Konieczny retires from Dudley Fire Department

Dudley Fire Chief Dean Kochanowski presents retiring Captain Dave Konieczny with his helmet as a thank you for his 39 years of service to the department.

DUDLEY — After 39 years of service Dudley has said goodbye to one of its most committed firefighters with the recent retirement of Captain Dave Konieczny on Saturday, June 17.

Konieczny was honored by selectmen during their June 19 meeting two weeks after Dudley hired its first full-time female firefighter, Maria Soja, to the department. Selectmen took the time to thank Konieczny for

his service, many crediting him as a powerful spokesman for his fellow firefighters especially when contract negotiations were taking place.

"I've negotiated union contracts on one side of the table or the other for 36 years at the state level and right here in Dudley. I've never encountered a more tenacious negotiator than Dave," Selectman Paul Joseph said while complimenting Konieczny for his service. "We did I don't know how many

contracts together and when he made up his mind that it was going to be in the contract then it was going to be in the contract."

Selectman John Marsi echoed Joseph's compliments saying that firefighters throughout Dudley's department should all thank the now-retired captain for everything he's done to help them in their own

careers over the past 39 years.

"I want (the firefighters) to know how hard he fought for them and their contract. There were some things he wouldn't let go of that they will have and benefit from to go forward. They owe

BOS targets hydrants, water quality in Aquarion merger

BY GUS STEEVES
STONEBRIDGE STAFF WRITER

OXFORD — Praising Aquarion's maintenance work, selectmen raised concerns about water quality and hydrant charges in light of two ongoing processes: the firm's quest to increase rates and to merge with regional energy giant Eversource.

The former would increase water rates by 14.7 percent next February if approved by the state Division of Public Utilities. The latter would mean local water and energy bills would ultimately help enrich the same people, with Aquarion becoming a subsidiary of Eversource.

A public hearing on the rate hike is slated for July 19 at 7

p.m. at the high school.

Aquarion operations Vice President John Walsh said the merger will be "transparent" to customers, with the firm keeping all of the same staff and local managers and continuing the projects it has in process.

When he used that word, though, Selectman John Saad remarked, "So all the issues we have should be transparent?"

"I have to know what those issues are," Walsh responded.

Specifically, Saad was referring to manganese levels found in the town's wellfield. Walsh said one well has the metal at a level that exceeds state health standards, but there are no enforceable state or federal

Shaw formally sworn in as Deputy Chief

BY JASON BLEAU
TIMES CORRESPONDENT

WEBSTER — After being announced as the choice for the Webster Police Department's vacant deputy chief position, Lt. Michael Shaw was formally sworn in and promoted on June 19 before the Board of Selectmen, community members, and members of the police department, fire department, and Webster EMS.

Shaw's swearing in was the first item on a busy agenda for selectmen that night, but put an end to six months of anticipation and debate over who, if anyone, would fill the role. The deputy chief position had received some public opposition at town meetings over the past two years and in January members of the local police union had expressed concern that Town Administrator Doug Willardson would poten-

tially pass over Shaw for the position despite him being Chief Timothy Bent's suggested pick for the job. However, a public meeting cleared up the later misconceptions as at the time Willardson admitted he wanted to learn more about the lieutenant before he made a final recommendation. On June 19 Willardson said he has gotten to know the officer and feels Shaw

Library seeing success as new facility takes shape

BY JASON BLEAU
NEWS STAFF WRITER

WEBSTER — As part of a new feature for BOS meetings, selectmen played host to a presentation concerning the status and success of the library as the new facility continues to take shape beside the town hall.

The feature was explained by Town Administrator Doug Willardson to be an opportunity for town departments and organizations to present the growth and success of their group at monthly selectmen meetings and explore ways to improve or continue performance growth in the foreseeable future. As the debut version of this new program the Webster library focused on

its success over the past three years and the status and anticipation of the new Gladys E. Kelly Public Library scheduled to open its doors next year.

Willardson started off the presentation complimenting the library's small staff of six for helping provide the best service possible for the town on a consistent basis. "This is actually kind of a very small and slim staff. We're excited that they're able to get so much done within the department with the staffing they have now," Willardson said. "When we move into the bigger building the state, as part of the grant requirements, has said we have to be able to run the building with the existing

Oxford native continues family legacy at Thompson Speedway

BY JASON BLEAU

A family legacy continued at Thompson Speedway Motorsports Park on Wednesday, June 14 as Oxford native Troy Talman claimed his first victory in the Sunoco Modifieds, a racing division that holds track championship series at numerous local speedways including Thompson.

Driving the number three car owned by reigning Sunoco Modified Thompson track champion Keith Rocco, Talman won in only his second start in the series at Thompson, but what makes his win so special is his victory continues a family legacy of winning at the historic track where Talman began his racing career on the smaller Little T at the tender age of 10 racing quarter midget.

"This is definitely a great facility I like what they've been doing the past few years," Talman said of a track that helped define him as a racer.

How do you make sure you make the right investment in a home?

At the end of the day this is your house and you want to ensure that it is a place that you can call home. Even if the home is a place that you never plan on moving from, I always think we should consider how good of an investment is this home. We want to think of whether there will be issues if you had to sell your home that would cause the average buyer to not purchase the home. Here are a few things to consider:

Over-improvement - Never over-improve the home for the neighborhood or the town. If you live in a neighborhood with all 1000 square foot ranches, don't add a 2nd floor to your home and an addition of the back. You will never recoup that money because the other homes will pull down the value

of your home. Also be careful about over-improving the finishes in the home as that will have the same affect. So if you are going to buy a home also look to ensure that the home is not too superior to the neighbors unless you are getting a good

discount.

Curb Appeal – Make sure the home either has good curb appeal or could have good curb appeal. If you buy an ugly house that cannot be made pretty that may be an issue when you go to sell the home. The first picture that someone sees of the home is of the front and it will show the curb appeal or lack thereof.

Neighbors – You could have a beautiful home but if all your neighbors

homes are not appealing then that can cause an issue in the future. Yes, you can definitely have turnover in your neighborhood but if almost all the people take care of their homes you have a better chance of those who move in to have the same desire to make their home look good. They will have that pride of ownership.

Home Inspection – Most people are not professionals in the area of home maintenance. Ensure you have a certified home inspector inspect the home so you know exactly what you are getting into. This will help give you a good idea if it is still a good long term investment.

Get title insurance – The bank if you get a loan will make you get lender title insurance but also get owners title insurance. This protects you when you find out that garage you thought was yours and then you find out half of it is on your neighbors property. At this

Nichols College launches graduate program on counterterrorism

DUDLEY—Nichols College has launched a leadership-focused graduate program in counterterrorism studies developed for those pursuing careers in the fields of intelligence, public policy, and security. Through an innovative in-class and online experience, students will learn from counterterrorism experts the factors contributing to the radicalization process of violent extremism, and explore strategies to counter both terrorism and violent extremism.

“Given that protecting the safety and security of our country has become more challenging than ever, Nichols College's new Master of Science in Counterterrorism (MSC) will thoroughly prepare students for a dynamic, rewarding career in the field of homeland security,” said Kerry Calnan, executive director of Nichols College Graduate & Professional Studies. “The MSC degree provides students with the proper framework to distinguish between terrorism and violent extremism. Our accomplished faculty are experts in criminal justice, homeland security, and the military; students will learn from them methods to combat

worldwide threats and trends of terrorism.”

Nichols College faculty saw a need to create this program for students once the Department of Homeland Security stressed the importance of countering violent extremism as a top priority for the United States. The federal agency employs more than 240,000 people in jobs ranging from aviation and border security to emergency response, and from cybersecurity analyst to chemical facility inspector.

Counterterrorism expert and Nichols College assistant professor of criminal justice Allison McDowell-Smith, Ph.D., is one of the program's faculty members. She is a senior research fellow for the International Center for the Study of Violent Extremism and has trained Belgian police on de-radicalization processes. She serves as a violent extremism expert editor to Defence and Intelligence of Norway, a digital fellow for the Montreal Institute for Genocide and Human Rights Studies, and president of the Massachusetts Association of Criminal Justice Education.

“Violent extremist threats can develop from groups and

individuals, both domestically and internationally,” said McDowell-Smith. “It is necessary to understand the radicalization process, ideologies, security measures, and the role of social media in the formation and implementation of violent extremism within our current society. By understanding violent extremism, counter violent extremism strategies can be examined and implemented to effectively combat terrorism in our current society as well as threats of terrorism-related events.”

The 30-credit MSC curriculum includes courses on home-grown violent extremism, international violent extremism, cybersecurity, border security, and the media's impact on violent extremism. And with Nichols HyFlex conferencing technology, students choose each week whether to learn in the classroom or online, in real time. They can participate in class no matter where they are.

Students will become well-versed in the general ecosystem of violent extremism — from theo-

retical explorations of violent extremism to legal and policy contexts to organizational dynamics and contemporary practices that advance positive change to confront violent extremism.

“Violent extremism pres-

ents a unique threat for counterterrorism experts as it involves the cooperation of various agencies including military, law enforcement, intelligence, and social media advocates,” said McDowell-Smith.

Reunion planned for Prouty alumni

BY KEVIN FLANDERS
NEWS STAFF WRITER

SPENCER — September is always a time for students to reunite with classmates and make new friends from other grades. The same will be true this September for alumni members of the original David Prouty High School, who will reconnect with friends they haven’t seen in decades and also meet other former students.

On Sept. 20, the DPHS Class of 1958 will host an alumni luncheon at noon at Point Breeze Restaurant in Webster (114 Point Breeze Road). The event is open to members and guests of all DPHS classes through 1966, which comprise the original DPHS before the new building was constructed. Anyone who attended the school, even if they moved away or didn’t graduate, is invited to take part.

“This is the first opportunity for everyone who attended the school to get together,” said Sandra Burnham, a Class of 1958 member who helped organize the luncheon. “I am a people person – I have a lot of contacts, and I love seeing people make new friends and have a great time.”

The event will begin with a social hour from 12-1 p.m. – the perfect chance for old friends to reconnect while enjoying hors d’oeuvres and a cash bar. The sit-down luncheon meal will take place from 1-2:30 (guests will choose between three main entrees). Guest speakers will take the floor from 2:30-3:15, followed by a trip down memory lane for guests that includes photos and presentations.

For Burnham and co-organizer Wayne Allen, the preparations have been extensive for the event, including the creation of a database of alumni members. Organizers have also attempted to designate communications leaders for each class who spread information about the event to their respective classmates.

Indeed, the work leading up to this first of its kind event has been significant, and organizers can’t wait for the big day.

“We experimented last year with a luncheon for people in five classes [1956-1960], and everyone really loved it,” said Allen, who is also a Class of 1958 mem-

ber. “This will be a chance for even more people to reconnect and make friends.”

The lineup of speakers for the luncheon hasn’t been finalized, but organizers are hoping for a current DPHS administrator who can highlight the differences between the original Prouty school and the current atmosphere. A lot has changed over the years, but the same “Prouty Pride” has always defined students coming to school in Spencer.

The cost for each luncheon attendee is \$31. Prepaid reservations are required for this limited attendance event, and slots will be provided on a first come, first served basis. All attendees will receive a magnetic card with a color photo of the original David Prouty High School, courtesy of Frank Morrill, who will also deliver a PowerPoint presentation about Spencer circa 1900.

Door prizes will also be drawn, and a table will display class memorabilia brought by attendees.

For more information about the event, or to obtain a reservation form, call Burnham at (508) 434-2951 or send an email to davidproutyalumni@gmail.com. You must mail your completed reservation form along with a check or money order to secure your spot.

Organizers are also looking for anecdotes about the high school experiences of attendees from different graduating years. If you would like to share a favorite high school story with the group, please include a synopsis of it in your reservation form.

Southbridge Credit Union Awards \$5,500 in Scholarships

In memory of Thomas J. Smalarz, Southbridge Credit Union (SCU) proudly renamed its scholarship fund to the Thomas J. Smalarz Memorial Scholarship. Mr. Smalarz was a former President and CEO of SCU and was a strong supporter of education as he started his career as a teacher himself.

SCU awarded a total of six scholarships to deserving students from local high schools for higher education. The selection of the scholarship recipients is taken care of by each school’s Scholarship Committee:

Bay Path Regional Voc. Technical HS, Charlton a \$1,000 - higher education scholarship to Kelsi Mitchell; a \$500 – trade tools scholarship to Craig Dwinell;

Tantasqua Regional High School, Sturbridge a \$1,000 - higher education scholarship to Jack Bouhana;

Shepherd Hill Regional High School, Dudley a \$1,000 – higher education scholarship to Abigail White;

Auburn High School, Auburn a \$1,000 higher education scholarship to Téa Belog ; and

Southbridge High School, Southbridge a \$1,000 – higher education scholarship to Jacob Doiron.

“The future does look very bright for these students and we wish them much success throughout their academic years! We’re happy to contribute towards their education and know they will make their families and our communities proud.” said Kate Alexander, President/CEO of SCU. “Best of luck to all scholarship recipients and congratulations to the Class of 2017!”

Buddy Bench dedication to brave classmates

On Saturday, May 13, the Park Avenue Elementary School community gathered to dedicate two buddy benches on each playground to Kaylen Gilman and Jaeden Robinson, two young students who passed away in 2016 due to illness.

Family, friends, classmates, and teachers gathered for the ribbon cutting ceremony for the benches during the PTO Spring Carnival, where the families were invited to cut the ceremonial ribbon and to be the first ones to sit on the buddy benches.

Kaylen and Jaeden were fighters who had tremendous amounts of perseverance and strength as they fought through their illnesses. To honor their memory, teachers Amanda Andersen, who was Jaeden’s brother Devin’s first grade teacher, and Susan Lewis, who was Kaylen’s kindergarten teacher, came up with the idea of fundraising money through a bake sale at the PTO “Me and Someone Special Dance” to get the buddy

benches for each playground in the children’s names. Almost \$1,000 was raised at the bake sale alone, and the rest of the money for the project was donated by the Park Ave Elementary PTO!

The purpose of a buddy bench is to have a place for children to sit when they are in need of someone to play with. Adults and children both know that if someone is sitting there they are in need a friend. The benches were carefully placed in a spot where many of the children play and where teachers are stationed during recess to monitor these benches. The hope is that if someone is looking for a friend they will sit here and someone will come over quickly to see how they can help.

Now that the buddy benches have been dedicated they are ready to be used!

These buddy benches will be a permanent reminder of friendship and perseverance and will help Kaylen and Jaeden’s memory live on forever in our community.

The First Baptist Church, Main Street, North Oxford is sponsoring Vacation Bible School the week of July 10th to the 14th from 9 to 12.30. This year’s program is The Incredible Race. Cost is \$15 per child. A family of 4 is \$35. If more information is needed you can contact Amy at 774 823-6.37.

CHILDCARE GRANT

Webster Child Care Collaborative, Inc. is pleased to announce it received a grant from The Janet Malser Humanities Trust for the annual music program. The music program was approved for 32 weeks with 4 classrooms enjoying the program each week, including the Infants, Toddlers, Preschool and Pre-K children. We want to thank The Janet Malser Humanities Trust for approving

us for the grant as this is a great asset to our curriculum program.

Apple Tree Arts of Grafton, a non-profit organization, was contracted to provide the music program to the children at the center. The program started on May 11th and will run through the middle of December. Again, we thank The Janet Malser Humanities Trust for allowing us to offer such a great program to the 58 children enrolled at the center from all areas of Central Massachusetts and Northern Connecticut.

Friday’s Child

John and Kelsey are a loving and bonded sibling group of two of Caucasian descent. Kelsey is a sixteen-year girl whose foster mother describes her as a “giggle puss”. If you spend time with her you will quickly see why! She has the biggest smile and an infectious laugh. Kelsey is diagnosed with Down Syndrome and Cerebral Palsy. She was previously using a wheelchair prior to coming into foster care, but now is now walking and making tremendous progress! She is getting stronger every day and working hard in physical therapy! Kelsey likes to do karaoke, read, and listen to music. One of her favorite singers is “Pink”! Kelsey is in the ninth grade where she receives support in school through her Individualized Educational Plan (IEP).

John is a fifteen-year old boy who likes Pokemon, watching TV and working out! John has lost over 100 pounds in the last year due to his hard work and determination to work out and eat healthier. John is in the ninth grade where he receives additional support in the classroom through his Individualized Educational Plan (IEP). John is a talented teen who likes to cook and do woodworking projects. He is described as outgoing and engaging. Legally freed for adoption, the children have shared they are looking forward to having a mom and a dad. They may want contact in the future with an adult sibling so a family should be open to maintaining this connection.

Who Can Adopt?

Can you provide the guidance, love and stability that a child needs? If you’re at least 18 years old, have a stable source of income, and room in your heart, you may be a perfect match to adopt a waiting child. Adoptive parents can be single, married, or partnered; experienced or not; renters or homeowners; LGBTQ singles and couples. The process to adopt a child from foster care requires training, interviews, and home visits to determine if adoption is right for you, and if so, to help connect you with a child or sibling group that your family will be a good match for. To learn more about adoption from foster care, call the Massachusetts Adoption Resource Exchange (MARE) at 617-54-ADOPT (617-542-3678) or visit www.mareinc.org. The sooner you call, the sooner a waiting child will have “a permanent place to call HOME.”

Feast brings the church into nature

On the morning of June 18th, Catholics around the world celebrated the Feast of Corpus Christi. The feast, which has been observed by Christians since 1246, is a celebration of Christ's real presence in the Eucharist.

During the annual Corpus Christi Celebration at St. Joseph Basilica in Webster members of the First Communion Class, Parish Ministries, Boy Scouts, Children of Mary and parishioners participated in the procession giving public witness to the Eucharist and expressing their gratitude to Jesus Christ.

This year's procession began at the doors of the Basilica and stopped at four altars set-up throughout the neighborhood. Underneath the protection of a canopy, the Eucharist was

solemnly carried through the streets of Webster by Rev. Msgr. Anthony Czarnecki, Rector, and Associate Pastor Rev. Grzegorz Chodkowski, who took turns carrying the Blessed Sacrament. They stopped at each altar and a gospel reading was read followed by prayers and a brief blessing.

At the last of the four altars, Fr. Grzegorz gave the Benediction and the celebration concluded with Divine Praises and a closing hymn.

Once more, St. Joseph School students and parishioners expressed their faith in the real presence of their Savior Jesus Christ. He is among us in the Holy Eucharist not only in a tabernacle, but also in our everyday lives.

No more pencils...
no more books...

At one time this was the sing-song as children were released for the summer; to the freedom of what was then nearly three months of no assignments and no deadlines. Blissful freedom to sleep late, hang out with friends, eat whenever and whatever, make up games or pick up the usual kid games if you had enough kids to make up a team.

There was not much organization to it; there were kids in each neighborhood, you hung around with the ones who lived closest, as you got older you might be able to ride a bike a few blocks further away. You made do with the playthings at hand, or made your own. No proper bat and bases? No problem, mom's broom got taken apart for its handle and everyone found a sweatshirt or some such to fold into a shape for a base in the empty lot. Little League? You were an all star if you actually owned your older brother's cast off glove; and it didn't matter if it was actually a catcher's mitt and you were out in right field.

Girls made doll clothes out of hollyhocks, dressed their teddy bears in discarded t-shirts. Theirs was not a world of Design-A-Bear workshops or American Girl franchises.

There were no helmet laws or safety pads for skating or whatnot. If you fell, you got bruised or scraped. Meh.

And once you had spent a frenzied, fevered couple of days out in the sun, you might take a quieter day; lay about with a book because you wanted to; the story was a good one and transported you away to somewhere you'd never been, with people you would never meet, and had adventures. By yourself. With no interactive prompting.

See, today's version of no pencils and no books is a little scarier.

At least it is to us.

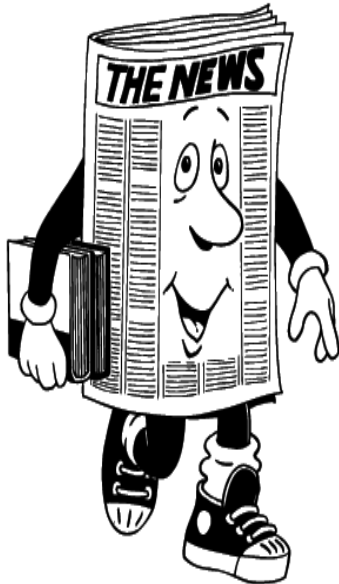

We see over scheduled kids with no free time to just BE. And if they do find a few precious seconds, they spend them on something electronic that tells them how to move, how to think, what to do... how to be.

We're losing childhood real fast here. And we're doing it to ourselves.

We can decry the kids who don't leave their homes to interact with others, why should they? If they become complacent, and live only through a screen, it seems more normal to them than actual interaction. Social justice and norms are learned behaviors. If no one teaches it, how do they learn it?

And don't tell us it will happen at school because no; just no. That is one more burdensome expectation on a teacher who is not able to do the job of actual teaching now for all the demands made. Teachers should be allowed to teach; not be social workers and nutritionists and behavioral scientists and culture police and disciplinarians and Miss Manners too. Somewhere in there should be parents and aunts and uncles and grandparents and responsible adults who also interact with the kid.

And not just through a screen, we hope.

LETTERS TO THE EDITOR

Respect please

To the Editor:

Once again residents are enjoying the benefits of the season; gardening, landscaping, BBQing and just relaxing outdoors. Open evening windows, a breeze of fresh air with the scent of flowers and evergreens delight the senses and relax the nerves as the evening hours slip into the night.

Unfortunately, the season also brings out the boys of summer, experienced by the rattling of windows and throbbing ear drums night after night. Let the boys play, but with some due respect. Disturbing the peace and quiet of the evening is not 'respect'. It's disrespect!

Nothing more stimulating than the OEM rumble of a motorcycle's exhaust to the rider, but those introverts seeking more attention, retrofit

there inadequacies with illegal after market exhaust systems sounding more like stock cars than a first class motorcycle. The result, abuse of our residents right to peace & quiet.

I've ridden over 200k miles. The 'destination' and 'the ride' was my satisfaction. The places, the people, the comradery, and the scenery were what made me a 'Biker'. Not rattling windows and "waking up the dead" with illegal exhaust systems and disrespect.

For you new and non 'bikers' remember what 'real bikers' say; "If it don't go, make it loud!". Maybe our police department can quit things with a few tickets. In the hope of peace and quiet, respectfully.

Safety Tips for Car Trips

The Car Care Council dedicates this time of year to reminding drivers of the importance of being "car care aware." In fact, each year on the cusp of summer the organization launches a nationwide effort geared to focus motorists' attention on the essentials of vehicle care and maintenance.

And it's no wonder the importance of regular maintenance is stressed this time of year, as accident statistics this season are staggering: An average of 13,000 Americans are killed between Memorial Day weekend and Labor Day, some a result of unperformed vehicle maintenance, according to the National Highway Traffic Safety Administration.

According to statistics, each year, neglected maintenance leads to more than 2,600 deaths, nearly 100,000 disabling injuries and more than \$2 billion in lost wages, medical expenses and property damage. The eye opener is that most mechanical failures could easily have been prevented by ordinary maintenance! Read on for some car safety advice from the experts.

TAKE THE HINT
KAREN TRAINOR

- *Replace dirty air filters: An air filter that is clogged with dirt, dust and bugs chokes off the air and creates a "rich" mixture -- too much gas being burned for the amount of air, which wastes gas and causes the engine to lose power. Replacing a clogged air filter can improve gas mileage by as much as 10 percent, saving more than 20¢ a gallon.
- *Check all vehicle lights: Motorists should check their lights monthly. When your vehicle's lighting is defective, other motorists may not get the message that you intend to stop or turn. The end result could be disastrous. In traffic, it could be beneficial to keep headlights both day and night. This helps define your car's position on the road, and its distance from other drivers.
- ***
- The Car Care Council offers three suggestions for a traveler's 10-minute pre-trip checklist:
 - *Check all fluids. There are several fluids, in addition to antifreeze, that require attention, including engine oil, power steering, brake and transmission fluids and windshield washer solvent and antifreeze/coolant.
 - *Check hoses and belts. A belt that fails can affect the electrical system, air conditioning and power steering, as well as the cooling system. Cooling system hoses may be deteriorating from within, so old hoses and clamps in marginal condition might need to be replaced.
 - *Check the tires. Check tire inflation and inspect the tread for uneven wear, indicating the need for wheel alignment. Also look for bulges and bald spots.
- ***
- Safety Recalls: While new vehicle owners are informed of manufacturer recalls, those who purchase a used car or truck are often in the dark when it comes to safety recalls of their pre-owned vehicle. The National Highway Traffic Safety Administration website, nhtsa.gov offers free, instant recall searches by make, model, and year of vehicle. The search engine allows you to retrieve information by the vehicle or equipment producer and/or model.

Rules and regulations for Dudley Town Beach address issues

CHIEF'S CORNER

STEVE WOJNAR

The Dudley Town Beach does not officially open until July 1. This location on Merino Pond is used by many people during the summer months. With school vacation in full swing and warm weather at hand, some people have been using this area. Last summer, based upon some continued issues, the

Board of Selectmen voted to adopt some use restrictions. I wanted to provide residents and others with a reminder of this important information.

The Town Beach has been a hot topic of discussion for several years. There has been damage, trash, alcohol use, and other problems taking place over time. People from town, as well as many from outside the area, have come to town to use the beach. Due to limited resources, lifeguards and maintenance personnel only spend limited time at this location. A great deal of cleanup and repair must take place. Many non-residents have been using this location. This has caused problems for those who live in the area as well as the beach users.

In July of 2016, the Board of Selectmen voted beach parking (in the lot behind the Mason Road School) and access restricted to town residents and their guests only. Since local tax dollars and donations fund the beach operation, the hope is for residents to care about its condition. The goal is to encourage users to display responsible behavior. In addition to the resident restriction, there are regular rules that apply to all beach goers. They include no alcohol, open fires, or pets. There are also restrictions on other activities. The beach is closed to the public at dusk and any swimming, outside of established lifeguard hours, requires people to use the facility at their own risk.

It is important for those from outside town to be aware of this change. We hope to maintain this location as a quality place for citizens of Dudley. We want all patrons to have a safe and enjoyable experience. The Dudley Police Department encourages anyone who experiences problems or concerns at the beach to contact our department or the Selectmen's office.

Thanks again for your questions and comments. Please send them to me at the Dudley Police Department, 71 West Main St., Dudley, MA 01571 or email at swojnar@dudleypolice.com.

Maintenance, safety and the fine, fine days of summer

THE GREAT
OUTDOORS
.....
RALPH
TRUE

Anglers fishing from their private boats need to check their equipment before each fishing trip to insure a safe day on the water. Replacing worn and damaged fishing lines is necessary before heading out on the water for a day of fishing. It can cost you a big fish if you do not keep all of your lines and reels in top working order. Old rusty hooks also need to be replaced when necessary. Checking your out-board or inboard motor is necessary before each trip. A few weeks ago, I stopped at a local gas station to fill my gas tank with new fuel. We were not on the water 20 minutes when the motor started to act up, constantly stalling. It ran great the day before so I had a good idea what was wrong. I had filled my tank with some bad gas!!!

My 25 hp. Mercury motor has been one of the best motors I have ever owned, and it has never given me any trouble. Fortunately, I was able to choke the motor to keep it running the entire fishing trip. The next day I took a sample of gas out of the tank to check it for water. There were no signs of water in the gas, but I decided to dispose of the gas and buy some new gas at a different station. My good friend from Bob's Marine in Mendon gave me some of his 2+4 Johnson fuel additive to try.

Adding a couple of ounces to

Having a large sailboat so near trolling lines is sketchy at best.

the gas was hopefully going to clean out the carburetors, and remove any water that could be still in the fuel line and fuel pump. I am happy to report that the motor is running great again. There are a lot of problems with gas these days and ethanol is most often the culprit. Be sure to buy gas from a reputable dealer, but even then, you can get a bad tank of gas.

Checking batteries, trailer tires and wheel bearings can keep you from having trouble on the road and on the water. Many boat owners have extra boat insurance like Sea Tow and other services which run at an average coast of \$150 to \$200 a year. I had it for many years only using it one time, but I was sure glad I had the insurance for that one time. Owning a boat that is used on the ocean, requires a lot of responsibility by the

owner, insuring it is safe for all on board. Life preservers are a very important and necessary part of boating. Make sure they are safe and available for everyone on board. With the July 4, weekend just around the corner thousands of boat owners will be on the water with friends and family. Every year someone loses their life on the water, and most fatalities are because of foolish behavior by someone on board a watercraft.

This past week I was fishing aboard a sport fishing boat with my son Ralph Jr. (a Father's Day gift), and a few of his friends. Although it was a slow day of fishing everyone on board had a great time. Near the end of the fishing trip a large sailing vessel came within a hundred feet of the stern of our boat. Although the sailboat has the right of way, they could have made adjustments

Ralph True Jr. and the striper that made it home as a keeper.

to their course early, as we had two lines trolling lures in back of the boat, which were more than 300 ft. behind the boat. The captain was a bit upset with the crew of the sailing vessel and let them know it!!!! It was not long before we had a large population of sailboats coming from every direction. Fortunately, they sailed off into the blue waters not to be seen again. We survived another day on the high seas!!!! We also were very close to running out of food during our trip!! This week's pictures show the sailing vessel that we encountered, just off the Southern tip of Block Island & Ralph with his pool winning striper.

Memorial Day and the July 4th. weekends are the times that boaters encounter some nasty and outrageous boaters at the boat ramps. It is best to avoid encounters with these people, that have no respect

for other boaters. Most often a family will encounter these hotheads, and they will do best if they avoid them. Do not let them ruin your day with your family. Give them plenty of room!

At this time of year many households are being hit with black ants, which can cause a lot of damage to your home and also are a nuisance. A good remedy is to mix a cup of sugar to a cup of 20 Mule Team Borax soap. Spread the mixture around the foundation of your home when a few dry days are forecast. The ants will bring the sugar and soap particles into their nest, killing them off. It really works!!!! A lot cheaper than hiring a pest control company.

What can investors learn from the All Stars?

Next week, the 2017 Major League Baseball All-Star Game will be held in Marlins Park in Miami. If you're a baseball fan, you may tune in to admire the skills and grace of the players. And if you're an investor, you can learn some valuable lessons from the All Stars, including these:

Alertness – Most of us can only dream of having the outstanding reflexes of major league ballplayers. But we can develop a similar trait: alertness. Just as a ballplayer who wants to steal a base needs to be alert to the pitcher's delivery and the strength of the catcher's throwing arm, you should be vigilant about investment opportunities and the potential need to make changes to your portfolio.

For instance, you might realize that, over time, your portfolio has become

too top-heavy with the same types of investments. Since these investments are likely to move in the same direction at the same time, you could take a big hit during a market downturn. Consequently, you may want to diversify among a wider range of vehicles, including stocks, bonds, government securities and others. While this type of diversification, by itself, can't guarantee a profit or protect against all losses, it can help you reduce the effects of volatility on your portfolio.

• Patience – When you watch the best hitters – such as those appearing in the All-Star Game – you will notice that

FINANCIAL

many myths, one of which is that it's possible to get rich quick by finding "hot" stocks when they're cheap and selling them after a meteoric rise. But these events are actually pretty rare. The most successful investors are typically the ones who invest steadily, through good markets and bad ones, and who follow a long-term strategy

most of them are very patient, willing to wait for several pitches until they get the one they feel they can hit. As an investor, you, too, need patience. The investment world contains

appropriate for their needs, goals and risk tolerance.

• Preparation – During the All-Star Game – or, for that matter, during any game – the ballplayers will know exactly what to do in almost any given situation. To take one example, consider what happens when a runner is on first base and the batter hits a ground ball to the shortstop. Almost without thinking – because he's already prepared for this very scenario – the shortstop will flip the ball to the second baseman, who is already standing on the bag, because he too is ready for this play. The second basemen completes the double play by immediately throwing to the first baseman, who is also in the right place, standing on first base.

When you invest, you also need to be prepared for certain situations and how you'll respond. When your children head off to college, you should know if and how you'll help them pay for it, maybe because you've prepared by saving in a 529 plan or another college-savings vehicle. When the day comes for you to retire, you should know how you'd like to tap into your retirement accounts, such as your 401(k) and IRA.

By being alert, showing patience and preparing for your goals, you can put some of the All-Stars' skills to work when you invest — and by doing so, you might improve your personal "box score."

THE PRINCESS WAS IN TROUBLE

Courtesy photo

The Indian Princess is close enough to shore to see docks behind her.

Faith Rubin, who lives on the Lake, shared this intriguing account as the first summer tours were on the water. Sunday afternoon, June 4, The Indian Princess ran aground eight feet from shore and the boat was totally packed. The captain ordered everyone to put on life preservers and they drifted closer and close to me at 5 Lakeview Road in Webster. The engine was leaking fuel and the area was filled with oil slicks. The small fire boat and police boat struggled for one hour to tow it back to Indian Ranch.

I photographed everything and heard very panicked passengers. Luckily, my boats and dock were not in the water until tomorrow or they would have been totally destroyed by all the tonnage!

The Indian Princess mangled my buoys that were in the water. The captain and crew seemed dumbfounded, inept and totally out of control of this harrowing situation.

Bartlett's Shawn Gatto breaks school shot put record

Courtesy photos

From left, Eric Pauli, Paul Lango and Shawn Gatto stand side-by-side at Bartlett High's track. Pauli was the school's former spring season record-holder in the shot put before recently being broken by Gatto under the guidance of Lango, the team's head coach.

Shawn Gatto, a 2017 graduate of Bartlett High, specialized in the shot put event while being an avid member of the school's track and field program, for which he served as team captain this past year. Shawn practiced with his team, at his home throwing circle, and traveled to Rhode Island to train with Coach Matt Ellis. Shawn dedicated himself to his passion and the results reward his perseverance.

During the indoor season, which was coached by Mr. Benjamin Jenness, Shawn was named a First Team Southern Worcester County League (SWCL) All-Star. He broke the Bartlett indoor shot put record at the Division 5 meet held at the Reggie Lewis Track and Athletic Center with

a throw of 47 feet, 6 inches. This surpassed the previous record of 46 feet, 5-1/2 inches, held by his friend and 2016 graduate, Amadeusz Piwowarczyk.

Shawn also competed at the All-State level and was awarded the Bartlett Indoor MVP athlete award.

Following the indoor season, Shawn was in full gear to begin the outdoor track and field season, for which he did not disappoint. Shawn achieved multiple levels of success. He was again a First Team SWCL All-Star. He placed first in shot put and third in discus in district competition. No other Bartlett track and field athlete has won first place at a district competition since 1994.

In late May, along with 24 other selected stu-

dent-athletes, Shawn and one other student in his district received a certificate of recognition by the MIAA as an outdoor track exceptional student-athlete for SWCL Track and Field. They celebrated the student-athletes with an award ceremony held at their Franklin office.

Under the coaching of Mr. Paul Lango, Shawn was chosen for the Bartlett track and field Coaches Award.

At the 2017 outdoor Divisional 2 state competition, held at Westfield State University, Shawn took first place in shot put with a throw of 49 feet, 1 inch and third place in discus.

With all of these accolades, the one passionate goal Shawn pursued for four years, with an obvious commitment to his

craft, was to break the Bartlett outdoor shot put record of 49 feet, 4-1/2 inches set by Eric Pauli in 1977.

At the All State outdoor meet and on his last throw in the finals, Shawn broke and set a new school record with a throw of 49 feet, 10 inches. His family and coach were ecstatic to witness the fulfillment of his dream.

To further add to the excitement, this meet took place at Bridgewater State University, the college Shawn will be attending in the fall to major in physics and continue his love of shot put and discus. He will also be able to begin throwing the weight throw and hammer throw. These events are currently restricted at the high school level in

Shawn Gatto of Bartlett begins his throwing motion in the shot put circle during a recent competition.

Massachusetts.

Shawn's record-breaking throw qualified him to attend the New England Regional meet at Norwell High. This is a notable achievement as he is the second Bartlett student-athlete to ever succeed to this level of competition in Bartlett's track and field history. The first student to achieve this level was John Guerin in 1984.

Shawn, Coach Lango and Shawn's parents recently had the distinct pleasure of meeting Eric Pauli recently. Eric was very gracious and is quite an accomplished power lifter. He has gone on to break power lifting world records as well. During the meeting, Eric gave Shawn his father's Bartlett High hat in recognition of Shawn's achievement.

Second annual Officer Tarentino Softball Tournament slated for July 15

The Lemieux family is running its second annual Officer Tarentino Softball Tournament in Webster on Saturday, July 15 at the Ray Street Fields, with the national anthem going off at 8 a.m. While not knowing the Tarentino family personally, they wanted to hold a 16-team tournament last year and give the family the team fees as their contribution to help.

Through a tremendous amount of support, the tournament blossomed into 20 teams with sponsors and raffles. It was a fun-filled day with a DJ playing music all day and many people from all over joining. The

tournament raised over \$24,000 last year and the Lemieux's are hoping to do the same this summer. Two food trucks are coming this year and there will once again be a raffle and DJ. Local police departments and fire departments, and police departments from far away as West Springfield to North Providence will be coming to join.

All donations and proceeds made through sponsorship and the tournament will go to the Memorial Fund for the Tarentino Family. Each sponsor will be recognized on a single sponsorship banner displayed at the tournament with the Grand Slam sponsors receiving recognition on their own personalized banner. Single sponsorship is \$50, double is \$100, triple is \$200, home run is \$400 and grand slam is \$500-plus. To become a sponsor, please send a check by July 5 to Don and Lisa Lemieux, 10 Klebart Ave., Webster, MA 01570. Please include the family or business name to be displayed on the banner. Please make the check payable to Officer Ronald Tarentino Jr. Memorial Fund. Please email TarentinoSBTourney@yahoo.com for sponsorship related questions.

Douglas knocked off Senior Ruth unbeaten ranks when Shrewsbury wins in 13 innings

BY KEN POWERS
SPORTS CORRESPONDENT

OXFORD — It may have taken 13 innings and more than three hours, but Shrewsbury — finally — knocked Douglas from the undefeated ranks of the Paul N. Johnson Senior Babe Ruth League, 4-3, on June 20 at Stephen J. Horgan Field at Greenbriar Park.

Nick DiGirolamo laced a two-out RBI single to right field in the top of the 13th inning, scoring teammate Anthony Cotoia, who had reached base on a fielder's choice, to put Shrewsbury ahead, 4-3. Douglas — which employs local athletes from Douglas and Oxford — went down in order in the bottom of the frame.

Shrewsbury improved to 5-2 with the win.

Douglas (7-1), which trailed 2-0 after four innings, 2-1 after

five and 3-1 heading into the bottom of the seventh, scored twice in the seventh to tie the game, 3-3, and send it into extra innings.

With one out in the bottom of the seventh Douglas' Jake White reached on a fielder's choice. He moved to second base when Joel Erickson followed with an infield single. White scored to make it 3-2 when Pete Oberg then singled to right field.

Douglas tied the game, 3-3, when, with two out, Mike Bordeaux doubled to right field, scoring Erickson. Oberg tried to score the winning run on Bordeaux's double but was tagged out at the plate by Shrewsbury catcher Tim Rioux after a perfect relay throw from Cotoia.

Douglas had chances to win the game in the bottom of the

10th, 11th and 12th innings.

In the 10th Oberg led off with a walk and then went to second on a sacrifice bunt by Jake Rucci. Seeing no one covering third base Oberg attempted to take the bag, but Shrewsbury third baseman Korey Patwari scrambled back in time to take the throw from Cotoia and tag Oberg for the second out of the inning. Bordeaux then grounded to third to end the threat.

"Their third baseman [Patwari], when we tried the wheel around on the bunt, made a great play," Douglas manager Dave Meech said. "Normally teams field the bunt and throw it to first. But to get back to third and be in position to make a play, that's a really good baseball play. He did a good job."

In the 11th Douglas had runners on second and third with

one out when Nick Genatossio was called out on strikes. Genatossio, thinking the ball was low, made a comment to the umpire and was ejected. Meech came out to argue the ejection, and what he thought was a game-long inconsistent strike zone, and he was ejected as well.

Despite the ejections, Douglas loaded the bases with two out (Jake Murphy on third, Dave Meech Jr., on second and Harrison Sandorfi on first). Shrewsbury pitcher Matt Sullivan then struck out White to end the threat.

In the 12th, with two out, Rucci walked. Bordeaux followed with a single to center field. Rucci, running through the stop sign put up by his third base coach, barreled into Rioux at the plate and was tagged out. Rucci was then ejected because he did not slide or attempt to avoid contact on the play.

"It is what it is," the elder Meech said. "We definitely had opportunities to score. We've been struggling with that all year, as well as doing the little things to win games."

"We have a good mixture of older kids and younger kids and I try to play everyone so they can learn what it takes to win games," Meech contin-

ued. "We've won two championships in a row. To continue success you have to teach the younger kids. But, it comes at a cost. The younger guys made a couple of errors at the beginning of the game to cost us a couple of runs."

Douglas catcher Mike Bordeaux throws over to first base as a Shrewsbury batter walks toward his dugout after striking out.

Fresh off state title, Auburn's Hines helps Tatnuck Senior Ruth top Paul Mitchell

Ben Augustine of Paul Mitchell reaches his bat out to make contact with the ball.

BY KEN POWERS
SPORTS CORRESPONDENT

CHARLTON — Fresh off being a part of Auburn High's Division 3 state championship baseball team, Collin Hines has wasted no time getting back into the groove for the Worcester-based Tatnuck team in Paul N. Johnson Senior Babe Ruth action.

Against Charlton's Paul Mitchell club on June 21, Hines went 1 for 2 with a bases-clearing double and a sacrifice fly, driving in all of Tatnuck's runs in a 4-1 win. The night before, in a 13-3 win over Schwartz, Hines went 3 for 3.

"It's been fun," Hines said. "Right now my head

is still up there in the clouds off of winning the state title, but I'm starting to get used to it. I took a couple of days off but now I'm back into it."

Is he ever.

Against Paul Mitchell, with the score tied, 1-1, and the bases loaded in the top of the fourth inning, Hines tattooed the second pitch he saw, lining the ball into the left-center field gap. The double allowed teammates Nick Zottoli, Avery Lemansky (a former Auburn High teammate) and Matt Turner to score to give Tatnuck a 4-1 lead.

"He [Paul Mitchell pitcher Gehrige Dunn] threw me a fastball, right down the middle," Hines said. "It looked like a

beach ball. I got a lot of the bat on the ball and just took it to the opposite field."

In his previous at-bat, in the second inning, Hines lofted a fly ball to right field with one out. Turner, who had led off the inning with an infield single deep in the hole at short and then advanced to third on a groundout, scored easily on Hines' sacrifice fly, giving Tatnuck a 1-0 lead.

Hines' performance in his first two games back with Tatnuck comes as no surprise to his manager, Eric Goldstein.

"Collin is a key piece to how far we go this year," said Goldstein, whose team improved to 5-3 with the win over Paul Mitchell. "It was tough

not having him for the first six games, but he was doing something bigger and better — winning a state championship."

"We got him back last night and he had an impact, going 3 for 3, and then he came back tonight and knocked in all four runs and made a couple plays in the field," Goldstein continued. "We were waiting to get him back and now that he's back, it's nice to have him back."

Zottoli and Turner paced the nine-hit Tatnuck attack with two hits each. Turner also picked up the win on the bump for Tatnuck, allowing just one run on five hits in a complete-game effort. He struck out six and walked two.

Paul Mitchell (5-5) scored its run in the bottom of the second inning. After reaching on a fielder's choice, Dalton Bodreau advanced to second base on a passed ball and then scored on RBI single to right field off the bat of Casper Sykes.

Paul Mitchell had opportunities to score in four other innings, leaving a total of seven runners on base in the game. Paul Mitchell loaded the bases with one out in the bottom of the seventh inning, but Turner struck out Dom Esposito for the second out and got Nick Trinquette to fly out — to Hines — to end the game.

"This was a really tough loss for us," Paul Mitchell manager Tom Foley said. "We played these guys on Sunday and my kids came to play. They were hitting the cover off the ball and

Paul Mitchell's Gehrige Dunn sends a pitch to the plate versus Tatnuck.

Paul Mitchell's Chris Chen hustles hard down the first base line.

playing with a lot of life, and we beat them, 10-3."

"Tonight we were just dead; we just didn't have it," Foley continued. "For us to put a hurt on them

like we did and then come back tonight and lay down, that's tough. This team is Jekyll and Hyde."

Sturbridge Legion snaps losing streak with 9-8 win over East Side

Versus East Side, Tyler Stoever of Sturbridge started on the mound and earned the win for Post 109.

BY GREG BARLOW
SPORTS CORRESPONDENT

WORCESTER — After a two-hour rain delay, the sun came out and temperatures reached the mid-80s as the Sturbridge American Legion Post 109 baseball team saw its bats heat up as they snapped a five-game losing streak with a 9-8 victory over East Side Post 201 at the College of the Holy Cross' Hanover Insurance Park on Saturday, June 24.

"Just being here [Holy Cross] was good for everyone," exclaimed Sturbridge manager Jim Rosseel. "It was a good win for us, we needed it."

The Saturday afternoon

matchup served as part of the Massachusetts Zone 4 American Legion Baseball's A Day At Holy Cross initiative, which included the zone's 13 teams clashing in seven games played at the Crusaders' and Worcester Bravehearts' home field over a two-day span.

Rosseel and Post 109 earned its revenge, as it marked the second time this season Sturbridge faced East Side, with the Raiders coming out on top, 10-2, back on June 14.

This time around, each team equally totaled 12 hits on the day.

"We haven't been stringing the hits together, so that

was important for us," noted Rosseel.

The young Sturbridge squad started off the way they wanted to after jumping out to a 2-0 lead in the opening inning.

"We've been playing from behind in our past several games, and that wasn't working for us," explained Rosseel. "Jumping out early, now you have a luxury where you can take more chances, like steal more bases, and you want to pour it on a little bit."

Connor McCaffrey led off the first inning with a walk before Brannon McMullen drove him home on a triple that got past East Side's right fielder and rolled all the way to the fence.

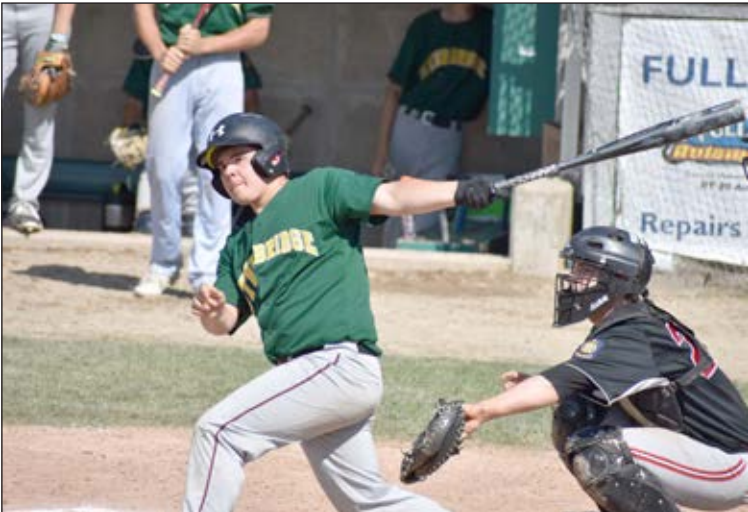

"My first triple there was off the curve ball," recalled McMullen, who ended the day with four hits. "My next three hits were off the fast ball."

Colin Eliason picked up the second RBI for Post 109 with a sacrifice fly sent to shallow right center.

On the defensive front, pitcher Tyler Stoever earned the win, throwing 6-2/3 innings with five strikeouts. Stoever was a threat at the plate too, notching two hits with an RBI single.

"It feels good, I mean we came together as a team, and won the game — that's all I can say," said Stoever.

Sturbridge carried its energy into the top of the second and third innings, tacking on another two runs to move out to a 4-0 lead. Post 109 scored on one of the Raiders' two errors on the day in the second inning

Sturbridge's Keegan Moynahan follows through on his swing versus East Side.

before Mick Sullivan plated Stoever with his second base hit in the third.

"I had a couple good BP's during the off days, but I felt I didn't have a lot of pressure on me because I knew the other guys would get it done either way," mentioned Sullivan, who ended the day 2 for 3.

The momentum briefly shifted in favor of East Side, as the home team battled back in the bottom of the third, fourth and fifth innings to tie the game at 4-4.

However, Sturbridge found a response in the top of the sixth to regain the lead, using three hits to plate three runs for a 7-4 lead. McCaffrey knocked in the go-ahead run with a triple sent to deep center field. McMullen then earned his second RBI with a single to right field. Next, Stoever returned

the favor with an RBI single to drive in McMullen for his second hit of the game.

"We just need to keep hitting the ball and putting runners in scoring position," McMullen noted.

Sturbridge used three more hits in the top of the seventh to add another two insurance runs to their advantage with Jared Langevin and Patrick Wilbur logging the RBIs during this span to give Post 109 its 9-4 cushion.

Down by five with two outs, East Side surged for a late rally in the bottom of the seventh, recording four runs on four hits and an error to make it a one-run game. However, coming in to close for Sturbridge was southpaw pitcher Deven Kingman, who retired the one batter he faced with the tying run on base to earn the save.

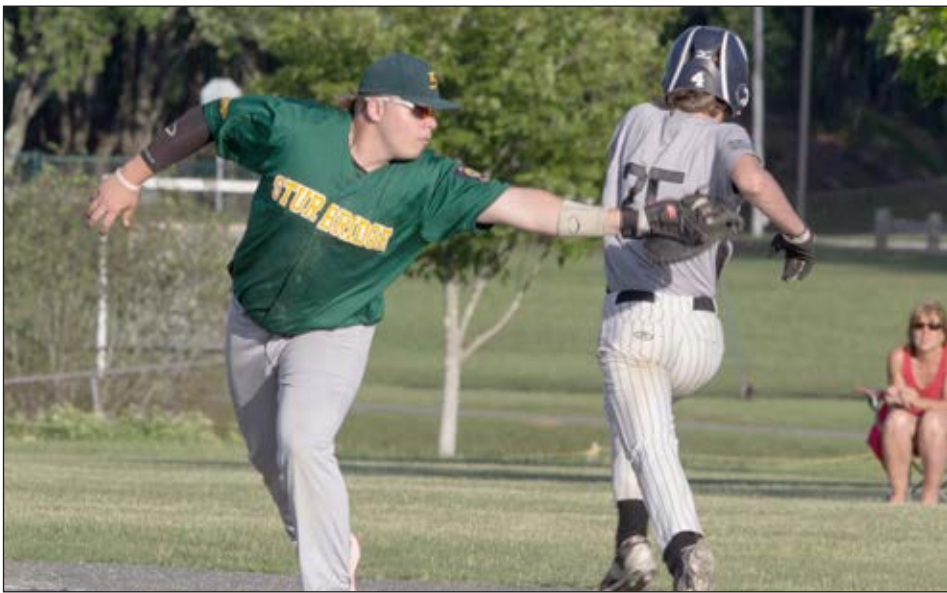

Sturbridge falls just short versus Main South

Sturbridge's Brannon McMullen fires the ball over to second base during a Main South base-stealing attempt.

Roman Krochmalnyckyj of Sturbridge lays down a sacrifice bunt to move the base runners along.

Tyler Stoever of Sturbridge goes for the tag on a Main South base runner.

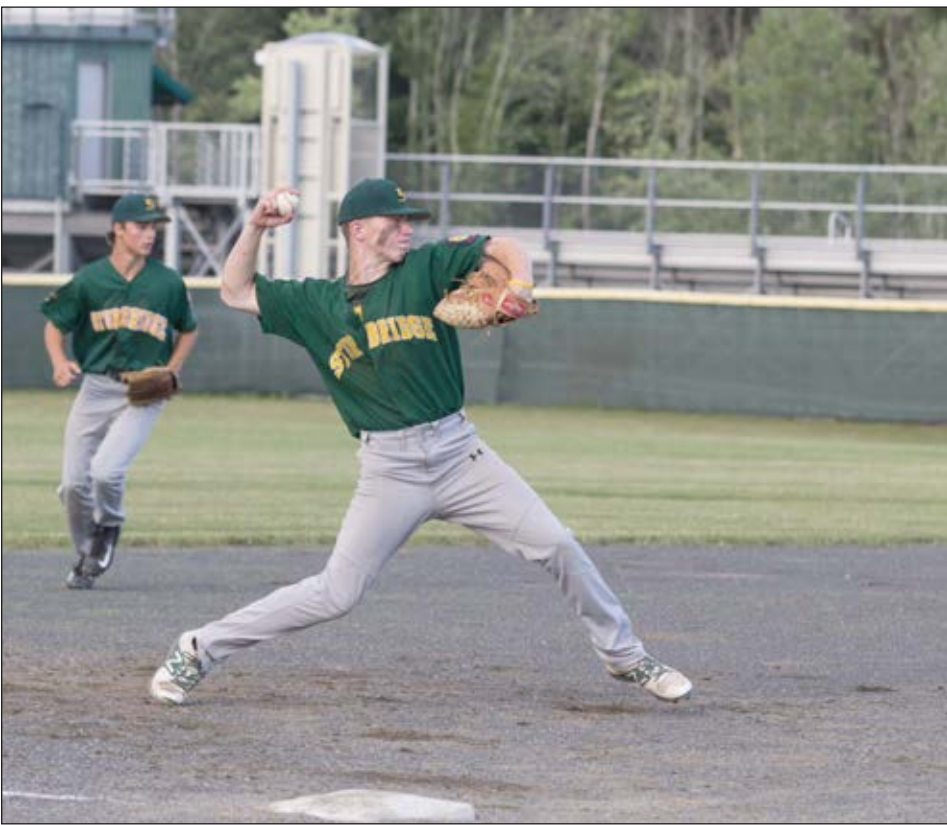

STURBRIDGE — It was a close game, but in the end the Sturbridge Post 109 American Legion baseball team dropped a 7-5 decision to Main South Post 341 on Tuesday, June 20. Main South improved to 1-1, while Sturbridge slipped to 3-6. It was Post 109's third straight setback after a 3-3 start.

Sturbridge's Patrick Wilbur works through his delivery before sending the baseball toward the plate.

Sturbridge's Patrick Wilbur throws the ball over to first baseman Tyler Stoever to record an out.

Sturbridge's Roman Krochmalnyckyj makes a defensive play at third base.

Cherry Valley Legion can't take down the giant in Leominster

LEOMINSTER — When the winless Cherry Valley Post 443 American Legion baseball team took on unde-

Cherry Valley's Evan Bond makes a catch out in center field.

feated Leominster Post 151 at Pin Cannavino Field on Thursday, June 22, manager Jim Stephens knew that his team needed to put everything together to take down the giant.

"I just want to see them make the plays and stay in the game," he explained before the contest. "We'll have an opportunity to win, you never know."

Stevens added that Cherry Valley played its best game of the season to date their last time out, a 4-3 setback to Framingham Post 74 on June 20.

"They played their best game against Framingham. We didn't get the timely hits, but I think we had seven hits. We made really one error," he said.

But Leominster proved to be too much, as they improved to 9-0 following their 8-1 victory versus Post 443, as Cherry Valley slipped to 0-8.

"A team like that, you've got to be right on top of it. You have to play a pure game, a perfect game, and we were far from it," Stephens said afterward. "Mental mistakes...those are the things that are bad, bad baseball."

Post 443 made a few mental mistakes and three more physical errors, and Leominster took advantage early on. Post 151 scored once in the bottom of the first inning, five times in the second, once in the third and one more time in the sixth.

Leominster scored its first run off Cherry Valley starter Aidan Gilman when Dom Fusco (2 for 3) was hit by a pitch with the bases loaded.

Then, in the second, Post 151's bats chased Gilman after 1-plus inning of work. Tyrus Garvin stepped up to pitch for Post 443 as they now trailed 2-0 and Brandon Lefebvre (2 for 2, hit by pitch) stepped in. Lefebvre then launched a grand slam over the left-center field fence to make it 6-0.

Leominster made it 7-0 in the third when Matt Dupuis (2 for 3) scored on a wild pitch thrown by Garvin, who was replaced by Jake Leone in the fourth

inning.

Leone pitched the final three innings for Cherry Valley and allowed one run — Fusco hit an RBI single in the sixth — on three hits with three strikeouts and no walks.

"He pitched real good," Stephens said of Leone, who is making the most out of his opportunity to play Legion baseball, his first summer doing so. "He's one of those kids where he was on the bubble whether he was going to play with us or Senior Ruth. He gave up that one run, but he buckled back down."

And although Gilman didn't have his best stuff on the mound, he went 3 for 3 at the plate. His second hit helped set up Post 443's run, where Andrew Fritze was caught in a pickle between first and second base, but it allowed Ryan Fahey to score from third.

"He started out 0 for 10 and now he's on a three-game hitting streak," Stephens said of Gilman, another first-year Legion player.

A third player making his Legion debut this summer is Alex Belanger, a pitcher and outfielder for Post 443 who caught because of an injury to the usual starter (Ryan Sanderson) and the unavailability of the normal backup (Edgar Lopez).

"I guess he caught a couple times last year with Bay Path," Stephens said of Belanger's catching career. "I think he did a good job."

All of the first-year Legion players are taking advantage of their opportunity to play, said Stephens.

"They were offered an opportunity to come play baseball against the best kids in Central Mass., [and] this is what they're doing. They're learning on the fly," he noted.

And Cherry Valley was rewarded for its efforts the following day (June 23) when they picked up their first victory of the season, a 10-8 decision in extra innings over Wachusett Post 42.

Stephens sees the wins accumulating over the next couple of summers.

"I've got sophomores and juniors. We should be better next year and then in two years we could be very good," he concluded.

Cherry Valley's Andrew Fritze throws the ball over to first base.

Cherry Valley's Aidan Gilman records a put-out on an infield pop fly.

Aidan Gilman of Cherry Valley sends a base hit to the outfield.

Cherry Valley's Andrew Fritze looks back as he finds himself in a pickle between first and second base. Fritze eventually got out of the jam, and Post 443 scored its run during the same play.

Cherry Valley's Brendan Hart tries to avoid the tag of Leominster's Matt Dupuis as he slides into third base.

Catcher Alex Belanger of Cherry Valley watches the ball cross the plate, with Leominster's Dom Fusco standing in the batter's box.

Make No Mistake—Play Is Crucial, Experts Say

Parenting experts and educators say that if parents understood just how crucial play was for their children's development, they'd encourage their kids to play more often.

(NAPS)

While most kids score an "A" in play, many parents need to understand just how crucial play is for their children's development.

That's the consensus experts share in "The American State of Play" report published by The Genius of Play™, a national movement to raise awareness of play's vital benefits.

"The latest research shows that children are spending less time playing than ever before and it's a problem," says Dana Points, a parenting expert and one of the report's contributors. "Play is one of the most essential elements of learning, helping kids develop social, emotional

and cognitive skills. Yet overly structured schedules, increased screen time and diminishing recesses in schools are getting in the way."

To help your child learn, explore, create and evolve through play, check out these tips:

- **Engage in All Types of Play.** Kids learn through all play, but not all play must be structured and not all play is the same. Kids may take part in active, cooperative, creative, even solitary play in a single afternoon, with and without actual toys.
- **Use Play as a Learning Tool.** Enrolling children in a program to learn a skill is not the same as just letting kids play. The pressure parents feel to make sure their kids are getting the best training can be counterproductive to the positive emotional, social and skill-based learning they get through play.
- **Recognize the Power of Recess.** Recess helps kids learn. Research shows that children are more attentive after recess.
- **Trust Your Kids, Within Boundaries.** Teach kids problem-solving skills to help them make better decisions and then set certain parameters in terms of knowing where they are, giving them space and trusting their judgment. That's how kids learn independence, competence, and confidence they need for success in life.
- **Guide Children's Tech Use.** Give kids time to explore virtual worlds and tech-based play but set limits, just as you do with everything else. Parents can be role models in how to use technology in a responsible way.
- **Let Kids Lead the Way.** Parents learn much more from children when they interact and play with them on their terms. Just being present plays a significant role.

More expert advice and everyday play ideas based on a child's age or developmental stage are available at TheGeniusOfPlay.org. To support The Genius of Play's mission to bring more play into kids' lives and get daily play inspiration and facts, follow @GeniusOfPlay on Facebook and Instagram.

Mary (Angarano) Ciccarelli, 104

WEBSTER — Mary (Angarano) Ciccarelli, 104 years old, passed away on Wednesday, June 14, 2017 at Webster Manor Nursing Home, surrounded by her loving family.

Her husband of forty-eight years, Louis Ciccarelli, predeceased her in August 1980.

Mary was born in Bisceglia, Bari, Italy, to the late Domenico and Catarina (Catino) Angarano on Sunday, December 15, 1912. She came to the United States at the age of 15.

Mary worked as a seamstress for many years and retired from Nancy Howard Coats. She was a member of the International Garment Workers Union, Mount Carmel Church and its Golden Years Club and the Leisure Club at Our Lady of Loreto Church.

She was a very religious person who prayed the rosary nightly. She was one strong and determined lady who faced many challenges in life and overcame these things with the help of her faith.

Mary had a passion for baking Italian cookies, which everyone loved. Sunday dinners and holidays were special for her family. She loved to crochet afghans, which she gave to all her family. Her other enjoyment was playing BINGO, especially at the nursing home.

At her 100th Birthday Celebration, she received a "Key to The City" from the Mayor of Worcester. She also received a letter from First Lady Michelle Obama and from Senator John Kerry.

Mary was a beautiful woman who enjoyed the simple pleasures in life, spending time with her family and friends. Her life mainly centered around her children, grandchildren, and great grandchildren, whom she loved so much.

Mary leaves her loving family, a daughter, Catherine Bowman wife of the late Gerald E. Bowman; a son, Louis D. Ciccarelli and his wife Ruth, all of Webster; seven grandchildren, Michael Bowman, Kevin Bowman and his fiancé Lorraine Suzman, Laurie Bowman and her fiancé Harold Davis, Maryann Casamassa, Andrew Sbrogna and his wife Jennie, Angela Brayton and her husband Mike, and Keri Volk and her husband Brian; seven great grandchildren, Michael, Miranda, Kaylah, Victoria, Natalie, Mariela, and Luciana; three nieces, Catherine Ford, Mary Gabrilla, and Patricia Cordella, and a nephew, Robert Polissack. She was predeceased by her son, Vincent Ciccarelli in 1985 and by a brother and sister, Frank Angarano and Margaret Polissack.

Mary's family would like to thank the staff on unit one for the care and compassion they gave to Mary.

Calling Hours for Mary were held at Mercadatne Funeral Home & Chapel, 370 Plantation Street, Worcester, on Monday, June 19. A procession departed for a funeral Mass at Our Lady of Loreto Church, 33 Massasoit Road, Worcester. Interment was in Saint John's Cemetery, Worcester.

Donations in her memory may be made to the activity fund at Webster Manor, 745 School Street, Webster, MA 01570.

James W/ Beauregard, 74

THOMPSON — James W. Beauregard age 74 died Sun. June 18, 2017 at the W. Roxbury Veterans Hospital, Boston. He leaves his wife of 24 years, Sandra E. (Wagher) Beauregard. He also leaves 16 grandchildren and 3 great grandchildren and a sister Janet and her husband Tom Standing of Leicester.

He was born in Worcester son of the late Wilfred and Barbara (Cutting) Beauregard and lived in Thompson for the past 24 years, prior to that living in Auburn. He was US Marine Corps veteran serving two tours in Vietnam. He also was a drill instructor at Parris

Island. He played hockey at Auburn High and was inducted to the Hall of fame. He was known as the "Lamp Lighter." He enjoyed yard work and the casino and was a avid hunter and fishermen. He was in car sales and worked for Riverside Auto in Auburn and also worked previously at Colonial Autobody for many years.

There are no calling hours and services and will be announced at a later date.

The Shaw-Majercik Funeral Home (shaw-majercik.com), 48 School St., Webster, MA has been entrusted with his arrangements.

Gordon P. Peters, 89

THOMPSON, CT – Gordon P. Peters, age 89, of Oakwood Drive, died June 19, 2017, at the Transitional Care Unit at Hubbard in Webster.

He was predeceased by his wife of 37 years, Doris (Walker) Peters,

who died in 1994. He is survived by two brothers, Robert Peters and Roy Peters, both of Douglas; three sisters, Virginia Suarez of Webster, Marie Lamontagne of Douglas, and Mary Tetreault of Southbridge; many nephews and nieces; and his cat and favorite companion, Little Girl. He was predeceased by three brothers, his twin brother Norman Peters, Warner Peters, and Henry Peters. He was born in Douglas, son of the late Percy and Nancy (Casey) Peters, and lived in Oxford before moving to Thompson in 1964. He was veteran of the U.S. Army.

Mr. Peters worked for Henley and Lundgren in Shrewsbury for 34 years,

OBITUARIES

Mary Ann Dalton, 83

NEW PORT RICHEY FL — Mary Ann Dalton died on June 9, 2017 in New Port Richey, FL, aged 83. Her death came just three weeks to the day after the passing of William S. Dalton, her husband of more than 60 years. She is survived by her four children: Anne Marie, Bill, Stephen, and Michael, and six grandchildren: Charlie, Tatiana, Andrew, Alex, Jack and Cooper.

Born Mary Ann Gorski, in Webster, she attended Bryant College in Providence, RI, graduating in 1953. In 1955, while working for IBM in Boston, Mary Ann met her future husband, Bill Dalton, who had just returned from active duty in Korea the previous year. Shortly after Bill's February 1956 graduation from the Wharton School of Business, he proposed to Mary Ann, and they were married on September 1, 1956.

After beginning their marriage in Corning, NY, the couple moved to Framingham (where all four children were born), and then to Manchester. In 1969, Bill's job led them to move their family to Europe, where they lived in Lausanne, Switzerland and Stanmore, England until returning to Manchester in 1973. Eventually, the cold New

England weather brought the couple south to New Port Richey, FL, where they lived until their deaths in 2017.

Mary Ann was a compassionate and caring person who volunteered for a variety of charitable causes over the years, including the American Cancer Association, Beverly Hospital, and Helping Hands. She organized a number of fundraising campaigns, blood drives, and other events in order to raise money to benefit those less fortunate than herself, in keeping with her Catholic faith. Mary Ann was very generous to those around her, and she will be greatly missed by her family and her many friends.

Donations may be made in Mary Ann's memory to St. James the Apostle Parish in Port Richey, FL (www.stjamesportrichey.org).

William S. Dalton, 86

NEW PORT RICHEY, FL — William Stephen Dalton died on May 19, 2017 in New Port Richey, FL, aged 86. He was predeceased by his father, William T. Dalton, and his mother, Josephine S. Dalton.

Bill had a happy and eventful life, the highlight of which was his marriage of over 60 years to Mary Ann (Gorski). They were married on Sept. 1, 1956 in Webster with a reception held at Point Breeze. Together they raised four great children: Anne Marie (spouse Dan) of Tucson, AZ, William J. (spouse Kera) and Stephen V. (spouse Heather) of Marblehead, and Michael A. (spouse Mary) of Manchester. These unions produced grandchildren Charlie, Tatiana, Andrew, Alex, Jack and Cooper.

Bill graduated from Boston College

High School and Boston College, after which he served as a U.S. Army officer in Korea. Upon his return, he earned an MBA from the Wharton School and embarked on a career in corporate management of almost 30 years. Along the way he founded three small independent companies, as well as being a cofounder of the Enterprise Consulting Group.

Bill enjoyed cars and owned a number of exotic vehicles. He also enjoyed golf, boats and, particularly, sailing. He was a member of the Union Nautique Ouchy-Lausanne (Switzerland), the Chess Sailing Club (England), the Manchester Yacht Club (Massachusetts) and the Hudson Beach Yacht Club (Florida). He was also a member of the Stanmore Golf Club (England), the Plymouth Country Club (Massachusetts) and the Timber Greens Country Club (Florida).

After retirement, Bill volunteered as a management counselor to small businesses with SCORE in New Port Richey and served with Flotilla 11-07 of the Coast Guard Auxiliary in Hudson.

Donations may be made in Bill's memory to the Maryknoll Sisters (www.maryknollsisters.org).

Rev. J. Normand Tremblay, 89

BROOKFIELD / CHARLTON — Rev. J. Normand Tremblay, 89, died Fri., June 23, 2017, after being stricken ill at home.

Rev. Tremblay is survived by his sister and brother-in-law Lorraine and Ted (Theodore) Kwiatkowski of Southbridge, a sister-in-law Rachel (Brodeur) Tremblay of Windsor Locks, CT, and four nieces and two nephews. He was predeceased by his brother Roland R. Tremblay who died in 1994.

Born in Southbridge, July 6, 1927, son of Joseph A. and Corinne (Barbeau) Tremblay. He graduated from Joliette High School, and Joliette College, in Joliette, Canada, and his theological studies at the Seminary of Philosophy, and the Grand Seminary in Montreal. He also attended Boston University studying social sciences.

Rev. Tremblay was ordained a priest on June 4, 1953, at Sacred Heart of Jesus Church in Southbridge by Most Reverend Bishop John J. Wright. He served the Diocese of Worcester for over 60 years. He served at St. James in Fisherville, St. Rose in Northborough, St. Mary in Spencer, St. Theresa of East Blackstone, assistant to the director of Catholic Charities and chaplain to Nazareth School for boys in Leicester,

and director of Our Lady of the Way in Worcester, and served as dean of the Southbridge/Webster Deanery. He later was the pastor of Sacred Heart of Jesus Church in Southbridge, and St. Anthony of Padua in Dudley.

He was a priest's priest and also a people's priest, par excellence. He served God's church tenderly and lovingly for over 60 years. The past 25 years he served as senior priest at St. Joseph Church in Charlton and was a most loving priest servant, deeply loved by the people, priests, deacons and Sisters. His ministry in the RCIA (Rite of Christian Initiation of Adults) of the parish is well remembered by all whose lives he touched and brought closer to the Lord.

A Wake service was held following calling hours at St. Joseph's Church, 10 H. Putnam Road, Charlton on Wednesday, June 28. A concelebrated funeral Mass with Bishop Robert McManus was Thursday, June 29, 2017, at St. Joseph's Church, Charlton. ALZHEIMER'S SUPPORT: The Webster Alzheimer's Support Group meets the second Monday of each month at Webster Manor, 745 School St., from 6-8 p.m. Anyone in the area who feels they are in need of help, doesn't know what to do, or is a caregiver for someone with Alzheimer's, is invited to attend and express their concerns regarding the care for their loved one. The members of the group will discuss the ways, means, and the help you will need as your loved one progresses in this disease. Please come join with us at each meeting and you'll be glad that you did. Each person has a different story to tell and you will be given tips to help you work through this agonizing and dreadful disease.

LEAGUE OF CATHOLIC WOMEN: The St. Louis League of Catholic Women is holding its annual membership drive. The purpose of the league is to bring together women to further their cultural, social, and religious interests. The league meets every first Wednesday of the month, with the exception of January, February, July, August, and September. Programs this year will include cupcake decorating, Christmas sing-a-long, flowers in the Bible, movie night, crowning of Mary, and other interesting topics. If you are interested, please call Financial Secretary Louise Duval at 508-943-7695 or club President Carolyn Smith at 508-943-4732.

Free Yoga Classes for Cancer Patients — Restorative yoga classes for cancer patients are offered weekly and are open to patients, survivors, and their families or caregivers. Classes are held every Saturday morning from 8:15 to 9 a.m. at the Oxford Community Center, 4 Maple Road, Oxford, and on Wednesdays from noon to 1 p.m. at Saint Vincent Cancer

& Wellness Center, One Eaton Place, Worcester. The Restorative Yoga program is a complementary therapy that is designed to help reduce lymphedema, increase range of motion, and soothe neuropathies that may occur during all stages of treatment and recovery. This program also promotes relaxation, which is a vital element in healing, as it brings emotional and physical relief from stress through moving meditation and gentle yoga stretches. These programs have been made possible through Pinkhippy.Org, a 501(c)(3) non-profit holistic service and support organization that serves breast cancer patients, survivors and their families throughout Central MA, Northeastern CT, and Northwestern RI. Classes are free for those undergoing treatments or in recovery from breast cancer.

For more information please visit www.pinkhippy.org, call (508) 987-3310, or send an email to info@pinkhippy.org.

NUMISMATICS: The Nipmuck Coin Club meets at 6:30 p.m. on the fourth Wednesday of each month at the Oxford Senior Center, 323 Main St., behind the Oxford Town Hall. For more information, contact Dick Lisi at lisirichard15@yahoo.com.

TWICE AS NICE: The Central Mass. Mother of Twins is a non-profit club to benefit those who are raising multiples and provide support and an outlet. The club meets from 6:30-8:30 p.m. every first Thursday of the month at the Oxford Community Center to discuss twins-related issues and have relaxing events such as movie nights and outings to take the children to and or your spouse or just for Moms. Anyone who is a childcare provider to multiples is

HELP FOR HELPERS: Do you have a family member struggling with addiction or alcoholism? You are not alone. Join Families Helping Families Support Group. Meetings at Dudley Senior Center every first and third Monday of the month, 6:30-8 p.m. We spend so much time with our addicted loved one, that we become victims ourselves. Join us. It's informal, confidential, with tough love advice from the heart, sharing of resources, hope and hugs.

HOLISTIC HEALTH: Chair Yoga and so much more every Tuesday from 10:30 to 11:30 a.m. at The First Congregational Church, 135 Center Road, Dudley (please park and enter through the right side basement entrance). Class Fee: \$5/class voluntary contribution (Cancer patients always free). Proceeds donated to the First Congregational Church of Dudley. Instructor: Joanne LaLiberte, Holistic Health practitioner. This class of chair yoga is to expand the lungs and strengthen all the body's major muscle groups, for stability and mobility, balance, increasing flexibility, muscularity of hip and legs and increasing range of motion with our "rear view mirror" twists. We work through the entire body, quieting the nerves, relieving stress, realigning posture and we leave renewed. Chair yoga is open to adults of all ages. It is kept light-hearted

with respect for every member of the class. We honor the body as it is right now and work to improve its overall health. We come to class as individuals and leave as family. Get to know yourself through the eyes of chair yoga and build a body that serves you better. Wear comfortable clothing. As with any exercise program, check with your healthcare professional before starting.

KNOWING KNITTERS: Come join the Drop In Knitting Group from 10 a.m. to noon on Fridays at the Pearle L. Crawford Memorial Library, Schofield Avenue, Dudley. All ages and levels, from beginner to expert, are welcome. For more information, call Mary Kunkel at (508) 943-8107 or Jacqueline Vassar at (508) 892-4754.

GOT FOOD? The Bread of Life Food

Pantry, Calvary Assembly of God, located at 105 Southbridge Road, is open Mondays from 10 a.m. to noon and Thursdays from 5 to 7 p.m. They are closed on holidays. They can be reached at 508-949-3711.

SUPPORT: The Cancer Support Group meets from 6:30 to 8 p.m. on the second Monday of every month in the Boardroom on the 4th floor at Harrington Hospital, 100 South Street, Southbridge. Call (508) 764-2400 for more information.

SUPPORT: Overeaters Anonymous group meeting every Wednesday at 6 p.m. Come to Room RHF-1 at Day Kimball Hospital, 320 Pomfret St., Putnam, CT. We will welcome you! For more information, contact Kathryn at (508) 949-0819.

Making Connections: Exploring The Themes Of 'Splash And Bubbles' With Preschool Children

BY ERIC SOLOMON, DIRECTOR OF ARCTIC PROGRAMS AT THE VANCOUVER AQUARIUM MARINE SCIENCE CENTRE

(NAPS)—Whether we live in Idaho or India, we are bound together by, and intimately connected to, the ocean. It covers 71 percent of the Earth's surface and over 90 percent of the habitable space; it is the source of half the oxygen we breathe; it regulates the temperature and creates the climate and weather we rely on to survive.

Meanwhile, beneath the surface swims the most amazing life—glow-in-the-dark fish, disappearing octopuses, scallops with 200 eyes and just about any other weird and wonderful thing you could imagine. The ocean is weirder, funnier, richer, more colorful and dynamic than the craziest world our imaginations could ever conceive of. Yet unlike the fictional worlds of Neverland, and the many enchanted kingdoms, the ocean realm is real—and it's a vast world to which we are all intimately connected.

These are the reasons I jumped at the chance to be the Curriculum Advisor for The Jim

Henson Company's new in how we look and Splash, Bubbles and their best friends Dunk and Ripple go on epic adventures, discovering marine biology and oceanography as they meet all kinds of "citizens of the sea."

marine science-based preschool show, "Splash and Bubbles" (airing daily on PBS). It's a show that celebrates our one big ocean and all its wackiness while exploring marine biology concepts ranging from currents to cephalopods and camouflage. The show is built around five curricular themes that have both marine biology and social-emotional connections.

Diversity: Differences

where and how we live are worth celebrating!

Splash and Bubbles discover and celebrate the value of diversity as they explore new habitats, make new friends, and learn about all the different ways life looks and lives in the ocean.

Talk about it: Use moments in the show as jumping-off points to discuss diversity in our own land-based communities.

Interconnectedness:

the ocean and to each other.

For example, in many episodes, we learn that the more we discover how diverse the world truly is, the more we realize how connected we all are.

Talk about it: Use these ocean examples to start a discussion about the many ways we all rely on each other.

Individuality: Everyone has something valuable to contribute.

The gang learns that everyone on the reef has an important job to do.

Biologically speaking, every living thing has a role to play in the web of life. From a social-emotional perspective, we all have something valuable to contribute in our homes and communities.

Talk about it: Explore with your child what valuable contributions they make at home, among their friends and in their community.

Empathy: Awareness and understanding of another's feelings help us be good friends.

Empathy grows as self-awareness develops in children. In the "Double Bubbles" episode, Ripple can see that Bubbles is upset about something.

Talk about it: Ask children whether they've ever felt that way and what would have made them feel better.

Celebration of learning: It's fun to share what you've learned with others.

Scientists are inherently excited about learning and sharing what they've learned with others. So are preschoolers. And so are the Reeftown Rangers.

Talk about it: Give young viewers an oppor-

tunity to tell you about what they've learned and share in their excitement.

"Splash and Bubbles" demonstrates and celebrates diversity, interconnectedness, individuality, empathy and a love of learning while exposing viewers to concepts of marine biology. The stories and characters make them relevant and highlight the connections to viewers' own land-based lives. As you watch "Splash and Bubbles" with the children in your life, I encourage you to look for and explore those connections.

"Splash and Bubbles" is a production of The Jim Henson Company and Herschend Studios. The series is executive produced by Lisa Henson and Halle Stanford of The Jim Henson Company, Julie Phillips and Merrill Puckett-Miller of Herschend Enterprises, as well as John Tartaglia, Michael Shawn Lewis and Jill Shinderman. The series is funded in part by the Corporation for Public Broadcasting and by the National Science Foundation (NSF). Airing daily on PBS (check your local listing) and streaming on Netflix.

Slide Into Safety: Tips For A Fun, Safe Season

Your kids can have a swinging good time playing outdoors as long as everyone remembers a few safety suggestions.

(NAPS)

While the warmer months and longer days are often a time for outdoor fun and more physical activity—camping, boating, swimming, biking and the like—they can also mean an increased potential for injuries. Playground falls, lawn mower accidents, campfire and fire pit burns are common childhood injuries—but they don't have to happen to your family. These tips from Shriners Hospitals for Children can help.

GO OUTSIDE AND PLAY

Outdoor play provides physical and mental health benefits, including opportunities for exercise, creative expression, stress reduction and access to a natural source of vitamin D—sunlight. Before sending kids out to play, however, make sure they're wearing shoes to protect from cuts, scrapes and splinters, and sunscreen to protect against sunburns and harmful ultraviolet rays.

PLAYGROUND 101

- Teach children that pushing and shoving on the playground can result in accidents and injuries.
- Remind kids to go down the slide one at a time and to wait until the slide is completely clear before taking their turn. Teach them to always sit facing forward with their legs straight in front of them and to never slide down headfirst.
- Remind children to swing sitting down, to wait until the swing stops before getting off and to be careful when walking in front of moving swings.

MAKE A SAFE SPLASH

- Instruct children to never swim alone or go near water without an adult present.

- Always jump in feet first to check the depth before diving into any body of water.
- Never dive in the shallow end of the pool or into aboveground pools.
- Fun on the Water
 - Have children wear a Coast Guard-approved, properly fitted life jacket while on a boat or when participating in water sports.
 - Educate yourself. According to the U.S. Coast Guard, 86 percent of boating accident deaths involve boaters who have not completed a safety course.
 - Check water conditions and forecasts before going out on the water.
- Fire Safety Simplified
 - Teach kids to never play with matches, gasoline, lighter fluid or lighters. Make a habit of placing these items out of the reach of young children.
 - Do not leave children unattended near grills, campfires, fire pits or bonfires.
 - Leave fireworks to the professionals.

310 GENERAL HELP
WANTED

SEWER
SUPERINTENDENT
Town of
North Brookfield,
Massachusetts

The Town of North Brookfield is accepting applications for the position of Sewer Superintendent. The position will have a start date of October 30, 2017. The Superintendent will work forty (40) hours per week, every third weekend duty and four (4) holiday duties per year. Weekend and Holiday duties consist of no more than four (4) hours each morning. The Superintendent shall be available for call-in emergencies and any other overtime deemed necessary.

Applicant must have a High School diploma or GED. A Bachelor's Degree in Civil Engineering, Sanitary Engineering, or related field is preferred but not required. 3-6 years of progressively responsible experience in administration and management of municipal wastewater systems; or any equivalent combination of education, training and experience which provides the required knowledge, skills and abilities to perform the essential functions of the job is required. Valid Massachusetts Driver's License and satisfactory driving record is required. Possession of a valid Hoisting License and C.D.L. is not required but preferred. Possession of a Massachusetts DEP Grade 5 license is required. The Superintendent should reside within 20 miles of work. Salary is \$67,000 to \$73,000 depending on experience and qualifications. Use of a Town vehicle may be included in the salary contract.

Please submit resume and cover letter to:
The Town of North Brookfield
P.O. Box 236
North Brookfield, MA 01535
no later than August 1, 2017.

A full benefits package and job description is available upon request. Finalists for this position will be required to submit a minimum of three (3) references.

415 BUSINESS
SERVICES

Seeking area residents interested in having an on-site, professional review of their private wells. This service is grant funded by the USEPA. It is free and is confidential. Many times well owners are unaware of the possible causes of contamination in their wells. Older wells may not be sealed properly near the surface or their source of water may be shallow and influenced by things like feedlots, septic systems, or nearby land uses. Many things at or near the surface could impact the water quality of a well. This assessment provides you a comprehensive evaluation of the possible causes of contamination at or near your well to help you understand what possible risks and vulnerabilities you should be aware of that might impact your drinking water. The assessment considers site conditions, geology, land use practices, well construction, and maintenance to provide you with a detailed list of things, if any, that could impact your well water quality. The results will provide you a list of possible concerns, if any are found, and recommendations and best practices that will help you keep your well and your family safe from well contamination.

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
