Arrest made in West Brookfield murders

BY KEVIN FLANDERS
NEWS STAFF WRITER

WEST BROOKFIELD — After an extensive six-month investigation, a Ware man has been charged with the murders of his cousin's wife and three children.

Mathew Locke, age 32, of Ware, was charged with the murders of Sara Bermudez, age 38, and her three chil-

dren, Madison Bermudez age 8, James Bermudez age 6, and Michael Bermudez age 2. On March 1, the victims were found stabbed to death in their 10 Old Warren Road home.

Locke is a cousin of Moses Bermudez, who was working in California when his wife and three children were murdered. Locke has been held by authorities since March 26 after being

arrested for misleading a police investigation into the murders.

"Today's murder charges are the result of an intense six-month investigation. DNA evidence and other evidence contributed to today's charges," said Worcester County District Attorney Joseph Early Jr., before Locke's Sept. 5 arraignment at East Brookfield District Court.

Locke pleaded not guilty to the charges and was held without bail. Judge Robert Pellegrini continued the case to Oct. 18, when it will be prosecuted by Assistant District Attorneys Christopher Hodgson and Brett Dillon.

Back in March, Locke allegedly lied to police by fabricating stories about gang involvement in the killings.

Locke pleaded not guilty to those charges during his arraignment on March 26, but police continued to investigate him throughout the summer.

DA Early praised the work of the entire investigative team, including State Police detectives assigned to the District Attorney's office, West Brookfield Police, and the

New marijuana business being considered by town

BY KEVIN FLANDERS
NEWS STAFF WRITER

LEICESTER — The latest marijuana business proposal is up for consideration by town officials, who will discuss a potential host community agreement this fall.

At an Aug. 28 community outreach meeting, residents learned about a proposed marijuana cultivation and research facility for 488 Stafford

St. in Cherry Valley. The applicant, Integrated Genetics and Biopharma Research (IGBR), welcomed guests for a discussion of the company's proposal.

IGBR representatives pledged to maintain a secure facility, in addition to establishing several goals for positively impacting the community.

Griffin recognized as Unsung Heroine

BY KEVIN FLANDERS
NEWS STAFF WRITER

NORTH BROOKFIELD — The efforts of community volunteers often go without notice, but local leaders weren't about to let Kathleen Griffin's tireless work get overlooked.

Nominated by Senator Anne Gobi, Griffin was recently selected by state officials for the Unsung Heroine Award. Presented by the Massachusetts Commission on the Status of Women, the award is given each year to residents throughout the state who demonstrate outstanding community leadership and volunteerism.

During the awards ceremony held at the State House, Griffin and her guests were joined by Gobi and State Representative Donald Berthiaume. In addition to the main award, Griffin also received a Governor's citation from Charlie Baker and a certificate recognizing her contributions from Representative Berthiaume.

LeBoeuf earns spot on ballot

BY KEVIN FLANDERS
NEWS STAFF WRITER

Fueled by strong support from voters in his home city of Worcester, David LeBoeuf secured the Democratic nomination for the 17th Worcester District state representative seat.

At the Sept. 4 Primary election, LeBoeuf defeated Leicester residents Pamela Gemme and Stu Loosmore. He will now face Republican candidate Paul Fullen

at November's general election, with the winner earning the seat soon to be vacated by current State Representative Kate Campanale.

Following an extensive door-to-door campaign, LeBoeuf, age 29, saw his efforts pay off at the polls in Worcester. Despite trailing his opponents after Leicester announced its Primary results, the Worcester outcome propelled LeBoeuf to 46 percent of the overall votes.

The 17th Worcester District encompasses all of Leicester and sections of Worcester. LeBoeuf is now gearing up for a battle with Fullen, a fellow Worcester resident.

"I want to thank the voters of the district for putting their faith in me. It's an honor to be the Democratic nominee, and I'm looking forward to fighting for our shared

New staff greets students at SEBRSD

BY KEVIN FLANDERS
NEWS STAFF WRITER

SPENCER — When students headed back to school in, they were greeted by new subjects, new challenges, and a handful of new faces in the Spencer-East Brookfield Regional School District's leadership team.

SEBRSD Superintendent Paul Haughey, who is new to the district

himself, was eager for students and parents to meet the newcomers. Knox Trail Middle School saw the most significant changes, with Ralph Borseth taking over as principal and Beth Johnson earning the assistant principal position.

After concurrently serving as Knox Trail principal and interim SEBRSD

superintendent this past year, Jodi Bourassa took the assistant superintendent position in the Tantasqua Regional School District. She is replaced as principal by Borseth, who brings nearly two decades of experience in education to Knox Trail. Most recently serving as the assistant principal at Murdock High School in Winchendon for four

years, Borseth previously taught in North Brookfield and Holyoke for several years.

Johnson, meanwhile, was promoted to the KTMS assistant principal position after leading the school's mathematics department for the past four years. District officials wanted an assis-

Learn about Hydroponics
The Brookfield Garden Club will be having a program on Hydroponics on Sunday Sept. 23 at the Brookfield Congregational Church. The program will be held from 2-4PM. Come and join us! Hydroponics is a practice of growing plants in highly oxygenated, nutrient enriched water. Besides getting a perfectly balanced diet, hydroponic plants have their food and water delivered directly to their roots. However, in nature, plants depend on the sun. With photosynthesis, sunlight is converted into sugars to provide fuel for the plants growth. High density lighting enables growing indoors a viable alternative. This program is open to the public.

Spencer Cultural Council seeks funding proposals

The Spencer Cultural Council has set an Oct. 15 deadline for organizations, schools, and individuals to apply for grants that support cultural activities in the community. Activities can include performances, exhibits, festivals, field trips, short-term artist residencies, workshops, lectures, and more. This year, the council will distribute around \$6,100 in grants.

Application forms and more information about the Local Cultural Council

Program are available online at www.mass-culture.org. For more information about the council or the application process, contact the Spencer Cultural Council at 774-479-8797.

The Spencer Cultural Council is actively seeking new members. Volunteers meet several times a year to distribute funds in support of programs that enhance our community. Anyone interested in serving is invited to complete a volunteer application form on the town website or to contact the town clerk.

The Spencer Cultural Council is part of a network of 329 local Cultural Councils serving all 351 cities and towns in the Commonwealth. The LCC program is the largest grassroots cultural funding network in the nation, supporting thousands of community-based projects in the arts, sciences and humanities every year. The state legislature provides an annual appropriation to the Mass Cultural Council, a state agency, which then allocates funds to each community.

Art guild seeking submissions

The Massasoit Art Guild will be holding its 15th annual Art Show at the town hall in Spencer on Saturday and Sunday, the 13th and 14th of October. The non-juried show is open to all artists who are members of the Massasoit Art Guild as of the first of Sept. 23.

There are 10 categories of entries: oils, watercolors, acrylics, traditional photography, digitally altered photography, digitally created art, pastels, drawings and prints, 3D and mixed media. Up to five entries per person total, however, the fifth piece is accepted based on hanging space availability. The entry fee is \$5 for each entry (non-refundable). However, if we do not have enough room for the fifth piece, you will be notified and reimbursed.

This year at the MAG art show there will be a Special Purchase Prize of \$400 offered by a generous donor for a piece of artwork representing a Spencer scene. The chosen piece will be displayed in a Spencer public building. You may enter one or more pieces in the running for this special prize, just make sure you check off which ones will be considered on your entry form.

Also, cash prizes will be award in all categories chosen by an independent judge.

All work entered into the show must be framed and wired for hanging. A membership fee of \$30 may be included with the show entry application for new members. A group of sales tables will be provided by the guild and attended by guild members during the show. In order to sell items you must sign up for a 2-hour shift. Applications are available at the libraries in Spencer, North Brookfield, and East Brookfield. For further information, or to obtain an application visit the guild's website at www.massasoitartguild.com or email MAG president Amanda Delanski at amanda.delanski@gmail.com and at various local businesses.

The Massasoit Art Guild has members from all over central Massachusetts, representing over 23 communities in the region, including: Auburn, Barre, Brimfield, Brookfield, Dudley, East Brookfield, Framingham, Holden, Holland, Leicester, North Brookfield, New Braintree, Oxford, Paxton, Princeton, Rochdale, Southbridge, Sturbridge, Spencer, West Brookfield, Ware, and Worcester. This program is supported in part by a grant from the (name of local cultural council), a local agency which is supported by the Mass Cultural Council, a state agency.

Car Buying Tips

People ask Place: What can I expect from cars of the future?
The Right Answer: The distant future of cars is yet to be determined but we can see the start of things to come in today's cars and some of the next generation vehicles. As for Ford even just the shape of cars is changing. Ford is eliminating the "TRADITIONAL SEDAN SILHOUETTE." In the coming years the cars will be more like today's SUV's or Crossover vehicles having shapes giving a higher seating position and view of the road and creating more interior space. These vehicles will continue to build on the technology being developed for self-driving cars. Collision avoidance, lane keeping and adaptive cruise control are the early adoptions from this

developing technology. We can expect more electrification of the autos of the future. Ford is developing and introduced conventional Hybrid, plug-in Hybrid and all electric vehicles like our Focus and Fusion of today and upcoming versions of the Explorer and iconic Mustang. New unnamed models will likely blend all of this technology and some yet to be developed. There is speculation that concepts that show fully autonomous vehicles and even those that fly short distances will be entering the market in the foreseeable future. The future of automobiles looks to be an exciting one. Many things only dreamt of in SCI-Fi books are becoming reality just like much of today's reality was only dreamt of when Henry Ford built his first mass produced automobile.

Rochdale teen earns Girl Scouts highest honor

Girl Scouts of Central & Western Massachusetts (GSCWM) congratulates Morgan Emery of Rochdale on becoming a Gold Award Girl Scout. Morgan's project, Leicester Senior Center Garden, earned her the organizations highest award. The Girl Scout Gold Award is an honor bestowed upon only six percent of Girl Scouts Nationwide.

The Leicester Senior Center has been the meeting place for Morgan's troop for many years. Over the years, she has become friends with the director and many members who have shared with her their vision for a garden. The director explained to her that while they had this vision, they had never had anyone with enough determination to take on the responsibilities. For Morgan's project, she brought determination and transformed a 45-foot-diameter mound of weeds and dirt in the middle of their parking lot into a flower garden. She added walkways that give access to wheelchairs and walkers as well as hummingbird and butterfly water dishes to make the garden a place that the seniors could truly enjoy. Morgan also built several table-top vegetable planters so that the seniors could enjoy an

outdoor activity of gardening and/or harvesting their own vegetables without the discomfort of bending down. Her garden will be tended by town troops that use the center for meetings.

Gold Award Girl Scouts are recipients of one of the most prestigious awards in the world for girls. By the time they put the final touches on their seven-step projects, they'll have addressed a significant problem in their community — not only in the short term, but with a plan to sustain the work for years into the future. They're also eligible for college scholarships and to enter the military one rank higher than non-Gold Award Girl Scouts.

The Girl Scout Gold Award recognizes girls in grades 9 through 12 who demonstrate extraordinary leadership through sustainable and measurable Take-Action projects and signifies achievement of the highest recognition for girls in Girl Scouting. It is a recognition that indelibly marks them as accomplished members of their community and the world.

Girl Scouts of Central and Western Massachusetts serves over 7,500 girls in grades K through 12 with the strong

support of 3,800 adult members in 186 towns and cities in central and western Massachusetts. Girl Scouts' mission is to build girls of courage, confidence and character who make the world a better place. Since 1912, girls have explored new fields of knowledge, learned valuable skills, and developed strong core values through Girl Scouts. Today, Girl Scouts is, as it always has been, the organization best positioned to help girls develop important leadership skills they need to become successful adults.

The Haston Free Public Library, in collaboration with the Community Connections organization, will offer two fun programs for preschoolers on Tuesdays throughout the year. Beginning on Tuesday, Oct. 2, from 10:15-11 a.m. two separate story times—one for four and five year olds and the other, "Books and Blankies," for three year olds down to lap-sits—will take place in different areas of the children's library. In addition to stories a simple craft will be offered for the older group.

On Wednesday, Oct. 3, at noon, Community Connections invites grandparents to the Haston Library for

"Bring Your Grandchild to Lunch." A nutritious light lunch will be served in the craft room of the children's library, followed by stories and songs with Renee Coro. several financial incentives to area towns, but all aspects of each proposal must be carefully weighed, officials said. Residents stressed the importance of town officials reviewing each component of the company's security strategy before giving the green light.

Located at 1764 Main St. in town, Cultivate Holdings, Inc., was granted the first retail marijuana license on July 1 by the Cannabis Control Commission. Now that a pair of independent testing labs have been approved by state officials, the Cultivate staff is expecting to open its retail operation this fall.

An overview of the company's business model was provided during the meeting, as well as a description of the signage and security that would be associated with the business.

The outreach meeting is required by the state's Cannabis Control Commission as a first step in the vetting process. After Cultivate Holdings, Inc., recently earned the state's highly coveted first retail marijuana license, town officials must now decide whether to approve this latest proposal. Because one business model focuses on medical and retail sales, while the other is strictly dedicated to research and development, town officials are not concerned about overcrowding of pot-centered businesses in town.

"From here, we discuss a host community agreement, which would be voted by the Select Board — and then they go forward for their license," Town Administrator David Genereux said of the IGBR proposal.

Public Notification - Child Find

In keeping with the mission of the **Spencer-East Brookfield Regional School District**, and in alignment with the Massachusetts General Laws, this notice is provided as part of the outreach and ongoing liaison with resources within the SEBRSD community towns of **Spencer and East Brookfield**. This is to advise you of the availability of the referral process for Special Education evaluations for those children, ages three through twenty-two, who may be suspected to have a disability and may be determined eligible for specialized instruction and/or related services.

Special Education regulations require that principals, or other educational administrators, make specific efforts to first meet the student's needs in the general education setting. Those efforts include promotion of instructional practices and provision of adequate instructional support for students and teachers (MGL, c. 71B, section 2). If any student has been unsuccessful in making progress within the general curriculum, despite documented instructional support and effort, and is suspected of having a disability, **any parent, caregiver, or professional** may refer the student for a Special Education evaluation.

If you suspect your child may have a disability interfering with his/her learning, please contact the **Pupil Services Department at 508-885-8515**.

Does Real Estate Investing really give passive income?

Real Estate is considered passive income, however there are plenty of non-passive activities performed on rental property. One of the activities is just rent collection which could be you knocking on the tenants door on the 1st of the month and hoping they open it and give you money to having them transfer money every month into your account. You could also hire a property manager to do the rent collection for you. There are many other things to consider such as the lawn will need to be mowed, and the walkways and driveways shoveled. When the toilet is constantly running even though it is a simple fix you will probably need to

go over and fix that or hire someone to do that. When one tenant is fighting with the other one and they call the police you usually end up with a phone call or when the tenants decide to have a bonfire going and the fire department shows up and calls you.

With all that being said, Real Estate is a great investment and many people have built lots of wealth Real Estate Investing while others have lost a lot of money. If you are doing a buy and hold strategy on investing and keeping

REALTOR'S REPORT

them for the long term it is tough to mess up big time because the equity paydown over the years will probably fix your mistakes. If you desire to invest in Real Estate do not just buy a book and go out and invest. I suggest either finding a mentor who has successfully done what you plan on doing or a Real Estate Agent who can advise you on such things and also has successfully invested in Real Estate themselves. It is even better if you can have both. You always

want to ensure you can afford to have vacant units in your buildings so you can be picky and only rent to qualified tenants. You also want to make sure you have trusted contractors such as Electricians, Plumbers and a handyman and possibly even a property manager if you do not have time to do any work yourself before making your first purchase. Lastly, ensure you have a business plan with how many doors you want to own and what is your target location so when looking you will not make emotional decisions in your Real Estate investing business.

The wheels on the bus fascinate youngest students

BY AMY PAUL
NEW LEADER CORRESPONDENT

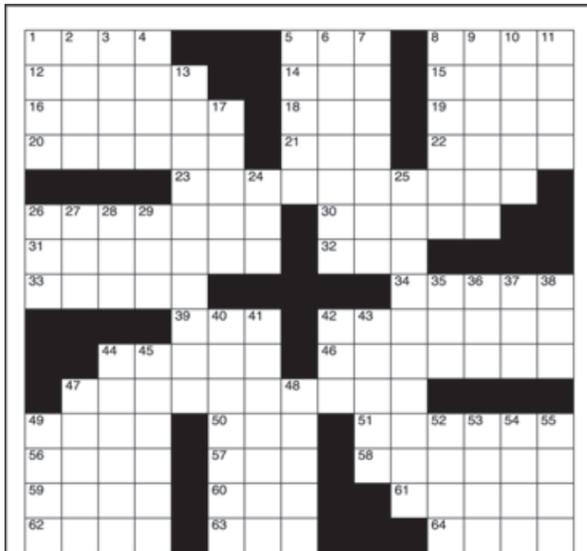

Neither rain nor gray skies hampered the moods of dozens of excited kindergartners and their parents at AA Transportation's annual award-winning Kindergarten open house program, which has now become a local rite of passage for local families. The one-of-a-kind program which has received a certificate from the Commonwealth of Massachusetts Registry of Motor Vehicles for "Outstanding Efforts in School Bus Safety" features five stations covering from basic bus safety to emergency guidelines and procedures. Also featured was a bus ride for both parents and kids, instructing children in the proper and safe ways to enter and exit a school bus and allowing for bus driver introduction.

President of AA Transportation Ron Ernenwein finds the program important and rewarding, "AA Transportation

has been providing this program from long before I got here, which was in 2012. This is an excellent training opportunity for the kids because it helps them work through any fears they have about riding the bus. It's really a fun event that incorporates a lot of learning during an important time in a kid's and in a parent's life."

Kim Granger of Spencer, whose older child has also participated in the program and whose daughter Allison will begin Kindergarten at Wire Village this year says, "This is a great program. It puts children at ease, making them more comfortable with the process of riding the bus and going to school. They're so excited to learn what it takes to ride the bus."

For more information about this program or AA Transportation please call 508-867-4500.

Name: Tundra
Breed: DSH gray/ white
Sex: Neutered Male
Age: 1 year old

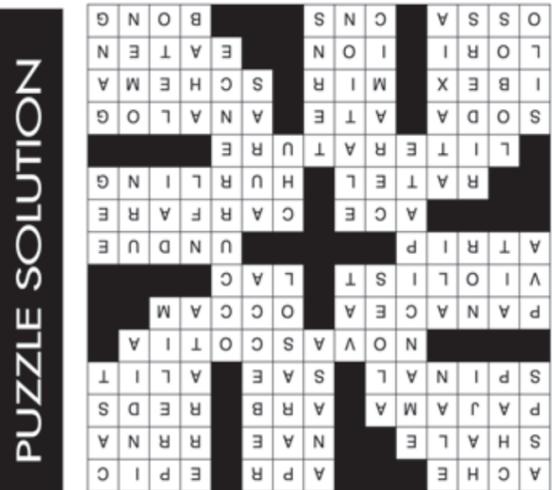

My name is Tundra. My name is perfect because I am a brawny handsome boy. My former human Dad passed away which made me very sad. The shelter staff really likes me because I am very compatible with the other felines. Even though I am a big boy; I play nice with the kittens. However I do NOT like dogs of any size. I greet any person coming into the shelter with a meow. I am friendly, playful and quite the explorer. I have been an inside companion but would love a home with a screened porch.

Police Department worked hard on this most prestigious victory. The APD would like to give special thanks to Ken Rabouin, Nikki and Terry Gaspie, Glenn Maffei, Patrick Montique, Gary Cooper from Brooks Motors, Ray Butler from Mid State Auto Group, Ray Gagner from G&S Graphics, Central Mass Drag Racers, Jaymayco Tool & Equipment, Dan Harris Construction, L.A. Automotive, Gary Rice Shop Equipment and Michael King from King Family Racing. It was a team effort in winning the derby.

Those in attendance for the derby were blown away by the display.

"I loved the victory lap at the end! Would love to see the towns do that's again next year," says Holly Marks.

"We are Auburn strong!" says Cheryl Lawrence.

"Great job Jimmy! Way to go APD!" states Aaron Suss.

Baby boomer toys

ANTIQUES,
COLLECTIBLES
& ESTATES

WAYNE TUISKULA

In my last column, I discussed the history of toys and shared some valuable old toy prices. We often find toys from the 1950s and 1960s in the estates that we handle. Despite there being so many '50s and '60s toys produced for the Baby Boomer generation, some are still quite valuable.

There are too many types of mid-century toys to cover them all, but I'll describe some of the most popular and valuable. Character toys are one type that remain very popular with collectors. Superhero toys command some of the highest prices. A 1958 tin Linemar tank that Superman halts and lifts sold for \$5,500 in a November 2017 auction. A similar tank, this one featuring Popeye rescuing Olive Oyl, fetched \$14,000. A

1967 mint in box Ideal Toys Captain Action Spiderman sold for over \$7,100. A Japanese Yanoman Batman car with the box brought \$8,500 at a May 2018 auction. A mint in box 1966 Batman playset sold for \$10,000 in 2016.

Barbies are some of the most popular dolls from the '50s and '60s. A 1959 #2 brunette doll in a Sweet Dreams silhouette box sold for \$5,500 in 2015 and a blonde #1 in near mint condition with the box brought \$9,000 in 2011.

Space toys and robots are another example of desirable toys. Masudaya's Gang of Five toy robots, from the late '50s and '60s, are some of the most highly collectible toys of the era. The five robots are: Radicon robot, Giant Sonic robot, Non Stop robot, Target robot and Machine Man robot. Masudaya Nonstop robot brought \$6,000 at a 2012 auction. A Giant Sonic robot sold for \$7,000 in a 2012 auction. A Target robot with the box sold at auction for \$20,500 April 2011. A Radicon robot with original box sold for \$25,000 in 2014. A Machine Man robot reached \$38,000 at auction in 2012.

Many other toys from the era have also brought great prices at auction. A rare Lesney Matchbox No.30 Magirus Deutz Crane recently sold for over \$4,600. A 1965 James Bond 007 Road Race set sold for \$5,100. A Frankenstein bobble head sold for \$5,150 in 2008. Four 1960s GI Joe military police figures and accessories sold for \$5,500 at auction. A PEZ store display box picturing Bozo, Bullwinkle, Popeye, Mickey Mouse and other characters recently sold for \$9,999. Mint condition toys from the '50s and '60s could earn you plenty of money to play with.

Our live toy and collectibles auction will be on Sept. 27 in Worcester. I'll be teaching my "Evaluating your antiques" class on Oct. 15 at the Bay Path Evening School in Charlton. We are planning a multi-estate antique auction on Oct. 25. I'll also be appraising items for the Winchendon Historical Society's appraisal event on Oct. 28 from 11:00 AM to 2:00 PM. See www.centralmassauctions.com for details on these and other upcoming events.

Friday's Child

Shemar
Age: 6

Hi! My name is Shemar and I like to read and be read to.

Shemar is an adorable 6 year old boy of Caucasian and African American descent. Active and busy Shemar likes to play outside on his bike and his scooter. He also likes to read, play with Legos, play with his superhero figures, coloring and watching movies. He gets along well with all in his foster family including his foster dad, mom and 3 foster siblings. He needs clear expectations and limits and then he can easily follow a routine

Entering 1st grade in fall 2018 Shemar does well in school with the help of a sticker chart. He gets along well with his teachers and with his school peers.

Freely adopted, Shemar would do well in any family constellation with or

without other children in the home. The ideal family will need to keep him active, loved and provide him with a structured home with clear routines and limits. He has sibling with whom he would like to maintain contact with monthly. Right now, they visit with Shemar monthly.

Who Can Adopt?

Can you provide the guidance, love and stability that a child needs? If you're at least 18 years old, have a stable source of income, and room in your heart, you may be a perfect match to adopt a waiting child. Adoptive parents can be single, married, or partnered; experienced or not; renters or homeowners; LGBTQ singles and couples.

The process to adopt a child from foster care requires training, interviews, and home visits to determine if adoption is right for you, and if so, to help connect you with a child or sibling group that your family will be a good match for.

To learn more about adoption from foster care, call the Massachusetts Adoption Resource Exchange (MARE) at 617-54-ADOPT (617-542-3678) or visit www.mareinc.org. The sooner you call, the sooner a waiting child will have "a permanent place to call HOME."

Fair attracts statewide attention

SPENCER — The annual Spencer Fair always draws guests from throughout the state, but this year the fair hosted a special visitor who traveled from Boston to join the fun.

You never know who you'll see at the fairgrounds during the four-day Labor Day weekend event. On Sunday, Sept. 2, families enjoyed all of the fair's annual attractions — musical performances, animal exhibits, food courts, and midway rides — but a few lucky guests got to say hello to Governor Charlie Baker.

After a series of second glances and curious remarks, guests learned that the Governor was indeed walking the fairgrounds and chatting with area residents. Joined by local leaders, Baker met up with families, seniors, first responders, and vendors. A handful of kids had quite the back-to-school story to share with their friends after high-fiving with the Governor.

Also in attendance were state Representatives Donald Berthiaume and Peter Durant (both of Spencer); Worcester County Sheriff Lew Evangelidis; Worcester County District Attorney Joseph Early Jr.; selectmen; and several town officials.

Online applications now available for Bay Path

Bay Path Regional Vocational Technical High School is pleased to announce eighth grade students and their families interested in applying for admission to the school for the Fall of 2019 may now apply to the school online at www.baypath.net.

The school has partnered with GO2CTE, a Massachusetts technology company, to manage the online admissions system. The new system provides an easy way for the school to interact with prospective students and families throughout the admissions process. The secure online application is designed specifically for vocational technical schools to better manage the admissions process. Bay Path can easily track and monitor the entire application process from registration to enrollment.

Bay Path counselors will visit each of the middle schools in its 10 town district early this fall to make presentations to students. On Oct. 12, all eighth grade students are invited to attend tours of Bay Path during the school day. Students will be picked up at their middle school by Bay Path buses and returned to their town school after the tour. Four days later, on Oct. 16, the school will hold its annual open house for students and parents/guardians from 6-8 p.m.

All students and families wishing to apply to Bay Path for admission in the fall of 2019 would go to www.baypath.net and look for the red APPLY button. The application is available in over 100 languages. Easy to follow instructions are embedded in the software. The school looks forward to working with eighth graders and their families and guardians as they explore the possibility of attending Bay Path next year. Bay Path does not discriminate on the basis of race, color, national origin, sex, gender identity, disability, religion or sexual orientation.

La escuela Superior Técnica Vocacional Regional Bay Path se complace en anunciar que los estudiantes

de grado 8 y sus familias interesadas en solicitar la admisión a la escuela para el otoño de 2019 ahora se pueden aplicar a la escuela en línea en www.baypath.net.

La escuela se ha asociado con GO2CTE, una compañía de tecnología de Massachusetts, para administrar el sistema de admisión en línea. El nuevo sistema proporciona una manera fácil para que la escuela puede interactuar con los futuros estudiantes y las familias durante todo el proceso de admisión. La aplicación en línea segura está diseñada específicamente para escuelas técnicas y vocacionales para administrar mejor el proceso de admisión. Bay Path puede rastrear y monitor fácilmente todo el proceso de implementación desde el registro hasta la inscripción.

Los consejeros de Bay Path visitarán cada una de las escuelas intermedias en sus diez distritos a principios de este otoño para hacer presentaciones a los estudiantes. El 12 de octubre, los estudiantes de grado 8 están invitados a hacer una gira por Bay Path durante el día escolar. Los estudiantes serán recogidos en su escuela intermedia por los autobuses de Bay Path y regresados a su escuela después de la gira. Cuatro días más tarde, el 16 de octubre, la escuela realizará su acto anual de Puertas Abiertas para los estudiantes y los padres / tutores de 6-8 pm.

Todos los estudiantes y familias que desean inscribirse en Bay Path para el otoño de 2019 deberán ir a www.baypath.net y buscar el botón rojo APLICAR. La aplicación está disponible en más de 100 idiomas. Las instrucciones fáciles de seguir están incorporadas en el software. La escuela espera trabajar con los estudiantes de grados 8 y sus familias y tutores mientras exploran la posibilidad de asistir a Bay Path el próximo año. Bay Path no discrimina por motivos de raza, color, origen nacional, sexo, identidad de género, discapacidad, religión u orientación sexual.

FYI –
IMO

If you use Facebook, or your cell phone. If you message or Twitter, you probably know the new shorthand, or at least a bit of it.

It is frustrating to know, despite the very best efforts of English teachers everywhere, the new crop of students in school right now will eventually lose all knowledge of grammar, punctuation, spelling and sentence structure as they continue to communicate only in word bites of 140 characters or less.

We heard recently of someone who wrote a 'novel' using Twitter B/C, YOLO & they could.

If that is so, how small could the newspaper be, if we could CYE, dl, and Twitter the results directly with XOXO to our readers? YNT?

Of course, for most people, they wouldn't be getting the information they really needed; certainly never TMI.

W/E.

Well, OBS.

There are some problems, beyond being understood with this language barrier; and parents are being warned to learn this new shorthand quickly as their kids have found ways to communicate in code. Sometimes to their own detriment.

Kids will find another way, if their parents figure it out of course, they always do. It's part of the rebellion IIRC.

FWIW, and AFAIK, there are no plans in the works to change the usual way of doing business at our own level. We will continue to double check our facts, edit for grammar and punctuation NTN.

Some of this shorthand is quickly recognizable of course, like ETA, TLC, OMG, or even LOL; in use so long and by so many they are no longer a mystery.

And a few need a good foreign language translator: TTFN (ta ta for now); or GOMB (get off my back), apparently in general use by teens worldwide.

We're just SMH (shaking my head) and realizing IDKWTD (I don't know what to do) with this information.

A language made only of initials completely understood by those in the know reminds us of an old Star Trek episode in which the entire population spoke in well known parables. Speaking just the name of the parable described an entire situation; that for the citizens gave them context. For the crew of the Enterprise, it was an infallible mystery.

And that is where we are at this point in our language development, as our younger, more savvy and technologically advanced citizens do initial speak to one another; they have a POA that OBS leaves out an entire 90 percent of the older citizens in the entire world. IKR?

So while you are geeking out over there at the veiled threat contained by this situation, realize this; in less than 10 years since the messaging world was invented, we could have written this entire essay in almost entirely initials, and only people younger than 25 could have read it.

As it is, we may have to translate those enigmatic initials we DID give you, but we can end with one those youngsters may scratch their heads over.

It may be that this is entirely a SNAFU.

Har-Yarok: Benghazi was no excuse

To the Editor:

Since our illustrious President continues to bring up Hillary Clinton in tweets, 660+ days after the election, and Benghazi never seems to exit the conservative news cycle, I thought I would address the issue.

I thoroughly enjoyed Mr. Rosenberg's distillation of Trump's support into two camps — deplorable and not smart. I think the politicians who masterfully made the Benghazi scandal 1,000x more than it really was are deplorable, and the people who bought into it are not smart.

You may have heard the word "Benghazi" a few thousand times in the past few years from Fox News, Republicans, or other conservative outlets claiming it is a major scandal or from liberals joking about how absurd the whole situation is. It all had to do with Republicans' deeper and unfounded beliefs about Obama's presidency and Hillary's presidential campaign.

So what happened in the first place? On the night of 9/11/2012 a group of Islamist militia members attacked a US diplomatic outpost in Benghazi, Libya. They killed four Americans including the U.S. ambassador. The city was the center of the U.S. backed rebellion which toppled Muammar Qaddafi and a number of armed groups emerged in the aftermath and it was very dangerous yet the U.S. had no intelligence suggesting a specific attack. That evening a militia breached the fence of the compound and set fire to the buildings. In the chaos of the attack, US security officers were separated from those that were killed.

The ambassador has previously requested more security in the months preceding the attack and not gotten it. Republicans accused Obama of withholding military support that "might have" saved the day, but there were simply no military assets that could have gotten there in time. The Benghazi report stated in part, "the inter-agency response was timely and appropriate, but there simply was not enough time for armed U.S. military assets to have made a difference."

The CIA initially blamed the attack on a mob protesting an anti-Islam movie which sparked protests elsewhere in the middle

east, however this turned out not to be the case. Republicans accused the Obama administration of lying about the situation for political gain. The reality is, the CIA immediately after it occurred honestly believed it was a random protest and only after investigation realized it was a coordinated terrorist attack.

The "investigations" dragged on for years out of a conviction by Republicans that Obama was authoritarian enough to hide the truth (laughable I know, looking at DJT), but more importantly to embarrass and damage both Obama and Hillary politically. Beginning in 2012, they were already trying to damage Hillary's reputation with a "witch hunt." House majority leader Kevin McCarthy actually admitted on TV the actual purpose was to damage Hillary politically.

This was not about anything other than dirty politics. The previous Bush administration saw 13 attacks on American embassies and 87 deaths, yet Fox News said nothing. 4,424 Americans were killed and 31,952 wounded in the Iraq war, yet the four who died in Libya under a Democratic administration are the biggest problem? This discrepancy and focus would suggest that the situation is primarily one of politics, and not national security. Benghazi was nothing but a politicized smear campaign with dead Americans used as pawns used to improve the standing of the Republican party.

If you voted for DJT because of Benghazi you should be embarrassed. If you voted 3rd party over Benghazi know that you threw your vote away, a vote that could have helped keep a Fascist narcissistic megalomaniac out of office. Hillary was not an ideal candidate, far from it. However she was the adult in the room with the other choice being a crazy man-child. Third party voters are not deplorable because their heart was in the right place (not DJT)... however they had a modicum of power and chose instead to indirectly help DJT take over the United States.

OMAR HAR-YAROK
EAST BROOKFIELD

Rah Rah Jen

The written word has a way of being misread, misinterpreted and out and out looked at as if the author was from another planet. As I reread the LTTE I wrote in the August 31st issue of this paper, I can understand that Mr. Hammond thinks that I am "against" or would not support Jen Caissie. Mr. Hammond couldn't be more wrong. I have personally witnessed and brought issues to the Oxford Selectmen while she was a member and as she sat in the 'big seat.' She was strong and a leader that I respected. I may not have agreed with all of her decisions, but I respected her opinions that lead to those decisions. Because I have daughters that play in the Oxford High band, I was in the audience when Jen spoke at the Memorial Day parades and I like what she said. I saw her this past Memorial Day in the parade down Main Street. She seems to dedicate herself to the people she serves. And she occasionally, to support the state, she buys Keno tickets. (Smile!)

Jen will have my vote in November. Presently, out of eight members on the Governor's Council, she is the only Republican. That fact alone sways my vote. I believe she will be a voice in that council that will make the rest 'think.' And with all due respect Mr. Hammond, you are missing the point of the letter. Jen Caissie is THE candidate that people see in Oxford. Her signs, big and small, are everywhere. There is no one that isn't blind that has not seen Jen's name. I was trying to make a point and Jen was the perfect person for me to choose to make that point. The point Alan: With very few exceptions, candidates are not putting their political affiliation on their promotional material. TV, radio, newspapers and yes, signs are void of something that I feel is very important. It may not have been important 4 or 5 years ago, but it is of the utmost importance in the world Trump is making for all of us.

Trump is polarizing this country to a point that anger is the temperament of any political conversation. At a party of a close friend that supports Trump, I replaced the toilet paper in the main floor bathroom

with toilet paper that had Trump's face on each sheet. My friend didn't see the humor. Political conversations hardly happen anymore. I have lunch almost every weekday at the Happy Garden Restaurant (The best hot & sour soup on the planet.) While everyone drinks their Mai Tai's and I drink my Diet Coke, not once will I hear a conversation about politics. That said, all of us are interested in what is happening in that White House in D.C. I advertise on WBZ radio and the response has been incredible. I believe it is because people are listening to the news station (BZ) more than ever, because they want to hear the latest Trump blunder.

What I wrote a few weeks ago has hit the nail square in the center. The New York Times piece about Trump's own staff turning against him was/is democracy at its worse. Not even Nixon had to be thinking about Julius Caesar's Brutus - "Et tu, Brute."

We, as voting citizens, need to know, long before we go to the polls, what party the candidates represent. It is not a mistake or forgetfulness that Hammond's response didn't mention Jen's affiliation throughout his eight paragraphs. Jen has my vote and I understand and support her voting what she believes, but is she not proud that she is a Republican? Gary put, "..... she has voted in favor of judicial appointments not based on party affiliation, but on whether the nominee appeared to be best suited for the position." Ok. Got that. But she is a Republican and a Republican that does not wear that "R." As much as I support her, if I was Gary I would advise her to let people know, "I am Jen Caissie Republican. Whether or not that I agree or disagree with the Trump policies, tactics, tweets or cheating on his wife, I am a Republican and I ask that you vote because I am Jen Caissie and not because I am a Republican or a Democrat." To be honest, if she is thinking of her political future, and I hope she is, she must be aware of the prominent fact that Republicans hold important offices in this very Left Wing state.

Miller: let's coin new terms

To the editor:

While it warms my heart that Mr. McRae considered my essay of 8/24 excellent and comprehensive, he seems clearly unconvinced that we are both a republic and a democracy based on the fact he described that idea as a "proposition." I am glad to hear that an unabashed conservative who professes to know so much regards me as intelligent.

On the topic of TDS (Trump Derangement Syndrome), we should consider the source. It is a neologism used by Trump supporters to describe the reaction of anybody who opposed the 45th President of the United

States. Let's take a step back and consider for a moment the personality and public statements of the 45th President. Let's read his twitter feed, it is difficult seeing as he sends out about 10 tweets per day. Let's examine his public statements. I am not going to list examples, if you have read this far you know exactly what I am referring to.

Opposition to Trump is not a "syndrome", it is part of healthy discourse in a free society regardless of the label you prefer (Democracy, Republic, Free Country, 'MERICA!, etc.).

Consider financial gifts for your grandchildren

National Grandparents Day was observed on Sept. 9. If you're a grandparent, you may get some gifts

FINANCIAL
FOCUS

JEFF
BURDICK

or cards – or maybe even a phone call! But you might feel that it's better to

give than to receive, especially when it comes to your grandchildren. And you can make a real difference in their lives by making a financial gift for their future.

For starters, think about your grandchildren's education. If college or some type of vocational school is in their future, you may want to help them meet some of the costs, which can be considerable. One common education-savings vehicle is a 529 savings plan. With this plan, earnings on withdrawals are tax free, provided they are used for qualified education expenses. (Keep in mind that 529 savings plan distributions not used for qualified expenses may be subject to ordinary income tax and a 10% IRS penalty on the earnings.) You also may be eligible for a state income tax incentive for contributing to a 529 savings plan. Check with your tax advisor about these incentives, as well as all tax-related issues pertaining to 529 savings plans.

A 529 savings plan's contribution limits are quite generous. And, as the owner of a 529 plan, you have flexibility in choosing where the money goes – if your grandchild decides against college or another type of advanced education, you can transfer the plan to another beneficiary. And due to recent tax law changes, the scope of 529 plans has been expanded to include qualified withdrawals of up to \$10,000 for tuition expenses per year per beneficiary at public, private or religious elementary or secondary schools. Be aware, though, that a 529 savings plan could affect any financial assistance your grandchild might receive. Although a 529 plan owned by a grandparent won't be reported as an asset on the Free Application for Federal Student Aid (FAFSA), withdrawals from the plan are treated as untaxed income to the beneficiary (i.e., your grandchild) — and that has a big impact on financial aid. So, you may want to contact a financial aid professional about the potential effects of any gifts you're considering.

A 529 savings plan isn't the only financial gift you could give to your grandchildren. You also might consider giving them shares of stock, possibly held in a custodial account, usually known as an UTMA or UGMA account. However, you only control a custodial account until your grandchildren reach the age of majority as defined by state law, at which time they take it over. They then can use the money for whatever they want – and their plans may not have anything to do with books or classes.

Still, your grandchildren might be particularly interested in owning the stocks contained in the custodial account – many young people enjoy owning shares of companies that make familiar products. And your gift may even get your grandchildren interested in long-term investing.

No matter what type of financial gifts you give to your grandchildren, make sure your keep enough money to pay for your own needs. It's important to balance your personal savings needs with your desire to be generous.

Giving financial gifts can be rewarding – to you and your grandchildren. Consider exploring some possibilities soon.

MILLER
continued from page A8

I think we need to define some actual syndromes. Let me coin today, "Trump Apologetic Syndrome". TAS seemed to be on Mike Pence's job description starting with the 2016 campaign. Many conservatives are afflicted by TAS. Take any crazy thing that Trump says and respond something along the lines of, "he didn't mean it like THAT", or analyze thoroughly it to find an absurd interpretation that is clearly too convoluted for Trump to even follow himself when explained.

I believe the most common syndrome surrounding our 45th President is "Low Information Voter Syndrome" or LIVS.

The Republicans in the House and Senate seem to have "Trump Political Opportunistic Syndrome" or TPOS. TPOS is created by the fact that any Republican who opposes Trump seems to lose their seat due to a primary system which allows the most radical elements of our two great parties to pick the candidates that will represent us all. Executive branch personnel are summarily fired for suspicion of opposing Trump. All officials swore to uphold and defend the Constitution of the United States against all enemies, foreign and domestic, NOT Trump. SHAME on all who ignore the clear and present domestic enemy and danger!

Another fairly common syndrome is "Trump is a Means to an End Syndrome", or TMES. Those afflict-

ed by TMES are the most deplorable. This are the people who are very well informed, actually hate Trump and consider him amoral and unmoored, yet he is a means to an end. Those afflicted by TMES dislike democracy as they and their political allies become a minority and have political goals that are clearly impossible through normal political means. They don't care about the United States as a country or a concept or what it stands for. Those with TMES are diverse in what they want, be it a Christian theocracy allowed by the SCOTUS, a mono-ethnic power structure, a militarized junta keeping things in order, or I am sure countless other sub-types of TMES. Those afflicted by TMES are the well written and well informed Trump supporters, for

example history teachers who know that while history doesn't always repeat itself it does usually rhyme. This group of Trump supporters knows exactly what is happening, fully understands the risks, and they still support our 45th President vociferously. They are the worst of the worst.

There are those of us who love this country, oppose the current administration, and consider Mike Pence antithetical to the values of the United States, yet are ready to salute him as our 46th President and trust him to uphold and defend the Constitution of the United States against all enemies, foreign and domestic.

MURDERS

Massachusetts Department of Fire Services. Police departments in Ware, Palmer and North Brookfield also contributed to the investigation by researching Locke's checkered past.

Locke has an extensive criminal history, including an arson conviction in Maine in 2012. He was sentenced to nine years in prison, with all but two years

suspended and four years eligible for probation. Locke was also convicted of burglary in 2015. He was listed as serving at least two years at Bolduc Correctional Facility in Maine, according to records obtained by the New Leader.

During the initial response to the Bermudez residence on March 1, police discovered evidence of a fire in the home that had been extinguished. In the days following the homicides, police sought information from anyone who had spotted

a discarded yellow fuel can. Investigators reviewed surveillance footage from area homes and businesses, and a State Police helicopter searched the area surrounding the home as the investigation broadened.

Six months later, Moses Bermudez is now grappling with the shock that a family member was allegedly responsible for the murders.

"This cuts so deep to lose a wife and three kids," said Bermudez, who was working in Los Angeles when his family

was murdered. "I just have to look forward to my time when I see them in Heaven."

The entire community remains shaken by the tragedy, especially the school community and law enforcement. Two of the victims attended West Brookfield Elementary School.

Before the Sept. 5 arraignment, DA Early discussed how the murders impacted investigators over the last six months as they hunted for a killer.

"This has been a very difficult

case for everyone involved," Early said. "The officers responding to the scene, the first ones at the scene, and the State Police detectives - many of these people have families."

Officials said the investigation remains active, and they are still seeking new details from residents. If you have information regarding the case, you're asked to call State Police detectives at 508-832-9124.

GRIFFIN

said. "She has a knack for recognizing needs of others, and then she acts on that to ease their burden. She is always looking at ways to improve the community, especially for children."

A lifelong North Brookfield resident, Griffin works at Palmer High School as a member of the school's life skills department. The program provides students with vital instruction for the future, teaching them how to search for jobs, cook meals, open bank accounts, and live independently. She also serves as the school's drama department director and the junior class advisor.

"I absolutely love what I do, and I am so grateful for Palmer High School to have me," Griffin said.

When she isn't helping students at school, Griffin spends her free time giving back to her community in a number of ways. As a board member of a parent advisory council for students with

special needs, she has helped bring in several fun programs for kids of all ability levels. One of the district's biggest events of the year is a Special Olympics dinner and awards ceremony that gets students and families excited for the competition the next day.

Additionally, Griffin helped establish a food pantry and clothing closet for the school district. She has also been instrumental in organizing Halloween and Christmas events in town, and she even spent time creating wooden character cutouts that are enjoyed by families throughout the Christmas season.

But despite her indefatigable dedication to the community, Griffin was nevertheless stunned after being selected for the award. She was thrilled to share news of the award with her students after learning that she had been chosen.

"My students all made me a large poster and brought it around the building for everybody to sign," Griffin recalled. "My mother hosted a party for

me a couple of days after I received the awards. We had a great night at Spencer Country Inn with about 100 people. The thing I liked most about that night was that I invited everybody who helped me get that award. It was my thank-you to them for being on all of the committees with me and always willing to help me when I ask for help."

Griffin also received an award from North Brookfield public schools in recognition of her numerous contributions. But like the Unsung Heroine Award recipients who joined her at the State House, she focused on praising those around her.

Meanwhile, local officials hope other residents will follow Griffin's lead and get involved as well. With community volunteerism declining in many towns, officials want to see more people logging off social media and getting on board with local projects.

"It was an honor to have Katie at the State House and be a part of her

celebration as an Unsung Heroine," Representative Berthiaume said. "Katie epitomizes what it means to be an active participant in one's community. She works nonstop to make North Brookfield a better place."

Prior to her big night, Griffin had never been to the State House. It was exciting for her to meet state leaders and other volunteers who give back to their communities throughout the Commonwealth.

"It was an entire day filled with appreciation and love. So many women who do so much were all gathered in one room together - it's hard to even put into words how amazing the day was," Griffin said. "The ceremony was beautiful. Senator Gobi was up on the ledge taking pictures of all of us. You could tell she was very proud of every single one of us."

After the awards ceremony, Griffin enjoyed a tour of the State House along with other honorees.

LEBOEUF

continued from page 1

values through November and beyond," LeBoeuf said. "I'm going to continue to earn every vote so that our communities have a representative who will work just as hard as the people who live here."

For LeBoeuf, going door to door was an important way to learn about issues affecting residents in both Leicester and Worcester. By visiting one neighborhood after another, he heard about many common challenges that he plans to discuss as the campaign heats up this fall.

"This was a truly people-driven campaign. The approach I took to campaigning is going to be the same style I take to the State House. It's about being present and available in all sections of the district," LeBoeuf added. "We reached out to voters in Leicester and

Worcester who may have never voted in the Primary before, but still shared the same concerns about how they were going to provide for their families or how they were going to retire in dignity."

Despite having limited volunteers and time to dedicate to her campaign, Gemme wound up receiving 30 percent of the overall votes (277 in Leicester). Loosemore earned 24 percent of the overall votes, with 448 of those votes coming from Leicester.

"I received 30 percent of the vote with a small group of volunteers," Gemme said. "I was up against two people with resources that were infinite compared to mine. I plan to run for office again."

After dominating in his hometown and nearly doubling LeBoeuf's 260 votes in Leicester, Loosemore couldn't gain any traction in Worcester.

"I am proud of the race we ran. It was a well fought

campaign on the issues, and I was happy to have carried my hometown," Loosemore said. "I wish David good luck on his campaign as it moves forward."

Looking ahead, LeBoeuf knows he has the experience to push his campaign to victory. Having helped run successful re-election campaigns for Jim O'Day and Harriette Chandler in 2012 and 2014, respectively, LeBoeuf understands how demanding it will be to continue rallying voters and bringing new people on board.

Most recently in his career, LeBoeuf helped small business owners during his time with the Initiative for a Competitive Inner City, a national nonprofit based in Boston. Moreover, he served as the board president of the NeighborWorks Home Ownership Center of Central Mass., which helps families facing foreclosure stay in their homes.

tant principal who knows the building well, and they expect Johnson to make a seamless transition to the administrative level.

"Throughout her years of service to Knox Trail Middle School, she has gained the respect and trust of the community, the faculty, and the students," Haughey said. "With more than 15 years of service in the field of education, Mrs. Johnson is excited to begin her administrative career in order to have a larger impact, guide the school's vision, and

help faculty, staff and students reach their full potential."

Melanie Ethier also joins the district's leadership team as the assistant principal at Wire Village School, which serves 450 students in grades K-4 in Spencer. Having taught second grade at East Brookfield Elementary School since 2011, Ethier was looking forward to taking on additional responsibilities.

"Throughout the interview process, Mrs. Ethier expressed that she would like to contribute to a school culture and educational program conducive to student learning and socialization,"

Haughey added.

Prior to joining the SEBRSD in 2011, Ethier worked in the Uxbridge and Hopedale school districts. In total, she has 17 years of experience at the elementary school level.

Haughey and his staff were looking forward to working with all three new additions to help make their transitions as smooth as possible. Haughey's goal was to always have strong leadership teams in each building to set examples for other staff members and students.

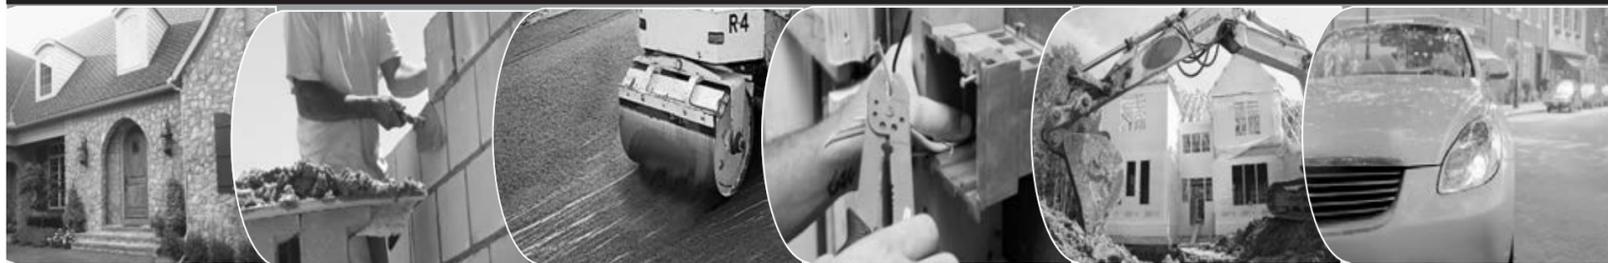

"Mr. Borseth, Mrs. Johnson, and Mrs. Ethier are people with high levels of

integrity who value communication and look to empower their building-level teams," Haughey said. "These instructional leaders are deeply committed to the Spencer-East Brookfield Regional School District and the communities we serve. They bring a wealth of knowledge, skill and experience to the future of our district."

Dominant first half helps Leicester breeze by Sammies

LEICESTER — As far as season debuts go, the Leicester High varsity football team's 2018 edition wasn't half bad.

The Wolverines dominated their 33-14 victory over Sutton High in the season-opener for both teams on Friday, Sept. 7, but that's only part of the story.

Leicester scored a touchdown the first time it touched the ball, and then on its second and third plays from scrimmage, rolling up a 20-0 first quarter lead.

The Wolverines increased that lead to 26-0 on the second play of the second quarter, just their seventh play from scrimmage in the game. Then, for good measure, Leicester scored on the next-to-last play of the first half to take a 33-0 lead into the locker room at intermission.

"We had a great first half," Leicester head coach Tim Griffiths said. "That was the best first half we've ever had in

a season-opening game."

Junior Bryce Gosselin got the 2018 season started with a bang, returning the opening kickoff 76 yards for the Wolverines' first six-pointer of the year. Nolan Power tacked on the extra point and, 16 seconds into the new season, Leicester led, 7-0.

"When I got the ball I looked to my left and it seemed like their entire team shifted to the left," Gosselin explained. "So, I took the ball up the middle, bounced out to the right side, stiff-armed the kicker and went down the right sideline and into the end zone."

Gosselin's kickoff return pumped up an already fired up Leicester sideline just a little bit more.

"I got so hyper at the beginning of the game; Bryce's kickoff return set the tone," said Dan Mero, the Wolverines' starting quarterback. "That was crazy. The entire sideline was jumping up and down. Once he got through their first line of defenders I knew he was gone."

Mero scored on the second play of Leicester's next drive, going up the gut on a quarterback keeper for 28 yards. He also scored Leicester's final touchdown on a keeper up the middle (to make it 33-0) from 16 yards out. On both runs he displayed a shifty elusiveness that wasn't part of his repertoire last year.

"I don't know where they came from, but Danny showed us some running skills tonight," Griffiths said. "But [Mero's running] was a pleasant surprise. It makes us harder to defend."

After Mero, with the help of Power on the PAT, made it 14-0, Gosselin was at it again. On the Wolverines' third play from scrimmage he took a swing pass to the right side from Mero, outran a pair of defenders to get around the corner, and then zipped down the right sideline and into the end zone to complete the 38-yard pass-catch-and-run scoring play, and make it 20-0 in the process.

Senior Tristan Scola, on his only touch of the game, capped a two-play drive to start the second quarter with a five-yard touchdown run, shedding a would-be tackler along the way. Scola's score gave Leicester a 26-0 lead.

Senior Donny Harrington led the Wolverines' rushing attack, gaining 81 yards on nine carries. Mero added 44 yards on the ground on three carries.

Most of Mero's damage came through the air. He completed his first four pass attempts and finished 5 of 6 for 151 yards and a touchdown. Catching three of Mero's passes was junior captain Jack O'Neill, who gained 103 yards in the process. O'Neill also returned a pair of punts for 32 yards (and he intercepted a pass).

Leicester finished with 281 yards of

total offense, 261 coming in the first half.

The second half didn't go so well for the Wolverines. They ran just five plays from scrimmage — none in the third quarter — didn't score and drew the ire of their head coach.

"I've coached for 25 years and we've never run [five] plays in the second half in my lifetime. I've never seen that in high school football. I've never seen that in a football game, period," Griffiths said. "So yeah, I'm pretty disgusted with the second half. Not a lot of toughness on our end in the second half. We've got a long way to go."

Not to mention a tough road to travel. In the next four weeks Leicester will play West Boylston, Blackstone Valley Tech, Grafton and Bartlett.

"We better figure out how to play four quarters of football in a hurry," Griffiths said.

Samuel Kenney and Joseph Mercier of Leicester help to bring down a Sutton runner.

Dorman strikes twice late as Quaboag gains a tie with Wolverines

sive box.

Leicester had the late two-goal lead, but when Quaboag has a star like Dorman a two-goal lead can vanish within minutes.

Paige Baldwin set up for a free kick after a penalty near midfield and moments later she sent a perfect cross into the box toward Dorman, who muscled the ball from a couple Wolverine defenders. She quickly settled the ball and chipped it in with her left foot past keeper Alexa Dufries to bring her team within one.

Pressing the issue less than thirty seconds later, Quaboag was threatening once again in their offensive zone. Baldwin once again sent the ball toward a streaking Dorman, who chipped it in perfectly to tie the game at 3-3. Dorman scored all three of the Cougars' goals.

"We have had a tough time over the years when we get down really working back, so that is a pretty spectacular way to start the season," explained Quaboag head coach Chris Bailey. "Even though it wasn't a win it feels like a win to start the year. It was a great job, great balls in by Paige Baldwin and Kiarra finishing them off. It was good stuff."

Leicester was aware of Dorman's quick strike ability, but coming into the game they just wanted to stick to their game plan.

"We are definitely aware of players that are standouts, but we don't entirely shape our defense around them," expressed Murphy. "We are just aware and try and shut them down, but they had a good game, made a comeback for a good result."

"We are working on controlling the possession," Murphy added. "We needed to finish a little bit more to get ahead. We let them in to let up on that 2-0 lead, so we hope to be a team that can control and possess the ball well this season."

WARREN — The Leicester High girls' varsity soccer team held a 3-1 lead with less than five minutes to go in regulation versus Quaboag Regional in the season opener on Wednesday, Sept. 5, but the Cougars and their junior star, Kiarra Dorman, scored two quick goals late just 30 seconds apart to force a 3-3 tie.

In the game's seventh minute, a perfect through pass was sent right between two Quaboag defenders and to the right foot of Leicester's Nida Orloff, who didn't lose stride in her sprint.

Orloff sent the ball toward

the right corner of the field to get past the Cougars' defense. She eventually settled the ball and sent a perfect cross into the box to a cutting Maddie Hippert, who twisted perfectly in the air and sent a rocket of a header toward the upper left corner past keeper Emily Pease's outstretched arms.

Later in the game, Leicester jumped ahead 3-1 on goals by Alexandra Rowland and Hannah Dufries.

"I want to get them in and go hard in the box, attack the third and finish there," Leicester's first-year head coach Ali Murphy elaborated about her constant in-game emphasis on getting the ball into the offen-

earned a spot on the first team, while Ellie Hills and Abby Bernabei earned a spot on the second team. While we do have All-stars on the team, a race is not just won by the individual who takes home the trophy, the race is also won by five girls or boys who work hard to contribute to their team score. Last season our girls had eight wins and three losses, and ended up taking the fifth place spot at the league meet. On the other side of the team, the boys had four wins and seven losses.

Every person on our cross-country team matters, and we will be working together this season to achieve a common goal. For girls, as the captain, I hope we will be able to aim for a top three team finish at the Southern Worcester County League Meet. As for boys, this is the year they are expected to have their first winning season. Joining the team this year as sixth graders are Elisabeth Sosa, Sophia Vasquez and Jason Fournier. Lilith Field will be returning as our only seventh grader, along with Abigail Bernabei, Eleanor Hills, Lianna Jennings, Molly Ledbetter,

Marissa Randall, and Jacob McGrail as eighth graders. Freshmen on the team this year will include Matthew Berube Jr., Joshua Garcia, Seamus O'Connor, Kyle Stapel, Timothy St. John, Brady White and Cole Parke. Athletes on the team that are going into their sophomore year will be Marissa Gebhardt, Isabella Ortiz, Isabella Sosa and Ryan Butler. Going into their junior year will be Adam LaBombard, Justin McLeod, Vincent Aubin and Katheryn Stapel. And last but not least, the seniors on the team are Emily Fontaine, Lydia Petit and myself, Emily Moughan.

As I now glance toward the future for our team, I have high hopes of succeeding in our next season. When you see a long distance runner succeeding, you know that it is not on accident. Behind the scenes is hard work, pas-

sion and a team that has supported them through many trials. Leicester's team has worked hard, and will continue to succeed and persevere. Our whole team is thrilled to have a winning season along with hosting the second Central Massachusetts Middle School Cross-Country Invitational on Oct. 29. It will be Leicester's first year hosting the middle school meet, and hopefully not the last.

Moughan: Leicester cross-country teams making the proper strides toward success

As the captain of the 2018 cross-country team, I glance back to when I started the sport five years ago. When I was a seventh grader, a group of seniors revived Leicester's cross-country team from about 30 years of being disestablished. During my middle school years on the team as it was trying to make its mark in the league, I bonded with the upperclassmen. Over a love for long distance running, an endless variety of terrain, the hills, the beauty of the cross-country courses, racing for place rather than time, and team scoring in which a mid-pack runner can play a role and feel important. Now, as a senior in high school, I hope to take those awe-inspiring memories and the love I have for running and pass it on to the team this year, just as those past seniors have done for me.

In the past couple of years the team has grown largely as a middle school and underclassmen team. Last season the team produced three Southern Worcester County League All-Stars, two of which are shockingly only entering eighth grade. I, Emily Moughan,

Farland helps Warriors outlast Westborough in dramatic fashion

Mathew S. Plamondon photos

Tantasqua's Chandler Home makes his way up the field on a kickoff return.

BY DEAN P. ST. LAURENT
SPORTS CORRESPONDENT

STURBRIDGE — Tantasqua Regional signal caller Sean Farland dropped back and looked right, stepped into the pocket, rolled to the left and launched a 31-yard pass to wide-out Espyn Davis over the middle in the end zone to give the Warriors' varsity football team a 26-21 lead with seven seconds left in regulation versus Westborough High at the Reservation on Friday, Sept. 7. A squib kick made it final, as Tantasqua made the comeback to down the Rangers on Opening Night.

"I threw that interception and I knew that we had to forget about it and keep going," Farland explained. "I knew my linemen were going to be there for me and give me a lot of time. That last play was great, my linemen were blocking the whole time, enough time for me to make a pass to a wide open receiver for a touchdown."

On the previous drive Farland muffed the shotgun snap, recovered and threw a wild pass that resulted in a Rangers' interception. Westborough then scored the go-ahead touchdown on a 32-yard pass that was caught by Jack Slocum with 1:12 remaining. The extra point made it 21-20.

"Sean is a great guy," praised Tantasqua head coach Jon Hargis. "He is a competitor, he wants to try and score on every play, so we try to calm him down on those plays a little bit. He is a competitor, he is going to stiff-arm as many people and get as many tough yards as possible, he wants to score every single time. It is one those things where it bit you and it can be rewarding, so it is up to us to balance that out."

Farland bounced back in a big way on the game-winning drive. He hit Sebastian O'Leary for a 10-yard screen

pass to set up the biggest play of the game. It was first-and-10 from the Warriors' 35-yard line when Farland dropped back, began to scramble while under pressure and took off up-field through a huge hole made by his offensive line. He gained 39 yards on the run.

"It felt great," Farland expressed about the last drive. "My linemen gave me a great hole. I was scrambling a little bit and I just found a hole due to the great blocking down field and it got me a lot of yards."

Farland contributed three touchdowns on the night, two through the air and one on the ground. He scored on a 20-yard scramble and two passing touchdowns of 22 and 31 yards to O'Leary and Davis, respectively.

The first two offensive drives of the game for Tantasqua resulted in turnovers (two fumbles lost), which brought potential scoring drives to a halt. O'Leary took the first carry of the game 57 yards inside the five, but fumbled when he was tackled from behind. Westborough took over at the 25 after a touchback. On the next drive the Warriors got inside the red zone, but Ryan Sears lost handle of the ball, which resulted in a change of possession. The Tantasqua defense was key in making stops to keep giving the offense chances.

"The defense played well," Hargis explained. "Last year we had a new system, defensively it took them a little while to get used to it. This week we challenged them to line up correctly and go out and play football. They put themselves in the right position and we have been challenging them to be physical."

The back-to-back defensive stops after the turnovers were capped by two touchdowns to give the Warriors a 14-7 half-time lead.

"I have always challenged them this year, it seemed last year we would make some critical mistakes and we could never recover from it," stated Hargis. "I told them one play at

Tantasqua's Sebastian O'Leary squares up to make a tackle against Westborough.

a time today, one day at a time, and one game at a time and they just responded. We made some critical mistakes, but we never got down on it and kept fighting."

Sears was a huge part of the Warriors' offense and bounced back after the early fumble. He carried the ball 18 times for 97 yards and a touchdown.

The Warriors lost to Westborough last year 17-0, but have been relentlessly working to get better this off-season and it showed on Friday night.

"I was anticipating the game," said Hargis. "I knew we had gotten better than we were last year. Westborough is a great program, they battled the entire time. They have a great coaching staff over there with some great athletes. They were a playoff team last year, so we wanted to see if we could make that next jump and we did, but we had to battle until the last few seconds, they're a great program."

Tantasqua's strong second half helps take down Indians

WEBSTER — With just four minutes to play until halftime and down a goal, 1-0, the Tantasqua Regional boys' varsity soccer team was reeling. But a tying strike before the break, followed by an inspired four-goal second half led to an impressive 5-1 victory for the Warriors over Bartlett High in the season opener for both teams on a hot and humid Wednesday, Sept. 5.

"Slow starts aren't good and we started slow today," said Tantasqua head coach Matt Guertin. "In the second half we played much better."

Guertin added that the 36th minute equalizer "deflated [Bartlett] a little bit. We needed that as a boost to kick-start us."

On the contrary, the Indians didn't have enough offensive flow to get back into the game.

"I thought for the most part we strug-

Tantasqua's Logan McCarthy shields a Bartlett defender while collecting a pass at his feet.

gled to generate quality chances," said Bartlett head coach Ryan Renaud. "We had decent buildup into what could result into a dangerous cross, but their defense played very well."

"Once [Tantasqua] saw the ball going in they took that momentum," added Renaud. "We didn't have enough to stymie them."

The Indians scored their goal in the 32nd minute to take a short-lived lead. Patryk Piwowarczyk took a free quick from long range and, as the ball soared toward Tantasqua keeper Bradley Beu, Bartlett's Jacob Vosburg also attacked the ball. It eventually squirted loose and onto the foot of Justice Ofori, whose shot found the back of the net.

The Warriors, who saw many shots sail up and over the crossbar, finally got one to go in the net when Logan McCarthy took a short free kick. Able Lidonde and Brandon Rodrigues both touched the ball until Hunter Ramsland's boot provided the tying tally.

"We looked at that stat at halftime and we wanted to correct it," Guertin said of shots taken that didn't go on goal. "If you don't put it on frame, it's not going to help the team out."

That changed in the second half, as the Warriors scored in the 42nd, 53rd,

62nd and 67th minutes.

In the 42nd Tyler Rodrigues used his blazing speed to carry the ball down the left side. His pass went to McCarthy, who one-touched it off the right post and into the net.

Tantasqua's Aiden Casinghino, who peppered the net all game long but continued to either miss the target or see Bartlett keeper Taven Phanthavong (15 saves) make a nice stop, finally found the scoresheet in the 53rd minute. His bullet from 25 yards out on a free kick was deposited into the upper left-hand portion of the net.

Tyler Furey then scored in the 62nd minute off a rebound before Casinghino scored his second free kick of the half, this one from even deeper and in the 67th minute. His rocket again found the upper left portion of the goal.

"He'll be taking those the rest of the year," Guertin said with a laugh. "That's definitely a great attribute that he has."

Despite the loss, Renaud said that his team "battled" and that they "can take a lot from this and learn moving forward."

"I'm not disappointed with effort except for a 10- to 15-minute lapse...that we can't have," he added.

Gillespie (4 TD's) outduels Lazo (3 TD's) as Bay Path edges Pioneers

BY NICK ETHIER
SPORTS STAFF WRITER

SOUTHBRIDGE — Simply put, the final score of the Bay Path Regional versus Southbridge High varsity football game could have been 4-3. That is because when the two teams took to Harry J. McMahon Field on Friday night, Sept. 7, the Minutemen's Tyler Gillespie scored four touchdowns to Garrett Lazo of the Pioneers' three to make a 28-20 victory for the visitors.

"He's young and he's figuring it out as we go," Fall began on Gillespie. "He's really liking contact and he's just raw talent. I couldn't be more proud of him. He's a sophomore that came through in a big moment. He's definitely someone to look forward to in the future."

Fall and Southbridge head coach Frank Koumanelis also had strong words on Lazo.

"Garrett Lazo, that kid put his team on his back and carried them," said Fall. "Hats off to him because he was a warrior out there for them."

"I thought Garrett Lazo had a heck of a football game, both ways," added Koumanelis of Lazo playing both full-back and defensive end. "I think we've got to start using him a lot more. He's a tough kid."

Gillespie had nine carries for 77 yards and a trio of touchdowns, plus three receptions for 43 yards and another score. Lazo rushed 10 times for 40 yards and a touchdown, and also grabbed three passes for 35 yards and another TD.

The Pioneers scored first on their opening drive of the season. Alex Torres scampered for a 20-yard gain on the second play from scrimmage, and Lazo eventually scored from 2 yards out

to make it 6-0 early.

The Minutemen responded on their first drive, as Gillespie had a 26-yard run four plays before grabbing a 14-yard pass from quarterback Michael Keeler for the touchdown. Keeler then connected with Joseph Rosario for the two-point conversion to make it 8-6 in Bay Path's favor.

At halftime the score remained 8-6 until a wild, back-and-forth second half ensued.

There, the Minutemen took a 14-6 lead when Gillespie strolled into the end zone from 5 yards out, but the Pioneers cut into the lead, 14-12, when quarterback John Cortez threw an 18-yard TD pass to Lazo.

Then, with 4:56 to play in the fourth quarter, Southbridge regained the lead. Facing a fourth-and-goal from the 6, Lazo barreled his way up the middle and in for the score. Cortez then hit Simon Gonyea with a two-point pass to make it 20-14.

Bay Path rallied, though, and tied the score at 20-20 with 2:35 to play. There, following a Southbridge offside penalty on fourth down, Gillespie took advantage of the flag and scored from 2 yards out.

After forcing the Pioneers to go three-and-out and punt, the Minutemen scored with just 51 seconds to play. Gillespie found the end zone from 6 yards out and tacked on the two-point conversion to make it 28-20.

"It was a dig deep moment," Fall said of the game's waning moments. "I thought that these guys have been preparing hard, they've been playing hard, they've been forcing each other to be better in practice, and I think when things were tough on the line they kind of gathered together and they were able to take care of business. Hopefully this transfers into another week of hard work."

Fall was proud to have beaten a Southern Worcester County League team before facing another one in Bartlett High on Friday, Sept. 14 at 7 p.m. at Webster's Memorial Athletic Field.

"Any time we play a SWCL team it's going to be a tough game," said Fall. "Even though we're a 10-town school, border wars are huge. It's all sending schools and you can never discount that type of rivalry."

And despite the loss, Koumanelis knows that his team battled hard and is a better group than 2017's squad that finished 1-10.

"We're a better football team than last year. These kids are committed. They were freshmen and sophomores last year, so now they're sophomores and juniors," he said. "I think they played their heart out tonight, but penalties killed us. We shot ourselves in the foot."

Southbridge will play at Ayer-Shirley Regional, also on Friday at 7 p.m.

Say it in living color!

The world isn't black and white. So, why is your ad?

Ad Libs by June

It's summer, then it's late fall, and back to summer again. Crazy New England weather! I'm looking forward to a nice transition to cooler weather without the need for a winter coat!

The LEICESTER HARVEST FAIR is Saturday, September 15 from 10-4 at the Leicester Town Common. There will be a home brew competition, crafters, artisan demos, food vendors, entertainment, hay rides and more! See the ad this week for the list of exhibits and events...a great time to spend with the family!

Also Saturday from 4-8 pm is CUSTOMER APPRECIATION AT KAROLS CORNER TAKE OUT! After the Harvest Fair, make your way down Pleasant Street for more great food and fun with the kids. There will be a live band, bounce house, and \$1.00 ice cream cones!

The SONS OF THE AMERICAN LEGION, Post 138, 175 Main St. in Spencer is hosting a GIANT MEAT RAFFLE on Saturday, September 15. It's the largest meat raffle in the area! Doors open at 5 pm and the first table is drawn at 6 pm. There will be a 50/50 raffle and door prize, and 6 tables of meats with a value of over \$2000 of the highest quality meats! The kitchen will be open for beverages, dogs & burgers.

The 7th ANNUAL WEST BROOKFIELD LIONS CLUB HARVEST FESTIVAL is coming on Saturday, September 29 from 10-5 to the West Brookfield Town Common. There will be local musicians, beer and wine tent, food vendors, over 40 arts & craft vendors, and more! If you'd like vendor space, please contact Lori at 508-612-3232. All proceeds benefit local communities and eye research.

I'd like to give a shout out to **Oakhelm Farm** in Brookfield, a gorgeous new wedding venue, who hosted my son and daughter-in-laws wedding last weekend. Located on Quaboag Pond, this spacious property offers a beautiful setting for an outdoor dream wedding. Thank you for a very memorable day!

Speaking of weddings, CHARLIE'S DINER BAR & GRILE'S banquet room is now open! We had our rehearsal dinner at Charlies and it was fabulous! Thank you to Emily and Steve for a delicious buffet and superior service! The room is brand new and if you book an event here, you know the food will be delicious, as we always find at CHARLIES!

Have a great week!

OBITUARIES

Ann Marie Dumont, 76

DOUGLAS - Ann Marie (LeBel) Dumont, 76, of Douglas, passed away peacefully surrounded by her beloved family on September 6, 2018. Born in Worcester on April 30, 1942, she joins her son

Richard B. Dumont and great-grandson Christian Richard Dumont in the afterlife. She is survived by her beloved husband of 54 years, Ronald Dumont, of Douglas; daughter René Brown of Charlton; son Randy Dumont and his wife Tina of N. Andover; and grandchildren Adam Labonte of Tampa, Fla., Michael McEleney of Worcester, Jena McEleney of Spencer, and Nicole Dumont of N. Andover. She was predeceased by her parents, Louis and Helen LeBel. While her main occupation was raising her children and later babysitting her grandchildren, she enjoyed stints of employment with Mr. Christmas in Douglas and Beaumont

Nursing Home in Northbridge. Upon her husband's retirement, they enjoyed traveling to Maine and New England attractions. Ron and Ann joined the Douglas Senior Center, and, when her health permitted her, she was a frequent attendee at bingo games at senior centers throughout the Blackstone Valley. Ann was an avid New England Patriots and Boston Red Sox fan. A frequent TV watcher, she likely saw every episode of Law & Order twice. Ann loved animals, and over the years she provided loving care for countless dogs and cats her children would bring home. A calling hour was held Tuesday, Sept. 11, 2018 from 10-11:30 AM in the BUMA FUNERAL HOME, 480 Church St., Whitinsville followed by a funeral service at 11:30 AM in the funeral home.

Memorial donations may be made to the Epilepsy Foundation, Attn: Donor Services, 8301 Professional Place East, Suite 200, Landover, MD 20785. www.bumafuneralhome.com

Bonnie Sheldon, 70

Casault and his wife Kathy of Spencer, Richard Casault and his fiancée Tammy Hays of Jefferson and Thomas Sheldon Jr. of Millbury, also two daughters, Kristal Hilton and her husband Archie of Marlborough and Pamela Rawlston of Sanford, Maine, four grandchildren, Chrissy Casault and her fiancée Bryan Chonko of Sabattus, Maine and Ryan Casault of Spencer, Amanda Rawlston of Worcester and Jackson Sheldon of Gloversville, NY, also leaves a brother John Kokansky of Barre, and two sisters, Kathy Hanson of North Brookfield and Kally Judycki of W. Brookfield, and many nieces and

nephews, she had a brother who predeceased her Matthew Kokansky of N. Brookfield.

She was born in Worcester, daughter of the late William Kokansky and Katherine (Bullard) Kokansky and lived in Spencer for the past eleven years prior to that living in N. Brookfield. Bonnie was a nurse's aide at the Quabaug Nursing Home, W. Brookfield. She enjoyed cooking, reading and quality time with her grandchildren. There are no calling hours. Please omit flowers but donations may be made in her memory to St. Joseph's Church, 28 Mt. Pleasant St., North Brookfield, MA 01535. A funeral mass will be held in St. Joseph Church, date and time will be announced. The Shaw-Majercik Funeral Home, 48 School St., Webster, MA has been entrusted with her arrangements. A guest book is available at www.shaw-majercik.com where you may post a condolence or light a candle.

Ronald G. Peters, 60

WORCESTER- Ronald G. Peters, 60, of Overlook Drive, died unexpectedly on Friday August 31 in his home.

He leaves four sisters; Sandra E. Jerome of Leicester, Karen R. Frykberg and her husband Glenn of Spencer, Janice E. Peters and her husband Charles Cummiskey of Spencer, Michele C. Rutman of Worcester and several nieces and nephews. He was predeceased by a sister Susan P. Rainsford.

Ron was born in Worcester, son of

Aleck and Jean (Cutting) Peters. He attended Worcester Public Schools. He was a machinist for many years before retiring. He enjoyed fishing and computers.

Funeral services and burial will be private at the convenience of the family. In lieu of flowers memorial donations may be made to the charity of one's choice. MORIN FUNERAL HOME, 1131 Main Street, Leicester is directing funeral arrangements. www.morinfuneralhomes.com

Shirley Smith, 94

WEST BROOKFIELD- Shirley Smith, 94, of Brooksville, FL, and formerly of North Brookfield passed away at Brookhaven Rest Home in West Brookfield.

She leaves her son Raymond Smith, Jr. & his wife Joyce of Spencer; a daughter Marjorie Wojcik & her husband John of Ware; 8 grandchildren; several great grandchildren and a sister Helen Albrecht of Ware. She was predeceased by her husband Raymond

Smith Sr. in 2008.

Shirley enjoyed reading, crocheting and gardening. The family would like to thank the staff of Brookhaven for all their support and kindness.

Funeral services will be private for the family. Burial will be in Walnut Grove Cemetery in North Brookfield. Pillsbury Funeral Home 44 Gilbert St. North Brookfield is directing arrangements.

Jacqueline E. Derosier, 83

W E B S T E R - Jacqueline E. (Major) Derosier age 83 died Monday, September 10, 2018 at her home. She was the wife of the late Ronald Derosier who died in 2014. She leaves daughters, Kathleen E. Jalbert of

W. Brookfield, Bobbie J. Kuecker and her husband Bob of Crestview, Florida and Karen A. Lowell of Westborough, eight grandchildren and 14 great grandchildren. She also had a son that predeceased her Michael F. Derosier of Thompson, CT, and a brother Richard

Guerin of Webster.

She was born in Webster daughter of the late John F. Major and Emma (Guerin) Major and lived in Webster all her life. The funeral will be held Friday, September 21, 2018 at 10 am in Sacred Heart of Jesus Church, East Main St., Webster, MA and burial in St. Joseph's Garden of Peace, Webster. The Shaw-Majercik Funeral Home, 48 School St., Webster, MA is directing all arrangements. A guest book is available at www.shaw-majercik.com where you may post a condolence or light a candle.

Edwin Arnold Moore, Jr.

WORCESTER - Edwin Arnold Moore, Jr. was peacefully re-united with his parents, Edwin Sr. and Esther (Hammond) Moore, brothers Robert, Richard, Raymond, William and sister

Agnes, on September 8, 2018.

Ed leaves behind eight children and their spouses, Linda and husband Terry Schreiber; Michael Moore and wife Wendy; Nancy and husband Robert Waldron; Karen and husband Joseph Alarie; James Moore and wife Orna; Mary and husband Joseph Toner; Matthew Moore; Jason Moore and wife Nicole. He also leaves 20 precious grandchildren: Jon and Jared Schreiber; Morgan Roberts; Melissa Moore; James Voutour; Jessica Gallis; Kelly Waldron; Rachel Waldron; Samantha Alarie; Andrew and Nicholas Moore; Arianna Moore; Quinn Toner; Camryn Toner; Leyden Brousseau; Thomas, Jack and Ryan Moore; Johnny and Katie Moore. He also leaves 6 adorable great grandchildren as well as his sisters-in-law Carol and Helen, and many loved nieces, nephews and friends.

Ed was born in Worcester and lived in Paxton and Worcester for most of his life. Ed proudly served in the Marine Corps during the Korean War. He worked in the Worcester Steel industry after serving his country. He drove a truck for Dubarry Industries, then finally McLean's for a total of 35 years. Ed was always painting houses, his own, family members and friends. Eventually, he and his brother Bill started their own painting business. He painted well into his retirement

years and considered the Reardon family, for whom he worked many painting jobs, close friends. Ed took great pride in his work and has left his strong work ethic, dedication to service and passion for helping others as his legacy to his children, grandchildren, great grandchildren and other family and friends.

Ed loved people - they were drawn to him, his kindness and his love of life. Many family members and friends tell stories of how he helped them with a car, or a few dollars or help with moving just when they needed it the most. He loved animals, and he had a particular soft spot for his dogs. He leaves behind his beloved Ginger in the care of his children. He enjoyed refinishing antique furniture, he loved his scratch tickets and he loved the Red Sox. He was an avid Patriots fan and a huge John Wayne fan. Many a Sunday afternoon was spent watching westerns with his kids, or laughing to Pink Panther movies.

Funeral services were held on Thursday, September 13 in J. HENRI MORIN & SON FUNERAL HOME, 23 Maple Terr., Spencer at 11:00 AM. Burial in Massachusetts Veterans Cemetery, Winchendon will be private at the convenience of the family. Calling hours were Wednesday, Sept. 12 from 4:00-7:00 PM in the funeral home.

In lieu of flowers, please feel free to make a donation to MSPCA or Baypath Humane Society in Hopkinton, MA to honor Ed's love for animals.

CALENDAR

Saturday September 15

SEEKING VENDORS: The annual Flea Market sponsored by The First Congregational Church of West Brookfield, UCC will be held on the town common Saturday, Sept. 15 from 8:30 a.m.-2 p.m. Admission is \$1 for adults with kids free. To rent a 20 x 20 grassy spot for \$35, please call Terry at 508-867-4462 and leave your name and mailing address. A registration form will be sent to you. Antiquers, growers, crafters, flea marketers and tag salers are all welcome! Plan to enjoy a delicious grilled lunch in our food tent featuring dogs, burgers and grilled sausage! Proceeds will support the annual Youth Mission Trip to Washington, DC where teens help our nation's homeless and low-income population. Thank you for your support.

Saturday September 22

Have something to sell? Reserve space at St. Joseph-St. Pius X Parish Fair: Anyone interested in reserving space at the St. Joseph-St. Pius X Parish Fair on Sept. 22 beginning at 10 a.m. (with a 4 p.m. outdoor Mass followed by a chicken BBQ) to promote & sell items is asked to contact the parish office at 508-859-8083 for more information as soon as possible. Event will take place on the grounds of St. Joseph Church located at 759 Main St., Leicester.

TOWN WIDE YARD SALE SPACES: Friends of the Spencer Senior Center are offering tables for \$15 each for the Town Wide Yard Sale inside the Senior Center Hall on Saturday Sept. 22. Please call Joyce for more information at 508-885-0130.

UNION HALL AT PODUNK: Special free event, historical talk followed by strawberry shortcake hosted by East Brookfield Historic Commission and the Union Chapel at Podunk. Sponsored by the Quaboag Historical Society Sunday, Sept. 16. Two seatings, 2-3 p.m. and 3:30-4:30 p.m. Space is limited to 40 people at each seating so reservations are required. Sign up at town hall or by emailing EB1920@gmail.com.

Sunday September 23

Learn about Hydroponics: The Brookfield Garden Club will be having a program on Hydroponics on Sunday Sept. 23 at the Brookfield Congregational Church. The program will be held from 2 -4PM. Come and join us! Hydroponics is a practice of growing plants in highly oxygenated, nutrient enriched water. Besides getting a perfectly balanced diet, hydroponic plants have their food and water delivered directly to their roots. However, in nature, plants depend on the sun. With photosynthesis, sunlight is converted into sugars to provide fuel for the plants growth. High density lighting enables growing indoors a viable alternative. This program is open to the public. Refreshments available!

Saturday October 27

HALLOWEEN BARKTACULAR On Saturday, Oct. 27 from 11 a.m. to 3 p.m. at Camp Marshall, 92 McCormick Road, Spencer a Halloween event to benefit Second Chance is planned. Indoor and outdoor event activities including costume contest and trick-or-treating for kids and pets, haunted hayrides, pony rides, indoor Kid Zone with carnival games, bouncy castle, Walk 'N Wag pledge raising trail walk with scavenger hunt, doggie games and contests, music, food & craft vendors and other Halloween fun for families and pets. Special featured events include indoor RC racetrack sponsored by Turn4 HobbyTown, guest appearance by the Pike's Adam Webster, CGC certification by 4 Paws Academy and agility 'Try Its'. **FREE ADMISSION!** Families and pets are welcome!

LEGALS

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by PAUL F. WOODIS and DIANN G. BALLARD to COUNTRY BANK FOR SAVINGS, dated November 8, 2001 and recorded with the Worcester District Registry of Deeds in Book 25238, Page 275, as affected by Affidavit Relating to Title dated May 21, 2002 and recorded as aforesaid in Book 26934, Page 184, as further affected by Note and Mortgage Modification Agreement dated March 25, 2013 and recorded as aforesaid in Book 50718, Page 296, of which mortgage the undersigned is the present holder, for breach of the conditions of said mortgage and for the purpose of foreclosing, the same will be sold at Public Auction at 1:00 p.m. on the 18th day of October, 2018, on the mortgaged premises believed to be known as 103 Summer Street, North Brookfield, Worcester County, Massachusetts, all and singular the premises described in said Mortgage, to wit:

"The land in North Brookfield, Worcester County, Massachusetts, with the buildings thereon situated on the southerly side of Summer Street, bounded and described as follows: BEGINNING at the northeasterly corner thereof on the southerly side of said Summer Street; THENCE southerly by land formerly of Charles Duncan now of one Bruso 221 feet and 3 inches to a stake and stones; THENCE westerly by land formerly of Dulcena B. Adams now of one MacKay 76 feet to a stake and stones; THENCE northerly by land formerly of Hiram M. Bemis now of one Cuddy 225 feet to said Summer Street; THENCE easterly by said Summer Street 76 feet to the point of beginning; Containing about 62 square rods, more or less.

BEING THE SAME PREMISES conveyed to the Mortgagors herein by Deed dated July 24, 2000 and recorded with the Worcester District Registry of Deeds in Book 22823, Page 353." The premises will be sold subject to any and all restrictions, easements, improvements, covenants, outstanding tax titles, municipal or other public taxes, assessments, liens or claims in the nature of liens, and existing encumbrances of record superior to the Mortgage, if any. Said premises will also be sold subject to all leases and tenancies having priority over said Mortgage, to tenancies or occupation by persons on the premises now and at the time of said auction which tenancies or occupation are subject to said Mortgage, to rights or claims in personal property installed by tenants or former tenants now located on the premises, also to all laws and ordinances including, but not limited to, all building and zoning laws and ordinances. It shall be the bidder's sole responsibility to ascertain all items described in this paragraph and no representations are made concerning compliance with applicable zoning, building, sanitary or other state and/or municipal regulations.

TERMS OF SALE: FIVE THOUSAND AND 00/100 (\$5,000.00) DOLLARS will be required to be paid in cash, or by certified or bank cashier's check by the purchaser at the time and place of sale. The balance of the purchase price on the sale shall be paid in cash, or by certified or bank cashier's check within thirty (30) days thereafter and the Deed transferred contemporaneously therewith. The successful bidder at the sale shall be required to sign a Memorandum of terms of sale containing the above terms at the Auction sale. The purchaser will be responsible for all closing costs, Massachusetts deed excise stamps and all recording fees.

The sale may be postponed or adjourned from time to time, if necessary, by the attorney for the mortgagee at the scheduled time and place of sale. The description for the premises contained in said mortgage shall control in the event of a typographical error in this publication.

Other terms, if any, will be announced at the sale.

THE COMMONWEALTH OF MASSACHUSETTS MASSACHUSETTS DEPARTMENT OF TRANSPORTATION – HIGHWAY DIVISION NOTICE OF A PUBLIC HEARING Project File No. 608633

A Design Public Hearing will be held by MassDOT to discuss the proposed Foster Hill Road Over Coys Brook Bridge Replacement Project in West Brookfield MA.

WHERE: Town Hall Lower Level Conference Meeting Room
2 East Main Street
West Brookfield, MA 01585
WHEN: Thursday, September 27, 2018 @ 6:00 PM

PURPOSE: The purpose of this hearing is to provide the public with the opportunity to become fully acquainted with the proposed replacement of the Foster Hill Road Bridge over Coys Brook in the Town of West Brookfield, MA. All views and comments made at the hearing will be reviewed and considered to the maximum extent possible.

PROPOSAL: The proposed project consists of replacing the existing 20 foot single span bridge structure with a new 40 foot single span bridge structure. The new bridge structure will accommodate a 24 foot wide roadway and is to be constructed in the same approximate footprint as the existing bridge. The roadway approaches on each side of the bridge will be reconstructed. The work will also include safety improvements such as new guardrail throughout and an improved roadway profile. During construction, the roadway will be closed to vehicular traffic with a three and a half mile detour. A temporary pedestrian bridge will be constructed to allow pedestrians to utilize the roadway during construction.

A secure right-of-way is necessary for this project. Acquisitions in fee and permanent or temporary easements may be required. The Town of West Brookfield is responsible for acquiring all needed rights in private or public lands. MassDOT's policy concerning land acquisitions will be discussed at this hearing. Written views received by MassDOT subsequent to the date of this notice and up to five (5) days prior to the date of the hearing shall be displayed for public inspection and copying at the time and date listed above. Plans will be on display one-half hour before the hearing begins, with an engineer in attendance to answer questions regarding this project. A project hand-out will be made available on the MassDOT website listed below.

Written statements and other exhibits in place of, or in addition to, oral statements made at the Public Hearing regarding the proposed undertaking are to be submitted to Patricia A. Leavenworth, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: Bridge Project Management, Project File No. 608633. Such submissions will also be accepted at the hearing. Mailed statements and exhibits intended for inclusion in the public hearing transcript must be postmarked within ten (10) business days of this Public Hearing. Project inquiries may be emailed to dot.feedback.highway@state.ma.us
This location is accessible to people with disabilities. MassDOT provides reasonable accommodations and/or language assistance free of charge upon request (including but not limited to interpreters in American Sign Language and languages other than English, open or closed captioning for videos, assistive listening devices and alternate material formats, such as audio tapes, Braille and large print),

as available. For accommodation or language assistance, please contact MassDOT's Chief Diversity and Civil Rights Officer by phone (857-368-8580), fax (857-368-0602), TTD/TTY (857-368-0603) or by email (MassDOT.CivilRights@dot.state.ma.us). Requests should be made as soon as possible prior to the meeting, and for more difficult to arrange services including sign-language, CART or language translation or interpretation, requests should be made at least ten (10) business days before the meeting.

In case of inclement weather, hearing cancellation announcements will be posted on the internet at <http://www.massdot.state.ma.us/Highway/>

FALL

Plan your fall foliage excursion

Autumn means different things to many people. Students may embrace the dawn of a new school year, while others might embrace the crisp weather after a season of heat. One of the more widely enjoyed aspects of autumn is the chance to take in the brilliant foliage.

Although New England may be renowned for its bright, orange, red and yellow panoramas, dazzling displays of foliage can be witnessed anywhere temperatures descend enough for deciduous trees to shed their leaves.

The first step to a successful fall foliage excursion is to find the right spot. The Catskill and Adirondack Mountains of New York, Amish Country in Pennsylvania, the Great Lakes from Michigan to Ohio, and many other areas can be great places to witness nature at its most colorful. To make the most of fall foliage road trips, drivers can keep the following suggestions in mind.

- Get off the highway. To see great fall vistas, take a detour from major thoroughfares and visit small towns and mountain passes. Invest in some maps, as cellular networks may be inaccessible in remote locales.

- Avoid tourist-heavy areas. Drivers may prefer less crowded roadways to accompany the great scenery. Such drivers should visit areas that are not tourist meccas. Any area that plays home to forests and sprawling landscapes will do.

- Go on foot. To get the best photos, head out at sunrise or sunset. Soft, golden light dappled by leaves will bring out the golden tones in photos. Going on foot will help you discover the nuances of the season

Fall is the time of year to take in colorful foliage and landscapes.

and slow down for a change.

- Don't overlook overcast days. Traveling in the rain may not be fun, but overcast days might be ideal. On such days, the sun won't be too warm and drown out the colors.

- Bring along binoculars. Wildlife is often mobile and abundant in the fall, as ani-

mals scurry to feed and gather supplies before the winter. As a result, autumn is a great time to spot wildlife that's normally hiding in thickets and woodland areas.

- Plan for stops along the way. Don't forget to bring some spending money in the form of cash so that you can enjoy the

small farm stands and shops that often dot rural landscapes. Pick up farm-fresh produce or choose a plump pumpkin. Yard sales also are abundant this time of year. Small shops may not take credit cards, so if you plan to buy, cash is king.

Trees begin shedding their leaves as early as the beginning

of September in Canada and the northern United States. As the days press on, the fall finery will gradually shift southward. For those who can afford to take a weekday off, do so, as weekends might be overcame with fellow nature enthusiasts.

Creative ways to recycle leaves

Leaves cascading down from trees indicate the arrival of autumn. However, colorful and awe-inspiring autumn leaves can be a hazard if left to lie on the ground too long.

Fallen leaves form a dense insulator to protect trees' roots and prevent competing plants from growing. Decomposing leaves also provide nutrients for the tree. But wet leaves can be a safety hazard and leaves left on the lawn through the winter can pose a threat to the grass. These are just a couple of reasons why so much effort is placed on leaf clean-up in the fall.

The following are some creative ways to recycle leaves that fall from your trees in the weeks to come.

- Mulch: Shredded leaves can make for a great amendment to fertilizer for garden beds and even the lawn. Leaves lying on the grass can be mulched into small pieces with a mulching mower so they don't choke the blades of grass. Leaves also can be broken down with a string trimmer, a leaf blower that has a vacuum function or a commercial shredder/chipper. Add the shredded leaves to a compost pile or use them

to fill container plants before adding regular potting soil.

- Insulation: Collect leaves to mound over delicate perennial plants and shrubs. The leaves will add more warmth to the soil and may help plants make it through harsh winters. Just remove the leaves slowly when spring arrives so that the soil underneath can get the sunlight and water it needs to thrive. Leave some leaves in the yard so that animals can use them as nesting material and line their dens for the winter.

- Stuffing: Create whimsical scarecrows as

part of your autumn decoration scheme. Gather older clothes that you no longer use and stuff the sleeves of shirts and the legs of pants with leaves, which are less expensive and easier to come by than straw. Use a few pieces of straw around the neck and hand areas of the scarecrow for visual effect. Tie off with twine and display your scarecrow.

- Bedding: Chicken owners can use fallen leaves as bedding in their chicken coops. Dry leaves also may create more comfortable and drier conditions for goats and other livestock. Goats

may look to recently fallen leaves as a nutritious food source. Gather the leaves and let the goats munch before you further rake and compost the leaves.

- Decorations: Natural leaves can be used as decorations both inside and outside a home. String freshly fallen leaves together and wrap them around a grapevine wreath for a rustic door decoration. Leaves can be placed in clear vases and put on display for a cheap way to showcase some autumn color. Preserve favorite leaves with a lamination machine or by sealing them between

heated sheets of waxed paper. Cut out the leaf shapes and use for hanging window decorations.

- Recreation: Leaves have long been favorite toys for children, who eagerly await jumping into large piles of fallen leaves. Fill paper bags with leaves and draw a target on the front. Let kids test their skill aiming for the targets. Children can camouflage their clothing with leaves and masking tape and have a more intense session of "hide and seek."

FALL

Leaf peeping planning guide

Millions of people each year look forward to the magnificent colors on display in autumn. Fall offers irreplaceable views, whether you're atop a mountain ridge or thick in the folds of a forest. In addition, the crackle of leaves underfoot and the earthy smell of the soil tempts the senses even more.

Some advance planning can help make fall foliage trips that much more enjoyable and awe-inspiring.

PEAK VIEWING TIMES

Areas of the north-

ern-most latitude will start to show color earlier than more southern areas. Generally speaking, the leaf-viewing season begins in late September and runs through early November for much of North America. Peak times for viewing depend on areas of travel and time of year. For large swaths of Canada and the United States, plan trips for late-September to mid-October. The Weather Channel offers maps and charts at www.weather.com/maps/fall-foliage for the peak times for many areas of

the U.S.

PICK YOUR DESTINATION

Anywhere with deciduous trees provides the opportunity to witness blazing autumn color. During leaf-peeping season, travelers can go coast to coast and see awesome vistas. Some regions are particularly known for their leaf displays. New York's Catskill and Adirondack regions are prime spots for visitors in the autumn. Those who live further north will find that leaves in Vermont are such an attraction that routes

are published indicating where to enjoy the best views. Further south, Central and Eastern Virginia peak in late October. And don't forget the shores of the Great Lakes, which are awash in reds, oranges and yellows by mid-September. The travel resource Frommer's offers more leaf-peeping locales to visit.

PACK THE RIGHT GEAR

While most people are not without a smartphone that can capture amazing high-resolution imagery, serious leaf

photographers may want to take out their prized camera equipment for leaf-peeping excursions. Also bring along a map or a GPS-enabled device so you can explore back roads and areas off the beaten path more readily.

There are plenty of apps that can help with foliage-finding adventures, so a phone is a handy tool. When packing, also bring along hiking boots, comfortable layered clothing and any equipment you'd normally take for an afternoon in the great outdoors.

Another idea is to hit the ATM machine prior

to the visit. Many smaller towns and their local shops may not take credit cards, so it's best to have cash on hand for food and souvenirs.

EXTEND THE DAY

Make leaf-peeping part of a larger series of events for the day. Scope out vineyards where you can sample local wines or plan trips around orchards, where you can come home with beautiful photos as well as fresh-picked apples and pumpkins. You may find a county fair or street festival while exploring.

Natural ways to fight fall allergies

Leaves are a known cause of fall allergies. Raking them can stir up mold and pollen.

As the days become shorter and the weather cools down, a new crop of allergy symptoms can arise, turning the autumn season into one marked by sneezing, scratchy throats and itchy eyes. Medications can alleviate such symptoms, but allergy sufferers may want to investigate some natural ways to beat allergies.

According to the American College of Allergy, Asthma & Immunology,

ragweed is one of the more common triggers of autumnal allergies. Ragweed contributes to "hay fever," which is a term to describe allergic rhinitis that occurs as a symptom of ragweed pollen in the air. Ragweed releases pollen in mid-August, and it can continue to be problematic until a deep freeze arrives.

Other sources of fall allergies include leaf mold and pollen that is

present on fallen leaves. This gets circulated when people begin to rake or blow fallen leaves. Classroom pets and chalk dust in schools (although chalkboards are largely a thing of the past) are other autumn allergens.

The good news is that many natural remedies work just as effectively as over-the-counter medications in regard to combatting ragweed and pollen problems. Here's how to beat

the fall allergy blues.

- Stay away from pollen. Stay away from pollen and prevent it from being tracked indoors. Remove shoes when walking through the door. Take off clothes worn outside and launder them promptly, showering to wash pollen off of the body. Use an air conditioner or keep windows closed when the pollen count is high.

- Increase omega-3 fatty acids. It is well documented that fatty acids are good for brain health and cardiovascular well-being. But these acids also may help with allergies. A German study linked foods high in omega-3 fatty acids with the ability to fight inflammation, which is a hallmark of allergy suffering. Foods that are high in fatty acids include walnuts, flax, eggs, and cold-water fatty fish.

- Rinse off pollen. Use a mild cleanser to rinse the eyelids and eyelashes of pollen, as this is where it tends to congregate after being outdoors. Use saline spray to clear nasal passages of excess pollen as well.

- Take natural supplements. A study published in the journal *Clinical and Experimental Allergy* found participants who used tablets of the herb butterbar showed significant allergy relief after only one week. Select herbs from reputable manufacturers who certify them.

- Use eucalyptus oil. This oil is great to have in the house to help clear up sinuses and provide nasal congestion relief. Mix a small amount with coconut oil and rub onto the chest. There also is some evidence that adding a few drops of eucalyptus oil to cleansing products can help kill dust mites around the house.

- Wear a mask. When doing housework or yard work, wear a mask to reduce the inhalation of specific allergens.

Avoid seasonal allergies by exploring natural ways to find prevention or relief of symptoms.

Autumn is a prime time to tend lawns and gardens

Autumn is gardening season. That statement may not seem right to those who think of the spring as the peak time to care for lawns and gardens. However, autumn is an ideal time to get into the garden and ensure that flowers, trees and garden beds will over-winter successfully.

A number of things make autumn a prime gardening season. The cooler days of fall enable gardeners to spend ample time outdoors without the threat of blazing heat. In addition, soil harbors a lot of residual warmth in autumn. Also, the colder temperatures haven't yet arrived in autumn, nor have the leaves completely fallen, making fall a prime time to assess what's already in the landscape, what needs pruning back and where to address planting for next year.

Gardening enthusiasts can focus their attention on these areas this fall.

- Pamper perennials. As annuals and perennials start to fall back, mark the spots where perennials are located so they can be easily identified later on. This way, when planning spots for spring bulbs or other spring layouts for next year, perennials won't be overlooked or covered over.
- Prune shrubs. Look at shrubs and trees and cut out dead or diseased wood.
- Clean up borders. Weed and tidy up borders and lawn edging.
- Install pavers or rock wall. Embrace the cooler temperatures to work on labor-intensive projects, such as putting in a garden bed, retaining wall or walkway.

- Remove spent summer veggies. Take out vegetable garden plants that have already bloomed and borne fruit. Tidy up vegetable gardens and start to sow cooler weather plants, such as onions, garlic, beans, and sweet peas.
- Rake and compost. Rake the leaves and gather grass clippings to add to the compost pile.
- Plant spring bulbs. Get tulips and other spring bulbs ready for planting so they'll burst with color next year.
- Dig up herbs. Relocate herbs like parsley or basil to indoor gardens. Otherwise, strip all leaves and freeze for storage during winter.
- Consider mums. Chrysanthemum plants are perennials. While they look beautiful in pots, if planted, maintained and winterized, they can bloom every fall.
- Fertilize the lawn. Fertilizing in autumn helps ensure grass will stay healthy throughout the winter.
- Add mulch and compost to the garden. Replenish spent soil with mulch and compost so garden beds will be revitalized for spring planting.
- Prune hedges. Tidy up hedges, as they won't be growing much more this year.
- Clean and store equipment. Clean, sharpen and oil all equipment, storing lawn and garden tools properly so they are ready for spring and not lying out all winter.

Autumn may not seem like gardening season, but there are plenty of lawn and garden tasks to tend to during this time of year.

Mums are perennials. When properly planted and cared for, they can bloom every autumn.

10 FUN FACTS IN TIME FOR FALL

Autumn is a season of many changes, with some of the most notable including the dramatic multicolored displays that occur just prior to trees shedding their leaves. It's also a time of year when many people feel reenergized by cooler temperatures and spend many hours outdoors enjoying all that fall has to offer.

Whether one is collecting leaves, picking apples, exploring corn mazes, or driving the countryside enjoying the foliage, autumn is full of fun facts that can make the season that much more enjoyable.

1. Autumn begins on the autumnal equinox, which occurs on or near September 22 in the northern hemisphere. This year, September 22 is the day when the sun crosses the celestial equator moving southward. When the equinox occurs, there are an equal number of daylight and nighttime hours.

2. Since ancient times, autumn has been an important time of year for many civilizations. Autumn is a main harvesting time in many areas, and a successful harvest was once necessary for survival. Many steps are, and have long been, taken to ensure a bountiful autumn harvest.

3. Fall is a time when trees and other plants prepare for dormancy during winter. As autumn progresses and the hours of daylight gradually decrease, trees begin to close down their food production systems and reduce the amount of chlorophyll in leaves. Chlorophyll is the chemical that makes tree leaves green, and as it declines, other chemicals become more prominent and shine through in the leaves. That is why leaves change color.

4. Some scientists believe that global climate change can impact autumn colors, such as delaying the change in trees. Also, red pigments may start to decline as trees use sugary fuel to grow new twigs rather than to cause red leaf displays.

5. Americans more readily refer to this time of year as "fall," while the British use "autumn." Both terms date back to around the 16th century. Prior to this period, autumn was known as "harvest."

6. Much of the United States bids farewell to monarch butterflies in the fall. Each autumn, monarch butterflies migrate from the United States to Mexico and some parts of Southern California. They fly at

speeds ranging between 12 and 25 miles per hour.

7. A study of U.S. centenarians born between 1880 to 1895 published in the Journal of Aging Research, found that babies born during autumn months are more likely to live to age 100 than those born during the rest of the year. Thirty percent of the centenarians followed were born during the fall.

8. Squash, pumpkins and other gourds are prominent in the fall. The largest squash grown on record belonged to Joel Jarvis of Ontario, and his huge winner weighed in at 1,486.6 pounds in 2011.

9. The many-colored leaves are not the only display one might see during the fall. The autumn equinox signals the aurora borealis, also called the Northern Lights. Besides the lengthening of nights and cool evening weather, which are great for stargazers, autumn is "aurora season," according to NASA. That's because, during the fall, geomagnetic storms are about twice as frequent as the annual average.

10. Full moons are named for the month or season in which they rise. The Harvest Moon is the full moon closest to the autumnal equinox.
