Douglas Elementary hosts back-to-school event

BY KIMBERLY PALMUCCI  TRIBUNE CORRESPONDENT

DOUGLAS — Students at Douglas Elementary School were welcomed back on campus this year in a “safe and socially-distanced way” with a drive-through event. Families were able to come to the school and purchase their child’s locker with their vehicle without leaving their vehicles.

“It is so hard for us to have our students in school like normal and we know that our students and families are struggling with this as well,” said Douglas Elementary School Principal Jon Bell. “The beginning of the year brings with excitement and anticipation. This year, it has been filled with mixed emotions and frustration.”

Bell added that the idea for the event started when the school’s PTO was trying to think “out of the box” to still have a community celebration. They also needed guidelines from the state due to the drive-through event with the best solution.

“I am excited that our students and families will get to see some of the things they love about Douglas Elementary. I know for trunks, and even for the event sparked frustration.”

Douglas EEE risk level upgraded to “moderate”

BY KIMBERLY PALMUCCI  TRIBUNE CORRESPONDENT

DOUGLAS — The town of Douglas’ risk category for EEE was recently changed from “low” to “moderate,” reflecting the state’s determination that risk factors have increased in the community.

According to a statement from town officials, a mosquito trapped in the northwest quadrant of town has tested positive for EEE, a mosquito-borne disease that can be deadly to humans.

“The mosquito was a Culex quinquefasciatus, the so-called ‘vandal mosquito.’ This species is an upper- level foliage feeder, bringing both hosts and mosquitoes, and is common,” the town released. “It is released to avoid identifying the primary vector of EEE from birds to humans.”

Eastern equine encephalitis (EEE) is a rare but serious disease caused by a virus that can affect people of all ages, according to information from the commonwealth. EEE is generally spread to humans through mosquitoes and can cause severe illness and possibly lead to death in any age group. The risk of EEE does not occur every year, but based on mosquito sampling, a risk of occurrences of human cases currently exists.

Routine mosquito testing began in June across the state and will continue through October. The Department of Public Health in partnership with Local Mosquito Control Projects is conducting comprehensive surveillance activities.

Under state guidelines, residents of communities in “moderate” risk level will get to see some of the things they love about Douglas Elementary.

Students of Douglas Elementary School were welcomed back on campus this year in a “safe and socially-distanced way” with a drive-through event.

Malarking a milestone

UXBRIDGE
Uxbridge residents to participate in Boston Marathon® Jimmy Fund Walk

Uxbridge — Six residents will choose to walk in the Jimmy Fund Walk to benefit Dana-Farber Cancer Institute in its 30+ year history.

Participants are encouraged to bring their own dog or cat, or to find a buddy to walk alongside of them.

Every year, the Jimmy Fund Walk brings together thousands of people who have lost loved ones to cancer, providing a day of remembrance and raising funds to support Dana-Farber.

The event has raised more than $145 million since 1989, and Hyundai has been the presenting sponsor since 2002.

Your area guide to buying, dining & shopping locally!
We’re celebrating our **Tax Savings Event** all month long!

Through August 31st only, save $330 on every window and save $725 on every patio and entry door, and get 6.25% off your entire project with $0 down, 0 monthly payments and 0% interest for one year!¹

- From last year we know that these appointments fill up quickly; call today
- This Tax Savings Event is even **better than last year’s**!

Don’t settle for poor-quality vinyl windows.

Not only can they look shiny and low-end, some poor-quality vinyl windows can warp, leak and become drafty after just a few years. Our windows are made of our exclusive Fibrex® material, which is twice as strong as vinyl.

Unlike some other companies, we warrant our windows and installation.*

Renewal by Andersen is the full-service replacement window division of Andersen Corporation, and because they’ve been around for 117 years, you know we’ll be around to stand behind our window, our service and our installation.* And know that we’ve adjusted our operations to serve you in the *safest* way possible and make your home more secure.

---

**DETAILS OF OFFER** - Offer expires 8/31/2020. You must set your appointment by 8/31/2020 and purchase by 9/1/2020. Not valid with other offers or prior purchases. Get $330 off each window and $725 off each patio and entry door. Monthly payment is interest when you purchase two or more windows or patio doors on 60-month terms between 8/1/2020 and 9/1/2020. Additional 6.25% off your entire project. $0 Down and 0% Interest for 1 year for consumers who finance through the Renewal by Andersen offered financing program. See financing program for terms and conditions. Renewal by Andersen does not participate in cash rebate programs. All Renewal by Andersen products are supplied by Andersen. See retailer for details. Handwritten, typed, faxed or electronic notes are not accepted as proof of purchase. 

*Warranties are from Renewal by Andersen, Inc., 6000 East 115th St. Anderson, IN 46011. *Monthly payment is interest when you finance a purchase through the Renewal by Andersen offered financing program. Minimum purchase price required. Subject to credit approval. Interest is calculated during the promotional period. See Financing Program for details. Payment plan is based on equal monthly payments. Payments averaged based on purchase amount paid before the expiration of the promotional period. Financing is through Renovations America, Inc., which is an Equal Opportunity Lender. Offer limited to participating locations and is subject to change. See retailer for details. **Refer to Umbrella Text.**

To find out how you can earn more trust from your neighbors. Contact your sales representative at the Valleytech.com/Your Neighbors.

DOUGLAS—The Federal Emergency Management Agency (FEMA) announced today $7.8 million in direct assistance grants to 384 fire departments.

FEMA obligates funding for this project directly to the recipient agency in this recipient’s agency’s response to manage these award grants with in federal guidelines with technical assistance and monitoring provided by FEMA Fire Program Specialists.

To find out how you can earn more trust from your neighbors. Contact your sales representative at the Valleytech.com/Your Neighbors.

Welcome to our 2nd Annual ABC’s of Summer Scramble!

The Winner of a random drawing of all entries is
Julie Caron of West Brookfield

Thank you to all who entered our Scramble Contest and to all of our ABC Businesses.

Hope you will join us again in the Fall!
Opinion and commentary from the Blackstone Valley Times

You are not powerless unless you choose to be so

Thank you. Your letters and emails express your prayers, wishes and concerns. This past week was overwhelming. I always do everything that is asked of me, no matter the consequences. The answer is not always easy but not easy.

As the world turns, so do people’s opinions — even those now that it’s an election year. Further, there has been so much civil unrest currently, in addition to things influencing us living through a global pandemic. We are all consternation at the stated views of others. You are seen on social media, the radio, on TV, in the newspapers, and even on signs in people’s yards.

As overwhelming, and sometimes uncomfortable, as this may be, we should truly boldly have and share your opinion. Some individuals have an issue sharing their opinions, while others tend to shy away. Perhaps the latter is out to something being done, we write this, and as you read it, someone the two are in the middle of a debate.

When we share our opinions, it’s a sign that we are open to new ideas. It is open, and more knowledgeable about the world we live in the headlines.

Although, both facts and opinions can be incorrect, and a person will have a light bulb moment that changes not only everything they thought since, lead to a change in their mind, and their opinions, a result of discoveries, which can alter something that prior, for sure.

There’s also a difference between facts and opinions. When an uninformed person toosays talking points with misinformation, the point of the conclusion is going to be false. As a result, know more about a change in their mind, they may not be.

Opinions are important to share, but that doesn’t mean they are right. Right thinking and opinions are crucial. And we can agree that the same viewpoint isn’t right, but that doesn’t mean we don’t have to share that doesn’t hurt anyone else, others’ opinions.

We must also remember that as individuals, our lives experiences have brought us to our points of view. We, unlike anyone else we encounter, have our own. The only way to understand someone is not something being done, we write this, and as you read it, someone the two are in the middle of a debate.

There is enough for us to be...
Fly fishermen are ready to enjoy some great fishing opportunities on saltwater in the coming weeks. Barnacle and False albacore are a lot of fun catching them on plastic baits, and provide important and damage-free fruits and vegetables to their boats, driving the fish agitated with “GOGANS” seriously and become quite humid location. Then move to a cool, firm and glossy. The portion touching your refrigerator for several days. You will be able to dry large quantities outside the vegetable crisper drawer in a airy place out of direct sunlight. You can start drying three to four inches, if dill pickles are desired for the winter months of garden-fresh produce. A modern twist on this tradition is the樾ive the angler with some antlerless deer permit appli-...

DivorceCare for Kids group begins Sept. 8

WHITINSVILLE

DivorceCare for Kids is a support group for kids who are experiencing separation or divorce. DivorceCare for Kids provides a safe, fun place where children will learn to understand their feelings, express their thoughts, and heal from their pain and confusion. The meetings will be held in person only.

Each group session is filled with fun-filled games, role-playing, discussion times, journaling, and activity books, to help children process the divorce and move forward in their lives. DivorceCare for Kids is for children five to 12 years old. It is free and non-denominational.

DivorceCare for Kids begins Sept. 8 and meets every Tuesday for 13 weeks from 6:30 to 8 p.m. at Pleasant Street Church, 545 Dudley St., Whitinsville. Contact the church office at 508-234-568 or e-mail Howard@peace.org for more information and to register. For details about DivorceCare for Kids go to wwwUNITY.org. Advance registration is required for adults. DivorceCare runs concurrently for adults, DivorceCare, run with the DivorceCare for Kids.

Divorce Group Support

WHITINSVILLE

The Divorce Support Group begins on Tuesday, Sept. 8. This program is for men and women struggling through separation and divorce. The program offers support from knowledgeable leaders and interaction with others going through the same experiences. Each meeting includes time for making some new friends, refreshments, and a video, followed by small group discussions. Weekly topics include What’s Happening to Me, Facing Your Anger, Depression and Grief, Dealing with Loneliness, and KidsCare.

The meetings will be done in a hybrid fashion. Participants can come to the in-person meeting or participate online via Zoom if that is more comfortable.

The Divorce Support Group is free, non-denominational and open to adults. Meetings of the group begin Tuesday, Sept. 8, from 6:30 to 8 p.m. at Pleasant Street Church, 25 Cross Street, Whitinsville. The program continues for 13 weeks from 6:30 to 8:30 p.m. and can begin attending at any time. Contact the church office at 508-234-568, email or visit peace.org, or visit www.unity.org for more information and to register.

A complimentary program for kids ages five to 12 called DivorceCare for Kids, will run concurrently with the adult program. This will be held in person only.

Kayte Rooney named to Dean’s List at Loyola University Maryland

BLACKSTONE VALLEY TIMES
Friday, August 21, 2020

BALTIMORE, Md. — Kayte Rooney, a member of the class of 2022 from Uxbridge, has been named to the spring 2020 Dean’s List at Loyola University Maryland.

In order to qualify for the Dean’s List at Loyola, a student must achieve a minimum QPA of at least 3.500 for the term, provided that, in the term they have successfully completed courses totaling a minimum of 15 credits.

Established in 1852, Loyola University Maryland is a Catholic, Jesuit comprehensive university comprising Loyola College, home to the University’s arts and sciences programs; the Sellinger School of Business and Management; and the School of Education. Loyola enrolls 6,000 undergraduate and 2,000 graduate students from across the country.
