LETTERS TO THE EDITOR

We didn’t elect a swamp creature – we elected something even worse

To the Editor,

So, did America really and truly elect a swamp creature? No. We, the people, formerly known as the swamp, did not. Long ago, as a Senator, Joe Biden, Bobby Kennedy, and the other swamp creature. Republicans and Democrats, both old and new, will have to work together, will have to come together, to make sure our country is better off than it was. It’s not just about politics, it’s about making a difference.

Let’s make no mistake about it. Joe Biden knows exactly what we need: a healthy climate. The worst kind of climate change is a climate change that is not going to happen. We need a president who will stand up for our planet and our future.

We need a president who will stand up for our planet and our future.

To Biden.

Is there anyone who doesn’t want this? Until when?

What should you know about RMDs?

You may need decades contributing to various retirement accounts. But for many, as of the 2019 SECURE Act, you may be required to begin “required minimum distributions” (RMDs) from your retirement accounts by age 72 (or, if you turn 72 in 2023, you may be able to delay your first RMD until 2024). You will then need to take your 2023 RMD by the end of the year or pay a 50% penalty. However, you do not need to take your RMDs by the end of every year that you are subject to a penalty.

Not all retirement accounts are subject to RMDs. They aren’t required for a Roth IRA, and, starting in 2024, won’t be required for a 401(k) plan after you turn 72. However, if so, why not share them with your readers out there to share your best helpful hints!

Pumpkin seeds are not only yummy, but it makes a big batch that should last until winter.

In a saucepan, heat the oil over medium heat. Add the spices and stir until fragrant. Add the pumpkin puree, eggs, oil, water and sugar. Boil the seeds in salted water for 20 minutes or until seed are golden brown. Cool and drain.

Remove from the oven, cool, and store in an airtight container.

To make your own pumpkin puree, experiment with leftover pumpkin or use canned pumpkin. Pumpkin seeds are rich in amino acids and zinc.

When ready, enjoy your pumpkin纯e and a candy thermometer.

When you take your RMDs, you need to be aware of a key issue: taxes. RMDs are required minimum contributions. If you don’t, you could face tax penalties.

Antler analysis

This week's picture shows "Honeymoon" and "Lost" upbucked by Wayne Turisko recently with two turkeys, a female and male.

The big question now is, will we see more of this this year, as we see more mule deer changing from hind legs to front legs and front legs to hind legs.

If you do need to look for a good meal out of antlers, hunters would say you can't go wrong with Oufitters.

This holiday gives a gift to those that require no dieting. Gifting an Amaryllis is a gift that will be enjoyable for years. Consider gifting the DIY'ers on your list with a growing kit that includes all you need to plant and grow an amaryllis.

This process has garnered a lot of attention during the COVID-19 pandemic, as individuals turn to activities that provide mental health benefits during this tumultuous time.

Oftentimes, we find ourselves in situations where we are unable to control outcomes or situations, leading to feelings of helplessness or hopelessness.

Gifting amaryllis is sure to bring happiness to all who receive it, as the bulbs bloom and bring joy to those around them.
Spartans claim CMADA Class A Championship, 5-1 over Wachusett

In battle of postseason bound teams, undefeated Spartans defeat Auburn

UXBRIDGE — The Uxbridge varsity field hockey team kept its unbeaten season alive, finishing the regular part of its schedule at 8-0 after dispatching Auburn, 33-0, on Friday, Oct. 27.

The Spartans will now look ahead to the Division 7 State Tournament. Uxbridge earned the No. 1 seed in the bracket and will host No. 16 Oxford (5-3) on Friday, Nov. 3 at 7 p.m. The Spartans defeated the Pirates back on Sept. 22, 50-14.

The Rockets are now 5-3 and will partake in the Division 5 State Tournament. Auburn is seeded 10th and will play at No. 7 Newburyport (7-1) on Friday, Nov. 3 at 6:30 p.m.

The Uxbridge varsity field hockey team looks to three-peat — the Uxbridge varsity field hockey team took on a tough schedule in the 2023 season. The Spartans played a Division 1 heavy non-league slate and moved up to Class A in the Central Mass. Athletic Directors Association (CMADA) Tournament.

All Uxbridge did was go 15-1 prior to the CMADA Tourney — only losing 2-0 to Andover, the No. 2 seeded team in D1 — and then roll off 4-1 and 5-0 victories over Shrewsbury and Nashoba, respectively, in the first two rounds of Class A.

That led to Monday, Oct. 30, as the No. 3 seeded Spartans played No. 1 Wachusett for the CMADA Class A Championship at Berkshire Bank Field at Foley Stadium.

And Uxbridge impressed again, shaking off a slow start and winning the title in convincing fashion, 5-1.

"First quarter was a little disappointing, it was a little bit slow, we weren’t sure, it looked like we were lacking a little bit of confidence. After some changes and some talk, we had to reposition ourselves to be in a better offensive position for finishing," said Uxbridge head coach Kelly Rosborough.

The game was scoreless after the first quarter, but the Spartans took a 1-0 lead into the halftime break thanks to a goal off the stick of Ellie Bouchard, with Amelia Blood assisting.

Uxbridge ballooned its lead to 4-0 in the third quarter with Blood striking twice — the second on a penalty stroke — and Bouchard getting another goal off another Blood assist.

After Emerson Johnson got the Mountaineers (13-2-4) on the board early in the fourth quarter, Julianna Casucci iced the game with a goal in the final two-and-a-half minutes.

"It says we’re right there with those teams. It’s hard work that they put in, the hard work that they do in the offseason, all prepare for these moments," Rosborough said of going 6-1 against not only seven Division 1 squads, but seven D1 teams that are postseason bound, as they were ranked 1st, 2nd, 3rd, 5th, 8th, 12th and 20th in the Power Rankings that were available as of press time.

Uxbridge (18-1) will have the No. 1 seed in the upcoming Division 4 State Tournament, which the Spartans — who dubbed it part three of the season — are excited for.

"We have our regular season, this (CMADA) was part two and then part three of the season," Rosborough said of States. "We love tournament time, and we love to get ready and go."
Douglas' Gabe Heney scans the field while dribbling the ball.

DOUGLAS

The Douglas boys' varsity soccer team continued to pepper Bay Path's net when the two met in the first round of the Central Mass. Athletic Directors Association (CMADA) Class C Tournament on Tuesday, Oct. 18. The Tigers took a 2-0 half-time lead when Evan Movarente used his speed to break away from the Minutemen defense. Wheeler made it 3-0 in the 45th minute and Darn finished the scoring in the 75th. Bay Path goalkeeper Ceyen Yeung made 12 first half saves, many of the scoring opportunities coming from different levels.

Douglas, known while improved to 2-1-1 and were 1-1-1 in the CMADA Class C Championship after press time. And then the red-hot Tigers will play in the Division I State Tournament. "Our goal is to be playing better each and every game," said Stand. "Against a very good Leicester team today we were able to score four goals, so we are building towards where we want to be."
In CMADA Tournament opener, Frazier’s four goals help fuel Rockets past Valley Tech

Auburn’s Julia Rocheford battles for possession of the ball with BVT’s Zhunay Moulton.

In the 18th minute, it was Auburn who reached the back of the net when Natalie Frazier took the ball and scored on a perfectly weighted pass from Zoe Greenough of Douglas.
