# Douglas resident appointed to community service role at MMA

BY KIMBERLY PALMUCCI  
TRIBUNE CORRESPONDENT

DOUGLAS — Alec Goldenberg, of Douglas, has been selected to lead community service efforts at Massachusetts Maritime Academy.

Goldenberg was appointed as a Regimental Community Service Operations Officer at the academy, where he is a senior studying Energy Systems Engineering with a minor in Facilities Engineering.

“I’ve always been inspired to make a difference in the world, and I’ve been able to experience elements of that at MMA,” Goldenberg said.

Each year, the academy appoints a Regimental Community Service Operations Officer to lead service efforts. Service is required of every cadet at Massachusetts Maritime Academy (MMA), but many students “embrace the opportunity to give back well beyond their service requirements,” according to a press statement.

“Service is an important part of our culture,” said Rear Admiral Francis X. McDonald, USMS, President of the Massachusetts Maritime Academy. “We believe in experiential learning and volunteering in the community provides a wonderful way for our cadets to learn about the world around them and how they can make a difference. It’s also a great way to develop leadership and teamwork skills and acquire empathy.”

# Millbury Library to host virtual computer programs

BY KIMBERLY PALMUCCI  
TRIBUNE CORRESPONDENT

MILLBURY — With \$3,000 in recent grant funding, the Millbury Public Library will host a series of programs throughout September, October, and November.

The library was one of 517 public libraries nationally that received \$3,000 from the American Library Association—Libraries Transforming Communities: Focus on Small and Rural Library grant. The eligibility for this grant was limited to communities with populations less than 25,000, according to the Institute of Museum and Library Services.

This funding will enable the library to “lead community engagement programs for patrons and library staff,” according to a library statement.

“Through community engagement, my goal is to gather feedback from the community on how to continue to offer innovative library programs despite the challenges of limited funding, staff development to stay abreast with new library trends, and be able to have staff stay stress-free through fun engaging staff development workshops,” said Ann Dallair, Millbury Library Director.

This week, the library hosted an in-person program called “Conversations about Library Programming and Staff Development.” The program served as an opportunity to gather feedback from the community and to hear ideas and suggestions on future innovative programs, programs that have worked/not worked, ways for promotion, and staff development that can be offered, according to the library.

Later this month and continuing through November, a series of virtual online adult/senior computer classes will be offered as part of this grant, the library released. The seven-week computer programs will begin on Tuesday, Sept. 28, at 6 p.m. and the following topics will be discussed:

- Sept. 28 and October 5 at 6 p.m.: Learn Windows 10: Close the Digital Divide
- Oct. 12 and Oct. 26 at 6 p.m.: Using Browsers, Exploring Websites and Getting the Most Out of Searching the Web
- Nov. 9 and Nov. 16 at 6 p.m.: All About Pictures—Finding, Organizing, and Editing
- Nov. 23 at 6 p.m.: Save Time and Money with an Easy Computer Tune-up! (The library has released that this last workshop is not for Apple/Mac users).

Registration is required so the library has an email address to which they can send Zoom links. All programs are open for registration on the library’s Web site at [www.millburylibrary.org](http://www.millburylibrary.org) or residents may call the library at 508-865-1181.

# Uxbridge explodes offensively against Warriors

BY NICK ETHIER  
SPORTS EDITOR

UXBRIDGE — For many years now, the Uxbridge High varsity field hockey team has been solid competition against Southern Worcester County League and other Central Mass. schools. But now, at least as is their hope, the Spartans are elevating their program to even higher levels.

From 2015-2017, Uxbridge accumulated a total regular season record of 32-18-4 but was unable to win a game in the Central Mass. Division 2 playoffs. Then, in 2018-2019, the Spartans upped the record to 20-7-9 and won four postseason games, including an appearance in the CMass D2 Final in 2018.

The 2020 season included only a handful of games with no postseason implications due to COVID-19, but so far in 2021 Uxbridge appears to be just as good, if not better, than they were over the past few years. On Thursday, Sept. 9, the Spartans improved

# Lions ‘Shredapalooza’ recycles paper and electronics

Lions volunteers help unload boxes for shredding at semi-annual shred event.

Folks of all ages love those autos at Uxbridge Lions Car Show.

UXBRIDGE — Everyone loves a “palooza” so the Uxbridge Lions are cashing in on the craze. Saturday, Nov. 6, from 9 a.m. to noon, the Lions will hold their second recycling shred event of the year at the VFW parking lot on Route 16 and Cross Road in Uxbridge. The fundraising event supports community organizations and individuals and contributes to Lions’ charities such as sight and hearing research, disaster relief and diabetes education and more.

Once again, with services supplied by Onsite Computers of Uxbridge and Pellegrino Trucking Co. of Sutton, paper and electronics are securely shredded and guaranteed destroyed for \$5 per copy paper sized box or for \$5 each for the disposal of devices such as phones, electrical cords, DVDs, cameras, USB cables, flat screen monitors, keyboards and radios and stereos.

A clearly marked lane with Lions volunteers will greet vehicles and assist in removing materials to be shredded. People are invited to witness the shredding or to receive a Certificate of Guaranteed Destruction for electronics.

Uxbridge Lions are looking forward to welcoming antique autos, muscle cars, foreign cars, truck and motorcycles to its third annual car show on Saturday, Oct. 2, at Valley Chapel, 14 Hunter Rd. in Uxbridge. The event will be held from 10 a.m. to 2 p.m., with awards slated for 1 p.m. The fun will include a DJ, food, a caricaturist, Sweet Wise Ice Cream Truck, judging and awarding of prizes. Registration for autos in competition is \$10. Admission for spectators is free. Rain date is Oct. 9.

Businesses or individuals may help the important work of the Lions Club by purchasing a sponsorship. The Sponsorship Levels are: Bronze \$25, Silver \$50, Gold \$100, Platinum \$200. Checks may be made payable to Uxbridge Lions Club, P.O. Box 455, North Uxbridge, MA 01538. Sponsors will be recognized at the event through print and announcements.

**LACHAPELLE COACHES 500TH GAME, WITH RAMS BEATING WEST BOYLSTON LATE**

The entire Northbridge High football team and staff surrounds head coach Ken LaChapelle, center, fresh off coaching his 500th career game last Friday, Sept. 10 at West Boylston. The Rams also won in dramatic fashion, 22-20, making the special occasion even sweeter. Quarterback Ryan Boyce found receiver Rory Schofer late in the game for the winning score.

## Road race and health walk to benefit Manchaug Pond

SUTTON/DOUGLAS — Get your sneakers and get outside for Manchaug Pond! The Manchaug Pond Foundation is holding the annual road race and health walk event during peak fall foliage season to benefit the 380 acre public lake, Manchaug Pond! All runners, walkers, and strollers are invited to participate in Manchaug Pond’s The Dam Race 5K Run and 3K Health Walk on Saturday, Oct. 16 at 9:30 a.m. Get outside for beautiful lakeshore views, crisp fresh air, and a worthwhile cause!

Registration begins at 8:30 a.m. at the start/finish line with race beginning at 9:30 a.m. for both the 5K run and 3K walk. This year’s starting line is just over the dam at 19 Holt Rd. in Sutton. Participants will take a scenic trek along the shoreline of the lake, over the famous Manchaug Pond Dam,

and through the countryside during fall foliage season. There is a turnaround location mid-race at Lackey Road for runners and in front of the YMCA Camp Blanchard facility for walkers with a water station and restroom facilities nearby. Manchaug Pond Foundation volunteer road marshals along the course will assist with traffic to ensure safety, and to cheer you on!

Entry fee is \$15 with all preregistering before September 27th guaranteed a race tee shirt. The finish line and awards will be held at 19 Holt Rd., with ample parking for contestants and spectators. Medals will be awarded to runners in first, second, and third in both Men’s and Women’s categories. Post race refreshments will be provided free to participants. Additional information on the race, runner registration, and sponsorship

and donation opportunities for businesses, individuals and families is available online at [www.manchaugpond.org](http://www.manchaugpond.org) or sent to Manchaug Pond Foundation, P. O. Box 154, Manchaug, MA 01526. All sponsorships received by Oct. 1 will have their company or family name printed on the race day tee shirt.

Manchaug Pond is a beautiful 380 acre public natural resource located in Sutton and Douglas. All event proceeds and donations benefit the lake through the work of the Manchaug Pond Foundation, a 501(c)(3) all volunteer non-profit dedicated to the preservation and enhancement of this great pond of the Commonwealth through initiatives and programs addressing water quality, safe boating, water level/dam, aquatic plants, watershed conservation, and more. New educational information

for hobby farmers will be offered advising best management practices in the garden, pasture and around the barn and chicken coup to protect our water resources as well as residential Low Impact Development (LID) techniques such as landscaping with buffer

zones and rain gardens to limit runoff of fertilizer nutrients and pet waste made possible through a Phase 3 EPA/MassDEP s.319 Non-point Pollution Grant. As all live in a watershed, additional resources for educators, students, lake visitors, residents and hobby farm-

ers are also made available at the Foundation’s website [www.manchaugpond.org](http://www.manchaugpond.org) or at the MassDEP’s new Massachusetts Clean Water Toolkit at <http://prj.geosyntec.com/nps-manual/default.aspx>.

## Police, DA warn of elder exploitation scams

BY KIMBERLY PALMUCCI  
T R I B U N E  
CORRESPONDENT

REGION — Police are warning residents once again of scams targeting elders.

“There’s no shortage of those who look to take advantage of folks,” the Sutton Police Department shared in a statement. “If you have elderly family members or friends, make sure you let them know there are dishonest people out there who are possibly looking to scam them out of money.”

Sutton Police shared information about an elder exploitation scam commonly referred to as the “Grandparent Bail Scam.” Since June 2020, the Department of Homeland Security, with other national agencies, have been actively investigating the scam, which occurs when a caller contacts an elderly victim and portrays themselves as the grandchild of the victim, advising the victim that they have been involved in a serious motor vehicle accident, have been arrested, and require money for bail, according to reports.

The caller or a purported attorney or paralegal

will then advise the victim how much money is required to post bail for the grandchild and will coordinate a transfer of the money through the following three methods, police shared: money collected in person from victims by a courier, money sent by the victim mainly through UPS or FedEx, or money sent by the victim through wire transfer.

“Take a few minutes to educate [family members or friends] so they do not become a victim of this scam. If they do happen to fall for it, make sure you let us know ASAP, so we may investigate it in a timely manner,” the department continued.

Worcester County District Attorney Joseph D. Early also commented on another recent scam in which an 86-year-old Massachusetts woman lost more than \$40,000 to a series of phone scams.

“You answer the phone and hear that you have won a \$2.7 million sweepstakes,” Early released in a statement on social media. “All you have to do is pay a fee. Does it sound too good to be true? That is because it is.”

Early added that in this particular case, scammers had spoofed the caller ID to display the “Publishers Clearing

House” name.

“It is important to remember that scammers are capable of making any phone call appear legitimate,” he continued.

According to Hingham Police, the 86-year-old resident fell victim to a series of phone scams over a two-week period and lost at least \$42,000.

“The woman, who suffers from the early onset of dementia, began receiving phone calls...the caller ID on all the calls displayed ‘Publishers Clearing House,’” police said. “The caller told the woman she

won \$2.7 million dollars in their sweepstakes.”

The caller said before the woman could collect her prize, she would need to pay the taxes up front on her winnings, police added. The caller then connected her with someone from the “Tax Department,” and that person explained that she “would need to open an account at Bank of America so they could transfer the money.”

“Remember, as always awareness and education are the keys to stopping these scams and protecting our seniors,” the department reported.

EDITORIAL

There is more to the labor shortage than laziness

All around the country, we’ve seen businesses reducing hours, restaurants reducing menu items and help wanted signs everywhere. “People just don’t want to work!” is the excuse we here uttered by anyone who hasn’t done their homework.

While it’s true there are some who don’t want to work, this certainly has not caused the labor shortage. Please note that since the dawn of history, there have always been those who don’t want to work. At the end of the day, if someone is able bodied enough to work and isn’t independently wealthy for some reason, and chooses not to work, well they end up unfortunately facing their own issues.

According to the Bureau of Labor Statistics, job openings are at 9.3 million. Extended unemployment benefits have run out, so that argument is no more. In fact, only 3 percent of unemployed people earned enough with the extended benefits country wide to warrant not returning to work. Only 14 percent were earning more than they did prior to the extended benefits. The cessation of those benefits will send some people back to work, but not enough to make a dent. Experts say worker’s rights could have more to do with it.

Low pay is one reason for the shortage. In 1968, the federal minimum wage was \$1.60 per hour. Factoring in the rate of inflation since, that would be the equivalent to \$12.38 per hour in 2021; however, the federal minimum wage is just \$7.25 per hour in 2021. Walmart is now starting employees at \$17/hour, and McDonald’s restaurants in many New England states start their employees at \$15/hour. Lowes has just advertised to start paying \$18/hour. This is not good news for smaller local businesses who don’t have the backing of being a corporation.

Employees are also seeking better working conditions. Those in the restaurant business who rely on tips are sexually harassed at a much higher rate, and because of mask mandates, those workers are often asked to police rude and belligerent people who refuse to comply for either personal or political reasons.

The COVID lockdown has allowed many to re-evaluate what is really important and meaningful, and working a job where you’re harassed and underpaid just isn’t worth it. Flexibility that provides work life balance is what many are looking for. Remote work has allowed this to become more of a reality. Remote work has also allowed many companies to function with less employees. Workers without digital skills are out of luck as far as remote work goes until more training is available. There are some companies who do offer such training such as Google and Amazon.

Many Americans are also in a position where they need to stay home to care for vulnerable individuals including young children. While many schools and day-cares are open, many have closed due to COVID outbreaks, leaving parents without childcare. The opening and closing is unpredictable, and will remain that way until the pandemic is under control.

Opinion and commentary from the Blackstone Valley and beyond

LETTERS TO THE EDITOR

Is this what you voted for?

To the Editor:

What I believe. Feel free to disagree.

Have you taken a moment to consider: Are we Rome? The Barbarians are at the gate, through the gate. There is no gate. The Visigoths, the Tartars, the Pirates, the Criminals, the Drug Smugglers, the Terrorists/Taliban/Isis, the sex traffickers, the carriers of the Plague and Covid, all through the gate.

Welcome to Biden Woke World. Is this what you voted for?

1. Crime: Murder rates are up in every Liberal city: Chicago (30 per cent increase in murders since 2019), New York (shootings up 166 per cent), and D.C. (homicides up by 43 per cent since 2020). A 6-year-old child was murdered by stray bullets from felons just outside the Capitol. The murder rate in D.C. is at a 16 year high, but who’s counting. Philadelphia now has the highest murder rate per capita. Do you see Biden going to any of these cities? You know the answer.

2. The U.S. Southern Border:

Wear your mask. You must get a Covid vaccine or else, but not the one million illegal immigrants who have crossed what used to be the Southern border. They are not vaccinated for anything. The Secretary of Homeland Non-existent Security insists: “the border is closed.”

Criminal cartels are making \$5 million a week, smuggling illegal aliens over our border. The Woke White House Mob thinks this is fine. Is this what you voted for? To make criminal cartels rich?

The Spokes-Human for Biden states unequivocally that the State Department “carefully vetted” all Afghans who boarded our Evacuation flights. Since our Afghan interpreters are still there, who exactly did we vet and evacuate? Who has carefully vetted the one million illegal immigrants who have crossed our Southern Border since January? You know the answer. No one.

Border agents, awash in Covid- carrying illegal immigrants, are dying from Covid. No government protects them.

Nevertheless, she persisted.

BEV GUDANOWSKI  
UXBRIDGE

We hear Biden, loud and clear: border agents are expendable. Do you want your vote back?

3. Afghanistan, August 2021: Complete, unmitigated disaster. The Woke Mob in the White House planned to fail. They planned to demoralize America. They planned to alienate our Allies; America cannot be trusted. They succeeded in humiliating our soldiers. Remember, the Woke Mob running the country must destroy patriotism. See all those American flags flying from front doors? The Woke Mob will take every last one of them away from you because you are dangerous. You love America. But does Biden and his Woke-istas?

Biden kept checking his watch as he stood “honoring” the 13 fallen soldiers who were killed by terrorists due to his ineptitude. Why did he check his watch? He was uncomfortable. He wanted to get going. This is all about Biden, not them. The Gold Star parents standing there got Biden’s message, loud and clear. It’s a study in honor that no Gold Star parent ripped the watch from Biden’s wrist.

It is fitting to return to Ancient Greece. The Philosopher Diogenes was known for his blunt honesty. When King Philip of Macedonia, father of Alexander the Great, asked Diogenes if he were a spy, Diogenes answered: “I most certainly am a spy, Philip. I spy on your absence of wisdom and common sense which is the only thing forcing you to go and gamble your kingdom and your life in a single moment.” King Philip wanted a fancy Photo-Op like Biden on Sept. 11.

When the chips are down, do you want Biden at the controls of your plane? “Hello, this is your Captain, Joe Biden, speaking.” Yikes! Is that when you start praying?

Is this what you voted for? What say you?

Nevertheless, she persisted.

BEV GUDANOWSKI

loyal Afghan ‘partners’ to the fate of the very same Taliban who attacked the United States on 9/11. To those thinking rationally in this Woke world, I respond thusly to that ‘hogwash’... we are capable of separating the Taliban from peace-loving, freedom-loving, law-abiding Muslims everywhere and are proving it by the private aid offered to arriving Afghan refugee families escaping what we have seen already as the start of the next reign of Taliban terror. “Never Forget” who the true enemy is... let it not be us forgetting the lessons of history!

To me, most moving of Saturday’s memorials was the recounting of actions of those on United Flight #93 who voluntarily crashed their plane into a Shanksville field rather than allow it to be flown into an unknown target in the heart our Nation’s Capital. Todd Beamer should live on in our minds and hearts for encouraging fellow passengers to act so heroically...they voted (!), said good-byes to loved ones via cell phones, and recited the Lord’s Prayer... before that famous shout- “Let’s Roll!” Truly, this exemplifies the mantra- anger, hope, courage make change. ‘Nationalism’ was not displayed, simply good, old-fashioned ‘patriotism’ (dare I say ‘exceptionalism’)! Like the Lee Greenwood song champions, let’s all of us be proud Americans and “Never Forget” history’s lessons!

Worries

All kinds of stresses and pressures will come to us in this life. Worries will come about our parents, careers, children, health, finances, relationships, death, sickness, and more.

It seems there is a never-ending stream of things we can worry about—nail-biting worry, worry that makes our head and heart hurt.

Thankfully, our imaginations usually make things seem much worse than they are. Too often, we imagine the worst possible outcome, outcomes that generally never come to pass; if they do come to pass, often they aren’t as bad as we imagined them to be.

POSITIVELY SPEAKING

TOBY MOORE

A little bit of worry can be good when that worry propels us to action so we can solve the problem before it gets out of hand.

Worry is bad if we allow fear to paralyze us, never taking the necessary steps to solve the problem.

Worry affects us all in different ways. Most of us have at times been so worried we become consumed with fear. Our hands tremble, and anxiety overwhelms all of our senses. Paralyzed with fear, often all we can do is lay down and fall asleep or pace back and forth, mumbling incoherently until exhaustion takes hold.

Some of us can only see a negative outcome and are angry and irritable at those trying to convince us that a good result may be possible.

Some of us turn into complainers, taking on the victim mentality and telling everyone how dire our situation is and how things will never get better.

Drugs and alcohol sometimes become the temporary solution; Waking up with a hangover, but the problem is still there.

Some might turn to healthier solutions like exercise, prayer, and meditation to calm the worried mind.

Napoleon Hill said, “Worry is a state of mind based upon fear. It works slowly, but persistently. It is insidious and subtle. Step by step it “digs itself in” until it paralyzes one’s reasoning faculty, destroys self-confidence and initiative. Worry is a form of sustained fear caused by indecision; therefore, it is a state of mind which can be controlled.”

I believe Napoleon Hill was correct. Worry is based on fear; it paralyzes our reasoning faculty, destroys our initiative, it’s caused by indecision, and therefore it is a state of mind that can be controlled.

How can we control it? According to Napoleon Hill, worry is caused by indecision. The proper response to anxiety might then be to decide on a course of action. We need to remove the hesitation and choose! Sometimes just figuring out what path to take is all that’s necessary to stop the worry.

What if you’re having trouble deciding what to do? Talk to your friends, get advice, pray, meditate, think it over. If you’re focused on what path you need to take, an answer will come.

Once you choose what the best course of action is, it is essential not to worry if you made the right choice. If you find yourself worrying whether or not you made the right choice, then it’s ok to modify your course of action as the days pass. Whatever you do, keep moving forward.

Wherever you are right now, whatever you’re going through, maybe you’re nervous, worried, stressed, and afraid. Try to be thankful, think of all the positive things in your life as you make your decision, count your blessings. Moving forward with gratitude and thankfulness is crucial and can often make for a better outcome.

You don’t have to make a decision; you get to make a decision. Be thankful that you can choose. Keep a smile on your face; you’re capable of great things!

# Help for weather-stressed lawns

Melinda Myers

Fall is a good time to improve the health and appearance of a stressed lawn.

The extreme heat and drought of 2021 across much of the country has turned many lawns brown. Damaged lawns may be thin, contain dead patches or are overrun with weeds. Fall is a good time to improve the health and appearance of a weather-worn lawn. Start the process by evaluating the damage. Then plan a course of action and be prepared to follow through as needed with proper care. Fall fertilization can help improve thin lawns and those with numerous small dead patches the size of a baseball or smaller. Apply fertilizer in early September to help lawns recover from summer stress while encouraging denser growth and deeper, more drought tolerant roots. Those in warmer climates growing grasses like centipede, Bermuda and zoysia should make sure the last fall application is at least one month prior to the average first killing frost. Use a low nitrogen, slow-release fertilizer that won’t harm stressed lawns and young seedlings if repairing

or overseeding the lawn. Continue to mow high as long as the grass continues to grow. Taller grass produces deeper, more drought tolerant roots. Mow often, removing only a third of the total height. This is less stressful on the lawn and results in shorter clippings that can be left on the lawn. The clippings return moisture, nutrients, and organic matter to the soil. Use a sharp blade for a cleaner cut that closes more quickly, reducing

water consumption and risk of insects and disease while leaving the lawn looking its best. You’ll also save time as sharp blades cut more efficiently and reduce fuel consumption by as much as 22 percent. Improving a lawn’s growing conditions will help it recover more quickly and equip it to better manage environmental stress. Core aerate lawns that have more than one half an inch of thatch, those growing in compacted soils, or before overseeding. By removing plugs of soil, you will break through the thatch and create channels for water and fertilizer to reach the grass roots. For best results, core aerate the lawn when its actively growing; fall for cool season grasses and spring or early summer for warm season grasses. Hand removal of weeds is the most environmentally friendly option. Organic broadleaf weedkillers with the active ingredient Fehedta or Hedta is another option. Spot treat problem areas to minimize the use of chemicals and reduce the stress on already stressed lawns. As always, read and follow label directions carefully whether using traditional, natural or organic chemicals. Repair dead and bare patches in cool season lawns that are the size of a soccer ball or larger as needed. Those

growing warm season grasses will have the best results when seeding in spring through early summer. Rake away dead grass and debris roughening and exposing the soil below. Spread grass seed over the area and lightly rake to ensure seed-to-soil contact. Or mix a handful of grass seed in a bucket of compost or potting mix. The organic matter helps conserve moisture and promotes seed sprouting. Spread the mix over the soil surface. Water these areas often enough to keep the soil surface moist until the grass seed sprouts. As grass begins to grow, water more deeply and less often to encourage a robust drought tolerant root system. Proper maintenance and a bit of cooperation from nature will help transform your lawn from a disappointment to an asset in your landscape. Melinda Myers has written more than 20 gardening books, including The Midwest Gardener’s Handbook and Small Space Gardening. She hosts The Great Courses “How to Grow Anything” DVD series and the nationally-syndicated Melinda’s Garden Moment TV & radio program. Myers is a columnist and contributing editor for Birds & Blooms magazine. Her Web site is [www.MelindaMyers.com](http://www.MelindaMyers.com).

GRAFTON — Construction for the newly completed Grafton Public Library included a complete renovation of the existing historic building the original library occupied as well as an addition. The finished project brings 25,200 sf of new and renovated space to the residents of Grafton for their academic and community needs. CTA Construction Managers (<https://ctaconstruction.com/>), the general contracting firm responsible for the construction, worked closely with DRA Architects and the Town’s project management firm, DA Sullivan, to maintain the existing character of the 1928 original structure and provide environmental enhancements. During construction, contaminated soils were discovered on the site. Over 7,000 tons of petroleum impacted material stemming from multiple unforeseen subsurface fuel storage tanks were removed and replaced with clean fill. Most of the site and subsurface conditions were

reclaimed to provide environmental improvements. “Located within the Historic District, on a tight site with extensive wetlands, it required careful planning and execution to make the site and building work well together,” said Ken Best, AIA principal in charge for DRA Architects. “The addition was designed to complement the original historic library yet provide for services required of a 21st century community. This marriage of old and new has been the key to the success of the project,” he continued. “The team was able to refinish the existing antique interior woodwork and enhance it for modern technology needs,” said Steve Taylor, CTA Construction’s project executive. “The exterior hardscape and landscape design DRA Architects created provides outdoor teaching and learning environments,” he said. “CTA delivered a project that has been an immediate hit with both the staff and

public, and the process of building it has been a pleasure. Their team was open, professional, organized and committed to giving the town a high-quality building,” said Andy Deschenes, Grafton’s Clerk of the Works, and owner’s project manager. The library staff is currently moving materials and equipment into the new facility. A ribbon cutting and grand reopening ceremony for the community has been scheduled for the first week-end in October. This will be CTA Construction’s first municipal project for the town of Grafton and seventh library in Massachusetts. CTA Construction previously built the Merrimac Public Library, Harvard Public Library, New Tufts Library (Weymouth), and completed the Dudley Branch Public Library (Boston), Hopkinton Public Library, and Somerville West Branch renovations and additions.

This year’s New York City Buddy Walk will one again take place virtually due to ongoing complications caused by COVID-19. Information about the NDSS National Buddy Walk Program and the NYC Buddy Walk on September 18, is available online at [www.ndss.org](http://www.ndss.org).

About NDSS  
The National Down Syndrome Society (NDSS) is the leading human rights organization for all individuals with Down syndrome. NDSS envisions a world in which all people with Down syndrome have the opportunity to enhance their quality of life, realize their life aspirations and become val-

ued members of welcoming communities. Founded in 1979, NDSS supports and advocates for the Down syndrome community by focusing on three key areas of programming: Resources & Support, Policy & Advocacy and Community Engagement. Within these focus areas NDSS engages in various activities, events and programs such as the National Advocacy & Policy Center, which seeks to create systemic change through engaged advocacy; the National Buddy Walk® Program, which honors and celebrates individuals with Down syndrome in local communities across the world and other initiatives that provide support, informational resources and community engagement opportunities for individuals with Down syndrome and those who support them. Visit [www.ndss.org](http://www.ndss.org) for more

information about NDSS.

About the National Buddy Walk® Program  
Since 1995, the National Buddy Walk Program has been the premier Down syndrome awareness, advocacy and peer-to-peer fundraising program in the world. It was created by the National Down Syndrome Society (NDSS) to promote acceptance and inclusion of people with Down syndrome and to raise funds for local and national incentives to support the Down syndrome community. GOLDENBERG

continued from page A1

All cadets are expected to participate in Community Service regardless of year, rank, or seniority. Students can acquire service hours through programs on campus such as Big Brothers Big Sisters, by participating in events in the community, or by volunteering in their hometowns.  
  
In addition to his Community Service role, Goldenberg is captain of MMA’s Track & Field Team and Vice President of the Student Athletic Advisory Council. Starting as a freshman, he participated in events in his hometown and helped coach the Douglas High School track team, according to a press statement released by the town. When COVID hit, he spent time running and “noticed immense amounts of trash on his small street in Douglas,” so he set out to clean it up.  
  
“For a week straight, I spent hours collecting trash on my little road. It seemed that I hardly made a dent, but I was hooked,” he said.  
  
When Goldenberg returned to campus last year, he got involved in all the events he could and worked as a Volunteer Coordinating Assistant.  
  
“I got to experience organizing events and it felt great to have an impact,” he added.  
  
The 2021-22 academic year is off to a strong start under Goldenberg’s leadership. MMA cadets can participate in six service events scheduled in September alone, including a Heroes Run, an ALS Cliff Walk, an American Lung Association Annual Bike Ride, and more.  
  
“Many of the organizations we’re partnering with have long-standing relationships with the Academy, but we’re always looking for new organizations so we provide a variety of opportunities that will appeal to all the cadets,” Goldenberg said, adding that what’s important is that “everyone has the opportunity to get out in the world and contribute their time and talents.”  
  
And the organizations are pleased with the support, he added.  
“I can say that all the organizations we’ve worked with have been happy that the cadets were there to assist,” Goldenberg said. “These service opportunities enrich so many lives; whether you view it from the aspect of aiding the community or from how the cadets’ lives are impacted through service. Civic engagement is critical in all of our lives; to make this world a better place we all play our part.”

UXBRIDGE

to 2-0 on the young season thanks to an offensive explosion and 8-1 drubbing of Tantasqua Regional.

“We have a very committed program,” said Uxbridge head coach Kelly Rosborough. “The commitment level has grown year after year after year. They come in ready and we put all of the pieces together.”

Against the Warriors, the Spartans’ offense really rose to the occasion. In total, seven players registered at least one point, with four scoring. Chloe Kaeller led the charge with three goals.

“That’s always a good sign when you have a lot of offensive threats. Anyone can put the ball in the net,” said Rosborough before explaining just how talented a player Kaeller is. “She’s really worked hard on a variety of stick skills on the field and her vision, so she’s able to perform at a high level. She’s also able to create a deceptive pass.”

Kaeller has transitioned from a goal-scorer to a complete player, as she has even gone from a quiet freshman to the speaking captain of the Spartans.

“She’s a playmaker now and she’s worked really hard on her defensive end, too. She’s trying to make a commitment on that part of her game to offer the whole package,” explained Rosborough, as Kaeller has the chance to play the sport at the collegiate level.

“This year we have a really strong offensive group, so we’re really strong getting lots of goals,” Kaeller added of not just her talent, but the entire offensive group. “I just love all the support up at the top. Everyone is just a selfless player.”

Kaeller’s first two goals, the first and fourth of the contest, came not the old-fashioned way, but via a difficult maneuver called a reverse chip shot.

“She’s been working hard on that shot — it’s a specialty shot. She’s put a ton of time

Uxbridge’s Gracie Nummela races down the field with possession of the ball on her stick.

in the offseason to get where she is,” said Rosborough.

Kaeller also scored on a wrist shot to complete her hat trick, making the score 7-0 in the third quarter.

Meghan Smith added two goals for Uxbridge, with Julianna Casucci, Ellie Bouchard and Grace Boisvert also scoring. Amelia Blood (two), Casucci and Gracie Nummela provided assists

for the Spartans.

Uxbridge implemented two goalies during the game with Tantasqua. Starter Jessica Lutton and Julia Okenquist each made a save as the defense wasn’t tested too often.

“The team is special...a lot of potential and a lot to offer. We have expectations,” said Rosborough, without going into too much detail of what

the team goals are.

“I’m really hyped up and pumped for the rest of the season because we’ve shown a lot in these first two games,” added Kaeller. “I’m excited to play a lot of the teams that we didn’t get to last year, too. We have something to really work for.”

# Douglas Cultural Council seeks funding proposals

DOUGLAS — The Douglas Cultural Council has set an October 15 deadline for organizations, schools, and individuals to apply for grants that support cultural activities in the community.

These grants can support a variety of artistic projects and activities in Douglas -- including exhibits, festivals, field trips, or performances in schools, workshops, and lectures.

The Douglas Cultural Council is part of a network of 329 Local Cultural Councils serving all 351 cities and towns in the Commonwealth. The LCC Program is the largest grassroots cultural funding network in the nation, supporting thousands of community-based projects in the arts, sciences and humanities every year. The state legislature provides an annual appropriation to the Mass Cultural Council, a state agency, which then allocates funds to each community.

This year, the Douglas Cultural Council will distribute about \$7,100 in grants. Previously funded projects include: free concerts at the Douglas Orchard, programming at the Simon Fairfield Public Library, educational events at the Douglas schools, and activities at the Adult Social Center.

For local guidelines and complete information on the Douglas Cultural Council, contact Daina Harvey at dharvey@holycross.edu. Application forms and more information about the Local Cultural Council Program are available online at [www.asscultural-council.org/communities/local-cultural-council-program](http://www.asscultural-council.org/communities/local-cultural-council-program).
