BOSTON — More than 120 police chiefs from across the Commonwealth teamed up to participate in the 2019 Boston Marathon Jimmy Fund Walk this year, which was held on Sunday, Sept. 22. So far, the team has raised almost \$70,000 of their \$125,000 goal to benefit the Dana-Farber Cancer Institute.

“I walk in memory of my parents who I

lost to cancer and also as an ongoing thank you to the members of the Dana-Farber Cancer Institute for all they do,” said retired Millville Police Chief Timothy Ryan, adding that he has participated in the walk for 24 years.

The Jimmy Fund has been the primary charity of the Massachusetts Chiefs of Police Association since 1953, according to a statement from the Police Chiefs’ team

Area towns receive Green Communities Grant

BY KIMBERLY PALMUCCI
TRIBUNE CORRESPONDENT

REGION — Northbridge, Douglas, and Sutton are among 91 municipalities across Massachusetts that were recently awarded Green Communities competitive grants to fund clean energy projects.

The awarded grants totaled \$14,948,478; locally, Douglas received \$220,989, Northbridge received \$208,949, and Sutton received \$42,875, according to the state’s Department of Energy Resources (DOER). The grants are funded through proceeds from Alternative Compliance Payments under the Massachusetts Renewable Portfolio Standard. With this recent announcement, DOER has awarded more than \$118 million to 240 Green Communities in Designation Grants and Competitive Grants since 2010.

Gov. Charlie Baker described the grant announcement as the largest award in the Green Communities program history, representing the Baker-Polito

administration’s commitment to supporting clean energy efforts for cities and towns across the state.

“The projects funded by these grants will allow cities and towns across the Commonwealth to reinvest their energy savings in vital public services like schools, public safety, and local infrastructure,” he added.

Under the Green Communities Act, cities and towns must meet five criteria to be designated a Green Community and receive funding. The grants are slated to fund a range of projects from ventilation system upgrades and high efficiency lighting to installation of insulation and energy management systems at municipal buildings and facilities. Also included are projects to install LED streetlights, oil-to-heat pump heating system conversions, electric vehicles, and electric vehicles charging stations.

So far, 240 Massachusetts municipalities have earned the Green Communities designation.

Northbridge FD Auxiliary hosting fundraiser

BY KIMBERLY PALMUCCI
TRIBUNE CORRESPONDENT

NORTHBRIDGE — The Northbridge Fire Department Auxiliary was established at the beginning of the year in an effort to provide support to members of the Northbridge Fire Department, and now, the group is hosting its first fundraising event on Saturday, Oct. 19.

The group is comprised of wives, husbands, and immediate family members of the department’s firefighters, paramedics, and EMTs. The goal is to provide aid and assistance during major incidents and organize community events to foster positive relationships between Northbridge residents and first responders, said Auxiliary Member Erin McKeown.

“A lot of people have gotten involved and it’s great to help them out. They put themselves on the line whenever they go out for a call; they do so much for the community,” said McKeown. “It’s great to

give back.”

The fundraising event will be hosted in partnership with Lane Portraits; NFD Auxiliary will be hosting photography sittings on October 19 and October 20 if an extra day is needed. There will be a professional studio setup at the station and all residents are encouraged to join—pets included.

Northbridge residents should have received a letter during the first two weeks of September with details and to schedule appointments, added McKeown. Each family donation of \$25 or more will receive an 8x10 natural color studio portrait.

Northbridge HS students show support for locals with Down Syndrome

WESTBOROUGH — It was a picture perfect day with roughly 750 people attending. More than \$80,000 was raised on Sunday, Sept. 15 at Lake Chauncy in Westboro for the Massachusetts Down Syndrome Congress.

The Co-Chairs Mark & Sarah DeWeerd worked with MDSC leaders and a small committee to plan the event. Among those, Stevie Bentley, Northbridge HS teacher. Both the Deweeds and Bentley live in town and each have a child who has Down syndrome. Bentley helped organize a team called The Lucky Few along with Kathy Lyons,

Ana Cunha and Donnamarie Beckman, all of whom also have children with trisomy 21 in town. They raised more than \$7,000, and were the second place team. Northbridge residents who were at the walk who have Down Syndrome are: Kaleb Deweerd, who is in third grade at Whitinsville Christian; Isabelle Bentley, who is in pre-K; Aiden Loando, who is in Kindergarten; Sean Beckman, who is in the post-grad program; and Natalie Lyons, who just graduated from The Cotting School.

BVT to co-host a living history event at Daniels Farmstead

UPTON — Through a competitive grant provided by The New England School Development Council (NESDEC), BVT will co-host the Battle for Daniels Farm, a reenactment of The American Revolution, October 5th and 6th at Daniels Farmstead in Blackstone.

Mark your calendars and plan to take a stroll through time, back to the 18th-century when America was in the midst of a battle for freedom from British rule. Visitors will have the opportunity to experience life during this moment-in-time as the British and Colonial troops, reenactors of the 85ème Régiment de Saintonge will battle for ownership of the cider mill located on the property.

“We are always looking for ways to engage our students in the curriculum

with relevant real-world opportunities, and to establish professional relationships with passionate, dedicated groups outside of BVT who can enhance educational outcomes for our students. The Battle for Daniels Farm is a tremendous example of that engagement. It is an ideal opportunity to combine our academic and vocational curriculum throughout our entire school and bring history alive in a manner that will benefit the whole community,” said BVT Academic Curriculum Coordinator, Edward Evans III. “Given recent Massachusetts legislation encouraging greater student engagement in civics and U.S. History, BVT is ahead of the curve as we continue to explore creative new ways to integrate history into our classrooms and shops and further ignite a passion for history.”

The schedule of events includes:

campus open to the public at 10 a.m. and close at 4 p.m. on both Saturday and Sunday. Battle reenactment at 2 p.m. on both dates with hospital demonstrations following the battle. There will also be artillery and musket demonstrations, cooking demonstrations, blacksmithing, medical practices, rope making, tinsmiths, and period music. The historic house and cider mill dating from the late 18th century will be available for tours.

Ticket cost is \$8 per day or \$10 for a two-day pass. Persons under 12 years old are admitted free. BVT family, teachers, and staff ticket cost is \$5.00 for a two-day pass. Thanks to additional funding from NESDEC, the first 100 BVT students with their student IDs will obtain free admission to the event.

Free parking and free shuttle to the event from JFK Elementary School, 200 Lincoln Street, Blackstone, with buses transporting visitors to Daniels Farmstead will run continuously from 10 a.m. – 4 p.m. on both days.

Concessions such as hot dogs, hamburgers, sausage with onion and peppers, drinks, and assorted baked goods will also be available for purchase. Period vendors will also be in attendance selling their wares. The event is rain or shine.

If you would like to participate in the Battle for Daniels Farm or are interested in learning more about this event, additional information is available at <https://www.valleytech.k12.ma.us/alivinghistoryevent>.

Join Blackstone River Watershed Association for 50th Birthday Bash

WORCESTER — What happened 50 years ago? Neil Armstrong walked on the moon. Four hundred thousand people listened to 32 acts perform on stage in Bethel, NY at a concert now known as Woodstock. Richard Larkin and Charles Ballou formed the Blackstone River Watershed Association (BRWA).

Richard Larkin, a young newspaperman, and Charles Ballou, an avid sportsman and conservationist, shared a vision of a Blackstone River flowing clean and clear, surrounded by a corridor of protected open space stretching from Worcester to Rhode Island. These two men with some of their friends and neighbors formed the Blackstone River Watershed Association.

This year, BRWA is celebrating 50 years of engaging, educating and advocating for the Blackstone River. A Birthday Party will take place on Sunday, Nov. 3 at the new Heritage Corridor Worcester Visitor Center, Worcester, from 2 to 4 p.m. National Park Service Ranger Kevin Klyberg will give a half hour talk on how the Blackstone River became polluted and the efforts that have turned that around.

Come and celebrate with us, listen to a talk by Ranger Klyberg, take a walk on the boardwalk, visit the unique, interpretive visitor center, nibble on appetizers while celebrating with a glass of wine. Members as well as non-members are invited to join in the celebra-

tion. For more information about this event, contact Maggie Plasse at maggie.plasse@thebrwa.org.

The BRWA was established 50 years ago to engage, educate and advocate for improved water quality in the Blackstone River watershed. The organization participates in: water quality monitoring, shoreline surveys, clean-ups, monitoring and removing invasive species, teaching environmental science in schools and assisting towns in preparing for the effects of climate change. For more information about the BRWA, visit www.thebrwa.org or see us on Facebook and Twitter.

CMDART attends Pet Rock Festival

GRAFTON — The Central Massachusetts Disaster Animal Response Team, Inc. (CMDART) was one of more than 150 animal groups (and approximately 2,700 people) to attend this year’s Pet Rock Festival in Grafton on Sept. 8.

This was the 21st year of the Pet Rock Festival held each year to help benefit animal organizations across New England. Pet Rock Fest continues to put the spotlight on animal welfare organizations that work hard to promote kindness to animals. Pet Rock Fest gives its proceeds to worthy animal related charities that support a variety of causes, from shelters to law reform to farm animal sanctuaries and disaster response such as CMDART.

CMDART attends Pet Rock yearly to help promote personal emergency prevention education for pet owners ahead of the next disaster.

A Great Dane chooses a raffle winner to help CMDART raise funds for disaster preparedness at Pet Rock 2019.

This year, 45 groups of pet owners went through our agility course each receiving pet prevention literature while having fun with their canine.

“Some years, we have had more than 90 people standing in line to try the course with their pets. Our team did a great job talking up disaster prevention this year,” JoAnn Griffin, President and Team Lead for CMDART, said.

Pet Rock’s schedule falls during hurricane season. Two years ago, the team and Pet Rock, did a major fund-raising effort for Hurricanes Harvey and Florence.

CMDART is a regional animal disaster

team, covering Worcester County. The team works in collaboration with local animal control, emergency management agencies, local Community Emergency Response Teams (CERTs), MAVOAD (Volunteers Organized Active in Disasters), the Medical

Reserve Corp, American Red Cross, other animal disaster organizations and emergency service organizations.

CMDART is entirely self funded, other than from equipment supplies gratefully received from grants through the Central Region Homeland Security Advisory Council and gifts from local organizations like Dean Bank, Savers and Unibank. The team has received a few small sponsorships and stipends from some towns to offer trainings and from those who seek to become animal disaster responders.

Over the past couple of years, CMDART has aided response to the local tornadoes, animal hoarding incidents, large scale cruelty cases, fires involving animals, and large animal equine rescues. They also sent supplies to aid pet owners in the Merrimack Gas Explosion. The team in increasingly being asked to participate in local emergency operation practice drills and exercises so that pet issues are addressed.

“Emergency Managers know that to address the pet owners issues reduces the likelihood of public safety issues because pet owners will risk themselves to take care of their pets,” said Griffin.

This year, a portion of CMDART’s proceeds from Pet Rock has gone to Bahama’s Humane Society to aid the devastating loss following Hurricane Dorian.

CMDART is scheduling animal disaster responder training coming up prior

Crop Walk set for Oct. 19

WHITINSVILLE — The annual Blackstone Valley Crop Hunger Walk will be on Saturday, Oct. 19, starting with 8:30 am registration at Trinity Episcopal Church, 33 Linwood Ave., in Whitinsville. The walk begins at 9 a.m. with a three mile walk to the Community House in Uxbridge, where refreshments will be served.

Please consider this fundraiser, as it helps feed the needy

locally and globally. We raised more than \$6,000 last year and hope to increase that each year. Walkers are to bring donations they have collected for the Crop Hunger Walk with them when they register. The Crop Hunger Walk provides millions of dollars a year to 1,900 food pantries in the U.S., including food pantries in Douglas, Northbridge and Uxbridge. The Northbridge Association of Churches has been the local sponsor for the Walk for 43 years. Walkers from the Blackstone Valley will join with 1,000 communities across the country to

support self-help programs in 35 countries organized by Church World Service. In many developing nations, people walk as many as six miles a day to get food and water. We walk because they walk. You can make a difference in someone’s life by making a donation. Donate to my team “UPCOW” or form your own team online at: www.cropungerwalk/northbridgema. Organizations, schools, and individuals are urged to apply for grants that support cultural activities in the community. The deadline for grant applications is Tuesday, Oct. 15. This year, all applications must be completed online, through the Massachusetts Cultural Council Web site.

These grants can support a variety of artistic projects and activities in Douglas -- including concerts, field trips/performances in schools, art workshops, and lectures. This year, the council is particularly interested in viewing applications from musicians or performance artists, due to the results of a public interest survey they recently held.

Sutton Cultural Council seeking grant applications

SUTTON — Organizations, schools, and individuals may apply for local grants that support cultural activities such as community-oriented arts, humanities, and science programs in the town of Sutton. Proposals are due to the Sutton Cultural Council by Oct. 15.

According to Council chairperson Paige Thayer, the grants can support a variety of artistic projects and activities in Sutton– including exhibits, festivals, field trips, performances in schools, workshops and concerts.

The Sutton Cultural Council is part of a network of 329 Local Cultural Councils serving all 351 cities and towns in the Commonwealth. The LCC Program is the largest grassroots cultural funding network in the nation, supporting thousands of community-based projects in the arts, sciences and humanities every year. The state legislature provides an annual appropriation to the Massachusetts Cultural Council, a state agency, which then allocates funds to each community.

FUNDRAISER

continued from page A1

Previously, the department has hosted similar fundraisers which were well received in the community, said McKeown. A similar fundraiser allowed the Northbridge Fire Department to purchase the LUCAS chest compression device, which has served as a lifesaving tool on the ambulance. The proceeds from this fundraiser will be used to purchase training tools, water rescue equipment, and to provide additional safety measures for the town’s first responders and members of the community.

Applications must be submitted online through the Massachusetts Cultural Council at www.mass-culture.org. Type in “Sutton” to find the local council and access the online application. This is also where you will find any funding priorities or additional requirements beyond the state guidelines.

Last year the Sutton Cultural Council distributed nearly \$5,000 in grants. Funded projects have included Concerts on the Common, support of the Sutton Fourth event and performances at the Sutton Library, the Sutton Senior Center and Sutton school-based programs.

For questions about the Sutton Cultural Council, or to become a member, please contact co-chairs Pam Nichols at pamelanichols@gmail.com or Paige Thayer at pnthayer@hotmail.com. To apply for a grant, please visit www.mass-culture.org. Applications are due on Oct.15.

All remaining proceeds will be used to provide general support to the fire department, in addition to organizing community events, the Auxiliary said in a statement.

Any Northbridge residents who have not received a letter regarding this fundraiser and are interested are asked to call McKeown at 508-234-8448 for more details. The Northbridge Fire Department is located at 193 Main St. in Whitinsville.

Collecting trade cards

Trade cards are a type of collectible that can fit in everyone's budget. Some can sell for under one dollar. Rare ones can sell in the thousands, though.

ANTIQUES,
COLLECTIBLES
& ESTATES
• • • • •
WAYNE TUISKULA

Trade cards were most popular during the Victorian era, but they were already being used in the 18th century. On their Web site, the American Antiquarian Society in Worcester states that “although there is no concrete definition of a trade card, it is generally a printed notice of goods for sale or services available for the public.” Large copper engravings similar to those used by newspapers were first used to advertise businesses. Trade cards were later created that could be produced on a smaller “card” press. One of the first printers was Samuel Dickinson, who printed the “Boston Almanac.” The Antiquarian Society’s website states that they have over 15,000 trade cards in their collection dating back to 1749. One of the trade cards in their collection is from Paul Revere.

Much later in the next century, trade cards had their “hey day.” Cornell University’s website and other sources attribute their increased popularity to Louis Prang. Prang introduced a prize winning, full colored lithograph trade card at the Vienna International Exposition in 1873. He returned to the United States and printed them commercially. By the mid-1870’s, many manufacturers and other businesses were using the cards to promote their businesses. The early versions were printed with blank space. This allowed businesses to place their name and location in that area when they ordered them from traveling salesmen.

Trade cards became so popular with consumers that they began to be included in product packaging as a premium. Card designs improved. Die-cut cards in the shape of people, animals, and products such as teacups

and even pickles were produced. Figures of the time also appeared on trade cards. Presidents, war heroes, actresses, sports figures, and stereotypical caricatures all appeared on trade cards.

Trade cards lost their appeal in the early 1900’s though. Printing technology improved and large-scale color printing became commonplace in magazines and elsewhere.

Trade cards remain popular with collectors today. We sold two notebooks, each with a little over 20 pages of plastic sleeves of trade cards, in our August auction. One brought \$250 and the other sold for \$400. Ten clipper ship trade cards sold for \$7,500 in a 2008 auction. A 1901 Coca Cola trade card sold for \$1,800, an 1892 Coca Cola version went for \$2,500, and an 1893 Coke trade card reached \$4,250 in other sales. A trade card from the magician “the Great Hermann” and “Adelaide” sold for over \$4,000 in 2015. Trade cards advertising mechanical banks can sometimes bring as much as the banks themselves. A “Darktown Battery” bank and a “Picture Gallery” bank trading card each brought \$8,000, providing the consignors with plenty of cash to deposit in their own banks.

It was nice meeting some regular readers of this column at my night class, the Auburn Public Library, and the Finnish Heritage Society in Rutland. I’ll be back at the Auburn Library appraising items on Oct. 5. I’ll also be lecturing at the Worcester Senior Center on Oct. 16 from 10:30 to 11:30 a.m. I’ll be at the Shrewsbury Historical Society on Oct. 23 for an appraisal event. We have an online auction currently running in Woodstock, Conn., featuring recreational vehicles, A Kubota tractor, 2005 Victory motorcycle, household items and furnishings. Please see www.centralmassauctions.com for details on these and other events.

page. By participating in the walk, the team made every step count toward the ultimate finish line—a world without cancer.

“No one is immune. We all know someone who has struggled with cancer,” said Northbridge Police Chief Walter Warchol. “It makes you feel like you’re at least doing something. When you walk, it makes you feel like you’re doing your small part to eradicate it.”

Warchol added that this was his second consecutive year walking; he participated with his wife to honor the memory of his father and sister, who both lost their battle to cancer.

“It brings tears to your eyes. Any little bit we do helps that fight against cancer, and Dana-Farber is the leading institution,” he added, encouraging others to get involved in any capacity they can, either in future walks or by making charitable donations toward a cancer free world.

The support of those who donated or

participated in the walk goes directly to Dana-Farber Cancer Institute’s unique 50-50 balance between cutting-edge science and highly compassionate care. Funds raised through the Jimmy Fund Walk enable Dana-Farber leaders to enhance programs and initiatives that serve pediatric and adult patients and their families, the team said in a statement.

“The Mass. Chiefs of Police Association is dedicated to stopping cancer in its tracks by working in partnership with our community to raise funds to fight this terrible disease,” said Uxbridge Police Chief Marc Montminy. “Over 100 Mass Chiefs answered the call on Sunday, raising thousands of dollars. Thanks to Dana Farber for all the work they do.”

Locally, Ryan added that Grafton Police Chief Normand Crepeau and retired Blackstone Police Chief Ross Atstupenas also participated in the walk.

Fundraising for the walk is open through Oct. 31, according to the Jimmy Fund walk Web site. More information can be found at www.jimmyfund.org.

nation, according to official reports, including Uxbridge, Blackstone, Millville, and more. This eighth annual round of DOER Green Communities competitive grants is awarded to existing Green Communities that have successfully invested their initial designation grants and previous competitive grant awards. Grants are capped at \$250,000 per municipality.

“As Massachusetts works to meet ambitious energy and emission reduction goals, the Green Communities program gives municipal partners the resources they need to continue building upon the substantial energy progress each city and town has already made,” said Lt. Gov. Karyn Polito. “We look forward to the continued success in energy innovation these grants will

ensure across the Commonwealth.”

“I want to congratulate all of the towns in my district for receiving these grants, and I am excited to see the positive effects of the Green Communities program in the Worcester Norfolk District,” said State Sen. Ryan Fattman (R-Sutton). “Not only does this program promote a reduction in carbon emissions, but it also provides a lasting and significant cost savings for municipalities. I want to thank the Baker-Polito administration for continuing to recognize this program as an important tool to achieve the goal of reducing greenhouse gas emissions under the Global Warming Solutions Act.”

All Green Communities commit to reducing municipal energy consumption by 20 percent over five years. More information on the program can be found on the state’s Web site, www.mass.gov.

PLACE MOTORS IS PROUD TO SPONSOR

Hi! My name is David and My goal is to attend college after high school and become a surgeon!

David is a compassionate teenage boy of Caucasian/Hispanic descent. David has many interests and hobbies including arcade games, art projects, building with Legos, puzzles, watching movies and playing with board games. David also participates in a dirt bike club which he really enjoys! Other sports that David likes include table-tennis, soccer, kickball, capture the football, swimming and basketball. David is an intelligent student who does best with hands-on activities. During the past year he made a goal to successfully get his driver's permit which he passed upon turning 16 years old.

David would thrive in a home with either one or two parents, as long as they feel that they can support his needs and help him achieve his personal goals as an adolescent. There is no recommendation for being the only child or youngest/oldest child, as he does well with other children of all ages. He would do best with experienced parents willing to provide David with a structured and nurturing environment. David will need to have a continuing relationship with his paternal grandmother and visiting resource. David looks forward to these visits and they are the one consistency in David's life. David is legally free for adoption.

Who Can Adopt?

Can you provide the guidance, love and stability that a child needs? If you're at least 18 years old, have a stable source of income, and room in your heart, you may be a perfect match to adopt a waiting child. Adoptive parents can be single, married, or partnered; experienced or not; renters or homeowners; LGBTQ singles and couples.

The process to adopt a child from foster care requires training, interviews, and home visits to determine if adoption is right for you, and if so, to help connect you with a child or sibling group that your family will be a good match for.

Fall fishing at its finest

THE GREAT
OUTDOORS
• • • • •
RALPH
TRUE

With the continuation of the cool days last week, it made the waters suitable for Mass. Fish & Wildlife to start stocking local waters with trout. The annual fall stocking of ponds and lakes only in the Central District should give anglers a great opportunity to catch numerous rainbow & brown trout prior to freeze up. The Cape also offers some great fishing for trout in the fall for anglers that do not hunt. Unfortunately, the stocking of bloodstock salmon has ended for now, but they could become available in the near future.

Striper fishing picked up last week at the canal, with stripers in the 50-pound range being caught Wednesday of last week. Numerous stripers in the 40-pound-and-up class were also caught. The fall run of stripers is starting to pick up, with Block Island starting to show signs of large numerous stripers being caught.

Snug Harbor reported on the following species of fish: Striper fishing at Block Island picked up this past, and confirmed reports by other anglers week with a lot of big fish being caught. Albi and Bonita fishing was still doing good until the high surf started to role in this past weekend. Tautog and seabass fishing is very good in shallow water. This week's fishing improved a lot after the sea's settled down.

The Salmon River action is picking up as of this past Friday. A large concentration of salmon moved into the river, and is providing anglers with some great fishing. It is only going to get better, according to Fat Nancy's Bait & Tackle shop weekly report in Pulaski, N.Y. The river was running at 335 cfs this past Friday. This week's picture

shows a young lady with her first salmon caught on the Salmon River. Photo courtesy of Fat Nancy's. If you love fishing and have never caught a large salmon out of the Salmon River, you need to go now!

A lot of back yard bird feeders are not being used like in past years, according to some local residents. Although my feeders are having numerous birds at my feeding station, I noticed a drop in the normal amount of birds at them. This past week, I caught a local news stations report on the loss of thousands if not millions of birds throughout the United States and other parts of the world. The reason for the decline was because of climate change, destruction of habitat, predators, and also house cat's. Many cats are allowed to roam freely and are having a negative effect on bird populations.

Huge forest fires in California and

other parts of the world are having an extreme negative effect on birds and numerous other forms of wildlife. Severe flooding in Texas and other areas will be lucky to get some of the species of wildlife to recover. Mother Nature has not been kind to residents of these devastated areas, and wildlife and pets are feeling the force of Mother Nature also. Man has had a huge impact on these weather and climate changes.

The first segment of goose hunting in the Central District of Mass. was extremely poor locally. The first segment closed on Sept. 20. Canada Goose will reopen on Oct. 14, with a two bird a day limit in the Central District. Ducks also open on Oct. 14 this year. Be sure to purchase a federal and state waterfowl stamp before hunting. The stamps also need to be signed on the face of the stamp in ink, prior to hunting. Only steel shot is allowed for hunting waterfowl.

The second picture in this week's column shows Lucy Watson with one of the two northern Pike she recently caught in Uxbridge while fishing in the Blackstone River. I have heard of numerous pike being caught in the Blackstone over the years. Trout are also stocked by the Rhode Island Fish & Game for a number of years in the Blackstone River. It is too bad Mass. Fish & Wildlife does not listen to fishermen who want to see pike stocked in more waters in the state locally. Manchaug Pond has produced numerous big pike over the years, as has Webster Lake. Blackstone River seems to be another body of water that will hold Northern pike.

emceed the event. There was a performance by the Dance Inn and music from DJ Dan. Group games were provided by Knucklebones. There was a balloon artist on site as well as face painting and pumpkin decorating with pumpkins donated by Foppemas. Horse carriage rides were also provided. Home Depot brought DIY workshop kits as well. Westborough Fire & Police were on site for touch-a-truck activities and meet and greets. Uhlman's gave everyone free ice cream. Finally, one could witness a few costumed characters walking around from Maui to Captain America to Belle.

Food could be bought from All Purpose Bakery as well as Fired Up which is owned by 31 year old Bauer who has Down syndrome.

Congressman James McGovern addressed the crowd along with Sen. Michael Moore and Rep. David Muradian. Self Advocate Natalie Lyons also spoke.

"It was an honor to join local members of the community in helping raise awareness about Down syndrome, and to celebrate The Lucky Few among us," said Moore (D-Millbury). "The outpouring of support, and hard work of families and volunteers, help make this annual event a welcoming, inclusive space for everyone."

Echoed Muradian, "It was a beautiful day to join my good friends on the buddy walk. The Lucky Few are dedicated to raising money and aware-

ness for individuals within our community who have down syndrome, and I was happy to join Isabelle and all of her friends while participating in this successful event."

Northbridge had quite a turn out. Volunteering their time and effort were members of the boys soccer team, student council, football, field hockey, cheerleading and golf. There were course monitors, costumed characters, cheerleaders, registration experts as well as help setting up and breaking down. Superintendent Amy McKinstry, High School Principal Tim McCormick, NES nurse Sheryl Bliss, Intensive Special Needs teacher Kristina Denietolis, NES teacher Clarissa Flannery, aides Courtney Manyak, Lori Susienka and Bailey Susienka, and Early Childhood Coordinator Jill Redding also showed their support.

Best Buddies advisor Amanda Fanticchio said, "We look forward to volunteering every year! The feel good vibe is contagious! It is so heartwarming to see the smiles and hugs from volunteers and team members joining together again on this special day."

Added Chloe Frabotta, senior class treasurer, "I volunteered for the Buddy Walk because it's full of so much positivity and fun!"

Student council president Molly Consigli sad, "I volunteered at the buddy walk yesterday because I think it is very important to promote inclusion. Our differences should bring us together!"

Isabelle Croteau chimed in with, "The walk is one of my

favorite parts of the year."

Soccer Coach John Battista told us "NB Boys soccer enjoys volunteering for such a good cause. The smiles on all the walkers faces makes the day so enjoyable."

Sean Beckman's favorite part of the walk is the actual walk! He loves waving at the cheerleaders that line the route and at the beginning and end! He also loves it when he gets to share his day with special friends!

Preschool teacher Clarissa Flannery added, "I may never get to truly walk IN my students' shoes, but at the Buddy Walk I was so honored and proud to walk along the same path together."

Principal Tim McCormick stated, "[it was a] fantastic morning celebrating an amazing cause. Loved seeing how many students and staff members showed up to support!"

Sara Korber-Deweerd said, "The Buddy Walk is a day of celebration and advocacy for our family, where we have the privilege of

joining hands with the Down syndrome community in Massachusetts to shout the worth of our loved ones and to collectively affirm that people with Down syndrome have so much to offer their communities. We all benefit when everyone has a valued place at the table."

Sophomore Kayla Kamishlian said, "I chose to volunteer for the buddy walk because I love how inclusive this organization is, and how uplifting and positive they make it! Their end goal is to bring more awareness to those with disabilities, and in my

opinion, I think they are doing a great job. Joining best buddies and participating in the buddy walk was a great experience and I can't wait to do it again!"

"I love the Buddy Walk because I get to see all my family and friends who come out to support me and my team, The Lucky Few, and I also love eating ice cream from Uhlman's Ice Cream Truck - who gives out free ice cream to all participants," stated Natalie Lyons of Whitinsville, a Self Advocate Ambassador of the Walk.

The battle over banned books

It is a tale that has excited young readers the world over since its publication in the late 1990s. A nine- year-old orphan delivered as a baby into the custody of relatives who mistreat him terribly discovers that he is the child of two powerful wizards. His heritage earns him entry into a prestigious school of magic, where, over the course of the next decade, he uncovers the secrets of his past, battles the evil nemesis responsible for his parents’ deaths, and learns the value of friendship while forging his own path in the world.

This is, of course, the story of everyone’s favorite budding wizard, Harry Potter, and between the stratospheric success of J.K. Rowling’s original series of books and the blockbuster films they inspired, he has become such a popular character that it’s hard to imagine any corner of the world where his name is still unknown.

It may, however, surprise you to know that there are places right here in our own country where the right of libraries to circulate the Harry Potter books, and the right of locals to read them, have come under attack in recent years — so much so, in fact, that the series ranked at one time among the top 10 most frequently challenged and/or banned literary titles in the world.

The notion that a simple children’s book about growing up in a world of magic might have a corruptive influence on the young may strike many of you out there as patently ridiculous. It certainly did us. But in many communities, particularly those dotting the region that we call the Bible Belt, the fear that Rowling’s books might convince young readers with impressionable minds to turn away from the teachings of Scripture and experiment with the dark powers associated with witchcraft has garnered enough legitimacy that access to them has either been severely, or completely, restricted in communities from Michigan to Pennsylvania to Florida.

And Harry is not alone. According to the American Library Association (ALA), more than 350 books faced similar challenges by local authorities in 2017 alone, and the list keeps growing every year. Among the titles most frequently restricted or outright banned are “The Kite Runner” (for a graphic rape scene that becomes the defining moment in its main character’s life); “I Am Jazz” (for supposedly glorifying the lifestyle of co-author Jazz Jennings, a transgendered teen); “Thirteen Reasons Why” (for allegedly glamorizing teen suicide, though many have argued that it has just the opposite effect on the reader); and “Drama” (for its depiction of LGBTQ characters).

We certainly understand the concerns that have led parents, school boards, and community members to mount challenges against these books, and we are believers in the right of any community or school district to govern itself. When it comes to the question of banning books, however, we do not believe such a practice can, or should, be condoned here in the United States of America. To censor literature of any kind, no matter the reason, runs counter to the principles of free speech and expression upon which our country was founded. It is no mere coincidence that those freedoms were the first to be enshrined in our Bill of Rights. By protecting the right of individuals both to create and enjoy art and literature that provokes, challenges, and educates us and enriches the human experience, we nurture the freedom of thought that is fundamental to the preservation of our democratic values. To borrow an old cliché, but one that we feel bears repeating, censorship in any form is, simply put, un-American.

Fortunately, a force has emerged over the past three decades to combat the rising tide of bans and challenges across the country: Banned Books Week, an initiative begun in 1982 by the ALA that seeks to focus public attention on the problem each fall by encouraging libraries from coast to coast to spotlight banned and/or challenged titles. This year’s Banned Books Week will be wrapping up as this newspaper goes to press, but we see no reason to limit the celebration to just seven days. Your local library may still have a display in its foyer of the titles in its own collection that have been subjected to challenges or bans, so take a look the next time you visit, and show your support for Harry, Jazz, and their beleaguered brethren by taking home a banned book for your own enjoyment or, better yet, passing it around to family and friends. Draw your own conclusions about these books, for that is a luxury that someone else may not have tomorrow.

How can you make your money last during retirement?

FINANCIAL FOCUS

DENNIS ANTONOPOULOS

It’s probably safe to say that many of us are concerned about having enough money to cover our retirement years.

In fact, some surveys have shown that we are more frightened of running out of money than we are of dying. What can you do to help alleviate these fears?

Your first move is to create a retirement income strategy, and you’ll want to develop it well before you need to use it. While there are many ways to develop such a strategy, you may want to consider these three key elements:

Withdrawal rate – Your withdrawal rate is the percentage of your portfolio you use every year during your retirement. So, for example, if you retire with a portfolio worth \$1 million and you choose a 4% withdrawal rate, you’ll be taking out \$40,000 per year. Your withdrawal rate will depend on several factors – your age at retirement, the size of your portfolio, potential earned income, date at which you start taking Social Security, and so on. Clearly, when deciding on a withdrawal rate, you’ll want to reach the “Goldilocks” solution – not too much, not too little, but just the right amount.

Reliance rate – Your reliance rate is essentially the percentage of your overall retirement income that comes from your investment portfolio – your IRA, 401(k) and other accounts. It’s called a reliance rate because you rely on this portfolio for your income. The higher your reliance rate, the more you will rely on your portfolio to provide income during your retirement, and the greater your sensitivity to market fluctuations.

Income sources – The more sources of lifetime income you have – such as Social Security and a pension from your employer – the less you may be relying on your investment portfolio to cover your retirement goals. However, many private employers have moved away from pensions in favor of 401(k)-type plans, and Social Security will only provide about 40% of your preretirement income in retirement, assuming your earned income is average for U.S. workers, according to the Social Security Administration. Consequently, you may want to consider options such as annuities, which can provide lifetime income benefits.

It will take careful planning to put these three factors together in a way that can help you build enough consistent income to last throughout your retirement – which could easily extend two or three decades. And there’s no single formula for everyone. For example, while an annuity could offer lifetime cash flow and help you reduce your reliance on your investment portfolio, it also involves fees and expenses, plus lower liquidity than other sources of income, so it may not be right for everyone.

Fortunately, you don’t have to go it alone when taking all your retirement income factors into account. You may want to work with a financial professional – someone who can evaluate your individual situation and then recommend retirement income solutions based on your appropriate reliance rate, withdrawal rate and potential income sources. By getting the help you need and by following a suitable long-term strategy, you can ease some of the stress that comes from wondering if your life span might eventually exceed your financial resources.

PAXTON SENIORS

Are you interested in joining another wonder trip in 2019?

A group of Seniors from Paxton and surrounding towns are planning a trip this year to Italy. The group plans to leave Paxton on Sept. 9, with transportation provided to Logan and return. Our flight will take us to Rome, Italy for 10 days visiting many historical sites of Italy. Rome has many beautiful attractions that many of us have not seen on previous visits. After two nights in Rome, we will move on to one night in Perugia where we will have the opportunity to visit Assisi, the birthplace of St. Francis of Assisi. Following our stay in Perugia, we move on to Florence, “the Cradle of Italian Renaissance,” where we will view Michelangelo’s incredible statue of David. After two nights in beautiful Florence, we will move on to Venice. On the way to Venice, we will stop at a 12th century castle and learn about the famous Tuscany wines and enjoy a cooking class and lunch. Next we are off to Venice for two nights. During that time, we have an opportunity to visit many of the wonderful sites of the Canal City.

After Venice, our next and last night will be Milan where we will have an opportunity to visit and shop at the “Quadrilatero della Moda,” Milan’s high-fashion district. We will depart for home from Milan.

Crusaders earn crucial DVC victory versus Hopedale

Whitinsville Christian's Fiona Shaw digs out a Hopedale serve.

BY NICK ETHIER
SPORTS STAFF WRITER

NORTHBRIDGE — Something had to give when the Whitinsville Christian School's girls' varsity volleyball team hosted Hopedale High at the Nehemiah Center on Monday evening, Sept. 23. Potentially the two best teams in the Dual Valley Conference (DVC), both the Crusaders and Blue Raiders entered the contest undefeated in league games.

Whitinsville Christian was the stronger squad and emerged victorious, 3-0, with set scores of 25-19, 25-23, 25-20. The Crusaders are now 6-1 overall and 4-0 in the DVC,

while Hopedale is also 6-1 overall while slipping to 3-1 in the DVC.

"I'm just really pleased with the way the girls are playing," said Kris VandenAkker, back as head coach of Whitinsville Christian after two years as the junior varsity/varsity assistant coach. "Most of the sets we've played so far this year have been very close and they end up pulling themselves out of it."

That was the case with the Blue Raiders, as the first set saw the two teams all square at 18-18. But a combination of Hopedale errors, a Hope Brookhouse kill and an Anna May ace gave the Crusaders

five straight points to grab a 23-18 lead before winning 25-19.

Then, in the second set, Hopedale jumped out to a 13-7 lead. The Blue Raiders were still up, 23-22, as the pressure mounted. Whitinsville Christian grabbed the last three points to win it 25-22 as they pressured Hopedale around the net and while forcing them into errors.

The Crusaders then grabbed an early 6-1 lead in the third set and never trailed in it as they put the match away.

Brookhouse, just a sophomore but a third-year varsity player, knew that the anticipated matchup with Hopedale would be a battle.

"The DVC is always tough. We just beat Sutton and they had beat Sutton, so coming into it we had seen them a little bit at playday so we just prepared all weekend for them. We were definitely hyped."

When asked in which areas the Crusaders were able to excel, Brookhouse pointed to quite a few things.

"I think we definitely talked a lot better," she noted. "We had been working all week on out of system balls and we were really aggressive at the net. We attacked well and struck at their weaknesses and used our strengths."

VandenAkker was not surprised that Brookhouse offered so much insight into the match.

"Hope is very smart. She's intentionally placing the ball and it's the crossover from tennis — she's a very good tennis player," VandenAkker explained.

Whitinsville Christian — last year's DVC and Central Mass. Division 3 Tournament champions before falling in the State final — is off to another stellar start to the season despite losing four quality senior players in Christina Leduc, Emily Schneider, Abby Upham and Amiah Van Dyke.

"We're missing those four seniors from last year, so these kids are doing a good job of filling in and figuring stuff out, but we have to get better to defend the DVC title from last year," said VandenAkker.

And claiming the DVC title is at the top of Brookhouse's

Anna May of Whitinsville Christian sets up the offense with a pass.

Whitinsville Christian's Hope Brookhouse goes in for a kill versus Hopedale.

wish list.

"Our main goal is to be DVC champs again," she said. "That's what we've been working for and once we get that we'll work toward Districts and States."

VandenAkker knows that it won't be easy, though.

"It's a whole different ball-game when playing in their gym," she said.

The Crusaders will play their three toughest league games on the road soon, as they travel to Nipmuc Regional on Sept. 30, to Sutton on Oct. 7 and to Hopedale on Oct. 9.

Uxbridge, Tantasqua fit to be tied

Uxbridge's Jenny Frick and Tantasqua's Eva Wengender collide while going for an elevated ball.

UXBRIDGE — Two evenly matched teams don't always end up with the same result, but in this case — when the Uxbridge High girls' varsity soccer team hosted Tantasqua Regional on Wednesday, Sept. 18 — the Spartans and Warriors battled to a 1-1 tie.

Both coaches seemed pleased and not surprised by the result.

"We knew it was going to be close," said Uxbridge head coach Brian Linnehan. "To come out with a result was important, without a doubt."

"A point is better than none," Matthew Rickson, Tantasqua's head coach, said. "The girls still played hard, played aggressive and moved the ball well."

In the first half the possession was favored in the Warriors' offensive zone, including a corner kick opportunity where the ball slipped past Spartans' senior keeper Sydney Bretana — and a few Tantasqua players — before being kicked out of harm's way. Then, almost on cue, Uxbridge scored coming down the other end in the 34th minute.

There, senior Elena Franzosa gathered the ball in the middle of the field and directed a pass to her right side into space. A sprinting Kathryn Cahill, just an eighth grader, approached it

and, in stride, took two touches toward Warriors' junior keeper Ainsley Way. Cahill then booted a shot at the left portion of the net and past Way for the score.

"I've seen that at all levels of soccer; that's what's beautiful about this game or ugly about this game," Rickson said of having a scoring opportunity, only for the opposition to come right down the field and get the goal. "In this case it was very beautiful for Uxbridge and ugly for us, but that's why I love this sport."

Linnehan was quite pleased about his team's scoring play.

"It was a beautiful goal," he said. "It was a goal that we like to see where our forwards combine. We played a nice combination to get [Cahill] into space and behind the defense."

The Spartans took their 1-0 lead into halftime, but it wasn't long before the Warriors responded.

In just the third minute of the second half, Tantasqua junior Amber Almeida broke free from Uxbridge's defense and was in alone on Bretana. Almeida took a final touch into the box, where Bretana made contact with her, causing a yellow card and coinciding penalty kick.

With Bretana forced to the sideline for the play, Cahill stepped in to play goalie. And she got a hand on Almeida's shot, but it ultimately found the back of the net for the score.

"She was a little calmer on the ball compared to the other chances and her last touch before the shot was on," Rickson said of Almeida's chance being better than the other touches the Warriors had throughout the game. "A lot of the other chances, their last touch they either touched too much or they didn't touch enough. That's on our list to work on, finishing under pressure."

Tantasqua nearly took a 2-1 lead with 21 minutes to play when senior Eva Wengender found enough room in tight to take an unimpeded shot, but Bretana made a kick save a la a hockey goalie.

In all, Bretana made 15 saves and had countless other possessions where she slid in to corral the ball before a Warrior could shoot.

"Her timing is good; right when they

Jenny Frick of Uxbridge sends the ball away from traffic.

take that touch, boom, she's there to get the ball," Linnehan said of Bretana's aggressive nature. "She's definitely one of our MVP's and she's improved every year. As a coach that's what you want to see."

With 10 minutes to go it was Uxbridge's turn to almost take a 2-1 lead. There, Franzosa's shot clanged off the crossbar and the rebound went to Cahill, whose shot was saved by Way (five saves).

The game's final flurry featured Almeida passing the ball over to her right to sophomore teammate Faith McCormack, who one-touched before shooting. But Bretana was there to

preserve the tie, as Uxbridge is now 3-1-1 and ahead of the .500 mark to get back into the Central Mass. Division 4 Tournament, where the Spartans hope to defend their title from last year.

"We created a lot of opportunities," Rickson said of his squad, which is now 2-2-1 and hopeful to get into the Central Mass. Division 1 Tournament. "We still created quite a few numbers in the second half; we just couldn't capitalize on any of them."

"We're right down the middle," Rickson added about the team record. "That's what we're shooting for [to get into the playoffs]."

Persistence pays off for Blackstone Valley Tech to slip past Minutemen

Blackstone Valley Tech's Mike Boone displays good defense in not allowing Bay Path's Devin Hanlan to dribble past him.

BY NICK ETHIER
SPORTS STAFF WRITER

UPTON — The Blackstone Valley Tech and Bay Path Regional boys' varsity soccer teams matched up on Friday, Sept. 20 and, after a scoreless and evenly played first half, the Beavers turned it on in the second stanza.

There, they finally broke through for two late goals to upend the Minutemen, 2-0, and remain a perfect 5-0 on the season.

Bay Path's record slipped to 4-2 following the loss.

"I felt like we really controlled the ball and limited their chances," said Valley Tech head coach Khalid Al-Haza'. "I kept waiting for it to hit the back of the net and finally in that 69th minute we got one."

In that minute the Beavers

earned a free kick just outside of the Minutemen's defensive box. From there, junior Luke Morrison took the kick and, after it hit Bay Path's wall, it trickled closer to the goal. Two Valley Tech forwards, including junior Grant Van Dyke, were there and Van Dyke slipped his shot past junior keeper Aiden Sabatinelli for the game-winner.

Then, in the 73rd minute, Valley Tech put the game away with another goal.

"That definitely took a lot of pressure off," Al-Haza' said of the insurance score. "The first goal felt good, but it definitely wasn't over."

On the play, freshman Ben Tufts earned his first varsity goal by winning a one-one-one battle with his defender as the serviced ball lowered to the ground. Tufts then one-timed

a shot into the upper portion of the net.

"He saw the keeper coming out and if he tried to get a touch I don't know if he would have controlled it. Instead, he stuck his foot out and got a nice [shot] on it," Al-Haza' said of the heads-up play.

Bay Path head coach Dave Martinson agreed that the Beavers outplayed the Minutemen in the second half after a close first 40 minutes of play.

"They pressured us more in the second half," he said. "Their intensity was better than ours in the second half and they did a good job of shutting down our scorer."

Bay Path's scorer is junior Devin Hanlan. He and the rest of the Minutemen — including main facilitator Ben LaPointe, a senior — were limited to just four shots on frame, which were smothered by senior keeper Zach Brabham for the shutout.

Sabatinelli made 12 saves for Bay Path.

"He came up big," Martinson said of his goalie. "They definitely could have had a few more [goals]. He's been training and working hard all season. When he's practicing he's 200 percent focused. He's really done a great job for us this year."

The Beavers' victory not only kept them undefeated overall, but also unblemished in the Colonial Athletic League at 4-0. That's important to Valley Tech since one of their goals is to finish atop the table.

"Our goal is to win our league [Colonial Athletic League Large Schools Division] and so far we're in a good spot," Al-Haza' concluded.

Nick Kirby of Blackstone Valley Tech passes a through-ball down the field.

Blackstone Valley Tech keeper Zach Brabham leaps into the air to make the save versus Bay Path.

Dorman's second half goal enough for Cougars to edge Northbridge

On Wednesday, Sept. 18, Quaboag Regional's Kiarra Dorman scored early in the second half to break a 1-1 tie with Northbridge High. Julissa De'Leon scored in the first half off of an assist by Dorman For the Cougars, while the Rams got their goal early in the first from Ally Boucher.

Northbridge's Morgan Mawn controls the ball with Kiarra Dorman of Quaboag closing in.

Hannah Lomonaco of Northbridge send a pass away from the pressure of Quaboag's Kassidy Neilson.

Northbridge's Ally Boucher rears back to send the ball across before Quaboag's Jordan D'Angelo reaches with pressure.

Northbridge's Caitlyn Mahoney steps up on defense to clear the ball out.

Renewal by Andersen

WINDOW REPLACEMENT an Andersen Company

SOME **CHANGES ARE HARD**, BUT AT LEAST WE MAKE REPLACING YOUR WINDOWS EASY.

The most hassle-free home improvement project you'll ever have. You won't have to deal with a manufacturer or chase down an installer. We manage the entire process—from building to installation to the warranty—on our windows and patio doors.

Andersen is the window that every homeowner wants. Renewal by Andersen is the full-service replacement window division of Andersen, and our window is engineered to help save you money on your energy bills and make your home more comfortable.

56,950 other MA and Southern NH area homeowners have trusted us. That means we understand the window and patio door problems in this area. And our installers are true craftsmen who will completely and thoroughly clean up after your upgrade is complete.

We won't try to "sell" you on vinyl. Poor-quality vinyl windows can discolor, leak and warp just a few years after they're installed, so we refuse to sell them. Our window's Fibrex® composite material is twice as strong as vinyl.

The importance of routine vehicle maintenance

Owning a car is a big responsibility. Drivers who plan to keep their vehicles for the long haul must emphasize maintenance if they want to keep adding miles to their odometers. In fact, the automotive information site CarAdvice says that routine maintenance may be the most important thing drivers can do for their vehicles.

A vehicle needs consistent care if it is to run efficiently. Maintenance also reduces the risk of roadside breakdowns and costly repairs. Here's a look at some of the benefits of staying on top of maintenance.

- Saves money: Even though maintenance costs money, sticking to a consistent maintenance schedule can save big bucks in the long run. For example, the cost of rotating and aligning tires is considerably less than repairing a car after a major blowout and paying for a tow and tire replacement.
- Improves performance and efficiency: Routine maintenance includes oil changes, filter changes and fluid top-offs. Such tasks keep engines running smoothly. Ignoring this routine maintenance can put engines in jeopardy of breaking down and adversely affect vehicle

performance, diminishing fuel economy and leading to a sluggish ride.

- Identifies safety issues: Routine inspections and work performed by reputable service stations help drivers stay abreast of recalls or issues that can affect the safety of the vehicle.
- Maintains a maintenance record: When the time comes to sell the vehicle, having a log of routine maintenance indicates to potential buyers that the vehicle was well cared for.
- Keeps compliance: Vehicles covered under manufacturer's warranties typically need to be maintained in adherence to factory-recommended maintenance schedules. This ensures that the vehicle is in compliance and will be covered in the event of a warranty claim.

Routine vehicle maintenance is important for a variety of reasons. Drivers can work with a trusted and reliable mechanic to develop a schedule that keeps their cars and trucks on the road.

Reduce distractions behind the wheel

If you must use your cell phone, do so only after pulling over to the shoulder or into a rest stop.

Despite the fact that automobiles are now designed with more safety features than ever before, the rate of traffic accidents and fatalities continue to rise. The National Safety Council says safety improvement like crash-avoidance technology hasn't reduced accidents, and driver error is still to blame for many crashes — with distractions behind the wheel and impaired driving leading the way.

The National Highway Traffic Safety Administration says distracted driving claimed 3,450 lives in 2016 alone. Distracted driving is defined as any activity that diverts drivers' attention from the road. This can include everything from talking to passengers to eating to fiddling with the car radio. However, distractions from technology have become especially alarming, particularly texting or reading phones while driving. During daylight hours, approximately 481,000 drivers typically use cell phones while driving. The NHTSA says that removing one's eyes from the road for a mere 5 seconds when traveling at 55 miles per hour is like driving the length of a football field with your eyes closed.

Reducing distractions should be a priority for all drivers. Here are some suggestions, courtesy of Geico insurance and AAA Exchange.

- Store loose gear and other items that can roll around away from the driver's seat so you are not tempted to reach for them.
- Adjust mirrors, GPS maps, climate controls, music, and more before you put the car in drive.
- Use a mobile phone only for emergency purposes and only after pulling over to the side of the road. Avoid social conversations on the phone while driving.
- Limit the number of passengers you allow inside your car. The more passengers, the more distractions. This is especially true for young drivers.
- Eat food before getting in the car. Snacking while driving makes you less attentive to the road around you.
- Secure children and pets accordingly.

Both should wear harnesses and not be given free reign to roam around the car.

- Try to focus only on driving while in the car. Leave the multitasking to when you're not behind the wheel.

Geico indicates that studies have shown people are limited in the amount of information they can process at any one time. Driving requires focus and an ability to react to a host of potential circumstances. Distractions compromise drivers' ability to focus. Reducing distractions can considerably cut down on the number of motor vehicle accidents each year.

Don't Let Tires Flatten Your Travel Plans

(NAPS)—Getting a flat tire is no fun for anyone at any time, especially on vacation. To keep your next road trip rolling along, the nonprofit Car Care Council recommends a quick tire check before you leave the driveway.

“The excitement of summer vacation quickly deflates when your car has a flat tire,” said Rich White, executive director, Car Care Council. “A quick four-step tire check will help you to avoid the aggravation of changing a flat tire on the side of the road.”

1. Check that all tires, including the spare, are inflated to recommended pressure levels.

2. Check tire tread depth with a simple penny test—if you see Lincoln’s head above the tread, then it is time for new tires.

3. Check for irregular wear as uneven wear indicates a need for wheel alignment.

4. Check tires for cuts, bruises, bulges, bald spots or other irregularities that can lead to a flat tire.

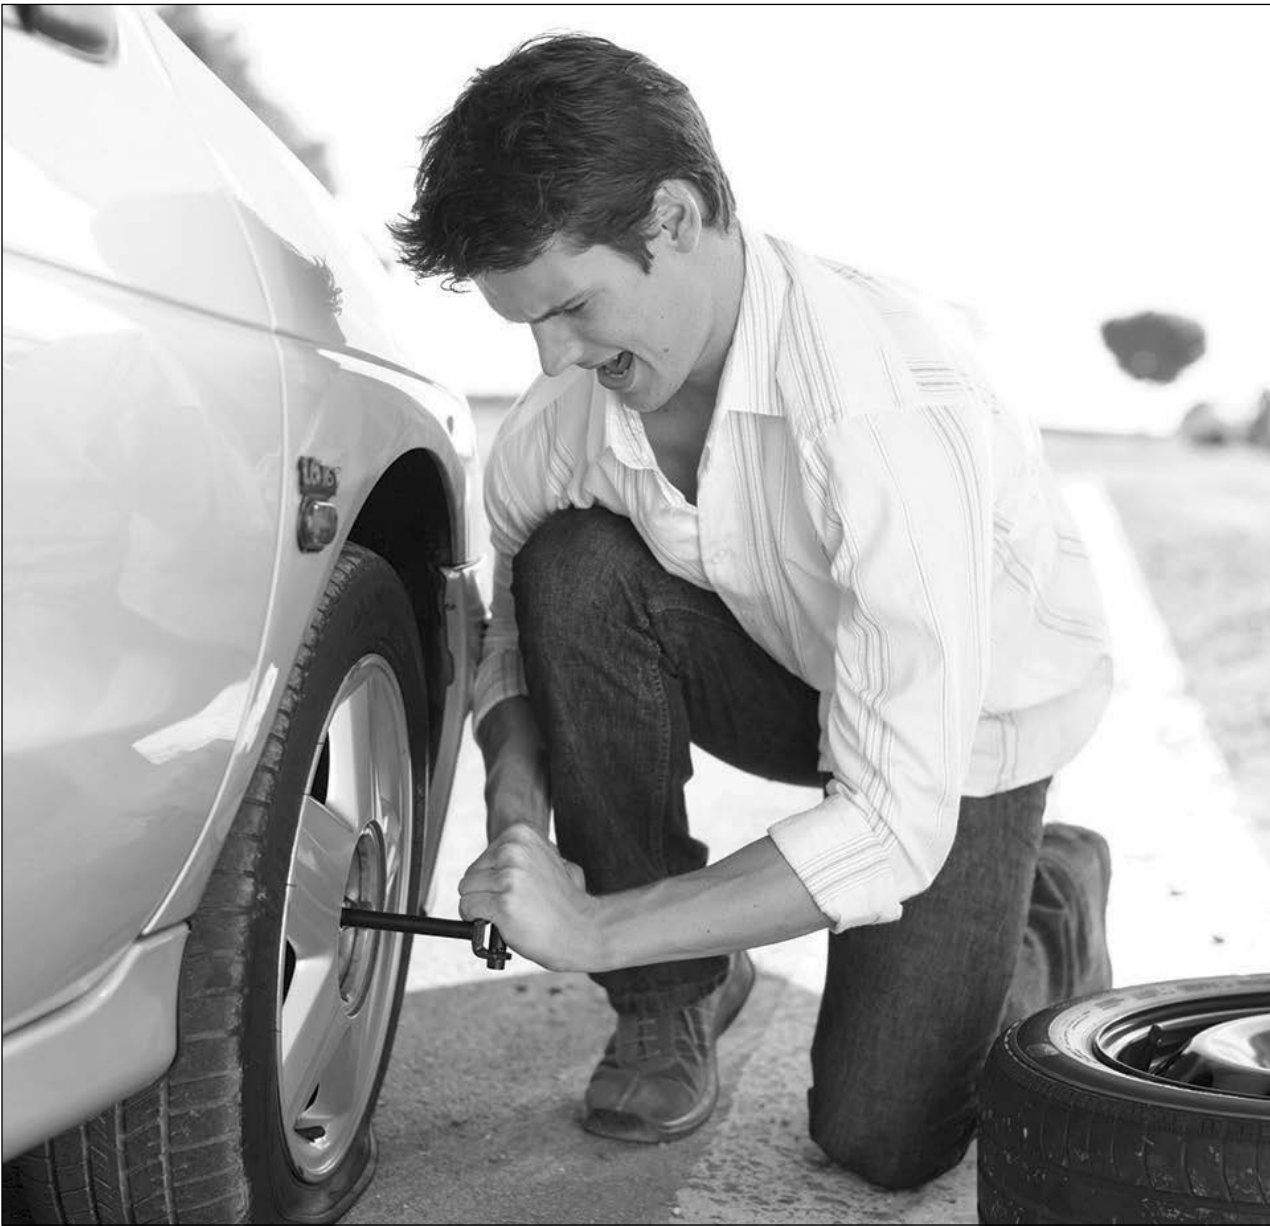

“AAA expects to get calls from stranded motorists this summer and a good portion of those vehicle troubles

will be tire related,” said White. “A comprehensive pre-trip vehicle inspection, including the tires, is the best way to alert yourself to any potential issues so you can address them before you leave home and keep your road trip on track.”

For more information on tire safety and maintenance, visit www.ustires.org/safety. For service interval schedules, questions to ask a technician and other helpful auto care information, view the Car Care Council’s free digital “Car Care Guide” at www.carcare.org/car-care-guide.

Check your tires before your next road trip so they don’t leave you flat.

Ignore These Vehicle Repairs And You May Get Pulled Over

Keeping your car in good repair may keep you from getting a ticket.

(NAPS)

Many drivers may feel that they don’t have the time or money to address vehicle repairs immediately, but beware: Ignoring some repairs can get you pulled over and even ticketed.

“Ignoring certain vehicle repairs may seem to save money in the short term but can lead to extra costs, such as fines or ‘fix-it’ tickets, if these problems are not taken care of when they arise,” explains Rich White, executive director, Car Care Council. “In some jurisdictions, car owners may even lose their license for cer-

tain violations. A few dollars spent on simple vehicle repairs can help avoid trouble with the law.”

While a vehicle is in operation, traffic laws require that certain equipment is properly installed and functioning correctly, including brakes, headlights, turn signals, mirrors, windshields and safety belts, to name a few.

The Car Care Council recommends that drivers address these four repairs right away as they present public safety concerns that can earn drivers a traffic ticket on top of a repair

bill.

- Non-functioning turn signals and headlights or taillights that are cracked or broken. Most states require vehicles to have functioning turn signals as well as two functioning headlights and taillights. Taillights must illuminate red; if a taillight is cracked, it can give off a white light, which is also typically a traffic violation.

- Cracked windshield. If a windshield is cracked, discolored or tinted in a way that obstructs vision, drivers may get ticketed and fined. In some

states, vehicle modifications, such as tinted windows, are prohibited.

- License plates are unreadable. If the license plate light is out or the plate is otherwise unreadable, drivers may be pulled over. In some states this includes clear or tinted plastic license plate covers.

- Loud exhaust system. A defective exhaust system that is too loud, either because it’s been modified or because it needs repairs, can be cause for a ticket. What’s considered loud depends on the state.

Many states also require

periodic vehicle safety inspections. For an overview by state, visit <https://drivinglaws.aaa.com/tag/safety-inspection/>.
