Ivy Dowdle of Charlton makes her latest donation for a little library on Pheasant Lane.

Inspiring reading through little libraries

BY JASON BLEAU VILLAGER CORRESPONDENT

CHARLTON – Even though the Charlton Public Library has reopened in a limited capacity, the COVID-19 pandemic caused libraries across the country to close down for months leaving a gap that one local high schooler decided to fill for young readers in the town.

Since the beginning of the pandemic Ivy Dowdle, a resident of Pheasant Lane in Charlton and a sophomore at Woodstock Academy in Connecticut, has been restocking the local little library on her road hoping to keep youngsters in town reading through the pandemic even without access to hard copy literature.

"I know it's really hard during the pandemic to get anything physical in your hand and with the libraries shut down kids especially around town and in my neighborhood haven't been allowed to get any books they would otherwise have in normal times," Dowdle said. "When I was little my mom would always take

me to the Charlton Public Library. It was a really big part of my childhood. Just in my neighborhood alone we have a lot of young kids who have moved into the area and I really wanted to return the favor and pass on that appreciation for books and

reading that I grew up with." Dowdle's parents, who both work as teachers, raised her with an appreciation for education and reading which is part of her passion for sharing that love of literature with other local kids. While Dowdle has donated some books that she herself grew up reading she also gets literature from a used book website that allows her to add variety to the local little library to serve kids with all different interests

and tastes.

"I have some favorites from when I was younger, and I really want these kids to appreciate them as much as I did so sometimes I will just put in books I've had at a younger age. Mainly the books come from a website called Thrift Books which

Churchgoers bid farewell to beloved minister

BY JASON BLEAU VILLAGER CORRESPONDENT

CHARLTON – After 28 years, the Federated Church of Charlton is saying goodbye to its long-time minister, Rev. Jim Chase. An active member in the larger community serving as the fire Chaplin for the town and a devoted believer in his faith who helped with the recover following the 9/11 terrorist attacks, Rev. Chase leaves behind a legacy that has made him a highly respected member of his community and his church family.

The reverend was honored during a special virtual honorific service on the morning of Sunday, Sept. 13 where numerous speakers from throughout his life shared memories of their time with Rev. Chase and his contributions for their lives and the world around him. The service began with prayer and a video featuring numerous members of the Charlton Fire Department who thanked Rev. Chase for his devotion and for his words of wisdom during both times of crisis and peace. Charlton Fire Chief Ed Knopf capped off the video with a personal message thanking the reverend for also being a good

"I hope these small 'thank yous' give you an indication of just how important you were to this department," Knopf said. "I want to thank you for being that sounding board, for listening to me complain, being that chief lunch date, and for most importantly being a friend."

Among other speakers were David Ware, Jr. who the rever-

Ware called the reverend and "great friend" who was a great spiritual leader whose heart has always been "full of love." Bob Lamprey, a longtime travel partner of the reverend on missions, called the reverend and "inspiration" and thanked him for his dedicated service.

The morning also included a statement from Reverend Don Remick, ridge Conference Minister of the Southern New England Conference, who congratulated Rev. Chase on his retirement, but assured him that his good works are not yet done.

"Retirement of course is not an end to your ministry. It only takes on a new shape and form as you enter this next chapter, not because you have work to do but because that gift and call of ministry is deeply woven into the fiber of your soul. Your presence brings the spirit of God wherever you go," Rev. Remick said.

Finally, the kind works of James Moran, who led the service, that recalled how Rev. Chase had once considered leaving Charlton for bigger opportunities but destiny kept him around and over the years he transformed the ministry into what it is today and helping change lives as not just a religious leader, but a friend to all who needed one.

"Jim. as fire Chaplain, would literally dress for action in the middle of the night he would

Fire Department receives grant for radios

BY JASON BLEAU (ILLAGER CORRESPONDENT

CHARLTON – The Charlton Fire Department has received an Assistance to Firefighters Grant (AFG) that will provide the department with new radios replacing equipment over a decade old.

Charlton Fire Chief Ed Knopf said the grant will update the departments communications, bringing the department into the modern age.

"This is going to be used for portable radios and mobile radios for the members and for our apparatus to upgrade obsolete radio equipment," said Chief Knopf, who called the "state of the art" radios are big need for the department as they are often the last lifeline in getting help to firefighters in need during a response. "Our current radios were obtained on another grant back in 2007 or so. Some of them are at a minimum of 13 years old and some are upward of 20 years old."

The Federal Emergency Management Agency grant was written for \$155,600 but the town has to match 5 percent of the project, which comes out to around \$7,800. With that said, the grant really comes in at \$148,000 adding to the millions of dollars the town has received over the last two decades from the FEMA program.

"This is an extremely important funding mechanism. Just in the last twelve years Charlton has been able to receive over \$3 million in grant money for various project," said the Chief.

Since 2000, the Charlton Fire Department has utilized FEMA AFG money to fund numerous significant investments and projects including purchasing breathing equipment, a tower truck, and adding staffing to the department for increased personnel and coverage.

"These years have been the highlight of my professional career in so many ways, and I am truly grateful to the Nichols community for your partnership, your support, and your commitment to our mission, and to our incredible students who are at the center of all we do," said Dr. Engelkemeyer.

While the current year will be her last at Nichols, Dr. Engelkemeyer expressed optimism for the future of the school and a commitment to helping the college endure through the unsure times of the ongoing COVID-19 pandemic.

"While the global pandemic has slowed our pace as we work to actualize our vision to become 'a college of choice for business and leadership education,' I am confident that we will quickly regain our footing and emerge stronger than ever," she added.

Old Sturbridge Village announces new hours, operational changes

STURBRIDGE Sturbridge Village (OSV) is deepening its focus on its mission and visitor-driven experience - to provide meaning, relevance and inspiration to all through the active exploration of history - as it announces new hours and operational changes taking place throughout the month of September. Amidst the major updates, the Village will operate on a new fall schedule, unveil new seasonal programming and promotions, close its lodging and suspend all event and banquet operations, due to the ongoing regulations around the COVID-19 pandemic.

Starting this week, Old Sturbridge Village will be operating under a new schedule, open Fridays, Saturdays and Sundays from 9:30 a.m. to 5:00 p.m. and during the Columbus Day holiday on Monday, Oct. 12. In late October and November. the Village will close an hour earlier, at 4:00 p.m.

"Leaning into the weekends and holidays in the fall will align to visitor trends we saw over the summer and will allow us to put our best foot forward every day that we are open," says Jim Donahue, President & CEO of Old Sturbridge Village.

These new hours will allow the Village to plan and deliver impactful programming, demonstrations and historic interpretation to visitors of all ages, including exciting plans in the works for harvest season, Halloween and Christmas.

'The restrictions of COVID-19 mean we are unable to host The Sleepy Hollow Experience at the Village this October," says Donahue. "Fear not, though - we are working on some Halloween ideas that we plan to bring to life in October that will provide a safe and fun experience for everyone. We

are also working on the details for an amazing holiday program in December. We know that almost 25,000 people visited the Village last Christmas as part of their family's holiday tradition - and we want you to be able to enjoy Christmastime with us again."

In keeping with the Village's vision to provide a robust and impactful experience moving forward, OSV has also extended its "Kids FREE" promotion through Nov. 28. Under the promotion, up to three kids age 17 and under can visit the Village for FREE when accompanied by an adult paying full standard daytime admission rates. The promotion will help families discover a fun and immersive historical experience during the fall, when many children will continue learning in a remote schooling environment.

Among the other changes

at the Village comes the temporary closure of its banquet division. The banquet division of Old Sturbridge Village is responsible for the booking. planning, catering and overall logistics of all meetings, special events and wedding functions that take place at OSV. Under current state guidelines, the division has not been able to resume normal operations or host events in 2020. To-date, the division has proactively refunded all deposits from events booked now through

On-site accommodations at the historic Oliver Wight House and at the Reeder Family Lodges have also been suspended temporarily.

"These tough decisions allow us to refocus and concentrate our efforts on the core mission of Old Sturbridge Village - preserving history and telling our story," says Donahue. "Old

Sturbridge Village has been the site of important events and key moments in people's lives, and it has been an honor to both create and preserve history in so many ways. We've had to make some difficult decisions over the past several months, but each choice ensures that we are able to keep the Village strong as our region and our nation emerge from the COVID-19 pandemic.'

"I get why people need help, especially with education expenses," explained

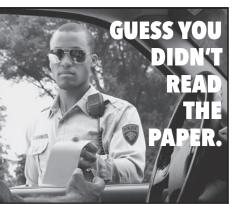

"Nursing means something to us, the 11 hours we spent with Shawna at the hospital, and the care she received from the doctors and nurses," he reminisced. "Bikers are very giving people, we do SJL ride, motorcycle rides, events, in memory of Shawna," he added.

Bryson and Cayden Age 10 and 13

Hi! Our names are Bryson and Cayden and we are ready to find a family we can call our own!

Bryson and Cayden are an outgoing sibling group! Older brother Bryson is of African American and Caucasian descent. Some of Bryson's favorite activities include playing outside, playing video games and football, drawing, and making storybooks. Bryson is known to be a kind, caring, friendly child who enjoys socializing with his peers. He is also considered a protector as he enjoys taking care of pets and younger children.

Cayden is a kind and caring boy of African American and Caucasian descent. Like his brother, Cayden is very considerate of others. Cayden loves to draw, read, play outside, and ride his bicycle. He also likes to play

with Legos and build different types of structures with them. They boys have an older teenage brother whom they are close to and will need to maintain contact with on the South Shore of Massachusetts.

Bryson and Cayden look forward to being placed together in a loving, permanent home. Their social worker is open to exploring one or two-parent families with or without other children. They are legally freed for adoption and will need to maintain contact with members of their birth family once their placement is identified.

Who Can Adopt?

Can you provide the guidance, love and stability that a child needs? If you're at least 18 years old, have a stable source of income, and room in your heart, you may be a perfect match to adopt a waiting child. Adoptive parents can be single, married, or partnered; experienced or not; renters or homeowners; LGBTQ singles and couples.

The process to adopt a child from foster care requires training, interviews, and home visits to determine if adoption is right for you, and if so, to help connect you with a child or sibling group that your family will be a good match for.

To learn more about adoption from foster care, call the Massachusetts Adoption Resource Exchange (MARE) at 617-6273 or visit www.mareinc.org. The sooner you call, the sooner a waiting child will have a permanent place to call home.

QCC's TRIO Program awarded grant to support students

W O R C E S T E R - Quinsigamond Community College was awarded a TRIO Student Support Services Grant of \$1,309,440. This is a five-year grant distributed in yearly increments of \$261,888.

QCC's TRIO Student Support Services program is a federally-funded program that provides support and services to first generation and economically disadvantaged students, and students with disabilities. The program began at QCC in September 2010 with 120 student participants and is currently serving 150 students.

"This grant award will allow us to serve more of our most vulnerable students by providing them with a high level of support services," said QCC President Dr. Luis G. Pedraja. "Low-income, first-generation and students with disabilities can sometimes need additional assistance in completing their certificate or degree programs. This grant supports our community by increasing access and equity to college and career pathways that might otherwise be out of reach for these students."

As a large inner city college, QCC has a diverse population that draws from all sub-communities within Worcester and its surrounding communities, with 21 percent of students identifying as Hispanic, 14 percent as Black/African American, 5 percent Asian, 4 percent other and 3 percent multi-racial/cultural. More than 74 percent of students rely on Pell grants and other financial aid to supplement their education and expenses. More than 30 percent of students work an average of 30 hours a week, and have family obligations.

At QCC, TRIO staff members meet regularly with students to review and support a career and academic plan, to help them complete a program of study at QCC and/or transfer to a four-year institution. Services are designed to be hands-on with individual and small group tutoring, intensive advising, financial aid counseling, transfer assistance, discussion of academic goais, assistance planning class schedules, assistance with early registration and guidance throughout the semester. Students are also taught about social service and giving back to their community.

According to Joseph Adams, project director for the college's TRIO program, the chances of TRIO students succeeding goes up 50% once they enter the program and in some cases that number may even be higher depending on their interaction with the program. The results of the program show it is working.

"QCC's TRIO alumni have gone on to graduate from many 4-year schools, such as Cornell University, UMass, Mass College of Pharmacy and Health Sciences University, Clark University, and many more," he said, adding, "The program also had its first graduate from UMass Medical School in May and is currently doing his residency in Pittsburg, Pa."

"Helping students achieve their goals and realize their dreams is what we are all about at QCC. By supporting those who have historically been disadvantaged and underserved, we are also helping our entire community," President Pedraja said.

A taste of autumn

While there are plenty of topics to discuss this week on the local and national level, we decided to keep things light, and to do our best to foster a sense of unity among our readers.

One quick note to share this week is a story of two neighbors, with opposing political signs on their yards, having a thoughtful conversation. Yes, this actually happened. The two neighbors sat side by side in their vehicles and after about 20 minutes of a calm, respectful conversation, learned that they had more in common than they didn't. Sometimes that's all it takes, is an open mind and a mature outlook. This is a story we can appreciate.

Hanging heavily on our hearts, though, is the absence of the yearly fall fairs that take place all around New England. While we understand the circumstances that led to several cancellations, it still doesn't make us miss it any less. With that said, we decided a fun idea would be to have a Fair night

Who says you can't blast Tim McGraw or Garth Brooks in the back yard and have a complete meal of fair food for a night? There are simple games you can set up at home as well, including water balloon pop, pick a duck (all you need is a few rubber ducks and a bucket or pool of water), water coin drop, and the bean bag toss to name a few. Get creative with your prizes depending on who is

in attendance. There are homemade recipes for all of your fair favorites as well. Soft pretzels, fried dough, apple crisp, steak and cheese, corn dogs, nachos with melted cheese whiz, French fries with malted vinegar or ketchup and a bloomin' onion with ranch for the win.

A family fair night is one way to keep the tradition alive. If you want to go a step further, there are plenty of farm stands and pumpkin patches still in operation to get that downhome feel. In addition, a drive to a local farm for kids of all ages to see cows and horses is an easy field trip.

We decided to include recipes for our top three fair food picks.

Fried Dough:

2 cups unbleached flour

1/2 cup nonfat dry milk powder

3 teaspoons baking powder 1/2 teaspoon salt

4-1/2 teaspoons shortening

2/3 to 3/4 cup water Oil for deep-fat frying

Butter, honey and lemon juice, option-

Combine flour, dry milk powder, baking powder and salt; cut in shortening until crumbly. Add water gradually, mixing to form a firm ball. Divide dough; shape into 12 balls. Let stand, covered, for 10 minutes. Roll each ball into a 6-in. circle. With a sharp knife, cut a 1/2-in.-diameter hole in center of each. In a large cast-iron skillet, heat oil over medium-high heat. Fry dough circles, one at a time, until puffed and golden, about 1 minute on each side. Drain on paper towels; if desired, serve warm with butter, honey and fresh lemon juice.

Caramel apples:

Ingredients Heavy Cream Light Corn Syrup Brown Sugar

Butter: Salt and Vanilla Extract

Directions

First, rinse and dry the apples. Pull out the apple's stem and insert a

caramel apple stick.

For the caramel, cook the first five ingredients on the stove until the candy reaches 235°F (113°C). Reaching 235°F (113°C) should take about 15 - 20 min-

Remove caramel from heat, then stir in the vanilla. Allow caramel to cool for a few minutes, then dip your apples. Let the excess caramel drip off, then place on a nonstick surface such as a silicone baking mat lined baking sheet.

Once set, you can wrap the caramel apples in cellophane.

Bloomin' onion:

Combine mayonnaise, sour cream, horseradish, ketchup, paprika, garlic powder and cayenne pepper. Chill this while you prepare the onions.

First, cut the onions. Cut a small flat spot on the none root end of the onion. Then remove any dried or damaged peels. Place the onion flat side down

It's Apple Season!

It's apple season and apple offerings are plentiful in our area. New England grown apples have been pleasing the palate since the 1700s. The area's hot summers, cool fall days, and rocky soil are credited with the production of big.

red apples with a unique mix of sweet and tart flavors. Read on for a lesson on "apple-ology!"

If the various varieties of apples have you confused, the following guide identifies some of the most popular regional apples:

Native New England Apples: New England apples boast a unique blend of sweet and tart flavors, attributed to the region's long, hot summers and crisp fall days. About 40 varieties of apples are commonly grown in New England apple orchards. The most popular today are McIntosh, Cortland, New England Red Delicious, Macoun, Empire, and Rome. Other favored New England varieties include Crispin, Mutsu, Gala, Golden Delicious, IdaRed, Jersey Mac, Jonagold, and PaulaRed,

Historic Heirloom Apples: Apples have a long and vital tradition in New England. Many varieties were discovered here, or go back centuries. A commercial apple-growing region since the 1700s, New England is still known for its distinctive varieties, particularly the McIntosh, which accounts for two-thirds of the region's crop. Other classic New England varieties are the Macoun, Cortland, Empire, Eastern Red Delicious, and Rome. New England orchards are also keeping alive heirloom varieties like Northern Spy, Baldwin, Pippin, Roxbury Russet and Red Gravenstein.

Pick the Correct Apple: While all apples are delicious and refreshing, some strains of apples are better for cooking than others. Here's the rundown: According to expert chefs, apple following varieties are excellent choices baking: for Cortland, Golden Delicious, Granny Smith, Jonagold, Jonathan, Rome. Good varieties for baking include: Braeburn, Empire, Fuji, Gala, Ginger Gold, HoneyCrisp, Newton Pippin.

Since competition for blue ribbons is fierce at annual apple pie contests, the heads up on the best baking apples may give you the edge. Here are some excellent pie apples: Cortland, Golden Delicious, Jonathan, Newton Pippin, Rome. Also good for pie baking: Braeburn, Empire, Fuji, Gala, Ginger Gold, and Jonagold.

Looking for a great applesauce apple? A general rule is any apple but Red Delicious is acceptable, but here are the top choices. Cameo, Cortland, Gala, Golden Delicious, Granny Smith, HoneyCrisp, Jonagold, McIntosh, Newton Pippin, Rome. These apples also work well for applesauce: Braeburn, Empire, Fuji, Ginger Gold, Jonathan.

Perfect Picks: When buying or picking apples, choose ones that are firm and bruise free. Typically the smaller the apple, the stronger the taste, as large apples have more water content.

TAKE THE HINT **KAREN**

TRAINOR

To retain their flavor and crispness, apples should be chilled if not eaten right away. Did you know apples that are refrigerated can last up to ten times longer than those at room temperature? And for best taste, store apples away from strong odors, which can be absorbed.

Apple Fun Facts: Did you know? Apples are a member of the rose

The most popular variety in the United States is the Red Delicious. Fresh apples float because 25 percent of their volume is air.

Apple trees take four to five years to produce their first fruit.

It takes the energy from 50 leaves to produce one apple.

It takes about 36 apples to create one gallon of apple cider.

Apples are the second most valu-

able fruit grown in the United States. Oranges are first. Newton Pippin apples were the first apples exported from America in 1768,

some were sent to Benjamin Franklin in London. Archeologists have found evidence that humans have been enjoying apples

since lat least 6500 B.C. There are more than 7,000 varieties of apples grown in the world.

Almost one-half of the U.S. apple crop is processed into apple products, such as apple juice, applesauce, apple pie filling, and canned apple slices.

Presidents George Washington and Thomas Jefferson were apple growers. They traded apple wood with one another for grafting purposes.

FINANCIAL

Open enrollment

financial impact

choices can have big

you work for a medium-to-large employer, you've got some decisions to make because it's open enrollment time. Of course, depending on your situation, you may have been working remotely for a while, but, even so, you will likely have the opportunity to review your benefits package and make changes. And you'll want to make the right moves, because your choices can have a big financial impact on your life.

So, take a close look at these key areas of your benefits program:

Health insurance - Think about your health care needs over the coming year will you or someone in your family be coping with a chronic illness or facing a surgery? Will you need to at least consider testing and possible treatment for COVID-19? In any case, make sure you're choosing the right plan for your needs. And pay close attention to any changes in your health insurance, such as whether the plan's provider networks have changed - you may want to make sure your own doctor is still in-network. Also, check to see if you can reduce your health care premiums by taking part in a wellness program or health-risk assessment.

Life insurance – Your employer may offer a group life insurance policy for free, or for a small amount. It's probably worth your while to take this coverage, but it may not be enough for your needs. If you only had this group policy, but your family situation has recently changed through marriage or the addition of a new child, you may well need to add some private insurance.

Disability insurance - In addition to offering group life insurance, your employer may provide short-term disability insurance as an employee benefit. Like group insurance, this disability coverage may not cost you anything, but it may not be adequate - typically, short-term disability only replaces part of your income for three to six months. And while you may never need to miss work for an extended period of time, you never can tell – after all, more than one in four 20-year-olds will become disabled before they retire, according to the U.S. Social Security Administration. You may want to consider purchasing your own long-term disability policy on top of the coverage offered by your employer.

Retirement plan - You can probably make changes to your 401(k) or similar employer-sponsored retirement plan at any time, but why not look at it now, when vou're reviewing all vour benefits? If you can afford to increase your contributions, you probably should, because a 401(k), with its tax advantages and ease of contribution through paycheck deductions, is a great way to save for retirement. At a minimum, put in enough to earn your employer's match. You'll also want to review your 401(k)'s investment mix. Is it still providing you with significant growth potential within the context of your individual risk tolerance? Over time, you may need to make some adjustments, either because an investment is underperforming or because you're getting close to retirement and you need to reduce your risk exposure. In any case, it's a good idea to check up on your 401(k)'s investments at least once a year.

Your employee benefits are an important part of your overall financial picture - so do what you can to get the most from them.

The late-great Zig Ziglar famously said, "The greatest successes in life often happen when we change locations." I agree. Old habits are broken, and we look at life through fresh eyes. A new perspective reveals new experiences and opportunities. Arlene and I are enthused about our new life prospects.

THE GREAT OUTDOORS RALPH **TRUE**

The California wildfires continue to burn, costing the lives of residents and wildlife in California and surrounding states. The dangerous smoke conditions are affecting air quality, and will continue to impact the planet. Loss of homes and property in the area is catastrophic, and we need to step back and take a moment to reflect on the people that have been impacted by these terrible events that seem to have no end in sight, and are being blamed on global warming. Battling the pandemic and wildfires at the same time is unimag-

Then my thoughts go to the loss of wildlife, and all of the horses, cattle, birds and all other living creatures that are being killed or injured due to the wildfires. I rarely hear of the states controlled burning program, that can reduce the spread of wildfires. Even in this state, we could see wildfires start to pop up in the coming weeks and months if we do not get a substantial rain fall soon. Anyone using the outdoors in the coming weeks need to be exceptionally careful with camp fires, smoking, etc.!

Nine Blackstone Valley residents recently returned from a bear hunt in Maine. Everyone harvested a bear except one hunter. That is darn good for a group of nine hunters. The only one that did not harvest a bear, never even saw one during the six-day hunt. Wait till next year!

The states fall trout stocking should start as soon as the water temperature cools down. Low water in some ponds need an inch or two of rain to make them suitable for trout stocking this year. Some Rod & Gun Clubs will also hold off on their fall trout stocking because of low water.

Reports of slow action on the Canal by some anglers last week could change any day now. A lone angler fishing the canal at night using eels reported catching some decent stripers last week at the canal. There are a good number of serious striper anglers that do their homework, whether it is on the canal,

fishing at Block Island and other hot

spots in both Mass. & Rhode Island. Very few reports of local anglers harvesting geese last week, but that to will change quickly when farmers start to harvest their corn crops. The humid weather of last week also kept goose hunters away.

Trend-setting daffodils for gardens and bouquets

GARDEN Moments MELINDA **MYERS**

Daffodils are having their day. Floral designers are opening our eyes to a world of gorgeous daffodils that extends far beyond the iconic yellow trumpets. These unexpected varieties include doubles, bi-colors and split cups, in colors such as creamy white, peach, pink, gold and orange. Plant the bulbs in fall to see these beauties emerge in your spring garden. Then enjoy how they elevate all your spring bouquets.

A benefit of planting some of these more unusual varieties is being able to stretch the daffodil season. Be sure to include some early bloomers such as miniature Tete a Tete. Another early bloomer is Barrett Browning. This heirloom variety's orange-red cup has a yellow halo at the base, set off by bright white petals. Silver Smiles is a subtle beauty. A cluster of two or three little flowers tops each stem. Greenish-white petals surround a pale-yellow cup that fades to buff and then white.

Pink-cupped daffodils have been around for almost 100 years yet are still relatively unusual. Grow them in filtered

sunlight to accentuate the color. Blushing Lady has yellow petals and a flared, salmon-pink cup. Turn up the pink even more with Pink Pride. Another early-blooming variety, it features a ruffled cup that opens apricot and gradually turns coral pink.

As early daffodils begin to fade, midseason varieties take center stage. This is the time for split corona and double daffodils. Both types work well with the more traditional daffodils, while adding flair to gardens and arrangements.

Instead of a trumpet, the cup of a split corona daffodil is split into sections. These split cups may be ruffled or pleated and often lay flat against the outer petals. One of the showiest split cup daffodils is Cum Laude. Its white petals frame a frilly, peachy-yellow cup with a green eye. Include other splitcup varieties such as Cassata, with a delicate ruffled yellow split cup and white petals, or Lemon Beauty with a star-like yellow cup set against white petals. Can't decide? Plant a split-cup assortment to find vour favorites.

Close out the season with double daffodils. Their fluffy flowers resemble roses, and most varieties are fragrant. Delnashaugh (longfield-gardens.com) is one of the most impressive doubles. Its enormous, 4" flowers feature layers of frilly white and peach-pink petals. Tahiti is just as large, with soft yellow petals and

red-orange ruffles.

Two of the latest bloomers are also two of the most fragrant: Cheerfulness and Yellow Cheerfulness. Each stem is topped with a mini bouquet of three or four little rose-like flowers, each the size of a cherry tomato. They are incredibly beautiful and extremely long-lasting.

In a vase, daffodils can essentially arrange themselves. The more flower forms and colors you include, the better. Have a little more time? Add a few stems of forsythia or curly willow and some other spring favorites such as bleeding heart, tulips and hyacinths.

The stems of freshly cut daffodils release a clear sap that can shorten the life of other flowers. Conditioning your daffodils is easy and eliminates this risk. Cut the stems to the final length and stand them in a clean container of cool water for four to six hours. After that, they can be combined with tulips and other blooms. Just remember to not recut the

Nothing says spring like a yellow trumpet daffodil. But with so many other flower styles and colors to choose from, why not stretch your boundaries and discover some new favorites?

What is the moral to this story?

Embrace change with enthusiasm. We can't fight the aging process and the inevitable transition in our needs. Life is always shifting and evolving. Nothing stays the same. Embrace the change and be creative. Be optimistic. Believe the best is yet to come. Seek out and

find the good, then enjoy the

new opportunities brought on by the change. To do otherwise only brings on sadness and depression.

I choose optimism and happiness in this new season of my life.

on a cutting board (root side up). Using a sharp knife starting about 1/2 inch from the root make a clean slice downward. Next turn the onion one quarter turn and make another clean slice downward. Follow that with two more quarter turns and two more clean slices downward. You should have four clean slices down on the onion equally spaced apart. Now cut

three to four equal spaced cuts downward in each of those four sections. Then turn the onion root side down and gently fan out those sections.

First in a large bowl big enough to hold the onion whisk together the milk and eggs. Then in another large bowl combine the flour, paprika, cumin, oregano, thyme, salt, cayenne pepper, black pepper and garlic powder. Then put one of the cut onions in the flour mixture. Using your hands coat the onion with the flour mixture spreading and separating the onion to make sure that it all gets breaded. Next dunk the onion into the egg mixture. Then back into the flour mixture using your hands to coat the onion.

Use a heavy pan like a dutch oven and heat the oil to 375 degrees. Using a skimmer ladle or tongs slowly place the onion root side up in the hot oil. Fry for about six minutes or until a deep golden brown. Next remove the onion to paper towels to drain.

Bay Path alum named Unit Manager at Odd Fellows Home

Lauren Pellett

WORCESTER — Lauren Pellett, LPN of Norwich, Conn. was promoted to Unit Manager at the Odd Fellows Home of Worcester.

The position gives Pellett, a former 911 Dispatcher and a novice LPN, plenty of responsibilities. She oversees all nursing staff at the unit, including paraprofessionals. Pellett has the distinction of the first in the class of 2020 to be hired as an LPN while still completing her academics. When the COVID-19

pandemic hit the region, the state of emergency added a few more responsibilities to Pellett.

"I am responsible for the 40-bed unit and to ensure that we are adapting to all guidelines to meet CDC standards," she said. That means taking all COVID precautions to protect both the patients and staff that works there.

It was because of Pellett's work at the Odd Fellows Home as an undergraduate and her dedication in managing remote learning while being gainfully employed that she was selected and approached to be honored with the promotion

As a 2020 graduate of Bay Path Practical Nursing Academy, Pellett had the following accolades:

Certified, Mental Health First Aid (National Council for Behavioral Health Mental Health First Aid) Certified, Dementia Care Attendee, Stop The Bleed College (American Course of Surgeons Committee on Trauma) Member, UNICEF Club Class Mentor, 2021Nominee, Feed Inc., Kindness Award Spade Nominee, Kate Hero Recipient, Yasso Game on Hero Award Distinction, First hired as LPN Hero's Pay under Massachusetts Governor Charlie Baker Order #24 Nominee, Clinical Excellence Award

"During remote learning, I missed being in school and having more interaction with the patients. To help, I assisted my mom in making fabric masks. I learned a lot through kind interactions," she said. "I enjoyed helping and building relationships with our patients."

She added that she had always wanted to be a nurse and her favorite thing about being a nurse is being able to help her patients, family and friends. "I take care of all living things.'

"I love taking care of the elderly, I want to make the rest of their lives happy and peaceful," she said.

At Paradis-Givner Funeral Home, we take great pride in caring for our families, and will work tirelessly to provide you with a beautiful, *lasting tribute to your loved one*
