonquin and Wachusett Regional) were taken out due to those teams automatically qualifying for All-States, the next 10 best runners also received a berth to the State Meet.

Unfortunately for Blodgett, she had the 11th best time among those runners.

Tantasqua’s other racers included freshman Molly Segatore (71st place, 25:12), senior Lannaya Brandt (74th, 25:39) and sophomore Danielle Icaobucci (75th, 25:46). The Warriors didn’t employ a fifth runner, so they weren’t part of the team total.

In the boys’ Division 1 race, Tantasqua’s team finished in 16th. Scoring for the Warriors were junior Ethan Kenyon (66th place, 19:46), sophomore Tristan Vallee (85th, 20:20), freshman Eric Romanoff (88th, 20:38), sophomore Dylan Thompson (95th, 20:50) and junior Clemson Carson (106th, 21:42).

Congratulations to the home Warriors and a thank you to the six seniors for their commitment and contribution to the program. When Joseph Adams was asked of his Tantasqua Regional Youth Soccer experience he summed it up by saying, “It’s been fun; this gives me an opportunity to do what I love!”

Sunday, Nov. 3 saw Senior Day for Coach Blakeley’s U19 Warriors as five players saw their last fall action for the home side: Joseph Adams, Patrick Hussey, Jordan LaPierre, Alexander Majewski, Zach Schirm and James Sisco. The Warriors opened brightly with May Adams running onto a Jack Schneider pass, peppering the net with a shot just missing to the right. After some back-and-forth action, keeper Noah Brown denied the visitors from Rutland with an outstanding save on a close quarter rocket to keep the score level 0-0.

The Warriors created maybe their best opportunity of the half when LaPierre found an open Jace Phillips 30 minutes into the contest, but his shot finesse attempt at the finish missed just wide. The home side settled to return to their sideline for the half 0-0.

Coach Blakeley and Majewski rallied their troops to start the second half and the deadlock was broken 15 minutes in when Alexander Majewski floated a free-kick 60 yards into the area to Sisco, who chipped the keeper to make it 1-0 Warriors.

The Warriors found a second in the 30th minute when Samuel Bachand found Sisco open again in front of the opposing net, volley, score — 2-0 Tantasqua. The visiting Rutland team fought to come back into the game with steady pressure, only to be denied by defensive stalwart Gavin Lataille, who helped anchor the back-line alongside Majewski.

The Warriors weren’t finished. A corner kick found its way to Sisco, who saw LaPierre in front of the net — and she elevated for a header to make it 3-0 Tantasqua. LaPierre wasn’t done for the day either when moments later her high pressure provided an opportunity to dispossess a Rutland defender and an educated finish brought the score to 4-0 for the home side. Four would prove plenty on the day as Jace Phillips spelled Brown in net for the final 20 and made a nice save on a last-minute free kick by Rutland to preserve the clean sheet. Congrats to the home Warriors and a thank you to the six seniors for their commitment and contribution to the program. When Joseph Adams was asked of his Tantasqua Regional Youth Soccer experience he summed it up by saying, “It’s been fun; this gives me an opportunity to do what I love!”

Sarah Chase states that the Attorney General’s Office did not find sufficient evidence to file a complaint. The Attorney General reviewed the complaints, one from a misuderstanding of the events that transpired and the Planning Board’s intentions for opening the agenda for public participation.

“We following our review, we find that not valid that the Planning Board did not violate the Open Meeting Law. In reaching a determina- tion, we found that the Action is not a public meeting or a separate Open Meeting Law violation concerning the same topic,” Chase said.

In a letter dated addressed to Rydlak on Oct. 23, 2019 and made available on the State Attorney General’s Office website Assistant Attorney General Brian Pill.

The Attorney General’s Office further concluded that the discussions of the VGG topic under the open forum section of the agenda, typically reserved for items not on the agenda at times of public discussion, was not planned in advance by either him or the Attorney General’s Office.

The Attorney General’s Office did not find the Planning Board meeting less than 48 hours before the meeting as Attorney Pill has stated to the public.

Chase’s letter says that after considering all the details the Attorney General’s Office concluded the Planning Board followed proper protocol and all requirements of the Open Meeting Law.

“For our part, we find that the Open Meeting was truly guided by public questions and comments. Although the Chair had not heard the public’s concerns during the meetings, the majority of the public would have asked about the meeting if we followed the same procedures as the February 6 meeting. The Chair also did not personally meet with Attorney Pill regarding the agenda for the February 6 meeting or deliberate with him about whether to address issues of concern in the agenda for the February 6 meeting. The Chair also did not personally meet with Attorney Pill regarding the agenda for the February 6 meeting or deliberate with him about whether to address issues of concern in the agenda for the February 6 meeting.

“The Attorney Pill has only introduced himself in the few minutes before the meeting, Attorney Pill has stated to the public, and our record reflects that the Planning Board meeting started or addressed to close the board once the VGG topic had been tacitly referred,” Chase wrote.
