## New online resource promotes local businesses

BY KEVIN FLANDERS

REGION — For residents looking to enjoy high-quality dining, recreation, and shopping experiences while supporting local businesses, Browse the Brookfields is the perfect resource.

By visiting [www.browsethebrookfields.com](http://www.browsethebrookfields.com), residents can check out listings of several area businesses, service providers, and events.

The resource is also a great way for people across the state and New England to learn about central Massachusetts before planning their vacation or tourism stays.

"Browse the Brookfields is a group of area businesses whose goal is to promote the history and beauty of the area to encourage tourism," read a statement posted to the group's homepage. "Our group includes restaurants, shops, destinations, and services."

Though many local residents shop predominantly online, or in larger towns and cities, Browse the Brookfields is helping to highlight the hidden gems along Route 9. The group's efforts also help showcase the rich history of the area.

The four Brookfields communities—Brookfield, West Brookfield, East Brookfield, and North Brookfield—were originally part of the Quaboag Plantation chartered in 1660, the website informs. The original settlement was on Foster's Hill in West Brookfield.

In 1673, when the first mail in North America was carried through the area by post rider, the settlers changed the name of the community to Brookefield.

By visiting the Browse the Brookfields Web site, guests can discover additional fascinating chapters of local history. These include information on the Franklin Mile Markers.

"History has it that Benjamin Franklin directed the erection of sandstone mile markers in 1753 when he was Postmaster General," the website reads. "Since postage rates were set by the mile, Franklin attached an ingenious device to the wheel of his wagon that counted the revolutions to measure each mile. He marked each mile with a stake. Workmen followed and replaced the stake with a stone marker."

Known as "Franklin Markers," these markers indicate the miles to Boston. Some of the best preserved markers that still exist today are located right here along Route 9.

Franklin also measured the distances between several other places across the Northeast Corridor as he traveled from Boston to Philadelphia.

The ceremony was also attended by other School Committee members, school administrators, and Select Board leaders. "This graduating class showed incredible resilience. They endured four challenging years, which included persevering

LEICESTER — School officials congratulate Leicester Middle School eighth grader Trevor Moorghen, who continues to excel in the classroom and at major music events.

Moorghen recently participated in a performance of the Massachusetts Music Educator Association's Junior Central District Concert Band. Held at Blackstone-Millville Regional High School, the event featured student-musicians from across the central part of the state.

All participating musicians went through a rigorous audition process during the winter. After being accepted to perform in the Concert Band, students attended a pair of four-hour rehearsal sessions at South High School in Worcester.

Pieces performed during the Concert Band program included "Liberty Bell" by John Philip Sousa; "Ancient Flower" by Yukiko Nishumura; "Variants on a Shaped Note Tune" by Johnnie Vinson; and "Alegre" by Tania Leon.

The director of the Concert Band was Dr. Sommer Forrester, who

# Paxton-area Seniors planning day trip to Castle in the Clouds

PAXTON — Last week, Quechee, Vt. was the destination for the first of seven bus trips scheduled for 2024. Forty-three seniors from the Paxton-area viewed some amazing waterfalls through a covered bridge at Simon Pearce Glassware Flagship store, where they could also observe the glassblowing process by not one but six or more blazing brick ovens with an equal number or more artisans plying the glassblowing craft.

Meanwhile, others were viewing and in some cases buying the lovely glassware, some of which is also used to serve patrons in their on-premise dinner restaurant. Other destinations that day were the actual Quechee Gorge and delightful King Arthur Flour store and bakery in Norwich, Vt.

Saturday, June 22, is our next monthly day trip via an immaculate luxury Wilson Bus Lines motor coach. And we are

trying something new this year: a Saturday, rather than the usual weekday trip! We leave Paxton Senior Center at 17 West St. (Route 31 South of light at The Common), Paxton. We leave at 8:30 a.m. first for Gilford, New Hampshire for a hearty lunch, then to Moultonborough, New Hampshire's 16-room Castle in the Clouds, also known as Lucknow Mansion, an Arts and Crafts style mansion built in the Ossipee Mountains

in 1914. The Castle has a stunning view of Lake Winnepesaukee, surrounding mountains and more than 5,500 acres of conserved land. Upon our arrival, a tour guide will meet us on the trolley up to the mansion from the parking lot and explain the rags-to-riches story of Thomas Plant as well as the history and architectural style of the mansion. Next we can embark, with a copy of the floor plan, upon our self-guided leisurely tour. Learn

about important features like its central vacuuming system and needle showers and innovative electrical fixtures. Then, when you are ready, step out the back door to stroll through lush gardens. You may also visit their gift shop, carriage house and exhibit gallery on the grounds. Anticipated return at the end of the day is 7:30 p.m. in Paxton. Our day in New Hampshire starts with a hearty lunch at Patrick's Pub in Gilford, New

Hampshire, 20-25 minutes southeast of the mansion. Choose between two entrees: Roasted Chicken Breast with Herb or Baked Haddock Provencal with olive oil, garlic, basil, tomato and parmesan cheese. Both entrees are served with butternut squash with sweet butter and brown sugar, roasted garlic mashed potato, house salad and sticky toffee pudding for dessert.

## Brookfield Unitarian Universalist Church to hold clothing drive

BROOKFIELD — The Committee for Ecology and Social Action of the Brookfield Unitarian Universalist Church is sponsoring our second clothing and textile drive through Helpsy, the largest clothing collector in the Northeast. Textile waste is a fast-growing problem and occupies nearly 5 percent of all landfill space, but 95 percent of unwanted clothing can be reused, repurposed, or recycled. Only 15 percent currently is.

From July 16 through July 20, the church will be open between 3 and 7 p.m. so you can bring your old clothing (including slips, bras, underwear, socks) and certain other acceptable items, such as shoes, accessories (including hats, bags, belts, scarves and jewelry), luggage, stuffed animals and linens (including sheets, blankets, curtains, table linens and quilts). All items in any condition are acceptable if they are clean, dry, and odorless.

Last year we were able to keep over 5,000 pounds of textiles out of the landfills. We hope to exceed that this year.

The Brookfield Unitarian Universalist Church is located at 9 Upper River Street on the Brookfield Common, near the junction of Route 9 and Route 148.

## Emily Rio of E. Brookfield awarded degree during Salve Regina University's Commencement

NEWPORT, R.I. — Emily Rio of East Brookfield was awarded a BS in Biology degree during Salve Regina University's 74th Commencement.

Salve Regina President Kelli Armstrong conferred 503 bachelor's degrees, 271 master's degrees and 22 doctoral degrees to members of the Class of 2024. In total, this year's graduating class was the University's largest ever at 823.

In presenting the Commencement address, renowned author, scholar and policy analyst

Susan Eisenhower spoke to graduates in the context of Salve's focus on mercy leadership and service. "As you begin your post-graduation journey, embrace the unexpected -- even the assignments that may at first disappoint you. Learn from them. Reflect on them. Don't shortchange yourself by living so fast and ambitiously that you miss the enduring lessons that come every day, no matter what job or assignment. You will be the better for it, as will everyone who will come to depend on you."

Eisenhower's recent book, "How Ike Led: The Principles Behind Eisenhower's Biggest Decisions," has earned critical acclaim nationally and internationally, highlighting the qualities of successful leadership demonstrated by her grandfather, President Dwight D. Eisenhower. She is the founder of the Eisenhower Group, Inc., a Washington D.C.-based consulting company, and Chairman Emeritus at the Eisenhower Institute. Eisenhower has been a Fellow at Harvard University's

Institute of Politics and a Distinguished Fellow at the Nixon Center, now called The Center for the National Interest.

In offering his congratulations, U.S. Sen. Jack Reed (D-RI) said, "I am confident that all of you in the Class of 2024 will make your own mark and serve a purpose higher than yourself. Today more than ever, our world needs your combination of knowledge, talent and, most of all, mercy."

## Spencer K-9 unit helps track down suspect

Spencer officials for a mutual aid response.

Leicester officers assisted the SPD with locating a suspect accused of fleeing the scene after a motor vehicle crash that caused property damage.

The 25-year-old male suspect was located within an hour by the K-9 Unit, then taken into custody by Spencer Police following a half-mile scent-based track.

"Based on the odor trail left behind by the suspect, K-9 Cooney followed his path of travel which weaved through residential backyards and wooded areas where he was eventually located lying down in thick brush trying to hide," read a statement released by the LPD.

Spencer officials thank their partners in Leicester for the rapid response.

"Thank you for the assist, Leicester Police Department. Great work by all to apprehend the suspect without any further incident," read a statement released by the Spencer Police Department.

As of press time, the suspect's name had not been released by police.

## Fishing for seabass with Mel

Rob Mac from Uxbridge with a large striper he caught recently on the Cape.

The great weather continued last week and this week, giving fishermen the opportunity to enjoy catching some impressive sea bass in both Mass. & Rhode Island. The problem with fishing Rhode Island was the two fish limit and Mass. allowing four fish daily. We chose to fish Mass. on "Fish Net" Charters last week and were pleasantly rewarded with limits of Sea Bass. We needed to weed through numerous shorts but in the end it was all worth the effort. One of Captain Mel's fishing buddies made a call to him while we were fishing, reporting fast action on stripers. We were soon on our way to hopefully catch a few. After a half hour run to the area, it seems we were a bit late, as the school of fish had moved out of the area. That is the way it goes! We fished for stripers for a short time with no success, so we headed back to our fishing hole that had numerous seabass still feeding! Anglers fishing in Buzzards Bay area also caught limits of seabass along with many nice size scaup. On the freshwater scene, my brother Ken and his wife Deb fished the Quabbin Res. last week, taking advantage of the nice weather and the \$25 fee for a boat rental, six gallons of gas which included admission fee. Unfortunately, the day only gave

up one fish, but fishing in perfect weather, and watching wildlife made it all worth the trip. Locally, anglers are catching some nice largemouth bass on shiners and lures, with some large pickerel mixed in. As the forest fires rage on in parts of California, destroying thousands of acres of land and many homes, I find it hard to believe the devastation to people and wildlife in that area of the country. Domestic animals like dogs and cats are also being impacted from the fires, and will more than likely need new homes. They are being shipped to other areas of the country, and will hopefully be adopted by new families in our area. This is a good time to go to one of the shelters in your area and adopt one for your family! You will be glad you did. Take A Kid Fishing & Keep Them Rods Bending!

This week's second picture shows Captain Mel True of "FISH Net" Charters with a nice seabass he caught while fishing with this Writer and Matt Fontaine of Uxbridge last week! He likes to catch fish also.

Optimistic and having a love for cooking Edwin is described as a joker. He is thinking of his future and plans on either joining law enforcement or becoming a chief.

Edwin is enrolled for the 2023-2024 school year and will receive some assistance with social needs. # Best Times to Bag a Bargain

It's obvious that some people are better shoppers than others. But the best bargain hunters are not necessarily those who have a knack for a good deal. It may be that, like any good investor, savvy shoppers know when to take action. Traditionally certain times of year are better than others to save money on particular purchases with both in store and online purchases. This week's column will review some classic calendar sales throughout the year.

**\*\* Groceries**  
Everyone has to buy groceries, but savvy shoppers know when to buy and save money all year long! Throughout the year grocery stores hold sales on specific department or aisle items, such as specials on frozen foods or soft drinks. Here are some guidelines:  
**Dairy:** June is National Dairy Month, so look for exceptional sales on milk, cheese, ice cream and specialty dairy foods during June.  
**Frozen Food:** Many supermarkets celebrate Frozen Food Month in March with rock bottom prices on a wide variety of frozen goods.  
**Canned Goods:** February has been deemed National Canned

TAKE THE HINT  
KAREN TRAINOR

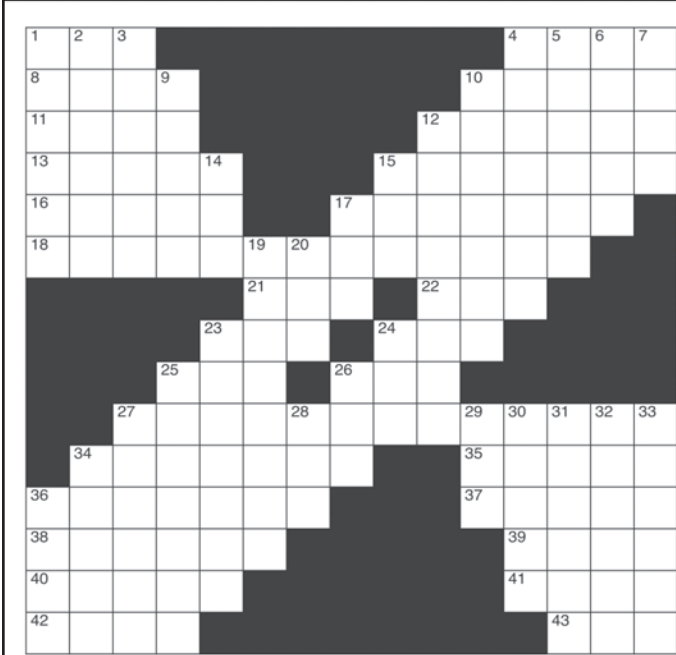

**Foods Month.** Canned goods typically go on sale in January and February. Since canned foods can be kept for a long period of time, it pays to stock up for the whole year on drastically reduced items.  
**Snacks:** Late August, when kids are gearing up to go back to school, is an ideal time to stockpile snack foods and drink boxes. Lunch box fillers are at their lowest prices at this time.  
**Condiments:** As cook-out season kicks off in June, the prices of mustard, relish, ketchup, barbecue sauce, pickles and other condiments drop in price. Smart shoppers buy enough to last throughout the warm weather season.  
**Soft Drinks:** There's no better time to stock up on soda than around the holidays. Typically six and 12 packs will be on sale during warm weather holidays like Memorial Day and 4th of July; while two liter bottles are often on special

during Thanksgiving and Christmas.  
**Baking Products:** Baking supplies such as flour and sugar, as well as cake and bread mixes, pie crusts, pudding mix, etc. are marked down in time for holiday baking. Look for sales on these items, from November through December.  
**\*\* Gas**  
With gas prices fluctuating on a daily basis, getting a buying edge can be a challenge. Consumer watchdogs offer the following money saving advice: Time your trip based on whether prices are rising or falling, and purchase gas during the early morning or late evening on a weekday.  
The reason is gas stations typically change their prices between 10 a.m. and noon. So it makes sense to buy early in the morning to take advantage of lower prices when gas is on the rise. If gas prices are coming down, wait until later in the day.  
**\*\* Cars and Trucks**  
There is much debate on when is the best time to snag a bargain on the car lot. Here is some advice on timing the best deals: Consumer pundits tout weekday mornings in September as the prime bargain time. They say since the next year's models are in, car dealers are in a rush to move out the current year's stock.

Others say springtime can yield the best price all year, since spring is typically a slow season for dealerships. And some penny pinchers swear shopping for a car on a rainy day can cut the price down to size. Still others claim the end of any month or the end of a yearly quarter is best, since salespeople are desperate to make quotas. Using all this information, it appears the optimum time to drive away with the best price would be a rainy weekday morning at the end of March or September.  
**\*\* Electronics**  
Black Friday and back to school season are the best times to snag a deal on computers and electronics. Also some computer review sites claim you can snap up a super bargain on computers and electronics if you buy just after a new model is introduced (some in January). They say prices will immediately drop on the previously best-selling model as a new one takes its place.  
**\*\* Heads Up on Monthly Sales**  
Want to pocket savings the whole year long? Here is a list of months, with items that are typically offered at a discount during those times.  
**January:** Canned goods, white goods (towels, sheets, linens), appliances, Christmas items, costume jewelry, indoor plants, carpeting, shoes, furniture, toys, storewide pre-inventory sales.  
**February:** Presidents'

Day Sales on big ticket items such as cars, trucks and furniture. Also save on sports equipment, electronics, housewares, mens clothing, canned goods. Valentine Day specials.  
**March:** Luggage, shoes, coats, shoes, appliances, pre season garden supplies, spring bulbs.  
**April:** Paint, wallpaper, home decor, dresses, suits, garden adornments and tools. Sales on Easter holiday foods such as ham, pies, eggs, candy, etc.  
**May:** Fabrics, outdoor furniture, tires and auto accessories, electronics, summer sport equipment, perfume, pocketbooks. Mother's Day specials.  
**June:** Air conditioners, outdoor furniture, building materials, flooring, shoes, tools, Father's Day sales.  
**July:** Clearance summer clothing, luggage, furniture, electronics, 4th of July specials.  
**August:** Paper goods and other back to school sales, swimwear, school clothes, electronic gadgets, bicycles, fans, clearance air conditioners, clearance summer merchandise, including grills and pool supplies.  
**September:** Clearance garden goods, school supplies, hardware, outgoing model vehicles, china, fall fashions, fabrics.  
**October:** Major appliances, fishing/sports merchandise, furniture, clearance fall clothing, coats. Check out Columbus Day sales.  
**November:** Blankets, used cars, men's suits and coats, shoes, winter clothing, Thanksgiving

food sales, turkey, feast fixings. Look for day after Thanksgiving sales, held to jump start the holiday shopping rush.  
**December:** After Christmas sales on most items. Stock up on wrapping paper, tape, gift bags, gift sets, ornaments, and holiday decor items.

# Stay with your dream

Achieving a dream can take a long time. Some dreams are so big that, over time, you might start to question if you truly want it. Maybe you've gotten used to life as it is, and transitioning into that dream life, even though you've worked and believed in it for many years, feels like stepping out of your comfort zone. You've settled into your current routine and wonder if you really want things to change. Spending years working on something without it becoming your main source of income is enough to make anyone consider giving up.  
But when you think about giving up, you feel a bit lost and without purpose. At the same time, so many years have passed that your dream might need some adjustments. If that's the case, many people feel like they failed, but history shows us that sometimes, those with big dreams had to modify them.  
Walt Disney comes to mind. In the beginning, his passion was animation, a new technology that hit the silver screens and changed cinema forever. It was such a new form of media that only a few people were doing it. Walt started his journey in Kansas City, running a small animation studio called Laugh-O-Gram Studio.  
However, the studio struggled and eventually failed. Walt desperately wanted to make it work in Kansas City, but he realized

he had to modify his dream to succeed.  
Instead of giving up, he moved west to Hollywood, where he believed more opportunities existed. In Hollywood, he continued to pursue animation but with a new vision that evolved even further, leading to the creation of feature-length animated films and, eventually, Disneyland, transforming him from an animator to a pioneer in the entertainment industry.  
Walt's story shows how modifying a dream can lead to even greater success.  
Or consider Ernest Shackleton. This explorer's dream was to be the first to reach the South Pole and return home with all of his men. He made several attempts, each filled with challenges and setbacks. His last attempt, the Imperial Trans-Antarctic Expedition, found him and his crew stuck in the ice on their ship, Endurance, in conditions you wouldn't wish on your worst enemy.  
Shackleton was forced to modify his dream. Instead of reaching the South Pole, his new goal was getting his men back home alive. Despite the harrowing conditions and incredible odds, Shackleton led his crew to safety, living out one of the greatest adventure stories ever. His story shows that modifying a dream can lead to an achievement as great, if not greater, than the original goal.

What about George Washington? Washington's dream was to retake New York City after the British conquered it in the summer of 1776. This goal became Washington's obsession. He believed that recapturing New York was crucial for the American cause. However, as years passed and circumstances changed, he realized that directly retaking New York wasn't the best strategic choice. Washington had to modify his dream.  
Instead of focusing on New York, he decided to strike the British in Virginia. In 1781, he led a decisive campaign in Yorktown, Va., where his forces, along with French allies, besieged the British.  
This led to the surrender of British General Cornwallis and effectively ended the Revolutionary War. Although Washington had to change his original vision, he still accomplished his overall objective of defeating the British and securing American independence. In many ways, this strategic shift allowed him to fulfill his dream in a way that ensured long-term success for the new nation.  
Sometimes, the original vision needs to be modified, and that's okay.  
I heard somewhere: "Stay strong with your dream and be okay with how it unfolds." Your dream can often look a little different than you had originally planned.  
The next time you feel like giving up or settling for what you have, I hope this inspires you to stay strong, keep going, and remain flexible about how it happens.  
Stay the course, adapt as needed, and trust that you are still on the path to achieving something great. Your journey might have twists and turns, but every step brings you closer to your goal.

Supporting family and friends: A pillar of well-being

The importance of supporting family and friends cannot be overstated. Family and friends serve as our emotional anchors, grounding us during times of turmoil and lifting us during moments of triumph. The presence of a supportive network can make a significant difference in how we cope with life's challenges. For example, the comforting words of a parent or the encouragement from a friend can transform a daunting situation into a manageable one. This emotional support helps build resilience, allowing us to navigate life's ups and downs with greater ease.

Actively supporting our loved ones not only benefits them but also strengthens the bond you have with them. When we invest time and energy in the well-being of our family and friends, we create a reciprocal relationship built on trust and mutual respect. This investment pays off in the form of deeper, more meaningful connections. Celebrating successes, offering a shoulder to cry on, or simply being present during life's mundane moments can all contribute to a stronger, more cohesive network of relationships. When we model supportive behavior, we set a standard for others to follow.

Supporting family and friends can take many forms, from grand gestures to small, everyday acts of kindness. Here are a few practical ways to show support:

Active Listening: Sometimes, the most valuable thing we can offer is our attention. Truly listening to someone's concerns or joys shows that we care about their feelings and experiences.

Acts of Service: Helping with tasks, whether it's running an errand or lending a hand with a project, demonstrates a willingness to share the load and make life easier for others.

Words of Encouragement: Simple words of encouragement can boost someone's confidence and morale. Letting others know we believe in them can have a powerful impact on their outlook.

Quality Time: Spending quality time together, free from distractions, reinforces the importance of the relationship and provides opportunities to deepen connections.

Being There: Sometimes, just being there in times of need, whether in person or virtually, provides immense comfort and reassurance.

It's important to recognize that supporting family and friends is not a one-way street. The act of giving support often brings about a sense of fulfillment and purpose. Knowing that we have made a positive difference in someone's life can enhance our own sense of well-being.

Article 22 explained

To the Editor:

The purpose of Article 22 on the Leicester Town Meeting Warrant is to allow for horizontal mixed use in the HB-1 zone. This will allow a residential component to be a part of any commercial development if a potential developer so wishes. In the early 2000's, the town had the foresight to create a zone which allowed large scale commercial development. Since that time, the big box store plazas of yesterday have become less profitable due to the shift to online shopping. This caused a change in how real estate developers look at commercial development.

The demand for housing has proven to be part of the solution. The new model is a mixed use of both residential and commercial development. The Planning Board and the Economic Development Committee have researched this model and found many examples in our area. Edgemere Crossing in Shrewsbury, which boasts a Market Basket, Starbucks and a Clinton Savings Bank has a residential component of 250 units. Most of these units are one- and two-bedroom units and a small number of three bedrooms. The thought process is that the residential units are a built in and instantaneous return on investment that patronizes the commercial entities located on the site. The greater community and surrounding areas also benefit from these new retail stores.

The old Spag's plaza has been redeveloped using this same model with a grocery store component and many smaller commercial spaces. The residential community adds to the housing stock of Shrewsbury and the

retail spaces contribute to the economy. These commercial spaces also sell things that are taxable, adding additional revenue to the town's economic cycle.

Our research further shows that multifamily housing has less of a burden on infrastructure and town resources including schools. The combined student load from both the Edgemere project and the Lakeside (Spag's) redevelopment was 17 out of approximately 400 units. The data also shows that multifamily developments rely less on vehicular transport compared to single family homes.

The Planning Board used the success of the Edgemere crossing project to determine a baseline for density and ratio of commercial to residential space. It was important to allow the expansion of a residential component in the HB 1 zone based on its success in other communities. After careful consideration the Board decided on a more conservative approach of 6 units per acre and a ratio of 60 percent residential to 40 percent commercial. Preserving open space in town is a very important goal of the Planning Board so we opted to add in a caveat that allows an increase to 70 percent residential and reduction to 30 percent commercial if 20 percent of the property is preserved for open space.

To put these ratios in perspective, a 40-acre parcel in the HB 1 zone could have up to approximately 205 units if the open space option was used. If the open space option is not utilized, then the residential unit count would be approximately 175 residential units.

Not working right

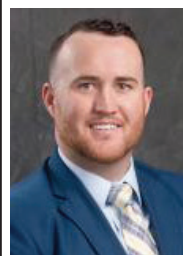

To the Editor:

Recently, I have conversed with some Joe Biden Dem supporters. I have to say the after talking to them, I have little hope for the future of mankind. Their thinking follows no logic or reasoning. They project everything on conservatives to the extreme. In their thinking, there is no spectrum of thinking or feeling. If you don't agree with them, then you are labeled "hateful" or "racist." Their thinking and opinion isn't based on rational analysis of the facts and viewpoints of others. I asked one lady where she falls on the political spectrum. She then told me she just hoped Trump would just die! I said really, I might not like Biden, but I don't wish death on him. I don't hate anyone enough to wish that. All their reasoning is entirely based on what they have heard or how it would affect their feelings. Here a few that really stand out.

I asked one female colleague why she hates Trump. She stated that he was a racist. I then asked how she came to this, as I have never heard Trump, in a speech, make any program or mandate that was based solely on race. I was interested, maybe there was something I did not know. Her answer was she couldn't name one, but CNN and MSNBC all say he is; therefore, based on that, he must be. She then got mad and said she doesn't like to talk about politics. I just surmised from this that something isn't working right with her. Personally, I like Trump because of the economic policies he implemented to help keep my family's budget low. Cars were cheaper, and we had no wars killing thousands of people. Our children could afford to move into their own apartments with the high pays and low rents. Can't say the same for Biden.

In conversations with another female Dem friend, she stated she likes Biden because he will preserve her abortion rights. This lady is 64 years old. She stated it's a health care issue and the government have no right to dictate what a woman can do with her body. I kindly pointed out during the Covid hysteria where Biden and the Dems were mandating masks and shots on everyone, she was admonishing those who didn't follow it. She claimed that their selfishness was putting others at risk, so the government had the power to force these health policies on you. I then explained that after 12 weeks in the womb, that the baby is fully functioning and thinking. Isn't performing an abortion putting that child's life at risk. So, what's the difference? She got angry and said they weren't the same. She didn't want to talk politics. It was evident that simple logic and common sense were not prevalent in here thinking. Something isn't working right.

How is your retirement income taxed?

FINANCIAL  
FOCUS

TREVOR  
NIELSEN

Once you're retired, you will likely need to draw on several types of income for your living expenses. You'll need to know where these funds are coming from and how much you can count on, but you should also be aware of how this money is taxed — because this knowledge can help you plan and budget for your retirement years.

Here's the basic tax information on some key sources of retirement income:

Social Security – Many people don't realize they may have to pay taxes on their Social Security benefits. Whether your benefits will be taxed depends on how much other taxable income you receive from various sources, such as self-employment, stock dividends and interest payments. You'll want to check with your tax advisor to determine whether your income reaches the threshold where your Social Security benefits will be taxed. The lower your total taxable income, the lower the taxes will be on your benefits. The Social Security Administration will not automatically take out taxes from your monthly checks — to have taxes withheld, you will need to fill out Form W-4V (Voluntary Withholding Request). Again, your tax advisor can help you determine the percentage of your benefits you should withhold.

Retirement accounts – During your working years, you may have contributed to two basic retirement accounts: an IRA and a 401(k) or similar plan (such as a 457(b) plan for state and local government employees or a 403(b) plan for educators and employees of some nonprofits). If you invested in a "traditional" IRA or 401(k) or similar plan, your contributions may have been partially or completely deductible and your earnings grew on a tax-deferred basis. But when you start taking withdrawals from your traditional IRA or 401(k), the money is considered taxable at your normal income tax rate. However, if you chose the "Roth" option (when available), your contributions were not deductible, but your earnings and withdrawals are tax-free, provided you meet certain conditions.

Annuities – Many investors use annuities to supplement their retirement income. An annuity is essentially a contract between you and an insurance company in which the insurer pays you an income stream for a given number of years, or for life, in exchange for the premiums you paid. You typically purchase a "qualified" annuity with pre-tax dollars, possibly within a traditional IRA or 401(k), so your premiums may be deductible, and your earnings can grow tax deferred. Once you start taking payouts, the entire amount — your contributions and earnings — are taxable at your individual tax rate. On the other hand, you purchase "non-qualified" annuities with after-tax dollars, so your premiums aren't deductible, but just like qualified annuities, your earnings grow on a tax-deferred basis. When you take payments, you won't pay taxes on the principal amounts you invested but the earnings will be taxed as ordinary income.

We've looked at some general rules governing different sources of income, but you should consult your tax professional about your specific situation. Ultimately, factors such as your goals, lifestyle and time horizon should drive the decisions you make for your retirement income. Nonetheless, you may want to look for ways to control the taxes that result from your various income pools. And the more you know about how your income is taxed, the fewer unpleasant surprises you may experience.

Donald Trump a 2024 felon convicted by jury of American citizens

To the Editor:

Last week, an almost jointly approved jury convicted ex-President Trump in New York City (his home town) on 34 felony counts of falsifying business records.

This felony conviction is only the most recent court decision against Donald Trump. Last year another home-town jury found Trump guilty of sexual assault and defamation. It awarded the victim five million dollars. Another defamation suit led to another award of \$83 million.

Trump also awaits three more trials in various locations for;

- initiating the violent uprising at our United States Capital,
- criminally mishandling classified documents, and
- trying to unlawfully change the outcome of the 2020 elections

Convictions in any of these cases would mean the ex-President was guilty of depriving the United States of an elected government and key measures of national security.

Already Donald Trump has become the only President to be impeached twice. -first trying to extort the President of Ukraine, Vladimir Zelensky and second for Incitement to insurrection. In both cases a majority of members of both the House of Representative and the Senate voted to impeach Trump.

In addition to being mentally damaged, Donald Trump has a well-documented history as a bigot, sexist, constant liar, and desire to rule as a dictator.

Also, Donald Trump means what he says.

He intends to rule as the dictator above the Congress and our nearly 250 years old Constitution.

He set out to appoint justices to the Supreme Court to eliminate abortion rights and he did so.

He set out to erase the lines between

fact and lies – over 3,000 when President — and he did so.

He set out to question the fairness and honesty of elections and, without evidence, did so for millions of Americans.

He set out to deepen divisions between Americans — to divide our country — and he succeeded to his personal benefit and our loss.

As Present Donald Trump, weakened the strengths’ of international alliances; military such as NATO, climate controls such as the Paris Agreement and various trade treaties and relationships.

If Donald Trump becomes president again, our country will experience far worse political social . economic, and international weakness and destruction.

In particular, China and Russia in will move up the ladder and our America will fall down from it

David Frum, the former Republican and White House staffer for George Bush, put all this more simply:

“Before Trump was a constitutional criminal, he got his start as a squalid hush-money paying, document-tampering tabloid sleazeball.... His highest priority (as president again) will be smashing up the American legal system for holding — him to account and for yet more terrible charges pending.

“(Our) United States can have a second Trump Presidency or it can retain (our Declaration of Independence from the King of England) legal system but not both.”

It is up to we voters to decide, not only for ourselves but also for our children and grandchildren, whether we will continue have rule by law or by a mentally damaged dictator.

(In addition to Frum, this letter made use of an article by the outstanding writer David Remnick.)

The vision is turning into a nightmare

To the Editor:

With the purchase of the Leicester campus of Becker College, I joined community leaders from all boards and committees in the vision of a bright future for our town. I shared those visions through LCAC with my show “Let’s Do Becker Right!” Unfortunately, I fear the vision is turning into a nightmare.

Instead of agreeing on a thought-out, well-planned path by the Finance/ Advisory Board or the Select Board our “leaders” seem to be adjusting on the fly. Opportunities have been missed, values have been reduced, while the cost of repairs and maintenance continue to drain valuable resources from the town budget.

Meanwhile, the town’s boards can’t even agree on how to present the articles at Town Meeting, causing an unnecessary delay and added cost to the community. They seem more interested in assessing blame than addressing the problems. It’s like watching a tug of war over a cliff with each group on opposite sides and the residents in the middle. It doesn’t matter who wins, we’re the ones going over!

Fortunately, with a somewhat forced Mediation led by Doug Belanger, peo-

ple in authority listened to each other, found common ground and compromise and we have agreement on all 24 Articles for the continued Town Meeting.

Whether during his ten years on the Advisory/Finance Board or his 20-plus years on the Select Board, Doug Belanger brought a fact-based thoughtful discussion to each meeting with professionalism and respect for his colleagues. He also is one of the most energized people I have ever met, and always acts with a sense of urgency while holding those in charge accountable to their assigned tasks.

Mr. Belanger shares many of my concerns and has the passion and background to get us moving in the right direction again. He has displayed his commitments in public on his campaign signs: Transparency, Civility, and Accountability. We are truly fortunate to have Doug willing to stand up and once again offer his experience and leadership.

On June 11, we need to get out and support him by casting a vote for Doug Belanger for Select Board.

Thank you,

TOM BRENNAN  
LEICESTER

Cusolito will take a realistic approach to Becker property

To the Editor:

Leicester’s town election is upon us this June 11. Of the various positions on the ballot, there is only one contest, the select board, with two openings and three contestants: Selectman Rick Antanavica, former selectman Doug Belanger, and advisory board Chairman Peter Cusolito. All three of these people are good citizens, and I am sure will advocate for what they believe is in the best interest of Leicester and its residents.

Before Leicester purchased the Becker properties, the select board asked for and received a report from the town Administrator relative to the cost of purchasing and operating the Becker properties. (see July 19, 2021 report) To summarize: We needed to borrow \$20 million via a debt exclusion to purchase the property, and needed a 2.5 override for \$1.7 million for annual operating expenses. The report advised that if we did not get both the debt exclusion and the override, we should not purchase Becker as we did

not have the income necessary to do so.

Both Mr. Belanger and Mr. Antanavica supported buying Becker, knowing we did not have the funds to support it. As I recall, they thought we could deal with that issue later. Well, here we are, still with no operational funds and no plan to deal with this problem. I can understand that we made this mistake being so enthused about what seemed to be such a great deal, but this is the underlying issue causing Leicester’s financial problems.

The third candidate, Mr. Cusolito, has excellent credentials in the military, private sector business, the community and a Master’s degree in business administration. I intend to support Peter Cusolito with the expectation that he will look at this issue realistically and insist on a viable plan to get it under control. I don’t know what that plan will be, but we must address the problem.

# Little people will abound in Enchanted Gardens

SPENCER — Create your own Enchanted Garden at home and display it at Powder Mill Park in Spencer on June 15 from 10 a.m. to 2 p.m.

Diane Johnson and her granddaughter Haley, the creators of a multitude of colorful fairies themselves, attended a Fairy Walk last year where 50 imaginative gardens were displayed and they decided to bring this magical idea to our community.

To prepare fairy garden enthusiasts for participation in the Enchanted Garden Walk on June 15, Diane and Haley held workshops at the Richard Sugden Library earlier in May. At each workshop, people were offered a basic kit to get started on their gardens with instructions from the workshop leaders. The participants took home their gardens to finish, along with an invitation to display them at Powder Mill Park on June 15.

The workshop attendees may have had a head start, but everyone is invited to create and display their own garden whether they attended the workshop or not. Garden size is to be no larger than 15 by 24 inches. Set up will be by 9:30 a.m. To save a place for your garden be sure to register with Diane Johnson well in advance of the set-up time. Contact [crusiergirl1952@gmail.com](mailto:crusiergirl1952@gmail.com) to register your garden and save your spot, or for any other information you may need about the walk.

The public is encouraged to stroll along “Enchanted Garden Lane” to view the Fairy Gardens from 10 a.m. to 2 p.m. on June 15 at Powder Mill Park in Spencer. Rain date is June 22.

This program is brought to our community by a Grant from the Spencer Cultural Council, local affiliate of the Massachusetts Cultural Council.

# Volunteers from local organizations honor service members

REGION — For the fifth consecutive year, volunteers from several local organizations teamed up to honor service members.

Volunteers from the Worcester County Sheriff's Office, Worcester County Reserve Deputy Sheriff's Association, East Side Post 201 American Legion, Main South Post 341, Civil Air Patrol, and Blue Star Mothers of America gathered at Saint John's Cemetery in Worcester to honor servicemembers ahead of Memorial Day weekend.

More than 175 volunteers placed more than 5,000 U.S. flags on the graves of veterans laid to rest at the cemetery.

The event began with a special Memorial Day observance ceremony, which included the National Anthem, the posting of the Colors, brief remarks, and a blessing of the flags.

After the flags were placed throughout the cemetery, volunteers enjoyed lunch provided by Kevin Mercadante and Christopher Heights Assisted Living.

“The outpouring of support from the community speaks to the sense of American spirit that runs strong throughout Worcester County. The cemetery is a moving sight after all the flags are placed,” said Worcester County Sheriff Lew Evangelidis.

## Neata M. Campbell, 99

Brookfield - Neata M. (Moore) Campbell, age 99, of Brookfield, died on Wednesday, May 29, 2024, at the Overlook Masonic Home in Charlton. She was born in Brookfield, September 13, 1924, daughter of the late Leon W. and Clarabelle (Brown) Moore. She worked as a secretary for many years: to the treasurer of McLaurin-Jones Co., Brookfield, the president of Brookfield Machine & Tool Co., West Brookfield; also, Superintendent of Schools, Quaboag-Regional, Union 12 School District. She retired from R.H. White Construction Co., Auburn, where she worked in the Accounts Receivable Department. In addition, she served as treasurer and was secretary to the Administrative Council of the Brookfield Congregational Church; also, secretary for the Brookfield 300th Anniversary Committee, and was secretary and later president of the 39-ers Club of the West Brookfield Methodist Church. She supported Brookfield initiatives such as the Brookfield Citizen newspaper and the Brookfield Community Club. She enjoyed contributing squares to the annual Apple Country Fair quilt. She also completed the Women's Health Initiative's six-year national survey. Mrs. Campbell leaves four daughters,

Andrea Faugno (David) of Brookfield, Kerry Ross (William) of Belchertown, Gwen Campbell (husband Robert Weitz) of Sheffield, and Ronnie Campbell of Alexandria, VA. She also leaves seven grandchildren, Casey, Tobey, Kyle, Craig, Erika, Crystal and Wyatt; seven great-grandchildren, five step-grandchildren, 11 step-great-grandchildren, and one step-great-great-grandchild. She was predeceased by her beloved husband of 63 years, Warren O. Campbell, in April of 2012. Neata loved to read and garden. She enjoyed ballroom dancing, doing crossword puzzles and needlework. As an only child, she loved being surrounded by her growing family and was a willing companion for theater, concerts and recitals. Her music sustained her right to the end and she brought joy to those around her by bursting into song. The family wishes to acknowledge the loving care shown to Neata for the past 9 years at the Overlook in Charlton. A graveside service for Neata was held on Wednesday, June 5, 2024 at 11am at the Brookfield Cemetery in Brookfield off Route 9. In lieu of flowers, memorial donations may be made to Friends of the Merrick Public Library, P.O. Box 528, Brookfield, MA 01506. Varnum Funeral Home, Inc., 43 East Main St., in West Brookfield is assisting her family with arrangements. An online guest book is available at [varnumfuneralhome.com](http://varnumfuneralhome.com).

## Dorothy Snow St. Denis

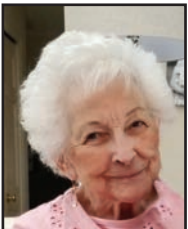

February 21, 1931 - May 23, 2024

Dorothy Snow St. Denis, a former resident of Spencer, MA, and a longtime resident of Florida, passed away peacefully on May 23, 2024, surrounded by loving children and grandchildren. She was 93 years old. Born on February 21, 1931, in Spencer, Dorothy was the beloved daughter of Darrell and Lillian Snow. She graduated from David Prouty High School and went on to become the owner along with her husband of the popular L & W soda shop of Spencer. Dorothy was a devoted homemaker, mother, and collector of antiques. She enjoyed playing cards and most of all she loved dancing with her favorite partner, George. Dorothy was also a member of the Monday Club of Spencer and a past member of the First Congregational Church of Spencer. She is possibly the reigning Miss Spencer having won the title at the age of fourteen in 1945. In 1975 Dorothy moved to Florida with her family where she continued to enrich the lives of those around

her. Despite the distance, her heart remained with her hometown and the many memories she created there. Dorothy is survived by her loving family: Thomas St. Denis and wife Merrilyn (Lyman) of Mountain Brook, AL; her daughters, Sandra (John) Monaco of St. Augustine, FL, Beverly (Gregory) Leach of Orange Park, FL, and Marcia (Michael) Beaulieu of Quincy, FL; her sister-in-law, Patricia Snow; ten grandchildren, twenty-one great-grandchildren, and many nieces and nephews. She was predeceased by her devoted husband, George St. Denis (1927-2009); her parents, Darrell and Lillian Snow; her brothers, Russell, Richard, Robert, James, and David Snow; and her sisters, Jane Stone and Mary Ingalls. Dorothy's passing leaves a void in the hearts of all who knew her. Her legacy of love, kindness, and dedication to family will be remembered and cherished forever. She was deeply saddened by the recent destruction of First Congregational Church of Spencer and would have wanted, in lieu of flowers, a donation given to the reconstruction fund for the church. A memorial graveside service at the Pine Grove Cemetery in Spencer is being planned for later this year. Her memory will live on in the hearts of her family and friends.

## Louise I. Foisy, 89

Foisy and her husband Peter Smith of Brooklyn, CT, her grandsons; Derek and Brett Wester and his wife Kelsey, along with two great granddaughters; Scarlett and Lucy. She is predeceased by her sister Beatrice

Splaine. Born in Spencer, she was the daughter of Arthur and Albina (Leneoux) Gadbois and later graduated from David Prouty High School. Louise worked at the former Klewin Shoe Co. in Spencer, the cafeteria at Maple Street School and McDonald's in Spencer. A private graveside service will be held at the convenience of the family. There are no calling hours. The J.HENRI MORIN & SON FUNERAL HOME, 23 Maple Terr., Spencer is directing arrangements for the family. In lieu of flowers, contributions may be made to Ronald McDonald House Charities. [www.morinfuneralhomes.com](http://www.morinfuneralhomes.com)

"In 1905, during a search for markers, one was found anchoring a shed to the ground, while another was being used as a doorstep on a farmhouse. Both were removed to their proper locations," the Web site reads.

Several local businesses incorporate the area's

history into their names, as a way to celebrate the pioneers of the past. To learn more about area businesses and events, check out the Browse the Brookfields Web site.

The site also features photos and facts honoring several historical venues across the area, including East Brookfield's distinction as the youngest town in the Commonwealth; North Brookfield's his-

torical Town House; and West Brookfield's sprawling Town Common steeped in history (including the 1886 Rice Memorial Fountain).

"West Brookfield boasts one of the prettiest Town Commons in New England," Town Administrator Ron San Angelo told the New Leader. "It's a perfect spot for leisurely walks, watching baseball games,

attending summer concerts, or simply enjoying the fresh air. This is true New England in its most authentic form."

Whether you're looking for antiques, banking providers, books, bowling options, clocks, furniture, gifts, home and garden décor, restaurants, or groceries, there's something for everyone at Browse the Brookfields.

was the Upper School Principal at New Bedford High School. As part of that work, he supervised the curriculum and instructional work at the school, that saw significant increases in growth for Math and ELA, as well as the Advanced Placement departments that saw gains in offer-

ings, participation and qualifying scores.

Throughout his career, McNiff has been committed to fostering a positive and inclusive school environment. He has led professional development programs for teachers, focusing on social and emotional learning, equity and inclusion, and innovative teaching strategies. His efforts have improved academic outcomes and created a supportive and collaborative atmosphere for students and staff alike.

"I am thrilled to join Knox Trail Middle School and work with such a dedicated community of educators, students, and families," said McNiff. "My goal is to inspire and lead the KTMS community to ensure that all students feel safe, supported, and prepared for their future endeavors. I look forward to building

on the strong foundation already in place - by strengthening the partnership with both of our communities, Spencer and East Brookfield."

Haughey expressed confidence in McNiff's ability to lead Knox Trail Middle School, stating, "Mr. McNiff's extensive experience and leadership in education make him the ideal candidate to guide Knox Trail Middle School moving forward. His commitment to student success and his innovative approach to education will benefit our entire regional school district's learning community. I'd like to thank the members of

the search committee, including administrators, teachers, parents, students and School Committee members for their time and due diligence."

In his free time, McNiff enjoys spending time with his family and four children attending the myriad of activities that they are involved in, and traveling with them whenever possible. McNiff also enjoys jogging and catching up on the latest historical fiction novels.

# Knox Trail Middle School band earns gold again at music festival

SPENCER — The Knox Trail Middle School Band, under the direction of Mrs. Christine Noble, performed beautifully this morning at the Great East Music Festivals at the MassMutual Arena in Springfield. As a result of their efforts, they are bringing home the “Gold Medal Performance” plaque for the Knox Trail Middle School trophy case once again.

“We could not be any more excited for our music program, which has only grown in popularity and quality of performances over the past five years,” said Superintendent of Schools Paul Haughey.

“Today’s gold medal performance speaks to the growth and development of talent that our young people have demonstrated, under the direction of Mrs. Noble, over these past five years,” added

Haughey. “I speak for a lot of people in our regional

schools when I say, ‘we could not be prouder’ of where we are and where we are going with our districtwide music program... Congratulations to Mrs. Nobles and the

entire Knox Trail Middle School Band on a job well done today!”
