# Hitchcock Academy bids farewell to longtime Executive Director

BRIMFIELD — When Susan Gregory started working at Hitchcock Free Academy in 1989, cake decorating was a big trend. Like all trends, it had its run, and in time, slowly faded away.

“Recently, someone came to me and introduced the idea of cake decorating as a new thing. I laughed. Life is cyclical,” Gregory said.

Let’s Cake Decorate has been a successful venture in the craft’s recent revival at Hitchcock, offering workshops for kids and adults in seasonal concoctions such as a witch cake, scarecrow and snow globe. In thirty years, there has been a lot of change and cyclical-ity: in trends, in staff and leadership, and in the community, with Sue bearing witness

to it all. With her retirement just around the corner, she is brimming with stories and reflections, and hopes for the organization’s future.

Hitchcock’s story started one hundred thirty-four years before Sue was hired, when, in 1855, Samuel Austin Hitchcock built and founded the area’s first free high school, welcoming students from all over the region to attend. In 1954, when Tantasqua, the area’s current regional public high school, opened its doors, Hitchcock’s future was uncertain, but ultimately it was decided that it remain in operation as a community center. When Susan took over as director just over three decades later, the position was 15 hours a week, and programming was minimal.

She worked to build and grow the offerings, and her role grew along with it, ultimately evolving into a full-time gig running a fully operational community center doubling at times as a preschool and a senior center.

Being a community center has meant a lot of different things over the years. In 2011, when a tornado tore through Brimfield and neighboring towns, Hitchcock became home to FEMA and MEMA, offering assistance for residents who were left homeless or with damage to their property. Working with the senior center which was leading the support effort, Sue was also put in charge of collecting clothing donations, and rose to the occasion, reaching out to Timberland, the sporting goods company, to

secure shoes for those in need, including a pair of size 15EEE boots that had been requested. She further employed her grant writing experience to offer writing workshops and art therapy session to help residents process the trauma of what had occurred.

With the ever-evolving needs of a small nonprofit, its leader must evolve as well to meet them. Aside from her official role as Executive Director, she held a few unofficial rolls as a social worker, nurse, plumber, exterminator...the list goes on.

A role she has enjoyed and embraced is acting as a historian, preserving and sharing the story of the building as the pieces have come to her over the years. Many stories

## Clinical group embraces dementia-friendly training

CHARLTON — One practical nursing student at a time, Bay Path Practical Nursing Academy is becoming an asset to communities that embraces individuals living with or caring for someone with dementia.

One year after joining the faculty of Bay Path Practical Nursing Academy, Lindsay Guertin, BSN, RN of Spencer began her advocacy in Alzheimer’s and Dementia Care. She has led a group of PN students and alumni to “Walk to End Alzheimer’s 2019.” Recently, Guertin took her clinical group to North Quabbin Adult Day Health Services in Athol to participate in “The Many Faces of Dementia” training. GVNA HealthCare Inc. in cooperation with Lifepath had Linda Puzan, LICW

Clinical Services Coordinator present on dementia coaching for caregivers who may be struggling with specific aspects of dementia care and behavioral health outreach. Puzan is a certified dementia care trainer by the Alzheimer’s Association.

The free training, led by Puzan has been completed by Guertin and her clinical group composed of Andrea Champagne of Webster, Kaitalyn Chunis of Millbury, Michelle Elicier of Worcester, Rachel Hitchcock of Shrewsbury, Lauren Pellett of Norwich, CT, Yaitzarie Rodriguez of Millbury, ad Sikorrya Seguin of Dudley.

## Business of the Year winners announced

STURBRIDGE — Beginning at the end of November, the Sturbridge Tourist Association (STA) announced that it was seeking nominations for the first ever Sturbridge Business of the Year Awards. Businesses could be nominated in one of four categories: Shop, Eat, Stay, or Play.

After that announcement, the STA collected nominations for the award through the first few weeks of December via an online nomination form. By the close of the nomination period, the STA had received 75 nominations for Sturbridge businesses.

At its Dec. 17 meeting, STA members reviewed all of the nominations and selected the following four businesses as the 2019 winners:

Shop: Alternatives for Health, owned by Sallie Greene

Eat: Sturbridge Seafood, owned by Ken Yukimura

Stay: Comfort Inn and Suites, owned by Parlin Desai

Play: Escape the Pike, owned by

David and Meghan Jaquith

The STA is proud of all of its winners. For winning the 2019 Business of the Year, the STA is awarding each business with the following:

Recognition at the Jan. 21 meeting of the board of selectmen with the presentation of the award (public is welcome to attend).

A \$1,000 reimbursable marketing grant to promote their business in 2020.

A one-year membership to Discover Central Massachusetts.

The STA would like to congratulate all those businesses who received nominations for their hard work in 2019. The STA would also like to thank all those who helped nominate these fantastic Sturbridge businesses. The Business of the Year award will continue going forward, so the STA encourages all businesses to continue all of their great efforts in 2020.

## Sturbridge Historical Society meets Jan. 23

STURBRIDGE — The Sturbridge Historical Society will meet on Thursday, Jan. 23 at the Public House Historical Inn on Sturbridge Common. Dick Whitney will be our guest speaker with his program looking back at the 1955 Flood and its impact on the region. Dick will be presenting a slideshow of the August 19, 1955 flood. His collection of photographs and documents will show the impact of that event on the Southbridge/Sturbridge region almost 65 years ago. He will also share audio from the WESO radio broadcast from

that day, giving a rare look into what it was like as the drama was unfolding. Come listen to what others may say about that day and feel free to share your experiences as you recall the events of that day and the subsequent clean up. Much was changed in our area because of the 1955 Flood.  
Dick Whitney graduated from The University of Massachusetts in 1973, earning his BS degree in Astronomy. He started work with American Optical in their Central Testing Laboratory in 1974 and recently celebrated his 45th year of continual service (Now Carl Zeiss Vision). Dick is also the executive director of Zeiss Sponsored Optical Museum in Southbridge and was inducted to the Vision Council Hall of Fame in Las Vegas in 2016.  
Historical meetings are free of charge with dessert and meeting room provided by Michael Glick, Publick House Innkeeper.  
Society Annual Dues are \$10, which help support the cost of speakers. Meetings are held September through May on the fourth Thursday of the month except November and December. November's meeting is held the first Thursday in December.  
All meetings start at 7 p.m.

## Economic development forum planned in Sturbridge

STURBRIDGE — The town of Sturbridge is hosting an Economic Development Forum on Thursday, Feb. 6 at 6 p.m. The forum is open to all members of the public and local business leaders.  
Last year, Sturbridge launched an initiative to develop a coherent and consistent economic development strategy. The town secured funding for the project through a \$24,850 grant under the Commonwealth Community Compact, and was then able to hire Boston-based McCabe Enterprises to develop the strategy. This project includes surveys of residents and Sturbridge businesses on economic development issues: benchmarking of Sturbridge in relationship to other comparative communities, and an assessment of Sturbridge's

needs, strengths and challenges for its businesses and economic development.  
At the forum on Feb. 6, the consultant will share their preliminary findings from the local surveys and economic development assessment. It will also be an opportunity for the public, both businesspeople and residents, to ask questions and comment upon future economic development needs and priorities in Sturbridge.  
The Economic Development Forum will be held at Veterans Memorial Hall inside Sturbridge Town Hall at 308 Main St. For further information, contact Mr. Kevin Filchak, Economic Development and Tourism Coordinator for the Town of Sturbridge, at (508) 347-2500, ext. 1411 or e-mail kfilchak@town.sturbridge.ma.us.

Firefighters work to control a nighttime blaze on Southbridge Road in Charlton.

BY JASON BLEAU  
VILLAGER CORRESPONDENT

CHARLTON – Firefighters from several local communities responded to a structure fire on the evening of Friday, Jan. 3 involving a two-story home on Southbridge Road in Charlton.

A press release from the Charlton Fire Department detailed the blaze which saw local fire personnel dispatched to 336 Southbridge Rd. at 7:23 p.m. with reports of a house on fire from the homeowner. The caller reported smoke and fire on the second floor. Charlton Engine 3 arrived on scene first at a 7:27 p.m. with a crew of four before a second alarm was struck bringing both Southbridge and Sturbridge to the scene to assist. Auburn was called in to cover Charlton in the meantime.

According to fire officials, Engine 3 personnel viewed smoke coming from the attic vents on both sides of the structure. Utilizing a hydrant 200 feet from the home they were able to begin pumping water into the home using an attack line through the front door. A second hand line was also utilized as a back-up, with a hole cut in the roof for ventilation purposes. Other holes were opened up in the home as well to help prevent the fire from spreading.

When all was said and done the building suffered fire and water damage to the second floor with the fire deemed under control by 8:10 p.m. No injuries to either residents or firefighters were reported, and the scene was cleared by 10:34 p.m. Power to the building was cut off with the help of a local electrician.

The cause of the fire has not been disclosed. District 7 Fire Investigation Unit was brought in to assist in the investigation. While fire officials did not specify if the home was livable in its condition control of the home was returned to the owners by the end of the night.

# Storm coats region in ice

Courtesy Photo

Power crews work in icy conditions to restore electricity for Leicester residents on Dec. 30.

REGION – After December began with a major storm that brought more than a foot of snow, the month concluded stormily as well, this time delivering ice to the region.

Residents wrapped up the year and the decade by dealing with an icy mess on Dec. 29-30. Icing was particularly heavy during the afternoon and evening of Dec. 30, causing several minor accidents, scattered power outages, and localized tree damage. A few towns even saw the extremely rare phenomenon of thunder-ice and thunder-sleet, as strong storms moved through the area around dinner time.

The Route 9 corridor was one of the heaviest hit areas of Worcester County. In Leicester, portions of Rawson Street and other roads were shut down after fallen branches took down power lines. The response from electric companies was vastly improved from previous ice storms, officials said, and electricity was restored in most locations within

a day.

Luckily for emergency responders, DPW crews, and power companies, most people stayed off the roads during the height of the storm. Schools were already closed for the holiday break, and many people elected to work from home ahead of New Year’s Day.

No major accidents were reported during the storm, mostly just spinouts, police said. A few vehicles left the road in Spencer, but there were no injuries and only minor damage. In Sturbridge, meanwhile, Arnold Road was briefly closed due to fallen branches over power lines.

The Blackstone Valley wasn’t spared from the storm, although residents experienced significantly less icing. Still, Northbridge saw roughly 30 customers lose power on Fowler Road, Highland Street, and Cooper Road. National Grid quickly responded to restore power to all customers within a day.

# Gateway Players launching 45th season with Neil Simon classic

SOUTHBRIDGE — Gateway Players Theatre, Inc. will kick off Season 45 with the Neil Simon comedy, “Barefoot in the Park.” Performances will be held at Fellowship Hall of Elm St. Congregational Church, 61 Elm St. in Southbridge on Feb. 7, 8, 14, 15, and 16. Friday and Saturday shows are at 7:30 p.m., and the Sunday matinee is at 2 p.m. Tickets are \$15, \$13 for seniors and youth and are available by calling 508-764-4531. Online sales are at [www.brownpapertickets.com](http://www.brownpapertickets.com).

Mary Gahagan is directing, with Barbara Day as producer, Erin Morin as stage manager and Cynthia Keane as set builder. The cast includes Hadley Crane, Jason Iannone, Patrick Bracken, Gail Riva White, Sean Nault and Dennis Gahagan.

The two main characters in the

play, Paul and Corie Bratter, are newlyweds in every sense of the word. After a six day honeymoon, they get a surprise visit from Corie’s loopy mother and decide to play matchmaker during a dinner with their neighbor-in-the-attic Velasco, where everything that can go wrong, does.

This classic Neil Simon comedy will delight and entertain- and is a great way to celebrate February Valentine’s Day.

This production is presented with permission of Samuel French Inc. Gateway Players had been located at the Arts Barn of Ruth Wells Center for the Arts, until structural damage required a change in venue. We are very appreciative of Elm St. Congregational Church for the use of their hall.

# Gateway Players announce auditions for “The Cemetery Club”

SOUTHBRIDGE — Gateway Players Theatre of Southbridge will be holding auditions for “The Cemetery Club” by Ivan Menchell, on Sunday, Jan. 19 and Monday, Jan. 20 at 6:30 p.m. in Fellowship Hall of Elm Street Congregational Church, 61 Elm St., Southbridge. Entrance is on Park Street (around corner). The cast for this Romantic Comedy includes four women and one man. All characters are in their late fifties to early sixties. Auditions will consist of cold readings from the script.

Performance dates are April 3, 4, 17, 18 and 19. Rehearsals will be on Monday and Wednesday evenings. Presented by permission through special arrangement with Samuel French, Inc. Lou-Ellen Corkum is the Director, and Kathi Grenier is the Producer. For questions about auditions call 508-764-4531 or 774-230-1321, and leave a message.

The play centers on three Jewish widows who meet once a month for tea before going to visit their husbands’ graves. Ida is sweet tempered and ready to begin a new life; Lucille is a feisty embodiment of the girl who just wants to have fun; and Doris is priggish and judgmental, particularly when Sam the butcher enters the scene. He meets the widows while visiting his wife’s grave. Doris and Lucille squash the budding romance between Sam and Ida. They are guilt-stricken when this nearly breaks Ida’s heart.

# Golas hired as Town Administrator

Andrew Golas

BY JASON BLEAU  
VILLAGER CORRESPONDENT

CHARLTON – While it appeared that the town of Charlton had found their new Town Administrator in early December, contract negotiations forced the board to turn to their second choice for the job after selectmen couldn’t come to an agreement with their top choice.

On Dec. 4 selectmen held interviews for several candidates to succeed Robin Craver as Town Administrator. The board selectmen Kimberly Newman, the town administrator of Mendon, as their top choice pending successful contract negotiations. In a press release following the board’s Dec. 17 meeting, the selectmen announced that Newman and the town had decided to go their separate ways.

“After entering into contract negotiations, the Charlton Board of Selectmen and Ms. Newman were not able to reach mutually agreeable terms and have jointly withdrawn from further discussions. We wish her well in her future endeavors,” the press release read. “However, at the conclusion of the interview process, the Board of Selectmen had also expressed its interest in Andrew Golas. Consequently, the Board is pleased to announce that it has reached an agreement with Andrew which was formally approved at its Dec. 17 meeting.”

Golas has served as the Town Administrator for the town of Barre for two and a half years and previous served as an Executive Assistant in Palmer. He will begin his service in Charlton on Feb. 3. Selectmen agreed to a starting salary of \$140,000. Police Chief Graham Maxfield will continue to serve as the Town Administrator on an interim basis through the month of January.

# Old Sturbridge Village, Coggeshall Farm Museum announce partnership

STURBRIDGE — On Jan. 1, Old Sturbridge Village (OSV) and the Coggeshall Farm Museum in Bristol, R.I. will launch a transformational partnership intended to sustain and expand living history in the New England area. Under the agreement, Old Sturbridge Village will manage the Coggeshall Farm Museum, handling all back-office functions, supporting day-to-day activities, bringing new programming to the Farm and positioning OSV President and CEO Jim Donahue as Executive Director at the R.I.-based museum.

The Coggeshall Farm Museum sees about 10,000 visitors annually, while Old Sturbridge Village brings in over 260,000 in an average year. Through this partnership, Coggeshall Farm Museum will benefit from the proven success and knowledgeable staff at Old Sturbridge Village - expanding opportunities for reach and visitation. The two entities will work collaboratively to rebuild the successful agricultural and horticultural programs that the Farm is known for, while introducing new programs and experiences that have seen past success at OSV. Two full-time employees from the Village will be stationed at the Farm year-round to oversee new and existing operations, supervised and supported by the team at Old Sturbridge Village.

This partnership provides a mutual benefit to the two museums, which are synergistic in both mission and organizational structure. Old Sturbridge

Village interprets life in an early 19th-century rural New England village, while Coggeshall Farm Museum interprets life on a marsh farm in the 1790s. In this partnership, Old Sturbridge Village will bring greater sustainability to Coggeshall Farm Museum and help better utilize financial resources. A small management fee, paid to OSV by the Farm, will be invested back into the larger initiative of supporting living history as a critical piece of the New England experience.

“When visitors come to Coggeshall Farm Museum and Old Sturbridge Village, we want them to find meaning and relevance in the stories of the lives of New Englanders who came before us,” says Jim Donahue, President and CEO at Old Sturbridge Village. “We want them to be inspired to learn a craft, to raise a garden, to farm and to find out more about the people who lived in our community two centuries ago. We hope that our visitors become members - and that our members find their inner historians, curators, farmers and crafters through experiences at both of our museums.”

Donahue also gave credit to the boards of both museums for having a bold vision for sustaining living history in the region through this partnership.

More information on this partnership can be found at [www.osv.org/coggeshall](http://www.osv.org/coggeshall).

# Mazie Mentoring Program recruiting mentors during National Mentoring Month

REGION — The Mazie Mentoring Program is actively recruiting mentors for its three programs in the Metrowest area. Currently, Mazie wishes to recruit 15 mentors in Framingham, ten in Waltham, and five in Marlborough.

January is National Mentoring Month, a time when the importance of mentoring is highlighted around the United States. We conduct program satisfaction surveys where mentors and mentees share the great impact the program has on their lives. A Mazie mentor reported they learned “That I can truly make a difference in a young person’s life through small acts.”

As a Mazie Mentor, volunteers support their students with:

- College applications
- Thinking about future plans
- Setting realistic goals for themselves
- Developing their interests
- Exposing them to different activities and experiences

For those who are interested in becoming a Mazie mentor, please visit our website at [mazie.org](http://mazie.org) to learn about program requirements, the application process, and much more!

About the Mazie Mentoring Program  
The mission of the Mazie

Mentoring Program is to enable young people to reach their full potential by matching them with a volunteer mentor from the community. Teenagers’ lives are enhanced and their potential unlocked when they have a mentor in their lives to celebrate their successes. For more than 20 years, the Mazie Mentoring Program has helped 95% of their students graduate from high school, 89% of their students go on to higher education, and 83% of their students gain a better attitude towards school after 1 year in the program.

To learn more about the Mazie Mentoring Program, please visit [www.mazie.org](http://www.mazie.org).

# ER nurses take Stop the Bleed training to Bay Path

CHARLTON — Bay Path Practical Nursing Academy Director Gretheline Bolandrina, MSN Ed, RN, CRRN was introduced to Heather LaFlamme, MSN, RN, CEN Clinical Nurse Educator, Emergency Department of the Harrington HealthCare at the Stop the Bleed Program on Sept. 26 at the Beechwood Hotel organized by the Office of Health & Medical Preparedness, Worcester Division of Public Health/Central MA Regional Public Health Alliance. They have kept in contact via email.

LaFlamme and her contingent of ER Nurses have since taught Bay Path Practical Nursing Academy PN Class of 2020 how to use a tourniquet and other means to better control a bleeding wound. Those trained in bleeding control include police officers, firefighters or other emergency responders as well as teachers, company employees, and volunteers who help with community events.

Bolandrina believes everyone, everywhere

should take the stop the bleed class and was so thrilled when LaFlamme took the training to Bay Path.

“The practical nursing students, soon to serve as Licensed Practical Nurses (LPNs) are pillars in the community,” stated Bolandrina. “They’re really engaged in the learning process, know the community, and the healthcare needs of families.”

The PN Class of 2020 intended to create Stop the Bleed kits to give out as gifts, so they could provide training and tools to help minimize the damage from a gash, a cut or a serious car crash with injuries.

“The PN students were so willing to learn,” Bolandrina said. “They appreciated Stop the Bleed for a valuable reason: the ability to help and do something.”

Individuals and groups interested in taking a free Stop the Bleed training class can call (508) 765-3077, or email hlaflamm@harringtonhospital.org.

## Practical Nursing students, faculty give Watson a warm welcome

CHARLTON — Professors and students of the Bay Path Practical Nursing Academy gave a warm welcome to Sarah Watson, MSN, RN of Worcester, who joined the Practical Nursing Academy as full-time faculty recently. Professor Watson will be the lead facilitator for Medical-Surgical Nursing starting on Term 2, after the winter break. Her clinical sites are Fairlawn Rehabilitation Hospital and The Hermitage, both in Worcester.

Academy Director, Gretheline Bolandrina, MSN Ed, RN, CRRN said, “We welcome Professor Watson to Bay Path Practical Nursing Academy. We would like to assure Professor Watson

of full cooperation and support from all the faculty, staff members, and practical nursing students. New faculty members are full of fresh ideas. We are happy that Professor Watson joined the practical nursing department of Bay Path.”

Professor Watson obtained back to back degrees from Grand Canyon University earning a Master of Science in Nursing Education (December 2019) and Master of Science in Nursing Leadership Management (2018). Professor Watson began her nursing career as a Licensed Practical Nurse in Zambia (1980, St. Francis School of Nursing) and as a Licensed

Practical Midwife (1985, Monze School of Midwifery). In 1986, she obtained a Certificate in Family Health from Mwachisompola Demo Zone. Professor Watson obtained her Diploma in Nursing from Kitwe School of Nursing in Zambia (2000) and her Bachelor of Science in Nursing degree from Grand Canyon University in 2016. Prior to joining Bay Path Practical Nursing Academy, Professor Watson’s professional experience included being a Managed Minute Questionnaire (MMQ) nurse, Private Duty Nurse, Clinical Instructor, Staff Nurse, and Midwife Nurse (Rural Health and Hospital).

### Friday's Child

Damon  
Age 14

Hi! My name is Damon and I have a good sense of humor!

Damon is an affectionate teen boy of African American and Lebanese descent. He can seem shy when you first meet him, but Damon thoroughly enjoys the company of others once he warms up and feels comfortable. Damon has great mannerisms, and he likes to show his appreciation for those he cares about. Currently, Damon’s favorite activity is playing video games, but he is also very athletic and likes to ride his bike. In school, Damon has historically done well. His teachers report he gets along well with other students, and he is respectful in the classroom.

Damon is legally free for adoption and would thrive in a home with at least one male caretaker. His social worker is open to considering families with or without other children. Damon would be most successful in a family that can provide him with structure, routine and predictability. It would also be beneficial if Damon could be exposed to activities outside of the home. Damon will need to maintain contact with his adult sister and grandparents once he is placed.

#### Who Can Adopt?

Can you provide the guidance, love and stability that a child needs? If you’re at least 18 years old, have a stable source of income, and room in your heart, you may be a perfect match to adopt a waiting child. Adoptive parents can be single, married, or partnered; experienced or not; renters or homeowners; LGBTQ singles and couples.

The process to adopt a child from foster care requires training, interviews, and home visits to determine if adoption is right for you, and if so, to help connect you with a child or sibling group that your family will be a good match for.

To learn more about adoption from foster care, call the Massachusetts Adoption Resource Exchange (MARE) at 617-964-6273 or visit [www.mare-inc.org](http://www.mare-inc.org). The sooner you call, the sooner a waiting child will have “a permanent place to call HOME.”

# Warm weather puts ice fishing on hold

THE GREAT  
OUTDOORS  
.....  
RALPH  
TRUE

Ice fishing took a hard blow this past two weeks, with no safe ice in the valley or on the Cape because of the warm weather and rain. Some anglers were headed up north last week and found some safe ice, but by the time you read this column, that too will be gone. Jerry Gareri headed to his camp in Maine last week and found six inches of good ice that was covered with six inches of snow. After shoveling the snow to make room for his ice traps, he cut his holes only to find the water bubbling up from the hole, and sometimes pushing his trap from the hole. It was tough fishing, but he managed to catch a few fish.

It may be a good time to take out the Rod & Reel, and if you have a small boat in storage, you may consider taking it out to do a bit of fishing, as some ponds are totally free of ice. The warm weather is expected to continue for a few more days, with no real cold weather expected to return in the near future. Talk of the 60 degree temperatures this week can push ice fishing back even further.

This week's picture shows a few of the

beagle owners back in 2013 attending a trial at the Central Mass. Beagle Club in Sutton. Numerous trials are still held today at the club's fenced in area. Listening to the hounds as they trail the elusive rabbit brings a lot of joy to the owners, and can become competitive when judges try to score the dogs as they trail the rabbit. Owners of the beagles can travel long distances from other states to enjoy the competitive and fun days on weekends at the club. Plenty of good food is always available.

This past week, Dan Fraser shot a huge coyote in the valley with his black powder gun. He sent a photo, but it was deemed a bit too gory for publication. This coyote was a killing machine capable of killing domestic dogs and cats, and could possibly kill a young child, under the correct conditions. The coyote season in Massachusetts closes on March 7. Sportsmen had hoped to have the coyote season year round, but have had trouble convincing Mass. Fish & Wildlife to keep the season open. Their numbers are increasing annually in the state, and the situation is only going to get worse.

Coyotes kill numerous deer annually, especially fawns. A couple of local hunters were able to find the deer they shot the next day during archery season, after

tracking them a long distance. Unfortunately, the deer were 80 percent consumed by coyotes in just one day. Coyotes also kill numerous wild turkeys and other ground nesting birds annually. It is a sure sign that the coyote population is on the increase.

Local residents are also observing less song birds at their feeders in the last few years. Feral cats are responsible for killing millions of song birds annually through-

out the United states. The balance of nature has been negatively affected by man. Destruction of their habitat and global warming is all too real when we watch the devastation in Australia.

Local sportsmen's clubs are actively pursuing the crossbow bill and the Sunday hunting bill again this year, and have sent every State Representative and State Senator a letter asking them to support the two bills. It is long overdue!

The Whitinsville Fish & Game Club will hold their annual Founders Day supper on Jan. 18 at the club house on White Court in Douglas. A Prime Rib dinner will be served with all of the trimmings. Homemade pies and pastries are sure to satisfy all in attendance. For tickets, call the club at 1-508-476-7204. Tickets are only \$ 15 each. Do not miss this great meal and gathering.

Captain Mel True will be holding his second

annual Fishing Expo on Feb. 8 & 9 at Whites of Westport. Check him out on his Web site, CaptainMelTrue.com.

On Jan. 24-26, the New England Fishing Expo will be held in Boxboro! Doors open at 1 p.m. on Friday. Check it out on their Web site at nefishingexpo.com!

# Antique, collectibles and auction news from 2019

ANTIQUES,  
COLLECTIBLES  
& ESTATES  
.....  
WAYNE TUISKULA

As we enter 2020, I thought that I'd share antique news stories from 2019 for the last time.

Locally, a man attempted to bring a gun on a flight at Logan Airport on Christmas Day, according to CBS Boston. Fortunately for all involved, the man explained that it was an antique gun inherited from his grandfather. When he explained his situation to the TSA screeners, they allowed him to return it to his car.

Bloomberg reported that a German World War II "Enigma" machine was auctioned last month. "The three-cipher rotor design was considered unbreakable until the early 1940s. It could scramble letters into any one of 17,576 combinations, except the use of the original letter." The machine which wrote code that was thought to be unbreakable brought \$106,000. The Enigma, known as the "Hitler mill" because of its hand crank, was purchased by an Irish collector. Hitler's military ordered the machines to be destroyed to keep them out of the hands of Allied forces. Winston Churchill also ordered captured machines to be destroyed. Very few survived, making them quite rare today.

In a previous column, I wrote about the rare painting by Italian artist Cimabue that was found on an elderly French woman's wall. USA Today reports that "Christ Mocked" sold for \$26.6 million. The winning bidders may never see it though. The French newspaper Le Monde reported that Chilean collectors in the United States who "specialize in Italian masterworks" outbid the Metropolitan Museum of New York for the painting. The French cultural

ministry has since blocked the sale of the painting, which they now consider a national treasure. The French government is attempting to raise funds to pay the \$26.6 million that the painting sold for. The auctioneer is concerned that the country may not be able to raise the funds. Sadly, the woman who owned the painting passed away shortly after the auction. Her heirs will have to pay \$10 in inheritance tax when the sale is consummated.

A relatively new piece of electronics is expected to bring over \$1 million when it goes on the auction block, according to comicbook.com, polygon.com, and other collectibles and gaming websites. The rare Nintendo Playstation was produced from a collaboration between Sony and Nintendo. According to reports "a couple hundred prototypes were produced of the Super NES CD-ROM System, colloquially known as the SNES-CD or Nintendo Play Station." The auction house spokesperson stated that this is the first time one of these prototypes has come to auction. The consignor was reportedly offered \$1.2 million by a Norwegian buyer but turned it down.

A sealed rare copy of "Mega Man" sold for \$75,000 in November making it "the most valuable sealed game sold at auction." You may want to rethink putting some of your old video games in your next garage sale.

There is still time to consign for our major auction on Jan. 30 that will be held in Worcester. I'll be teaching my "Evaluating your antiques" class on March 3 at the Bay Path Adult Education Evening School. Other events are being scheduled. Please see [www.centralmassauctions.com](http://www.centralmassauctions.com) for details on these and other events.

## Before we look forward, a quick glance behind

What fun it is to take a quick trip through time and get a kick out of New Year's resolutions from yesteryear.

For many, the start of a new year brings the mark of a new beginning. There's nothing like the feeling of a clean slate to offer you up a hefty dose of motivation.

Taking it way back to the ancient Babylonians, who began their year in March, it was said that people would make promises to their gods at the start of each year as well as return anything borrowed including paying all debts.

The Romans can take credit for changing the start of the new year to January. The reason? January was derived from the name Janus, which is the two-faced god who looks backwards into the previous year and ahead into the new one. In addition, Janus was known as the patron and protector of gates, doorways, endings and new beginnings. For the Romans, the majority of resolutions stemmed from having positive morals, such as treating others with kindness. Later New Year's celebrations involved prayers and fasting.

Fast forward to the settlers in Colonial America, who avoided the hoopla of New Year's and even refused to call January by its proper name, referring to it instead simply as the first month. For these folks, the new year brought a state of contemplation of the past, present and future.

During the 20th Century, resolutions began to shift. One common change many wanted to make during the early 1900's was to "cuss less."

During the 1950's, women resolved to pay more attention to their beauty routines and to finish more mystery novels.

As we said goodbye to the '50's, skipped over the '60's and headed straight to the '70's, people were taking more stock in social resolutions, such as making time for friends and meeting new people. In addition to the social uptick, people were vowing to have more self respect and more confidence-based resolutions were forming.

During the go-go 1980's, when self-centeredness arguably reached an all-time high in American society, people were resolving to gain more acceptance of oneself. More focus was put on staying physically fit and maintaining fashion. It is no secret that the fashion in the 1980's rivals all.

It was all about quitting vices, like smoking and drinking in the '90's; however, it is noted that many never stuck to those resolutions for long. During this time, people also vowed to spend more time with family, eat healthy and get out of debt.

Present day resolutions include less screen time, eating less processed foods, maintaining a higher level of physical fitness than in years past, reading more books and shopping local. It seems that many people are interested in bringing things back to a simpler time to reduce the stress of the modern times we live in.

The trick to maintaining a promise to oneself takes many avenues, each an individual journey. When looking back on your life, what do you want to see?

A quote from Annie Dillard seems to sum it up best: "How we spend our days, is how we spend our lives."

How things have changed yet stayed the same is a nod to human nature and the innate drive to be better in all we do.

# OPINION

VIEWS AND COMMENTARY FROM STURBRIDGE, BRIMFIELD, HOLLAND AND WALES

## 2020 will be awesome!

How do I know? Read on ...

Outcomes in life are largely based on our belief systems. What we believe will happen, our subconscious mind goes to work to make happen. If you are a weekly reader of my column, you have heard this from me in some state or form, dozens of times this year. It is worth repeating because it is the central ingredient in the recipe of your result and there's plenty of research to back this claim. There are no absolutes in life. We cannot control external forces that have an impact on our year. Our belief systems shape how we respond, and it is our responses that shape our year.

I believe with every cell in my body that 2020 is going to be an incredibly positive year. I have goals and plans, and I've surrounded myself with positive and optimistic friends who support my beliefs and mission.

You will never attain and maintain more than you think you deserve.

Really? Really. Your mind won't allow it. Think about it ... if you think you are incapable believing you deserve or can accomplish something, why would you try?

Your belief systems drive who you are, what you are and where you are in life. So, why not convince yourself you can and will have an awesome 2020?

How? If you want to change who you are or where you are in your life, change two things.

Change what you put into your mind. What you read, listen to or watch, impacts what you believe about yourself.

Only hang around positive people who believe the best about themselves and you.

Don't hang around with naysayers. Former Vice President Spero Agnew called them, "Nattering nabobs of negativity." Want to have a great year? Align yourself with others who want the same for themselves and for you.

I know ... it sounds simple and it is. Simple, yes. Easy? No.

You won't read this column and magically change what you believe about yourself and the world around you, but you can begin the process of changing your mindset from negative to positive ... from pessimistic to optimistic. You begin by planning what you allow inside your head and who you hang around in 2020.

Resolve that 2020 will be awesome!

"Whatever the mind of man can conceive and believe, it can achieve." - Napoleon Hill

I shared the following story previously, but it is appropriate to repeat it now.

There was once a traveler who was walking from a village in the mountains to a village in the valley.

As he walked along, he saw a monk

### POSITIVELY SPEAKING

By GARY W. MOORE

working in a field, so he stopped and said to the monk, "I'm on my way to the village in the valley, can you tell me what it's like?"

The monk looked up from his labor and asked the man where he had come from.

The man responded, "I have come from the village in the mountains."

"What was that like?" the monk asked.

"Terrible!" the man exclaimed, "No-one spoke my language, I had to sleep on a dirt floor in one of their houses. They fed me some sort of stew that had yak, dog or both in it and the weather was atrocious."

"Then I think that you will find that the village in the valley is much the same," the monk noted.

A few hours later another traveler passed by and he said to the monk, "I am on my way to the village in the valley, can you tell me what it's like?"

"Where have you come from?" enquired the monk.

"I have come from the village in the mountains."

"And what was that like?"

"It was awesome!" the man replied, "No-one spoke my language, so we had to communicate using our hands and facial expressions. I had to sleep on the dirt floor, which was a great, new experience. They fed me some sort of new stew. I had no idea what was in it but just to experience how the locals lived was great. The weather was freezing cold, which meant that I really got a taste of the local conditions. It was one of the best experiences of my life."

"Then I think that you'll find that the village in the valley is much the same," responded the monk.

Life is 10 percent what happens to us and 90 percent how we respond. How we respond is based on what we believe. Don't allow the challenges of life to take away your joy and do not allow a negative belief system to determine the quality of your year.

My wish for you in 2020 is that you will expand your beliefs about your life and potential to be more optimistic. I want you to believe the best is coming so your mind can work to make it so.

You must believe something in the new year. Why not believe in the power of your potential and that 2020 will be your best year ever?

## Protect yourself against long-term care costs

FINANCIAL FOCUS  
JEFF BURDICK

If you're fortunate, you'll live independently and in good health throughout your retirement years.

However, if you ever needed some type of long-term care, such as a stay in a nursing home, would you be financially prepared?

To answer this question, you may want to evaluate two variables: your likelihood of needing long-term care and the cost of such care. Consider the following:

Someone turning age 65 today has an almost 70 percent chance of eventually needing some type of long-term care, according to the U.S. Department of Health and Human Services.

The average cost for a private room in a nursing home is about \$100,000 per year, while a home health aide costs about \$50,000 per year, according to Genworth, an insurance company.

Clearly, these numbers are worth thinking about. If you needed several years of long-term care, the expense could seriously erode your savings and investments. And keep in mind that Medicare typically pays only a small percentage of long-term care costs. Therefore, you may want to evaluate the following options for meeting these expenses:

Self-insure – You could "self-insure" against long-term care expenses by designating some of your investment portfolio for this purpose. However, as the above numbers suggest, you'd likely have to put away a lot of money before you felt you were truly protected. This could be especially difficult, given the need to save and invest for the other expenses associated with retirement.

Long-term care insurance – When you purchase long-term care insurance, you are essentially transferring the risk of paying for long-term care from yourself to an insurance company. Some policies pay long-term care costs for a set number of years, while others cover you for life. You can also choose optional features, such as benefits that increase with inflation. And most long-term care policies have a waiting period between 0 and 90 days, or longer, before benefits kick in. You'll want to shop around for a policy that offers the combination of features you think best meet your needs. Also, you'll want an insurer that has demonstrated strength and stability, as measured by independent rating agencies. Here's one final point to keep in mind: Long-term care premiums get more expensive as you get older, so if you're interested in this type of coverage, don't wait too long to compare policies.

Hybrid policy – A "hybrid" policy, such as life insurance with a long-term care/chronic illness rider, combines long-term care benefits with those offered by a traditional life insurance policy. So, if you were to buy a hybrid policy and you never needed long-term care, your policy would pay a death benefit to the beneficiary you've named. Conversely, if you ever do need long-term care, your policy will pay benefits toward those expenses. And the amount of money available for long-term care can exceed the death benefit significantly. Hybrid policies can vary greatly in several ways, so, again, you'll need to do some research before choosing appropriate coverage.

Ultimately, you may decide you're willing to take the chance of never needing any type of long-term care. But if you think that's a risk you'd rather not take, then explore all your coverage options carefully. There's no one right answer for everyone – but there's almost certainly one for you.

## Cleaning Tips Cut Chore Time

It's that time of year again. For many, the roster of New Year vows often includes a commitment to clean up! The good news is our lives are busy, and cleaning standards are (thankfully) more realistic than in the past. The bad news is, the house still has to be cleaned! Read on for some old and new tips geared to cut your basic cleaning chores down to size!

If you want to make the most of your cleaning efforts, take a tip from the pros. Experts advise working in one room at a time, and to focus on one task. Avoid starting several rooms at once. If you stick to cleaning one area, you will likely remain inspired to finish it. Always start in one corner of the room and work clockwise from the ceiling down. You'll be amazed at how quickly the job goes.

Experts claim heat can double the effectiveness of alkaline household cleaners. To clean tubs in half the time, fill the tub with an inch or two of very hot tap water and allow it to sit for a few minutes, then drain and apply cleaner as usual. This tip also works for tiles, so you might want to run a very hot shower before tackling tiles on shower walls.

After you wash the painted walls behind the kitchen stove, apply a generous coating of furniture polish. Buff it in well. Next time grease spatters on the area, all it will take is a swipe of a

paper towel to clean it up.

Are you seeing spots? A good buff of car wax on shower tub doors prevents water spots and cuts down on cleaning. How does it work? Fiberglass and glass are both porous. The wax helps seal up the pores, discouraging spots.

Forget the ladder, try this tip to clean high walls and ceiling fans: Simply place an old nylon stocking over your dust mop. When you are done, just throw away the stocking and the mop is ready for its next task.

Are your electronic gadgets "shocking?" No more rug shocks from the TV or computer station if you mix together in a spray bottle: 1/4 cup commercial liquid fabric softener; 1/4 cup ammonia and two cups water. Just spray as you would the commercial version on rugs, shoes, etc.

Note: Do not spray directly onto electronic equipment.

Did you know a dab of silver polish paste easily removes crayon marks from vinyl flooring?

Fab Four: We all have favorite cleaning aids, and these four "must haves" are true classics that cut to the chase and get the job done:

1. Mr. Clean Eraser. Most everyone knows the effectiveness of this mir-

# Give your Christmas tree a second life in the landscape

## GARDEN MOMENTS

MELINDA MYERS

Once your holiday celebrations have passed and the decorations go back into storage, it is time to deal with your real Christmas tree. Don't drag it to the curb to be hauled away by the trash collectors. Give it a second, even third life, in your landscape. No live Christmas tree? Don't worry! I'm sure your friends and neighbors will share theirs.

Start recycling all those needles that landed on the floor. Sweep them up and use them as mulch in the garden. Place them directly on the soil or on top of the snow. As the snow melts, the needles will be right where they belong. And don't worry, they will not make the soil too acidic. In fact, as they breakdown they will add organic matter to the soil.

Move your cut Christmas tree outdoors after the holidays. Use it as a windbreak or for added shade to prevent drying of tender evergreens. Strategically place your discarded tree on the windward side of rhododendron, boxwood, and needled or broad-leaf evergreens subject to winter burn. Place it on the south side of these plants to shade

Melinda Myers Photo

Adding berries, fruit and seeds to your recycled holiday tree provides needed food for the birds to enjoy.

them from the drying winter sun.

Remove and use the branches as winter mulch over bulbs and perennials. Layer the boughs over the plants and frozen soil to keep the soil consistently cold. This reduces the risk of early sprouting and winter damage that can occur during winter thaws.

Or set the tree in the landscape for a bit of added greenery. Secure it in a snow pile or use stakes and guy wires if the soil is not frozen. Then add a bit of food for your feathered visitors. Decorate the tree with fruits, berries, and seeds the birds can enjoy. Hang strands of cranberries and slices of oranges on colorful yarn and homemade bird ornaments to complete the edible display. The birds will enjoy the added food and shelter and you will enjoy watching these visitors to your landscape.

Then save the tree for trellising beans and peas in the garden. The vines will grow up and over, masking the bare tree branches. Growing vertically saves space and makes harvesting easier.

As spring arrives, consider chipping and shredding your tree into mulch for trees and shrubs or pathways in the landscape. No chipper? You and your neighbors may want to rent a chipper to shred these and other prunings for use as mulch in your landscapes.

And, if this is not possible, check for recycling resource-

es in your community. Many municipalities have special pickups for Christmas trees. These are chipped, shredded and made available for citizens to use in their landscapes.

Always check on any alerts of live Christmas trees and greens shipped in from other regions of the country. These may contain pests that can infest your landscape or harm native plantings and local Christmas tree farms in your area. The Department of Natural Resources or your local Extension Office should have information on any such threats. They can provide information on proper disposal.

And once you discover the value of this free resource, you may find yourself collecting a few more from neighbors who buy locally grown trees. Although, if your family is like mine, they may ask that you wait until dark to drag your treasures back home.

## *Youthful Auburn picks up important win versus Westborough*

AUBURN — After a poor performance in a 3-0 loss to Hudson High on Thursday, Dec. 26, the Auburn High boys' varsity ice hockey team needed nothing more than to right its ship versus Westborough High on Saturday, Dec. 28 at the Horgan Arena. The Rockets were taking on a 1-5 Rangers' squad, and Auburn (which also includes student-athletes from Millbury High, Tantasqua Regional and Shepherd Hill Regional as part of the cooperative agreement) got the job done to get back into the win column.

Dominic DiPadua, Nic Spanos and Alec Leduc scored the Rockets' goals, and Tyler MacKoul picked up the shut-out in net in the 3-0 victory.

"The good thing is we came out with the 'W' and we're 2-2-1," Auburn head coach Glen Bombard said of the team's now .500 record. "This was a big, important win for us. We needed this 'W.'"

The fact that the Rockets played well and got the job done seeing as how inexperienced they are can potentially go a long way for the team this season.

"In this game here, for about a period and a half, I saw a lot of good stuff. What people don't realize is I only have four kids that have ever played varsity hockey before," Bombard said of Dillon Winkelmann, Joel Miller, Caleb Bartlett and Colin Lutz. "The other ones have played sparingly here and there."

"It's still a work in progress," continued Bombard. "This week we finally get to settle down and have a whole week of practice. We can actually sit and go through some stuff instead of just throwing these guys into the wolves and bury their heads with stuff. If we were experienced we'd be fine, but being as inexperienced as we are...it's a lot."

Asophomore co-captain, Winkelmann said the team played a much-improved game versus Westborough and continued to show signs of a solid team going

forward.

"We didn't perform well [versus Hudson] and we performed a lot better today," noted Winkelmann. "We picked up some big points here. The younger guys are stepping it up — everyone is stepping it up — goals are coming, assists are coming, everything."

Auburn got on the board with 11:13 to play in the first period when they took advantage of their first power play opportunity. There, Shawn Bradway slid a pass to Bartlett, who ripped a shot on net. The shot was saved by the Rangers' Patrick Riley, but DiPadua was there to poke the rebound in.

It appeared that the Rockets had doubled their lead early in the second period — again on the power play — when Nolan White put the puck into the net, but the goal was waved off due to a dislodged net. But Auburn did make it 2-0 before the end of the period when Spanos ripped a one-timer in the slot past Riley. The goal was set up by a pass

from Zach Schirm over to Miller, who then made a nice feed from behind the goalmouth onto Spanos' stick.

The Rockets put the game away with 12:05 remaining in the third period when Alex Stencel passed the puck along the right side to Leduc, who sniped a shot top shelf past Riley's glove.

All that was left in doubt was MacKoul's potential shutout, and he made sure of it with a sensational save with five minutes to play. Westborough's Owen Lenkauskas received a pass on a two-on-one and his wrister targeted the net. But MacKoul slid over and got his chest protector on the shot to preserve the shutout.

"Tyler's been a key, a huge key," Bombard said of MacKoul. "He's a solid goaltender. He's a hard-working kid."

And now with the team back to .500, Bombard is hoping for the Rockets to continue improving.

"We're hanging in there and we're getting better," he concluded.

AUBURN — Two clear points of emphasis emerged following the Auburn High girls' varsity ice hockey team's game versus Algonquin Regional at the Horgan Arena on Thursday, Dec. 26. The first was how well goalie Rachel Proulx played, and the second was how well the Rockets fought hard until the final whistle.

Proulx made an eye-popping 55 saves — yes, 55 — and

Haley Vadenais scored with 4:29 remaining to break the Tomahawks' shutout bid.

Algonquin went on to win the game, 6-1.

"She played a very good game," Auburn head coach Pete LaPrad said of Proulx. "She's very young, she's only a freshman. She's really coming around doing a nice job. In girls' hockey, a goalie can carry a team. It's probably the most important position on the team.

"It's really good to see her

have a good game," LaPrad continued. "We've had a rough start this year, but she's gotten a lot stronger."

None of Proulx's goals allowed were first-shot opportunities.

"It's the team's job to clear the puck and make sure there isn't a second and third shot," explained LaPrad. "Every one of those goals was a rebound goal."

And LaPrad was glad that Vadenais found the back of the net with just minutes to spare.

Delany Novick of Auburn hunts down the puck, and Algonquin's Olivia Bower.

"Haley, she's an assistant captain; young, sophomore, excellent player, excellent leader — you can't say enough about her," he said. "I'm glad we broke the shutout with her scoring a goal."

The Tomahawks peppered the Rockets' net from the get-go, but Proulx had her shutout intact until just 3:25 remained in the opening period. There, Kerryn O'Connell poked in a rebound goal after two saves from Proulx. Amy Macglashing had the assist.

Then, with 2:58 to play in the first period, Algonquin doubled its lead to 2-0. Heather Hodgkins assisted on Natalie Peterson's goal.

The Tomahawks then doubled their lead to 4-0 in the second period when O'Connell and Peterson each scored their second goals of the game. Maggie O'Brien assisted on Peterson's tally. Proulx was immense in the period, though, flashing her glove multiple times with beautiful saves.

Auburn also killed off all three Algonquin power plays in the period — including a prolonged 5-on-3 attempt — and finished a perfect 4 for 4 on the penalty kill.

"Going down two penalties, 5-on-3, against a team like that and killing it was quite a good thing — something to build on," said LaPrad.

The Tomahawks' Olivia Bower made it 5-0 early in the

third and O'Connell finished off a hat trick for Algonquin's final goal. Sabrina Ferro and Macglashing assisted on O'Connell's goal.

Auburn then gained some momentum as the clock ticked down. First, Avery Knott unleashed a slap shot from the left point, where goalie Kaitlin Mathews (9 saves) needed to kick out her left pad to make a nice save. Vadenais' goal followed just a few moments later.

Algonquin improved to 1-0-1 as the Rockets knew they were up against a strong nonconference opponent.

"They're a strong team, but we play strong teams," said LaPrad. "The first period we were a little panicked, second period it got a little bit better and third period was our best period without question."

LaPrad's team has done well against conference opponents.

"Every conference game we've been in has been very close," he said. "We played Oakmont to a 1-1 tie and we played Woodstock Academy and lost 4-3."

Auburn, which is now 1-3-1 five games into its season, also has student-athletes from Grafton High, Notre Dame Academy, Shepherd Hill Regional, Tantasqua Regional, Blackstone-Millville Regional and Douglas High playing as part of the cooperative agreement.

Tantasqua's defense clamps down to take Grafton from rank of unbeatens

**BY KEN POWERS**  
SPORTS CORRESPONDENT

STURBRIDGE — The Tantasqua Regional boys' varsity basketball team improved to 2-1 on Friday, Jan. 3, defeating previously undefeated Southern Worcester County League A Division rival Grafton High 39-26 out on The Reservation.

The Warriors defeated the — at the time — division-leading Indians by employing a lockdown defense that held the Indians 41 points below their seasonal per game average. In addition, Grafton's leading scorer, Amara Ouatarra, who entered the game averaging 15 points per game, scored just 2 points, and Ethan McInerny, who's been averaging a second-best 12 points per game, didn't score at all.

Conventional wisdom says that kind of a statement performance would allow Tantasqua head coach Scott Dion a chance to bask in the glow of a solid win against a good team.

Conventional wisdom be damned.

"Defensively I think our length can bother shooters," said Dion of his team, which is chock full of 6-footers with large wingspans, before diving into his team's deficiencies at the other end of the floor against the Indians. "Offensively we got some pretty good looks at the basket, but we didn't take advantage of them. We had lots of scoring opportunities under the basket and the Grafton kids did a great job of contesting and not letting us finish.

"We had far too many turnovers," Dion continued, his frustration gathering steam. "I was just telling the assistant coaches that I was very disappointed in our play from foul line to foul line. In that area of the court we were atrocious. Getting the ball out, trying to pass the ball ahead, turning it over. When we were set, and we were moving the basketball we got some good looks, but we shot atrociously tonight."

When the conversation was finally allowed to focus on Tantasqua's defense against Grafton, Dion did acknowledge that he was pleased with his team's effort.

"We gave up two points in the fourth quarter and 26 for the game. Obviously, that makes me happy. We played man-to-man the whole game and we contested shots," Dion said. "But, a lot of the little things we did wrong tonight I felt were self-inflicted. And, we missed far too many open shots."

Offensively Tantasqua was led by sophomore Joe Groccia, who scored a team-high 17 points and connected on four of his 3-point attempts.

"We need to play better defense and hit more of our shots," Groccia said when asked how it felt to knock Grafton from the ranks of the unbeaten local teams. "We had a lot of open shots that we should've hit."

Groccia was asked how much better the defense can be considering Grafton came in averaging 67 points a game and was held to less than half that.

"I think we can play better defense. And we need to rebound better, too," Groccia said. "We need to do a better job boxing out than we did tonight."

Groccia was then asked about his production from beyond the 3-point arc.

"I hit some 3s, but I missed a lot, too," Groccia said. "When the 3s go in it pumps us up, but the bottom line is we need to play better defense and do a better job rebounding. I need to help out on the boards more than I did tonight."

Junior Mikey Lucas contributed to Tantasqua's winning effort with 6 points, all of them coming on a pair of 3-pointers. Classmate Tyler Hall added 4 points.

The game was tight throughout, Tantasqua leading 6-5 after the first period, 18-17 at half-time and 27-24 after three quarters.

In the fourth quarter, with the Warriors looking to create some distance, score-wise, and the Indians trying to complete a game-winning comeback, neither team scored for the first four minutes of the period.

Tantasqua (2-1 overall, 1-0 in the SWCL) got the separation it needed thanks to a 10-0 run that started with a post-up layup in the lane by Hall, making the score 29-24, with 3:32 left in the game.

Groccia pushed the lead to 32-24 with a 3-pointer with 2:33 to play and Hall increased the Warriors' lead to 34-24 with another layup with 1:55 remaining. Lucas ended the run with a right-side 3-pointer with 1:20 left in the game.

Grafton (5-1 overall, 2-1 in the SWCL) was led by Drew Bergenholtz, who scored a game-high 18 points and, like Groccia, hit four 3-pointers.

"Drew played great tonight," Dion said. "He's a great shooter and he had a great game."

Joe Groccia of Tantasqua releases a 3-pointer from the corner.

Deshean Hutchinson of Tantasqua releases a floater in the lane versus Grafton.

## TRIPS

*continued from page A13*

On December 5 and 6th there is a trip to the Trapp Family Lodge and it includes one dinner and one breakfast both at the lodge, glassblowing at Simon Pearce Company, a meeting with a member of the Von Trapp family, a stop in Montpelier, and of course the luxury of being at the Trapp family Lodge! It is \$379 for the double occupancy per person and \$499 per person for a single.

Capture the Christmas spirit as we enjoy a little of Austria and a lot of Vermont on this memorable get-

away. Situated on 2,500 acres in Stowe, Vermont, the Trapp Family Lodge serves as our magnificent home away from home. Enjoy great shopping, superb dining and exceptional hospitality on this great Christmas holiday tour.

On Wed, Dec. 18 we will travel to the Newport Playhouse to see “A Christmas Cactus” For \$79, you will enjoy a great play, a bountiful buffet and the Christmas Cabaret.

Show Synopsis: Christmas Eve is tough for private investigator Cactus O’Riley, a white-hot redhead with the holiday blues. She is trying to lure her secretary Fred away from his protective mother, dodging the

affections of Deputy D.A. Windsor, and considering closing her business. She doesn’t need the added aggravation of two fugitives who burst into her office looking for justice and a dead detective named Jake Marley. Cactus also doesn’t need Fred’s mother, who arrives to take Fred home but decides to stay because she thinks this is the Christmas murder mystery party she has always dreamed of attending. Christmas turns into a dickens of a holiday for Cactus as she solves mysteries, delivers small miracles and takes a second chance on love and sleuthing.

All trips leave from the Whitinsville WalMart. Call Sue at 509-476-5820 for more information.

# No Substitution

“If you want to know what’s going on in your town – whether the news is about the mayor or taxes or high school football – there is no substitute for a local newspaper. Wherever there is a pervasive sense of community, a paper that serves the special informational needs of that community will remain indispensable...”

GREGORY

continued from page 1

are a joy to tell, like one she heard at a reunion of academy students, where a Hitchcock alum spoke of visiting the building during off hours one winter and throwing rocks at the girl's side of the building, thinking he'd never be discovered, not realizing that he'd left footprints in the snow that led straight to his house.

Asked how she went about learning so much of the building's history, Gregory said, "People are always asking questions, so I have wanted to be able to answer those questions."

She read and regularly consults a comprehensive book about Hitchcock's history that was written in the 1970's by Alice Sawin Davis. Of course, then there are the people who stop in and tell the tales of back in the day...

Along with knowing the history of the building, Gregory has had to work hard to preserve it.

"I feel like I've made a stamp in caring about this building. It took me ten years to get the ramp added to the building - just after my own children were no longer in strollers," she added as an aside, laughing. "It took me another ten years to get the handicap-accessible bathroom. There was a woman who attended AA meetings here, and needed to be carried up the stairs to attend. She came in in tears to thank us for it."

Perhaps the most important role that has evolved is that of a fundraiser.

"When I first came here, we were giving money away," Gregory said. "The endowment was used to pay 50 percent of classes. I started growing the classes, and the percentage contributed from the endowment was decreasing, until there was no contribution, and tuition went up to cover the increasing expenses."

Fundraising is essential to keep offerings affordable.

A fun anecdote related to fundraising was when a collection of Native American

books was discovered in the attic by carpentry students from Tantasqua. Their instructor took them into the attic to examine the construction of the building. The books were a study in native dress with watercolor illustrations that the organization was ultimately able to sell to the Mohegan Sun Museum at \$1,000 per book. The funds were used to renovate the building's Memorial Room, now a museum-like space which houses and preserves precious historical pieces such as original furniture and antiques once belonging to Hitchcock's founder.

One of Gregory's crowning achievements was earning a \$250,000 donation from MGM, who, despite the wishes of some of the board at the time, was hospitably welcomed by her while they investigated the viability of a casino in Brimfield. That donation has served as a fund to cover capital repairs, and has been tightly managed in order to have long-term impact.

Likely her greatest financial skill is saving money. Ever the

Yankee, she has always found ways to save money to ensure she ends the year in the black, which she has done successfully every single year.

Ultimately, the organization's future, financially and otherwise, is dependent on meeting the needs of an ever-changing community, which in recent years has proved challenging.

"When I started, there were no yoga classes offered anywhere else nearby; there is much more competition outside for things we offer that didn't used to be," Gregory said.

With so many competing offerings, and technology having made such a huge impact on what community looks and feels like, Hitchcock's future is once again uncertain, presenting a significant but exciting challenge for its new leadership.

When asked what her wish is for the future of the Center, other than the elevator she has long wanted, she says, "it's that we continue to evolve to meet the needs of the community."

I hope that the sense of welcoming will stay intact. But it doesn't have to be the way I did it. That was the biggest takeaway from my 30th anniversary."

On her official 30th anniversary, the board and staff encouraged the community to stop by and say thank you. Cards, letters, and gifts streamed in, as did visitors, who stopped in to offer a word of thanks face-to-face.

"I don't need praise," Gregory says. "It doesn't run my engine, but being acknowledged on my anniversary allowed me to take some time to see the impact."

She recalls a playfully offered mandate from a former board president, Jim Adams, who told her to "fill the building."

Adams now says, "When I watch little kids march across the street from the parking lot, it fills my heart."

As Sue Gregory marches toward retirement, may a legacy of hard work for the good of a community carry Hitchcock forward and continue to fill the building with people making memories.

acle pad is amazing, which is why it should be a staple in your cleaning tool box. It's most impressive ability is wiping away permanent marker from a variety of surfaces. It also cleans up textured refrigerator handles with a mere swipe or two, and burnt food stains on a glass stove top come off easily with a light scrubbing. Also, stains on porous porcelain sinks and Fibreglass tubs clean up quickly and easily.

But before you start scrubbing, try it on an inconspicuous area as it can dull and damage Formica and other surfaces.

2. Spot Shot Carpet Cleaner: Another "miracle" cleaner that works wonders. Spray this aerosol (or pump version)

cleaner and carpet stains seem to (truly) disappear before your eyes!

3. Scott's Liquid Gold: An oldie that still makes an instant impression! It polishes up kitchen cabinets like nothing else. Use the spray version on counter tops after cleaning for a sparkling shine. Renew wood surfaces with a few quick swipes of the cloth.

4. HandiWipes: A babyboomer childhood staple that stands the test of time. These strong dish cloths don't breed bacteria like sponges. They are easily dried out over the faucet after each use and can be washed and reused many times.

Homemade Glass Cleaner  
This homemade version of a classic commercial window cleaner is a real money saver. It works well and the addi-

tion of the blue food coloring tricks the brain into thinking you're still cleaning with the pricy brand!

Ingredients: 2 cups water; ½ cup rubbing alcohol; one tablespoon ammonia; blue food coloring (optional)  
Directions: Mix everything together in a spray bottle. Use as you would a commercial window cleaner.

\*\*\*  
Daily Shower Spray Cleaner  
This works as well as the name brand shower spray and it dries super fast!

Ingredients: three tablespoons liquid Jet Dry (for dishwashers); water  
Directions: Combine Jet Dry and water in a spray bottle to fill. Spray shower walls after every shower.

**PRAYER TO THE HOLY  
SPIRIT** Holy Spirit, You  
who make me see every-  
thing and showed me the  
way to reach my ideals,  
You who gave me the di-  
vine gift to forgive and for-  
get the wrong that is  
done to me and You who  
are in all instances of my  
life with me, I want to  
thank You for every thing  
and confirm once more  
that I never want to be  
separated from You no  
matter how great the ma-  
terial desire may be. I  
want to be with You and  
my loved ones in Your  
perpetual glory. Amen, In  
Jesus Christ, Your Son's  
name, I ask that you  
grant me (state your spe-  
cific request or intention  
here). While making the  
request, you must  
promise either: (a) pub-  
lish this prayer or (b) to  
circulate the favor. This  
prayer should be said for  
3 consecutive days or 3  
hours straight. After the  
3rd day, the request will  
be granted, no matter  
how difficult it may be. In  
thanksgiving for requests  
received. LMP
